Town of Scituate Rhode Island

September 28, 2010

To the Honorable President and
Members of the Town Council
Scituate, Rhode Island

The Comprehensive Annual Financial Report of the Town of Scituate, for the fiscal year ended March 31, 2010, is submitted herewith. This report was prepared by the Treasurer's Office. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including disclosures, rests with the Town. We believe the information, as presented, is accurate in all material aspects: that it is presented in a manner designed to fairly set forth the financial position and results of operations of the Town as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain adequate understanding of the Town's financial affairs have been included.

The Town is required to undergo an annual Single Audit in conformance with the provisions of the Single Audit Act of 1996 and U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations". The Schedule of Expenditures of Federal Awards and Independent Auditors' Report on the internal control structure and compliance with laws and regulations are included in the Single Audit Section of this report.

GENERAL

The Town was established in 1636 and incorporated separately on February 20, 1730. It contains an area of fifty-five square miles and is located approximately eight miles west of Providence, Rhode Island.

The Scituate reservoir and its tributary ponds and stream extend throughout most of the area. The water resources are owned by the City of Providence, which maintains them and the attendant watershed in such attractive condition that much of the Town's area has the appearance of a natural park. The convenient location and general attractiveness have induced a considerable number of executives employed in Providence and other nearby communities, to establish residence in the Town.

By design, the Town has remained residential in character. Except for one manufacturer, businesses are almost entirely of the service type.

Approximately forty percent (42.6%) of the Town area is owned by the City of Providence and is employed in the collection and storage of water. This property was acquired by an act of the State of Rhode Island (the "State") legislature that provided the land could be used for water supply purposes only. This huge reservoir is so well engineered and controlled that it has never posed a flood threat. For its land and improvements thereon, the City of Providence currently pays the Town of Scituate an annual amount that represents approximately 21% of the Town's total tax levy. Under legislation adopted by the General Assembly, the valuation may be renegotiated every ten years for the subsequent period. The current valuation was last determined in the 12/31/2009 revaluation for the 2009-2010 fiscal year. The Town of Scituate and the City of Providence have negotiated a new agreement establishing the annual tax payment through December 31, 2017.

Government

The Town of Scituate is a municipal corporation operating under the General Laws of Rhode Island and as such utilizes the Town Council form of government. The Town Council consists of 7 elected members headed by a Town Council President. Town Council members are elected at large for a term of two years. The Town Council has the responsibility of managing the affairs of the Town and submits a detailed budget of its estimated expenditures and revenues for each fiscal year to the voters at an annual Financial Town Meeting.

Education

The public school system of the Town consists of one senior high school, one middle school and three elementary schools. A five-member School Committee that is elected at-large at the regular biennial elections for four-year term directs the general administration of the Scituate School Department. The School Committee determines and controls all policies affecting the administration, maintenance, and operation of the public schools in the Town. The School Committee appoints a Superintendent as its chief administrative agent; submits a detailed budget of expenditures and revenues to the voters at an annual Financial Town Meeting and, once the school budget is approved, determines the allocation of the amount appropriated. The school enrollment for September 1, 2009 is 1660. The cost per student was \$11,850.00 shared by the Town and the State of Rhode Island in the form of School Operation Aid. The cost of operating the Town's school system for the fiscal year ended March 31, 2010 was \$19,519,892 and \$21,080,786 has been budgeted for fiscal year ending March 31, 2011.

Student enrollment per the Scituate School Department for the past 8 years has been and is projected to be as follows:

Fiscal Year		<u>Enrollment</u>
<u>Ending</u>		
	<i>Actual</i>	
2003		1,782
2004		1,793
2005		1,814
2006		1,792
2007		1,873
2008		1,806
2009		1,700
2010		1,660
	<i>Projected</i>	
2011		1,780
2012		1,558
2013		1,550

Projections revised NESDC and Scituate School Department

Municipal Services

In addition to its schools, the Town provides major public services, certain of which are described below:

Rubbish and Garbage Collection

Rubbish and garbage collection are made weekly by the Town. Recycling is picked up on a bi-weekly basis.

The Scituate Police Department has a force of 17 full time members. In fiscal 2010 the Police Department expended \$1,733,046. The Department's fiscal 2011 budget is \$1,744,955.

Fire Protection

Four fire stations and districts, all volunteer, are located on Danielson Pike in North Scituate; Main Street, west of Jackson Flat Road in Hope; Chopmist Hill Road, Route 102; and Old Plainfield Pike in Potterville. Equipment includes fire trucks, rescues and specialized equipment. The Department expended \$730,396 in fiscal 2010 and \$765,316 is budgeted for fiscal 2011.

Emergency Management Services

The Town has a part time Emergency Management Director located at One Lincoln Circle, North Scituate.

Emergency Medical Services

The Town's School Department services the School Health Program.

Rescue service is provided by a rescue from each of the four volunteer fire districts, as well as through the volunteer Scituate Ambulance Rescue Corps.

Senior Services Center

The Town has a full time Senior Service Center located at 1315 Chopmist Hill Road, North Scituate. Today this is a fully functional facility including the senior meal site, operating 3(three) days per week.

Public Works, Sewers and Water

The Town's Public Works Department maintains the Town's property including highways and public buildings. The Department expended \$1,705,731 in fiscal 2010 and the fiscal 2011 budget is \$1,969,270.

There are no sanitary sewers in the Town. The majority of town residents draw water from private wells and a small number of residents are served by a public water supplier (Kent County Water Authority).

Libraries

There are 2 public libraries in the Town of Scituate; North Scituate Library and Hope Library, primarily supported by the Town. The libraries' fiscal 2010 appropriation was \$422,707 and the fiscal 2011 budget is level funded at \$422,707.

Employee Relations

As of March 31, 2010 the Town had 24 full-time and approximately 82 part-time and seasonal employees exclusive of the School and Police Departments. The Police Department employed 17 uniformed officers, 5 full-time and 1 part-time civilian employees and 1 full-time and 1 part-time animal control officers. The School Department as of such date had 200 full and part-time professional, as well as 58 part-time and full-time non-professional employees.

The Town's uniformed police employees are members of the International Brotherhood of Police Officers (IBPO). The present contract with the Police expires June 30, 2011. The Town's professional school employees are members of the National Education Association of Rhode Island (NEARI) with a contract that expires August 31, 2012. The School Department's custodians are members (NEARI) with a contract that expires June 30, 2011. The School Department's Paraprofessionals are members (NEARI) with a contract that expires June 30, 2012. The employees of the Department of Public Works are members of the Teamsters, Chauffeurs, Warehousemen & Helpers of America Local Union No. 251 with a contract that expires June 30, 2011.

Economic Development

Within the past 2 years, a few projects have been underway and some projects are still on the drawing board:

- A major mill restoration project for mixed use-condominiums is stalled, although ownership has been changed, in the Hope Village. If the project comes to fruition, municipal sewers would be installed and some portions of the Village would get service. Financing and environmental issues need to be resolved.
- A proposal for 15 duplexes – w/30% affordable housing, on Old Hope Kent Road, has been approved for Master Plan, but has been appealed to the State Housing Appeals Board by the developer.

- The Town's main recreational facility – for primarily soccer – Tasca Field – has been completely reconstructed and updated, including a ½ (half) mile walking path and field house.
- Construction has begun on a 36 Lot subdivision on Nipmuc Road.
- Major renovations and additions to the Middle School – High School complex were completed, including a new parking lot, athletic field and maintenance building.

Major Initiatives

The Town Council and the School Committee are committed to providing the children of Scituate with the schools and resources necessary for their success. The residents of Scituate have annually supported education initiatives by their continued support at the Financial Town Meeting and this support is expected to continue as a primary objective of the community.

- The Town has approved an Ordinance and Regulation revisions pursuant to our state-approved Affordable Housing Plan.
- A draft Conservation Development Ordinance was completed, through a grant with the Rhode Island Department of Environmental Management.
- A \$5,000,000 project for addition and revocation to the High School – Middle School buildings and fields was designed and construction started in June, 2009
- Upgrades and improvements to the Tasca Field Soccer complex were designed for bids.

FINANCIAL INFORMATION

A detailed understanding of the financial position and operating results of the Town is provided in the Comprehensive Annual Financial Report (CAFR). The Management's Discussion and Analysis starting on Page 3 of the CAFR provides additional information to assess the Town's financial condition.

