INTRODUCTORY SECTION

This section presents the Transmittal Letter, Organizational Chart, and List of Elected Officials of the Town of North Kingstown, Rhode Island.

Town of North Kingstown, Rhode Island 02852

December 29, 2020

To the Town Council and Citizens of the Town of North Kingstown, Rhode Island:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year (June 30) a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Town of North Kingstown, Rhode Island as of and for the fiscal year ended June 30, 2020.

This report consists of management's representations concerning the finances of the Town of North Kingstown, Rhode Island. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To prove a reasonable basis for making these representations, management of the Town of North Kingstown has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft or misuse, and to compile sufficient reliable information for the preparation of the Town of North Kingstown, Rhode Island's financial statement in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Town of North Kingstown, Rhode Island's comprehensive framework of internal controls have been designed to provide reasonable rather than absolute assurance that the financial statement will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town of North Kingstown, Rhode Island's financial statements have been audited by Marcum, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of North Kingstown, Rhode Island for the fiscal year ended June 30, 2020 were free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was reasonable basis for rendering an unmodified opinion that the Town of North Kingstown, Rhode Island's financial statement as of and for the fiscal year ended June 30, 2020 are fairly presented in conforming with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Town of North Kingstown, Rhode Island was part of a broader, federally mandated "Single Audit", designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also special emphasis on the audited government's internal controls and compliance with legal requirements involving the administration of federal awards. The Single Audit Report is available at the Town of North Kingstown, RI Municipal Office.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Town of North Kingstown, Rhode Island's MD&A can be found immediately following the report of the independent auditor.

Profile of the Government

The Town, settled in 1641 and incorporated as a Town in 1674, covers an area of 54 square miles and is primarily a residential suburb, approximately 22 miles south of Providence. The Town is also emerging as an important employment center due to the location of the Quonset Business Park.

North Kingstown's population, last reported in the 2010 U.S. Census, was 26,486.

The Town operates under a home rule charter, adopted in 1954, and subsequently amended, providing for a Town Council/Town Manager form of government, with a five-member Town Council led by a Council President. All legislative powers of the Town are vested in the Town Council by the Charter, which includes the adoption of the Town's annual budgets, the ordering of any tax, and enacting the necessary ordinances and resolutions for the preservation of public peace, health, safety, comfort and welfare of the residents of the community.

The Town Manager is appointed by a majority vote of the Town Council for an indefinite term solely based on his or her executive and administrative qualifications. The Town Manager is the chief executive officer and head of the administrative branch of government. The Charter grants the Town Manager the authority to appoint or remove all officers or employees of the Town, except the Town Solicitor, Municipal Judges and School Department employees. The Charter also grants the Town Manager authority to prepare and submit to the Town Council the annual budget and annual report of the Town. The Town Manager also recommends to the Town Council the adoption of such measures as he or she may deem necessary for the health, safety, or welfare of the Town.

The general administration of the Town's school system is directed by a five-member School Committee, elected on a partisan basis from the Town at large to staggered four-year terms. The School Committee determines and controls all policies affecting the administration, maintenance and operations of the public schools in the Town, appoints a Superintendent of Schools as its chief administrative agent and appoints and removes all school employees upon recommendation of the Superintendent of Schools.

Municipal services include public safety; potable water and wastewater collection, treatment and distribution; solid waste, recyclables collection and disposal; street and sidewalk maintenance; beach, harbor, recreation, planning, zoning and economic development; code enforcement, municipal and probate court functions.

The annual budget serves as the foundation for the Town's financial planning and control. All Departments, including the North Kingstown Public Schools, are required to submit requests for appropriations to the Town Manager. Department requests are due to the Town Manager on the first Monday of January. School Department and Library requests are due two weeks prior to the date the Town Manager is required to submit the budget to the Town Council. The Town Manager must submit his/her budget recommendation to the Town Council on the 50th day prior to the first Wednesday in May. The Town Council is required to hold 2 public hearings on the proposed budget and to adopt a final budget no later than the first Wednesday in May.

Department heads may make transfers of appropriations within their department with Town Manager approval. Transfer of appropriations between departments require the approval of the Town Council. Budget to actual comparisons are provided in this report for the Town's general operating fund and school general operating fund.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Town operates.

Local Economy

In the 18th century North Kingstown was an agricultural community made up of small and medium sized family farms. Wickford was a thriving seaport that grew to rival Newport, Rhode Island's. The 19th century brought an influx of textile businesses to the community that could take advantage of the many streams and rivers. By 1930 most of the textile factories had closed. The next form of economic growth came from the construction of the Quonset/Davisville military complex in 1938 and the Quonset Point Naval Air Station and Navy Construction Battalion Center in 1941-42.

It is during this later period that many summer communities sprouted: Saunderstown, Mount View, Shore Acres and Plum Beach. Tourism and summer visitors still have an important economic impact on the community.

In 1974 the Quonset Point Naval Air Station was decommissioned and later the Navy Construction Battalion closed. This resulted in a sharp decrease of population (10,000). In 1974 the Quonset Development Corporation was created on the former naval base. This modern development park (300 acres) now hosts over 200 businesses and employs over 12,000 people. Today, nearly one third of North Kingstown employment is associated with manufacturing and industry.

Personal income per capita in 2017 (latest available date) for North Kingstown is \$43,928 compared to \$33,315 and \$ 31,982 for Rhode Island and the United States, respectively. The unemployment rate is 10.2%, compared to the state unemployment rate 12.3% as of June 2020. The median selling price of an existing home in June 2020 was \$366,500, compared to \$348,000 in June 2019. The Town continues to attract residents as evidenced by the recent creation of 72 new housing units in fiscal year 2020.

Long-Term Financial Planning

The Town approved a \$27 million bond in 2018. These bonds are being issued as needed. The final round of this authorization will be issued in spring of 2021. \$13.5 million of these funds are being spent on improvements and upgrades within the School Department, which includes \$2.6 million for a new artificial turf field, along with track and other athletic facilities improvements. Funds will also be used to complete the capping of the Town's landfill. Once completed, a solar farm will be placed at the site.

The Town, working with neighboring communities, has entered into an agreement to purchase the streetlights in the community. The Town is planning to convert these streetlights to LED, with the expectation that there will be a significant reduction in energy use.

The Town's Water Department recently completed a rate study. The Town Council is now working with this information to set future rates. The purpose of any rate increases will be to address deteriorating infrastructure of the water system.

The Town continues to look at surplus property and considers how to repurpose or dispose of it in a manner beneficial to the Town. The sale of the Town Hall Annex closed in the fall of 2020. The Wickford Elementary School property is under contract through a purchase and sales agreement as the developer is preparing his submissions for land use approvals. The former Town Hall is currently unoccupied. \$5 million of the recent bond approval is designated to address restoration of this property.

COVID-19

The Covid-19 outbreak has caused business disruption through mandated and voluntary closing of businesses for non-essential services. The disruption is expected to be temporary but there is considerable uncertainty about the duration of these closings and the impact to the local economy. The Town has continued the majority of its operations, monitors and tracks Covid-19 related expenses, and has made requests for reimbursement from FEMA. In addition, the Town will apply to the State of RI for reimbursement from Care Act funds. The Town lowered tax collection rates, hotel, and meals and beverage tax income as part of the FY 2021 budget to address any potential economic downturn. The extent to which COVID-19 may impact the Town's financial condition or operations moving forward is uncertain.

Financial Policies

The Town has a set of Council Approved financial policies that were developed to ensure that financial resources are well managed and to meet the present and future needs of the citizens of the Town of North Kingstown, Rhode Island.

One key policy is that budgets must balance, meaning budgeted current revenues must be equal to or greater than budgeted current expenditures in governmental funds; revenues and other sources of cash must equal expenditures and other uses of cash in the enterprise funds.

The Town has adopted a fund balance policy that identifies a threshold of a minimum (8%) and a maximum (15%) for unassigned fund balance as a percentage of general fund expenditures. It dictates actions should the fund balance fall outside these thresholds. Should the level fall below the 8% minimum, the Town Manager and Finance Director must develop a plan to restore the level of fund balance to 8% within 5 years. Should the balance exceed the maximum, funds shall be used for one-time expenditures that will not require future additional expenditures for maintenance or staffing.

The Town has adopted debt policies that debt burden must be less than 2% of the Town's full assessed value. This is less than the 3% allowed under RI State legislation. The policy requires at least 50% of debt to be retired in the first half of the terms. Lastly, the policy limits annual general fund debt service to 10% of the year's general fund expenditures.

There are reporting compliance policies that require the Town administration to provide budget to actual reports to the Town Council on a monthly basis and to provide quarterly budget information to the State Office of Municipal Affairs via their Municipal Transparency Portal. The Town administration complied with these policies during FY 2020.

Pension and Other Postemployment Benefits

The Town provides pension benefits for employees through a state-wide plan managed by the State Treasurer. North Kingstown teachers are members of the State of Rhode Island Employees Retirement System. State hired actuaries determine the funding level and unfunded actuarial accrued liability for each individual participating employer. The Town is 71% funded in the State's municipal employees' retirement plan. The State of Rhode Island General Assembly enacted legislation that significantly changed the pension plan for participants in the State Municipal Employee Plan and the State Teacher Plan, reducing the long-term liability.

The Town provides post-retirement health coverage for all vested retirees, certain dependents, and beneficiaries. Vesting and participation is determined by bargaining contracts and varies by length of employment, type of employment, and hire date. As of June 30, 2020, 138 retirees were eligible to receive health insurance benefits, which are currently financed on a pay as you go basis. The actuarial calculation of the combined municipal and school liability as of July 1, 2020 is \$20,444,306. The Town has established and is funding a trust to accumulate assets for the payment of other post-employment benefits in the future. Assets of \$1,552,211 have been accumulate as of July 1, 2020. Benefits will not be paid from the trust until such time as the Town management feels that sufficient assets are available.

Additional information on the Town's pension arrangement and postemployment benefits can be found in Notes 9 and 10 in the notes to the basic financial statements.

The preparation of this report would not have been possible without the efficient and dedicated services of the Finance Department staff. We would like to express our appreciation to all members of the Department. We must also give credit to the unfailing support received from the Audit Committee, Town Manager and Town Council for achieving and maintaining the highest standards of professionalism in the management of the Town of North Kingstown, Rhode Island finances.

Respectfully,

James Lathrop, CPA, MPA
Director of Finance

FINANCIAL SECTION

This section presents the Independent Auditors' Report, Management's Discussion and Analysis, Basic Financial Statements, and Notes to the Basic Financial Statements.

