#### **Town of Smithfield** 64 Farnum Pike • Smithfield, Rhode Island 02917 Finance Director & Tax Collector

Randy R. Rossi (401) 233-1072 • Fax (401) 233-1060

December 13, 2010

To the Honorable Town Manager, Members of the Town Council, and Citizens of the Town of Smithfield, Rhode Island:

The Comprehensive Annual Financial Report of the Town of Smithfield, for the fiscal year ended June 30, 2010 is submitted herewith. This report was prepared by the Town's Finance Department. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Town. We believe the information, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial positions, results of operations and cash flows of the Town. All disclosures necessary to enable the reader to gain maximum understanding of the Town's financial affairs have been included.

The Comprehensive Annual Financial Report is presented in four sections: Introductory, Financial, Single Audit and Statistical. The Introductory section includes this transmittal letter, the Town's organizational chart and a list of principal officials. The Financial section includes, under the new Governmental Accounting Standards Board Statement No. 34, the Independent Auditors' Report, the Management Discussion and Analysis, the basic financial statements, required supplementary information, and other supplemental information. The Statistical section includes selected financial and demographic information generally presented on a multi year basis.

The Town is required to undergo an annual Single Audit in conformity with the provisions of the Single Audit Act of 1996 and U.S. Office of Management and Budget Circular A-133, "Audits of State and Local Governments". Information related to this Single Audit, including the schedule of expenditures of federal awards, and independent auditors' reports on the internal control structure and compliance with applicable laws and regulations, are included in the Single Audit section of this report.

The Town of Smithfield is a Rhode Island municipal corporation which provides the following services to its residents: general administrative services, public safety, public works, parks and recreation, social services and education.

#### **GOVERNMENT PROFILE**

The Town of Smithfield was settled in 1636 and later incorporated as a town in 1730. The Town, primarily a residential community, comprises 26.7 square miles of land, 1.1 square miles of water and is situated 11 miles northwest of Providence, the State capital. Smithfield is bounded by the Town of North Smithfield on the north, by the Towns of North Providence and Johnston on the south, by the Town of Lincoln on the east and the Town of Glocester on the west.

The Town operates under a charter form of government, which provides for a five members Town Council, which is responsible for enacting local legislation; and an appointed Town Manager who executes the laws and the administration of the town government. The Town Council is granted all powers to enact, amend or repeal ordinances relating to the Town's property, affairs and government as well as the authorization of the issuance of bonds or notes by ordinance. Members are elected at-large for two (2) year terms.

#### GENERAL

Except as provided below, under Rhode Island law the Town may not, without special statutory authorization, incur any debt which would increase its aggregate indebtedness not otherwise excepted by law to an amount greater than 3% of the taxable property of the Town. Deducted from the computation of aggregated indebtedness is the amount of any borrowing in anticipation of taxes authorized by law and the amount of any sinking funds maintained by the Town. The 3% debt limit of the Town is \$90,406,573 based on net assessed valuations of \$3,013,552,430 as December 31, 2009. As of June 30, 2010, the Town has no debt outstanding subject to the 3% debt limit provision; all outstanding debt has been authorized by special act of the Rhode Island State Legislature and referenda approved by the Town Electorate.

#### STATE SCHOOL AID

Pursuant to Rhode Island General Laws Sections 16-7-15 et seq., as amended, the State provides school operations aid to each municipality and school district in the State, subject to annual appropriation by the General Assembly. The statutes provide for reimbursement of school expenditures based on a formula which adjusts the reimbursement ratio based on the relative equalized evaluation of property and median family income of a community relative to the state as a whole. The Town's School Department received \$4,635,136 in direct state aid with the difference being made up by American Recovery and Reinvestment Act (ARRA) funding in the amount of \$104,661 for the fiscal year ended June 30, 2010. The Town budgeted \$4,648,478 in direct state aid and \$174,247 in ARRA funding for fiscal year ending June 30, 2011.

The State provides construction aid to Rhode Island municipalities for the cost of building new public schools. All buildings constructed since July 1, 1949 are eligible for assistance of a minimum of 30% of the full cost of such buildings. Such assistance level may be further increased by a formula which takes into account the equalized assessed valuation and debt service burden of the particular municipality. For the fiscal year ended June 30, 2010, the Town received \$293,343 in such construction aid and the Town budgeted \$290,000 for fiscal year ending June 30, 2011.

#### **EDUCATION**

A five-member School Committee that is elected at large at the regular biennial elections for staggered four-year terms directs the general administration of the Smithfield School System. The School Committee determines and controls all policies affecting the administration, maintenance, and operation of the public schools in the Town. The School Committee appoints a Superintendent as its chief administrative agent; submits a detailed budget of expenditures and revenues to the Town Council and, once the school budget has been approved, determines the allocation of the amount appropriated. The cost of operating the Town's School System for the fiscal year ended June 30, 2010 was \$32,034,090. The School Department budget for fiscal year ending June 30, 2011 is \$32,437,157. The cost per student is \$12,793 shared by the Town and the State of Rhode Island in the form of School Operations Aid.

The Town has an elementary school (PK-5), a middle school (6-8) and a senior high school (9-12). As of October at the beginning of each school year, the student enrollment in the Smithfield School System for the past ten years has been and is as follows:

FISCAL YEAR ENDING	<b>ENROLLMENT</b>
2001	2,704
2002	2,687
2003	2,703
2004	2,615
2005	2,659
2006	2,625
2007	2,609
2008	2,599
2009	2,555
2010	2,504

#### **MUNICIPAL SERVICES**

The Town provides major public services, which are detailed as follows:

#### WASTEWATER FACILITIES

The Town maintains all sewer lines and pumping stations within the Town in accordance with the State of Rhode Island's base plan. The Town sewer system extends to approximately 80% of the Town's residents. It was completed at a cost to the Town of \$11,400,000 which was financed through general obligation bonds, which matured in 1998, exclusive of Federal and/or State grants in aid.

The Wastewater Division operates as an Enterprise Fund, with all operations funded from user fees and assessments. This provides a meaningful measure of the financial position and

results of operations of the system, and also provides information necessary for calculation of future rate changes. The distribution of the accounts is as follows:

	Accounts	Units
Residential	4,635	5,316
Commercial	317	2,700
Industrial	24	269
Total	4,976	8,285

User charges are assessed each year in an amount necessary to cover the projected operating expenses and debt service of the Sewer Authority for that year. For the fiscal year ended June 30, 2010 residential users were charged a flat rate of \$280 for the year.

In fiscal year ended June 30, 2003, the Town contracted with the firm, Veolia Water North America to operate the Town's wastewater treatment facility over the next ten years. There are approximately \$7.5 million dollars in capital improvements that were performed at the sewer plant and pumping stations which was financed through a certificate of participation agreement.

#### SANITATION

Weekly rubbish and garbage collection is provided by the Town through the use of private contractors. For the fiscal year ended June 30, 2010, the Public Works Department expended \$950,426 for these services. For the fiscal year ending June 30, 2011 the approved budget is \$950,000.

#### **PUBLIC WORKS**

The Town of Smithfield's Department of Public Works provides a full range of services including street construction and maintenance, snow removal and maintenance of Town facilities. Total expenditures for the fiscal year ended June 30, 2010 totaled \$1,815,808 and budgeted \$2,221,039 for fiscal year ending June 30, 2011.

#### **PUBLIC SAFETY**

The Town of Smithfield Public Safety Department provides fire prevention, emergency medical rescue, police patrol, investigations, community education and animal control functions.

The Police Department consists of 41 full-time police officers and approximately 3 auxiliary officers. In addition, there are 12 civilian full-time and 6 civilian part-time employees of support personnel including dispatch and animal control. The Police Department expended \$5,063,947 for fiscal year ended June 30, 2010 and budgeted \$4,664,511 for fiscal year ending June 30, 2011.

The Fire Department has 3 fire stations staffed by 48 full-time fire fighters and support personnel of 6 full-time employees. The Fire Department expended \$4,707,561 for fiscal year ended June 30, 2010 and budgeted \$4,558,320 for fiscal year ending June 30, 2011.

#### **PUBLIC LIBRARIES**

The Town operates two public libraries, Greenville Public Library and East Smithfield Public Library. For the fiscal year ended June 30, 2010 the combined allocation from the Town was \$1,187,734 and budgeted \$1,187,734 for the fiscal year ending June 30, 2011.

#### **EMPLOYEE RELATIONS**

The Town of Smithfield currently employs 171 full-time employees exclusive of those employed by the School Department. The School Department employs 233.3 certified employees and 88 full-time and part-time non-certified employees.

The current status of union contract for municipal and school employees is as follows:

1 year contract expires June 30, 2011
1 year contract expires June 30, 2011
3 year contract expires June 30, 2011
3 year contract expires June 30, 2011
3 year contract expires June 30, 2011
3 year contract expires August 31, 2011
3 year contract expires June 30, 2013
3 year contract expires June 30, 2012

#### **FINANCIAL INFORMAITON**

A detail understanding of the financial position and operating results of the Town is provided in the Comprehensive Annual Financial Report (CAFR). The Management's Discussion and Analysis starting on page 3 of the CAFR provides additional information to assess the Town's financial condition.

#### **INTERNAL CONTROLS**

In developing and evaluating the Town's accounting control system, consideration is give to the adequacy of internal accounting controls. Accounting control comprises the plan of organization, procedures and records that are concerned with the safeguarding of assets and the reliability of financial records and consequently is designed to provide reasonable assurance that:

Transactions are executed in accordance with management's general or specific authorization.

Transactions are recorded as necessary (1) to permit preparation of financial statements in conformity with generally accepted accounting principles or any other criteria, such as finance – related legal and contractual compliance requirements applicable to such statements, and (2) to maintain accountability of assets.

Access to assets is permitted only in accordance with management's authorization.

The recorded accountability of assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

The definition of accounting control presumes reasonable, but not absolute, assurance that the objectives expressed in it will be accomplished by the system. The concept of reasonable assurance recognizes that the cost of internal controls should not exceed the benefits to be derived. The benefits consist of reductions in the risk of failing to achieve the objectives implicit in the definition of accounting control.

All internal control evaluations occur within the above framework. We believe that the Town's internal accounting control adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

#### **DEBT ADMINISTRATION**

The ration of net bonded debt to assessed valuation and the amount of bonded debt per capita are useful indicators of the Town's debt position to municipal management, citizens and investors. This data for the Town at June 30, 2010 is as follows:

		RATIO OF	
		NET BONDED	DEBT
		DEBT TO	PER
	AMOUNT	ASSESSED VALUE	CAPITA
Net Bonded Debt	\$8,420,000	0.28%	\$395.86

The Town's bond ratings as of June 30, 2010 are as follows:

- Moody's: Aa3
- S & P: AA-

#### **CASH MANAGEMENT**

The intention of the cash management system is to limit the amount of funds placed in accounts where low or no interest is paid. Idle cash is invested in various instruments with staggered maturity dates, depending on the anticipated cash requirements during the period. All funds are protected by Federal Insurance and full collateralization at each of the Town's banking institutions.

