Town of Scituate Rhode Island

THEODORE J. PRZYBYLA TOWN TREASURER

January 10, 2024

PO BOX 127 NORTH SCITUATE, RI 02857 (401) 647-2547

To the Honorable President and Members of the Town Council Scituate, Rhode Island

The Annual Comprehensive Financial Report of the Town of Scituate, for the fiscal year ended March 31, 2023, is submitted herewith as mandated by state statutes. State laws require that all local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) within six months of the close of each fiscal year. This report was prepared by the Treasurer's Office. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including disclosures, rests with the Town. We believe the information, as presented, is accurate in all material aspects: that it is presented in a manner designed to fairly set forth the financial position and results of operations of the Town as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain adequate understanding of the Town's financial affairs have been included.

The Town is required to undergo an annual Single Audit in conformance with the provisions of the Single Audit Act of 1996 and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The Schedule of Expenditures of Federal Awards and Independent Auditors' Report on the internal control structure and compliance with laws and regulations are included in the Single Audit Section of this report.

GENERAL

The Town was established in 1636 and incorporated separately on February 20, 1730. It contains an area of fifty-five square miles and is located approximately eight miles west of Providence, Rhode Island.

The Scituate reservoir and its tributary ponds and streams extend throughout most of the area. The water resources are owned by the City of Providence, which maintains them and the attendant watershed in such attractive condition that much of the Town's area has the appearance of a natural park. The convenient location and general attractiveness have induced a considerable number of executives employed in Providence and other nearby communities, to establish residence in the Town.

By design, the Town has remained residential in character. Except for one manufacturer, businesses are almost entirely of the service type.

Approximately forty percent (42.6%) of the Town area is owned by the City of Providence and is employed in the collection and storage of water. This property was acquired by an act of the State of Rhode Island (the "State") legislature that provided the land could be used for water supply purposes only. This huge reservoir is so well engineered and controlled that it has never posed a flood threat. For its land and improvements thereon, the City of Providence currently pays the Town of Scituate an annual amount that represents approximately 23.3% of the Town's total tax levy. Under legislation adopted by the General Assembly, the amount of taxes and manner for determining that amount may be renegotiated for a period not exceeding ten years. The Town of Scituate and the City of Providence negotiated a new agreement establishing the annual tax payment from January 1, 2020, through December 31, 2029.

Government

The Town of Scituate is a municipal corporation operating under the General Laws of Rhode Island and as such utilizes the Town Council form of government. The Town Council consists of 7 elected members headed by a Town Council President. Town Council members are elected at large for a term of two years. The Town Council has the responsibility of managing the affairs of the Town and submits a detailed budget of its estimated expenditures and revenues for each fiscal year to the voters at an annual Financial Town Meeting, after a series of public hearings held by the Budget Committee. During public meetings, the Budget Committee will review the proposed annual budgets prepared by each department and will compile a recommended annual budget to the Town Council.

Education

The public school system of the Town consists of one senior high school, one middle school and three elementary schools. A five-member School Committee that is elected at-large at the regular biennial elections for four-year term directs the general administration of the Scituate School Department. The School Committee determines and controls all policies affecting the administration, maintenance, and operation of the public schools in the Town. The School Committee appoints a Superintendent as its chief administrative agent; submits a budget of expenditures and revenues to the Budget Committee and ultimately to the voters at an annual Financial Town Meeting and, once the school budget is approved, determines the allocation of the amount appropriated. The school enrollment for September 1, 2023 is 1,238. The cost per student was \$19,745 shared by the Town and the State of Rhode Island in the form of School Operation Aid. The cost of operating the Town's school system for the fiscal year ended March 31, 2022 was \$24,601,840 and \$32,294,502 has been budgeted for fiscal year ending June 30, 2024.

Student enrollment per the Scituate School Department for the past ten years has been and is projected to be as follows:

Fiscal Year	
Ending	Enrollment
Actual	
2014	1,448
2015	1,422
2016	1,367
2017	1,305
2018	1,287
2019	1,232
2020	1,226
2021	1,206
2022	1,229
2023	1,238
Projected	
2024	1,319

Projections revised NESDC and Scituate School Department

Municipal Services

In addition to its schools, the Town provides many other major public services, which are described below:

Rubbish and Garbage Collection

Curbside rubbish and garbage collection are made weekly by the Town. Recycling is picked up on a bi-weekly basis. Residents have been issued 64 gallon rolling recycling containers to encourage maximum recycling efforts. The recycling contractor is diligent about only accepting items eligible for recycling.

Police Department

The Scituate Police Department has a force of 18 full-time sworn officers and 8 civilians, for a total complement of 26 employees. Over the last several years, the Scituate Police department has shifted its emphasis from a traditional law enforcement role to a more proactive, community-oriented policing style to better serve the community. We will continue to be partners with the community, for it is by working together that we will solve community problems, increase operational effectiveness, and maintain a high quality of life for all residents of the Town of Scituate. The Scituate Police Department will continue in the direction to maintain a high level of professionalism. We build on the success of the past and continue to grow as a transparent, responsive, and people-oriented police department.

There are 2 Animal Control Officers. The Animal Control Department operates the Scituate Animal Shelter, which is open five days per week. The Animal Control officers enforce the animal ordinances of the Town's of Scituate and Foster. In fiscal 2023 the Police Department expended \$2,573,485 and Animal Control spent \$140,237. The fiscal 2024 budget is \$3,280,467 for Police and \$187,867 for Animal Control.

Fire Protection

The Scituate Fire Department is comprised from four separate independent fire districts each with one station. With their volunteer and on-call staff, they provide the Town with 24/7 coverage for all hazards and fire suppression. The stations are located on Danielson Pike in North Scituate; Main Street, Hope; Route 102, Chopmist; and Tunk Hill Road in Potterville. Apparatus and equipment include pumpers, tankers, a ladder truck, heavy rescues, brush trucks and rescues. The Department expended \$1,571,328 in fiscal 2023 and \$2,009,725 is budgeted for fiscal 2024.

Emergency Management Services

The Town has an Emergency Management Office located at 195 Danielson Pike, North Scituate. A contracted, part-time EMA Director and Deputy Director staff this office. Responsibilities include maintaining and updating the Town's Emergency Operation Plan, Hazard Mitigation Plan, Dam EAP and the Town's Emergency Operations Center and Communications Center.

The office initiates vulnerability assessments, resource allocations and provides the coordination of assets during natural disasters or large-scale incidents. The EMA Director will act as the liaison with State and Federal agencies to acquire specialized equipment or obtain funding for prevention or to mitigate hazards following disasters. The Director also acts as the Floodplain Coordinator for FEMA's mapping and the Infection Control Officer in the event of a pandemic.

The Director also acts as the Coordinator for the Town's emergency resources from both the Fire and Police Departments during State of Emergency events and provides direct oversight to the Town's Community Emergency Response Team (CERT) and its Operations Manager.

The Department spent \$87,308 in FY23 and \$121,913 is budgeted for FY24.

Emergency Medical Services

The Town's School Department services the School Health Program. The Emergency Medical Services are provided by the fire departments at the Advance Life Support level. The Hope-Jackson and North Scituate stations maintain a 24/7 paid rescue system. The Potterville station maintains an all-volunteer rescue 12/7 and the Chopmist Hill department supports EMS units responding into its district.

Senior Services Center

The Scituate Senior Services Department provides senior programing for the elders of the town five days a week through enhancing, enriching and educating the elders of the community. The Senior Services Department acts as a resource for elders and families to liaison among the state and federal agencies supporting elders. The department is run with one full time director and five part-time staff. The department can provide transportation to all elders of the community with two transit buses and one minivan. The Scituate Senior Services department is a standalone building located at 1315 Chopmist Hill Road with acreage for outdoor recreation. The Senior Services Department also operates as a meal site funded by federal government. In fiscal 2023 the Senior Services Department expended \$132,069; \$196,389 is budgeted for fiscal 2024.

Public Works, Sewers and Water

The Town's Public Works Department maintains the Town's property including highways, public buildings and recreational facilities. The Department expended \$2,921,452 in fiscal 2023 and the fiscal 2024 budget is \$3,759,262. This budget includes payments for care of trees, cemetery care, rubbish and recycling pickup. There are no sanitary sewers in the Town. The Department also maintains an extensive storm-water drain system on municipally owned roadways. The majority of town residents draw water from private wells and a small number of residents are served by a public water supplier (Kent County Water Authority).

Libraries

There are two public libraries in the Town of Scituate; North Scituate Library and Hope Library, primarily supported by the Town appropriation and State Aid. The libraries' fiscal 2023 appropriation was \$550,748 from the Town and \$116,307 from State Aid. The fiscal 2024 total Town and State Aid appropriation is \$863,530.

Recreation / Social Services

The Town supports a Recreation Department with a full time Director who oversees seasonal recreation programs to include Scituate Girls Softball, Scituate Foster Little League, Tri Town Titans Football, Scituate Youth Tennis, Scituate Youth Soccer, Scituate Youth Basketball and Scituate Summer Basketball Programs. The Department works with all organizations to determine their budget from the town to improve its programs such as youth sports clinics and developmental programs that will benefit the community. The Recreation Department has a summer program which runs for eight weeks and it hires seasonal employees, mostly school age students from the town, to run the program.