INDEPENDENT AUDITORS' REPORT

To the Honorable Members of the Town Council
Town of North Kingstown, Rhode Island

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of North Kingstown, Rhode Island as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of North Kingstown, Rhode Island as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of budgetary comparison information, Schedule of Changes in Town's Net Pension Liability and Related Ratios, Schedule of Town's Contributions and Investment Returns, Schedule of Town's Proportionate Share of the Net Pension Liability, Schedule of Town's Contributions, Schedule of Changes in Town and School's OPEB Liability and Related Ratios, Schedule of Town's Contributions and accompanying notes on pages 4 through 17, and pages 97 through 112 respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of North Kingstown, Rhode Island's financial statements. The introductory section, combining and individual non-major fund statements, the agency fund financial statements, annual supplemental transparency report and accompanying notes, the schedule of property taxes receivable, and statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund statements, the agency fund financial statements, annual supplemental transparency report and accompanying notes, and the schedule of property taxes receivable are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund statements, the agency fund financial statements, annual supplemental transparency report and accompanying notes and the schedule of property taxes receivable are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 29, 2020, on our consideration of the Town of North Kingstown, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of North Kingstown, Rhode Island's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of North Kingstown, Rhode Island's internal control over financial reporting and compliance.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

As management of the Town of North Kingstown, Rhode Island, we offer readers of the Town of North Kingstown's financial statements this narrative overview and analysis of the Town's financial activities for the fiscal year ended June 30, 2020. The information complements the data presented in the basic financial statements and is intended to enhance the reader's understanding of the Town's financial performance. We encourage readers to consider the information presented here in conjunction with the additional information that we have furnished in our letter of transmittal, which can be found in the Introductory section of this report.

Financial Highlights:

- The liabilities and deferred inflows of resources for the Town of North Kingstown exceeded its assets and deferred outflows of resources at the end of the fiscal year ended June 30, 2020 by \$9,403,692 (net position). The total net position is broken down into three captions: 1) Net investment in capital assets (capital assets section), which is essentially the net worth of the infrastructure the Town owns; 2) Restricted, which is not spendable by the Town; and 3) Unrestricted, which is unassigned.
- The Town's total net position increased by \$2,028,096 as compared to the previous year that was restated.
- As of the close of the current fiscal year, the Town of North Kingstown's total governmental funds reported combined ending fund balances of \$28.4 million an increase of \$5.9 million from the previous year. Approximately 32% of this total, \$9.2 million, is available for spending at the Town's discretion (unassigned).
- At the end of the current fiscal year, the total fund balance of the General Fund was \$15.6 million, or 16.6% of total general fund expenditures and other net financing uses. Of this amount, the unassigned fund balance for the General Fund was \$11.6 million, which is available for spending at the Town's discretion. The remaining balance consisted of \$3.2 million non-spendable which are funds advanced to the Sewer Fund and Quonset/Davisville Recreation Fund for the fund's golf course irrigation project as well as funds advanced to the School Unrestricted Fund in advance of the receipt of federal ESSER funds. \$769,752 is assigned for encumbrances.
- The Town's remaining fund balance of \$12.8 million is classified as follows: \$4.5 million – School Department, principally assigned for education and encumbrances, but also grant-restricted and non-spendable for certain prepaid expenses; \$1.0 million - Debt Service Fund assigned; \$7.3 million – Other Governmental Funds, including \$5.8 million assigned for Town Capital Reserve funds and Infrastructure Replacement, \$1.5 million, principally restricted for Capital Projects such as GO Bonds, Revenue Bonds, and Open Space/Farmland, \$310,290 for grants and \$89,153 for Permanent Funds.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

- The Town's governmental activities total liabilities, both long-term and short-term (including general obligation bonds, capital leases, notes payable, compensated absences, pollution remediation obligations, net pension liabilities and OPEB liabilities) increased by \$5,407,795 (15.8%) during the current fiscal year.

Overview of the Financial Statements:

This discussion and analysis is intended to serve as an introduction to the Town of North Kingstown's basic financial statements, which are comprised of three components:

- 1) Government-wide financial statements
- 2) Fund financial statements
- 3) Notes to the financial statements

This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements – The government-wide financial statements are designed to provide readers with a broad overview of the Town of North Kingstown's finances, in a manner, which is similar to a private-sector business. They are presented on the accrual basis of accounting where revenues and expenditures are recognized on the date they occurred rather than on the date they were collected or paid.

The *Statement of Net Position* presents information on all the Town's assets, deferred outflows of resources, liabilities and deferred inflows of resources, and with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *Statement of Activities* presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from the business-type activities that are supported by user fees and charges. The governmental activities of the Town include public safety, public works, education, library, senior services, and general government. The business-type activities of the Town include a water fund, sewer fund, transfer station, municipal court, recreation fund, school cafeteria fund and capital reserve funds. The Quonset/Davisville Recreation Fund is comprised of the North Kingstown Municipal Golf Course, and the Allen Harbor Marina Facility.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

Government-wide financial statements (statement of net position and statement of activities) are on pages 18-21 of this report.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Town can be divided into three categories: *governmental funds, proprietary funds and fiduciary funds.*

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term (current) inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town of North Kingstown maintains sixty-eight (68) individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, School Department (unrestricted and special revenue funds), and Debt Service Fund, which are considered to be major funds. Data from the other funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Basic Governmental Fund Financial Statements are on pages 22-25 of this report.

The Town of North Kingstown adopts an annual budget for its General Fund and School Unrestricted Fund.

A Budgetary comparison statement has been provided on pages 110 and 122.

Proprietary Funds: The Town of North Kingstown maintains two types of proprietary funds: Enterprise Funds and Internal Service Funds. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements, only

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

in more detail. The Town of North Kingstown uses enterprise funds to account for its water fund, recreation fund, sewer fund and non-major enterprise funds (i.e., nutrition fund, school sports camps, gate receipts, summer school, etc.). Internal service funds are an accounting device used to accumulate costs internally among the Town's various functions. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements.

Basic proprietary fund financial statements can be found on pages 26-30 of this report.

Fiduciary Funds: Fiduciary funds are used to account for resources held for parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the Town of North Kingstown's own programs. The Town maintains three types of fiduciary funds: Police Pension Trust, OPEB Trust and Private Purpose Trust Funds. The accounting used for fiduciary funds is much like that used for proprietary funds.

Basic fiduciary fund financial statements can be found on pages 31-32 of this report.

Notes to the Financial Statements: The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Notes to the Financial Statements can be found on pages 33-96 of this report.

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Town of North Kingstown's progress in funding its obligations to provide pension and other postemployment benefits to its employees.

Required supplementary information can be found on pages 97-112 of this report.

Combining Statements referred to earlier in connection with school department, non-major governmental funds proprietary funds and fiduciary funds are presented immediately following the required supplementary information on pages 125-174 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. In the case of the Town of North Kingstown, Rhode Island, liabilities, and deferred inflows of

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

resources for the Town exceeded its assets and deferred outflows of resources by \$9,403,692 at the end of the fiscal year ended June 30, 2020.

The Town of North Kingstown's net position at the beginning of the year prior to restatement was \$(14,330,032). The net position was reduced by \$2,898,244 to a restated net position at the beginning of the year \$(11,431,788). The unrestricted net deficit at June 30, 2020 is \$(86,820,024). Consistent with prior year, the Town of North Kingstown has significant investment in capital assets (e.g., land, buildings, and equipment), less any related debt used to acquire those assets that are still outstanding. The Town of North Kingstown uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted net position of \$3.8 million is subject to external restrictions on how it may be used.

Listed below is a comparison of the current and prior fiscal years.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

At June 30, 2020, the Town of North Kingstown has a positive balance in the Water Fund and negative balances in the Sewer and Quonset/Davisville/Recreation Funds. The Water Fund had an increase in net position of \$346,077. The Sewer Fund reported an increase in net position of \$156,923. The Quonset/Davisville Recreation Fund reported a decrease of \$368,504.

Governmental Activities

Governmental Activities net position increased by \$1,838,352. Property taxes are the largest revenue source for governmental activities, accounting for 72.5% of total revenues. Operating grants and contributions contributed to 16.7% of the revenues followed by 6.6% from program revenues such as charges for services, fees, and licenses; the remaining 4.2% is unrestricted revenues (i.e., intergovernmental and investment earnings).

A comparison of FY 2020 and FY 2019 activity can be found below:

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

- Property taxes levied increased \$2,381,329 or 3.0% for fiscal year 2020. This is an increase of \$90 per capita. The Town's taxable property decreased by \$3,800,966 from \$4,067,361,645 to \$4,063,560,679. This represents a 0.1% decrease in taxable property and can be attributed to the State of Rhode Island's motor vehicle tax phase-out program. Excluding motor vehicles there would have been an increase in taxable property of \$6,062,032. A booming housing market, commercial growth and property revaluation resulted in the property tax rate decreasing from \$19.09 to \$17.09 per thousand dollars of assessed value to provide the same level of services the taxpayers have come to appreciate.
- Charges for services increased by \$683,182. (9.6%). This is primarily a result of an increase in education charges of \$682,222 and \$315,807 in public safety charges, which are offset in part by decreases of \$215,265 in public works charges and \$129,826 in general government charges.
- Grant Income (Operation and Capital) saw a combined increase of \$228,835 (1.2%) The majority of this increase is from general government grants increasing by \$343,422, education grants increasing by \$844,460, and a decrease in public safety grants of \$980,264.
- Education expenses account for approximately 63.9% of the total expenses within the governmental activities of the Town. Public safety and public works expenses account for 19.5% and 6.1%, respectively, general government makes up 7.3% and the remainder relates to the public library, interest on long-term debt and other areas.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

- GASB No. 75 – Recognizes the accrual of net OPEB obligations in the government-wide statement of net position. This accrual is recognized within general government expenditures (Note 10, page 85). The net liability has decreased from \$20,665,575 to \$18,892,095, or \$1,773,480. At June 30, 2020, \$16,720,393 of the OPEB liability is recorded in the governmental activities with the remaining \$2,171,702 recorded in the business-type activities.
- As of June 30, 2020, the Town's OPEB was 7.8% funded. This is an increase of 1.7%.
- For FY 2020 the Town recognized OPEB expense of \$(59,597), deferred outflows of resources related to OPEB of \$39,338 and deferred inflows of resources related to OPEB of \$13,228,390. In FY 2020 the total OPEB cost was \$1,969,635 of which the town contributed \$1,534,432 (77.9%).

Business-Type Activities: Net position of business-type activities increased by \$189,744 which is a 1.6% increase in business-type activities net position. Water had the most significant increase of \$346,077. There was a significant decrease of \$368,504 in the Quonset/Davisville Recreation fund.

Charges for services for business-type activities accounted for 87.0% of the total revenue sources. The balance of revenues for business-type activities was from operating grants. Of total revenue coming into the business-type activities, 39.6% is being generated by the water fund, 18.3% from the sewer fund, 21.8% from the recreation fund, and the remaining from the school cafeteria fund and other non-major enterprise funds.

Charges for services for business-type activities increased from \$8,279,154 to \$8,815,158 or 6.4%. The water fund reported an increase of \$358,544 (9.8%) and the Quonset/Davisville Recreation fund reported an increase of \$489,196 (28.5%).

The water fund expenses accounted for 38.8% of the expenditures within the business-type activities of the Town. Quonset/Davisville recreation fund and the sewer fund accounted for 27.9% and 12.9%, respectively, of the business-type activities expenditures for the 2020 fiscal year. Further, included in the Non-major Enterprise funds, the Nutrition Fund accounted for 11.3% of the business-type activities expenditures for the 2020 fiscal year.

Expenses associated with the water fund increased by \$109,696. This is primarily a result of higher wages. The Quonset/Davisville Recreation Fund expenses increased by \$1,176,771, which is related to reduced costs associated with the golf course. Expenses associated with the Sewer Fund increased by \$241,461 due to an increase in flows and resulting fees as part of the wastewater service agreement (Quonset Development Corporation Annual Capacity Price Purchase).