#### **RISK MANAGEMENT**

The Town's properties are insured by the Rhode Island Interlocal Risk Management Trust. This agency was established for the primary purpose of providing insurance to local government entities. The following coverage is proved to the Town of Smithfield: worker's compensation, general liability, automobile liability, public buildings and public officials' liability insurance.

#### **INDEPENDENT AUDIT**

In accordance with Town's Charter, the Town's independent Certified Public Accountants, Parmelee, Poirier & Associates, LLP have completed an audit of the accounts and financial statements, and their opinion is included herein.

#### AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Smithfield for its comprehensive annual financial report for the fiscal year ended June 30, 2009. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

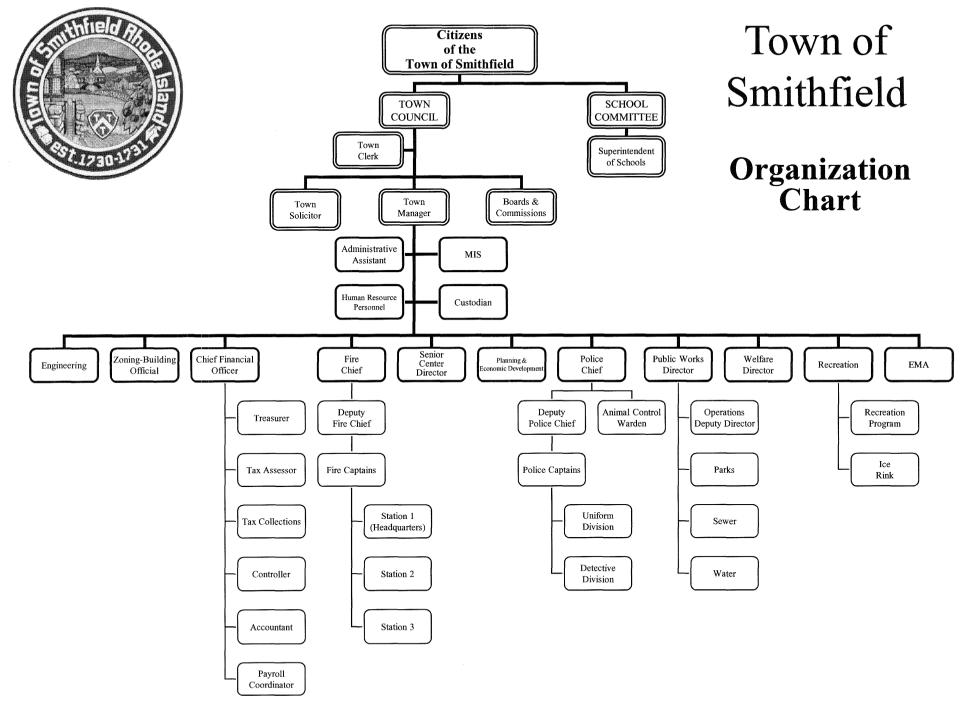

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the Comprehensive Annual Financial Report on a timely basis could not have been accomplished without the efforts and dedication of the competent staff of the Department of Finance. I would like to express my appreciation to the Town Controller, my staff and other personnel from various departments who assisted in its preparation. Also, I would like to thank the Town Manager and the Town Council for their interest and support in planning and conducting the financial operation of the Town in a dedicated and responsible manner.

Respectfully Submitted,

A.M.I.

Certificate of Achievement for Excellence in Financial Reporting

Presented to

# Town of Smithfield Rhode Island

For its Comprehensive Annual Financial Report for the Fiscal Year Ended June 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

#### **INDEPENDENT AUDITORS' REPORT**

The Honorable President and Members of the Town Council Town of Smithfield Smithfield, Rhode Island

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of the Town of Smithfield, Rhode Island (Town) as of and for the year ended June 30, 2010, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in "*Government Auditing Standards*" issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, business type activities, each major fund and the aggregate remaining fund information of the Town as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 13, 2010 on our consideration of the Town's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 11 and 66 through 70 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an

469 Centerville Road, Suite 203 | Warwick, RI 02886 | Phone: 401-738-0010 | Fax: 401-738-1105 www.parmeleepoirier.com

appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's financial statements as a whole. The introductory section, combining and individual non-major fund financial statements and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the financial statements. The combining and individual non-major fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Parmelee, Poirier & Associates, LLP December 13 2010

Our discussion and analysis of the Town of Smithfield, Rhode Island's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2010. Please read it in conjunction with the letter of transmittal and the Town's financial statements that follow this section.

#### **Financial Highlights**

- The Town's net assets increased \$763,787, or 1.2% as a result of this year's current operations. On a government-wide basis the assets of the Town of Smithfield exceeded its liabilities at the close of the most recent fiscal year by \$62,845,011. Net assets of Governmental Activities increased by \$1,377,859 or 3.9%, while net assets of business activities decreased by \$614,072 or 2.3%.
- The Town's Government-wide (governmental and business activities) operating expenses were \$68,193,655, a 2.8% increase from the prior year, while revenues collected were \$68,957,442 a 3.8% decrease. The revenue decreases were mainly due to decreases in investment earning rates and state aid in the fiscal year ended June 30, 2010.
- As of the close of the fiscal year, the Town's governmental funds reported combined ending fund balances of \$16,291,735. Over 11.7% of this amount, \$1,898,840 is unreserved and available for use within the Town's designation and fiscal policies.
- At the end of the current fiscal year, the general fund unreserved fund balance was \$3,030,955, or 5.1% of the total general fund expenditures for the fiscal year. The current fiscal year's expenditures and transfers exceeded revenues and transfers by \$723,363.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. These basic financial statements consist of three components:

- Government wide financial statements
- Fund financial statements
- Notes to financial statements

In addition to the basic financial statements, this report also contains other supplementary information. The Town's basic financial statements and other supplementary information provide information about the Town's activities. They provide both a short-term and a long-term view of the Town's financial health as well as information about activities for which the Town acts solely as a trustee for the benefit of those outside of the Town's government.

**Government-wide financial statements** - are designed to provide readers with a broad overview of the Town's finances in a manner, which is similar to a private-sector business. They are presented on the accrual basis of accounting where revenues and expenditures are recognized on the date they occurred rather than on the date they were collected or paid.

The *Statement of Net Assets* presents information on all of the Town's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *Statement of Activities* presents information which shows how the Town's net assets changed during the fiscal year. All changes in net assets are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods. Examples are uncollected taxes and earned but unused compensated absences.

Both of the government-wide financial statements distinguish functions of the Town, which are supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The Town's governmental activities include general government and administration, public safety, development services, cultural and recreational services. The Town's major business activities include the Smithfield Sewer Authority and the Water Supply Board.

The government wide financial statements are reported on pages 12 through 13.

*Fund financial statements* – A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories-governmental funds and proprietary funds.

**Governmental Funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, School Special Revenue Unrestricted Fund and the Log Road Fund, which are considered to be major funds. Data from the other funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

**Proprietary Funds** - The Town's proprietary funds are used to report the same functions presented as businesstype activities in the government-wide financial statements. The Town has seven enterprise funds. The Smithfield Sewer Authority, which accounts for the Town's sewer system; the Water Supply Board, which accounts for the Town's water system; the Smithfield Ice Rink, which houses an ice rink and associated facilities; the School Lunch Program, which accounts for School Lunch operations; the East Smithfield and Greenville Public Libraries, which account for Library operations, and the East Smithfield Neighborhood Center, which accounts for the Neighborhood center rental.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Smithfield Sewer Authority and Smithfield Water Supply Board, since they are considered to be major funds of the Town. The Smithfield Ice Rink, School Lunch Fund, East Smithfield and Greenville Public Libraries, and the East Smithfield Neighborhood Center, which are not major funds, are presented in the non-major proprietary funds combining schedule.

The basic proprietary fund financial statements are presented on pages 17 through 20.

*Fiduciary Funds* - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because resources of those funds are *not* available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on pages 21 and 22.

Notes to Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are presented on pages 23 through 63.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information pertinent to the Town's operations. Required Supplementary information is presented on pages 64 through 70.

The combining statements referred to earlier in connection with non-major governmental funds and proprietary funds are presented on pages 71 through 98.

#### **Government-wide Financial Analysis**

#### Analysis of the Town of Smithfield's Net Assets

As noted earlier, over time net assets may serve as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. The Town of Smithfield, governmental activities assets exceeded liabilities by \$62,845,011 as of June 30, 2010. This reflects an increase of \$763,787 from this current year's activity.

Listed below is a comparison of the current and prior fiscal years.

#### **Governmental Activities Business-Type Activities** Total 2010 2009 2010 2009 2010 2009 ASSETS Current and other assets 22.864.943 \$ 25.873.149 \$ 10.540.474 \$ 9,786,900 \$ 33.405.417 \$ 35,660,049 Capital assets 38,299,614 35,434,336 58,792,487 56,168,134 20,492,873 20,733,798 TOTAL ASSETS 61,164,557 61,307,485 31.033.347 30.520.698 92,197,904 91,828,183 LIABILITIES Other liabilities 5,570,439 7,507,640 3,261,869 2,620,996 8,832,308 10,128,636 Long-term liabilities 19,233,737 18,817,323 1,286,848 801,000 20,520,585 19,618,323 29,746,959 **Total liabilities** 24,804,176 26,324,963 4,548,717 29,352,893 3,421,996 NET ASSETS Invested in capital assets, net of related debt 27.277.016 22,780,778 19,206,025 19,932,798 46.483.041 42,713,576 Unrestricted 9.083.365 19.367.648 12,201,744 7.278.605 7,165,904 16.361.970 Total net assets \$ \$ 36,360,381 34,982,522 26,484,630 \$ 27,098,702 \$ 62,845,011 \$ 62,081,224

# **Net Assets**

TOWN OF SMITHFIELD, RHODE ISLAND

The largest portion of the Town's net assets \$46,483,041 consists of its investments in capital assets such as land, buildings and improvements, motor vehicles, furniture and equipment and infrastructure, less any debt used to acquire these assets, which is still outstanding. The Town uses these capital assets to provide services to its citizens. Consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves are unlikely to be used to liquidate these liabilities.

The remaining balance of unrestricted net assets may be used to meet the government's ongoing obligations to its citizens and creditors.

#### Analysis of the Town of Smithfield's Operations

The following analysis provides a summary of the Town's operations for the year ended June 30, 2010. The Town first implemented GASB Statement 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments for the fiscal year June 30, 2003. Therefore, comparative data is now available and is presented in the following schedules. Governmental activities increased the Town's net assets by \$1,377,859 for the current period, which is an overall increase of 3.9% in the Town's governmental net assets, while business-type activities decreased the Town's net assets by \$614,072, accounting for a 2.3% decrease in business-type net assets. Overall the Town's net assets increased by \$763,787 which is a 1.2% increase over the prior year's net assets.