The Department works with State and local organizations to ensure all guidelines are met to run the camp. State requirements for lifeguard certifications, food and water safety are a top priority. The Recreation Department supports after-school programs and community-based events. The Department explores grant opportunities to offset budgetary spending.

The Recreation Department expended \$222,434 in FY 2023 and \$277,851 is budgeted for FY 2024.

The Town supports various social service and community health organizations. The Town has appropriated and expended \$61,018 in FY 2023 and expects to spend \$73,335 in FY 2024.

Employee Relations

As of March 31, 2023 the Town had 24 full-time and approximately 66 part-time and seasonal employees exclusive of the School and Police Departments. The Police Department employed 17 uniformed officers, 6 full-time and 2 part-time civilian employees and 1 full-time and 1 part-time animal control officers. The School Department as of such date had 147 full and part-time professionals, as well as 83 part-time and full-time non-professional employees.

The Town's uniformed police employees are members of the International Brotherhood of Police Officers (IBPO). The Town and Union have negotiated a new three-year contract through June 30, 2024. The Town's professional school employees are members of the National Education Association of Rhode Island (NEARI) with a contract that expires on August 31, 2025. The School Department's custodians are members (NEARI) with a contract that expires June 30, 2026. The School Department's Paraprofessionals are members (NEAR) with a contract that expires June 30, 2024. The employees of the Department of Public Works are members of the Teamsters, Chauffeurs, Warehousemen & Helpers of America Local Union No. 251 with a new three-year contract that expires June 30, 2025. Lastly, the Town recently negotiated a new contract with the Police Dispatchers and Animal Control Officers, who are members of NAGE Local R1-42. The dispatchers' contract expires June 30, 2025.

ECONOMIC CONDITIONS AND OUTLOOK

Population

In 2022, Scituate was ranked 29th in population among the thirty-nine cities and towns in Rhode Island and the Town experienced a 3.4% increase in population from 1990 to 2000. Set forth below is a table of the population in the Town for various years from 1940 to 2022.

Year	Population
1940	2,838
1950	3,905
1960	5,210
1970	7,489
1980	8,405
1990	9,796
2000	10,324
2010	10,329
2015	10,414
2016	10,566
2017	10,611
2018	10,658
2019	10,603
2020	10,603
2021	10,598
2022	10,409

Housing

During the Fiscal Year from April 1, 2022 through March 31, 2023, the sale price for a single family home in Scituate ranged from \$90,000 to \$1,800,000. The median sales price for a house in Scituate was \$415,500 and the average sales price was \$447,870.

Source: Tax Assessor's data base

Economic Development

Within the past year, a few projects are underway and some projects are still on the drawing board.

- "McIntosh Hill Estates, fka Chopmist Hill Estates" an 18-unit condominium development under "Affordable Housing", has received Certificate of Occupancy for fifteen units. Three more units have yet to be built as the applicant has asked for a major modification through the Plan Commission.
- "Hope River Village", a 16-unit, age 55+ condominium project, received Master Plan approval with an Affordable Housing component.
- "Burnt Hill Estates", a 6-lot subdivision, received final approval from the Scituate Plan Commission. One lot has built a house and received a CO, two lots are under construction.
- Scituate Highlands Phase 2 & 3, 24 houses received a one-year extension of their Final approval.

Long – Term Financial Planning

As part of the budget process, the Town established a five-year capital plan beginning in fiscal year 2016. The capital plan was created to prioritize and manage capital needs of the various town departments, and is reviewed annually. The Town has adopted a written policy on the use of these capital funds. Most recently, the Town Council also established an ordinance to create a restricted budget reserve account to be maintained at 10% of the average of last five years' total appropriations (municipal and school). In FY23 \$1,000,000 was appropriated for capital and \$1,100,000 budgeted in 2024.

Major Initiatives

Weston & Sampson has been working on the Town's Comprehensive Plan Update. Weston & Sampson, along with the Plan Commission, has completed 98% of the revisions. Drafts have been reviewed by Statewide Planning and changes made according to those reviews.

The Plan Commission created an Entertainment/Event Ordinance and a Winery Ordinance, pertaining to the inclusion of farm accessory business uses, including defining "wineries" and their allowed activities. The Winery Ordinance was approved by the Town Council. The Town Council sent the Entertainment/Event Ordinance back to the Plan Commission for review/changes. The Plan Commission has been working on major changes/rewrite of the Zoning Ordinance based on recent State Enabling Legislation.

FINANCIAL INFORMATION

A detailed understanding of the financial position and operating results of the Town is provided in the Annual Comprehensive Financial Report (ACFR). The Management's Discussion and Analysis starting on Page 3 of the ACFR provides additional information to assess the Town's financial condition.

Internal Controls

In developing and evaluating the Town's accounting control system, consideration is given to the adequacy of internal accounting controls. Accounting control comprises the plan of organization, procedures, and records that are concerned with the safeguarding of assets and the reliability of financial records and consequently is designed to provide reasonable assurance that:

- Transactions are executed in accordance with management's general or specific authorization.
- Transactions are recorded as necessary (1) to permit preparation of financial statements in conformity with generally accepted accounting principles or any other criteria, such as finance related legal and contractual compliance requirements applicable to such statements, and (2) to maintain accountability of assets.
- Access to assets is permitted only in accordance with management's authorization.
- The recorded accountability of assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

The definition of accounting control presumes reasonable, but not absolute, assurance that the objectives expressed in it will be accomplished by the system. The concept of reasonable assurance

recognizes that the cost of internal controls should not exceed the benefits to be derived. The benefits consist of reductions in the risk of failing to achieve the objectives implicit in the definition of accounting control.

All internal control evaluations occur within the above framework. We believe that the Town's internal accounting control adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

Budgetary Control

The Town has formally established budgetary accounting control for its General Fund. It is the responsibility of the Town Budget Committee to submit to the Town Council and make available to the general public a proposed General Fund budget, including the School Departments transfer for the fiscal year. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School Departments transfer. At least two public hearings are conducted on the recommended General Fund Budget and the final recommended budget is approved by the voters and legally enacted through an ordinance by the Town Council at the Annual Financial Town Meeting. The General Fund and School Departments annual operating budget amounts are supported by revenue estimates and consider the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary.

Independent Audit

In accordance with the RI General Laws an audit of the financial statements has been completed by the Town's independent auditors, Damiano & Company CPA's and their opinion is included herein.

Reporting Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Scituate for its annual comprehensive financial report for the fiscal year ended March 31, 2022. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate for fiscal 2023.

Acknowledgment

The preparation of the Annual Comprehensive Financial Report could not have been accomplished without the efforts and dedication of the competent staff of the treasurer's office. A special note of appreciation is extended to the many diligent employees who gave their time and efforts to the production of this ACFR. Finally, I would like to thank the Town Council for their support in planning and conducting the financial operation of the Town in a dedicated, professional, and responsible manner.

Respectfully submitted,

Theodore J. Przybyla

INDEPENDENT AUDITORS' REPORT

The Honorable President and Members of the Town Council Town of Scituate Scituate, Rhode Island

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island, as of and for the year ended March 31, 2023, and the related notes to the financial statements, which collectively comprise the Town of Scituate, Rhode Island basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island as of March 31, 2023, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Scituate, Rhode Island and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Scituate, Rhode Island ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Scituate, Rhode Island's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Scituate, Rhode Island's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information and supplementary pension and other postemployment benefit information on pages 4-15 and 81–93 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Scituate, Rhode Island's basic financial statements. The introductory section, combining and individual non-major fund financial statements, the combining fiduciary fund financial statements, other supplementary information, schedules, the Annual Supplemental Transparency Report (MTP2), and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, the combining fiduciary fund financial statements other supplementary information, the Annual Supplementary Transparency Report, MTP2 and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated January 10, 2024 on our consideration of the Town of Scituate, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Scituate, Rhode Island's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Town of Scituate, Rhode Island's internal control over financial reporting and compliance.

Damiano & Company, LLP
Warwick, Rhode Island

January 10, 2024

Management of the Town of Scituate provides this Management's Discussion and Analysis of the Town of Scituate Annual Comprehensive Financial Report for the readers of the Town's financial statements. This narrative overview and analysis of the financial statements of the Town of Scituate are for fiscal year ended March 31, 2023. We encourage readers to consider this information in conjunction with the additional information that is furnished in the letter of transmittal, which can be found preceding this narrative, and with the Town's financial statements that follow.