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

Financial Analysis of the Government's Funds

As noted earlier, the Town of North Kingstown uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the Town of North Kingstown's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town of North Kingstown's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

As of the end of the current fiscal year, the Town of North Kingstown's governmental funds reported combined ending fund balances of \$28.4 million. Approximately 32.4% of this amount, \$9.2 million constitutes unassigned fund balance which is available for spending at the government's discretion within the Town's General Fund. The remaining fund balances remain classified for specific purposes such as: Debt Service Fund restricted of \$1,050,158, and Other Governmental Funds restricted of \$1.9 million, of which \$1.45 is for bonded capital projects and assigned of \$12.9 million primarily consisting of \$6.7 million for Capital Reserve funds and Infrastructure Replacement and \$4.2 million for school department funds. Non-spendable include General Fund of \$3.2 million for advances to the Sewer Fund, Golf Course Irrigation Project, School Department and prepaid expenses. The School Department's non-spendable amount of \$8,604 is for prepaid expenses, assigned for education of \$4.2 million, and grant-restricted for \$226,380.

General Fund. The General Fund is the chief operating fund of the Town. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$11.6 million, which is included in the total fund balance of \$15.6 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 11.0% of the 2021 Adopted General Fund Expenditure Budget. The total fund balance of the Town of North Kingstown's General Fund increased by \$2,131,510 during the current fiscal year.

School Department: The school fund has a total fund balance of \$4.5 million, of which \$4.2 million has been assigned to the School Department (to help finance future years' school budgets). The School Department ended with a surplus of \$2.5 which includes a transfer from the School Operation Fund to the School's Capital Fund in the amount of \$259,932. Excluding this transfer, the School Department operated at a surplus of \$2.7 million.

The School's Capital Fund had a fund balance of \$521,762 as of June 30, 2020.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

Proprietary Funds: The Town of North Kingstown's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Separate information is provided for the water fund, the sewer fund, and the Quonset/Davisville recreation fund, which includes the Municipal Golf Course and the Allen Harbor Marina, all of which are considered major funds of the Town of North Kingstown.

Net position in the water fund at the end of the fiscal year was \$13.9 million, an increase of \$346,077 from the prior year. Long-term debt of \$2.5 million is a liability within the Water Fund and was issued to pay for projects that were approved by the RI Infrastructure Bank (formerly known as the RI Clean Water Finance Agency). The Water Fund took advantage of The American Recovery and Reinvestment Act of 2009 which provided an additional Drinking Water State Revolving Fund capitalization grant to the State of Rhode Island. A portion of the Borrower Loan will be forgiven annually as debt service is paid. The amount of principal forgiveness that the Water Fund will recognize at the end of the term will be approximately \$876,000.

Net deficit position in the Quonset/Davisville Recreation fund increased by \$368,504 from \$(718,371) to \$(1,086,875).

Other factors concerning the finances of these funds have already been addressed in the discussion of the Town of North Kingstown's business-type activities.

General Fund Budgetary Highlights

The Town finished the 2019-2020 Fiscal Year with budgetary surpluses (deficits) as follows:

- General Fund - \$2,090,293
- School Department Fund - \$1,826,037
- Library Fund - \$(182,705)
- Debt Service - \$122,669

Differences between the original budget and the final amended budget for the General Fund were concentrated in the revenue section. The Town continues to increase collection efforts on prior year taxes, which included participation in the State of Rhode Island Income Tax Refund Offset program. In addition, the town experienced significantly higher than budgeted income from police detail, and interest income. Increased Intergovernmental income was a combination of increased revenue from hotel, meal, and beverage tax and school housing aid. The increased school housing aid was transferred out to the School Capital Fund. The school had significantly lower than budgeted professional services. There were also unbudgeted transfers out of \$259,932 to the School Capital Fund and a transfer in from the School Capital Account of \$552,074.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

The budgeted collection rate was estimated to be 97.81% while the actual collections achieved was 97.85% of the total levy. The Town collects supplemental taxes during the year for real estate construction that receives a certificate of occupancy after the assessment date. The amount generated from this is recorded as tax revenue but has not historically been used in the calculation of the tax rate because it is uncertain as to what may occur.

Capital Asset and Debt Administration:

Capital Assets – The Town of North Kingstown's investment in capital assets for its governmental and business-type activities as of June 30, 2020, amounts to \$122,686,506 (net of accumulated depreciation). This investment in capital assets includes investments in development rights, land and building improvements, machinery and equipment, park facilities, infrastructure and construction in progress. The total gross increased in the Town's investment in governmental activities capital assets, prior to accumulated depreciation, for the current fiscal year was \$1,076,862.

	<u>Gross Capital Assets</u>	
	June 30, 2020	June 30, 2019 (restated)
Land	\$ 9,959,507	\$ 9,959,507
Development Rights	\$ 17,495,465	\$ 17,495,465
Land Improvements	\$ 2,061,448	\$ 2,004,648
Building & Improvements	\$ 119,605,403	\$ 112,144,987
Equipment	\$ 20,049,103	\$ 19,599,873
Infrastructure	\$ 75,848,791	\$ 74,558,665
Construction in Progress	\$ 5,362,638	\$ 6,550,088
Total	<u>\$ 250,382,355</u>	<u>\$ 242,313,233</u>

Major capital asset events during the current fiscal year included the following:

- Restatement and reclassifications. The School restated capital assets for assets purchased prior to fiscal year 2019 which consisted of primarily building improvements.
- The NK School Department upgraded flooring at the Fishing Cove, Forest Park and Stony Land Elementary Schools. In addition, they completed the athletic field project started in the previous fiscal year.
- The Town upgraded the public safety communication system, senior center and safety equipment. In addition, it replaced various public safety equipment, included spreader/cutter and portable firefighting equipment.
- The Town purchased multiple vehicles including a street sweeper, four (4) police interceptors and three (3) vehicles for the Department of Public Works (2) and Recreation Department (1).

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

- Construction in Progress at June 30, 2020 consisted of improvements to Wilson Park and design work for the Town Hall upgrades and Fire Stations #2 & #3. School Department construction in progress included work for the High School air conditioning and window replacement at the Davisville Middle School.

At June 30, 2020, the Town is committed under various contracts primarily related to Sewer and work related to the School Department.

Information on the Town of North Kingstown's capital assets can be found in Note 5 on pages 56-57 of this report.

Long-term Debt – At the end of the current fiscal year, the Town of North Kingstown's governmental activities had \$33,216,813 in bonds outstanding, compared to \$28,963,394 last year, an increase of \$4,253,419. Total bonded debt for the Town is entirely backed by the full faith and credit of the Town. Bonds authorized but unissued totaled an additional \$17,800,000 for business-type activities and \$14,692,000 for general fund activities, resulting in a total authorized but unissued of \$32,492,000. State statutes limit the amount of general obligation bonded debt a town can issue to 3% of net assessed property values. However, all bonds approved through State enabling legislation and voter referendums are exempt from the limit. As of June 30, 2020, the Town had a legal debt limit of \$148,983,077, based on net assessed valuations as of December 31, 2019. As of June 30, 2020, the Town had outstanding debt subject to the 3% debt limit of \$0.

The Town's debt limit calculation is shown on page 58 of this report.

The Town received a bond rating by Mood's Investors Services of Aa2 and from S&P Global Rating Service of AA+ in June of 2019 based on the following factors:

- Primarily residential property tax base with a diverse and growing commercial presence;
- Very strong management, with good financial policies and practices; and
- Very strong budgetary flexibility and very strong liquidity.

Information on the Town of North Kingstown's long-term debt can be found in Note 7 on pages 58-62 of this report.

Economic Factors and Next Year's Budgets and Rates:

- Rhode Island General Laws limit the amount by which a city or town may increase its tax levy in each year unless the city or town qualifies for certain exemptions relating to loss of non-property tax revenue, emergencies, payment of debt service and substantial increase in the tax base necessitate significant expenditures. The maximum amount by which a city or town can increase its levy for 2021 is 4.0%. This levy would allow the Town to raise an additional \$3.1 million in new tax dollars.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2020

- As of June 2020, the Town had an unemployment rate of 10.2% as compared to the State of Rhode Island's rate of 12.3% and the national average of 11.2%. The increase in the Town's unemployment rate was 7.3% compared to June 2019 and is due to the impact that COVID-19 has had. While the pandemic has impacted national, state and local economies, additional businesses continue to locate to the Quonset Business Park, and the Town's largest employer, Electric Boat, continues to expand and seek qualified new employees.

These additional factors will be considered as we plan for our 2022 budget.

- Growing Infrastructure needs as a result of increases in housing stock, expansion of Quonset Business Park, and development of Post Road.
- Long term plan for Town Hall/Municipal Office and development of Public Safety Facilities.
- Impact of Covid-19 pandemic and projected decreases in non-tax revenue, particularly hotel and meal & beverage tax.
- Impact of Covid-19 related additional cost for public safety and schools.
- Impact that climate change and rising oceans have on our coastal community.
- Increased needs for public transportation.
- Changes in demographics of the community.

Unassigned fund balance in the Town's general operating fund at June 30, 2020 is \$14,039,029 or 15.1% of the Town general operation fund expenditures, which complies the Town's fiscal policy of maintaining a minimum of 10% of total General Fund expenditures and transfer out as a reserve.

The fiscal year 2020 rate of collection of current taxes was 97.85%. It is anticipated that the fiscal year 2021 rate of collection will fall within the budgeted collection rate which took into consideration the local and state economic conditions. With an overwhelming reliance on property taxes (approximately 90.3% of the current year revenues are derived from property taxes) any reduction in other revenues would necessitate either a use of a portion of the fund balance, a property tax increase or a reduction in services in the upcoming year or some combination thereof. Based upon preliminary discussion regarding the state budget, we are anticipating being level funded by the state and a minor increase in tax appropriations to maintain the Town's existing services and oblige contractual obligations.