The net change in fund balance for the fiscal year ended June 30, 2010 was an decrease of \$1,023,406 for the Towns governmental fund types. In the statement of activities, expenditures for capital items are not recorded as expenses but shown on the balance sheet, which resulted in an increase of \$2,865,278 net of depreciation to the net assets; also revenues from the increase in deferred revenues are not recorded as revenues in the fund financial statements but in the statement of activities this resulted in a decrease of \$90,516. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets, which increased net assets by \$1,570,000.

Reductions in net assets included an increase in the Town's net pension obligation of \$815,603, and net OPEB obligation which resulted in a decrease in net assets of \$909,835.

There are various other items which are reconciliations between the Statement of Activities and the Schedule of Revenues, Expenditures and Changes in Fund Balances, all of which can be seen on page 16.

The following page presents the Changes in Net Assets for the current year's activity.

#### Financial Analysis of the Town of Smithfield's Funds

**Governmental Funds -** The focus of the Town of Smithfield's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, the unreserved fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$16,291,735. Approximately 11.7% of the total amount, or \$1,898,840 constituted unreserved fund balances. The remainder of the fund balance is reserved for of future commitments or designated for specific purposes.

**Proprietary Funds** - The Town of Smithfield's proprietary fund statements provide the same type of information as presented in the government-wide financial statements, but in more detail.

Unrestricted net assets of the respective proprietary funds are \$7,278,605.

#### **General Fund Budgetary Highlights**

For the year ended June 30, 2010, the General Fund revenues and transfers were under budget projections by \$29,041, or 0.05%. General Fund expenditures were under budget by \$231,179, or 0.4%. This resulted in a \$202,138 budgetary surplus in the General Fund for the year ended June 30, 2010.

#### **Revenues:**

<u>Real Estate, tangible and auto taxes (including state phase-out)</u> – were under budget by \$347,958 due to reduced funding by the state during the operating year just prior to the fiscal year end.

<u>Licenses, fees and permits</u> – were over budget by \$271,581 due to an unanticipated increase in building permit fees and recording fees collected.

<u>Departmental revenues</u> – were over budget by \$536,216 due to revised methods of revenue reporting during the operating year.

#### Expenditures:

<u>General government expenditures</u> – was under budget by \$419,912 due to reductions in capital expenses during the fiscal year.

<u>Public Safety</u> – was over budget by \$428,275 due to revised methods of revenue reporting during the operating year.

<u>Public Works</u> - was under budget by \$207,007 due to unfilled positions, reduced fuel costs, and a reduction in capital expenses.

<u>Town Other</u> - was under budget by \$606,376 as a result of negotiations with the Town's health and dental care providers creating savings in administrative costs and prescription services.

#### The Town of Smithfield's Capital Assets

The Town of Smithfield's investment in capital assets for its governmental and business-type activities amounts to \$58,792,487 net of accumulated depreciation at June 30, 2010. Included are land, buildings and improvements, construction in progress, motor vehicles, furniture and equipment and infrastructure.

Additional information on the Town of Smithfield's capital assets is located in "Note 5" of the notes to the financial statements on pages 35 and 36.

#### TOWN OF SMITHFIELD, RHODE ISLAND Capital Assets (Net of Accumulated Depreciation)

#### The Town of Smithfield's Debt Administration

At the end of the current fiscal year, the Town of Smithfield's Governmental Activities had a total bonded debt of \$8,420,000. Of this amount, 100% comprises bonded debt backed by the full faith and credit of the government. The following is a summary of the Town's long-term debt.

#### TOWN OF SMITHFIELD, RHODE ISLAND Long-Term Debt

	Governmental Activities				Busines Activi	ре	Total			Total	
	2010		2009		2010		2009		2010		2009
Bonds payable Lease participation certificates	\$ 8,420,000 2,435,000	\$	9,250,000 3,175,000	\$	-	\$	-	\$	8,420,000 2,435,000	\$	9,250,000 3,175,000
Notes payable Total	\$ 10,855,000	\$	12,425,000	\$	1,286,848 1,286,848	\$	801,000 801,000	\$	1,286,848	\$	<u>801,000</u> 13,226,000

Additional information on the Town's long-term debt can be found in Note 6 of the Notes to the Financial Statements on pages 37 through 40 and on pages 100 through 102.

The Town's general obligation bond rating as assigned by Moody's Investors Service in 2010 is Aa3 and AA- by S&P. The State of Rhode Island imposes a limit of 3 percent of the fair value of all taxable Town property on the general obligation debt that a municipality can issue. The Town of Smithfield's limit is \$90,406,573 at year-end. The Town's outstanding general obligation debt is \$8,420,000 at year-end, of which none is subject to the legal debt margin. See Exhibit 12 on page 115 for a further explanation of debt subject to the margin.

#### Economic Factors and Next Year's Budgets and Rates

Smithfield is known as the Apple Valley for orchards. In the 20<sup>th</sup> century, the Town transformed into a suburban community with a solid industrial and commercial base. Residential accounts for 68.55% of the tax base while commercial and industrial account for 25.30% of the tax base.

#### EMPLOYMENT

Since Smithfield is easily accessed via Interstate 295 and U.S. Route 44 and is strategically located 50 minutes from Boston and 10 minutes from Providence most employment opportunities extend outside the Town. The principle employers are the Fidelity Investments, Town of Smithfield and Bryant University.

#### HOUSING

At the end of September 2010 the median sale price for single family homes in Smithfield was \$227,000.

#### POPULATION

In 2000 Smithfield was ranked 18<sup>th</sup> in population among the thirty-nine cities and towns in Rhode Island. Based on the U.S. Bureau of Census, Smithfield experienced a moderate increase in population from 1970 through 2000.

Population in the Town from 1950 to 2000 was as follows:

Years	<b>Population</b>
1950	6,690
1960	9,442
1970	13,468
1980	16,886
1990	19,163
2000	20,613

Source: U.S. Bureau of the Census, 1950-2000

The Town of Smithfield's total general fund budget for fiscal year 2011 amounts to \$60,619,089 which reflects a decrease of \$51,497 or .01% over the fiscal 2010 budget of \$60,670,586. Of the Town's 2011 budget, \$32,437,157, or 54% is budgeted for education expenditures.

The state of Rhode Island is budgeted to contribute \$4,648,478 to the Town's education department based on State Aid.

The Town's tax rate for fiscal 2011 is \$15.59 per \$1,000 of assessed value with 46% allocated for general government and 54% allocated for education. For fiscal 2010 the Town's tax rate was \$13.98 per \$1,000 of assessed value with 47% allocated for general government and 53% allocated for education.

#### Request for Information

The financial report is designed to provide our citizens, taxpayers and creditors with a general overview of the Town's finances and to show the Town's accountability for the tax dollars received. If you have questions about this report or need additional financial information, contact the Finance Director's Office, Town of Smithfield, 64 Farnum Pike, Smithfield RI 02917.

#### TOWN OF SMITHFIELD RHODE ISLAND Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2010

Net change in fund balances-total governmental funds		\$ (1,023,406)
Amounts reported for governmental activities in the statement of activities are different from the amounts reported as fund expenditures because:		
Governmental funds reported capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays of \$5,145,756 exceed depreciation (\$2,280,478) in the current period		2,865,278
Property taxes that are not collected in the current period and do not represent current financial resources are deferred in the fund financial statements, however they are recognized as revenues in the statement of activities.		(90,516)
Amortization of bond premiums in the current period do not represent current financial resources, however they are recognized as revenues in the statement of activities		42,917
Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the full accrual basis, expenses and liabilities are recorded regardless of when financial resources are available.		
Principal payments made on long-term debt Decrease in capital leases Net increase in compensated absences Net increase in the other post employment benefit obligation Net increase in the net pension obligation	1,570,000 60,960 (321,936) (909,835) (815,603)	(416,414)
Change in net assets of governmental activities		<u> </u>

Please see Note 11 for a more detailed explanation of the differences between the Government-Wide Financial Statements and the Fund Financial Statements

**Notes to Financial Statements** 

### 1. REPORTING ENTITY

In accordance with the requirements of Statement No. 14 of the Governmental Accounting Standards Board, *The Financial Reporting Entity,* the accompanying basic financial statements present the Town of Smithfield, Rhode Island (the primary government). The activities discussed below are included in the Town's reporting entity because of the significance of their operational or financial relationships with the Town.

The Town complies with generally accepted accounting principles (GAAP). Generally accepted accounting principles (GAAP) includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide Statement of Net Assets and Statement of Activities, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. Proprietary funds also apply the same principles. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of these notes.

#### Primary Government

The Town is a municipal corporation governed by a Council/Town Manager form of government with a fivemember Town Council headed by a Council President.

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 14. Under GASB Statement No. 14, the financial reporting entity includes both the primary government and all of its component units. Component units are legally separate entities that meet any one of the following three tests:

- <u>Test 1</u> The primary government appoints the voting majority of the board of the potential component unit and is able to impose its will on the potential component unit and/or is in a relationship of financial benefit or burden with the potential component unit;
- Test 2 The potential component unit is fiscally dependent upon the primary government; or
- <u>Test 3</u> The financial statements would be misleading if data from the potential component unit were not included.

The following entities were considered for classification as component units for fiscal year 2010:

- \* Smithfield Public Schools
- \* Greenville Public Library
- \* East Smithfield Public Library
- \* East Smithfield Neighborhood Center

Based upon the application of those criteria, the Town has included the Smithfield Public Schools, Greenville Public Library, East Smithfield Public Library and the East Smithfield Neighborhood Center as part of the reporting entity. The Smithfield Public Schools are deemed to have no separate legal status from the Town. As a result, the financial data of the Smithfield Public Schools has been included as Special Revenue Funds with the Town's financial statements. There are no potential component units which are not included herein. Therefore, the reporting entity is limited to those departments which comprise the Town's legally adopted jurisdictions and the Smithfield Public Schools, Greenville Public Library, East Smithfield Public Library, and East Smithfield Neighborhood Center described above.

# 1. **REPORTING ENTITY (Continued)**

#### The Greenville Public Library

The Greenville Public Library provides services to residents generally within the geographic boundaries of the Town. The Greenville Public Library is included within the reporting entity because the government approves the Greenville Public Library's budget and provides a major portion of the funding for operations.

### East Smithfield Public Library

The East Smithfield Public Library provides services to residents generally within the geographic boundaries of the Town. The East Smithfield Public Library is included within the reporting entity because the government approves the East Smithfield Public Library's budget and provides a major portion of the funding for operations.