Internal Controls

In developing and evaluating the Town's accounting control system, consideration is given to the adequacy of internal accounting controls. Accounting control comprises the plan of organization, procedures, and records that are concerned with the safeguarding of assets and the reliability of financial records and consequently is designed to provide reasonable assurance that:

- Transactions are executed in accordance with management's general or specific authorization.
- Transactions are recorded as necessary (1) to permit preparation of financial statements in conformity with generally accepted accounting principles or any other criteria, such as finance - related legal and contractual compliance requirements applicable to such statements, and (2) to maintain accountability of assets.
- Access to assets is permitted only in accordance with management's authorization.

- The recorded accountability of assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

The definition of accounting control presumes reasonable, but not absolute, assurance that the objectives expressed in it will be accomplished by the system. The concept of reasonable assurance recognizes that the cost of internal controls should not exceed the benefits to be derived. The benefits consist of reductions in the risk of failing to achieve the objectives implicit in the definition of accounting control.

All internal control evaluations occur within the above framework. We believe that the Town's internal accounting control adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

Budgetary Control

The Town has formally established budgetary accounting control for its General Fund and the School Unrestricted Fund, which is a Special Revenue Fund. It is the responsibility of the Town Budget Committee to submit to the Town Council and make available to the general public a proposed General Fund budget, including the School Unrestricted Fund transfer for the fiscal year. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School Unrestricted Fund transfer. At least two public hearings are conducted on the recommended General Fund Budget and the final recommended budget is approved by the voters and legally enacted through an ordinance by the Town Council at the Annual Financial Town Meeting. The General Fund and School Unrestricted Fund annual operating budget amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary.

Debt Administration

The ratio of net bonded debt to assessed valuation and the amount of bonded debt per capita are useful indicators of the Town's financial position for management, citizens and investors. At March 31, 2010 the Town's bonded debt to assessed valuation was as follows:

	<u>Amount</u>	<u>Ratio of Debt to Assessed Value</u>	<u>Debt Per Capita</u>
Net Direct Bonded Debt	\$11,199,500	1.17%	\$1,035.36

Tables 9 - 13 in the statistical section of this report present more detailed information about the debt position of the Town.

Cash Management

The intention of the cash management system is to limit the amount of funds placed in accounts where low or no interest is paid. Idle cash is invested in various instruments with staggered maturity dates, depending on the anticipated cash requirements during the period.

Risk Management

The Town's properties are insured by the RI Interlocal Risk Management Trust, Inc. This agency was established for the primary purpose of providing insurance to local government entities. The following coverage is provided to the Town of Scituate: general liability, automobile liability, public buildings, and public official's liability insurance.

Independent Audit

In accordance with the RI General Laws an audit of the financial statements has been completed by the Town's independent auditors, Bacon & Company CPA's LLC and their opinion is included herein.

Reporting Achievement

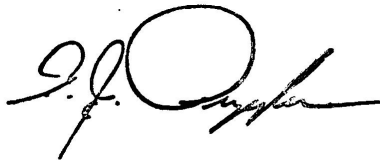

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Scituate for its comprehensive annual financial report for the fiscal year ended March 31, 2009. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgment

The preparation of the Comprehensive Annual Financial Report on a timely basis could not have been accomplished without the efforts and dedication of the competent staff of the Treasurer's Office. I would also express my appreciation to other personnel from various departments who assisted in its preparation. Finally, I would like to thank the Town Council for their support in planning and conducting the financial operation of the Town in a dedicated, professional and responsible manner.

Respectfully,

INDEPENDENT AUDITORS' REPORT

To the Honorable President and
Members of the Town Council
Scituate, Rhode Island

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island, as of and for the year ended March 31, 2010, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Scituate, Rhode Island's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island, as of March 31, 2010, and the respective changes in financial position thereof for the year then ended in conformity with the accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2010 on our consideration of the Town of Scituate, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis, budgetary comparison information and supplementary pension and other postemployment benefit information on pages 3 through 12 and 49 through 57 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Scituate, Rhode Island's basic financial statements. The introductory section, the combining nonmajor fund financial statements, the combining fiduciary fund financial statements, other supplementary information, and the statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis and as required by the U.S. Office of Management and Budget Circular A-133, *"Audits of States, Local Governments, and Non-profit Organizations,"* and is also not a required part of the basic financial statements of the Town of Scituate, Rhode Island. The combining nonmajor fund financial statements, the combining fiduciary fund financial statements, other supplementary information and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

At the end of the current fiscal year, unreserved fund balance for the general fund was \$2,941,930, or 11% of total 2010 budgeted expenditures. This is an increase of \$1,087,778 from the prior year unreserved fund balance.

The Town ended fiscal year 2010 with a budgetary operating surplus of \$811,466 and the School ended with a budgetary operating surplus of \$386,310.

The Town of Scituate's total bonded debt increased by \$3,583,000. This was due to a new bond issued in 2009 approved by the voters of the Town, and scheduled repayment of existing debt.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's annual audit report. The financial section of this report consists of **four** parts – management's discussion and analysis (this section), the basic financial statements, required supplementary information, and other supplementary information that includes combining statements for non-major governmental funds and other fiduciary funds.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the Town's overall status.
- The remaining statements are fund financial statements that focus on individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements.
 - ✓ The *governmental funds* statements tell how general government services like public safety were financed in the short term as well as what remains for future spending.

Figure A-2 summarizes the major features of the Town’s financial statements, including the portion of the Town government they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis explains the structure and contents of each of the statements.

Government-Wide Statements

The government-wide statements report information about the Town as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government’s assets and liabilities. All of the current year’s revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Town's *net assets* and how they have changed. Net assets – the difference between the Town's assets and liabilities – is one way to measure the Town's financial health, or position.

- Over time, increases or decreases in the Town's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the Town you need to consider additional non-financial factors such as changes in the Town's property tax base and the status and standing of the Town's Schools.

The government-wide financial statements of the Town are divided into two categories.

- *Governmental activities* – Most of the Town's basic services are included here, such as the police, fire, library, public works and general administration. Property taxes, general fees and state funding finance most of these activities.
- *Component units* – The Town does not have any entities that are deemed to be component units.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The fund financial statements focus on individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements. All of the funds of the Town can be divided into two categories: governmental funds and fiduciary funds. It is important to note that these fund categories use different accounting approaches and should be interpreted differently.

Governmental funds – Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the government fund statements focus on near-term inflows and outflows of spendable resources. They also focus on the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and the governmental activities.

The Town maintains seventy-five governmental funds; two are considered major funds and are presented in a separate column in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances. The Town's major governmental funds are: 1. General Fund; and 2. School Unrestricted Fund.

The basic governmental fund financial statements can be found beginning on page 15 of this report.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow the basic financial statements.

Other Information – In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*. **This section includes budgetary comparison schedules, which include a reconciliation between the statutory revenue and expenditures for budgetary purposes and the revenues and expenditures for the General Fund and School Unrestricted Fund as presented in the governmental fund financial statements.** Required supplementary information follows the notes to the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Assets

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The Town's net assets totaled \$10,839,265 at the close of the most recent fiscal year.

A large portion of the Town's net assets reflects its investment in capital such as land, building, and equipment, less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Town's net assets represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets may be used to meet the Town's ongoing obligations to citizens and creditors. Internally imposed designations of resources are not presented as restricted net assets.

At the end of the current fiscal year, the Town is able to report positive balances in net assets.

Changes in Net Assets

The government's net assets decreased by \$4,510,669 during the current fiscal year.

Governmental activities. Governmental activities decreased the Town's net assets by \$4,510,669. Key elements of this decrease are as follows: current year purchases of capital assets and scheduled debt repayments, offset by \$5mil tax settlement with ProvWater.

Financial Analysis of the Government's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the Town's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$7,801,923 which is an increase of \$504,168 in comparison with the prior year. \$7,671,679 or 98% of this total amount represents unreserved fund balance, which is available for spending at the government's discretion. The remainder of the fund balance is reserved to indicate that it is not available for new spending because it has already been committed.

The general fund is the chief operating fund of the Town. At the end of the current fiscal year, unreserved fund balance of the general fund was \$2,941,930. As a measure of the general fund liquidity, it may be useful to compare unreserved fund balance to total fund expenditures. Unreserved fund balance represents 11% of total general fund budgeted expenditures.