Requests for Information: This financial report is designed to provide a general overview of the Town of North Kingstown's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, James Lathrop, CPA, MPA, Finance Office, Town of North Kingstown, Municipal Offices, 100 Fairway Drive, North Kingstown, RI 02852.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

JUNE 30, 2020

Amounts reported for governmental activities in the Statement of Net Position are different because of the following:

<i>Total Fund Balance reported in Governmental Funds</i>	\$ 28,445,992
Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore are not reported in the Governmental Funds Balance Sheet	97,586,117
Deferred outflows related to pension plan and OPEB plan are not current measurable and available resources and therefore not reported in the Fund Statements but are reported in the Statement of Net Position	20,680,948
Deferred inflows related to pension plan and OPEB plan are not current measurable and available resources and therefore not reported in the Fund Statements but are reported in the Statement of Net Position	(21,542,011)
Deferred loss on refunding of bonds which is amortized over the life of the new bond	843,483
Long-term liabilities and related items are not due and payable in the current period and therefore are not reported in the funds. These liabilities are reported in the Statement of Net Position:	
Accrual for net pension and net OPEB liabilities	(110,961,675)
Accrual for compensated absences	(2,674,940)
Pollution remediation obligation	(1,800,000)
Capital lease obligations	(993,740)
General obligation bonds	(30,229,000)
Bond premium, net of amortization	(2,987,813)
Unavailable tax and EMS revenues (net of an allowance for uncollectibles) are recorded in the funds, but are not recorded under the measurement focus employed in the Statement of Net Position	2,703,897
Interest accrued on long-term debt obligations is reported as a liability in the Statement of Net Position but does not get reported in the Fund Statements	<u>(485,868)</u>
<i>Total Net Position reported in Statement of Net Position</i>	<u>\$ (21,414,610)</u>

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Net Change in Fund Balances - Total Governmental Funds	\$ 5,890,176
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital expenditures exceeded depreciation expense in the current period.	2,694,633
Governmental funds report bond, premium on bond, and capital lease proceeds as revenues. However, in the statement of activities, these funds are reported as additions to long-term debt.	(8,280,176)
Governmental funds report principal repayments on debt obligations as an expenditure. However, the repayment of principal has no effect on the net position.	3,403,187
Changes to the following accounts related to the Town's pension and OPEB plans are reported as an expense for governmental activities but are not reported as an expenditure in the fund financial statements until they are paid with measurable and available resources:	
Increase in net pension liability	2,816,033
Increase in net OPEB liability	1,961,118
Increase in deferred outflows of resources	(7,075,361)
Increase in deferred inflows of resources	2,715
Governmental funds report premiums received on debt financing as other financing sources when received. However, the Statement of Activities amortizes these premiums over the life of the obligations and records the amortization as a credit to expenses. This is the amortization amount for fiscal 2020.	340,107
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in governmental funds. Net unavailable tax and EMS revenue increased from fiscal 2019.	351,511
Accrued interest on long-term debt obligations is reported in the governmental activities but is not reported in the governmental fund statements. This is the increase in accrued interest expense from fiscal 2019.	(23,986)
The governmental funds reflect compensated absences when they will be paid with measurable and available resources. The change from prior year balances is reflected in the statement of activities. Compensated absences decreased from fiscal 2019.	119,355
The activity for the current year amortization of loss on bond refundings.	(361,010)
The activity reported in the Internal Service Funds is presented with the Proprietary Fund Statements. However, this activity is reported as a component of the Governmental Activities in the Statement of Activities. This is the net activity reported for fiscal 2020.	<u>50</u>
Change in Net Position of Governmental Activities in the Statement of Activities	<u>\$ 1,838,352</u>

The accompanying notes are an integral part of these financial statements.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of North Kingstown, Rhode Island (Town) have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applicable to governmental entities. In certain instances, summaries of the Town's significant accounting policies have been presented throughout the notes to the basic financial statements in conjunction with other disclosures to which they relate.

REPORTING ENTITY

The Town was incorporated in 1674 and is governed largely under the 1954 North Kingstown Home Rule Charter. In some matters, including the issuance of short and long-term debt, the Town is governed by the general laws of the State of Rhode Island (the State). The Town operates under a Town Council form of government and provides the following services as authorized by its charter: Public Safety (police, fire, civil preparedness, animal control, and harbors and wharfs), Public Works (engineering, highways and facilities maintenance), Water Supply, Library, Education, Senior Services and General Administration Services.

In evaluating the inclusion of other separate and distinct legal entities as component units within its financial reporting structure, the Town applied the criteria prescribed by Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting entity: Omnibus an amendment of GASB Statements No. 14 and No. 34*. Under GASB Statement No. 61, a legally separate entity is required to be included as a component unit if it is fiscally dependent upon the primary government and there is a financial benefit or burden relationship present. The primary government is financially accountable if it appoints the voting majority of the organization's governing board and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A potential component unit has a financial benefit or burden relationship with the primary government if, for example, any one of the following conditions exists:

- a) The primary government is legally entitled to or can otherwise access the organization's resources.
- b) The primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization.
- c) The primary government is obligated in some manner for the debt of the organization.

Through the application of GASB Statement No. 61 criteria, the North Kingstown Free Library ("Library") has been presented as a component unit of the Town in the accompanying government-wide financial statements.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REPORTING ENTITY (CONTINUED)

The North Kingstown Free Library Corporation, a not-for-profit agency formed in July 1993, supports the charitable, scientific and educational purposes of the Library, a component unit of the Town. The Town is able to impose its will on the component unit as the Town appoints the Library Trustees who serve as the Library's Board of Directors. Accordingly, the Library is included as a discretely presented component unit in the basic financial statements of the Town. The North Kingstown Free Library Corporation filed its form 990 tax return for the year ended December 31, 2019, during May 2020, a copy of which can be obtained by contacting the North Kingstown Free Library Corporation, 100 Fairway Drive, North Kingstown, RI 02852.

BASIC OF PRESENTATION

Government-wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the Town as a whole. They include all funds of the Town except for fiduciary funds and distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods and services.

The Statement of Activities presents a comparison between expenses and program revenues for each function of the Town's governmental activities. Program revenues include a) fees, fines and charges paid by the recipients of goods or services offered by the programs and b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

Fund financial statements of the Town are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary and fiduciary. An emphasis is placed on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIC OF PRESENTATION (CONTINUED)

Fund Financial Statements (Continued)

- a) Total assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b) Total assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, or expenditures/expense of that individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Management may also designate a fund as major which does not meet the above parameters. The funds of the Town are described below:

GOVERNMENTAL FUNDS

Governmental funds are used to account for operations that supply basic governmental services. The Town uses the following types of governmental funds:

General Fund is the primary operating fund of the Town and is always classified as a major fund. It is used to account for and report all financial resources not accounted for and reported in other funds.

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The Town's major special revenue fund is the School Department, which provides primary education to the Town's children.

Capital Project Funds are used to account for and report resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned for payment of principal and interest on long-term obligations of governmental funds.

Permanent Funds are used to account for and report assets held by the Town pursuant to trust agreements. The principal portion of this fund type must remain intact, but the earnings may be used to achieve the objectives of the fund.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

GOVERNMENTAL FUNDS (CONTINUED)

Proprietary Funds

Proprietary Funds are used to account for business-like activities provided to the general public (enterprise funds) or within the government (internal service funds). These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. Operating revenues of the Proprietary Funds consist of customer charges for uses and services and certain other miscellaneous revenues. All other revenues of the Proprietary Funds are considered non-operating sources of revenue. The Proprietary Funds include Enterprise and Internal Service Funds. During the year ended June 30, 2020 the Town maintained twelve Enterprise Funds and one Internal Service Fund.

Fiduciary Funds (Not Included in Government-wide Statements)

Fiduciary Funds are used to report assets held by the Town in a trustee or agency capacity and, therefore, cannot be used to support the Town's own programs. The following fiduciary funds are used by the Town:

Pension Trust Fund is used to account for resources held for payment of pension benefits, and cannot be used at the Town's discretion or to support the Town's general operations.

OPEB (Other Post-Employment Benefits) Trust Fund is used to account for payment of post-employment benefits that the Town provides to qualified retirees in accordance with union contract provisions.

Private Purpose Trust Funds account for resources legally held in trust for use by an outside committee to provide awards and scholarships in accordance with a donor's instructions. All resources of the fund, including any earnings on investments, may be used. There is no requirement that any portion of these resources be preserved as capital. The Town has twenty-one private purpose trust funds.

Agency Funds account for assets held by the Town in a purely custodial capacity. The Town has two agency funds (Student Activity Funds and Developer Surety Escrow). Since agency funds are custodial in nature (i.e., assets equal liabilities), they do not involve the measurement of results of operations.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MAJOR AND NON-MAJOR FUNDS

The funds are further classified as major or non-major as follows:

<u>Fund</u>	<u>Brief Description</u>
Major:	
General Fund:	See above for description
Special Revenue Funds:	
School Department	Account for and report all financial transactions of the North Kingstown School Department. Included here is the School Unrestricted Fund and all School Department grant funds.
Capital Project Funds	Account for the activities of the Town and School bonds
Debt Service Fund:	See above for description. This fund did not meet the criteria for reporting as a major fund however, management has elected to present the fund as a major fund.
Proprietary Funds:	
Water Operations and Capital Reserve Funds	Account for the operations of the Town's Water Department and related reserve. The capital reserve fund did not meet the criteria for reporting as a major fund however, management has elected to present it as such.
Quonset/Davisville Recreation Fund	Accounts for the operations of the Town's Recreation Department.
Sewer Fund	Accounts for the Town's sewer operations and related projects.
Non Major:	
Special Revenue Funds:	Grant programs including federal grants, state grants, and private grants. The Town currently maintains thirty-eight (38) special revenue funds which have been classified as non-major Governmental Funds. The details of these funds may be found in the combining fund statements in the other supplementary information section of these financial statements.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MAJOR AND NON-MAJOR FUNDS (CONTINUED)

Non Major (Continued):

Capital Project Funds: The Town currently maintains four (4) Capital Project Funds. The details of these funds may be found in the combining fund statements in the other supplementary information section of these financial statements.

Permanent Funds: The Town has fourteen (14) permanent funds. The details of these funds may be found in the combining fund statements in the other supplementary information section of these financial statements.

Proprietary Funds:

Enterprise Funds Quonset/Davisville Reserve, School Lunch, Computer Repair & Maintenance Program, Athletic Gate Receipts, Athletic Activities Sports Camp, Music Choir and Orchestra, Municipal Court, and Transfer Station.

Internal Service Funds Workers Compensation

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

On the Government-wide Statement of Net Position and the Statement of Activities both governmental and business-type activities (proprietary funds) are presented using the economic resources measurement focus as defined in item (b) below and the accrual basis of accounting. In the fund financial statements, the current financial resources measurement focus (modified accrual) or the economic resources measurement focus (full accrual) is used as appropriate:

- (a) All governmental funds utilize a current financial resources measurement focus and a modified accrual basis of accounting. Only current financial assets, deferred outflows of resources, liabilities, and deferred inflows of resources are generally included on their balance sheets. Operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- (b) The proprietary fund utilizes an economic resources measurement focus and accrual basis of accounting. The accounting objectives of this measurement focus are the determination of net income, financial position and cash flows. All assets and deferred outflows of resources, and liabilities and deferred inflows of resources (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.
- (c) Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (CONTINUED)

The Government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available for liquidating liabilities of the current period. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period (usually 60 days). Revenues not considered to be available are recorded as deferred inflows. Expenditures, including capital outlays, are recognized when a related fund liability has been incurred, except for those involving debt service and other long-term obligations that are recognized when due.

Those revenues susceptible to accrual are property taxes, special assessments, federal impact aid, state aid, meals and hotel taxes collected by the State on behalf of the Town, interest and charges for services. Fines, licenses and permit revenues are not susceptible to accrual because generally they are not measurable until received in cash; therefore, they are recognized when received.

Recognition of grant revenues is based on the susceptibility of accrual as determined by the legal and contractual requirements established by each grantor. For grants not restrictive as to specific purposes and revocable only for failure to comply with general prescribed requirements, revenues are recognized when actually received. Where expenditure is the prime factor in determining eligibility, grant revenue is recognized as allowable expenditures are made provided they are collected during the year or within 60 days subsequent to year-end. Prior to expenditure, proceeds are recorded as unearned revenues.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (CONTINUED)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All other revenues and expenses not meeting this definition are reported as nonoperating revenues and expense.

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE

Cash and Cash Equivalents

For purposes of the cash flow statement, all investments with original maturities of three months or less when purchased are considered to be cash equivalents. Cash and cash equivalents consist of cash on hand, time and demand deposits and short-term investments maturing within three months from the date of acquisition. The Town maintains deposits in various financial institutions, which are separately displayed in the financial statements as "cash and cash equivalents."