FINANCIAL HIGHLIGHTS

- ❖ The Town's primary government net position increased by the amount of \$2,978,165 as a result of this current year's operations. The major component of this increase was a decrease in deferred inflows. On a government-wide basis the liabilities and deferred inflow of resources of the Town exceeded its assets and deferred outflows of resources at the close of the most recent fiscal year by \$4,611,997.
- ❖ The Town's Government-wide operating expenses were \$42,188,395 a 9.6% increase from the prior year, while revenues collected were \$45,166,560 a 6.4% increase. The increase in operating expenses was mainly due to increases in pension and OPEB related costs charged to various functional activities. The increase in revenue was from state revenue sharing and federal and state funding in fiscal year 2023.
- ❖ As of the close of the fiscal year, the Town's governmental funds reported combined ending fund balances of \$15,237,856. Over 27% of this amount, \$4,186,267 is unassigned and available for use within the Town's designation and fiscal policies.
- ❖ At the end of the current fiscal year, the general fund unassigned fund balance was \$4,598,021 or 11% of the total general fund expenditures for the fiscal year. The general fund's current fiscal year expenditures and transfers exceeded revenues and transfers by \$556,080. On a budgetary basis expenditures and transfers exceeded revenues and transfers by \$171,335.
- ❖ The Town's total net bonded debt increased by \$1,204,000 due to the issuance of new debt in the amount of \$2,250,000 and the payments of principle on old debt service of \$1,046,000.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's annual audit report. The financial section of this report consists of four parts – management's discussion and analysis (this section), the basic financial statements, required supplementary information, and other supplementary information that includes combining statements for non-major governmental funds and other fiduciary funds.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the Town's overall status.
- > The remaining statements are fund financial statements that focus on individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements.
 - ✓ The *governmental funds* statements tell how general government services like public safety were financed in the short term as well as what remains for future spending.
 - ✓ *Fiduciary fund* statements provide information about assets that are held by the Town as a trustee or agent for the benefit of someone or something other than the Town itself. The Town cannot use these assets to support its own programs.

The financial statements also include notes that provide more detailed data about some of the information in the financial statements. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another. In addition to these required elements, we have included a section with combining statements that provide details about our non-major governmental funds and fiduciary funds, which are added together and presented in a single column in the basic financial statements.

Figure A-1

Required Components of Town of Scituate's Basic Financial Report

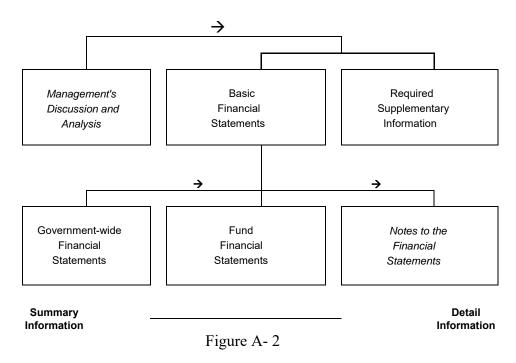

Figure A-2 summarizes the major features of the Town's financial statements, including the portion of the Town government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements

Major Features of the Town of Scituate's Government-Wide and Fund Financial Statements - A-2

		Fund Statemen	ts
	Government- Wide Statements	Governmental Funds	Fiduciary Funds
Scope	Entire Town government (except fiduciary funds)	The activities of the Town that are not fiduciary such as police, fire and DPW	Instances in which the Town is the trustee or agent for someone else's resources
Required Financial Statements	Statement of Net Position, Statement of Activities	Balance Sheet, Statement of Revenues, Expenditures, And Changes in Fund Balances	Statement of Fiduciary Net Position, Statement of Changes in Fiduciary Net Position
_	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of Assets/ Deferred Outflow Deferred Inflow Liability Information	All assets, deferred outflows, deferred inflows and liabilities both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon after	All assets and liabilities, both short-term and long-term
ation	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and payment is due	All additions and deductions during the year, regardless of when cash is received or paid

Government-Wide Statements

The government-wide statements report information about the Town as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, deferred outflows, deferred inflows and liabilities. All of the current year's revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Town's *net position* and how they have changed. Net position – the difference between the Town's assets, deferred outflows, deferred inflows and liabilities – is one way to measure the Town's financial health, or position.

• Over time, increases or decreases in the Town's net position is an indicator of whether its financial health is improving or deteriorating, respectively.

 To assess the overall health of the Town you need to consider additional non-financial factors such as changes in the Town's property tax base and the status and standing of the Town's Schools.

The government-wide financial statements of the Town are made up of one activity.

• Governmental activities – Most of the Town's basic services are included here, such as the police, fire, library, public works and general administration. Property taxes, general fees and state funding finance most of these activities.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The fund financial statements focus on individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements. All of the funds of the Town can be divided into two categories: governmental funds and fiduciary funds. It is important to note that these fund categories use different accounting approaches and should be interpreted differently.

Governmental funds – Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the government fund statements focus on near-term inflows and outflows of spendable resources. They also focus on the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and the governmental activities.

The Town maintains one hundred and five governmental funds; one is considered a major fund and is presented in a separate column in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances. The Town's major governmental fund is the General Fund.

The basic governmental fund financial statements can be found beginning on page 16 of this report.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow the basic financial statements.

Other Information – In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information (RSI)*. This section includes budgetary comparison schedules, which include a reconciliation between the statutory revenue and expenditures for budgetary purposes and the revenues and expenditures for the General Fund as presented in the governmental fund financial statements along with pension disclosures. Required supplementary information follows the notes to the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The Town's net position presented a deficit \$4,611,997 at the close of the most recent fiscal year. The net position increased by \$2,978,165 as a result of this year's current operations. The major components of this increase were increases in capital related items being larger than depreciation expense, and positive related changes in deferred inflows of resources.

A large portion of the Town's net position reflects its investment in capital such as land, building, and equipment, less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

TOWN OF SCITUATE, RHODE ISLAND Net Position

	Governmental Activities		
	2023	2022	
ASSETS			
Current and other assets	\$ 25,973,283	\$ 24,506,409

Unrestricted	(24,468,972)	(25,791,152)	
Total net position	\$ (4,611,997)	\$ (7,776,345)	

An additional portion of the Town's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the Town's ongoing obligations to citizens and creditors. Internally imposed designations of resources are not presented as restricted net position.

Changes in Net Position

Governmental activities. Governmental activities for the current year increased the Town's currents years Net Position by \$2,978,165. See page 9 for a more detailed discussion of the underlying reasons for the change in net position.

Financial Analysis of the Government's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$15,237,856 which is an overall increase of \$2,013,827 for the current year. Of this total amount \$4,186,267 or 27% represents unassigned fund balance, which is available for spending at the government's discretion.

TOWN OF SCITUATE, RHODE ISLAND Fund Balance Categories

	General Fund	Non-Major Governmental Funds	Total Governmental Funds
Nonspendable:			
Cemetery perpetual care	-	121,031	121,031
Deposits held for Health and Dental Benefits	3,405,392	-	3,405,392
Restricted for:			
Educational programs	1,260,166	616,842	1,877,008
Public safety programs	-	142,650	142,650
Social service programs	-	265,893	265,893

Other programs	14,848	35,485	50,333
Committed for:			
Open space, park & recreational facilities	-	119,550	119,550
Other programs	-	7,372	7,372
Assigned for:			
2024 budget -Town	592,769	-	592,769
Educational programs	254,218	-	254,218
Community programs	29,830	-	29,830
Public works programs	12,539	-	12,539
Capital outlay	-	4,010,459	4,010,459
Unassigned:	4,598,021	(411,754)	4,186,267
Total fund balances	\$ 10,167,783	\$ 5,070,073	\$ 15,237,856

The general fund is the chief operating fund of the Town. At the end of the current fiscal year, unassigned fund balance of the general fund was \$4,598,021. As a measure of the general fund liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 11% of total general fund expenditures.

General Fund Budgetary Highlights

The budget was passed at the annual Financial Town Meeting held on April 5, 2022. Favorable revenue variances were mainly due to increased building permit fees, realty stamps, school tuition and hotel/meal tax revenue. Favorable expenditures were related to savings in public safety, public works, and employee benefits.

Other Major Fund Budgetary Highlights

Changes in fund balance of the 2019 Capital Bond Fund was due to revenues from investment income while changes in fund balance for the RIHEBC Bond Fund were due mostly to capital expenditures during the current fiscal year.

Capital Assets and Debt Administration

Capital Assets. The Town's investment in capital assets for its governmental activities as of March 31, 2023, amounted to \$28,993,064 (net of accumulated depreciation). This investment in capital assets includes infrastructure, land, buildings, improvements, machinery and equipment, vehicles, and construction in progress.

TOWN OF SCITUATE, RHODE ISLAND Capital Assets (Net of Accumulated Depreciation)

March 31, 2023	March 31, 2022

Additional information on the Town's capital assets can be found in Note 2 – Capital Assets on page 29 of this report.

Long-term debt. At the end of the fiscal year, the Town had total bonded debt outstanding of \$14,037,568. General obligation bonds are backed by the full faith and credit of the Town, including the Town's power to levy additional taxes to ensure repayment of the debt. Accordingly, all general obligation debt currently outstanding was approved by a vote of the citizens.

TOWN OF SCITUATE, RHODE ISLAND General Obligation Debt and Notes Payable

	March 31, 2023		Ma	March 31, 2022	
	Governmental Activities		G	Governmental Activities	
General Obligation Bonds Direct Placement Bonds	\$	8,545,568 5,492,000	\$	9,208,941 3,673,000	
Direct I accident Bonds	\$	14,037,568	\$	12,881,941	

The Town has an AA rating from S&P Global.

State statute limits the amount of bonds a governmental entity can issue to 3% of its total net assessed value, which approximates \$58,439,640. As of March 31, 2023, the Town's debt, subject to the 3% limit, was \$13,552,000 net of bond premium amortization of \$485,568 which is under the debt limit by \$44,887,640.

Additional information on the Town's long-term debt can be found in Note 6 – Long-Term Liabilities on pages 32 - 34 of this report.

