December 22, 2014

To the Honorable Town Manager, Members of the Town Council, and Citizens of the Town of Smithfield, Rhode Island:

The Comprehensive Annual Financial Report of the Town of Smithfield, for the fiscal year ended June 30, 2014 is submitted herewith. This report was prepared by the Town's Finance Department. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Town. We believe the information, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial positions, results of operations and cash flows of the Town. All disclosures necessary to enable the reader to gain maximum understanding of the Town's financial affairs have been included.

The Comprehensive Annual Financial Report is presented in four sections: Introductory, Financial, Single Audit and Statistical. The Introductory section includes this transmittal letter, the Town's organizational chart and a list of principal officials. The Financial section includes, under the new Governmental Accounting Standards Board Statement No. 34, the Independent Auditors' Report, the Management Discussion and Analysis, the basic financial statements, required supplementary information, and other supplemental information. The Statistical section includes selected financial and demographic information generally presented on a multiyear basis.

The Town is required to undergo an annual Single Audit in conformity with the provisions of the Single Audit Act of 1996 and U.S. Office of Management and Budget Circular A-133, "Audits of State and Local Governments". Information related to this Single Audit, including the schedule of expenditures of federal awards, and independent auditors' reports on the internal control structure and compliance with applicable laws and regulations, are included in the Single Audit section of this report.

The Town of Smithfield is a Rhode Island municipal corporation which provides the following services to its residents: general administrative services, public safety, public works, parks and recreation, social services and education.

GOVERNMENT PROFILE

The Town of Smithfield was settled in 1636 and later incorporated as a town in 1730. The Town, primarily a residential community, comprises 26.7 square miles of land, 1.1 square miles of water and is situated 11 miles northwest of Providence, the State capital. Smithfield is bounded by the Town of North Smithfield on the north, by the Towns of North Providence and Johnston on the south, by the Town of Lincoln on the east and the Town of Gloucester on the west.

The Town operates under a charter form of government, which provides for a five members Town Council, which is responsible for enacting local legislation; and an appointed Town Manager who executes the laws and the administration of the town government. The Town Council is granted all powers to enact, amend or repeal ordinances relating to the Town's property, affairs and government as well as the authorization of the issuance of bonds or notes by ordinance. Members are elected at-large for two (2) year terms.

GENERAL

Except as provided below, under Rhode Island law the Town may not, without special statutory authorization, incur any debt which would increase its aggregate indebtedness not otherwise excepted by law to an amount greater than 3% of the taxable property of the Town. Deducted from the computation of aggregated indebtedness is the amount of any borrowing in anticipation of taxes authorized by law and the amount of any sinking funds maintained by the Town. The 3% debt limit of the Town is \$75,748,145 based on net assessed valuations of \$2,524,938,160 as December 31, 2012. As of June 30, 2014, the Town has \$227,000 of outstanding under the 3% debt limit provision; all other outstanding debt has been authorized by special act of the Rhode Island State Legislature and referenda approved by the Town Electorate.

STATE SCHOOL AID

Pursuant to Rhode Island General Laws Sections 16-7-15 et seq., as amended, the State provides school operations aid to each municipality and school district in the State, subject to annual appropriation by the General Assembly. The statutes provide for reimbursement of school expenditures based on a formula which adjusts the reimbursement ratio based on the relative equalized evaluation of property and median family income of a community relative to the state as a whole. The Town's School Department received \$4,938,651 in direct state aid for the fiscal year ended June 30, 2014. The Town budgeted \$4,979,721 in direct state aid for fiscal year ending June 30, 2015.

The State provides construction aid to Rhode Island municipalities for the cost of building new public schools. All buildings constructed since July 1, 1949 are eligible for assistance of a minimum of 30% of the full cost of such buildings. Such assistance level may be further increased by a formula which takes into account the equalized assessed valuation and debt service burden of the particular municipality. For the fiscal year ended June 30, 2014, the Town received \$340,164 in such construction aid and the Town budgeted \$200,000 for fiscal year ending June 30, 2015.

EDUCATION

A five-member School Committee that is elected at large at the regular biennial elections for staggered four-year terms directs the general administration of the Smithfield School System. The School Committee determines and controls all policies affecting the administration, maintenance, and operation of the public schools in the Town. The School Committee appoints a Superintendent as its chief administrative agent; submits a detailed budget of expenditures and revenues to the Town Council and, once the school budget has been approved, determines the allocation of the amount appropriated. The cost of operating the Town's School System (Unrestricted Fund) for the fiscal year ended June 30, 2014 was \$33,669,411 (excluding the State on-behalf pension contribution). The School Department budget for fiscal year ending June 30, 2015 is \$33,997,806. The cost per student is \$13,903 shared by the Town and the State of Rhode Island in the form of School Operations Aid.

The Town has an elementary school (PK-5), a middle school (6-8) and a senior high school (9-12). As of October at the beginning of each school year, the student enrollment in the Smithfield School System for the past ten years has been and is as follows:

<u>FISCAL YEAR ENDING</u>	<u>ENROLLMENT</u>
2005	2,659
2006	2,625
2007	2,609
2008	2,599
2009	2,555
2010	2,504
2011	2,470
2012	2,407
2013	2,410
2014	2,367

MUNICIPAL SERVICES

The Town provides major public services, which are detailed as follows:

WASTEWATER FACILITIES

The Town maintains all sewer lines and pumping stations within the Town in accordance with the State of Rhode Island's base plan. The Town sewer system extends to approximately 80% of the Town's residents. It was completed at a cost to the Town of \$11,400,000 which was financed through general obligation bonds, which matured in 1998, exclusive of Federal and/or State grants in aid.

The Wastewater Division operates as an Enterprise Fund, with all operations funded from user fees and assessments. This provides a meaningful measure of the financial position and results of operations of the system, and also provides information necessary for calculation of future rate changes. The distribution of the accounts is as follows:

	<u>Accounts</u>	<u>Units</u>
Residential	4,699	5,377
Commercial	333	2,730
Industrial	24	356
Total	<u>5,056</u>	<u>8,463</u>

User charges are assessed each year in an amount necessary to cover the projected operating expenses and debt service of the Sewer Authority for that year. For the fiscal year ended June 30, 2014 residential users were charged a flat rate of \$330 for the year.

In fiscal year ended June 30, 2013, the Town contracted with the firm, Veolia Water North America to operate the Town's wastewater treatment facility over the next ten years. There are approximately \$7.4 million dollars in capital improvements that were recently performed at the sewer plant which were financed through the Rhode Island Clean Water Finance Agency.

SANITATION

Weekly rubbish and garbage collection is provided by the Town through the use of private contractors. For the fiscal year ended June 30, 2014, the Public Works Department expended \$919,948 for these services. For the fiscal year ending June 30, 2015 the approved budget is \$960,000.

PUBLIC WORKS

The Town of Smithfield's Department of Public Works provides a full range of services including street construction and maintenance, snow removal and maintenance of Town facilities. Total expenditures for the fiscal year ended June 30, 2014 totaled \$2,431,884 (including \$250,147 of capital outlays) and budgeted \$2,659,425 for fiscal year ending June 30, 2015.

PUBLIC SAFETY

The Town of Smithfield Public Safety Department provides fire prevention, emergency medical rescue, police patrol, investigations, community education and animal control functions.

The Police Department consists of 42 full-time police officers and 1 auxiliary officer. In addition, there are 12 civilian full-time and 6 civilian part-time employees of support personnel including dispatchers. The Police Department expended \$4,802,060 (including \$110,427 of capital outlays) for fiscal year ended June 30, 2014 and budgeted \$5,034,239 for fiscal year ending June 30, 2015.

The Fire Department has 3 fire stations staffed by 50 full-time fire fighters and support personnel of 5 full-time employees. The Fire Department expended \$4,995,468 (including \$132,350 of capital outlays) for fiscal year ended June 30, 2014 and budgeted \$5,021,812 for fiscal year ending June 30, 2015.

PUBLIC LIBRARIES

There are two public libraries in Town, the Greenville Public Library and East Smithfield Public Library. For the fiscal year ended June 30, 2014 the combined allocation from the Town was \$1,217,734 and budgeted \$1,254,265 for the fiscal year ending June 30, 2015.

EMPLOYEE RELATIONS

The Town of Smithfield currently employs 170 full-time employees exclusive of those employed by the School Department. The School Department employs 219.9 certified employees and 85 full-time and part-time non-certified employees.

The current status of union contract for municipal and school employees is as follows:

Police Department	3 year contract expires June 30, 2016
Fire Department	3 year contract expires June 30, 2016
Police Civilian Employees	3 year contract expired June 30, 2014
Public Works Employees	3 year contract expired June 30, 2014
Town Hall Employees	3 year contract expired June 30, 2014
Teachers	3 year contract expires August 31, 2017
Custodians	3 year contract expires June 30, 2016
Teacher Para-Professionals & Clerical Employees	3 year contract expires June 30, 2015

FINANCIAL INFORMATION

A detail understanding of the financial position and operating results of the Town is provided in the Comprehensive Annual Financial Report (CAFR). The Management's Discussion and Analysis starting on Page 4 of the CAFR provides additional information to assess the Town's financial condition.

INTERNAL CONTROLS

In developing and evaluating the Town's accounting control system, consideration is given to the adequacy of internal accounting controls. Accounting control comprises the plan of organization, procedures and records that are concerned with the safeguarding of assets and the reliability of financial records and consequently is designed to provide reasonable assurance that:

Transactions are executed in accordance with management's general or specific authorization.

Transactions are recorded as necessary (1) to permit preparation of financial statements in conformity with generally accepted accounting principles or any other criteria, such as finance – related legal and contractual compliance requirements applicable to such statements, and (2) to maintain accountability of assets.

Access to assets is permitted only in accordance with management's authorization.

The recorded accountability of assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

The definition of accounting control presumes reasonable, but not absolute, assurance that the objectives expressed in it will be accomplished by the system. The concept of reasonable assurance recognizes that the cost of internal controls should not exceed the benefits to be derived. The benefits consist of reductions in the risk of failing to achieve the objectives implicit in the definition of accounting control.

All internal control evaluations occur within the above framework. We believe that the Town's internal accounting control adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

DEBT ADMINISTRATION

The ratio of net bonded debt to net assessed valuation and the amount of bonded debt per capita are useful indicators of the Town's debt position to municipal management, citizens and investors. This data for the Town at June 30, 2014 is as follows:

	AMOUNT	RATIO OF NET BONDED DEBT TO NET ASSESSED VALUE	DEBT PER CAPITA
Net Bonded Debt	\$14,997,000	0.59%	\$699.81

The Town's bond ratings as of June 30, 2014 are as follows:

- Moody's: Aa2
- S & P: AA

LONG-TERM FINANCIAL PLANNING

The Town Council has continued to support Capital Improvements and Projects. The fiscal year 2015 budget includes an appropriation of \$1,270,000 for the following projects: various town building improvements, radio system upgrades, police vehicles, information technology, resurface basketball and tennis courts, school department technology, and dam and bridge improvements. The Town uses a combination of capital reserve funds, police and fire capital funds, and tax dollars to fund these capital improvements.