### East Smithfield Neighborhood Center

The East Smithfield Neighborhood Center provides services to residents generally within the geographic boundaries of the Town. The East Smithfield Neighborhood Center is included within the reporting entity because the government approves the East Smithfield Neighborhood Center's budget and provides a major portion of the funding for operations.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Recently Issued Accounting Standards**

The Town will adopt the following new accounting pronouncements in the current and future years:

- → GASB Statement No. 51 Accounting and Financial Reporting for Intangible Assets, effective for the Town's fiscal year ending June 30, 2010.
- → GASB Statement No. 53 Accounting and Financial Reporting for Derivative Instruments, effective for the Town's fiscal year ending June 30, 2010.
- → GASB Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions, effective for the Town's fiscal year ending June 30, 2011.
- → GASB Statement No. 58 Accounting and Financial Reporting for Chapter 9 Bankruptcies, effective for the Town's fiscal year ending June 30, 2010.

The impact of these pronouncements on the Town's financial statements has not been determined.

#### Basis of Presentation

#### Government-Wide Financial Statements

The statement of net assets and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds and component units that are fiduciary in nature. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, receivables and payables.

# 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- a) Total assets, liabilities, revenues, or expenditures/expenses of that individual, governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b) Total assets, liabilities, revenues, or expenditures/expenses of the individual, governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

#### **Governmental Funds**

#### General Fund

The General Fund is the primary operating fund of the Town and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

#### Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for certain purposes.

#### Capital Project Funds

Capital Project Funds are used to account for resources restricted for the acquisition or construction of specific capital projects or items.

#### Permanent Funds

Permanent Funds are used to account for assets held by the Town pursuant to a trust agreement. The principal portion of this fund must remain intact, but the earnings may be used to achieve the objectives of the fund.

#### Proprietary Funds

Proprietary funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. Operating revenues of the Proprietary Funds consist of customer/taxpayer charges for uses and services and certain other miscellaneous revenues. All other revenues of the Proprietary Funds are considered non-operating sources of revenue.

# 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Governmental Funds (Continued)**

### Fiduciary Funds (Not included in government-wide statements)

Fiduciary Funds: Police Pension Trust Fund, Fire Pension Trust Fund

### Agency Funds

Agency funds account for assets held by the Town in a purely custodial capacity. The reporting entity includes four agency funds. Since agency funds are custodial in nature (i.e. assets equal liabilities), they do not involve the measurement of results of operations. The agency funds are as follows:

Agency Funds: Pupil Activity Funds, Probate Court, Street Lighting, and Soil Erosion

#### Major and Non-Major Funds

The funds are further classified as major or non-major as follows:

Fund	Brief Description
Major:	
General:	See above for description
Special Revenue:	School Department: accounts for the general operations of the Smithfield Public Schools
Capital Project:	Log Road: accounts for centrally located land purchased for a proposed Library and School development
Proprietary:	Sewer Authority: accounts for the overseeing of the sewer operations of the Town of Smithfield including the administration of the ten-year contract with Veolia Water, Inc.
Non-Major:	Water Supply Board: responsible for supplying water service for approximately one-third of the Town and also a certain area in the Town of North Providence
Special Revenue:	School Restricted Grants, Accrued Retirement, Animal Control Fund, Animal Control Spay/Neuter, Bulletproof Vest Grant, Byrne Grant, Capital Reserve, CDBG, Active Shooter Training, Document Preservation & Tech Upgrades, EMA – EOP, EMA – Radio, Fire Prevention, Historical Records, Inspection Fees, Kennedy Grant, Land Trust, Municipal Contingency, Operation Blue Riptide, Police Confiscated Funds, Wal-Mart Grant, Post Employment Escrow, Recreation Capital, Revaluation Escrow, Review Fees, Revolving Loan Fund, Alcohol Grant, Tobacco Grant, Passenger Safety, Click It or Ticket, Scholarship Fund, Senior Center Grant, Fire Rescue, Special Projects, Tri-Town Alcohol, Senior Center Expansion, Police Memorial, JAG Stimulus Fed, JAG Stimulus State, GPA

Welfare, Senior Center Expansion, Tri-Town II, and Senior Center

# 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Major and Non-Major Funds (Continued)

- Capital Projects: Apple Valley Road Connector, Building Maintenance, Deerfield Park, Deerfield Park Addition, Deerfield Park Wetlands Creation, Mann School Road Drainage, Fire Department Headquarters, Green Acres Acquisition, High School Addition, Highway Drainage, Historic Landmark, Impact Fees, Land Acquisition – Open Space, Library Bond, Middle School Additions, Open Space & Recreation Area, Police Equipment, Road Resurfacing, Senior Center, Senior Center Addition, Woods Plat Special Drainage, Esmond St. Enhancements, Water District Improvement Fee, Handicap Accessibility and Salt Barn Property
- Permanent Fund: Cemetery Fund

Proprietary: School Lunch, Smithfield Ice Rink, East Smithfield Public Library, Greenville Public Library, and East Smithfield Neighborhood Center

#### Measurement Focus

On the government-wide Statement of Net Assets and the Statement of Activities both governmental and business-like activities are presented using the economic resources measurement focus as defined in item (b) below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- (a) All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. The Town considers property taxes as available if they are collected within 60 days after year end.
- (b) All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of net income, financial position and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net assets.
- (c) Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them. They do, however, use the accrual basis of accounting to recognize receivables and payables

#### **Basis of Accounting**

In the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

# 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Basis of Accounting (Continued)**

In the fund financial statements, governmental funds and agency funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

All proprietary funds, fiduciary funds and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

All Governmental Fund Types are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e. both measurable and available. Available means collectible within the current period or soon enough thereafter, (generally defined as 60 days after the close of the fiscal year) to be used to pay liabilities of the current period

Licenses and permits, charges for services, fines, forfeits, and miscellaneous revenue are recorded as revenues when received in cash. Those revenues susceptible to accrual are property taxes and investment earnings. Fines and permits are not susceptible to accrual because generally they are not measurable until received in cash. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service and other long-term obligations, which are recognized when paid.

Amounts reported as program revenues include charges to customers or applicants for goods, services or privileges provided and operating grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

#### Investments

Investments are stated at fair value in accordance with GASB No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools.

For purposes of the statements of cash flows, all highly liquid investments with a maturity of three months or less when purchased (e.g. short-term commercial paper) are considered to be cash equivalents.

#### Accounts Receivable

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes and intergovernmental grants and aid. Business-type activities report service fees as its major receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as property taxes and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Proprietary fund material receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivables are based upon historical trends and the periodic aging of accounts receivable.

# 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Basis of Accounting (Continued)

#### Inventories

For Governmental Fund Types, disbursements for inventory-type items are not recorded as assets but have been recorded as an expenditure at the time individual inventory items were purchased. Inventories of the Town's Enterprise Funds are stated at the lower of cost (first in, first out) or market.

#### Vacation, Sick Leave and Other Compensated Absences

It is the policy of the Town to permit employees to accumulate a limited amount of earned but unused vacation and sick leave benefits, which will be paid to the employees upon separation from Town service. Compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts not expected to be liquidated with expendable available financial resources are reported as long-term debt in the government-wide financial statements. Long-term debt and other obligations financed by the proprietary funds are reported as liabilities in the appropriate funds. Under modified accrual accounting, expenditures and liabilities related to compensated absences are recognized in the governmental funds only if they have matured (when due).

#### Short-Term Interfund Receivable/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or serviced rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet.

#### Advances to Other Funds

Noncurrent portions of long-term interfund loan receivables are reported as advances and are offset equally by a fund balance reserve account which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriations.

#### Fund Balance Transactions

The reappropriation of prior year's unexpended balances for certain accounts in the General Fund is reported as a transfer of fund balance in the current year.

#### Prepaid Items

Prepaid items are accounted for under the allocation method whereby a prepaid asset is established at the date of payment and subsequently amortized over the accounting periods expected to benefit from the initial payment.

#### Property, Plant and Equipment

The accounting treatment over property, plant and equipment (fixed assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

# 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Basis of Accounting (Continued)

### **Government-Wide Statements**

In the government-wide financial statements, fixed assets are accounted for as capital assets. All fixed assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated fixed assets, which are recorded at their estimated fair value at the date of donation. The capitalization threshold is any individual item with a total cost greater than \$10,000.

Depreciation of all exhaustible fixed assets is recorded, as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings and improvements	3 - 60 years
Land improvements	10 - 15 years
Equipment	3 - 60 years
Sewer lines and treatment and pumping plant Vehicles Infrastructure	5 - 60 years 5 - 15 years 15 - 65 years

#### Fund Financial Statements

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

#### Equity Classifications

#### **Government-Wide Statements**

Equity is classified as net assets and displayed in three components:

- (a) Invested in capital assets, net of related debt Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- (b) Restricted net assets Consists of net assets with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- (c) Unrestricted net assets All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

#### Fund Statements

Governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated. Proprietary fund equity is classified the same as in the government-wide statements.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Budgetary Process

The Town Council conducts a hearing on the proposed budget submitted by the Manager in April of each year, based upon requests submitted by Town departments and municipally supported agencies. The Council then makes modifications and its recommended budget is placed before the Financial Town Meeting.

The Financial Town Meeting of the Town of Smithfield, Rhode Island is held annually in May. Eligible Smithfield residents, who must be registered voters, determine the tax levy for the coming fiscal year as the result of their vote upon the proposed municipal budget. Each activity of the budget may be debated and voted upon. Increases in the Council-recommended budget require an 80% favorable vote (commonly referred to as the "80% Rule") to open discussion. Following discussion, a simple majority is required for approval. Budget reductions require a simple majority to discuss or authorize.

The Town Moderator, who is appointed by the Council, conducts the Financial Town Meeting. The Town Council sits as the Budget Committee, and responds to questions along with the Town Manager and staff regarding the recommended municipal budget. The moderator conducts the meeting, ensures that the Rules of Order are enforced, and provides adequate opportunity for discussion upon each issue.

Based on state statutes, the School Committee is authorized to spend funds up to the total amount appropriated for the Unrestricted Fund, which is considered the fund level. The budget of the School Unrestricted Fund is prepared annually and submitted to the School Committee for approval. The amount of the annual transfer from the Town's General Fund to the School Unrestricted Fund is ultimately determined through the adoption of the General Fund budget.

Town ordinances require an annual budget for the General Fund. The practices used in the preparation of budget differ in certain respects from the presentation of the actual results of operations prepared in accordance with GAAP. The actual results of operations, for purposes of the Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual on Budgetary Basis - General Fund has been adjusted to a basis consistent with the Town's budget. Certain annual appropriations are carried over to next year's budget. There were \$3,326,468 of supplemental budgetary appropriations made during the fiscal year ended June 30, 2010.

Amendments to operating budgets that do not result in additional appropriations may be made within departments by means of a transfer. The Finance Director has authority to make or approve such transfers within departments. The Town Council has the authority to amend the budget.