Economic Factors and Next Year's Budgets and Rates

The 2023 unemployment rate for the Town of Scituate is 2%. This compares to the State's unemployment rate of 2.6% and the national average of 3.8%. Median Household Income ranks 7th and Per Capita Income ranks 7th among Rhode Island's 39 Cities and Towns.

The following factors were considered in preparing the Town's budget for the 2023/2024 fiscal year.

- The Town plans to align its fiscal year with the state and proposes a 15-month fiscal year from 4/1/2023 to 6/30/2024. Thereafter the Town's fiscal year will be from July 1st to June 30th.
- The Town continues to budget the full ARC for Police Pension plus an additional \$100,000 and continued to fund the OPEB Trust Fund in the amount of \$100,000 in FY 2024.
- Contributions for municipal retirement system will be decreasing from 14.66% to 14.28% as of July 1, 2023.
- The Town expects a 0% increase in health care and dental costs in FY 2024
- The FY 2024 budget provides for a 2% increase to base salaries for non-union employees. It also anticipates a 3% base salary increase for public works/highway union employees and dispatcher union employees. A 2% increase to base salaries is expected for police union employees. The Town is conducting a comparative salary review and is budgeting additional \$35,000 for salaries.
- The Town continues to redirect prior year's drop-off in town debt toward capital expenditures. The 5-year capital plan budget was \$1,000,000 in FY 2023 and increased to \$1,100,000 in FY2024.

The Town's use of unreserved fund balance for spending within the FY 2023/2024 Budget was increased to \$592,769 due to additional debt service payments within the 15-month transitional fiscal year. The School Department has eliminated its use of fund balance for budgeting purposes. The FY 2024 budget was presented to voters at the annual financial town meeting with a 28.72% tax levy increase, due to the added 3-months. The town tax rates effectively increased 2.3% and are \$16.76 per thousand for residential real property and \$24.56 per thousand for commercial/industrial/mixed use real property for the fiscal year ending June 30, 2024.

The Town of Scituate (Town) and the Providence Water Supply Board (PWSB) have successfully negotiated a new ten-year tax treaty, which began with taxes assessed as of December 31, 2019. The Town and PWSB tax treaty will expire with taxes assessed as of December 31, 2029.

Requests for Information

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances. Questions concerning any information provided in this report or requests for additional financial information should be addressed to the Town Treasurer, PO Box 127, 195 Danielson Pike, North Scituate, RI 02857.

TOWN OF SCITUATE, RHODE ISLAND Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended March 31, 2023

Net change in fund balances - total governmental funds		\$ 2,013,827
Amounts reported for governmental activities in the statement of activities are different from the amounts reported as fund expenditures because:		
Governmental funds reported capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays and adjustments in the current period.		
Capital outlay Depreciation expense	1,778,126 (1,708,234)	69,892
Property taxes that are not collected in the current period and do not represent current financial resources are deferred in the fund financial statements, however they are recognized as revenues in the statement of activities.		(126,812)
Amortization of bond premiums and refunding's in the current period do not represent current financial resources, however they are recognized as expenditures and revenues in the statement of activities.		36,088
Some expenditures and revenues reported in the governmental funds that require the use of current financial resources are not reported as revenue or expenditures in the statement of activities.		(19,245)
Changes in the Town's Net Pension Assets, Deferred Outflows of Resources related to pension plans or Net Pension Liability and Deferred Inflows of Resources related to pension plans result in an increase or decrease to the pension expense reported in the Statement of Activities. The effect of these adjustments resulted in a decrease in pension expense reported in the Statement of Activities.		
Also, under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the full accrual basis, expenses and liabilities are recorded regardless of when financial resources are available.		
Principal payments made on long-term debt Issuance of debt Net (increase) decrease in compensated absences Net (increase) decrease in the net OPEB liability Net (increase) decrease in the net pension liability Net increase (decrease) in the net pension asset Net increase (decrease) in deferred outflows	1,046,000 (2,250,000) (158,883) (151,913) (3,987,639) (544,569) (419,414)	
Net (increase) decrease in deferred inflows	7,470,833	1,004,415

The financial statements of the Town of Scituate, Rhode Island have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following notes to the financial statements are an integral part of the Town's financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The Town of Scituate was incorporated in 1731. The Town is governed largely under the 1731 Colonial Charter. In some matters, including the issuance of short and long-term debt, the Town is governed by the general laws of the State of Rhode Island. The Town provides the following services: Public Safety (police, fire, civil defense, and animal control), Public Works (highways, sanitation, and facilities maintenance), Education, Social Services, and General Administrative Services.

The Town is a municipal corporation governed by a Town Council form of government with a sevenmember Town Council headed by a Council President.

In evaluating the inclusion of other separate and distinct legal entities as component units within its financial reporting entity, the Town applied the criteria prescribed by GASB Statement No. 14, as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units." A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable or for which the nature and significance of its relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Through the application of GASB Statement Nos. 14 and 39 criteria, no separate entities have been determined to be component units of the Town.

B. BASIS OF PRESENTATION AND ACCOUNTING

The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, fund equity, net position, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds to demonstrate legal compliance and to aid management by segregating transactions related to specific Town functions or activities.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. BASIS OF PRESENTATION AND ACCOUNTING

Recently Issued Accounting Standards

The Town has implemented the following new accounting pronouncements:

• GASB Statement No. 87 – *Leases*, effective for the Town's fiscal year ending March 31, 2023.

The Town will adopt the following new pronouncements in future years:

- GASB Statement No. 91 *Conduit Debt Obligations*, effective for the Town's fiscal year ending June 30, 2024
- GASB Statement No. 94 *Public-Private and Public-Public Partnerships*, effective for the year ending June 30, 2024
- GASB Statement No. 96 Subscription-Based Information Technology Arrangements, effective for the year ending June 30, 2024
- GASB Statement No. 99 *Omnibus 2022*, effective for the Town's fiscal year ending June 30, 2024

Government-Wide Financial Statements

The Town's Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities and Changes in Net Position. These statements present summaries of Governmental Activities for the Town. The Town has no Business-Type Activities. Fiduciary Activities of the Town are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all the Town's assets, deferred outflows of resources, deferred inflow of resources and liabilities, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period earned while expenses are recognized in the period in which the liability is incurred. The types of transactions included in program revenues for the Town are reported in three categories: 1) charges for services; 2) operating grants and contributions; and 3) capital grants and contributions.

Certain eliminations have been made as prescribed by GASB Statement No. 34 related to inter-fund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated.

Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net positions presented in the Government-Wide Financial Statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. BASIS OF PRESENTATION AND ACCOUNTING

All governmental funds are accounted for on a spending, or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, deferred inflows of resources and current liabilities are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the Town, are property tax and intergovernmental revenues. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Major Governmental Funds:

General Fund – The General Fund is used to account for resources devoted to financing the general services that the Town performs for its citizens.

Fiduciary Fund Financial Statements

Fiduciary Fund Financial Statements for the Town of Scituate include a Statement of Net Position and a Statement of Changes in Net Position. The Town of Scituate's Fiduciary Funds include a Pension Trust Fund, OPEB Trust Fund, Private Purpose Trust Fund and Custodial Funds. Fiduciary Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, or other governments. The Fiduciary Funds are accounted for on an "economic resources" measurement focus and the accrual basis of accounting.

Pension Trust Fund – This fund accounts for pension benefits provided to Town Police Officers. The principal revenue source for this fund is employer and employee contributions.

OPEB Trust Fund – This fund accounts for Other Post-Employment Benefits provided to Town eligible employees. The principal revenue source for this fund is employer contributions.

Private Purpose Trust Fund – This fund accounts for assets held by the Town under a trust arrangement to benefit the poor through the Town's Human Services Department.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Custodial Funds - are used to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds, or private purpose trust funds. These funds are held by Town in a fiduciary status until requirements are met for their release.

C. INVESTMENTS

Investments are recorded at fair value. Unrealized gains and losses from changes in fair value are recognized as investment income.

D. ACCOUNTS RECEIVABLE AND TAXES RECEIVABLE

Accounts receivable and taxes receivable balances, are shown net of an allowance for uncollectible accounts. The allowances are calculated from the age of the individual receivables. Property taxes due on July 1 of the current year and other delinquent balances are recorded as receivables.

E. CAPITAL ASSETS AND DEPRECIATION

Capital assets are reported in the Government-Wide Statement of Net Position but are not reported in the Governmental Fund Financial Statements.

All capital assets are capitalized at historical or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value. The Town follows the policy of not capitalizing assets with a cost of less than \$5,000 and a useful life of less than 1 year.

Depreciation is calculated on the straight-line basis over the following useful lives:

Description	Useful Life
Infrastructure	25-75 years
Buildings and improvements	20-40 years
Office furniture and equipment	5-7 years
Machinery and equipment	10-12 years
Vehicles	4-10 years

F. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, which represents a consumption of net assets that applies to future period or periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town reports a deferred charge on refunding in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The Town also

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

reports as a deferred outflow of resources which are deferred amounts recognized in the development of its annual pension expense in the Statement of Activities and the Statement of Net Position.

F. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, which represents an acquisition of net assets that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. The Town reports advance property tax collections in the government-wide statement of net position and in the governmental funds balance sheet. Advance property tax collections represent taxes inherently associated with a future period. This amount is recognized during the period in which the revenue is associated. Also, for governmental funds, the Town reports unavailable property tax revenue, which arises only under the modified accrual basis of accounting. These amounts are deferred and recognized as an inflow of resources (revenue) in the period that the amounts become available. The Town also reports deferred inflows of resources which are deferred amounts recognized in the development of its annual pension expense in the Statement of Activities and the Statement of Net Position.

G. PROPERTY TAXES

The Town is permitted by State Law to levy property taxes. Current fiscal year tax collections for the Town were approximately 84% of the total 2022 levy. During the period April 1, 2023, through May 31, 2023, the Town collected an additional \$4,483,778 of the 2023 tax levy. The total collections therefore represent approximately 97.8% of the total 2022-2023 levy. The tax rate of the Town is established by the Town Council.

The Town's fiscal 2022-2022 property taxes were levied on June 15, 2022, on assessed valuation as of December 31, 2021. Upon levy, taxes are billed and are due quarterly on July 1, October 1, January 1, and April 1. Failure to mail payments by due date results in a lien on the taxpayer's property. Assessed values are established by Tax Assessor's Office and are currently calculated at 100% of assessed value for real estate. The City of Providence Water Supply Board is the Town's principal taxpayer representing 17.8% of the Town's net assessed valuation in fiscal 2023.

H. COMPENSATED ABSENCES

Under the terms of various contracts and agreements, Town and School Department employees are granted vacation and sick leave in varying amounts based on length of service. Vacation benefits are accrued as a liability based on the accumulated benefits earned on March 31. Sick leave benefits are based on the sick leave accumulated at March 31 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. The liability is calculated at the rate of pay in effect on March 31, 2023.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The entire compensated absence liability is reported on the Government-Wide Financial Statements. For Governmental Fund Financial Statements, a compensated absence liability is reported only if a liability has matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement).

I. ACCRUED LIABILITIES AND LONG-TERM DEBT

All accrued liabilities and long-term debt are reported in the Government-Wide Financial Statements.

For Governmental Fund Financial Statements, the accrued liabilities are generally reported as a governmental fund liability if due for payment as of the balance sheet date regardless of whether the liabilities will be liquidated with current financial resources. However, claims, judgments, and compensated absences paid from governmental funds are reported as a liability in the Fund Financial Statements only if the liability has matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement). Long-term debt paid from governmental funds is not recognized as a liability in the Fund Financial Statements until due.

J. DEBT PREMIUMS AND ISSUANCE COSTS

In the Governmental Fund Financial Statements, debt premiums and issuance costs are treated as period costs in the year of issue. Debt issuance costs are shown as an "expenditure" and debt premiums are reflected as an "other financing source".

In the Government-Wide Statements, debt premiums are deferred and amortized over the term of the debt. Debt premiums are presented as an addition to the face amount of the debt payable.

K. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

L. PENSIONS

For purposes of measuring the net pension liability, net pension asset, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Town of Scituate, Rhode Island's various pension plans (described in more detail in Note 16) and additions to/deductions from the pension plans fiduciary net position have been determined on the same basis as they have been reported by the pension plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 2 – CAPITAL ASSETS

Capital asset activity for the fiscal year ended March 31, 2023 was as follows:

	Beginning Balance	Increases	Decreases	Adjustments	Ending Balance
Governmental activities:					
Capital assets not being depreciated:					
Land & land rights	\$ 5,573,497	\$ -	\$ -	\$ -	\$ 5,573,497
Construction in progress	3,493,056	143,545	(3,287,693)		348,908
Total capital assets not being depreciated	9,066,553	143,545	(3,287,693)		5,922,405
Other capital assets:

Total accumulated depreciation	40,283,055	1,708,234	-	56,697	42,047,986
Governmental activities capital assets, net	\$ 28,736,989	\$ 3,357,585	\$ (3,287,693)	\$ 186,183	\$ 28,993,064
Depreciation expense was charged to functions as follow	vs:				
Governmental activities:					
General government		\$ 8,943			
Public safety		514,191			
Public works		400,763			
Social services		50,899			
Education		733,438			
Total governmental activities depreciation expense		\$ 1,708,234			

NOTE 3 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

LEGAL DEBT MARGIN – The Town's legal debt margin as set forth by State Statute is limited to 3% of total net assessed value, which approximates \$58,439,639. As of March 31, 2023, the Town's debt subject to the 3% limit, was \$13,552,000, which is under the debt limit by \$44,887,639.

DEFICIT FUND BALANCES – The following non-major fund Special Revenue Funds had a deficit fund balance at March 31, 2023: Animal Shelter Bond Fund (\$8,450), New Police Station Bond (\$389,567), Civics Grant (\$1,676), RI School Based Mental Health (\$792), ESSER II (\$9,233), RI Foundation (\$419), ELC Grant (\$1,446), Special Projects (\$171).

NOTE 4 – CASH DEPOSITS

DEPOSITS – are in various financial institutions and are carried at cost. The carrying amount of deposits is separately displayed on the Balance Sheet of the Fund Financial Statements and Statement of Net Position as "Cash and Cash Equivalents" and "Cash Overdraft".

Cash and investments of the Town consist of the following at March 31, 2023:

Cash and cash equivalents

Deposits with financial institutions	\$ 9,402,810
Investments	
Collective funds - equity	6,101,647
Collective funds - fixed income	2,929,576
Collective funds - real estate investment trust	112,500
Total Investments	9,143,723
Total cash and Investments	\$ 18,546,533

Cash and investments are classified in the accompanying financial statements as follows:

Statement of net position

Cash and cash equivalents	\$ 9,220,549
	\$ 9,220,549
Fiduciary funds	
Cash and cash equivalents	182,261
Investments	 9,143,723
	 9,325,984
Total cash and investments	\$ 18,546,533

CUSTODIAL CREDIT RISK – Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a formal deposit policy for custodial credit risk. As of March 31, 2023, \$-0- of the Town's bank balance of \$16,729,979 was exposed to custodial credit risk.

NOTE 4 – CASH DEPOSITS (continued)

Under Rhode Island general laws, depository institutions holding deposits of the State, its agencies or governmental subdivisions of the State, shall at a minimum, insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits which are time deposits with maturities greater than sixty (60) days. Any of these institutions, which do not meet minimum capital standards prescribed by federal regulators, shall insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits, regardless of maturity. At March 31, 2023, the Town's uninsured or uncollateralized deposits with institutions were \$-0-. These deposits are held by institutions that meet the minimum capital standards prescribed by the federal regulators.

NOTE 5 – INVESTMENTS

The Town invests in various types of investments that are stated at fair value. The Town Treasurer has control over the type of investments made, except for those investments in the Police Pension Trust Fund, and OPEB Trust Fund which are controlled by the Plan Trustee. The Town does not have a formal investment policy or any other legally contracted agreement that limits the type of investments that may be made, except as stipulated in the Police Pension Plan trustee agreement.

Interest Rate Risk – The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk: Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The town did not have any debt type investments that were exposed to credit risk as defined by GASB 40.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The Town does not have a formal policy which addresses custodial credit risk. The Town had no investments subject to custodial credit risk as of March 31, 2023.

Concentration of Credit Risk – The Town places no limit on the amount the Town may invest in any one issuer. The Town had no investments subject to concentration of credit risk as of March 31, 2023.

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements); followed by quoted prices in inactive markets or for similar assets or with observable inputs (Level 2 measurements); and the lowest priority to unobservable inputs (Level 3 measurements). The Town has the following recurring fair value measurements as of March 31, 2023:

NOTE 5 – INVESTMENTS (continued)

	March 31,	Fair Valu	e Measurements Using			
	2023	Level 1	Level 2	Level 3		
Investments by fair value level:						
Domestic equities	\$ 6,101,647	\$ 6,101,647	\$ -	\$ -		
Fixed incomes	2,929,576	2,929,576				
Real estate investment trust	112,500	112,500				
Total investments by fair value level	\$ 9,143,723	\$ 9,143,723	\$ -	\$ -		

NOTE 6 – LONG-TERM LIABILITIES

A. LONG-TERM LIABILITIES

Long-term liability activity for the year ended March 31, 2023, was as follows:

	Beginning Balance	Additions	Retirements	Ending Balance	Amounts Due Within One Year
Governmental Activities					
Bonds and loans payable:					
General obligation bonds	\$ 8,675,000	\$ -	\$ 615,000	\$ 8,060,000	\$ 1,065,000
Direct placement bonds	3,673,000	2,250,000	431,000	5,492,000	636,000
	12,348,000	2,250,000	1,046,000	13,552,000	1,701,000
Plus amortized premium					
on loans	533,941		48,373	485,568	48,373
Total bonds payable	12,881,941	2,250,000	1,094,373	14,037,568	1,749,373
Other liabilities:					
Compensated absences	1,056,189	372,506	213,623	1,215,072	121,507
Net pension liability	27,985,865	3,987,639	-	31,973,504	-
Net OPEB liability	5,359,304	151,913		5,511,217	
Total other liabilities	34,401,358	4,512,058	213,623	38,699,793	121,507
Governmental Activities					
Long-Term Liabilities	\$ 47,283,299	\$ 6,762,058	\$ 1,307,996	\$ 52,737,361	\$ 1,870,880

All debt of the governmental activities is general obligation debt. The payments on the bonds, loans and compensated absences are made from the General Fund. If the net pension liability or net other postemployment benefits obligations were to be liquidated, payments would be made by the General Fund.