The Town Charter calls for a six-year Capital Improvements Program (CIP) bi-annually in odd-numbered years. The CIP is a multi-year planning instrument used by the Town to identify needed capital projects and to coordinate financing and scheduling of major capital equipment and improvements in a way that maximizes the return to the public. Selection and scheduling is based on adherence to community goals, capital needs priorities, the Comprehensive Plan and the Town's fiscal capabilities.

CASH MANAGEMENT

The intention of the cash management system is to limit the amount of funds placed in accounts where low or no interest is paid. Idle cash is invested in various instruments with staggered maturity dates, depending on the anticipated cash requirements during the period. All funds are protected by Federal Insurance and full collateralization at each of the Town's banking institutions.

RISK MANAGEMENT

The Town's properties are insured by the Rhode Island Interlocal Risk Management Trust. This agency was established for the primary purpose of providing insurance to local government entities. The following coverage is proved to the Town of Smithfield: worker's compensation, general liability, automobile liability, public buildings and public officials' liability insurance.

INDEPENDENT AUDIT

In accordance with Town's Charter, the Town's Independent Certified Public Accountants, Marcum, LLP have completed an audit of the accounts and financial statements, and their opinion is included herein.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Smithfield for its comprehensive annual financial report for the fiscal year ended June 30, 2013. This was the sixth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the Comprehensive Annual Financial Report on a timely basis could not have been accomplished without the efforts and dedication of the competent staff of the Department of Finance. I would like to express my appreciation to the Town Controller, my staff and other personnel from various departments who assisted in its preparation. Also, I would like to thank the Town Manager and the Town Council for their interest and support in planning and conducting the financial operation of the Town in a dedicated and responsible manner.

Respectfully Submitted,

REPORT OF INDEPENDENT AUDITORS

To the Town Council
Town of Smithfield, Rhode Island

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Smithfield, Rhode Island as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Smithfield, Rhode Island, as of June 30, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, the Schedule of Funding Progress for Pension Plans, the Schedule of Funding Progress for OPEB Plans, Schedules of Changes in Net Pension Liability and Related Ratios, and Schedule of Employer Contributions, Investment Returns, and Employer's Net Pension Liability on Pages 4 through 15, Pages 75 through 80, Pages 81 through 82, Page 83, Page 84, and Page 85 respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Smithfield, Rhode Island's financial statements. The introductory section, combining and individual nonmajor fund financial statements, other exhibits, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements.

The combining and individual nonmajor fund financial statements, other exhibits, and Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, other exhibits, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Matters (Continued)

Other Information (Continued)

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2014, on our consideration of the Town of Smithfield, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Smithfield, Rhode Island's internal control over financial reporting and compliance.

Report on Summarized Comparative Information

The financial statements of the Town of Smithfield, Rhode Island as of and for the year ended June 30, 2013, were audited by Braver P.C. whose practice was combined with Marcum LLP as of January 1, 2014, and whose report dated December 23, 2013, expressed an unmodified opinion on those statements. In our opinion, the summarized comparative information presented herein for the proprietary funds as of and for the year ended June 30, 2013, is consistent, in all material respects, with the audited financial statements from which it has been derived.

TOWN OF SMITHFIELD, RHODE ISLAND
Management's Discussion and Analysis
For the Year Ended June 30, 2014
(Unaudited)

As management of the Town of Smithfield, we offer readers of the Town of Smithfield's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with the letter of transmittal and the Town's financial statements that follow this section.

Financial Highlights

- ❖ The assets and deferred outflow of resources for the Town of Smithfield exceeded its liabilities at the close of the most recent fiscal year by \$54,092,809. Of this amount, \$16,217,974 may be used to meet the government's ongoing obligations to citizens and creditors.
- ❖ The government's total net position decreased by (\$915,233). The decrease is primarily attributable to the use of fund balance by the school department and an increase in the Town's Net Pension Obligation.
- ❖ As of the close of the fiscal year, the Town of Smithfield's governmental funds reported combined ending fund balances of \$23,654,967. Approximately 9.5% of this amount, \$2,245,791 is unassigned and available for use at the government's discretion.
- ❖ The remaining fund balance of \$21,409,176 includes \$1,231,691 in non-spendable funds, \$372,198 in restricted funds, \$16,640,287 in committed funds, and \$3,165,000 in assigned funds.
- ❖ At the end of the current fiscal year, the General Funds unassigned fund balance was \$3,239,287, or 10.6% of the total general fund expenditures for the fiscal year. The general fund's current fiscal year's revenues and transfers exceeded expenditures and transfers by \$142,435.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town of Smithfield's basic financial statements. These basic financial statements consist of three components:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

In addition to the basic financial statements, this report also contains other supplementary information. The Town's basic financial statements and other supplementary information provide information about the Town's activities. They provide both a short-term and a long-term view of the Town's financial health as well as information about activities for which the Town acts solely as a trustee for the benefit of those outside of the Town's government.

Government-wide financial statements – are designed to provide readers with a broad overview of the Town's finances in a manner, which is similar to a private-sector business. They are presented on the accrual basis of accounting where revenues and expenditures are recognized on the date they occurred rather than on the date they were collected or paid.

The *Statement of Net Position* presents information on all of the Town's assets, deferred outflow of resources, liabilities, and deferred inflow of resources with the difference between these reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *Statement of Activities* presents information which shows how the Town's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods. Examples are uncollected taxes and earned but unused compensated absences.

Both of the government-wide financial statements distinguish functions of the Town of Smithfield, which are supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The Town's governmental activities include general government, public safety, public works, public health and assistance, public libraries, education, recreation and senior activities, and interest on long-term debt. The business-type activities of the Town include the Sewer Authority, Water Supply Board, Ice Rink, and School Lunch Program.

The government wide financial statements are reported on Pages 16 through 17.

Fund financial statements - A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Smithfield, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories-governmental funds and proprietary funds.

Governmental Funds - Governmental funds (Pages 18-21) are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town of Smithfield maintains governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund and the School Special Revenue Unrestricted Fund, which are considered to be major funds. Data from the other funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds - The Town of Smithfield's proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town has four enterprise funds. The Smithfield Sewer Authority, which accounts for the Town's sewer system; the Water Supply Board, which accounts for the Town's water system; the Smithfield Ice Rink, which houses an ice rink and associated facilities; the School Lunch Program, which accounts for School Lunch operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Smithfield Sewer Authority, Smithfield Water Supply Board, Smithfield Ice Rink, and School Lunch Fund.

The proprietary fund financial statements are presented on Pages 22 through 25.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because resources of those funds are *not* available to support the Town of Smithfield's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on Pages 26 and 27.

Notes to Financial Statements -The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are presented on Pages 28 through 74.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information pertinent to the Town of Smithfield's operations. Required Supplementary information is presented on Pages 75 through 85.

The combining statements referred to earlier in connection with non-major governmental funds and proprietary funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules are presented on Pages 86 through 102.

Government-wide Financial Analysis

As noted earlier, over time net position may serve as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. In the case of the Town of Smithfield, assets exceeded liabilities by \$54,092,809 as of June 30, 2014.

Listed below is a comparison of the current and prior fiscal years.

By far largest portion of the Town's net position \$37,874,835 (70%) reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery, and equipment); less any related debt used to acquire these assets that are still outstanding. The Town uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of unrestricted net position \$16,217,974 may be used to meet the government's ongoing obligations to its citizens and creditors.

The Town's net position decreased by (\$915,233) during the current fiscal year. The decrease is primarily attributable to the use of fund balance by the school department and an increase in the Town's Net Pension Obligation. Of this amount, governmental activities accounted for (\$596,250) of the decrease, while business-type activities accounted for a decrease of (\$318,983).

Governmental Activities

Governmental activities decreased the Town's net position by (\$596,250) for the current period, which is an overall decrease of (1.76%) in the Town's governmental net position.

Property taxes increased by \$1,779,398 (3.49 percent) during the year. Most of this increase is the product of additional taxable value generated from enhancements to the electricity utility's infrastructure throughout town and continued collection efforts for both current and delinquent taxes. Operating grants for governmental activities increased by \$486,776, while charges for services increased by \$84,643.

The net change in fund balance for the fiscal year ended June 30, 2014 was a decrease of (\$452,281) for the Town's governmental fund types. The reduction in fund balance was due mainly to School Department's use of \$769,893 in fund balance for fiscal year 2014.

There are various other items which are reconciliations between the Statement of Activities and the Schedule of Revenues, Expenditures and Changes in Fund Balances, all of which can be seen on Page 20.

The following presents the Changes in Net Position for the current year's activity.

Education expenses account for approximately 53.5 percent of the total expenses within the governmental funds of the Town of Smithfield. Public safety and General government expenses account for approximately 25.7 percent and 9 percent, respectively of the total expenses for the 2014 fiscal year. Major expense factors include:

- Governmental activities expenses increased by \$1,323,429 from \$65,661,015 to \$66,984,444. The increase was largely generated from increases in Education and Public Works expenditures. While Public Safety and Education also recognized an increase of \$41,429 and \$554,886, respectfully.
- Public works saw an increase in expenditures by \$429,245 from \$4,598,921 to \$5,028,166 due to an increase in capital outlay which took place during the fiscal year.
- Interest of long term debt decreased by (\$44,769) based on a declining debt schedule.

Business-type Activities – Net position in business-type activities decreased by (\$318,983) resulting in a (1.5%) decrease in business-type net position.

Charges for services for business-type activities accounted for 95.7% of the total revenue sources. The balance of revenues for business-type activities was from operating grants and contributions of 3.6%, and investment earnings of 0.7%.

Sewer authority expenses account for approximately 56.4% of the total expenditures within the business-type activities of the Town. Water Supply Board, Ice Rink, and School Lunch Program expenses account for approximately 22.8%, 11.3%, and 9.5%, respectively of the total business-type activities expenditures for the 2014 fiscal year.

Charges for service for business-type activities increased by \$220,102 from \$5,556,697 to \$5,776,799. The Sewer Authority fund had an increase of \$107,808. Increases in delinquent and current collections helped with the slight increase. Charges for services in the Water Supply Board fund and the Ice Rink fund increased by \$167,903 and \$7,869 respectively. School Lunch Programs recognized a decrease of (\$37,478) in food sales due primarily to a reduction in the quantity of meals sold while recognizing an increase in operating grants of \$24,040. Unrestricted investment earnings increased from \$14,442 to \$43,443 for all business-type activities. The slight increase in interest rates earned on investments and a gain of \$26,000 on sale of an asset was responsible for generating the increase in this revenue source.