The adjustments necessary to reconcile actual revenues reported on a budgetary basis to actual revenues reported in accordance with generally accepted accounting principles are as follows:

General Fund:	Revenues and Transfers	Expenditures and Transfers
Schedule of Revenues and Expenditures (Non-GAAP Budgetary Basis) Budget and Actual	\$ 63,343,721	\$ 63,141,583
Plus: Fund Balance Reappropriated (RUBS)	. , ,	(3,326,468)
Less: Fund Balance Appropriations	. (2,805,243)	
Statement of Revenues, Expenditures, and Changes in Fund Balance	. <u>\$ 60,538,478</u>	<u>\$ 59,815,115</u>

# 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Budgetary Process (Continued)**

A reconciliation of the School's Operating Fund revenues and expenditures and other financing sources (uses) is presented below:

School Unrestricted Fund:	Revenues and Transfers	Expenditures and Transfers
Schedule of Revenues, Expenditures and Other Financing Sources (Non-GAAP Budgetary Basis) Budget and Actual	\$ 32,747,706	\$ 31,659,684
Transfer from fund balance to revenue for current year	(685,276)	-
Adjustment for pension contribution made by State of Rhode Island on behalf of employees	<u>1,365,840</u>	<u>1,365,840</u>
Statement of Revenues, Expenditures, and Changes in Fund Balances	<u>\$ 33,428,270</u>	<u>\$ 33,025,524</u>

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

# 3. CASH AND INVESTMENTS

<u>Deposits</u>: The Town maintains deposits in various financial institutions that are carried at cost except for those amounts which are carried as petty cash. The carrying amount of deposits is separately displayed on the balance sheet as "Cash and Cash Equivalents".

<u>Investments</u>: Investment of all idle funds must be made through national banks or trust companies, provided that the financial conditions and integrity of said institution or institutions are verifiable and can be monitored. The investment of funds shall be in direct obligations of the United States Government and "money market instruments" rated "A" or better. Investments in any one institution can not exceed five (5) percent of that institutions capital and surplus as set forth in the institutions most recent audited financial statements. All investments are made as would be done by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and preservation of their capital.

<u>Interest Rate Risk</u>: The Town limits its exposure to fair value losses arising from changes in interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity. The Town invests operating funds primarily in shorter-term securities, money market funds, or similar investment pools, although the Government does not have a formal policy relating to a specific investment related risk.

<u>Concentrations</u>: The Town policy is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity.

### 3. CASH AND INVESTMENTS (Continued)

#### **Custodial Credit Risk**

*Deposits*: This is the risk that, in the event of failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2010, none of the Town's balance of \$27,892,061 was uninsured or uncollateralized.

*Investments*: This is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

**<u>Credit Risk</u>**: Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The town did not have any debt type investments that were exposed to credit risk as defined by GASB 40.

Cash and investments of the Town consist of the following at June 30, 2010

Cash and cash equivalents	
Deposits with financial institutions	\$ 27,892,061
Investments	
Pension trust fund:	
Cash management investment funds	4,846,533
Indexed stock fund	4,439,912
Diversified stock fund	3,975,824
Total pension investments	13,262,269
Greenville Public Library	
Mutual funds	225,132
Total Greenville Public Library	225,132
Land Trust	
Mutual funds	570,447
Total Land Trust	570,447
Total investments	14,057,848
Total cash and investments	\$ 41,949,909

Cash and investments are classified in the accompanying financial statements as follows:

Statement of Net Assets	
Cash and cash equivalents	\$ 27,319,885
Investments	795,579
	28,115,464
Fiduciary Funds	
Cash and cash equivalents	572,176
Investments	13,262,269
	13,834,445
Total Cash and Investments	\$ 41,949,909

# 3. CASH AND INVESTMENTS (Continued)

**Interest Rate Risk:** This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The town does not have any investments that are subject to interest rate risk for the fiscal year ended June 30, 2010. If applicable, information about the exposure of the town's debt type investments to this risk is reported using the segment time distribution model.

# 4. TAXES AND ASSESSMENTS RECEIVABLE

Taxes are assessed each December 31, and the levy thereon may be paid in full on or before September 30, or quarterly, on or before September 30, December 31, March 31, and June 30, without penalty, at the taxpayer's option. A 12% annual penalty is imposed on all overdue taxes.

Unpaid property taxes at June 30, 2010, include delinquent installments of the current and prior years. The Town does not record interest earned on delinquent taxes until payment is received.

The allowance for uncollectible accounts is based on that portion of current and delinquent taxes receivable, which is estimated to be doubtful of collection. This provision does not constitute an abandonment of claim or the cessation of collection effort.

Net property taxes levied for the fiscal year 2010 were based on a net assessed value of approximately \$3,013,552,432 at December 31, 2008, and amounted to \$46,156,583. Collections through June 30, 2010 amounted to \$43,822,439, which represents 94.94% of the total tax levy. The percentage collected through August 31, 2010 was approximately 97.67%.

The Town recognizes property tax revenues in accordance with Section P70, "Property Taxes" of the <u>Codification of Government Accounting and Financial Reporting Standards</u>. Unpaid property taxes as of June 30, 2010 are recorded as a receivable (net of an allowance for uncollectible property taxes of \$1,388,410 and amounted to \$2,439,661. Those net property taxes receivable which were not collected within the 60 days immediately following June 30, 2010 are recorded as deferred revenue, net of allowance and amounted to \$1,172,293 at June 30, 2010. Property taxes receipable as revenue for the fiscal year ended June 30, 2010 due to their collection within the 60 days immediately following June 30, 2010 amount to \$1,257,360.

During the year ended June 30, 2010 the Town received \$3,029,033 from the State of Rhode Island as payment in accordance with legislation regarding the phase-out of motor vehicle tax. Under the original law, excise on motor vehicles and trailers were to be phased out over an eight year period commencing with fiscal year 1999-2000. The 2010 legislative session altered the original law by reducing the amount of reimbursement to cities and towns from 98% of the exemption amount down to 88% of the exemption amount. The phase-out program froze the tax rate at \$39.00 per thousand dollars of value which was the rate in the fiscal year ended June 30, 1998.

User charges are assessed each year in an amount necessary to cover the projected operating expenses of the Sewer Authority for that year.

The allowance for uncollectible accounts of the Sewer Authority (\$32,249) is based on that portion of sewer assessment and user charges and miscellaneous accounts receivable which is estimated to be doubtful of collection, or which may be abated due to appeals now under consideration.

### 5. INFORMATION ABOUT CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2010 was as follows:

	Primary Government			
	Beginning Balance	Increases	Decreases	Ending Balance
Governmental activities: Capital assets not being depreciated:				
Land and improvements	\$ 8,959,839	\$ 3,225,117	\$-	\$ 12,184,956
Construction in progress	693,084	175,308	693,084	175,308

### 6. LONG-TERM LIABILITIES

### (a) General

All of the Town's general obligation debt (now outstanding or authorized but unissued) has been authorized pursuant to the General Laws of Rhode Island or special acts of the State legislature. Each special act provides for approval thereof by the electors of the Town. After referendum approval has been secured, the borrowing must be authorized by resolution of the Town Council, adopted by vote of a majority.

The Rhode Island General Laws provide that no Town or town shall without special statutory authority, incur any debt which would increase its aggregate indebtedness beyond three percent of the taxable property of the Town or town. Tax anticipation notes are not included in the computation of debt limit. Debt may be incurred in excess of the three percent limit with the approval of the state director of administration. All of the Town's bonds and notes outstanding or authorized but unissued debts are either specifically excepted from the three percent debt limit or are within such limit.

The current three percent debt limit of the Town is \$90,406,573, based on the net assessed valuation at December 31, 2008 of \$3,013,552,432. There is no debt presently outstanding pursuant to this limitation.

### Authorized But Unissued Debt

The Town has a total of \$16,540,000 in authorized, unissued debt consisting of the following authorizations:

	<u>Authorized</u>	<u>Unissued</u>
Sewer:		
Chapter 519 PL 1986	\$ 1,000,000	\$ 650,000

Total enterprise funds	φ 002,021	φ	φ 00,009	φ 1,301,439	φ 119,490

#### 6. LONG-TERM LIABILITIES (Continued)

The following schedule summarizes the Town's bonds and notes:

	Interest Rates	Principal	Due Dates
Governmental bonds and capital leases payable	2.5-6.50%	\$ 10,855,000	2011-2024
Enterprise Funds bonds and notes payable	1.492-2.890%	1,286,848	2011-2022
	Total All Funds	\$ 12,141,848	

The Town is not obligated in any way for special assessment debt.

For long-term liabilities other than debt, the General Fund has typically been used in prior years to liquidate amounts.

The debt service through maturity for the above Governmental bonds are as follows:

Fiscal	Gover	Governmental Activites Business-Type Activ			Governmental Activites			Business-Type Activities			Total Activities	
Year Ended June 30	Principal	Interest	Total	Principal	Interest	Total	Principal	Interest	Total			
2011	1,600,000	442,475	2,042,475	84,490	20,308	104,798	1,684,490	462,783	2,147,273

Accrued Compensated Absences - Town employees receive vested rights to paid vacation, sick time and compensatory time at the end of their first year of full-time employment with no pro rata payment if employment is terminated before the completion of a full year of service. An expenditure/expense is recognized each month as benefits are used, consistent with the standards established by GASB 16. All vacation and sick pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

# 6. LONG-TERM LIABILITIES (Continued)

#### **Capital Leases**

The Town has an existing seven-year lease for the acquisition of a pumper truck and a five-year lease agreement for the acquisition of a senior center van. All of the lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of the future minimum lease payments as of the inception date in capital assets and long-term debt on the government-wide financial statements.

The assets acquired through capital leases are as follows:

# **Governmental Activities**

Assets:	Public Safety	Parks and <u>Recreation</u>
Vehicles and equipment	\$ 335,000	\$ 71,510
Less: accumulated depreciation	(126,821)	<u>(44,098</u> )
Total	<u>\$ 208,179</u>	<u>\$ 27,412</u>

The future minimum lease payments to be made under these agreements are as follows:

2011	\$ 70,960
2012	55,437
2013	55,437
Future minimum payments	181,834
Less: interest	(14,236)
Total long-term debt	\$167,598

Payments made in fiscal 2010 totaled \$70,959, of which \$9,999 was interest and \$60,960 was the present value of the future minimum lease payments.

# 7. SHORT-TERM DEBT

At July 8, 2009, the Town issued a \$2,635,000, 2.82% Bond Anticipation Note with a maturity date of July 7, 2010. The note proceeds of \$2,325,000 were used to purchase land for school, library and related purposes, and \$310,000 of proceeds were used for land trust open space. The Town intends to finance the payment of short-term debt outstanding at the end of the period as a rollover of the obligation. See subsequent event Note 20 for a further explanation.