NOTE 6 - LONG TERM LIABILITIES (CONTINUED)

Long-term liability activity for the fiscal year ended March 31, 2023 was as follows:

													Amounts		
	Date of	Interest	Date of		Outstanding			M	laturities	O	utstanding	d	lue within	1	Interest

NOTE 6 – LONG-TERM LIABILITIES (Continued)

SEWER FUND INTER-MUNICIPAL AGREEMENT

The Town of Scituate has entered into an Inter-Municipal Agreement with the Town of West Warwick, RI. Under the provisions of this agreement, the Town of Scituate is responsible for certain costs and improvements to the wastewater/sewer treatment facility and operations located in the Town of West Warwick. In addition to its own normal operating costs and outstanding debt obligations, the Town of Scituate is also responsible for portions of the outstanding debt obligations and interest which is due annually on these debt obligations which are presented on the Town of West Warwick's annual financial statements. The portion of the debt obligations to be paid by the Town of Scituate in accordance with the Inter-Municipal Agreement has been recorded as a special assessment's receivable and revenue by the Town of West Warwick when the project was completed, and the obligation entered into. The Town of Scituate records the annual related expenses assessed to the town as operating expenses on its General Fund. The following schedule shows the annual percentage share of the cost related to the Town of West Warwick's debt service payments the Town of Scituate has contracted to pay.

Fiscal Year Ended	
June 30,	 Total
2024	23,317
2025	23,168
2026	23,168
2027	23,166
2028	23,148
Thereafter	61,772
TOTALS	\$ 177,739

NOTE 7 - INTERFUND BALANCES AND TRANSFERS

The Town reports interfund balances between many of its funds. The totals of all balances agree with the sum of interfund balances presented in the fund statements.

		D	Due from /			Due to/	
		<u>ot</u>	her funds		her funds		
General Fund		\$	3,552,644		\$	5,332,165	
Special Revenue Funds:							
Town Special Revenue			360,309			-	
School Special Revenue			266,580			1,186,315	
Capital Project Funds							
Capital Projects Funds			2,771,043			432,096	
	Totals	\$	6,950,576		\$	6,950,576	

The balances primarily result from the time lag between the dates the 1) transactions are recorded in the accounting system and 2) payments between funds are made.

Fund / Department	Transfers from other funds			Transfers to other funds			
General Fund	\$	_	\$	510,900			
Capital Projects		510,900		_			
Totals	\$	510,900	\$	510,900			

Transfers are used to move revenues from the fund that the budget requires to collect them, to the funds that the budget requires to expend them.

NOTE 8 - DIFFERENCES BETWEEN GOVERNMENTAL FUNDS BALANCE SHEET AND THE STATEMENT OF NET POSITION

"Total fund balances" of the Towns' governmental funds \$15,237,856 differs from "net position" of governmental activities \$ (4,611,997) reported in the statement of net position. This difference primarily results from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheets. The effect of the differences is illustrated below.

Balance Sheet/Statement of Net Position

		Total overnmental Funds	Long-term Assets/ Liabilities (1)	Reclassifications and Eliminations	Statement Net Position Totals

(continued)

NOTE 8 - DIFFERENCES BETWEEN GOVERNMENTAL FUNDS BALANCE SHEET AND THE STATEMENT OF NET POSITION

(1) When capital assets (land, buildings, equipment) that are to be used in governmental activities are purchased or constructed, the cost of these assets are reported as expenditures in governmental funds. However, the statement of net position includes those capital assets among the assets of the Town as a whole.

	Cost of capital assets	\$	71,041,050
	Accumulated depreciation		(42,047,986)
		\$	28,993,064
Because the focus of governmental funds is on short te	erm financing, some assets will not be available to pa	V	
for current-period expenditures. Those assets (for example of the current-period expenditures).		•	
the governmental funds and thus are not included in the activates do not reflect current period charges.		nmental	
·	Adjustment of unearned revenue	\$	1,615,578
	Accrued interest receivable		120,695
	Accrued interest payable		(180,126)
	Allowance for doubtful accounts		(295,000)
	Bond premiums		(485,568)
	·	\$	775,579
Long-tern liabilities applicable to the Towns' government and accordingly are not reported as fund liabilities. All statement of net position.	liabilities, both current and long-term are reported in	the	
	Bonds payable	\$	13,552,000
	Accrued compensated absences		1,215,072
	Net pension liability		31,973,504
	Net OPEB liability		5,511,217
		\$	52,251,793
Town pension plans with a net pension asset balance at	the end of the year.		
	Net pension asset - TSB	\$	(3,872,081)
	Net pension asset - MERS Police COLA		(76,620)
	Net pension asset - MERS Police employees		(288,268)

Deferred inflows and outflows of resources are amounts used under GASB 68 in developing the annual pension expense. Deferred inflows and outflows arise with differences between expected and actual experiences; such as changes of assumptions or differences in expected and actual investment returns. These amounts will be recognized in future periods.

Deferred inflows of resources - pensions/OPEB	\$ (8,000,464)
Deferred outflows of resources - pensions/OPEB	6,310,799
Deferred outflow on refunding of debt	85,993
	\$ (1,603,672)

(4,236,969)

NOTE 9 - DIFFERENCES BETWEEN GOVERNMENTAL FUND OPERATING STATEMENTS AND THE STATEMENT OF ACTIVITIES

The "net change in the fund balances" for governmental funds \$2,013,827 differs from the "change in net position" for governmental activities \$2,921,468 reported in the statement of activities. The differences arise primarily from the long-term economic focus of the statement of activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below.

Statement of Revenues, Expenditures, and Changes in Fund Balances/Statement of Activities

NOTE 9 - DIFFERENCES BETWEEN GOVERNMENTAL FUND OPERATING STATEMENTS AND THE STATEMENT OF ACTIVITIES (CONTINUED)

′••	OTES DITERENCES BETWEEN SOVENIMENTAL FORD OF ENATING STATEMENTS AND THE STATEMENT OF ASTITUTES (SOUTH		D)
(1)) Increases in deferred revenues that provide current financial resources to governmental funds are not reported as revenues in the statement of activities. State funded public service corporation tax revenues that are not accrued for in the governmental funds are reported as revenues in the statement of activities.		
	Unearned revenue property tax	\$	(126,812)
	Interest expense in the statement of activities differs from the amount reported in the governmental funds for two reasons. Accrued interest was reduced on the calculation for bonds payable and bond issuance costs and premiums are reported as expenditures in governmental funds while in the government-wide financial statements they are capitalized and amortized over the life of the bond.		
	Accrued interest payable Accrued interest receivable Deferred amount of refunding Amortization bond premium costs	\$	(15,248) (3,997) (12,285) 48,373
	Total expenditure adjustment	\$	16,843
(2)) When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balance decreases by the amount of financial resources expended, whereas net position decrease by the amount of depreciation expense charged for the year.		
	Capital outlay	\$	1,778,126
	Depreciation expense Difference	Φ.	(1,708,234)
	Difference	\$	69,892
(3)) Repayment of bond principal is reported as an expenditure in the governmental funds and, thus, has the effect of reducing fund balance because current financial resources have been used. For the town as a whole, however, the principal payments reduce the liabilities in the statement of net position and o not result in an expense in the statement of activities.		
	Principal payments made		1,046,000
	Issuance of debt		(2,250,000)
	Difference	\$	(1,204,000)
	Certain accrued expenditures that do not use current financial resources are not reported in the fund financial statements. However, in the in statement of activities these accrued expenses are recognized and charged to current activities.		
	Net (increase) decrease the OPEB liability Net (increase) decrease in compensated absen Net (increase) decrease in the net pension liabil Net increase (decrease) in the net pension asse Net increase (decrease) in deferred outflows Net (increase) decrease in deferred inflows Change	lit	(151,913) (158,883) (3,987,639) (544,569) (419,414) 7,470,833 2,208,415

NOTE 10 – NET POSITIONS/FUND BALANCES

The Government-Wide Financial Statements utilize a net position presentation. Net position is categorized as net investment in capital assets, net of related debt; restricted; and unrestricted.

Net Investment in Capital Assets – This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.

Restricted Net Position – This category presents external restrictions imposed by grantors or laws and regulations.

Unrestricted Net Position – This category represents net position of the Town, not restricted for any project or other purpose.

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" criteria includes items that are not expected to be converted to cash (e.g., inventories and prepaid expenditures).

Restricted Fund Balance – This classification includes amounts that have constraints placed on the use of resources that are either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision-making authority.

Assigned Fund Balance – This classification includes amounts constrained by the Town's intent to be used for specific purposes but are neither restricted nor committed.

Unassigned Fund Balance – This classification is the residual fund balance for the General Fund. This classification represents fund balance that has not been assigned to another fund and that has not been restricted, committed, or assigned to specific purposes within the General Fund, which is the only fund that reports positive unassigned fund balance.

NOTE 10 – NET POSITION/FUND BALANCES (Continued)

The Town has set classification policies and procedures for the above noted level of fund balance reporting.