General Fund Budgetary Highlights

There was no need to amend the original budget as submitted at the Financial Town Meeting on April 7, 2009 for the fiscal year 2010. There were no material department overages.

Capital Assets and Debt Administration

Capital Assets. The Town's investment in capital assets for its governmental activities as of March 31, 2010 amounted to \$21,285,250 (net of accumulated depreciation). This investment in capital assets includes infrastructure, land, buildings, improvements, machinery and equipment, vehicles and construction in progress.

Major capital asset events during the current fiscal year included the following:

1. Issuance of \$4,000,000 in bonds for major renovations and improvements to School buildings.

Additional information on the Town's capital assets can be found in Note 2 – Capital Assets on page 26 of this report.

Long-term debt. At the end of the fiscal year, the Town had total bonded debt outstanding of \$11,199,500. General obligation bonds are backed by the full faith and credit of the Town, including the Town's power to levy additional taxes to ensure repayment of the debt. Accordingly, all general obligation debt currently outstanding was approved by a vote of the citizens.

The Town has an Aa3 rating from Moody's Investors Service.

State statute limits the amount of bonds a governmental entity can issue to 3% of its total net assessed value, which approximates \$28,729,449. As of March 31, 2010 the Town's debt, subject to the 3% limit, was \$8,944,500 which is under the debt limit by \$19,784,949.

Additional information on the Town's long-term debt can be found in Note 6 – Long-Term Liabilities on pages 29 – 32 of this report.

Economic Factors and Next Year's Budgets and Rates

The unemployment rate for the Town of Scituate is 11.9 percent. This compares to the State's average unemployment rate of 12.9 percent and the national average of 10.2 percent. Per capita and median family income remains some of the highest in the State. Median Family Income ranks 5th and Per Capita Income ranks 7th among Rhode Island's 39 Cities and Towns.

	Per Capita	Median Family
Scituate	\$28,092	\$60,788
Rhode Island	\$21,688	\$52,781
United States	\$21,587	\$50,046

The following factors were considered in preparing the Town's budget for the 2010-11 fiscal year.

- The School operating costs will be level-funded for the second year in a row at \$21,080,786 with no increase for year 2011.
- Labor costs are expected to rise moderately, however staff cuts through retirement, elimination of a two part-time and one full-time position, as well as combining several department head responsibilities, is projected to temper total costs.
- Contribution for municipal retirement system decreased slightly from 12.16% to 11.11%.
- All town union staff has agreed not to take a raise in their base pay for the second year in a row. Non-union staff has also agreed to a base wage freeze. Most appropriations remain level funded at the prior year's budgeted amounts. These measures are necessary to absorb cuts in state aid, eliminated state revenue sharing, and decreases in the motor vehicle excise tax exemption.

The Town has appropriated \$1,152,000 of the School Unrestricted Fund Balance for spending in the 2010-11 fiscal year Budget. The Town tax rates will be \$32.00 per thousand for residential real property and \$39.40 per thousand for commercial real property for fiscal year ending March 31, 2011. Both are calculated at 50% of total assessed value. These rates were derived after completion of the December 31, 2009 town-wide revaluation.

The Town of Scituate (Town) and the Providence Water Supply Board (PWSB) will be entering the third year of a ten (10) year tax treaty beginning with taxes assessed as of December 31, 2007.

TOWN OF SCITUATE, RHODE ISLAND
Reconciliation of the Governmental Funds Balance Sheet
to the Government-Wide Statement of Net Assets
March 31, 2010

Total Fund Balances - Total Governmental Funds \$ 7,801,923

Amounts reported for Governmental Activities in the Statement of Net Assets are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the Governmental Funds Balance Sheet. See note 2 to the financial statements. 21,285,250

Accrued interest receivable on property taxes is reported as revenue in the Government-Wide Financial Statements in the period earned. In the Governmental Fund Financial Statements, interest on property taxes is reported when received. 106,279

Delinquent taxes are recognized as revenue in the period for which levied in the Government-Wide Financial Statements, but are reported as deferred revenue (a liability) in the Governmental Fund Financial Statements. 818,698

Allowance for uncollectible property taxes receivable is reported in the Government-Wide Financial Statements, but is not reported in the Governmental Funds Balance Sheet. (130,000)

Other receivables are not available to pay for current period expenditures and, therefore, are deferred in the Governmental Funds Financial Statements. 14,352

Debt issuance costs are reported as expenditures in the Governmental Funds Financial Statements. The cost and related accumulated amortization is reflected as an other asset on the Government-Wide Financial Statements. 83,751

Interest payable on long-term debt does not require current financial resources. Therefore, interest payable is not reported as a liability in the Governmental Funds Balance Sheet. (205,318)

Long-term liabilities (including bonds, loans and notes payable, net pension obligation, net OPEB obligation, and compensated absences) are not due and payable in the current period and therefore they are not reported in the Governmental Funds Balance Sheet. See note 6A to the financial statements. (18,935,670)

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and
Changes in the Fund Balances to Government-Wide Statement of Activities
For the Year Ended March 31, 2010

Net Changes in Fund Balances - Total Governmental Funds	\$ 504,168
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental Fund Financial Statements report capital outlay as expenditures. However, in the Government-Wide Statement of Activities the cost of those assets is allocated over its estimated useful life as depreciation expense. This is the amount of capital assets recorded in the current period.	4,438,718
Depreciation expense on capital assets is reported in the Government-Wide Statement of Activities, but it does not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditures in Governmental Fund Financial Statements.	(1,227,027)
Loss on the disposal of capital assets is reported in the Government-Wide Statement of Activities, but it does not require the use of current financial resources. Therefore, the loss on the disposal of capital assets is not reported in the Governmental Fund Financial Statements.	(5,248)
Long-term compensated absences are reported in the Government-Wide Statement of Activities, but do not require the use of current financial resources. Therefore, compensated absences are not reported as expenditures in Governmental Fund Financial Statements. The following amount represents the change in long-term compensated absences from the prior year.	(45,004)
Proceeds from the issuance of debt are an other financing source in the Governmental Fund Financial Statements, but the issuance of debt increases long-term liabilities in the Government-Wide Statement of Net Assets. Payment to refunded bond escrow agent is an other financing use in the Governmental Funds, but reduces long-term liabilities in the Government-Wide Financial Statements.	
This amount represents debt proceeds received during the current period.	(11,035,000)
This amount represents payment to the refunded bond escrow agent during the current period.	2,014,355
Debt issued at a premium provides current financial resources to Governmental Funds, but are deferred and amortized in the Government-Wide Financial Statements. Debt issuance costs and loss on refundings are expenditures in the Governmental Funds, but are deferred and amortized in the Government-Wide Financial Statements.	
This amount represents premium on debt received during the current period.	(149,719)
This amount represents debt issuance costs paid during the current period.	89,825
This amount represents amortization on loss on refunding during the current period.	(6,935)
This amount represents amortization of premium on debt during the current period.	7,486
This amount represents amortization of debt issuance costs during the current period.	(6,074)
Repayment of bond, loan and note principal is an expenditure in the Governmental Fund Financial Statements, but the payments reduce long-term liabilities in the Government-Wide Statement of Net Assets.	1,545,000
Accrued interest expense on long-term debt is reported in the Government-Wide Statement of Activities, but it does not require the use of current financial resources. Therefore, accrued interest expense is not reported as an expenditure in the Governmental Fund Financial Statements. The following amount represents the change in accrued interest expense from the prior year.	(77,140)
The net pension and net OPEB obligation payable are reported in the Government-Wide Statement of Activities, but do not require the use of current financial resources. Therefore, the net pension and net OPEB obligations are not reported as an expenditure in the Governmental Fund Financial Statements. The following amount represents the change in the net pension and net OPEB obligation payable from the prior year.	(610,623)
Property taxes are recognized as revenue in the period for which levied in the Government-Wide Financial Statements, but are recognized as revenue when measurable and available in the Governmental Fund Financial Statements.	51,678
Principal payments received on loan receivables are reported as a reduction of the receivable in the Government-Wide Financial Statements. In the Governmental Fund Financial Statements, principal payments received are reported as revenue.	(1,004)
Accrued interest receivable on property taxes is reported as revenue in the Government-Wide Financial Statements in the period earned. In the Governmental Fund Financial Statements, interest on property taxes is reported when received.	1,875

TOWN OF SCITUATE, RHODE ISLAND
Notes to Financial Statements
March 31, 2010

The financial statements of the Town of Scituate, Rhode Island have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following notes to the financial statements are an integral part of the Town's financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The Town of Scituate was incorporated in 1731. The Town is governed largely under the 1731 Colonial Charter. In some matters, including the issuance of short and long-term debt, the Town is governed by the general laws of the State of Rhode Island. The Town provides the following services: Public Safety (police, fire, civil defense and animal control), Public Works (highways, sanitation and facilities maintenance), Education, Social Services, and General Administrative Services.