	Beginning <u>Balance</u>	Additions	Reductions	Ending <u>Balance</u>
Bond Anticipation Note	\$2,635,000	\$2,635,000	\$2,635,000	\$2,635,000

### 8. INTERFUND BALANCES

Inter-fund balances represent loans to various funds for use in operations. These amounts are expected to be repaid at certain future dates. Below are the balances as of June 30, 2010

	Due from o	other funds	<u>Due to other funds</u>		
General Fund		\$ 14,848,086		\$ 11,939,712	
Special Revenue Funds:

		\$ 24,548,991		\$ 24,548,991	

#### 9. GRANT PROGRAMS

#### **Basis of Accounting**

The Town's grant programs are accounted for as special revenue funds and their financial statements are prepared on the modified accrual basis of accounting, whereby revenue is recorded when susceptible to accrual and expenditures are recorded when incurred.

#### Grant Commitments

The Town's grant programs receive their revenue through pre-approved grant awards. A summary of the grants and drawdowns are as follows:

Community Development Block Grants			
Contract Identification #	<u>09-31-22</u>	<u>08-31-21</u>	<u>Total</u>
Total entitlement	\$ 79,000	\$ 7,750	\$ 86,750
Total drawdowns through June 30, 2010	(63,340)	(7,750)	_(71,090)
Balance of grant funds available at June 30, 2010	<u>\$ 15,660</u>	<u>\$</u>	<u>\$ 15,660</u>

#### 10. DIFFERENCES BETWEEN GOVERNMENTAL FUND BALANCE SHEET AND THE STATEMENT OF NET ASSETS

"Total fund balances" of the town's governmental funds \$16,291,735 differs from "net assets" of governmental activities \$36,360,381 reported in the statement of net assets. This difference primarily results from the long-term economic focus of the statement of net assets versus the current financial resources focus of the governmental fund balance sheets. The effect of the differences is illustrated below.

#### **Balance Sheet/Statement of Net Assets**

	Total Governmental Funds	Long-term Assets/ Liabilities (1)	Reclassifications and Eliminations	Statement Net Assets Totals

#### 11. DIFFERENCES BETWEEN GOVERNMENTAL FUND OPERATING STATEMENTS AND THE STATEMENT OF ACTIVITIES

The "net change in the fund balances" for governmental funds (\$1,023,406) differs from the "change in net assets" for governmental activities \$1,377,859 reported in the statement of activities. The differences arise primarily from the long-term economic focus of the statement of activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below.

#### Statement of Revenues, Expenditures, and Changes in Fund Balances/Statement of Activities

# 12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS

### (a) Municipal Employees' Retirement System of the State of Rhode Island

The Town of Smithfield participates in the Municipal Employees' Retirement System of the State of Rhode Island ("System"), an agent multiple employer defined benefit plan. The System includes a normal plan for general employees and both a normal and optional plan for police personnel. All full-time Town and non-certified School Department general employees participate in the System. The Municipal Employees Retirement System of the State of Rhode Island issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the State of Rhode Island Employee Retirement Board, 40 Fountain Street, Providence, RI 02903.

The payroll for employees covered by the System for the year ended June 30, 2010 was \$6,697,950 and the Town wide payroll was approximately \$32.2 million.

### Plan Description

The plan generally provides retirement benefits equal to 2% of a member's final average salary multiplied by the number of years of total service up to a maximum of 75%. Joint and survivor options are available as well as the Service Retirement Allowance (SRA) Plus option that provides for the payment of a larger benefit before the attainment of age sixty-two (62) and a reduced amount thereafter. The reduced amount is equal to the benefit before age sixty-two (62), including cost-of-living increases, minus the member's estimated social security benefit payable at age sixty-two (62). Such benefits are available to members at least age 58 with 10 years of service or after 30 years of service at any age. Police and fire personnel may retire at age 55 if they have 10 years of service or after 25 years of service at any age. An optional cost-of-living provision may be elected for police and fire personnel and general employees. An option may be elected to provide a 20 year service pension with a benefit equal to 2.5% for each year of service up to a maximum of 75% for police and fire personnel. Benefits are based on the average of the highest three consecutive years' earnings, exclusive of overtime. The plan also provides nonservice-connected disability benefits after 5 years of service; service-connected disability pensions with no minimum service requirement; vested benefits after 10 years of service; survivor's benefits; and certain lump sum death benefits.

# Funding Policy

The funding policies, as set forth in Rhode Island General Law, Section 36-10-2 and 4521-42 provide for actuarially determined periodic contributions to the plans. The actuarial valuation uses the Entry Age Normal actuarial cost method. Under this method, the employer contribution rate is the sum of (i) the employer normal cost rate, and (ii) a rate that will amortize the unfunded actuarial liability. The valuation is prepared on the projected benefit basis, under which the present value, at the assumed rate of return (currently 8.25 percent), of each participant's expected benefit payable at retirement or death is determined, based on age, service, gender and compensation.

The employer contributions required to support the benefits of the Plan are determined following a level funding approach, and consist of a normal contribution and an accrued liability contribution. The normal contribution is determined using the "entry age normal" method. Under this method, a calculation is made to determine the average uniform and constant percentage rate of employer contribution which, if applied to the compensation of each new participant during the entire period of his anticipated covered service, would be required in addition to the contributions of the participant to meet the cost of all benefits payable on his behalf. The unfunded accrued liability contributions are determined by subtracting the actuarial value of assets from the actuarial accrued liability and amortizing the result over a period not to exceed 30 years from June 30, 1999.

# 12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

### (a) Municipal Employees' Retirement System of the State of Rhode Island (Continued)

MERS members are required to contribute 7% of their annual covered salary. The Town is required to contribute at an actuarially determined rate; the current rate is 5.44% of annual covered payroll for school department employees, and 5.56% for Town employees. The contribution requirements of plan members and the Town are established and may be amended by State Statute.

Actuarial Valuation Date July 1,	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)

Valuation date	June 30, 2007
Actuarial cost method	Entry Age Actuarial Cost Method
Amortization method	Level Percent of Payroll – Closed 30-year period
Remaining amortization period	19 Years
Asset valuation method	5 Year Smoothed Market
Actuarial assumptions: Investment rate of return Projected salary increases Cost-of-living adjustments Inflation	8.25%, Compounded Annually 4.50-8.50%, Compounded Annually 3.00% Non-Compounded 3.00% Annually

#### (b) Employees' Retirement System of the State of Rhode Island

All Town of Smithfield, Rhode Island certified school personnel participate in the Employees' Retirement System of the State of Rhode Island ("System"), a cost-sharing multiple-employer public employee retirement system. The payroll for employees covered by the System for the year ended June 30, 2010 was \$16,695,309. The Town's total payroll was approximately \$32.2million.

#### Plan Description

State Statute establishes the following eligibility and benefit provisions. All Town of Smithfield, Rhode Island. certified school personnel are eligible to participate in the System if they are certified by the Board of Regents, engaged in teaching as principal occupation, and are regularly employed on at least a half time basis. The plan provides a two-tier benefit structure referred to as Schedules A and B.

#### Schedule A Benefits

Schedule A benefits are available to members who possessed 10 years or more of contributory service on or before July 1, 2005. Schedule A provides unreduced benefits of 1.7% of earnings for each of the first ten years of service; 1.9% for each of the next ten years; 3.0% per year for each of the next fourteen years; and 2% for the 35th year. Joint and survivor options are available as well as the Service Retirement Allowance (SRA) Plus option that provides for the payment of a larger benefit before the attainment of age sixty-two (62) and a reduced amount thereafter. The reduced amount is equal to the benefit before age sixty-two (62), including cost-of-living increases, minus the member's estimated social security benefit payable at age sixty-two (62). The maximum benefit is 80% of final average earnings after 35 years of service. Such benefits are available to members at least age 60 with 10 years of service, or after 28 years at any age. A different benefit formula applies to State correctional officers who may retire at age 50 if they have 20 years of service. Benefits for all employees are based on the average of the highest three consecutive years' earnings, exclusive of overtime.

On the third January after retirement, a cost-of-living increase of 3% (compounded annually) is provided independent of actual changes in the consumer price index. The plan also provides nonservice-connected disability benefits after five years of service; service-connected disability pensions with no minimum service requirement; vested benefits after ten years of service; survivor's benefits for service-connected death; and certain lump sum death benefits.

# 12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

### (b) Employees' Retirement System of the State of Rhode Island (Continued)

#### Schedule B Benefits

Schedule B benefits are provided to members who had less than 10 years of contributory service on or before July 1, 2005. For Schedule B members, the plan provides unreduced benefits of 1.6% of earnings for each of the first ten years of service; 1.8% for each of the next ten years; 2.0% per year for years 21 through 25 inclusive; 2.25% per year for years 26 through 30 inclusive; 2.50% per year for years 31 through 37 inclusive and 2.25% for the 38th year. Only single life, and joint and survivor options are available. The maximum benefit is 75% of his or her average highest three (3) years of service, or after 38 years of service. Such benefits are available to members at least age 65 with 10 years of service, or after 29 years of service and age 59. Actuarially reduced retirement is available at age 55 and 20 years of service, the benefit is reduced actuarially for each month that the age of the member is less than sixty-five (65) years.

On the month following the third anniversary date of the retirement, and on the month following the anniversary date of each succeeding year, a cost-of-living increase of 3% (compounded annually) or the percentage of increase in the Consumer Price Index for all Urban Consumers (CPI-U) as published by the United States Department of Labor Statistics, determined as of September 30 of the prior calendar year, whichever is less is provided for Schedule B members.

# Funding Policy

Rhode Island general laws set the contribution rates for participating State employees at 9.5% of salary. Annual contributions by both employers and the State on behalf of those employees are determined by actuaries and assessed as percentage of participants' payroll. The Town was required to contribute 11.25%, 11.89%, and 13.04%, for all full-time employees for fiscal years 2010, 2009, and 2008, respectively. The required contributions include (a) normal costs; (b) payments to amortize the unfunded frozen actuarial accrued liability as of June 30, 1999 over 30 years; and (c) interest on the unfunded frozen actuarial liability. Normal cost is determined using the entry age normal cost method with frozen initial liability. Both employers and employees contribute 1% of the first \$9,600 of salary for survivor benefits. A variety of significant actuarial assumptions are used and these assumptions are summarized below:

- A. *Mortality* 1994 Group Annuity Mortality Tables.
- B. *Investment return* 8.25 percent, compounded annually.
- C. Salary increase Salaries will increase at a rate of 4.5-13.25 percent, compounded annually.
- D. *Retirement age* Teachers are assumed to retire at the later of age 60 with 10 years of service credit or any age with at least 28 years service credit.
- E. Cost of living adjustments Schedule A 3.0 percent compounded annually for members eligible at 9/30/09, 2.5 percent compounded annually for members not eligible at 9/30/09. Schedule B 2.5 percent compounded

As prescribed by Rhode Island general law, the State pays the entire portion of the annual required contribution attributable to the costs of contributions deferred by the State in prior years plus 40% of contributions assessed to employers on payroll not reimbursable through Federal programs. This resulted in contribution rates paid by the State on behalf of the School Department of 8.18% of non-federally reimbursable payrolls totaling \$1,365,840 for the fiscal year ended June 30, 2010. These on-behalf payments of for the Town's employees were recognized as revenues and expenditures during the period.