Expenses in the Sewer Authority fund increased by \$500,113 as of result an increase in the service contract fee with the plant's operator and debt service payments that took place during the fiscal year. Water Supply expenses increased by \$165,056 due to increases in the cost of water purchased through Providence Water Supply and the depreciation of assets. The Ice Rink fund experienced an increase of \$56,135 due to benefit changes and increased maintenance costs. The School Lunch Program fund recognized a decrease in expenditures of (\$40,985) due to a reduction in the cafeteria operating costs.

Financial Analysis of the Town of Smithfield's Funds

Governmental Funds -The focus of the Town of Smithfield's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, the unreserved fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$23,654,967. Approximately 9.5% of the total amount, or \$2,245,791 constituted unassigned fund balances. The remainder of the fund balance is non-spendable, restricted, committed or assigned for future commitments or designated for specific purposes. The fund balance in the General Fund increased due to a positive variance of revenues in excess of expenditures of \$142,435. While the fund balance in the School Unrestricted Fund decreased by (\$769,893) due to expenditures for capital projects and revenue shortfalls. The School Unrestricted Fund planned on the decrease and budgeted the use of fund balance for fiscal 2014.

For a more detailed review of changes in fund balances, see the statement of revenues, expenditures and changes in fund balances on Page 20.

Proprietary Funds -The Town of Smithfield's proprietary fund statements provide the same type of information as presented in the government-wide financial statements, but in more detail.

Unrestricted net position in the Sewer Authority at the end of the fiscal year amount to \$5,017,788, an increase of \$32,401. Unrestricted net position in the Water Supply increased by \$217,028 for a total of \$954,209. The Ice Rink finished the year with an unrestricted net position of \$492,618, which was an increase in value of \$44,085. The School Lunch Program recognized a decrease in unrestricted net position by (\$6,356) due to an increase in its investment in capital assets.

General Fund Budgetary Highlights

For the year ended June 30, 2014, the General Fund revenues and transfers were under budget projections by \$720,132, or 1.12%. General Fund expenditures were under budget by \$1,289,366, or 2%. This resulted in a \$569,234 budgetary surplus in the General Fund for the year ended June 30, 2014. See details on Pages 75 through 78.

Revenues:

General property taxes - were under budget by \$168,041 or .3%.

Intergovernmental revenues - were over budget by \$305,761 due to conservative budgeting for state aid revenues based on the Governor's Budget.

License, fees and permits - were over budget by \$510,645 due to an unanticipated increase in building permit fees and recording fees collected.

Other funding sources - were under budget by \$1,367,522 due to the availability of other revenue sources and the lack of need to transfer amounts from other funds.

Expenditures:

Public Safety - was over budget by \$220,802 due to covering long-term vacancies.

Public Works – was under budget by \$150,579 due to unfilled positions.

Town Miscellaneous - was under budget by \$767,152 due to savings realized due to unfilled positions and reductions in health benefits and operating costs.

Municipal Capital Improvements – was under budget by \$232,871 due to project time constraints.

The Town of Smithfield's Capital Assets

The Town of Smithfield's investment in capital assets for its governmental and business-type activities as of June 30, 2014 amounts to \$61,427,480 (net of accumulated depreciation). The investment in capital assets includes land, buildings, improvements, machinery and equipment, park facilities, infrastructure, and construction in progress.

Note 7, Pages 48 through 51 provides additional information on the Town's long-term debt obligations.

The Town's general obligation bond rating as assigned by Moody's Investors Service in 2012 is Aa2 and AA by S&P. The State of Rhode Island imposes a limit of 3 percent of the fair value of all taxable Town property on the general obligation debt that a municipality can issue. The Town of Smithfield's limit is \$75,748,145 at year-end. The Town's outstanding governmental activities general obligation debt is \$14,770,000 and business-type activity debt of \$227,000 at year-end, of which only \$227,000 is subject to the legal debt margin. See Schedule 12 on Page 117 (Statistical Section) for a further explanation of debt subject to the margin.

EMPLOYMENT

Since Smithfield is easily accessed via Interstate 295 and U.S. Route 44 and is strategically located 50 minutes from Boston and 10 minutes from Providence most employment opportunities extend outside the Town. The principle employers are the Fidelity Investments, Town of Smithfield and Bryant University.

HOUSING

At the end of June 2014 the median sale price for single family homes in Smithfield was \$231,200 and the median price of all sales was \$231,000

POPULATION

In 2010 Smithfield was ranked 17th in population among the thirty-nine cities and towns in Rhode Island. Based on the U.S. Bureau of Census, Smithfield experienced a moderate increase in populations from 1970 through 2010.

Population in the Town from 1950 to 2010 was as follows:

<u>Years</u>	<u>Population</u>
1950	6,690
1960	9,442
1970	13,468
1980	16,886
1990	19,163
2000	20,613
2010	21,430

Economic Factors and Next Year's Budgets and Rates

Smithfield is known as the Apple Valley for orchards. In the 20th century, the Town transformed into a suburban community with a solid industrial and commercial base. Residential accounts for 67.17% of the tax base while commercial and industrial account for 22.35% of the tax base.

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds (Exhibit B-2) to the Statement of Activities (Exhibit A-2)
Year Ended June 30, 2014**

Net Change in Fund Balances - Total Governmental Funds (Exhibit B-2):	\$ (452,281)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital expenditures (which were capitalized as capital assets) in the current period.	416,856
Proceeds from issuance of long-term debt are reported as other financing sources in the fund statements but are not reported on the statement of activities in the government-wide statements.	(754,671)
Governmental funds report principal repayments on debt obligations as an expenditure. However, the repayment of principal has no effect on the net position.	1,401,130
Decrease in the Net OPEB Obligation is reported as a reduction to expense for governmental activities but is not reported as an expenditure in the fund financial statements. This is the decrease in the Net OPEB Obligation for fiscal 2014.	1,839
Increase in the Net Pension Obligation is reported as an expense for governmental activities but is not reported as an expenditure in the fund financial statements until it is paid with measurable and available resources. This is the increase in the Net Pension Obligation for fiscal 2014.	(849,967)
Governmental funds report deferred outflows on refundings and premiums on debt financing when they occur. The Statement of Activities amortizes these costs over the life of the obligations. This is the net amount of the amortization of bond discounts, premiums, and deferred charges on refundings.	(8,224)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds. Net unavailable tax revenue decreased from fiscal 2013.	(339,857)
Accrued interest on long-term debt obligations is reported in the governmental activities but is not reported in the government fund statements. This is the decrease in accrued interest expense in fiscal 2014.	7,300
Increase in compensated absences. The governmental fund reflects this activity when it will be paid with measurable and available resources. The change from prior year balances is reflected in the statement of activities and changes in net position.	<u>(18,375)</u>
Change in Net Position of Governmental Activities in the Statement of Activities (Exhibit A-2)	<u>\$ (596,250)</u>

TOWN OF SMITHFIELD, RHODE ISLAND

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town complies with generally accepted accounting principles (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Reporting Entity

The Town of Smithfield was settled in 1636 and later incorporated as a Town in 1730. The Town is a municipal corporation governed by a Council/Town Manager form of government with a five-member Town Council headed by a Council President. The financial statements and related notes include the activity and net position of the Smithfield Public School, a department of the Town of Smithfield, Rhode Island.

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 61. Under GASB Statement No. 61, a legally separate entity is required to be included as a component unit if it is fiscally dependent upon the primary government and there is a financial benefit or burden relationship present. The primary government is financially accountable if it appoints the voting majority of the organization's governing board and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A potential component unit has a financial benefit or burden relationship with the primary government if, for example, any one of the following conditions exists:

- a. The primary government is legally entitled to or can otherwise access the organization's resources.
- b. The primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization.
- c. The primary government is obligated in some manner for the debt of the organization.

The following entities were considered for classification as component units for fiscal year 2014, but did not meet the criteria to be reported as component units and as such are omitted from these financial statements.

- Greenville Public Library
- East Smithfield Public Library
- East Smithfield Neighborhood Center

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities report information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, deferred outflow of resources, liabilities, deferred inflow of resources, fund equity, revenues, and expenditure/expenses. Funds are organized into three major categories: governmental, proprietary and fiduciary. Major individual governmental funds and enterprise funds are reported as separate columns in the fund financial statements. A fund is considered a major fund if it is the primary operating fund of the Town or meets the following criteria:

- (a) Total assets and deferred outflow of resources, or liabilities and deferred inflow of resources, or revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type,

and

- (b) Total assets and deferred outflow of resources, or liabilities and deferred inflow of resources, or revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The General Fund is the primary operating fund of the Town and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are committed or restricted to expenditures for specific purposes other than debt service or capital projects.

Governmental Funds (Continued)

Capital Project Funds

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Permanent Funds

The Permanent Funds account for assets held by the Town pursuant to trust agreements. The principal portion of this fund type must remain intact, but the earnings may be used to achieve the objectives of the fund.

Proprietary Funds

Proprietary funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. Proprietary Funds include Enterprise and Internal Service Funds. The Town currently maintains four enterprise funds and has no internal service funds.

Fiduciary Funds (Not included in government wide statements)

Agency Funds

Agency funds account for assets held by the Town in a purely custodial capacity. The reporting entity includes four agency funds at June 30, 2014. Since agency funds are custodial in nature (i.e. assets equal liabilities), they do not involve the measurement of results of operations. The agency funds are as follows:

- Pupil Activity Fund
- Probate Court Fund
- Street Lighting Fund
- Soil Erosion Fund

Pension and Other Post Employment Benefit Trust Funds (OPEB)

Pension and Other Post Employment Benefit (OPEB) Trust Funds are used to account for resources legally held in trust for use for payment of pension and OPEB benefits, and cannot be used at the Town's discretion or to support the Town's general operations. The reporting entity has three such trust funds, Police Pension Trust Fund, Fire Pension Trust Fund and OPEB Trust Fund. These funds are used to account for the activity and balances of funds restricted for the future retirement benefits of public safety personnel and OPEB benefits for all Town personnel (including school department).

TOWN OF SMITHFIELD, RHODE ISLAND

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

All governmental funds utilize a "current financial resources" measurement focus and the modified accrual basis of accounting. Only current financial assets, deferred outflow of resources, liabilities, and deferred inflow of resources are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. The Town considers property taxes as available if they are collected within 60 days after year end. Grant revenue (for expenditure reimbursement grants) of the governmental funds is generally recognized as revenue when earned as long as the payment is expected to be received within twelve months after year end. Substantially all other revenue of the governmental funds is recognized utilizing the modified accrual method of accounting and as such is recognized as revenue when received.

The proprietary funds and private purpose trust funds utilize "economic resources" measurement focus and the accrual basis of accounting. The accounting objectives of this measurement focus are the determination of net income, financial position and cash flows. All assets, deferred outflows of resources, liabilities (whether current or noncurrent), and deferred inflows of resources associated with their activities are reported. Fund equity is classified as net position.

Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflow of resources, liabilities, and deferred inflow of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

All proprietary funds, agency funds, and private purpose trust funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Amounts reported as program revenues include charges to customers or applicants for licenses, fees, goods, services or privileges provided, operating grants and contributions, and capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the proprietary fund's principal operation. The principal operating revenues of the enterprise funds are charges for services provided in accordance with the fund's purpose. Operating expenses for the enterprise funds include the costs of providing the services, including administration and depreciation on capital assets. All other revenue and expense items not meeting these criteria are reported as nonoperating revenues and expenses.

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

Cash and cash equivalents

Cash equivalents include amounts invested in certificate of deposits which when purchased can be accessed at any point in time. Substantially, all of the Town's cash and cash equivalents are held in public deposit institutions. Pursuant to Section 35-10-1 of the Rhode Island General Laws, as of October 1, 1991, public deposit institutions are required to insure accounts which hold public funds in excess of the \$250,000 which is guaranteed by FDIC. At times, the Town pools cash resources of its various funds to facilitate the management of cash and maximize investment returns.

State statutes and the Town charter authorize the Town to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, and repurchase agreements.

Investments

The Town invests in various types of investments, which are stated at fair value based on quoted market prices.

Accounts Receivable

In the government-wide statements, receivables consist of revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes (89% of balance) and intergovernmental receivables. Business-type activities report uncollected service fees as its major receivables.

In the fund financial statements, receivables in governmental funds include revenue accruals such as property taxes collected within 60 days of year-end and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions earned/measurable but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Proprietary fund receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

***Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance
(Continued)***

Property Taxes

Real and personal property taxes are based on values assessed as of each December 31 (lien date) and attach as an enforceable lien on property as of July 1 (levy date). Taxes are due in equal quarterly installments on September 1-30th, December 1-31st, March 1-31st; and June 1-30th following the levy date. The taxpayer may elect to pay the taxes in full or pay quarterly as noted above. Taxes due and unpaid after the respective due dates are subject to interest at a rate of 12% per annum calculated on the unpaid portion of the total tax dating back to September 30th. An automatic lien is placed on the taxpayer's property if payment has not been received by the tax due date. Property taxes levied are recorded as receivables in the fiscal year of the levy. Property tax revenues are recorded in accordance with the modified accrual basis of accounting in the fund financial statements.

Prepays

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid assets. Prepays recorded in governmental type funds do not reflect current appropriated resources and, as such is reported as nonspendable fund balance.

Capital Assets

Government-Wide Statements

In the government-wide financial statements, long-lived assets (property, plant, equipment, and infrastructure) are accounted for as capital assets. All capital assets are reported at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their estimated fair value at the date of donation. The Town established a capitalization threshold of \$10,000 for an individual item with a useful life in excess of one year.

The government-wide financial statements include all infrastructure assets in accordance with GASB Statement #34.

Depreciation of all exhaustible capital assets is recorded, as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the estimated useful life using the straight-line method of depreciation. The estimated useful lives by type of asset is as follows:

Buildings and improvements	3 - 60 years

***Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance
(Continued)***

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for in the same manner as in the government-wide statements.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet can report deferred outflows of resources. Deferred outflow of resources represents a consumption of net position that applies to a future period which will not be recognized as an outflow of resources (expense/expenditure) until that later date. At June 30, 2014 the Town of Smithfield, Rhode Island had one item qualifying as a deferred outflow of resources; deferred charge on debt refunding reported in the government-wide statement of net position. The deferred charge on the refunding of \$123,661 represents the unamortized balance of the difference between the carrying value of the refunded debt and the new debt.

In addition to liabilities, the statement of net position and/or balance sheet can report deferred inflows of resources. Deferred inflows of resources represent the acquisition of net position that applies to a future period and which will not be recognized as an inflow of resources (revenue) until a later date. At June 30, 2014 the Town of Smithfield, Rhode Island had one item qualifying as a deferred inflow of resources in the governmental funds balance sheet. Unavailable tax revenue represents property taxes receivables which are assessed on December 31, 2012 and prior and is not collected within 60 days of June 30, 2014. Net unavailable tax revenue included in the fund financial statements was \$1,191,735 at June 30, 2014. This amount is deferred and will be recognized as an inflow of resources in the year(s) in which the amounts become available.

Interfund Transactions

Interfund activity within and among the funds of the Town have been classified and reported as follows:

- Reciprocal interfund activities:
 - Interfund loans are reported as interfund receivables in the lending fund and interfund payables in borrower funds.
 - Interfund services are reported as revenues in the seller fund and as expenditures or expenses in the purchasing fund.
- Non-reciprocal interfund activities:
 - Interfund transfers are reported in governmental funds as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In proprietary funds transfers are reported after nonoperating revenues and expenses.

Interfund Transactions (Continued)

- Interfund reimbursements are repayments from the fund responsible for particular expenditures or expenses to other funds that initially paid for them. Reimbursements are not displayed separately within the financial statements.

Fund Balance Transactions

The re-appropriation of prior year's unexpended balances for certain accounts in the General Fund is reported as a transfer of fund balance in the current year for budgetary purposes.

Net Position

In the Government-wide and Proprietary Fund financial statements net position is classified in the following categories:

- (a) Net Investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- (b) Restricted net position - Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- (c) Unrestricted net position - All remaining net position that does not meet the definition of "restricted" or "net investment in capital assets".

Fund Balance

In accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, fund balance is classified as nonspendable, restricted, committed, assigned, or unassigned. These categories are defined below:

- Nonspendable Fund Balance – includes the amount of fund balance that cannot be spent because it is either (a) not in spendable form or (b) legally or contractually required to be maintained intact. "Not in spendable form" includes items that are not expected to be converted to cash within one year.
- Restricted Fund Balance – includes amounts that are restricted to specific purposes. Fund balance is reported as restricted when constraints placed in the use of resources are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

Fund Balance (Continued)

- Committed Fund Balance – includes amounts that can be used only for the specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The Town Council is the highest level of decision-making authority and utilizes Town Ordinances as a formal procedure to commit fund balance. In addition, the passage of the budget by the taxpayers at the annual financial Town meeting is considered the commitment of funds for the line items included in the fiscal budget.
- Assigned Fund Balance – includes amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes. The Town Manager through the Town Council has the authority to assign fund balance. Fund balance assigned by the Town Manager is documented through issuance of a memorandum.
- Unassigned Fund Balance – is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The unassigned fund balance may also include negative balances for any governmental funds if the expenditures exceed amounts restricted, committed or assigned for specific purposes.

Application of Funds

Expenditures may be incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) amounts are available. Composition of the ending fund balance will be determined by applying the following: In those instances where restricted and unrestricted amounts are available, restricted amounts will be considered to have been spent first [as allowed and in compliance with stated and specified terms or requirements], followed by committed amounts, assigned amounts, and lastly unassigned amounts.

Minimum Fund Balance

Per the Town's Home Rule Charter: "After each fiscal year, to the extent that the undesignated fund balance exceeds five percent (5%) of the subsequent fiscal year appropriations, commencing with fiscal year 2001, sixty-six and two-thirds percent (66 2/3%) of the excess amount in the undesignated fund balance shall be transferred to the Capital Reserve Funds and thirty three and one-third percent (33 1/3%) of the excess amount in the undesignated fund balance shall be transferred to the Land Trust Fund." Due to the fact that this minimum fund balance policy is part of the Town's Home Rule Charter, the amount calculated at year-end is reported as restricted fund balance in the Town's General Fund.

Minimum Fund Balance (Continued)

It is anticipated that this is a level sufficient to provide for the required resources to ensure short-term cash availability when revenue is unavailable or unanticipated expenditures (including emergencies) occur. If the unassigned fund balance falls below the minimum parameter, the Town Council will adopt a plan and a time frame in which to bring the unassigned fund balance into compliance with the Town's Home Rule Charter.

Compensated Absences

It is the policy of the Town to permit employees to accumulate a limited amount of earned but unused vacation and sick leave benefits, which will be paid to the employee upon separation from Town service. Compensated absences that are expected to be liquidated with expendable available financial resources are reported as expenditure and a fund liability of the governmental fund that will pay it. Amounts not expected to be liquidated with expendable available resources are reported as long-term debt in the government-wide financial statements. Long-term debt and other obligations financed by the proprietary funds are reported as liabilities in the appropriate funds. A liability for compensated absences is recorded in the governmental funds only if the liability became due at June 30, 2014 as a result of employee resignation or retirements. At June 30, 2014 there is no amount reported in the liabilities of the governmental funds.

Compensated absences which are liquidated during the fiscal year are allocated to the applicable fund in which the employee's compensation is allocated. Compensated absences are generally allocated to the Town's General Fund for Town personnel (excluding those working in the business-type activities) and the School Unrestricted Fund.

Reconciliation of Government-wide and Fund Financial Statements

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities are not due and payable in the current period and therefore are not reported in the funds." The details of this \$19,839,195 are as follows:

Bonds and lease purchase obligations, excluding premium on bonds (\$95,971).....	\$15,547,080
Compensated absences	<u>4,292,115</u>

Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense." The details of this \$416,856 difference are as follows:

Fund expenditures capitalized for reporting in	
Government-wide statements	\$2,935,990
Depreciation expense	<u>(2,519,134)</u>
Net adjustment	<u>\$ 416,856</u>

Another element of that reconciliation states that, "Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds." The details of this (\$339,857) difference are as follows:

Net unearned tax revenue - ending	\$1,191,735
Net unearned tax revenue – beginning	<u>(1,531,592)</u>
Net adjustment (increase net position)	<u>(\$ 339,857)</u>

Recently Issued Accounting Standards

During the fiscal year ended June 30, 2014 the Town implemented the following new accounting pronouncements:

- GASB Statement No. 67 – Financial Reporting for Pension Plans – An Amendment of GASB Statement No. 25.

The following are recently issued governmental accounting standards which will be applicable in future years:

- GASB Statement No. 68 – Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27, effective for the fiscal year ending June 30, 2015.
- GASB Statement No. 69 – Government Combinations and Disposals of Government Operations, effective for the fiscal year ending June 30, 2015.
- GASB Statement No. 71 – Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68, effective for the fiscal year ending June 30, 2015.

The impact of these pronouncements on the Town's financial statements has not been determined.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Comparative Totals

The financial statements include certain prior year summarized comparative information. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Town of Smithfield's financial statements for the year ended June 30, 2013 from which the summarized information was derived.

2. BUDGETARY PROCESS

The Town Council conducts a hearing on the proposed budget submitted by the Town Manager in May of each year based upon requests submitted by Town departments and municipally supported agencies. The Council then makes modifications and its recommended budget is placed before the Financial Town Meeting.