The Town is a municipal corporation governed by a Town Council form of government with a seven-member Town Council headed by a Council President.

In evaluating the inclusion of other separate and distinct legal entities as component units within its financial reporting entity, the Town applied the criteria prescribed by GASB Statement No. 14, as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units." A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable or for which the nature and significance of its relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Through the application of GASB Statement Nos. 14 and 39 criteria, no separate entities have been determined to be component units of the Town.

B. BASIS OF PRESENTATION AND ACCOUNTING

The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds to demonstrate legal compliance and to aid management by segregating transactions related to specific Town functions or activities.

TOWN OF SCITUATE, RHODE ISLAND
Notes to Financial Statements
March 31, 2010

Government-Wide Financial Statements

The Town's Government-Wide Financial Statements include a Statement of Net Assets and a Statement of Activities and Changes in Net Assets. These statements present summaries of Governmental Activities for the Town. The Town has no Business-Type Activities. Fiduciary Activities of the Town are not included in these statements.

These statements are presented on an "*economic resources*" measurement focus and the accrual basis of accounting. Accordingly, all the Town's assets and liabilities, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Assets. The Statement of Activities presents changes in net assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. The types of transactions included in program revenues for the Town are reported in three categories: 1) charges for services; 2) operating grants and contributions; and 3) capital grants and contributions.

Certain eliminations have been made as prescribed by GASB Statement No. 34 related to interfund activities, payables and receivables. All internal balances in the Statement of Net Assets have been eliminated.

Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net assets and changes in net assets presented in the Government-Wide Financial Statements.

All governmental funds are accounted for on a spending or "*current financial resources*" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the Town, are property tax and intergovernmental revenues. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

TOWN OF SCITUATE, RHODE ISLAND
Notes to Financial Statements
March 31, 2010

Major Governmental Funds:

General Fund – The General Fund is used to account for resources devoted to financing the general services that the Town performs for its citizens.

School Unrestricted Fund – The School Unrestricted Fund is used to account for the budgeted resources devoted to financing the general operations of the School System.

Fiduciary Fund Financial Statements

Fiduciary Fund Financial Statements include a Statement of Net Assets and a Statement of Changes in Net Assets. The Town’s Fiduciary Funds include a Private Purpose Trust Fund and Agency Funds. Fiduciary Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations or other governments. The Fiduciary Funds are accounted for on an “*economic resources*” measurement focus and the accrual basis of accounting. Agency Funds are purely custodial and do not involve measurement of results of operations.

Private Purpose Trust Fund – This fund accounts for assets held by the Town under a trust arrangement to benefit the poor through the Town’s Human Services Department.

Agency Funds – These funds account for assets held by the Town as agent for various student groups for student activities and for the Town Council’s Sunshine Fund.

C. INVESTMENTS

Investments are recorded at fair value. Unrealized gains and losses from changes in fair value are recognized as investment income.

D. ACCOUNTS RECEIVABLE AND TAXES RECEIVABLE

Accounts receivable and taxes receivable, are shown net of an allowance for uncollectible accounts. The allowances are calculated from the age of the individual receivables. Property taxes due on July 1 of the current year and other delinquent balances are recorded as receivables.

E. CAPITAL ASSETS AND DEPRECIATION

Capital assets are reported in the Government-Wide Statement of Net Assets, but are not reported in the Governmental Fund Financial Statements.

All capital assets are capitalized at historical or estimated historical cost. Donated capital assets are recorded at fair market value as of the date received. The Town follows the policy of not capitalizing assets with a cost of less than \$500 and a useful life of less than 1 year.

TOWN OF SCITUATE, RHODE ISLAND
Notes to Financial Statements
March 31, 2010

In 2008, the Town retroactively reported the estimated historical cost of major general infrastructure assets acquired or significantly reconstructed through fiscal year 2003. Additions to infrastructure have been reported in the Government-Wide Financial Statements as capital assets since the implementation of GASB No. 34 in fiscal year 2004.

Depreciation is calculated on the straight-line basis over the following useful lives:

<u>Description</u>	<u>Useful Life</u>
Infrastructure	25-75 years
Buildings and improvements	40 years
Office furniture and equipment	5-7 years
Machinery and equipment	10-12 years
Vehicles	4-10 years

F. DEFERRED REVENUE

In the Governmental Fund Financial Statements, deferred revenue represents funds received in advance of being owed or receivables, which will be collected and included in revenues of future fiscal years.

In the General Fund, deferred revenues relate to delinquent property tax balances less property tax amounts due as of the balance sheet date and received sixty days thereafter.

G. PROPERTY TAXES

The Town is permitted by State Law to levy property taxes. Current fiscal year tax collections for the Town were approximately 82.2% of the total 2009 levy. During the period April 1, 2010 through May 31, 2010, the Town collected an additional \$3,782,804 of the 2009 tax levy. The total collections therefore represent approximately 97.6% of the total 2009 levy. The tax rate of the Town is established by the Town Council.

The Town's fiscal 2009-2010 property taxes were levied on June 11, 2009 on assessed valuation as of December 31, 2008. Upon levy, taxes are billed and are due quarterly on July 1, October 1, January 1, and April 1. Failure to mail payments by due dates result in a lien on the taxpayer's property. Assessed values are established by Tax Assessor's Office and are currently calculated at 50% of assessed value for real estate and 95% of market value for motor vehicles. A full revaluation of all property was completed as of December 31, 2000 and a statistical revaluation was completed as of December 31, 2006. The City of Providence Water Supply Board is the Town's principal taxpayer representing 21% of the Town's net assessed valuation in fiscal 2010.

H. COMPENSATED ABSENCES

Under the terms of various contracts and agreements, Town and School Department employees are granted vacation and sick leave in varying amounts based on length of service. Vacation benefits are accrued as a liability based on the accumulated benefits earned at March 31. Sick leave benefits are based on the sick leave accumulated at March 31 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. The liability is calculated at the rate of pay in effect at March 31, 2010.

The entire compensated absence liability is reported on the Government-Wide Financial Statements. For Governmental Fund Financial Statements, a compensated absence liability is reported only if a liability has matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement).

I. ACCRUED LIABILITIES AND LONG-TERM DEBT

All accrued liabilities and long-term debt are reported in the Government-Wide Financial Statements.

For Governmental Fund Financial Statements, the accrued liabilities are generally reported as a governmental fund liability if due for payment as of the balance sheet date regardless of whether the liabilities will be liquidated with current financial resources. However, claims, judgments, and compensated absences paid from governmental funds are reported as a liability in the Fund Financial Statements only if the liability has matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement). Long-term debt paid from governmental funds is not recognized as a liability in the Fund Financial Statements until due.

J. DEBT PREMIUMS AND ISSUANCE COSTS

In the Governmental Fund Financial Statements, debt premiums and issuance costs are treated as period costs in the year of issue. Debt issuance costs are shown as an "expenditure" and debt premiums are reflected as an "other financing source".

In the Government-Wide Statements, debt premiums and issuance costs are deferred and amortized over the term of the debt. Debt premiums are presented as an addition to the face amount of the debt payable whereas issuance costs are recorded as other assets.

TOWN OF SCITUATE, RHODE ISLAND
Notes to Financial Statements
March 31, 2010

K. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Add: Cash on Hand	250,864
Add: Investments classified as cash equivalents	51,628
Total Cash and Cash Equivalents Reported in the Financial Statements	\$3,772,568

CUSTODIAL CREDIT RISK – custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a formal deposit policy for custodial credit risk. As of March 31, 2010, \$2,895,060 of the Town's bank balance of \$3,639,605 was exposed to custodial credit risk as follows:

TOWN OF SCITUATE, RHODE ISLAND
Notes to Financial Statements
March 31, 2010

	Bank Balance
Insured (Federal depository insurance funds)	\$ 744,545
Collateralized with securities held by pledging financial institution's agent in the Town's name	2,117,403
Uninsured and uncollateralized	777,657
Total	\$3,639,605

Under Rhode Island general laws, depository institutions holding deposits of the State, its agencies or governmental subdivisions of the State, shall at a minimum, insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits which are time deposits with maturities greater than sixty (60) days. Any of these institutions, which do not meet minimum capital standards prescribed by federal regulators, shall insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits, regardless of maturity. At March 31, 2010, the Town's uninsured or uncollateralized deposits with institutions were \$777,657. These deposits are held by institutions that meet the minimum capital standards prescribed by the federal regulators.