Under Rhode Island General Law, as of October 1, 1991, public deposit institutions are required to insure accounts that hold public funds in excess of the \$250,000 that is guaranteed by Federal Deposit Insurance Corporation (FDIC).

Investments

The Town invests in various types of investments, which are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Realized and unrealized gains and losses are reported as investment income. The Town's investments are held in the Town's Fiduciary Funds.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net position and activities.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Accounts Receivable

In the Government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes and intergovernmental receivables. Business-type activities report service and special assessment fees as its major receivables. In addition, at June 30, 2020 the Town's Sewer fund also reported assessments receivable of \$9,252,451.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as property taxes collected within 60 days of year-end and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions earned/measurable but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the Government-wide financial statements in accordance with the accrual basis. Proprietary fund receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. At June 30, 2020 the Town has estimated the allowance for doubtful accounts for delinquent taxes of \$76,582.

Property Taxes

Real and personal property taxes are based on values assessed as of each December 31 (lien date), and attach as an enforceable lien on property as of July 1 (levy date). Taxes are due in equal quarterly installments on July 31, October 31, January 31 and April 30, annually. Taxes due and unpaid after the respective due dates are subject to interest at the rate of 12% per annum calculated on the unpaid portion of the total tax. An automatic lien is placed on the taxpayer's property if payment has not been received by the tax due date. Property taxes are recognized as revenue in the year they are levied. Property tax revenues are recorded in accordance with the modified accrual basis of accounting in the fund financial statements.

For 2020, Rhode Island General Law restricts the Town's ability to increase its total tax levy by more than 4.00% over that of the preceding fiscal year.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Prepays

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid assets. Prepays recorded in governmental-type funds do not reflect current appropriated resources and, as such are reported as non-spendable fund balance.

Inventory

Proprietary fund inventory is stated at cost using the first-in, first-out method. Inventory consists primarily of materials and supplies. Inventory maintained in governmental funds is recorded as expenditures at the time of purchase.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in governmental funds.

Certain unexpended and unencumbered appropriations for incomplete projects are carried over to succeeding years. Such continuing appropriations are accounted for similar to encumbrances. Other unencumbered appropriations lapse at year-end.

Capital Assets

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the Government-wide or fund financial statements.

In the Government-wide financial statements, long-lived assets are accounted for as capital assets. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their estimated fair value at the date of donation.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Capital Assets (Continued)

Capital assets are defined by the Town as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The costs of normal maintenance and repairs that do not add to value of the asset or materially extend asset lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The ranges of estimated useful lives by type of asset are as follows:

Buildings	10 - 50 years
Property and leasehold improvements	5 - 10 years
Furniture and equipment	5 - 10 years
Infrastructure	20 - 40 years
Vehicles and golf carts	3 - 4 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for in the same manner as in the Government-wide statements.

The Town reviews the carrying value of its long-lived assets to ensure that any impairment issues are identified and appropriately reflected in the financial statements. Should the expected cash flows be less than the carrying value, an impairment loss would be recognized to reduce the carrying value. There was no impairment loss recorded during fiscal year 2020.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Bond Premiums and Issuance Costs

In the Government-wide statement of net position, bond premiums and discounts are deferred and amortized over the term of the related bonds using the straight-line method. Bond premiums are presented as an addition to the face amount of the bonds payable. Bond issuance costs are expensed in the year incurred.

In the governmental funds, bond premiums and issuance costs are treated as period costs in the year the bonds are issued. Bond issuance costs are included in debt service expenditures and bond premiums are reflected as other financing sources in the governmental funds financial statements, while discounts are reported as other financing uses.

Long-term Obligations

In the Government-wide and proprietary fund financial statements, long-term debt and other long-term obligations (including compensated absences, and accrued claims and judgements) are reported as liabilities in the statement of net position.

In the governmental fund financial statements, long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The face amount of debt issued is reported as other financing sources in the governmental funds financial statements.

Compensated Absences

Under the terms of various contracts and policies, Town employees are granted vacation and sick leave based on length of service. The Town's policy is to recognize the cost of vacation and sick leave in governmental funds when paid and on the accrual basis in proprietary funds. The amount of earned but unpaid vacation and sick leave is recorded as a long-term obligation in the government-wide financial statements.

Judgments and Claims

Liabilities for legal cases and other claims against Governmental funds are recorded when the ultimate liability can be estimated and such cases are expected to be liquidated with expendable available financial resources. Proprietary fund types record these liabilities using the accrual basis of accounting.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate section represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until that later date. At June 30, 2020 the Town reported \$21,395,280 of deferred outflows of resources related to pension and OPEB in the Government-wide statement of net position. A deferred outflow of resources related to pension and OPEB results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plan (active employees and inactive employees). In addition, at June 30, 2020 the Town also reported \$843,483 of deferred outflows related to deferred charges on refundings in the Government-wide statement of net position. The deferred charge on refunding is the unamortized balance of the difference between the carrying value of the refunded debt and the new debt. This amount is deferred and amortized over the shorter of the life of the refunded or the refunding debt.

In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate section represents the acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until a later date. At June 30, 2020 the Town reported \$23,392,647 of deferred inflows of resources related to pension and OPEB in the Government-wide statement of net position. A deferred inflow of resources related to pension and OPEB results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension/OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plans (active employees and inactive employees). In addition, at June 30, 2020 the Town also reported in the Government-wide statement of net position \$8,942,639 of deferred inflows related to deferred sewer assessments and \$423,357 of deferred inflows related to deferred loans.

At June 30, 2020 the Town also had three items that qualified as a deferred inflow of resources in the governmental funds balance sheet. The unavailable tax and EMS revenue of \$2,703,897 and deferred loans of \$423,357. The unavailable tax revenue at June 30, 2020 represents property taxes receivables which are assessed on December 31, 2018 and prior and are not collected within 60 days of June 30, 2020. The unearned EMS revenue represents rescue fees for services provided prior to June 30, 2020 but not recognized as revenue since they are considered unavailable as of June 30, 2020. The net unavailable tax and EMS revenue are considered unavailable and will be recognized as an inflow of resources in the year(s) in which the amounts become available.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Interfund Transactions

Interfund activity within and among the funds of the Town have been classified and reported as follows:

Reciprocal interfund activities:

- Interfund loans are reported as interfund receivables in the lending fund and interfund payables in borrower funds.
- Interfund services are reported as revenues in the seller fund and as expenditures or expenses in the purchasing fund.

Non-reciprocal interfund activities:

- Interfund transfers are reported in governmental funds as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In proprietary funds transfers are reported after nonoperating revenues and expenses.
- Interfund reimbursements are repayments from the fund responsible for particular expenditures or expenses to other funds that initially paid for them. Reimbursements are not displayed separately within the financial statements.

Transactions between funds have been eliminated in the Government-wide financial statements but fully presented within the governmental fund of financial statements with no elimination made between or within funds.

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either “due from/to other funds” (current portion) or “advances from/to other funds” (noncurrent portion). All other outstanding balances between funds are reported as “due from/to other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the Government-wide financial statements as “internal balances.”

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Net Position/Fund Balance

Government-wide Financial Statements

Net position is classified and displayed in the following three components:

- (a) Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings, and deferred inflows of resources, if any, that are attributable to the acquisition, construction, or improvement of those assets, increased by deferred outflows of resources related to those assets, if any.
- (b) Restricted net position – Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- (c) Unrestricted net position – the remaining net position that does not meet the definition of “restricted” or “net investment in capital assets.”

Proprietary fund net position is classified the same as in the Government-wide statements.

Governmental Fund Financial Statements

In accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, fund balance is classified as non-spendable, restricted, committed, assigned, or unassigned. These categories are defined below:

- Non-spendable – amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact. “Not in spendable form” includes items that are not expected to be converted to cash within one year.
- Restricted – includes amounts that are restricted for specific purposes. Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Net Position/Fund Balance (Continued)

Governmental Fund Financial Statements (Continued)

- Committed – the Town Council, as the Town’s highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose unless the Town Council removes or changes the specific use through the same type of formal action taken to establish the commitment. This constraint must be imposed prior to the fiscal year-end, but the specific amount may be determined at a later date.
- Assigned – amounts that are intended by the Town to be used for specific purposes, but are neither restricted nor committed. The authority to assign fund balance is designated to the Town Manager.
- Unassigned – the residual amount in the General Fund available for any purpose. Although there is generally no set spending plan for the unassigned portion, there is a need to maintain a certain funding level which is clearly identified in the Debt Policy & Management/Fiscal Practices policy adopted by the Town Council on April 7, 2008. Unassigned fund balance is commonly used for emergency expenditures not previously considered. In addition, the resources classified as unassigned can be used to cover expenditures for revenues not yet received. The Finance Director shall have a goal of an unassigned fund balance of no less than 4-5% of total General Fund Budgeted Operating Expenditures in order to accommodate unanticipated expenditures and/or emergencies. In the event that the amounts assigned for cash flow fall above or below the desired range of unassigned fund balance, the Finance Director shall report such amounts to the Town Council as soon as practical after the end of the fiscal year. Should the actual amount assigned for cash flow fall below the desired range, the Town Council shall create a plan to restore the fund to the appropriate level.

Minimum Fund Balances

Unassigned

It is the goal of the Town Council to achieve and maintain a general fund unassigned fund balance of 10% with an acceptable range of not less than 8% and not more of 15% at fiscal year-end. If the unassigned fund balance at fiscal year-end falls below the minimum range (8%), the Town Manager shall develop a restoration plan to achieve and maintain the minimum fund balance within 5 years. Should unassigned fund balance of the general fund ever exceed the maximum (15%) range, the Town Manager, with Town Council approval, will consider such fund balance surpluses for one-time expenditures that are non-recurring in nature and which will not require additional expense outlays for maintenance, additional staffing or other recurring expenditures.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Net Position/Fund Balance (Continued)

Governmental Fund Financial Statements (Continued)

At the end of each fiscal year, the School Department Director of Financial Operations will report the portion of the unassigned fund balance. In addition, the Director of Financial Operations shall maintain an unassigned fund balance of no less than 5% of total School Unrestricted Fund Budgeted Operating Expenditures in order to accommodate immediate cash flow (2%) needs for unanticipated expenditures and/or emergencies (3%). In the event that the amounts assigned for cash flow fall below the desired range of unassigned fund balance, the Director of Financial Operations shall report such amounts to the School Committee as soon as practical after the end of the fiscal year. Should the actual amount assigned for cash flow fall below the desired range, the School Committee shall create a plan to restore the fund to the appropriate levels.

In accordance with the Town's spending policy, the Town shall, when possible, expend funds beginning with those funds that have the highest level of restriction first, and will spend those funds with the lowest level of restriction last. It shall be the Finance Director's responsibility to ensure the Town's expenditures are appropriately classified based on the restrictions (both external and internal) of the revenue and fund balance(s) in accordance with the definitions listed above.

PENSIONS

Employees' Retirement System (ERS)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Employees' Retirement System plan (ERS) and the additions to/deductions from ERS' fiduciary net position have been determined on the same basis as they are reported by ERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PENSIONS (CONTINUED)

Municipal Employees' Retirement System (MERS)

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Employees' Retirement System (MERS) of Rhode Island and additions to/deductions from MERS' fiduciary net position have been determined on the same basis as they are reported by MERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Town of North Kingstown's Post Employment Health Insurance Plan (the "Plan") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

RECENTLY ISSUED ACCOUNTING STANDARDS

During the year ended June 30, 2020 the Town did not implement any new accounting standards.