The Financial Town meeting of the Town of Smithfield, Rhode Island is held annually in June. Eligible Smithfield residents, who must be registered voters, determine the tax levy for the coming fiscal year as the result of their vote upon the proposed municipal budget. Each activity of the budget may be debated and voted upon. Increases in the Council-recommended budget require an 80% favorable vote (commonly referred to as the "80% Rule") to open discussion. Following discussion, a simple majority is required for approval. Budget reductions require a simple majority to discuss or authorize.

The Town Moderator, who is appointed by the Council, conducts the Financial Town Meeting. The Town Council sits as the Budget Committee, and responds to questions along with the Town Manager and staff regarding the recommended municipal budget. The moderator conducts the meeting, ensures that the Rules of Order are enforced, and provides adequate opportunity for discussion upon each issue. Based on state statutes, the School Committee is authorized to spend funds up to the total amount appropriated for the Unrestricted Fund, which is considered the fund level. The budget of the School Unrestricted Fund is prepared annually and submitted to the School Committee for approval. The amount of the annual transfer from the Town's General Fund to the School Unrestricted Fund is ultimately determined through the adoption of the General Fund budget.

2. BUDGETARY PROCESS (Continued)

Town ordinances require an annual budget for the General Fund. The practices used in the preparation of budget differ in certain respects from the presentation of the actual results of operations prepared in accordance with GAAP. The actual results of operations, for purposes of the Statement of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual on Budgetary Basis – General Fund has been adjusted to basis consistent with the Town's budget. Certain annual appropriations are carried over to next year's budget. There were \$4,101,748 of supplemental budgetary appropriations (RUBS) made during the fiscal year ended June 30, 2014. RUBS available at June 30, 2014 to be carried over to fiscal 2015 totaled \$4,211,592.

Amendments to operating budgets that do not result in additional appropriations may be made within departments by means of a transfer. The Finance Director has authority to make or approve such transfers within departments. The Town Council has the authority to amend the budget. Management must seek approval of the Town Council for all over-expended appropriations.

The adjustments necessary to reconcile actual revenues and expenditures reported on a budgetary basis of accounting to revenue and expenditures reported in accordance with generally accepted accounting principles can be found in the required supplementary information on Pages 79 and 80.

3. CASH AND INVESTMENTS

The State of Rhode Island requires, that certain uninsured deposits be collateralized. Section 35-10.1-7 of the General Laws of the State of Rhode Island, dealing with the collateralization of public deposits, requires that all time deposits with maturities of greater than 60 days and all deposits in institutions that do not meet the minimum capital requirements of its Federal regulator must be collateralized.

Deposits

The carrying amount of the Town's cash and cash equivalents at June 30, 2014 was \$27,592,119 (including Fiduciary Funds but excluding cash on deposit with funding agency) while the bank balance was approximately \$26,411,700. Of the bank balance, approximately \$3,768,000 was covered by federal depository insurance while the remaining balance was 100% collateralized.

Investments

At June 30, 2014 the Town's investments totaled \$29,049,201 (including \$27,115,354 held in Fiduciary Funds and \$1,933,847 held in the General Fund) and consisted of the following:

3. CASH AND INVESTMENTS (Continued)

Investments (Continued)

Investments of all idle funds must be made through national banks or trust companies, provided that the financial conditions and integrity of said institution or institutions are verifiable and can be monitored. The investment of operating funds shall be in direct obligations of the United States Government and "money market instruments" rated "A" or better. Fiduciary fund investments are made in accordance with the plan documents. Investments in any one institution cannot exceed five percent of that institutions capital and surplus as set forth in the institutions most recent audited financial statements.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The Town limits its exposure to fair value losses arising from changes in interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity. The Town invests operating funds primarily in shorter-term securities, money market funds, or similar investment pools although the Town does not have a formal policy relating to a specific investment related risk.

Concentration of Credit Risk

The Town's policy is to maintain a diversified portfolio to minimize the risk of loss resulting from an over concentration of assets in a specific industry and a specific maturity.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of financial institution failure, the Town's deposits and/or investments may not be returned. The Town does not believe that it has a significant custodial credit risk as substantially all investments securities are registered and held in the name of the Town. Additionally, the Town places deposits in financial institutions that are FDIC insured up to \$250,000, rated "well capitalized" on its most recent audited financial statement/SEC filings if deposits exceed \$250,000, and if the capital ratios are currently acceptable but appear to be in jeopardy, the Town will engage an outside rating agency to determine status of the institution. The Town also ensures that all uninsured deposits greater than \$250,000 are collateralized.

Credit Risk

Generally credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation and the Town will not be able to recover the value of its investment or collateral securities possessed by another party. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. Government securities or obligations explicitly guaranteed by the U.S. Government are not considered to have credit risk exposure. At June 30, 2014 the Town's investments in tax exempt municipal obligations totaled \$507,692 and are subject to credit risk of the municipality.

4. PROPERTY TAXES AND ASSESSMENTS RECEIVABLE

The Town assesses taxes each December 31st and the levy thereon may be paid in full on or before September 30th, or quarterly, on or before September 30th, December 31st, March 31st, and June 30th, without penalty, at the taxpayer's option.

During the year ended June 30, 2014, the Town received \$279,144 from the State of Rhode Island as payment in accordance with legislation regarding the phase-out of motor vehicle tax. Under the law, excise tax on motor vehicles and trailers were originally supposed to be phased out entirely over a seven-year period commencing with the 1999-2000 fiscal year. Based on fiscal problems with the State budget over the last several years the program has been reduced to a maximum exemption of \$6,000 as of June 30, 2007 in accordance with legislation passed as part of the State's budget for the fiscal year ended June 30, 2007. The phase-out program freezes the tax rate at \$39.00 which was the rate in fiscal year 1997-1998. The exemption remained at \$6,000 per vehicle for the 2007-2008 and 2008-2009 fiscal years. During fiscal 2010 the State reduced the reimbursement amount for the 3rd and 4th quarters of the fiscal year. Effective July 1, 2010 the State reduced the exemption amount to \$500 per vehicle however the Town was required to maintain the rate frozen at \$39.00.

The State of Rhode Island has also passed legislation to phase-out wholesale and retail inventory tax over a ten-year period effective July 1, 1999. The phase-out of this tax was supposed to be supplemented through an increase in General Revenue Sharing (GRS). The GRS was supposed to be increased from the effective rate of 1% on June 30, 1998 to 4.7% on June 30, 2009. Based on fiscal problems with the State budget over the last few years the program did not increase as scheduled in the 2006, 2007, 2008, or 2009 fiscal years. In fiscal 2004, 2.7% of total State tax revenues were earmarked for GRS to cities and towns. In fiscal 2005 an additional \$1 million was added to the total GRS to cities and towns rather than the planned increase to 3% of the State tax revenues. In fiscal 2006 GRS was increased to 3% of the State tax revenues. In Fiscal 2007 GRS was increased by \$137,875 and then cut by \$10,000,000 in fiscal 2008. During the 2009 fiscal year GRS was cut by another \$25,111,876 through the final adopted supplemental State budget. In fiscal 2010 the Governor's budget eliminated all GRS to Cities and Towns resulting in a loss of over \$25,000,000 to local communities.

An automatic lien is placed on the taxpayer's property if payment has not been received by the due date. Interest is charged on past due accounts at a rate of 12% per annum calculated on the unpaid portion of the total tax.

Net property taxes levied for the fiscal year 2014 were based on a net assessed value of approximately \$2,524,938,000 at December 31, 2012 and amounted to approximately \$51,714,000. Collections through June 30, 2014 amounted to approximately \$48,620,000, which represents approximately 94% of the total tax levy. The collection percentage as of August 31, 2014 including the 60 day rule receipts was approximately 97%.

The Town recognizes property tax revenues in accordance with Section P70, "Property Taxes" of the Codification of Governmental Accounting and Financial Reporting Standards on the Fund statements. Unpaid property taxes as of June 30, 2014 (\$5,662,433) are recorded as a receivable, net of an allowance for uncollectible property taxes of \$1,645,757. Those net property taxes receivable which were not collected within the 60 days immediately following June 30, 2014 are recorded as unearned tax revenue and amounted to \$1,191,735 at June 30, 2014. Property taxes recognized as revenue on the Fund statements for the fiscal year ended June 30, 2014 (due to their collection within the 60 days immediately following June 30, 2014) amounted to \$2,824,941.

The allowance for uncollectible accounts is based on that portion of current and delinquent taxes receivable which is estimated to be doubtful of collection. This provision does not constitute an abandonment of claim or cessation of collection efforts.

7. LONG-TERM DEBT

(a) General

All of the Town's general obligation debt (now outstanding or authorized by unissued) has been authorized pursuant to the General Laws of the State of Rhode Island or special acts of the State Legislature. Each special act provides for approval thereof by the electors of the Town. After referendum approval has been secured, the borrowing must be authorized by resolution of the Town Council and adopted by a vote of the majority.

The Rhode Island General Laws provide that no Town shall, without special statutory authority, incur any debt which would increase its aggregate indebtedness beyond three (3%) percent of the taxable property of the Town. Tax anticipation notes are not included in the computation of the legal debt limit. Debt may be incurred in excess of the three percent limit with the approval of the State Director of Administration. At June 30, 2014 all of the Town's bonds and notes outstanding or authorized but unissued are either specifically exempt from the three percent debt limit or are within such limit.

At June 30, 2014 the three (3%) debt limit of the Town was approximately \$75,748,000 based on the net assessed value of property at December 31, 2012 of \$2,524,938,000.

At June 30, 2014 the Town had a total of \$3,890,000 in authorized, unissued debt consisting of the following:

• Town Hall Renovation – Chapter 27 PL 1987	\$ 240,000
• Sewer – Chapter 519 PL 1986.....	650,000
• Water – Chapter 32 PL 1989	<u>3,000,000</u>

(c) Advanced and Current Refundings and Defeased Debt

During the fiscal year ended June 30, 2012 the Town issued \$4,520,000 of general obligation bonds for the refunding and advance refunding of the 1997 and 2003 Capital Improvement bonds. The proceeds of the refunding bonds were deposited into an irrevocable escrow trust. The trust is held by an independent trustee and is invested in obligations of the United States Government which mature and bear interest in such amounts and at such times as will be sufficient to pay the principal and interest of the defeased bonds upon maturity. Accordingly, the escrow trust fund, as well as the defeased bonds, are not reflected in the financial statements of the Town of Smithfield, Rhode Island at June 30, 2014.

At June 30, 2014 the in-substance defeased bonds outstanding totaled \$2,070,000 and were related to the advance refunding of the 2003 Capital Improvement Bond.

10. DEFINED BENEFIT PENSION PLANS

(a) General Municipal Employees' Pension Plan

The Town of Smithfield participates in the Municipal Employees' Retirement System of the State of Rhode Island ("System"), an agent multiple employer defined benefit plan. The System includes a normal plan for general employees and both a normal and optional plan for police and fire personnel.