NOTE 5 – INVESTMENTS

The Town invests in various types of investments that are stated at fair value. The Town Treasurer has control over the type of investments made. The Town does not have a formal investment policy or any other legally contracted agreement that limits the type of investments that may be made. As of March 31, 2010, the Town had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Fair Value</u>

E. DEBT REFUNDING

On April 28, 2009 the Town issued \$2,035,000 in General Obligation Refunding Bonds with an interest rate of 2.79% to advance refund \$1,945,000 of outstanding 1998 Series bonds with an interest rate of 4.55 – 5.05%. The net proceeds of \$2,014,355 (after payment of \$20,645 in underwriting fees, insurance and other issuance costs) were used to purchase U.S. government securities. Those securities were deposited into an irrevocable trust with an escrow agent to provide for all future debt service payments on the 1998 Series bonds. As a result, the 1998 Series bonds are considered to be defeased and the liability for those bonds has been removed from the Government-Wide Statement of Net Assets.

The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$69,355. The difference, reported in the accompanying financial statements as a deduction from bonds payable, is being charged to operations through fiscal year 2019 using the straight-line method. The Town completed the advance refunding to reduce its debt service payments over the next 10 years by \$101,370 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$93,860.

NOTE 7 – SHORT-TERM DEBT

The Town issued the following short-term notes during fiscal year 2010:

Tax Anticipation Notes – Tax anticipation notes in the amount of \$2,000,000 were issued on April 28, 2009 and matured on March 17, 2010 with an interest rate of 1.95%. The proceeds were deposited into the General Fund.

NOTE 8 – INTERFUND BALANCES

The Town reports interfund balances between many of its funds. The totals of all balances agree with the sum of interfund balances presented in the fund statements.

	<u>General Fund</u>	<u>Unrestricted Fund</u>	<u>Governmental Funds</u>	<u>Total</u>
Due To:				
General Fund	\$ -	\$ 107,241	\$ 14,943	\$ 122,184
School Unrestricted Fund	2,603,258	-	125,250	2,728,508
Other Governmental Funds	1,792,369	21,147	(1)	1,813,515
Total	<u>\$4,395,627</u>	<u>\$ 128,388</u>	<u>\$ 140,192</u>	<u>\$ 4,664,207</u>

The balances primarily result from the time lag between the dates the 1) transactions are recorded in the accounting system and 2) payments between funds are made.

NOTE 9 – INTERFUND TRANSFERS

	<u>Transfer From:</u>			
	<u>General Fund</u>	<u>School Unrestricted Fund</u>	<u>Other Governmental Funds</u>	<u>Total</u>
Transfer To:				
School Unrestricted Fund	\$ 16,499,815	\$ -	\$ -	\$ 16,499,815
Other Governmental Funds	1,836,431	501,324	671,747	3,009,502
Total	<u>\$ 18,336,246</u>	<u>\$ 501,324</u>	<u>\$ 671,747</u>	<u>\$ 19,509,317</u>

Transfers are used to move revenues from the fund that the budget requires to collect them, to the funds that the budget requires to expend them. For example, the \$16,499,815 transfer is the School appropriation that is budgeted in the General Fund as a revenue source to be transferred to the School Unrestricted Fund and expended.

NOTE 10 – NET ASSETS/FUND BALANCES

The Government-Wide Financial Statements utilize a net asset presentation. Net assets are categorized as invested in capital assets, net of related debt; restricted; and unrestricted.

Invested in Capital Assets, Net of Related Debt – This category groups all capital assets into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.

Restricted Net Assets – This category presents external restrictions imposed by grantors or laws and regulations.

Unrestricted Net Assets – This category represents net assets of the Town, not restricted for any project or other purpose.

In the Governmental Fund Financial Statements, reserves and designations segregate portions of fund balance that are either not available or have been earmarked for specific purposes. At March 31, 2010, reservations and designations of fund balance are described below:

Reserved for Cemetery Care – To reserve funds earmarked by trust agreements to be used for the maintenance and care of Town cemeteries.

Designated as Motor Vehicle Phase Out Revenue for Fiscal 2011 – To designate General Fund revenue in the amount of \$400,313 from the State of Rhode Island for the motor vehicle excise tax phase out program received during the current year and budgeted in fiscal year 2010-2011.

Designated for Subsequent Year Budget – To designate \$1,152,000 of unreserved fund balance in the School Unrestricted Fund budgeted in the 2010-2011 fiscal year.

NOTE 11 – DISAGGREGATION OF RECEIVABLE AND PAYABLE BALANCES

A. ACCOUNTS RECEIVABLE

Assumptions: The Town disaggregates significant components of receivables in the financial statements. Receivable balances determined immaterial are included as other receivables. The Town expects to receive all receivables except CDBG loans receivable within the subsequent year. The real estate and personal property tax receivable is net of an allowance for doubtful accounts of \$130,000.

NOTE 12 – POST-EMPLOYMENT BENEFITS

Plan Description

The Town of Scituate administers a single-employer, defined benefit post-employment health insurance plan. This plan does not include the pension benefits discussed in Note 17. The plan provides medical and dental insurance for eligible retirees and their dependents through the Town’s group health and dental insurance plans, which cover both active and retired members. Benefit provisions are established and amended by the union contracts through negotiations between the Town and the respective unions or as established by the Town’s Human Resource Policy Manual for non-union employees. The plan does not issue a publicly available financial report.

Funding Policy

Contribution requirements are negotiated between the Town and the respective unions or are stated in the Town Human Resource Policy Manual for non-union employees. The Town is required to contribute the cost of medical and dental benefits, less the amount of any applicable employee share of medical or dental premiums. For the year ended March 31, 2010, the plan operated on a pay as you go basis and no provision has been made to fund future benefits to be provided to plan members. For the fiscal year ended March 31, 2010, the Town contributed \$178,360 to the plan.

Annual OPEB Cost and Net OPEB Obligation

The Town's annual other post-employment benefit (OPEB) cost for the plan is calculated based on the annual required contribution (ARC) for the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Town's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes in the Town's net OPEB obligation:

Annual required contribution (ARC)	\$529,719
Interest on net OPEB obligation	17,606
Adjustment to annual required contribution	<u>(24,019)</u>
Annual OPEB cost	523,306
Contributions made	<u>178,360</u>
Increase in net OPEB obligation	344,946
Net OPEB obligation, beginning of year	<u>391,244</u>
Net OPEB obligation, end of year	<u><u>\$736,190</u></u>

The Town's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the last two fiscal years are as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
3/31/09	\$529,719	26.1%	\$391,244
3/31/10	\$523,306	34.1%	\$736,190

Funded Status and Funding Progress

The funded status of the Town's plan as of March 31, 2009, the most recent actuarial valuation, is as follows:

Actuarial Accrued Liability (AAL)	\$4,713,768
Actuarial Value of Plan Assets	<u>-</u>
Unfunded Actuarial Accrued Liability (UAAL)	<u><u>\$4,713,768</u></u>
Funded ratio (Actuarial Value of Plan Assets/AAL)	0%
Annual Covered Payroll (Active Plan Members)	\$14,863,696
UAAL as a Percentage of Covered Payroll	31.7%

TOWN OF SCITUATE, RHODE ISLAND
Notes to Financial Statements
March 31, 2010

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The March 31, 2009 actuarial valuation used the projected unit credit funding actuarial cost method (with service proration). Under this funding method, projected benefits are assumed to accrue on a straight line basis from the date of hire to the date of retirement for each participant. Normal cost for a participant is the present value of the projected benefit which accrues in the current plan year. Normal cost for the plan is the sum of the normal costs for all participants. The actuarial assumptions included: a) 4.5% interest discount rate; b) medical cost trend rate – 8.5% per year graded off 0.5% per year to an ultimate rate of 4.5% per year; and c) dental cost trend rate – 5.5% per year graded off 0.25% per year to an ultimate rate of 4.5% per year. The unfunded actuarial accrued liability as of the March 31, 2009 is being amortized using the level dollar 30-year open amortization basis.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Examples include assumptions about employment, mortality and healthcare cost trends. Actuarial valuations are subject to continual revision as actual results are compared to past expectations and new estimates are formulated about the future.