SUBSEQUENT EVENTS

Management has evaluated subsequent events through December 29, 2020, which is the date these financial statements were available to be issued and has concluded that, except for the events disclosed in Note 14, no other events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

USE OF ESTIMATES

The preparation of basic financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, and liabilities and deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the basic financial statements. Estimates also affect the reported amounts of revenues, expenditures and expenses during the reporting period. Significant items subject to such estimates include the pollution remediation obligation and the other postemployment benefit liability. Actual results could differ from those estimates.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 2 - CASH DEPOSITS AND INVESTMENTS

CASH AND CASH EQUIVALENTS

At June 30, 2020, the carrying amount of the Town's cash and cash equivalents was \$46,723,182 (including \$2,850,094 of restricted cash and \$512,647 of cash held in fiduciary funds), and the total bank balance was \$47,872,576. The Town's entire bank balance of \$47,872,576 was covered by either FDIC insurance or collateral held in the Town's name.

In addition, at June 30, 2020, the carrying amount of cash and cash equivalents of the Town's component unit, North Kingstown Free Library, was \$349,396 and the total bank balance was \$349,396. Of the bank balance, \$250,000 was covered by federal depository insurance and the remainder was uninsured.

INVESTMENTS

Investments are stated at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Town follows the guidance for fair value measurements and disclosures in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*.

In determining fair value, the Town uses various valuation approaches, as appropriate in the circumstances. GASB Statement No. 72 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The fair value hierarchy is categorized into three levels based on the inputs as follows:

- Level 1 – Unadjusted quoted priced in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.
- Level 3 – Unobservable inputs for the asset or liability (supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Town are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Town are deemed to be actively traded.

Total Investments by Fair Value	<u>\$ 1,552,211</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 1,552,211</u>	<u>100.0%</u>

Custodial Credit

Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposits may not be returned to it. It is the Town's policy to follow the requirements contained in Section 35-10.1-7 of the General Laws of the State, dealing with the collateralization of public deposits, which requires that all time deposits with maturities of greater than 60 days and all deposits in institutions that do not meet the minimum capital requirements of its federal regulator must be collateralized. Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty or agent of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of the outside party.

With the exception of Short-Term Investment-Grade Funds, all of the Town's investments noted above represent 5% or more of the Town OPEB Plan's net position at June 30, 2020.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 2 - CASH DEPOSITS AND INVESTMENTS (CONTINUED)

INVESTMENTS (CONTINUED)

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in interest rates. The Town manages this risk by investing in certificates of deposit with a maturity date of three months or less.

Credit Risk

Credit risk, the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment, is measured by the assignment of a rating to debt securities by a nationally recognized statistical rating organization.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the investment in a single issuer. The Town manages its risk by participating in a certificate of deposit pool, maximizing the Federal Deposit Insurance Corporation ("FDIC") coverage over deposits by limiting the amount on deposit in any one financial institution, and also by securing full collateralization of any remaining uninsured deposits.

NOTE 3 - PROPERTY TAXES

The Town is responsible for assessing, collecting and distributing property taxes in accordance with enabling state legislation.

Net property taxes levied for fiscal year 2020 were based on a net asset value of \$4,738,796,600 at December 31, 2018, and amounted to \$82,016,265. Collections through June 30, 2020, amounted to \$80,318,105, which represents approximately 98% of the net tax levy.

Unpaid property taxes as of June 30, 2020 of \$2,896,043, are recorded as a receivable, net of an allowance for uncollectible property taxes of \$76,582. Those net property taxes receivable which were not collected within 60 days immediately following June 30, 2020, are recorded as a deferred inflow in fiscal 2020. Property taxes collected within 60 days following June 30, 2020, are recognized as revenue in the governmental fund financial statements and amounted to \$740,268. As of June 30, 2020, the Town levied property taxes for its next fiscal year based on the December 31, 2018, assessment as follows (unaudited):

ECONOMIC DEVELOPMENT TAX INCENTIVE

The Town offers an economic development tax incentive through Town Ordinance Section 19-40. The incentive is offered to only new buildings, new structures, new additions to existing buildings or structures on taxable property, and for substantial improvements to existing structures costing in excess of 50 percent of the assessed value of the existing structure. The incentive is intended to inure to the benefit of the Town because of the willingness of the business to locate in the Town, or the willingness of a business to replace, reconstruct, expand, or remodel existing buildings or facilities with modern buildings or facilities resulting in an increase in building investment.

The Town Council, in its sole discretion, is authorized but not required to phase in over a period of six years, the taxes due on certain business property located in the Town, not to include residential purposes or multi-family housing.

The real estate taxes shall be phased in pursuant to the following schedule:

<u>Year</u>	<u>Phase-In Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 6 - SHORT TERM NOTES PAYABLE

BOND ANTICIPATION NOTES (BAN) PAYABLE

On July 20, 2019, the Town entered into a General Obligation BAN, 2019 Series 1 in the amount of \$760,000, bearing interest at the rate of 1.60% due July 6, 2020. On May 7, 2020 the Town entered into a General Obligation BAN, 2020 Series 1 in the amount of \$5,263,000, bearing interest at the rate of 1.175% due May 5, 2021. These BAN's will either be paid off at maturity or will be converted to long-term debt.

NOTE 7 - LONG-TERM OBLIGATIONS

GENERAL OBLIGATION BONDS PAYABLE

The Town issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both general government and proprietary activities, as well as to refund previously outstanding general obligation bonds. General obligation bonds pledge the full faith and credit of the Town.

The Town's maximum aggregate indebtedness under Rhode Island General Laws 45-12-2 is limited to 3% of total assessed value, with certain exemptions. The assessed value of the Town's properties at December 31, 2019, was \$4,966,102,555, limiting the amount of non-excepted debt outstanding to \$148,983,077. At June 30, 2020, the Town had \$0 outstanding subject to the limit. All Town debt has been incurred through special statutory authority which consists of approval by the legislature and voter referendum. Payments on all long-term debt and other long-term liabilities that pertain to the Town's governmental activities are made by the Debt Service Fund and General Fund. The General Fund typically has been used in prior years to liquidate the liability for compensated absences.

AUTHORIZED BUT UNISSUED

At June 30, 2020, the Town had \$17,100,000 of bonds authorized but unissued for construction of the Town's sewer system. The Town had \$14,692,000 of authorized but unissued for School and Town improvements. This is in addition to \$700,000 for the Rhode Island Community Septic System Loan (CSSL) program.

LINE OF CREDIT

The Town has a \$1,500,000 available line of credit from the Rhode Island Infrastructure Bank for the Community Septic System Loan Program ("Loan Program"). The Loan Program makes low-interest loans available to North Kingstown property owners for cesspool/septic system repairs or replacements and is administered by Rhode Island Housing. The Town is only liable to the Rhode Island Infrastructure Bank in event of default by the property owner. A balance of \$626,322 was drawn down on the line of credit at June 30, 2020.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 9 - PENSION PLANS

All eligible employees of the Town are covered by one of two pension plans: the Municipal Employees' Retirement System of the State of Rhode Island ("Municipal Plan"), or the Employees' Retirement System of the State of Rhode Island ("Teachers' Plan"). The Teachers' Plan covers all School Department personnel certified by the Rhode Island Department of Education who are or have been engaged in teaching as a principal occupation. The Municipal Plan covers all Town Hall employees sworn in on or after January 1, 2000, all Fire Department employees hired on or after January 1, 2001, and all School Department clerks, custodians and teacher assistants.

MUNICIPAL PLAN

Plan Description

The Municipal Employees' Retirement System ("MERS") – an agent multiple-employer defined benefit pension plan – provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Laws and placed under the management of the Employees' Retirement System of Rhode Island ("ERSRI") Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire personnel that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the ERSRI website at www.ersri.org.

Benefits Provided

General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

Salary: Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 9 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Benefits Provided (Continued)

Service: Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

Final Compensation: Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three year FAC as of July 1, 2012 or the five year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

General Employees

Members with less than five years of contributory service as of June 30, 2012 and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012 will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012 as described above. The interpolation is based on service as of June 30, 2012 divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 9 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Benefits Provided (Continued)

General Employees (Continued)

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

Police and Fire Employees

Members are eligible to retire when they are at least 50 years old and have a minimum of 25 years of contributing service or if they have 27 years of contributing service at any age. Members with less than 25 years of contributing service are eligible for retirement on or after their Social Security normal retirement age.

Members who, as of June 30, 2012, had at least 10 years of contributing service, had attained age 45, and had a prior Retirement Date before age 52 may retire at age 52.

Active members on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

A member who is within five years of reaching their retirement eligibility date, as described in this section, and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 9 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Benefits Provided (Continued)

Police and Fire Employees (Continued)

Prior to July 1, 2012, members designated as police officers or firefighters were eligible for retirement at or after age 55 with credit for at least 10 years of service or at any age with credit for 25 or more years of service. Members were also eligible to retire and receive a reduced benefit if they are at least age 50 and have at least 20 years of service. If the municipality elected to adopt the 20-year retirement provisions for police officers and/or firefighters, then such a member was eligible to retire at any age with 20 or more years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

A monthly benefit is paid equal to 2.00% of the member's monthly FAC for each year of service, up to 37.5 years (75% of FAC maximum). If the optional 20-year retirement provisions were adopted by the municipality prior to July 1, 2012: benefits are based on 2.50% of the member's FAC for each year of service prior to July 1, 2012 and 2.00% of the member's FAC for each year of service after July 1, 2012. The benefit cannot exceed 75% of the member's FAC.

Active members (including future hires), members who retire after July 1, 2015 and after attaining age 57 with 30 years of service will have a benefit equal to the greater of their current benefit described above and one calculated based on a 2.25% multiplier for all years of service.

Other Benefit Provisions

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 9 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Benefits Provided (Continued)

Other Benefit Provisions (Continued)

a. The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended. The first interim COLA may begin January 1, 2018.

b. Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%.

c. The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on the every fourth year provision described in (a) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$25,000 for 2013, \$25,000 for 2014, \$25,168 for 2015, \$25,855 for 2016, and \$26,098 for 2017.

Employees Covered by Benefit Terms

At the June 30, 2019 valuation date, the following employees were covered by the benefit terms:

	General	Police	Fire
Retirees and beneficiaries	252	43	71
Inactive, nonretired members	173	5	12
Active members	301	46	69
	<u>726</u>	<u>94</u>	<u>152</u>

Contributions

The amounts of employee and employer contributions have been established under Rhode Island General Laws Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012, are required to contribute 2% of their salaries. General employees with more than 20 years of service as of June 30, 2012, are required to contribute 8.25%. Public safety employees are required to contribute 10% of their salaries. The Town contributes at a rate of covered employee payroll as determined by an independent

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 9 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Contributions (Continued)

actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The Town contributed \$2,026,233, \$1,248,430 and \$1,633,916 for general, police, and fire, respectively, in the year ended June 30, 2020, which was 16.33%, 32.19% and 31.07% of covered payroll, respectively.