- a) For committed fund balances: the Financial Town Meeting is the highest level of decision-making authority by a proposed resolution adopted and approved by the voters is required to establish, modify or rescind a fund balance commitment.
- b) For assigned fund balance: The financial town meeting empowers and authorizes the Town's Treasurer to assign amounts to a purpose and is also authorized to remove such assignment.
- c) The Town considers amounts that are committed, assigned or unassigned to have been spent when an expenditure is incurred for the purpose of which any amounts in any of the unassigned fund balance classifications could be used.
- d) The Town considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available and considers committed amounts to have been spent when and expenditure is incurred for purposes for which amounts in any other unrestricted fund balance could be used.

NOTE 11 – DISAGGREGATION OF RECEIVABLE AND PAYABLE BALANCES

A. ACCOUNTS RECEIVABLE

The Town disaggregates significant components of receivables in the financial statements. Receivable balances determined immaterial are included as other receivables. The Town expects to receive all receivables except CDBG loans receivable within the subsequent year.

B. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

The accounts payable and accrued liabilities at March 31, 2023, were as follows:

	Salaries and								
	Vendors	Benefits	Other	Total					
Governmental Activities									
General Fund	\$ 1,103,697	\$ 834,813	\$ 180,126	\$ 2,118,636					
Other Governmental Funds	202,003	-	-	202,003					
	\$ 1,305,700	\$ 834,813	\$ 180,126	\$ 2,320,639					

NOTE 12 – POST-EMPLOYMENT BENEFITS

Plan Description

The Town of Scituate has established an single-employer OPEB plan through an irrevocable exclusive benefit trust solely to fund retiree health care benefits. Eligible employees are town clerks, town police, and town non-contract employees. The benefit provisions and further eligibility conditions are as listed on subsequent sections to this note.

The Town of Scituate entered into a program to address its Other Post-Employment Benefit liability (OPEB). This program will be managed by the Rhode Island Interlocal Risk Management Trust, the Town's Insurer (The Trust).

In partnership with Public Agency Retirement Services (PARS), The Trust has established a comprehensive and cost-effective Other Post-Employment Benefits (OPEB) Funding Program. Under a common administrative framework, The Trust OPEB Funding Program provides participating Members with a trusted solution to proactively address their OPEB liabilities and risks. The Town is the Trustee for all plan assets.

It is structured as a single-employer, irrevocable trust in accordance with Section 115 of the Internal Revenue Code and is compliant with federal and state laws and regulations. The Trust is not a standalone defined benefit plan with separately issued financial statements. The Town of Scituate's plan financial summary is presented on pages 125 and 126 of this financial statement.

Participating Members gain the advantage of a low-cost fee structure, based on a percentage of assets that decreases as assets grow. And although assets are pooled for economies of scale, there is no cross sharing of earnings or liabilities. Each Member maintains their own separate accounts providing full discretion regarding contribution amounts and timing. The financial

The plan provides the following benefits based on employee group:

- *Certified Teachers:* Upon retirement, certified teachers are eligible to purchase medical and dental insurance (single or family) up to age 65 and pay 100% of the premium.
- Non-Certified School Employees: Upon retirement, non-certified school employees are eligible to purchase medical and dental insurance (single or family) for 18 months under COBRA. The COBRA benefits do not constitute a benefit to be included in determination of OPEB liabilities. Therefore, we note this provision exists but is not included in liabilities or cost valued in this report.
- Police Department: Police officers that retire after July 1, 2000, with 25 years of service are eligible for medical and dental insurance (single or family). The police officer contributes 50% of the premium towards his/her coverage. Town police officers pay 100% of their dental coverage should they elect to use that benefit.
- DPW and Non-Union Town Employees: DPW and non-union town employees upon retirement are eligible for individual medical insurance coverage. Retired members must contribute the following towards their premium coverage:

Years of Service	Contribution
10-15	100%
16-22	21%
23-29	10.5%
30+	0%

NOTE 12 – POST-EMPLOYMENT BENEFITS (continued)

• Town employees are also eligible to contribute 100% of the remaining premium towards family coverage.

Plan Description

Funding Policy

Contribution requirements are negotiated between the Town and the respective unions or are stated in the Town Human Resource Policy Manual for non-union employees. The Town is required to contribute the cost of medical and dental benefits, less the amount of any applicable employee share of medical or dental premiums. For the year ended March 31, 2023, the plan operated on a pay as you go basis. During fiscal year 2016 the Town created a new OPEB Trust fund with the understanding that the trust fund will eventually be used to fund future benefits to be provided to plan members. For the fiscal year ended March 31, 2023, the Town contributed 0\$ to the plan. The town continues to current year plan benefits on a pay as you go basis while making contributions to the trust.

Classes of Employees Covered

As of March 31, 2023, membership data was as follows:

Active employees	195
Retirees	<u>27</u>
Total Plan Members	222

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, participation rates and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Below are the actuarial assumptions used to project future costs of the plan.

NOTE 12 – POST-EMPLOYMENT BENEFITS (Continued)

Actuarial Methods and Assumptions

_	ons Used in the Valuations to determine the Net OPEB Liability at the April at date (April 1, 2022 valuation rolled forward to March 31, 2023)
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.
Amortization Method Actuarial Assumptions	Level Percent of Payroll – Closed

Investments

Investment policy: The Board's policy in regard to the allocation of invested assets is established and may be amended by the Board by a majority vote of its members. It is the policy of the Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The Board's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of March 31, 2023:

	March 31, 2023 Asset	Target	Long-term Expected Real
Asset Class	Allocation	Allocation	Rate of Return
Equity	67.90%	69.00%	8.50%
Fixed Income	24.60%	23.00%	4.50%
Real Estate	7.50%	8.00%	7.00%
Cash and Equivalents	0.00%	0.00%	0.00%
	100.00%	100.00%	

NOTE 12 – POST-EMPLOYMENT BENEFITS (Continued)

Investments

Rate of Return: For the year ended March 31, 2023, the annual money-weighted rate of return on investments, net of investment expense, was -7.05%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net OPEB Liability of the Town

The components of the net OPEB liability of the Town at March 31, 2023, were as follows:

Total OPEB liability	\$ 7,031,487
Plan fiducity net positiong	(1,520,270)
Town's net OPEB liability	\$ 5,511,217

Plan fiduciary net positiong as a percentage of the total OPEB liability 21.62%

Sensitivity of the net OPEB liability to changes in the discount rate: The following presents the net OPEB liability of the Town, as well as what the Town's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.20%) or 1 percentage point higher (5.20%) that the current discount rate:

Net OPEB Liability

1.0	0% Decrease (3.20%)	Current Discount Rate (4.20%)		1.	00% Increase (5.20%)
\$	6,454,737	\$	5,511,217	\$	4,737,620

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates: The following presents the net OPEB liability of the Town, as well as what the Town's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower (5.50% decreasing to 3.14%) or 1 percentage point higher (7.50% decreasing to 5.14%) that the current healthcare trend rates:

Health Care Cost

1% Decrease (5.50% decreasing to 3.14%)	Current Trend Rate (6.50% decreasing to 4.14%)	1% Increase (7.50% decreasing to 5.14%)
\$ 3,672,699	\$ 5,511,217	\$ 7,824,799

2028		(512,677)	
Thereafter		37,426	
Net Total	\$	(2,724,148)	

NOTE 13 – SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

A. LITIGATION

During the ordinary course of its operations, the Town is a party to various other claims, legal actions and complaints. In the opinion of the Town's management and legal counsel, these matters are not anticipated to have a material financial impact on the Town.

B. FEDERALLY ASSISTED PROGRAMS - COMPLIANCE AUDITS

The Town participates in several federal awards programs. These programs through the year ended March 31, 2023, were audited in connection with the accompanying financial statements under the Single Audit Concept and the auditors' reports thereon are presented in the Single Audit Section of this report. The amount, if any, of expenditures that may be disallowed is not assumed to be material to the financial position of the Town.

NOTE 14 – RISK MANAGEMENT

The Town of Scituate is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters. The Town and the School Department (as of July 27, 2005) participate in a non-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) which provides coverage for property and liability claims. Upon joining the Trust, the Town and the School Department signed a participation agreement that outlines the rights and responsibilities of the Trust, the Town, and the School Department. The agreement states that for premiums paid, the Trust will assume financial responsibility for the losses up to the maximum amount of insurance purchased, minus deductible amounts.

NOTE 14 – RISK MANAGEMENT (continued)

The Trust provides this insurance coverage through a pooled, self- insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its members. Under the participation agreement, the Town and the School Department are insured for varying amounts depending on the type of coverage provided. Settled claims resulting from these risks have not exceeded Trust coverage in any of the past three fiscal years. And it is not anticipated that the risks will exceed the trust coverage in the current year. There were no reductions in the insurance coverage during the fiscal year up and through the report date.