NOTE 13 – SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

A. LITIGATION

The Providence Water Supply Board (PWSB) challenged the Town's assessment of their watershed land (Scituate Reservoir). The PWSB believes the land should be taxed as forest land. The Town's Board of Assessment Review denied the PWSB's claim. PWSB appealed the ruling to Providence Superior Court and on February 3, 2006 Superior Court ruled that the Tax Assessor should assess the land in question as forest land. An order was entered on August 19, 2006 requiring the Tax Assessor to reassess the land as forest land. The Tax Assessor completed her reassessment in conjunction with outside appraisers hired by the Town.

The reassessed values were similar to the original assessments and PWSB appealed the reassessment to the Town's Board of Assessment Review. In September 2008, a tentative settlement agreement was approved by the Scituate Town Council and Board of Directors of the PWSB. The settlement agreement was also ratified by the Providence City Council, the voters of the Town of Scituate, and the Rhode Island Public Utilities Commission. The final settlement agreement which was approved on May 12, 2009, requires the Town to refund \$5,000,000 to the PWSB related to tax years 2001-2007. The agreement was contingent upon the Town raising \$5,000,000 through the issuance of bonds or some other financing arrangement to pay the refund. The Town issued general obligation judgment bonds on April 28, 2009. The agreement requires the PWSB to hold the \$5,000,000 refund in a watershed protection restricted fund. The fund will be used to purchase land or development rights located in Scituate to expand and protect the Scituate Reservoir watershed area. A five member advisory board will be established to identify property to be purchased with the watershed protection restricted fund. Two members would be selected by the PWSB, two members would be selected by the Town and one member would be selected jointly. The agreement also establishes a tax treaty for tax years 2008-2017.

During the ordinary course of its operations, the Town is a party to various other claims, legal actions and complaints. In the opinion of the Town's management and legal counsel, these matters are not anticipated to have a material financial impact on the Town.

B. FEDERALLY ASSISTED PROGRAMS - COMPLIANCE AUDITS

The Town participates in a number of federal awards programs. These programs through the year ended March 31, 2010 were audited in connection with the accompanying financial statements under the Single Audit Concept and the auditors' reports thereon are presented in the Single Audit Section of this report. The amount, if any, of expenditures that may be disallowed will not be material to the financial position of the Town.

NOTE 14 – RISK MANAGEMENT

The Town of Scituate is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters. The School Department purchased commercial insurance for property and liability claims through July 26, 2005. The Town and the School Department (as of July 27, 2005) participate in a non-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) which provides coverage for property and liability claims. Upon joining the Trust, the Town and the School Department signed a participation agreement that outlines the rights and responsibilities of the Trust, the Town and the School Department. The agreement states that for premiums paid, the Trust will assume financial responsibility for the losses up to the maximum amount of insurance purchased, minus deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retain internally for payment from the pooled contributions of its members. Under the participation agreement, the Town and the School Department are insured for amounts ranging from \$10,000 to \$100,000,000 per occurrence depending on the type of coverage provided. Settled claims resulting from these risks have not exceeded Trust coverage in any of the past three fiscal years. The Town and School Department funded workers' compensation claims through their health insurance policies through December 31, 2007 and claims not covered by health insurance were paid by the Town or School Department on a pay-as-you-go basis. Effective January 1, 2008, the Town and School Department purchased workers' compensation insurance.

NOTE 15 – SUBSEQUENT EVENTS

On April 13, 2010, the Town issued \$2,000,000 in General Obligation Tax Anticipation Notes. The notes have an interest rate of 1.76% and mature on March 16, 2011.

NOTE 16 – PRIOR PERIOD ADJUSTMENTS AND RESTATEMENTS

The following prior period adjustments and restatements have been recorded to the beginning net assets in the Statement of Activities – Governmental Activities: a prior period adjustment of \$85,165 to correct capital assets and accumulated depreciation.

NOTE 17 – PENSION PLANS

A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

All Town of Scituate certified school personnel participate in the Employees' Retirement System of the State of Rhode Island ("System"), a cost-sharing multiple-employer defined benefit plan administered by the State of Rhode Island. The payroll for employees covered by the System for the year ended March 31, 2010 was \$10,695,795, which consisted of \$296,463 for employees charged to federal programs and \$10,399,332 for all other employees.

The State of Rhode Island's Employees' Retirement System issues a publicly available annual financial report that includes financial statements and required supplementary information. That report may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 40 Fountain Street, Providence, Rhode Island.

Plan Description

The following eligibility and benefit provisions are established by Rhode Island General Laws, Title 16, Chapter 16-16, and were amended by the General Assembly in 2005, 2009 and 2010. All Scituate School Department certified school personnel are eligible to participate in the System if they are certified by the Board of Regents, engaged in teaching as principal occupation and are regularly employed on at least a half time basis. Superintendents, principals, business agents and other administrators participate as teachers. Employees are vested in their retirement benefits upon completion of 10 years of service.

Schedule A Provisions – Members Vested as of June 30, 2005

Employees who retire at or after age 60 with 10 years of credited service, or after 28 years of credited service regardless of age are entitled to a retirement benefit. The retirement benefit is equal to 1.7% of final average salary for each year of credited service up to 10 years, plus 1.9% of final average salary in excess of 10 years through 20 years, plus 3.0% of final average salary in excess of 20 years up to the 34th year of service, plus 2.0% of final average salary for the 35th year, up to a maximum benefit of 80% of final average salary. Final average salary is the average of the three highest consecutive years of earned salary exclusive of overtime, bonuses, or severance pay. Members receive a 3% compounded increase in their retirement benefit each year, beginning in January of the year in which the member reaches the third anniversary of retirement.

TOWN OF SCITUATE, RHODE ISLAND
Notes to Financial Statements
March 31, 2010

Schedule B Provisions – Members Vested After June 30, 2005

Employees who retire at or after age 65 with 10 years of credited service, or at or after age 59 with 29 years of credited service are entitled to a retirement benefit. In addition, a member may retire with a reduced benefit after attaining age 55 with at least 20 years of service credit. The benefit is calculated in the same manner as the unreduced benefit, but is reduced on an actuarial basis for each year the member's age at retirement is less than 65. The retirement benefit is equal to 1.6% of final average salary for each year of credited service up to 10 years, plus 1.8% of final average salary in excess of 10 years through 20 years, plus 2.0% of final average salary in excess of 20 years through 25 years, plus 2.25% of final average salary in excess of 25 years through 30 years, plus 2.5% of final average salary in excess of 30 years through 37 years of service, plus 2.25% of final average salary for the 38th year, up to a maximum benefit of 75% of final average salary. Final average salary is the average of the three highest consecutive years of earned salary exclusive of overtime, bonuses, or severance pay. Beginning the month after the 3rd anniversary of a member's date of retirement, members receive a cost of living adjustment that depends on the change in the CPI for all Urban Consumers, as published by the Bureau of Labor Statistics. The increase is equal to the year-to-year change in the CPI – U as of the prior September. The increase is limited to 3.0% in any year.

Plan Changes Enacted into Law by General Assembly in 2009

The following plan changes become effective October 1, 2009. Plan members who are eligible to retire as of September 30, 2009, are not affected by the changes, even if the plan members do not retire. The plan changes are as follows:

Retirement Eligibility and Benefit

The law establishes a minimum retirement age of 62 for all members, except those Schedule B members who retire with less than 29 years of service; their retirement eligibility still remains 65 years old with a minimum of 10 years of service credit. The law provides a proportional downward adjustment of the minimum retirement age based on the years of service credited to the plan member's account for Schedule A members not eligible to retire as of September 30, 2009. For Schedule A members who were not eligible to retire as of September 30, 2009, the retirement benefit is calculated as described under Schedule A Provisions for service through September 30, 2009 and as described under Schedule B Provisions for service after September 30, 2009, up to a maximum of 80% of final average salary.

Service Credit Accrual Rates

The law freezes service credit earned for members under Schedule A as of September 30, 2009. Future accrual of service credits will be earned under Schedule B.