Net Pension Liability

The total pension liability was determined by actuarial valuations performed as of June 30, 2018, and rolled forward to June 30, 2019, using the following actuarial assumptions applied to all periods included in the measurement:

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2019 measurement date (June 30, 2018 valuation rolled forward to June 30, 2019)	
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.
Amortization Method	Level Percent of Payroll – Closed
Actuarial Assumptions	
Investment Rate of Return	7.00%
Projected Salary Increases	General Employees - 3.50% to 7.50% ; Police & Fire Employees - 4.00% to 14.00%
Inflation	2.5 %
Mortality	Mortality – variants of the RP-2014 mortality tables - for the improvement scale, update to the ultimate rates of the MP-2016 projection scale.
Cost of Living Adjustments	A 2% COLA is assumed after January 1, 2014.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 9 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Net Pension Liability (Continued)

The actuarial assumptions used in the June 30, 2018, valuation rolled forward to June 30, 2019, and the calculation of the total pension liability at June 30, 2019, were consistent with the results of an actuarial experience study performed as of June 30, 2016.

The long-term expected rate of return best-estimate on pension plan investments were determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 34 sources. The June 30, 2019, expected arithmetic returns over the long term (20 years) by asset class are summarized in the following table:

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on the arithmetic basis.

Discount Rate

The discount rate used to measure the total pension liability of the plan was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from the plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability

	General	Police	Fire	Total
Pension Liability:				
Balances as of July 1, 2018	\$ 69,174,347	\$ 33,902,691	\$ 49,678,332	\$ 152,755,370

TEACHERS' PLAN

Plan Description

Certain employees of the Town participate in a cost-sharing multiple-employer defined benefit pension plan – the Employees' Retirement System plan ("ERS") – administered by the Employees' Retirement System of the State of Rhode Island ("System"). Under a cost-sharing plan, pension obligations for employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides retirement, disability and death benefits to plan members and beneficiaries.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at <http://www.ersi.org>

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 9 - PENSION PLANS (CONTINUED)

TEACHERS' PLAN (CONTINUED)

Benefit Provisions

The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire at September 30, 2009, may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of services and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than five years of service as of July 1, 2012. Members are vested after five years of service. The plan provides for survivor's benefits for service connected death and certain lump sum death benefits. Joint and survivor benefit provision options are available to members. Cost of living adjustments are provided but are currently suspended until the collective plans administered by ERSRI reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments are provided at four-year intervals commencing with the plan year ended June 30, 2016. The plan also provides nonservice-connected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

Contributions

The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the plan. For fiscal 2019, the Town's teachers were required to contribute 3.75% of their annual covered salary, except that teachers with twenty or more years of service as of June 30, 2012, must contribute 11% of their annual covered salary. The State of Rhode Island ("State") and the Town are required to contribute at an actuarially determined rate, 40% of which is to be paid by the State and the remaining 60% is to be paid by the Town; the rates were 10.49% and 14.12% of annual covered payroll for the fiscal year ended June 30, 2020, for the State and the Town, respectively. The Town contributed \$4,389,316, \$4,066,500, and \$3,768,742 for the fiscal years ended June 30, 2020, 2019, and 2018, respectively, equal to 100% of the required contributions for each year. The State's share of contribution for fiscal 2020 was \$3,261,477 and is reported as on-behalf payments and included in both revenue and expenditures on the financial statements.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 9 - PENSION PLANS (CONTINUED)

TEACHERS' PLAN (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2020, the Town reported a liability of \$53,382,581 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the State. The amount recognized by the Town as its proportionate share of the net pension liability, the related State support and the total portion of the net pension liability that was associated with the Town were as follows:

Town's proportionate share of the net pension liability	\$ 53,382,581
State's proportionate share of the net pension liability	<u>39,989,081</u>
Total Net Pension Liability	<u>\$ 93,371,662</u>

The net pension liability was measured as of June 30, 2019, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018, rolled forward to June 30, 2019. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State, actuarially determined. At June 30, 2019, the Town's proportion was 1.67%.

For the year ended June 30, 2020, the Town recognized gross pension expense of \$9,946,454 and revenue of \$4,436,278 for support provided by the State.

NOTE 9 - PENSION PLANS (CONTINUED)

TEACHERS' PLAN (CONTINUED)

Actuarial Assumptions (Continued)

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discounted Rate

The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability calculated using the discount rate of 7.0 percent as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

1% Decrease (6.0%)	Current Discount Rate (7.0%)	1% Increase (8.0%)
\$ 65,971,797	\$ 53,382,581	\$ 43,077,040

DEFINED CONTRIBUTION PLAN

Plan Description

Certain employees participating in the Municipal Plan or Teachers' Plan with less than 20 years of service as of June 30, 2012, as described above, also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute between 1% and 1.5% of annual covered salary depending on the employee's total years of service as of June 30, 2012. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly. Amounts in the defined contribution plan are available to participants in accordance with IRS guidelines for such plans.

The Town recognized pension expense of \$344,059 for the fiscal year ended June 30, 2020. The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the System. The report may be obtained at <https://www.ersi.org>.

NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description

Through its single-employer defined benefit plan ("OPEB Plan"), the Town provides postretirement health care benefits to all Town employees who meet years of service and age requirements, and in some cases to their surviving spouses, who are eligible under the terms of collective bargaining agreements or personnel contracts. The Plan does not issue a stand-alone financial report.

The most recent actuarial valuation for the OPEB Plan was performed as of July 1, 2018.

The Town paid 100% of the amount of medical and dental costs incurred by eligible retirees.

Employer contributions are recognized in the period to which the contribution relates. Benefit payments are charged to expenses in the period paid.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Covered Participants

As of July 1, 2018, the date of the latest available actuarial valuation, membership census is as follows:

TOWN EMPLOYEES

Inactive employees or beneficiaries currently receiving benefit payments	138
Active employees	224
Total	<u>362</u>

SCHOOL EMPLOYEES

Inactive employees or beneficiaries currently receiving benefit payments	27
Active employees	547
Total	<u>574</u>

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of July 1, 2018, rolled forward to June 30, 2020, the measurement date. The following actuarial assumptions applied to all periods in the measurements:

- Actuarial cost method – Entry Age Normal
- Participation – 100% of eligible school retirees and eligible Town employees are assumed to elect medical and dental coverage.
- Health Care Cost Trend Rates – Medical 8.00% per year in 2020, decreasing to an ultimate rate of 5.50% in 2023 and later for Town, Medical 8.00% per year in 2020, decreasing to an ultimate rate of 5.00% in 2023 and later for School.
- Discount rate – The discount rate used to measure the OPEB liability 7.50% for Town, 3.50% for School. The projection of cash flows used to determine the discount rate assumed that contributions will be made at rates equal to and above the expected benefit payments. Based on those assumptions, the OPEB plan's net fiduciary position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected payments to determine the total OPEB liability.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 11 - CONTINGENCIES AND COMMITMENTS

Litigation

During the ordinary course of its operations, the Town is a party to various claims, legal actions and complaints. The Town accrues liabilities for losses when they are both probable and can be reasonably estimated. At June 30, 2020, management and the legal counsel have reviewed these outstanding claims and have estimated a favorable outcome at over 60%. Management does not believe that these claims will have a material effect on the basic financial statements and consequently, no liability for such matters has been recorded in the Statement of Net Position at June 30, 2020.

Communication Tower Rentals

The Town leases several communication towers to unrelated parties under separate operating leases. The rental revenue and lease terms range from a month-to-month basis on some and up to ten-year commitments on other. Total rental revenue was \$397,273 for the year ended June 30, 2020.

Projects

The Town had several outstanding construction projects as of June 30, 2020. These projects are evidenced by contractual commitments with contractors and consist of the following:

Fund/Project	Spent to Date	Commitment Remaining	Funding Source
Wilson Park Irrigation	\$ 390,117	\$ 365,433	Capital Reserve
Annual Paving Contact Extension	948,036	251,964	Capital Reserve

	<u>\$ 3,906,207</u>	<u>\$ 1,394,485</u>	

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 11 - CONTINGENCIES AND COMMITMENTS (CONTINUED)

Grants

The Town has received federal and state grants for specific purposes that are subject to audit by the grantors or their representatives. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant, Town officials believe such disallowances, if any, would be immaterial.

Operating Leases

The Town's future minimum lease payments relating to operating leases are as follows:

Year Ending June 30,	Future Minimum Lease Payment
2021	\$ 202,891
2022	203,569
2023	208,049
2024	136,335
2025	126,948
2026	95,211
	<u>\$ 973,003</u>

NOTE 12 - POLLUTION REMEDIATION OBLIGATIONS

The Town is currently involved in the State of Rhode Island's Landfill Closure Program for both the Hamilton Allenton and Oak Hill Landfills. ACT Lincoln Environmental, the Town's consultant, has completed a Site Investigation Report for the Hamilton Allenton Landfill and submitted closure recommendations to the Rhode Island Department of Environmental Management ("DEM"). The highest priority recommendations include soil gas extraction and monitoring, wetland and drainage remediation, landfill cap improvements and additional groundwater monitoring. The Town continues to work with the DEM to establish final closure requirements. Closure requirements established by DEM will be designed and bid for construction. At June 30, 2020, the preliminary total closure estimate for both landfills is \$1,800,000, which has been reported as a liability in governmental activities. The estimate may be adjusted each year due to changes in plan, inflation, technology, or applicable laws or regulations. A bond referendum was held in November 2018 to fund this project, which could also be combined with other infrastructure improvements. Immediate and more minor remediation efforts during fiscal year 2021 are to be funded from the Town's Capital Reserve, with ongoing ground water and soil gas testing funded by budgeted operational line items.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 13 - TAX ABATEMENTS

The Town enters into property tax abatement agreements with commercial and industrial developers to help promote economic development. The intent of these agreements is to attract or retain businesses within the Town. For fiscal year ended June 30, 2020, the Town abated property taxes totaling approximately \$136,853 under this program, which includes the following tax abatement agreements to new businesses located in a commercially zoned property or existing business that are expanding:

Lot/Plot	Property	Percentage of Taxes Abated During the Fiscal Year	Amount of Taxes Abated During the Fiscal Year	Gross Tax for FY20

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

NOTE 14 - SUBSEQUENT EVENTS

The following events have occurred subsequent to June 30, 2020 that require disclosure in the notes to the financial statements:

On July 9, 2020 the Town paid a settlement on an outstanding lawsuit related to a planning matter for \$37,500.

On September 19, 2020 the Town issued \$5.8 million of Bond Anticipation Notes that are part of the Town's \$27 million school and town improvement debt approved in 2018.

On December 2, 2020 the Town purchased all of the street lighting located in the Town from Narragansett Electric/National Grid for \$286,125. This is part of the Town's program to convert to LED streetlights. This program will require the Town to maintain the lights.

NOTE 15 - ECONOMIC UNCERTAINTIES

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of business across the country for non-essential services. While the disruption is currently expected to be temporary, there is considerable uncertainty about the duration of closings. The Town has been able to continue most of its operations in a remote environment, however, at this point, the extent to which COVID-19 may impact the Town's financial condition or results of operations is uncertain.

NOTE 16 - RESTATEMENTS

The Town recorded the following restatements at July 1, 2019:

<u>Governmental Activities</u>	
Net Position as originally stated at July 1, 2019	\$ (26,197,700)

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE YEAR ENDED JUNE 30, 2020

OTHER POSTEMPLOYMENT BENEFITS (OPEB) PLAN

The amounts presented for each fiscal year were determined as of the June 30 fiscal year-end.