Effective July 1, 2012, the State administered retirement system was modified to include both defined benefit and defined contribution plan components. General employees participate in a hybrid plan that combines both a defined benefit plan and a defined contribution plan. Police and fire employees participate only in the defined benefit plan unless they do not participate in Social Security in which case they also participate in the defined contribution plan.

Plan Description

All full-time Town general employees and non-certified employees of the School Department participate in MERS, an agent multiple-employer defined benefit plan administered by the Employees' Retirement System of Rhode Island (the System). The plan provides retirement, death and disability benefits and an optional cost of living adjustment (COLA) as outlined in Chapter 45-21 of the Rhode Island General Laws (RIGL). The benefits may be amended by the Rhode Island General Assembly. The payroll for the general and non-certified school employees covered by the System for the year ended June 30, 2014 was approximately \$6,773,000 and the Town-wide payroll was approximately \$33,800,000.

10. DEFINED BENEFIT PENSION PLANS (Continued)

(a) General Municipal Employees' Pension Plan (Continued)

Plan Description (Continued)

Service credits accrued at June 30, 2012 are protected under the Rhode Island Retirement Security Act. Beginning July 1, 2012, members receive a benefit accrual of 1.0% per year. Effective July 1, 2012 the retirement age mirrors the Social Security Normal Retirement Age not to exceed age 67. Benefits are based on the five-year average compensation multiplied by the accumulated service credit percentage. Joint and survivor retirement benefit options are available.

Pursuant to the Rhode Island Retirement Security Act, the Cost of Living Adjustment (COLA) has been suspended for any unit whose funding level is less than 80%. The COLA provision can be reviewed in a five-year interval. When the funding level of a plan exceeds 80%, eligible retirees may receive a COLA annually effective on their date of retirement plus one month. The COLA will be calculated as the five (5) year smoothed investment rate of return less 5.50%, with a 0.00% floor and a 4.00% cap. COLA will be delayed until the later of age 55 or three years after retirement. The COLA will be applied to the first \$25,000 of benefits indexed annually.

The plan also provides nonservice-connected disability benefits after 5 years of service; service-connected disability pensions with no minimum service requirement.

Plan Funding

The funding policy is outlined in RIGL sections 45-21-41, 45-21-42, and 45-21-52 (which can be amended by the Rhode Island General Assembly).

Effective July 1, 2012 General employees are required by State Statute to contribute 1 percent of their annual earnings. The Town has opted for the optional cost-of-living provisions under plan C and accordingly, General employees (including noncertified school employees) are required to contribute an additional 1% of the annual earnings resulting in a total contribution of 2% by the employee.

The Town is required to contribute at an actuarially determined rate expressed as a percentage of total compensation paid to the active membership. The employer rate for the fiscal year ended June 30, 2014 was 8.67% for the COLA plan and 7.53% for the non COLA plan.

The annual required contribution for the Town which equals the annual pension cost for the year ended June 30, 2013 was approximately \$552,900 for general employees (\$312,000 Town and \$240,900 for School Department). General municipal employees covered under this plan were required to contribute approximately \$135,700 for fiscal 2014.

10. DEFINED BENEFIT PENSION PLANS (Continued)

(a) General Municipal Employees' Pension Plan (Continued)

The System issues an annual financial report that includes financial statements and required supplementary information for all of the plans it administers. These reports include all trend information showing the System's progress in accumulating sufficient assets to pay benefits when due. The June 30, 2013 report is the most recent available report and it may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 50 Service Ave, Warwick, Rhode Island or on-line at www.ersri.org.

The required contribution for fiscal 2014 was determined as part of the actuarial valuation performed as of June 30, 2011. The most recent valuation of the plans within the system was performed as of June 30, 2013. The actuarial methods and assumptions used in those valuations are summarized in the following table.

Summary of Actuarial Assumptions Used in the MERS June 30, 2011 and June 30, 2013 Valuations	
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.
Amortization Method	Level Percent of Payroll – Closed
Equivalent Single Remaining Amortization Period	24 years as of June 30, 2011 22 years as of June 30, 2013
Asset Valuation Method	5 Year Smoothed Market
Actuarial Assumptions:	
Investment Rate of Return	7.50%
Projected Salary Increases	<u>General Employees</u> 4.00% to 8.00% <u>Police & Fire Employees</u> 4.25% to 14.25%
Inflation	2.75%
Cost of Living Adjustments are equal to the average five-year fund asset performance (percent) greater than 5.5% up to a maximum of 4% - the COLA is to be applied to the first \$25,000 of benefits, indexed over time. COLA is delayed until the later of Social Security eligibility age or 3 years after retirement. For MERS Police and Fire, COLA is delayed until the later of age 55 or 3 years after retirement. A 2% COLA is assumed after July 1, 2012.

(b) Municipal Police and Fire Pension Plan

The Town of Smithfield participates in the Municipal Employees' Retirement System of the State of Rhode Island ("System"), an agent multiple employer defined benefit plan. The System includes a normal plan for general employees and both a normal and optional plan for police and fire personnel.

Plan Description

All full-time Town Police employees participate in the MERS, an agent multiple-employer defined benefit plan administered by the Employees' Retirement System of Rhode Island (the System). In addition, all full-time Fire employees hired after January 1, 2011 also participate in the System. The plan provides retirement, death and disability benefits and an optional cost of living adjustment (COLA) as outlined in Chapter 45-21.2 of the Rhode Island General Laws (RIGL). The benefits may be amended by the Rhode Island General Assembly. The payroll for police and fire employees covered by the System for the year ended June 30, 2014 was approximately \$2,754,000 and \$473,000, respectively, and the Town-wide payroll was approximately \$33,800,000.

Effective July 1, 2012 the benefit accrual for all plans is 2.0% per year based on the five-year average compensation, exclusive of overtime. Retirement age is 55 years old with 25 years of total service or for members with five years of service but less than 25 years of service the new retirement age will mirror the Social Security Normal Retirement Age not to exceed 67. Police officers or firefighters who were at least 45 years old, had 10 or more years of contributing service and were eligible to retire prior to age 52 under the law in effect on June 30, 2012, may retire at age 52. Police and fire employees may retire with a reduced pension benefit if they have 20 years of service and are within five years of their retirement eligibility. The actuarially reduced benefit is calculated based on how close the member is to the eligibility date that is prescribed in the Rhode Island Retirement Security Act. Joint and survivor retirement benefit options are available.

(b) **Municipal Police and Fire Pension Plan (Continued)**

Pursuant to the Rhode Island Retirement Security Act, the Cost of Living Adjustment (COLA) has been suspended for any unit whose funding level is less than 80%. The COLA provision can be reviewed in a five-year interval. When the funding level of a plan exceeds 80%, eligible retirees may receive a COLA annually effective on their date of retirement plus one month. The COLA will be calculated as the five (5) year smoothed investment rate of return less 5.50%, with a 0.00% floor and a 4.00% cap. COLA will be delayed until the later of age 55 or three years after retirement. The COLA will be applied to the first \$25,000 of benefits indexed annually.

The plan also provides nonservice-connected disability benefits after 5 years of service; service-connected disability pensions with no minimum service requirement.

Plan Funding

The funding policy is outlined in RIGL sections 45-21-41, 45-21-42, and 45-21-52 (which can be amended by the Rhode Island General Assembly).

Active police and fire members must contribute 8% of his/her compensation due to the fact that the Smithfield police and fire adopted COLA plan C.

The Town is required to contribute at an actuarially determined rate expressed as a percentage of total compensation paid to the active membership. The rates for the fiscal year ended June 30, 2014 were 4.71% and 8%, for police and fire personnel, respectively.

The annual required contribution for the Town which equals the annual pension cost for the year ended June 30, 2014 was approximately \$130,300 for police personnel and \$37,800 for fire personnel. Police and fire employees covered under this plan were required to contribute approximately \$221,300 and \$37,800, respectively, for fiscal 2014.

(b) Municipal Police and Fire Pension Plan (Continued)

The System issues an annual financial report that includes financial statements and required supplementary information for all of the plans it administers. These reports include all trend information showing the System's progress in accumulating sufficient assets to pay benefits when due. The June 30, 2013 report is the most recent available report and it may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 50 Service Ave, Warwick, Rhode Island or on-line at www.ersri.org.

The required contribution for fiscal 2014 was determined as part of the actuarial valuation performed as of June 30, 2011. The most recent valuation of the plans within the system was performed as of June 30, 2013. The actuarial methods and assumptions used in those valuations for the police and fire plans are summarized and presented in the table on Page 58.

Funded Status of Plan

The required supplementary information which follows the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. (c) Teacher's Pension Plan – Employees' Retirement System (ERS)

Effective July 1, 2012, the State administered retirement system which covers local teachers and certain municipal employees was modified to include both defined benefit and defined contribution plan components.

Plan Description

All full-time teachers, principals, school nurses and certain other school officials (including the superintendent) in the Smithfield School Department must participate in the ERS, a cost-sharing multiple employer defined benefit plan administered by the Employees' Retirement System of Rhode Island (the System). The plan provides retirement, death and disability benefits (as well as annual cost of living allowances if certain conditions have been met) as outlined in Chapters 36-10 and 16-16 of the Rhode Island General Laws (RIGL). The benefits may be amended by the Rhode Island General Assembly.

The payroll for employees covered by the System for the year ended June 30, 2014 was approximately \$17,051,000. The School Department's total payroll was approximately \$21,565,000. The Town-wide payroll for the year ended June 30, 2014 was approximately \$33,800,000.

Funding Policy

The funding policy is outlined in RIGL sections 16-16-22 and 36-10-2 (which can be amended by the Rhode Island General Assembly). Active plan members must contribute 3.75% of his/her compensation. The Town and the State are collectively required to contribute at an actuarially determined rate expressed as a percentage of total compensation paid to the active membership. The employer contribution is split and paid 40% by the State and 60% by the school district with the exception of teachers who work in federally funded programs where 100% is paid by the school district and reimbursed by the federal government. For fiscal 2014, the total employer rate 20.68% (8.42% State share and 12.26% local share). The State share of the employer contribution rate includes the total cost of prior contribution deferrals which was .24% for fiscal 2014.

The Town contributed approximately \$2,129,000, \$1,945,900, and \$2,214,000 during the fiscal years 2014, 2013 and 2012, respectively, equal to 100% of the actuarially required contributions for those respective years. For financial reporting purposes, the State's share of the contribution is reflected as on-behalf payments and is included as both revenue and expenditures in the accompanying financial statements. The on-behalf contributions for the defined benefit plan for the fiscal year ended June 30, 2014 amounted to approximately \$1,271,000.

The plan also provides a survivor benefit to public school teachers in lieu of Social Security as outlined in sections 16-16-25 through 16-16-38 of the Rhode Island General Laws (RIGL). Spouse, parents, family or children's benefits are payable upon death of a member. In lieu of a survivor benefit, members may opt to receive a lump sum return of their contributions plus interest upon retirement. The benefits may be amended by the Rhode Island General Assembly.