TOWN OF SCITUATE, RHODE ISLAND
Notes to Financial Statements
March 31, 2010

Final Average Salary

For members not eligible to retire as of September 30, 2009, the final average salary will be based on the 5 consecutive highest years of salary.

Cost of Living Adjustments (COLA)

The law changes the COLA to that provided under Schedule B which is the lower of the Consumer Prime Index for all Urban Consumers (CPI-U) or 3%, and requires a full 3 year anniversary for receipt.

Service Credit Purchases

Effective for all service credit purchase requests received after June 16, 2009, the cost will be determined at full actuarial value, except purchases of military service and contribution refund paybacks.

Disability Provisions

Effective for applications filed after September 30, 2009, accidental disability will be available at 66 2/3% for members who are permanently and totally disabled as determined by the Retirement Board. If the disability is determined to be partial and the member is able to work in other jobs, the benefit will be limited to 50%.

Plan Changes Enacted into Law by General Assembly in 2010

The following plan changes became effective June 13, 2010. Plan members who are eligible to retire on or before June 12, 2010 are not affected by the changes, even if the plan member remains active beyond June 12, 2010. The plan changes are as follows:

Cost of Living Adjustments (COLA)

The law changes the COLA for Schedule B members not eligible to retire on or before June 12, 2010. For these members, the COLA will apply only to the first \$35,000 of retirement allowance, indexed annually, and will commence upon the retiree's 3rd anniversary of the date of retirement or age 65, whichever is later. The \$35,000 limit will increase annually by the percentage increase in the Consumer Price Index for all Urban Consumers (CPI-U) as published by the US Department of Labor Statistics, determined as of September 30 of the prior calendar year or 3%, whichever is less.

Funding Policy

Covered employees are required by State Statute to contribute 9.5% of their salary to the plan. The State and the School Department are required to contribute an amount determined annually by the actuary and as provided by State Statute. The split between State and the School Department is specified by State Statute. The contribution requirement for the period April 1, 2009 through June 30, 2009 was 20.07% and for the period July 1, 2009 through March 31, 2010 was 19.01%. The Teachers' Plan cost is paid 60% by the School Department and 40% by the State. However, the State will pay the total cost of the contribution deferrals which was .26% for the period April 1, 2009 through June 30, 2009 and .26% for the period July 1, 2009 through March 31, 2010. This results in a contribution requirement for the School Department of 11.89% and 11.25% and a contribution requirement for the State of 8.18% and 7.76% for the period April 1, 2009 through June 30, 2009 and the period July 1, 2009 through March 31, 2010, respectively.

The State contribution for the cut off year ended March 31, 2010 was \$818,963 which represented 7.66% of covered payroll. The payments made by the State to the Employees' Retirement System are considered on behalf of payments and are reported as revenue and as an expenditure in the financial statements. The contribution requirement for the cut off year ended March 31, 2010 was \$2,261,081, which consisted of \$1,244,983 from the School Department (\$57,096 for federally funded employees and \$1,187,887 for other employees), and \$1,016,098 from employees.

These contributions represented 11.64% and 9.5% of covered payroll respectively. The annual required contribution was determined as part of the June 30, 2006 and June 30, 2007 actuarial valuations, respectively.

The School Department does not have any investments or related party investments with the State Plan. The School Department's contribution represented 1.49% of total contributions required of all participating entities.

B. MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

The Town of Scituate participates in the Municipal Employees' Retirement System (MERS), an agent multiple employer defined benefit plan administered by the State of Rhode Island. All Town employees except police and certified school personnel participate in the MERS. The payroll for employees covered by the MERS for the year ended March 31, 2010 was \$2,632,178.

The State of Rhode Island's Municipal Employees' Retirement System issues a publicly available annual financial report that includes financial statements and required supplementary information. That report may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 40 Fountain Street, Providence, Rhode Island.

Plan Description

The following eligibility and benefit provisions are established by Rhode Island General Laws, Title 45, Chapters 19, 19.1, 21, 21.1, 21.2, and 21.3 and may be amended by State Statute. The MERS generally provides retirement benefits equal to 2% of a member's final average salary multiplied by the number of years of total service up to 37.5 years, up to a maximum benefit of 75% of final average salary. Final average salary is the average of the three highest consecutive years of earned salary exclusive of overtime, bonuses or severance pay. Such benefits are available to members at least age 58 with 10 years of service or after 30 years regardless of age. The plan also provides non-service connected disability benefits after 5 years of service, service connected disability benefits with no minimum service requirement, survivors' benefits, and certain lump sum death benefits. Employees are vested in their retirement benefits on completion of 10 years of service. Members employed by municipalities who elect one of the optional COLA provisions receive an increase equal to 3% of the original retirement benefit each year beginning January 1 following the member's retirement.

Funding Policy

General employees are required by State Statute to contribute 6% of their annual earnings. The contribution rate is increased to 7% with the optional cost-of-living provision. The Town of Scituate is required to contribute based on an actuarially determined amount and as provided by State Statute for each participating municipality. The Town's rate for the period April 1, 2009 through June 30, 2009 was 12.11% of covered payroll. The Town's rate for the period July 1, 2009 through June 30, 2010 is 12.16% of covered payroll.

Annual Pension Cost

For 2010, the Town's annual pension cost of \$312,476 for the MERS was equal to the Town's required and actual contributions.

Three-Year Trend Information

<u>Fiscal Year</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
2008	\$301,159	100%	\$ -0-
2009	\$320,416	100%	\$ -0-
2010	\$312,476	100%	\$ -0-

The required contribution was determined as part of the June 30, 2006 and June 30, 2007 actuarial valuations. The actuarial method used is the Entry Age actuarial cost method. Under this method, the employer contribution rate is the sum of (i) the employer normal cost rate, and (ii) a rate that will amortize the unfunded actuarial accrued liability. Significant actuarial assumptions used in the June 30, 2006 and June 30, 2007 valuations include the following:

- 1) Investment return – 8.25% per year, compounded annually, composed of an assumed 3% inflation rate and a 5.25% net real rate of return.
- 2) Projected salary increases – a service related component, plus a 4.5% wage inflation assumption (composed of a 3% price inflation assumption and a 1.5% additional general increase).
- 3) Cost of living adjustment – 3%, not compounded.

The actuarial value of assets is based on market value of assets with a five year phase-in of actual investment return in excess of (less than) expected investment income. The MERS' unfunded actuarial accrued liability is being amortized over 30 years as a level percentage of payroll on a closed basis. The remaining amortization period at June 30, 2007 was 22 years.

Funded Status and Funding Progress

As of June 30, 2008, the most recent actuarial valuation date, the plan was 82.1% funded. The actuarial accrued liability for benefits was \$11,375,726, and the actuarial value of assets was \$9,340,824, resulting in an unfunded actuarial accrued liability (UAAL) of \$2,034,902. The covered payroll (annual payroll of active employees covered by the plan) was \$2,846,882, and the ratio of the UAAL to the covered payroll was 71.5%. The June 30, 2008 actuarial valuation used the same methods and assumptions described above under Annual Pension Cost.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

C. POLICE PENSION PLAN

Plan Description

The Town of Scituate participates in a single-employer defined benefit pension plan established by the Town to provide pension benefits for its police officers. The Pension Plan is being administered by Wilmington Trust Company. A separate, audited pension plan report is not available for the Police Pension Plan. The Town's payroll for employees covered by the Plan for the year ended March 31, 2010 was \$1,036,722.

At April 1, 2009, employee membership related to the plan was as follows:

Retired	12
Vested Disabled	4
Active	<u>17</u>
Total	<u>33</u>

Benefit Provisions

Benefits and contributions are established by contract and may be amended by union negotiation.

The Police Pension Plan provides retirement, death and disability benefits. Under the plan, all regular or permanent police of the Town of Scituate are eligible to participate in the plan, following the completion of a six-month waiting period. Members are 100 percent vested after 10 years of service. A participant hired on or prior to June 30, 2000 is eligible for normal retirement after completion of 20 years of service. A participant hired after July 1, 2000 is eligible for normal retirement after completion of 25 years of service. If a member leaves covered employment or dies prior to 10 years of service, accumulated member contributions are refunded. A member who terminates after ten years of service will be eligible to receive a pension commencing at age 56 equal to his or her accrued benefit. For participants hired on or prior to June 30, 2000, the normal retirement benefit is equal to 2.5% of the base annual pay times years of service up to 20 years, plus 2% of base annual pay times years of service in excess of 20 years. The maximum benefit is 60% of base annual pay. For participants hired on or after July 1, 2000, the normal retirement benefit is equal to 60% of the base annual pay. A participant may retire upon the completion of 10 years of service or the attainment of age 56, whichever is later.