The School Department does not have any investments or related party investments with the State Plan.

# 12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

#### (b) Employees' Retirement System of the State of Rhode Island

The amounts contributed to the plan are as follows:

Years		Town's Portion of Annual	
Ending	Employee	Required	Percentage
<u>June 30,</u>	Contributions	Contributions	Contributed
2010	\$1,586,246	\$2,013,722	100%
2009	\$1,526,347	\$1,927,304	100%
2008	\$1,497,146	\$2,106,950	100%

In accordance with GASB 27, "Accounting for Pensions by State and Local Governmental Employers," the Town has determined that there are no assets or liabilities relating to the funding requirements of the plan.

Trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is presented in the State of Rhode Island's Employee Retirement System's June 30, 2009 annual financial report, which may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 40 Fountain Street, Providence, Rhode Island. This report is the most recent report available from the State who administers the Plan.

#### (c) Police Pension Plan

The Town of Smithfield has had a Police Pension Plan in effect, which was being operated by John Hancock. The Town's obligations were not clearly defined between the June 30, 2006, discontinuance of the original plan and the formal adoption of the successor plan, which was effective July 1, 2010. As of 6/30/2006, the original plan has been closed. A new plan, which clearly defines the Town's responsibilities, is in effect as of 7/1/10. This new plan results in a NPO of 0 for FYE 2010, as all required contributions have been performed on a new actuarial determined basis. Although there is previous history of unfunded balances due to Police Pension Plans, the obligation of funding the new plan starts as of 7/1/10.

#### Plan Description

Police officers hired prior to July 1, 1999 were covered through June 30, 2006, under a single employer defined benefit pension plan which is administered by a private insurer. Plan participation commences on the first day of the month following the date the employee is hired. For the year ended June 30, 2010, the plan was comprised of forty-four participants: five disabled, and thirty-nine retired participants. The Police Pension Plan does not issue a separate, stand-alone, audited GAAP-basis report.

Normal retirement benefits are paid at 2.5 percent of final average salary multiplied by service up to 20 years plus 2 percent of final average salary multiplied by service in excess of 20 years, not to exceed 75 percent of final average salary. Final average salary is defined as the average annual salary for the three (3) consecutive years producing the highest such average in the last ten (10) years preceding normal retirement date. The normal retirement dates are as follows:

# 12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

### (c) Police Pension Plan (Continued)

### Plan Description (Continued)

- Police employed prior to December 1, 1987 the earlier of age 55 or completion of 20 years of service;
- Police employed on or after December 1, 1987 completion of 20 years of service;

As of July 1, 2006, all active police officers were transferred to the Municipal Employees' Retirement System of the State of Rhode Island (the "System").

The Police Pension Trust Fund is prepared on the accrual basis of accounting. Contributions from the Town and participants are recognized as revenue in the period in which employees provide service to the Town. Investment income is recognized as earned by the pension plan. Investment in securities is valued at fair value. Benefits and refunds are recognized when due and payable in accordance with the terms of the each plan. Dividend income is recorded on the ex-dividend date.

### Funding Policy

Total contributions for the year ended June 30, 2010 were \$1,048,000. Plan administrative cost are paid from plan assets.

Plan Assets:	2010	2009	2008
Fund value assets at beginning of year	\$ 3,542,319	\$ 4,548,659	\$ 6,455,814
Plan income year ended June 30:			
Employer contributions	2,048,000	1,048,000	-
Employee contributions	-	-	-
Investment return	528,371	(480,733)	(361,724)
Plan expenses year ended June 30:			
Benefits paid	(1,591,984)	(1,539,998)	(1,498,309)
Transfers to state plan	(2,017,015)	-	·
Administrative costs	(32,887)	(33,609)	(47,122)
Fund value assets at June 30	\$ 2,476,804	\$ 3,542,319	\$ 4,548,659

The Unfunded Actuarial Accrued Liability is \$19,200,349. The actuarial cost method used to calculate the unfunded liability was the Unit Credit Method. Under this method there are two components of annual cost: (1) the <u>Amortization</u> of unfunded actuarial accrued liability and (2) the <u>Normal Cost</u>, which is computed to spread the balance of the total liability over the average future working period of current active plan participants. The Unfunded Actuarial Accrued Liability is being amortized over a 20 year period as a level dollar amount on a closed basis. The unfunded actuarial accrued liability is computed when this method is first applied, using the Entry Age Normal cost method. From that point forward, it is not recalculated, but instead updated with Normal Cost, employer contributions, interest, and any changes due to plan amendments or changes in assumption.

Financial assumptions were as follows: investment return 8.5%, inflation rate 3.0%.

### Police Pension Effective FY 2000 for New Hires

Effective fiscal year 2000, new hires of the Town of Smithfield Police Department participate in the Municipal Employees' Retirement System of the State of Rhode Island ("System"), an agent multiple employer defined benefit plan. The System includes a normal plan for general employees and both a normal and optional plan for police and firemen. All full-time police employees hired after July 1, 1999 participate in the System. In addition, as of July 1, 2006, all active police officers were transferred to this plan.

The payroll for employees covered by the System for the year ended June 30, 2010 was \$2,715,623 and the Town wide payroll was approximately \$32.2 million.

#### **Plan Description**

The plan generally provides retirement benefits equal to 2% of a member's final average salary multiplied by the number of years of total service up to a maximum of 75%. Joint and survivor options are available as well as the Service Retirement Allowance (SRA) Plus option that provides for the payment of a larger benefit before the attainment of age sixty-two (62) and a reduced amount thereafter. The reduced amount is equal to the benefit before age sixty-two (62), including cost-of-living increases, minus the member's estimated social security benefit payable at age sixty-two (62). Such benefits are available to members at least age 58 with 10 years of service or after 30 years of service at any age. Police and fire personnel may retire at age 55 if they have 10 years of service or after 25 years of service at any age. An optional cost-of-living provision may be elected for police and fire personnel and general employees. An option may be elected to provide a 20 year service pension with a benefit equal to 2.5% for each year of service up to a maximum of 75% for police and fire personnel. Benefits are based on the average of the highest three consecutive years' earnings, exclusive of overtime. The plan also provides nonservice-connected disability benefits after 5 years of service; service-connected disability pensions with no minimum service requirement; vested benefits after 10 years of service; survivor's benefits; and certain lump sum death benefits.

### 12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

### (c) Police Pension Plan (Continued)

### **Funding Policy**

The funding policies, as set forth in Rhode Island General Law, Section 36-10-2 and 4521-42 provide for actuarially determined periodic contributions to the plans. The actuarial valuation uses the Entry Age Normal actuarial cost method. Under this method, the employer contribution rate is the sum of (i) the employer normal cost rate, and (ii) a rate that will amortize the unfunded actuarial liability. The valuation is prepared on the projected benefit basis, under which the present value, at the assumed rate of return (currently 8.25 percent), of each participant's expected benefit payable at retirement or death is determined, based on age, service, gender and compensation.

The employer contributions required to support the benefits of the Plan are determined following a level funding approach, and consist of a normal contribution and an accrued liability contribution. The normal contribution is determined using the "entry age normal" method. Under this method, a calculation is made to determine the average uniform and constant percentage rate of employer contribution which, if applied to the compensation of each new participant during the entire period of his anticipated covered service, would be required in addition to the contributions of the participant to meet the cost of all benefits payable on his behalf. The unfunded accrued liability contributions are determined by subtracting the actuarial value of assets from the actuarial accrued liability and amortizing the result over a period not to exceed 30 years from June 30, 1999.

MERS members are required to contribute 9.0% of their annual covered salary. The Town is required to contribute at an actuarially determined rate; the current rate is 21.37% for Police employees. The contribution requirements of plan members and the Town are established and may be amended by State Statute.

Actuarial Valuation Date July 1,	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)

#### (d) Fire Pension Plan

Inflation

#### Plan Description

Fire department employees are covered under a single employer defined benefit pension plan, which is administered by a private insurer. Plan participation commences on the first day of the month following the date the employee is hired. For the year ended June 30, 2010, the plan was comprised of 81 participants: 52 active, 3 terminated vested, 5 disabled, and 21 retired participants. 28 of the 54 active participants had sufficient service to be vested at June 30, 2010. The Fire Pension Plan does not issue a separate, stand-alone, audited GAAP-basis report.

3.00% Annually

### 12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

### (d) Fire Pension Plan (Continued)

Normal retirement benefits are paid at 2.5 percent of final average salary multiplied by service up to 20 years plus 2 percent of final average salary multiplied by service in excess of 20 years, not to exceed 75 percent of final average salary. Final average salary is defined as the average annual salary for the three (3) consecutive years producing the highest such average in the last ten (10) years preceding normal retirement date. The normal retirement date is the first day of the month coincident with or next following the earlier of the attainment of age 65 or completion of 20 years of service.

#### Summary of Significant Accounting Policies

The Fire Pension Trust Fund is prepared on the accrual basis of accounting. Contributions from the Town and participants are recognized as revenue in the period in which employees provide service to the Town. Investment income is recognized as earned by the pension plan. Investment in securities is valued at cost. Benefits and refunds are recognized when due and payable in accordance with the terms of the each plan. Dividend income is recorded on the ex-dividend date.

#### **Funding Policy**

As a condition of participation in the plan, members of the fire department are required to make contributions each year at 8.0% of their base pay. The collective bargaining agreement between the Town and the fire department personnel provides that the Town will contribute no more than 19.6% of fire department payroll to the plan. Accordingly, for the year ended June 30, 2010, the Town and plan participants contributed 19.6% and 8.0% of covered payroll, respectively. Total contributions for the year ended June 30, 2010, were \$810,034. The contributions based on an accrual basis were comprised of a Town contribution of \$577,271 and an employee contribution of \$232,763. Total covered payroll for the year ended June 30, 2010 was approximately \$2,622,842. Plan administrative costs are paid from plan assets.

Plan Assets:	2010	2009	2008
Fund value assets at beginning of year Plan income year ended June 30:	\$ 9,793,908	\$ 12,923,279	\$ 14,622,348

### 12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

#### (e) Post Retirement Benefit Plan

#### **Plan Description**

In addition to the pension benefits described above, the Town provides post employment health care benefits in accordance with Town contracts, through a single-employer postemployment benefit plan. These benefits are for continued full family or individual health care for the employee groups as described below. Retiree medical coverage is only to age 65, while dental continues post-65. The Town of Smithfield does not issue a separate, audited GAAP-basis report for the Post Retirement Benefit Plan.

*Town Hall Employees, Police and Fire* - Members of this group are eligible for full coverage of medical and dental benefits if they were hired before 1996, and 85% of full coverage if hired after 1995. 20 years of service must be attained for full eligibility.

**School -** Members of this group are eligible for full coverage after 28 years of service with at least 15 years with the Town. 50% coverage is offered after age 60 with 20 years of service if hired before June 20, 1989. Employees hired after July 1, 1992 receive benefits limited to \$5,000 annually.