(c) Teacher's Pension Plan – Employees' Retirement System (ERS) (Continued)

Funding Policy (Continued)

The cost of the survivor benefits provided by the plan are two percent (2%) of the member's annual salary up to but not exceeding an annual salary of \$9,600; one-half (1/2) of the cost is contributed by the member by deductions from his or her salary, and the other half (1/2) is contributed and paid by the school district. These contributions are in addition to the contributions required for regular pension benefits.

The Town contributed approximately \$22,500, for each of the fiscal years 2014, 2013, and 2012, equal to 100% of the required contribution for those respective years.

The System issues an annual financial report that includes financial statements and required supplementary information for all of the plans it administers. The June 30, 2013 report is the most recent available report and it may be obtained from the administrative offices of the State of Rhode Island Retirement Board, 50 Service Ave, Warwick, Rhode Island or on-line at www.ersri.org.

(d) Police Pension Trust (a Fiduciary Fund)

The Town of Smithfield currently maintains a Police Pension Trust Fund which is administered by a private insurer and operates on a pay-as-you go basis. The plan is closed to new participants and currently includes 45 participants which include 5 disabled and 40 retirees and beneficiaries. All active members of the Town's police department were transferred into the State Municipal Plan effective July 1, 2006.

Normal retirement benefits are paid at 2.5 percent of final average salary multiplied by service up to 20 years plus 2 percent of final average salary multiplied by service in excess of 20 years, not to exceed 75 percent of final average salary. Final average salary is defined as the average annual salary for the three consecutive years producing the highest such average in the last ten years preceding normal retirement date. The normal retirement dates are as follows: Police personnel employed prior to December 1, 1987 – the earlier of age 55 or completion of 20 years of service; Police personnel employed on or after December 1, 1987 – completion of 20 years of service.

For the fiscal year ended June 30, 2014 the Town contributed \$2,079,373 to this plan. The actuarial determined annual required contribution for the year ended June 30, 2014 was \$2,114,309. As noted above this plan is closed to new active employees and new participants and as a result there were no employee contributions or covered payroll for the fiscal year ended June 30, 2014.

The Town's annual pension cost (APC) and net pension obligation (NPO) for the police pension trust fund as of and for the year ended June 30, 2014 was as follows:

(e) **Fire Pension Trust (a Fiduciary Fund)**

Plan Description

Fire Department employees hired prior to July 1, 2011 are covered under a single employer defined benefit pension plan which is administered by a private insurer. Plan participation commences on the first day of the month following the date the employee is hired. Retirement benefits are determined based in the average annual salary for the three consecutive years producing the highest such average in the last ten years preceding normal retirement date and includes base compensation only. Employees are eligible for retirement on the first day of the month coincident with or next following the earlier of the attainment of age 65 or completion of 20 years of service. Benefits are calculated at 2.5% of the final average salary as determined above multiplied by service up to 20 years plus 2% of final average salary multiplied by service in excess of 20 years but not more than 75% of final average salary. Employees become 100% vested in the plan upon completion of ten years of service.

On or after January 1, 1994, the pension benefit for a participant is in the form of an annuity payable for the lifetime of a participant commencing in his/her retirement date. Upon death after retirement, 67 ½ % of the benefit will be continued to the surviving spouse in accordance with the terms of the plan. The pension benefit for a participant who retired prior to April 1, 1994 and who elected the Contingent Annuitant Option, shall have the pension benefit adjusted for an unreduced life annuity effective April 1, 1994. Firefighters who retire or who are placed on disability pension after July 1, 1988 are entitled to a 3% compounded cost-of-living increase on each anniversary date of their retirement. This cost-of-living increase is also available to the surviving spouse and dependents of these retirees.

Disability benefits are provided under the plan upon completion of seven years of service, if the total and permanent disability is not due to occupational causes. If the participant becomes totally and permanently disabled due to occupational causes, no age or service requirements apply. The benefit is 50% of final average salary if the disability is not due to occupational causes and 66.67% of final average salary if it is due to occupational causes. Death benefits are paid to an employee's beneficiary if death occurs while the employee is still in the service of the Town. The pre-retirement death benefit to the surviving spouse is equal to 40% of the final average salary plus 10% for any dependent children with a maximum benefit of 50%. The pre-retirement death benefit is equal to 15% of the final average salary for each dependent child under age 18 with a maximum of 45% of final average salary for employees that do not have a spouse at the date of death.

Contributions Required and Contributions Made

The payroll for employees covered under this Town administered fire pension plan for the year ended June 30, 2014 was approximately \$2,593,000 and the Town-wide payroll was approximately \$33,800,000. At June 30, 2014 the plan included 83 participants which were comprised of the following: 44 active participants; 4 terminated and vested participants; 5 disabled participants; and 30 retirees and beneficiaries.

Fire personnel are required by the plan document and contractual obligations to contribute 8% of their base earnings, not including overtime pay. The collective bargaining agreement between the Town and fire department personnel provides that the Town will contribute no more than 19.6% of the covered fire department to the plan. During the year ended June 30, 2014 total contributions to the plan were approximately \$715,000 which was comprised of employee contributions totaling approximately \$216,000 and employer contributions of approximately \$499,000.

The annual required contribution (ARC) for the Town for the fiscal year ended June 30, 2014 was \$1,455,376 for fire personnel covered by this Town administered plan. As noted above the Town's contribution to the plan was approximately \$499,000 or 34% of the ARC.

The Town's annual pension cost (APC) and net pension obligation (NPO) for the fire pension trust fund as of and for the year ended June 30, 2014 was as follows:

The Town adopted GASB Statement No. 67, *Financial Reporting for Pension Plans – an Amendment of GASB Statement No. 25*. This Statement is applicable for the Police and Fire Pension Plans which are reported in the basic financial statements as Fiduciary Trust Funds. The objective of GASB 67 is to improve financial reporting by state and local governmental pension plans. The information below is required by GASB Statement No. 67 as additional disclosures related to the Police and Fire Pension Plans (Fiduciary Trust Funds) which are described in Note 10.

Investment Policy

The plan assets are invested at the sole discretion of John Hancock consistent with the investment policy established by John Hancock for the applicable investment classes.

Rate of Return

For the year ended June 30, 2014 the annual money-weighted weighted rate of return on pension plan investments, net of pension plan expense was 15.55% and 22.35% for the police and fire pension plans, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for changing amounts actually invested.

Rate of Return (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2014 are summarized in the following table (rates shown include the inflation component). These rates are applicable for both the police and fire pension trust funds.

Discount Rate

The discount rate used to measure the total pension liability was 5.96% and 7.75% for the fire and police pension trust fund plans, respectively. The projection of cash flows used to determine the discount rate assumed that Town contributions will continue to follow the pattern of contributions observed over the past five years. During that period, the Town contributed 35.7% and 100.3% of the cumulative recommended contribution level for the fire and police pension trust funds, respectively. Accordingly, the fiduciary net position was projected assuming that 35.7% of future recommended contribution levels will be contributed for the fire pension trust fund (100% for the police pension trust fund). Based on those assumptions, the police pension trust plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. However, based on the assumptions for the fire pension trust plan, the fiduciary net position was projected to be available to make all projected benefit payments of current plan members until the year 2051.

Due to the fact that the fiduciary net position of the fire pension trust plan is projected to be depleted by the year 2051, a municipal bond rate of 3.66% was used in the development of the blended GASB discount rate after that point. The 3.66% rate is based on the S&P Municipal Bond 20 Year High Grade Rate Index. Based on the long-term rate of return of 8.5% and the municipal bond rate of 3.66%, the blended GASB discount rate is 5.96%.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following represents the net pension liability, calculated using the applicable discount rates as noted above, as well as what the plans net pension liability would be if it were calculated using a discount rate that was 1% point lower or 1% point higher than the current rate

<i>Police Pension Trust:</i>	<i>1% Decrease (6.75%)</i>	<i>Current Discount Rate (7.75%)</i>	<i>1% Increase (8.75%)</i>

12. DEFINED CONTRIBUTION PLAN

Plan Description:

General municipal, certified School, and noncertified school employees participating in the defined benefit plans (of the System), as described above, also participate in a defined contribution plan of the Employees' Retirement System as authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF and the Employees' Retirement System of Rhode Island (the System). Employees may choose among various investment options available to plan participants.

Employee contributions are immediately vested while employer contributions are vested after three years of contributory service. Contributions required under the plan by both the employee and employer is established by the General Laws, which are subject to amendment by the General Assembly.

12. DEFINED CONTRIBUTION PLAN (Continued)

Plan Description (Continued):

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

Plan Funding Policy:

The funding policy is outlined in RIGL chapter 36-10.3 (which can be amended by the Rhode Island General Assembly). Active plan members must contribute 5% (7% for certified teachers) of his/her compensation and the Town is required to contribute 1% (3% for certified teachers). The plan members and Town contributed approximately \$1,532,900 and \$579,600, respectively, during the fiscal year ended June 30, 2014. The employer contribution of \$579,600 consisted of \$36,000 for general municipal employees, \$31,900 for noncertified school employees, and \$511,700 for certified teachers.

Although the Town (School Department) is required to contribute 3% towards the plan for certified teachers, the School Department receives reimbursement from the State of Rhode Island for .4% of 1% of the required contributions. For financial reporting purposes, the State's share of the contribution is reflected as on-behalf payments and is included as both revenue and expenditures in the accompanying financial statements. The on-behalf contributions for the defined contribution plan for the fiscal year ended June 30, 2014 amounted to approximately \$71,700. The System issues an annual financial report that includes financial statements and required supplementary information for all of the plans it administers. The reports can be obtained at www.ersri.org.

13. OTHER POST EMPLOYMENT BENEFITS – OPEB TRUST

In addition to the pension benefits described above, the Town (including the Smithfield Public Schools) provides other post-employment health care benefits in accordance with terms specified in contractual obligations of the Town and School Department. As of June 30, 2012 these benefits were accounted for on a pay-as-you go basis as the Town had not yet established an OPEB Trust Fund. However, effective January 11, 2013 the Town entered into a trust agreement for these OPEB benefits. The benefits included in these employment contracts are for continued full family or individual health care for employee groups as described below. Retiree medical and dental coverage is only to age 65. (Post - 65 is handled by Cobra.) The actuarial valuations of the other post-retirement benefits involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These actuarial determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. These actuarial valuations reflect a long-term perspective of benefit funding.

The benefits, by employee group are described below:

Town Employees (all departments)

Eligibility for these benefits is upon retirement of the employee at Age 58 with 20 years of service or any years of service when retirement is the result of accidental disability for all Town participants excluding police and fire personnel. Police and Fire personnel are eligible after 20 years of service (or any years of service for accidental disability retirement). Town participants do not share in the cost of the post-retirement costs. Active employees keep their current coverage (family or individual) after they retire, unless the plan provisions specify that only individual coverage can be provided for their division.