TOWN OF SCITUATE, RHODE ISLAND
Notes to Financial Statements
March 31, 2010

Funding Policy

Effective July 1, 2000, active plan members are required to contribute 10% of their covered earnings. The Town is required to contribute an amount at least equal to the employees' contributions. The Town has an actuarial calculation to determine the actuarially required contribution, but does not fund the plan based on the calculation. The Town contribution is currently 10% of covered earnings plus a supplemental contribution of \$250,000 per year.

Annual Pension Cost and Net Pension Obligation

The Town's annual pension cost and net pension obligation for the Police Pension Plan for the current year were determined by the actuary as of March 31, 2010, based on the latest actuarial report completed as of April 1, 2009.

The annual pension cost and changes in the net pension obligation were as follows:

Actuarially Required Contribution (ARC)	\$ 683,831
Interest on NPO	180,615
Adjustments to ARC	<u>(141,425)</u>
Annual pension cost	723,021
Contributions made	<u>(457,344)</u>
Increase in net pension obligation	265,677
Net pension obligation beginning of year	<u>2,189,275</u>
Net pension obligation end of year	<u><u>\$2,454,952</u></u>

Three-Year Trend Information

<i>Fiscal Year</i>	<i>Annual Pension Cost (APC)</i>	<i>Percentage of APC Contributed</i>	<i>Net Pension Obligation</i>
3/31/2008	\$521,021	85.11%	\$2,116,608
3/31/2009	\$522,852	86.10%	\$2,189,275
3/31/2010	\$723,021	63.25%	\$2,454,952

The Town's required contribution to the plan was determined as part of the April 1, 2009 actuarial valuation using the Entry Age Normal actuarial cost method. The normal cost is the sum of the normal costs for all participants. For a current participant, the individual normal cost is the participant's normal cost accrual rate multiplied by the participant's current compensation. The normal cost accrual rate equals (a) the present value of future benefits as of participant's entry age divided by (b) the present value of future compensation as of the participant's entry age. For other than a current participant, the normal cost equals \$0. The actuarial assumptions included (a) 8.25% investment rate of return per year; (b) projected salary increases of 4% per

year; (c) post retirement benefit increases of 2% per year; and (d) level percent of payroll amortization method, and 25-year amortization period on an open basis. Assets used for the purposes of determining the contribution level are equal to the current market value of the assets.

Funded Status and Fund Progress

As of April 1, 2009, the most recent actuarial valuation, the plan was 23.4% funded. The actuarial accrued liability for benefits was \$9,768,342, and the actuarial value of assets was \$2,286,905, resulting in an unfunded actuarial accrued liability (UAAL) of \$7,481,437. The covered payroll (annual payroll of active employees covered by the plan) was \$898,737, and the ratio of the UAAL to the covered payroll was 832.4%. The April 1, 2009 actuarial valuation used the methods and assumptions described above under Annual Pension Cost.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 2 - BUDGETARY DATA AND BUDGETARY COMPLIANCE

The Town has formally established budgetary accounting control for its General Fund and the School Unrestricted Fund, which is a Special Revenue Fund. It is the responsibility of the Town Budget Committee to submit to the Town Council and make available to the general public a proposed General Fund budget, including the School Unrestricted Fund transfer for the fiscal year. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School Unrestricted Fund transfer. At least two public hearings are conducted on the recommended General Fund budget and the final recommended budget is approved by the voters and legally enacted through an ordinance of the Town Council at the Annual Financial Town Meeting. The General Fund and School Unrestricted Fund annual operating budget amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. The budget approved and adopted at the Annual Financial Town Meeting reports the amount budgeted for each department, including the School Department. Therefore, the legal level of control for the General Fund is at the departmental level and for the School Unrestricted Fund is at the fund level. Transfers between departments must be approved by the Town Council. Amendments that would change the total appropriation must be approved by the voters and Town Council at a Financial Town Meeting. There were no supplemental budgetary appropriations in fiscal year 2010. Appropriations which are not expended or encumbered lapse at year end.

The General Fund and School Unrestricted Fund budgets are in conformity with the legally enacted budgetary basis, which is not in conformity with generally accepted accounting principles. The budget to actual presentations in the required supplementary information for these funds are reflected on the budgetary basis. The difference between the budgetary basis and the generally accepted accounting principles basis is explained below.

STATISTICAL SECTION

**The Statistical Schedules differ
from other financial statement presentations
because they generally disclose more than one fiscal
year and may present non-accounting data such as social
and economic data and financial trends of the Town.**

Statistical Section

This part of the Town of Scituate's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Town's overall financial health.

<u>Contents</u>	<u>Page(s)</u>
Financial Trends These schedules contain trend information to help the reader understand how the Town's financial position has changed over time.	95-98
Revenue Capacity These schedules contain information to help the reader understand and assess the factors affecting the Town's ability to generate its most significant local revenue sources, the real and personal property tax.	99-103
Debt Capacity These schedules present information to help the reader assess the affordability of the Town's current levels of outstanding debt and the Town's ability to issue additional debt in the future.	104-108
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the Town's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	109-110
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the Town's financial report relates to the services the Town provides and the activities it performs.	111-113

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The Town implemented GASB Statement 34 in 2004; schedules presenting government-wide information include information beginning in that year.

**This section contains information
regarding grant activity for the year ended
March 31, 2010 which was audited under the guidelines

Office of Management and Budget's Circular A-133, "Audits
of States, Local Governments, and Non-Profit Organizations".**

***REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS***

To the Honorable President and
Members of the Town Council
Scituate, Rhode Island

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island as of and for the year ended March 31, 2010, which collectively comprise the Town of Scituate, Rhode Island's basic financial statements and have issued our report thereon dated September 28, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Scituate, Rhode Island's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion of the effectiveness of the Town of Scituate, Rhode Island's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Scituate, Rhode Island's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 10-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Scituate, Rhode Island's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the management of the Town of Scituate, Rhode Island in a separate letter dated September 28, 2010.

The Town of Scituate, Rhode Island's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the Town of Scituate, Rhode Island's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Town Council, the School Committee, the State of Rhode Island Auditor General, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

***REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133***

To the Honorable President and
Members of the Town Council
Scituate, Rhode Island

Compliance

We have audited the Town of Scituate, Rhode Island's compliance with types of compliance requirements described in the ***OMB Circular A-133 Compliance Supplement*** that could have a direct and material effect on each of the Town of Scituate, Rhode Island's major federal programs for the year ended March 31, 2010. The Town of Scituate, Rhode Island's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Town of Scituate, Rhode Island's management. Our responsibility is to express an opinion on the Town of Scituate, Rhode Island's compliance based on our audit.

We conducted our audit of compliance in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in ***Government Auditing Standards***, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Scituate, Rhode Island's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Town of Scituate, Rhode Island's compliance with those requirements.

In our opinion, the Town of Scituate, Rhode Island complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2010.

Internal Control Over Compliance

The management of the Town of Scituate, Rhode Island is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Town of Scituate, Rhode Island's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Scituate, Rhode Island's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

This report is intended solely for the information and use of management, the Town Council, the School Committee, the State of Rhode Island Auditor General, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SECTION II – FINANCIAL STATEMENT FINDINGS

10-1 Criteria – In order to properly safeguard and account for capital assets, the Town and School Department must have a system in place that provides an accurate list of capital assets and depreciation expense.

Material Weakness – Although the Town and School Department have policies and procedures in place to maintain the list of capital assets and depreciation expense on a perpetual basis, the list of capital assets prepared as of March 31, 2010, was incomplete. Several material audit adjustments were proposed to correct the list of capital assets.

Recommendation – We recommend that the Town and School Department take more care when preparing the list of capital asset additions. Activity in all funds, including special revenue and capital project funds, must be reviewed throughout the year, to identify all capital asset additions to ensure the list of capital assets is complete. This will ensure proper recording and safeguarding of capital assets.

Management's Response – Town – Management will review annual expenditures by vendor that exceed the capital asset threshold. **School Department** – The School Department will take more care when preparing the list of capital asset additions and will review the list throughout the year to ensure proper recording and safeguarding of capital assets.