The schedules are intended to show information for 10 years; additional years will be displayed as they become available.

The following actuarial methods and assumptions were used to determine contribution amounts:

- Actuarial cost method – Entry Age Normal
- Participation – 100% of eligible school retirees and eligible Town employees are assumed to elect medical and dental coverage
- Health Care Cost Trend Rates – Medical 8.00% per year in 2020, decreasing to an ultimate rate of 5.50% in 2023 and later for Town, Medical 8.00% per year in 2020, decreasing to an ultimate rate of 5.00% in 2023 and later for School
- Discount rate – The discount rate used to measure the OPEB liability 7.50% for Town (previously 6.25%), 3.50% for School. The projection of cash flows used to determine the discount rate assumed that contributions will be made at rates equal to and above the expected benefit payments. Based on those assumptions, the OPEB plan's net fiduciary position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected payments to determine the total OPEB liability.

MUNICIPAL PLAN (MERS) AND TEACHERS' PLAN (ERS)

The amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year end. The schedules are intended to show information for 10 years – additional years will be displayed as they become available.

Employers participating in the State Employee's Retirement System are required by RI General Laws, Section 36-10-2, to contribute an actuarially determined contribution rate each year.

Employers participating in the Municipal Employee's Retirement System are required by RI General Laws, Section 45-21-42, to contribute an actuarially.

June 30, 2019 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2019 measurement date compared to the June 30, 2018 measurement date.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE YEAR ENDED JUNE 30, 2020

MUNICIPAL PLAN (MERS) AND TEACHERS' PLAN (ERS) (CONTINUED)

June 30, 2018 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2018 measurement date compared to the June 30, 2017 measurement date.

June 30, 2017 measurement date –

As part of the 2017 Actuarial Experience Investigation Study for the six-year period ending June 30, 2016 as approved by the System Board on May 15, 2017, certain assumptions were modified and reflected in the determination of the net pension liability (asset) at the June 30, 2017 measurement date. The following summarizes the more significant changes in assumptions:

- Decreased the general inflation assumption from 2.75% to 2.50%;
- Decreased the nominal investment return assumption from 7.50% to 7.00%;
- Decreased the general wage growth assumption from 3.25% to 3.00%;
- Decreased salary increase assumptions; and
- Updated the post-retirement mortality tables to variants of the RP-2014 table. For the improvement scale, update to the ultimate rates of the MP-2016 projection scale.

June 30, 2016 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2016 measurement date compared to the June 30, 2015 measurement date.

June 30, 2015 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2015 measurement date compared to the June 30, 2014 measurement date.

The June 30, 2015 measurement date determination of the net pension liability for the ERS and MERS plans reflects changes in benefit changes resulting from the settlement of litigation challenging the various pension reform measures enacted in previous years by the General Assembly. The final settlement approved by the Court on July 8, 2015 also included enactment of the pension settlement provisions by the General Assembly. These amended benefit provisions, are summarized below:

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE YEAR ENDED JUNE 30, 2020

MUNICIPAL PLAN (MERS) AND TEACHERS' PLAN (ERS) (CONTINUED)

- Employees with more than 20 years of service at July 1, 2012 will increase their employee contribution rates to 11% for state employees and municipal general employees will contribute 8.25% (9.25% for units with a COLA provision) and participate solely in the defined benefit plan going forward – service credit accruals will increase from 1% to 2% per year.
- Members are eligible to retire upon the attainment of: age 65 with 30 years of service, 64 with 31 years of service, 63 with 32 years of service, or 62 with 33 years of service. Members may retire earlier if their RIRSA date is earlier or are eligible under a transition rule.
- MERS public safety employees may retire at age 50 with 25 years of service, or any age with 27 years of service. MERS public safety employees will contribute 9.00% (10.00% for units with a COLA provision).
- Employees with more than 10 but less than 20 years of service at July 1, 2012 will receive an increased employer contribution to the defined contribution plan. Also, members who earn less than \$35,000 per year will not be required to pay the administrative fees to the defined contribution plan.
- Members who retired from a COLA eligible plan before July 1, 2012 will received a one-time cost of living adjustment of 2% of the first \$25,000 paid as soon as administratively possible.
- Retirees as of June 30, 2015 will receive two \$500 stipends; the interim cost of living increases will occur at 4 year rather than 5 year intervals.
- The COLA formula was adjusted to: 50% of the COLA is calculated by taking the previous 5-year average investment return, less 5.5% (5yr Return - 5.5%, with a max of 4%) and 50% calculated using previous year's CPI-U (max of 3%) for a total max COLA of 3.5%. This COLA is calculated on the first \$25,855, effective 01/01/16, and indexed as of that date as well. (The indexing formula is run annually regardless of funding level each year.)
- Minor adjustments were made to the actuarial reduction for employees choosing to retire early.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO THE BUDGETARY COMPARISON SCHEDULES

FOR THE YEAR ENDED JUNE 30, 2020

BUDGETARY DATA AND BUDGETARY COMPLIANCE

Adoption

The Town Manager shall submit to the Council not later than the fiftieth day preceding the first Wednesday in May, a proposed budget of anticipated revenues and proposed expenditures after a review of estimated requirements from department heads. Town Council conducts all-day Public Work Sessions to discuss the Town Manager's Proposed Budget, which is not a Charter requirement.

The Council has two weeks to give preliminary approval to the Town Manager's budget, which the Council may revise. Approximately three weeks after preliminary approval by the Council, two (2) public hearings are held (one for school portion and one for all other budgets). After preliminary approval of the budget, any qualified elector may circulate a petition requesting that the Council increase or decrease the budget. At least 50 signatures, validated by the Board of Canvassers, are required. The Council is required to consider and vote on each valid petition.

On or before the first Wednesday in May, the Council is required to make any final changes to the budget by a majority vote and consider any petitions. Following final approval, the budget is published and copies are available for the public. After final approval by the Council, any qualified elector may circulate a petition requesting a referendum for either an increase or decrease to the total appropriation for a specific fund. Petition forms approved by the Town Clerk must be returned before the 20th day following the first Wednesday in May. Each valid petition with no less than 300 signatures, along with the Council's final adopted budget, is presented to the voters for a referendum vote on the second Saturday in June.

Budgetary to GAAP Basis Reconciliation

Annual operating budgets are in conformity with the legal enacted budgetary basis, which differs from accounting principles generally accepted in the United States of America ("U.S. GAAP") in the several regards. Budgets are adopted on the modified accrual basis with certain exceptions. Budgetary revenues may include re-appropriations from fund equity previously recognized under the U.S. GAAP. Budgetary expenditures and expenses include expenses for fixed assets additions, debt service issuance costs and debt service principal payments not recognized under U.S. GAAP but exclude depreciation and amortization, U.S. GAAP basis expense.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO THE BUDGETARY COMPARISON SCHEDULES

FOR THE YEAR ENDED JUNE 30, 2020

BUDGETARY DATA AND BUDGETARY COMPLIANCE (CONTINUED)

Budgetary to GAAP Basis Reconciliation (Continued)

The following reconciliations summarize the differences between the budgetary basis and U.S. GAAP basis for the year ended June 30, 2020 for the General Fund:

Excess of Revenues and Other Financing Sources Over Expenditures and Other Financing Uses - Budgetary Basis	\$	2,090,293
Prior year encumbrances		(136,172)
Current year encumbrances		<u>177,389</u>
Excess of Revenues and Other Financing Sources Over Expenditures and Other Financing Uses - GAAP Basis	\$	<u><u>2,131,510</u></u>

OTHER SUPPLEMENTARY INFORMATION

This section presents the Tax Collector's Annual Report, budgetary comparison schedules for the School Unrestricted Fund, Town Debt Service Fund, and Town Library Fund, Annual Supplemental Transparency Portal (MTP2), and Combining Non-Major Governmental Funds, Combining School Department Funds, Combining Non-Major Proprietary Funds, Combining Employee Benefit Trust Funds, Combining Non-Major Private Purpose Funds, and Combining Agency Funds. These schedules are not a required part of the basic financial statements.

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO SUPPLEMENTARY INFORMATION – ANNUAL SUPPLEMENTAL TRANSPARENCY REPORT (MTP2)

FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1. Basis of Presentation

The *Annual Supplemental Transparency Report (MTP2)* is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the audit report is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location. The format of the *Annual Supplemental Transparency Report (MTP2)* was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

NOTE 2. Reportable Government Services

Data consistency and comparability are among the key objectives of the State's Municipal Transparency portal. Consistent with that goal, the State has defined "reportable government services", RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality's general fund. The *Annual Supplemental Transparency Report (MTP2)* includes a reconciliation to the fund level statements.

NOTE 3. Allocations

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the City's (or Town's) budget and accounting system. To report these costs, the City (or Town) made allocations of costs to the State's departmental groupings based on a reasonable basis.

NOTE 4. Employee Groups - Compensation and Benefit Costs

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefit costs are reported in the following employee groupings:

Group A: This group consists of employees who serve the primary function of the department.

- Police Department - police officers (e.g., uniform personnel - including, leadership positions)
- Fire Department - fire fighters (e.g., uniform personnel - including, leadership positions)
- Centralized Dispatch Department - civilian dispatchers only
- Education Department - professional staff providing direct services to students
- For the remaining departments - all employees' compensation and benefits are reported under Group A

TOWN OF NORTH KINGSTOWN, RHODE ISLAND

NOTES TO SUPPLEMENTARY INFORMATION – ANNUAL SUPPLEMENTAL TRANSPARENCY REPORT (MTP2)

FISCAL YEAR ENDED JUNE 30, 2020

NOTE 4. Employee Groups - Compensation and Benefit Costs (Continued)

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other post-employment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

NOTE 5. Education Revenue and Expenditures

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: <http://www.municipalfinance.ri.gov/>.

STATISTICAL SECTION

This part of the Town of North Kingstown's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Town's overall financial health.

Content

Financial Trends

These schedules contain trend information to help the reader understand how the Town's financial position has changed over time.

Revenue Capacity

These scheduled contain information to help the reader understand and assess the factors affecting the Town's ability to generate its most significant local revenue sources, the real and personal property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Town's current levels of outstanding debt and the Town's ability to issue additional debt in the future.

Economic and Demographic Information

These schedules offer economic and demographic indicators to help the reader understand the environment within which the Town's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.

Operating Information

These Schedules contain service and infrastructure data to help the reader understand how the information in the Town's financial report relates to the services the Town provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the financial statement reports for the relevant year.

ADM Enrollment

(1) School Enrollment: Based on an Average Daily Membership (ADM) using 180 days of school as a base (i.e. if a student is only enrolled in a school for 175 days of the 180 day base, the ADM for the student would be .97 (175 day enrollment ÷ 180 day base = .97 ADM). Enrollment also includes resident students tuitioned out and Jamestown students attending the High School

(2) School Enrollment: Based on an Average Daily Membership (ADM) using 180 days of school as a base (i.e. if a student is only enrolled in a school for 175 days of the 180 day base, the ADM for the student would be .97 (175 day enrollment ÷ 180 day base = .97 ADM). Enrollment also includes resident students tuitioned out and Jamestown students attending the High School but does NOT include Charter School and Out of District Vocational students

Cost per Pupil: Total Expenses ÷ ADM Enrollment = Cost Per Pupil