13. OTHER POST EMPLOYMENT BENEFITS – OPEB TRUST (Continued)

School Employees

School Department personnel also receive medical coverage through age 65. School employees are eligible for the benefits as follows: If hired before 6/20/1989 attainment of age 60 with 15 years of service; If hired after 6/19/1989 either (a) age 60 with 20 years of service or (b) 28 years of service with at least 15 years with the Smithfield Public Schools. School Department personnel share in the cost of these benefits as follows: (1) 0% co-share if hired before June 20, 1989 and the employee is age 60 with 20 years of service or 28 years of service with at least 15 years with the Smithfield Public School. If the employee does not meet the requirements above then the co-share is 0% at the time of retirement but the employee is then responsible for 100% of all increases in post-retirement costs. (2) If hired after June 19, 1989 and before July 1, 1992 the co-share is 0% if the employee has 28 years of service with at least 15 years with the Smithfield Public Schools. The co-share is 50% of the costs for employees that do not meet the 28 year service requirement. (3) if hired after June 30, 1992 and employee is age 60 with 20 years of service or 28 years of service with at least 15 of those years with Smithfield Public Schools then the retiree receives benefits limited to \$5,000 annually.

Number of Participants

At June 30, 2014 there were approximately 546 participants included in the valuation analysis completed by the Town's actuary. The participants consisted of the following: 193 Town employees including Smithfield Ice Rink and Water Fund (152 active and 41 retirees and spouses); 353 School employees (313 active and 40 retirees and spouses).

Funding Policy

The Annual Required Contribution (ARC) for the retiree medical program consists of two pieces: A Normal Cost (the cost of benefits earned each year should be accrued in that year plus a Past Service Cost (a catch-up accrual to amortize the unfunded accrual liability). The actuarial valuation selected a 30 year amortization period for the past service costs.

The ARC for the fiscal year ended June 30, 2014 was calculated as follows:

Past service cost.....	\$ 1,564,874
Normal cost.....	706,429
Interest	<u>68,249</u>
ARC for fiscal year ended June 30, 2014.....	<u>\$2,339,552</u>

The ARC was allocated as follows: \$1,891,000 to the Town Departments and \$448,552 to the School Department.

The Town and School Department currently pay for other post-employment benefits in a pay-as-you-go basis. For the fiscal year ended June 30, 2014 these pay-as-you-go benefits were estimated to be approximately \$1,350,000 which consisted of approximately \$893,000 for Town personnel and \$457,000 for School personnel. The estimated pay-as-you-go benefits represented 58% of the ARC for fiscal 2014. In addition, during the fiscal year ended June 30, 2014 the Town contributed \$936,003 to the OPEB Trust Fund. As a result, the total amount deemed contributions towards the ARC for fiscal 2014 was \$2,286,346 which represented approximately 97.7% of the annual required contribution for fiscal 2014.

Decrease in NOO.....	(1,839)
NOO at beginning of year	<u>4,429,119</u>
Net OPEB Obligation, June 30, 2014	<u>\$4,427,280</u>

The net OPEB obligation noted above is reported as a long-term obligation in the Government-Wide Statement of Net Position at June 30, 2014.

As of June 30, 2014 the Town intends to fund the future OPEB obligations through the Town's General Fund and School's General Unrestricted Fund. Therefore the Net OPEB Obligation attributable to the Smithfield Ice Rink and Water Fund (Proprietary Funds) is reported in the governmental activities of the Government-Wide Statement of Net Position rather than in the Business Activities and the Fund Statements of the Proprietary Funds.

Actuarial Assumptions

The following actuarial assumptions were utilized in completing the actuarial valuation as of June 30, 2014:

- a. **Actuarial Method:** Projected Unit Credit attributed to benefit eligibility.
- b. **Discount Rate:** 6.1% for 2014; 3.5% for 2009-2012; 5.25% for 2013
- c. **Mortality Rates:** The RP-2000 Combined Healthy Fully Generational table. For the period after disability retirement, the RP-2000 Combined Healthy Fully Generational table set forward 2 years is used.
- d. **Amortization Period:** 30 year level dollar, open basis.
- e. **Participation:** 100% for future retirees of all non-school employees hired before January 1, 1989. 50% for all future retirees hired after December 31, 1988. For School employees, 100% for future retirees expecting to receive full coverage and 85% for future retirees without full coverage.
- f. **Medical Care Inflation:** Ranges from 8.5% in 2013 to 4.5% in 2021 and after.
 - Inflation rate represents the premium increases from July 1st annually.
 - For School retirees hired before June 20, 1989 who did not meet the age or length of service requirements their benefits are frozen at the time of retirement and the employee is required to cover all rate increases. Accordingly, there is no post-retirement inflation adjustment for these personnel.

14. DEFERRED COMPENSATION PLAN

The Town offers its municipal employees a deferred compensation plan established in accordance with the provisions of Internal Revenue Code Section 457 (g). The Town has not reported this plan on its financial statements in accordance with GASB No. 32, "Accounting for Internal Revenue Code Section 457 Deferred Compensation Plans", since the Town does not have fiduciary responsibility for this plan. The Plan, available to all municipal employees, permits the deferral of a portion of their salary. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

15. RISK MANAGEMENT

Health Care

The Town provides medical and dental coverage for all eligible employees of the Town and their dependents. The Town participates in a healthcare collaborative through the Rhode Island Interlocal Risk Management Trust (The Trust). The Trust is a not-for-profit organization formed to provide programs of health insurance, dental insurance, and liability insurance coverage to Rhode Island Cities, Towns, and other governmental units. Upon joining The Trust members execute an agreement that outlines the rights and responsibilities of both the members and The Trust. Members of The Trust participate in the health insurance plan administered through Blue Cross Blue Shield of Rhode Island and the dental plan administered through Delta Dental of Rhode Island.

TOWN OF SMITHFIELD, RHODE ISLAND

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

15. RISK MANAGEMENT (Continued)

Using rates calculated by both Blue Cross Blue Shield of Rhode Island and Delta Dental of Rhode Island, The Trust sets annual contribution rates (premiums) for the subscribers of each member for each plan offered. The agreement executed with The Trust requires that those contribution rates be set at a level sufficient, in the aggregate, to satisfy the funding requirements of the participating community. The contributions of each member community are deposited into separate health and dental pools which are used to pay for claims, reinsurance, and all administrative expenses. The agreement with The Trust provides for an annual independent audit of its financial statements. The Trust retains certain levels of insurance risk and acquires reinsurance for specific losses in excess of \$550,000.

Unemployment

The Town is self-insured for unemployment benefits. As of June 30, 2014 management does not believe that there are any incurred but not reported claims that are required to be accrued in the Government-Wide Statement of Net Position.

Other Insurance

The Town receives coverage for its property and liability expenses and for its workers' compensation expenses through The Trust. During the fiscal year ended June 30, 2014, the Town paid premiums of approximately \$153,000 and \$287,000, for its workers' compensation and property and liability coverage, respectively. At June 30, 2014 The Trust held reserves for future payments of open cases. The Trust is obligated to make payments on the Town's behalf without any further obligation of the Town, unless the Town's applicable limit of liability were exhausted by the size of the loss or the nature of the loss would fall outside the parameter of the policy maintained by The Trust.

At June 30, 2014 management of the Town is unable to estimate the potential exposure, if any, for outstanding claims which may fall outside the parameter of the insurance policies. Accordingly no liability for claims or judgments has been reported in the Government-Wide Statement of Net Position.

16. COMMITMENTS AND CONTINGENCIES

Liabilities for legal cases and other claims against the Town are recorded in the governmental funds when the ultimate liability can be estimated and such cases are expected to be settled with available expendable financial resources. At June 30, 2014 the Town (including the School Department) has a number of legal cases and claims in process. These cases include claims made by former employees, zoning matters brought about by taxpayers of the Town, matters pertaining to planning and development posed by property developers, and personal injury and property damage claims. Management and legal counsel have reviewed these outstanding claims and determined that the estimated liability, if any, that may result from these claims would not materially affect the basic financial statements of the Town. As such, the Statement of Net Position at June 30, 2014 does not include any liability for claims, judgments, or unasserted claims.

The Town (including the School Department) has received grants from various federal and state agencies for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to request for reimbursement to the grantor agencies for expenditures disallowed under the terms of the grant agreement. Town officials are of the opinion that such disallowances, if any, would be immaterial.

(A) - In fiscal 2012 the Town adopted GASB Statement #61 and as a result the Greenville Public Library, East Smithfield Public Library and East Smithfield Neighborhood Center were no longer considered component units and as such were eliminated from the Government-wide Statements. For years prior to 2010 the Town's financial statements reported the component units, the Smithfield Ice Rink, and the School Lunch Fund as nonmajor funds and disclosed amounts in total for the aggregate of these funds. Effective with fiscal 2012 the amounts will be shown separately.

SINGLE AUDIT SECTION

This section contains information regarding federal grant activity for the year ended June 30, 2014, which was audited in accordance with generally accepted auditing standards and "Government Auditing Standards" issued by the Comptroller General of the United States and under the guidelines of the Single Audit Act of 1984 as amended by the Single Audit Act Amendments of 1996 and the United States Office of Management and Budget's Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Town Council
Town of Smithfield, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Town of Smithfield, Rhode Island as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Town of Smithfield, Rhode Island's basic financial statements, and have issued our report thereon dated December 22, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Smithfield, Rhode Island's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Smithfield, Rhode Island's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Smithfield, Rhode Island's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Smithfield, Rhode Island's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Town Council
Town of Smithfield, Rhode Island

Report on Compliance for Each Major Federal Program

We have audited the Town of Smithfield, Rhode Island's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Town of Smithfield, Rhode Island's major federal programs for the year ended June 30, 2014. The Town of Smithfield, Rhode Island's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Town of Smithfield, Rhode Island's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Smithfield, Rhode Island's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Town of Smithfield, Rhode Island's compliance.

Opinion on Each Major Federal Program

In our opinion, the Town of Smithfield, Rhode Island, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the Town of Smithfield, Rhode Island is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Town of Smithfield, Rhode Island's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Smithfield, Rhode Island's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

TOWN OF SMITHFIELD, RHODE ISLAND

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2014

NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal grant activity of the Town of Smithfield, Rhode Island and is presented on the accrual basis of accounting. The information in this Schedule is presented with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowed or limited as to reimbursement.

NOTE 3 – DETERMINATION OF MAJOR PROGRAMS

The determination of major federal awards programs was based upon the overall level of expenditures for all federal programs for the Town of Smithfield, Rhode Island. As such, the threshold for determining Type A programs is defined as those with federal program expenditures greater than \$300,000 or 3 percent of total federal expenditures when the total federal expenditures are over \$10,000,000. The federal expenditures incurred related to funding received under CFDA #84.027 and #84.173 have been tested as major program expenditures for the fiscal year ended June 30, 2014.