#### Membership

At July 1, 2010, membership consisted of:	
Active Town Employees receiving benefits	157
Active School Employees receiving benefits	243
Retired, disabled, beneficiaries and survivors – Town Employees	46
Retired, disabled, beneficiaries and survivors – School Employees	<u>65</u>
Total	511

#### **Funding Policy**

The Town pays for the other post-employment benefits on a pay-as-you-go basis. The annual medical & dental benefits premium cost for fiscal year ended June 30, 2010 was \$683,873 for Town employees and \$674,164 for School employees totaling \$1,358,037.

#### Annual OPEB Cost and net OPEB Obligation

For 2010, the Town's annual OPEB cost of \$2,307,517 was greater than the required contribution. The schedule of contributions and net OPEB obligation for 2010 and the two preceding years were as follows:

#### Schedule of Contributions from the Town

		Percentage of	
Annual		OPEB Cost	Net OPEB
OPEB Cost	Contributions	Contributed	Obligation
N/A	N/A	N/A	N/A
2,285,094	1,455,607	64%	829,487

#### 12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

#### (e) Post Retirement Benefit Plan

#### Funding Status and Funding Progress

Currently, post employment benefits are paid for on a pay-as-you-go basis (an unfunded scenario). The Town's pay-as-you-go cost for fiscal 2010 is to be \$2,307,517.

Actuarial Valuation Date July 1,	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)
2008	N/A	N/A	N/A	N/A	N/A	N/A
2009	550,225	26,277,276	(25,727,051)	2%	31,424,385	-82%
2010	657,366	29,610,752	(28,953,386)	2%	32,276,437	-90%

#### Schedule of Funding Progress

The Town has not yet set aside any money to pre-fund the post employment benefits. Therefore, there is a large unfunded actuarial accrued liability for benefits already earned by employees and retirees. This amount is \$28,953,386 as of July 1, 2010 under a 3.5% discount rate. This would lead to a \$1,351,511 amortization payment required for fiscal 2010 under a 30-year increasing funding schedule.

#### Actuarial Methods and Assumptions

The information presented was determined as part of the actuarial valuation. Additional information as of the last actuarial valuations follows:

Valuation Date:	July 1, 2010

Designations	
Designations of fund balance at June 30, 2010 were as follows:	
General Fund:	
Designated to supplement future tax assessments Designated for capital reserve	\$3,303,256 115,246
Designated for land trust	57,623
Designated for subsequent year's expenditures Designated for capital outlay	100,000 250,000
Total	\$3,826,125
School Department:	
Designated for capital outlay	\$535,547
Designated for Unanticipated costs Designated for restricted state aid	500,000 824
Total	\$1,036,371
Deficits	
Deficits of fund equity balances at June 30, 2010 were as follows:	
Major Governmental Funds:	
Log Road	\$ 2,446,791

### 13. FUND EQUITY (Continued)

#### (c) Deficits (Continued)

#### Non-major Governmental Funds:

Apple Valley Road Connector	\$ 2,480
Land Acquisition – Open Space	\$ 1,743,363
Farm Land Bond	
Library Bond	\$1,843
Road Resurfacing 2007	\$ 4,533,448
Salt Barn Property	\$ 989,760

The Town of Smithfield anticipates funding deficits through future bond issues and/or Town appropriations.

#### 14. RISK MANAGEMENT

#### Health Care

The Town provides medical and dental coverage for all eligible employees of the Town and their dependents. The Town participates in a healthcare collaborative entitled The Government Health Group of Rhode Island, Inc. (The Group). The Group is a not-for-profit organization formed to provide programs of health insurance and dental insurance coverage to Rhode Island cities, towns and other governmental units, which is governed by a Board of Directors. Upon joining the Group, members execute a member agreement that outlines the rights and responsibilities of both the members and the Group. Members of the Group participate in the Group's health insurance plan administered through Blue Cross Blue Shield of Rhode Island and dental insurance plan administered through Delta Dental of Rhode Island.

Using rates calculated by both Blue Cross Blue Shield of Rhode Island and Delta Dental of Rhode Island, the Group sets annual contribution rates for the subscribers of each member for each plan offered. The Group agreement requires that those contribution rates be set at a level sufficient, in the aggregate, to satisfy the funding requirements of the Group. The contributions of each member are deposited into separate health and dental pools which are used to pay for claims, reinsurance and all administrative expenses. The Group agreement provides for an annual independent audit of its financial statements. The Group retains certain levels of insurance risk and acquires reinsurance for specific loses in excess of \$550,000.

#### Unemployment

The Town is self-insured for unemployment benefits. There were no incurred but not reported claims outstanding as of June 30, 2010.

#### Other Insurance

The Town receives coverage for its property and liability expenses and for its workers' compensation expenses through the Rhode Island Interlocal Risk Management Trust. During the fiscal year ended June 30, 2010, the Town paid premiums of \$156,200 and \$233,553, for its workers' compensation and property and liability coverage, respectively. At June 30, 2010, the trust held reserves for future payments of open cases. The trust is obligated to make payments on the Town's behalf without any further obligation of the Town, unless the Town's applicable limit of liability were exhausted by the size of the loss or the nature of the loss would fall outside the parameters of the trust policy.

At June 30, 2010, the Town is unable to estimate the potential exposure for outstanding claims, which may fall outside the parameter of the trust policy.

#### 15. DEFERRED COMPENSATION PLAN

The Town offers its municipal employees a deferred compensation plan established in accordance with the provisions of Internal Revenue Code Section 457 (g). The Town has not reported these plans in its financial statements in accordance with GASB No. 32 since the Town does not have fiduciary responsibility for this plan. The plan, available to all municipal employees, permits the deferred of a portion of the employee's salary. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

During the year ended June 30, 1999, the Town implemented the Governmental Accounting Standards Board, Statement No. 32, "Accounting for Internal Revenue Code Section 457 Deferred Compensation Plans." All assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. As a result, deferred compensation investments and the perspective liabilities have been omitted from the Town's financial statements.

Prior to implementing GASB 32, all amounts of compensation deferred under the plans, all property and rights purchased with the amounts, and all income attributable to those amounts, property or rights were (until paid or made available to the employee or other beneficiary) solely the property and rights of the Town (without being restricted to the provisions of benefits under the Plan), subject only to the claims of the Town's general creditors. Participants' rights under the Plan were equal by those of general creditors of the Town in an amount equal to the market value of the deferred account for each participant.

### 16. CONTINGENT LIABILITIES AND LITIGATION

The Town has no established liability based on attorneys' estimates of pending matters and lawsuits in which the Town is involved. In addition, there are other pending matters and lawsuits in which the Town is involved. The Town estimates that the potential claims against the Town not recorded in the accompanying basic financial statements resulting from such litigation would not materially affect the basic financial statements.

The Town has received federal and state grants for specific purposes that are subject to audit by the grantors or their representatives. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Town officials believe such disallowances, if any, would be immaterial.

There are several lawsuits pending against the School Department. School Department officials estimate that liabilities, if any, against the Town from such litigation not covered by insurance will be immaterial.

#### 17. INTERFUND TRANSFERS

Transfers are made to provide revenue for annual expenditures of various funds. Transfers are not expected to be repaid to the originating (source) fund. Listed below is the transfer activity for fiscal year ended June 30, 2010.

	Trans	sfers in	Trans	fers out
Governmental Activities:				
General Fund		3,029,405		34,860,571
Special Revenue Funds:

East Smithfield Neighborhood Center	20,387	1,208,121		1,371,925
Total Interfund Transfers		38,335,445		38,335,445

#### 18. RELATED PARTIES

The Town reviews its records on an annual basis to determine if any related party transactions exist that would represent a conflict of interest with parties related to its officers and department heads. No such transactions were noted in the fiscal year ended June 30, 2010.

### 19. SUBSEQUENT EVENTS

Management has evaluated subsequent events through December 13, 2010, the date the financial statements were available to be issued. As a result of this review, the following subsequent event was noted:

The Town issued a Bond Anticipation Note, maturing January 20, 2011, at an interest rate of 2.18%, to pay off the existing \$2,635,000, 2.96% Bond Anticipation Note maturing July 7, 2010. This BAN will subsequently be funded with a Bond issuance dated January 20, 2011.

# STATISTICAL SECTION

This part of the Town of Smithfield, Rhode Island's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the governments overall financial health.

# Contents

# **Financial Trends**

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

# **Revenue Capacity**

These schedules contain information to help the reader assess the governments most significant local revenue source, property taxes.

# **Debt Capacity**

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

# Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

TOWN OF SMITHFIELD, RHODE ISLAND

SINGLE AUDIT SECTION

Parmelee Poirier & Associates, LLP

**Certified Public Accountants** 

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and Members of the Town Council Town of Smithfield, Rhode Island

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Smithfield, Rhode Island as of and for the year fiscal ended June 30, 2010, and have issued our report thereon dated December 13, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

## **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Town's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over financial control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Town's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

## **Compliance and Other Matter**

As part of obtaining reasonable assurance about whether Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Town Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Honorable President and Members of the Town Council Town of Smithfield, Rhode Island

## **Compliance**

We have audited the compliance of Town of Smithfield, Rhode Island, with the types of compliance requirements described in *OMB Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2010. The Town's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Town's management. Our responsibility is to express an opinion on the Town's compliance based on our audit

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Town's compliance with those requirements.

In our opinion, the Town complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

## Internal Control Over Compliance

Management of the Town is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Town's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Smithfield's internal control over compliance.

469 Centerville Road, Suite 203 | Warwick, RI 02886 | Phone: 401-738-0010 | Fax: 401-738-1105 www.parmeleepoirier.com A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Town Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### TOWN OF SMITHFIELD, RHODE ISLAND Notes to Schedule of Expenditures of Federal Awards June 30, 2010

- 1. **General -** The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal programs of the Town of Smithfield, Rhode Island.
- 2. **Basis of Accounting -** The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting.
- 3. Determination of Type A, Type B and Major Programs The determination of Type A and Type B federal programs was based upon the expenditures for all federal programs for the Town of Smithfield, Rhode Island. As such, the threshold for determining Type A vs. Type B programs is determined at the entity level. For the fiscal year-ended June 30, 2010, grants with expenditures exceeding \$300,000 were determined to be Type A programs and all other grants were considered Type B programs. The following programs were considered major programs:

<u>CFDA #</u>	Program Name
	Special Education Cluster
84.027A	Special Education – Grants to States
84.173A	Special Education – Preschool Grants
84.391	ARRA - Special Education – Grants to States
84.392	ARRA - Special Education – Preschool Grants
84.394	ARRA - State Fiscal Stabilization Fund – Education State Grants

#### 4. Non-Cash Assistance

U.S.D.A. Contributions: The United States Department of Agriculture makes available commodities for donations to schools. The amount of \$6,033 represents the market value of such commodities used during the period.