Self-insurance:

Both the Town and the School Department participate in a multi-employer cost reimbursement healthcare self-insurance risk pool managed by WB Community Health (WBCH). The Town & School pay WBCH monthly premiums based upon "working rates" that are periodically adjusted to reflect changes in actual costs. Funds on deposit with WBCH are made available to pay claims, claim reserves and administrative costs. As of March 31, 2023, the reported premium deposits exceeded expenditures on deposit by \$92,559 for the Town and expenditures exceeded premium deposits by \$303,363 for the School Department. Additionally, there was a cash deposit balance of \$1,431,768 on the Town side and \$2,009,808 with the School Department.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for IBNR claims. The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, including retroactive assessments for hospital costs and other settlements occurring after the end of the fiscal year and not determinable at the end of the fiscal year. An excess coverage insurance policy covers individual claims exceeding \$150,000.

	Town Year ended			School Year ended	
			Y		
	March 31, 2023		March 31, 2023

Net adjusted reserve	\$	1,447,041	\$	1,958,351	

NOTE 15 – PENSION PLANS

Substantially all full-time employees of the Town of Scituate are covered by one of four separate pension plans, each one of which are discussed below.

A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

Plan description - Certain employees of the Scituate School Department participate in a cost-sharing multiple-employer defined benefit pension plan - the Employees' Retirement System plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides retirement and disability benefits and death benefits to plan members and beneficiaries. The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersri.org.

Benefit provisions – The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire at September 30, 2009 may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of service and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than 5 years of service as of July 1, 2012. Members are vested after 5 years of service.

The plan provides for survivor's benefits for service-connected death and certain lump sum death benefits. Joint and survivor benefit provision options are available to members.

Cost of living adjustments are provided but are currently suspended until the collective plans administered by ERSRI reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments are provided at four-year intervals commencing with the plan year ending June 30, 2016.

The plan also provides nonservice-connected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

Contributions - The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the plan. For fiscal 2021, Scituate School Department teachers were required to contribute 3.75% of their annual covered salary, except for teachers with twenty or more years of service as of June 30, 2012, must contribute 11% of their annual covered salary. The state and the Scituate School Department are required to contribute at an actuarially determined rate, 40% of which is to be paid by the state and the remaining 60% is to be paid by Scituate School Department; the rates were 11.12% and 15.04% of annual covered payroll for the fiscal year ended June 30, 2022, for the state and Scituate School Department, respectively.

NOTE 15 – PENSION PLANS

A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

The Scituate School Department contributed \$1,881,686, \$1,695,972 and \$1,657,187 for the fiscal years ended March 31, 2023, 2022 and 2021, respectively, equal to 100% of the required contributions for each year. The State's share of contribution for fiscal 2023 was \$1,275,067 and is reported as on-behalf payments and included in both revenue and expenditures on the financial statements.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At March 31, 2023, the Scituate School Department reported a liability of \$16,613,270 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the state. The amount recognized by the Scituate School Department as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with Scituate School Department were as follows:

of the net pension liability	\$ 16,613,270
State's proportionate share of the net pension	
liability associated with the Scituate School Dept.	12,286,680

28,899,950

Scituate School Dent's proportionate share

Total net pension liability

The net pension liability was measured as of June 30, 2022, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022. The Scituate School Department's proportion of the net pension liability was based on a projection of the Scituate School Department's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the state, actuarially determined. At June 30, 2022 the Scituate School Department proportion was 0.61514248%.

NOTE 15 – PENSION PLANS (continued)

A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

For the year ended March 31, 2023, the Scituate School Department recognized gross pension expense of \$1,076,549 and revenue of \$498,293 for support provided by the State. At March 31, 2023 the Scituate School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred outflows of resources:		
Contributions made susequent to		
the measurement date	\$	1,724,550

NOTE 15 – PENSION PLANS (continued)

A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

\$1,724,550 reported as deferred outflows of resources related to pensions resulting from the Scituate School Department's contributions in fiscal 2023 subsequent to the measurement date will be recognized as a reduction of the net pension liability for the subsequent period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

		Net Deferred
	(o	utflows)/inflows
Year ended June 30:		of resources
2024	\$	(336,523)
2025		(376,547)
2026		(569,797)
2027		449,535
2028		(65,522)
thereafter		(35,052)
	\$	(933,906)

Actuarial Assumptions - the total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.5%

Salary increases 3.0% to 13.0%

Investment rate of return 7.0%

Mortality – variants of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP16.

The actuarial assumptions used in the June 30, 2021, valuation rolled forward to June 30, 2022, and the calculation of the total pension liability at June 30, 2022 were consistent with the results of an actuarial experience study performed as of June 30, 2019 for the six-year period ended June 30, 2019 as approved by the System's Board on May 22, 2020.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 40 sources. The June 30, 2022, expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

NOTE 15 – PENSION PLANS (continued)

A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

Asset Class	Long-Term Target Asset Allocation	Long-Term Expected Arithmetic Real Rate of Return
GROWTH		
Global Equity		
US Equity	24.30%	5.52%
International Developed Equity	11.10%	6.04%
Emerging Markets Equity	4.60%	7.83%
Sub-total	40.00%	
Private Growth		
Private Equity	12.50%	9.42%

Sub-total	15.00%	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

NOTE 15 – PENSION PLANS (continued)

A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

Discount rate - the discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability (asset) to changes in the discount rate - the following presents the net pension liability (asset) calculated using the discount rate of 7.0 percent as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

1.00	1.00% Decrease		Current Discount		0% Increase		
	(6.0%)		Rate (7.0%)		Rate (7.0%)		(8.0%)
\$	20,842,712	\$	16,613,270	\$	12,770,345		

Pension plan fiduciary net position - detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

Plan Description - The Municipal Employees' Retirement System (MERS) – an agent multiple-employer defined benefit pension plan - provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at www.ersri.org

Benefits provided – General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

NOTE 15 – PENSION PLANS (continued)

B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

Salary: Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

Service: Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

Final Compensation: Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three year FAC as of July 1, 2012 or the five year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

General employees

Members with less than five years of contributory service as of June 30, 2012 and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012 will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012 in (a) above. The interpolation is based on service as of June 30, 2012 divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

NOTE 15 – PENSION PLANS (continued)

B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

Police and Fire employees

Members are eligible to retire when they are at least 50 years old and have a minimum of 25 years of contributing service or if they have 27 years of contributing service at any age. Members with less than 25 years of contributing service are eligible for retirement on or after their Social Security normal retirement age.

Members who, as of June 30, 2012, had at least 10 years of contributing service, had attained age 45, and had a prior Retirement Date before age 52 may retire at age 52.

Active members on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

A member who is within five years of reaching their retirement eligibility date, as described in this section, and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members designated as police officers or firefighters were eligible for retirement at or after age 55 with credit for at least 10 years of service or at any age with credit for 25 or more years of service. Members were also eligible to retire and receive a reduced benefit if they are at least age 50 and have at least 20 years of service. If the municipality elected to adopt the 20-year retirement provisions for police officers and/or firefighters, then such a member was eligible to retire at any age with 20 or more years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

A monthly benefit is paid equal to 2.00% of the member's monthly FAC for each year of service, up to 37.5 years (75% of FAC maximum).

If the optional 20-year retirement provisions were adopted by the municipality prior to July 1, 2012: benefits are based on 2.50% of the member's FAC for each year of service prior to July 1, 2012 and 2.00% of the member's FAC for each year of service after July 1, 2012. The benefit cannot exceed 75% of the member's FAC.

NOTE 15 – PENSION PLANS (continued)

B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

Active members (including future hires), members who retire after July 1, 2015 and after attaining age 57 with 30 years of service will have a benefit equal to the greater of their current benefit described in (a) and (b) above and one calculated based on a 2.25% multiplier for all years of service.

Other benefit provisions

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

- a. The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended.
- b. Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%
- c. The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on every fourth year provision described in (a) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$27,184 for 2020, \$27,608 for 2021, and \$27,901 for 2022.

NOTE 15 – PENSION PLANS (continued)

B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

Employees covered by benefit terms

The Town of Scituate has three separate reporting units within the MERS plan. The units are for Town General Employees, Police Employees and for Police Employees with COLA.

At the June 30, 2022, valuation date, the following employees were covered by the benefit terms:

	Town		
	General	Police	Police
	Employees	Employees	COLA
Retirees and Beneficiaries	59	1	0
Inactive, Nonretired Members	124	0	1
Active Members	85	0	9
Total	268	1	10

Contributions - The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012 are required to contribute 1% (2% if the employer opted to provide a COLA) of their salaries. General employees with more than 20 years of service as of June 30, 2012, are required to contribute 8.25%. Public safety employees are required to contribute 9% (10% if employer opted to provide a COLA) of their salaries. The Town of Scituate contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The Town of Scituate contributed \$598,239 in the year ended March 31, 2022, which averaged out to 15.01% of the annual payroll for the MERS Town employees plan and \$59,233 for the MERS Police COLA Plan which was 8.87% of its annual payroll. No contributions were required for the Police Plan.

Net Pension Liability (Asset) - The total pension liability was determined by actuarial valuations performed as of June 30, 2020, and rolled forward to June 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement.

NOTE 15 – PENSION PLANS (continued)

B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2022 measurement date (June 30, 2021 valuation rolled forward to June 30, 2022)						
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.					
Amortization Method	Level Percent of Payroll – Closed					
Actuarial Assumptions						
Investment Rate of Return	7.00%					
Projected Salary Increases	General Employees - 3.25% to 7.25%; Police & Fire Employees - 4.00% to 14.00%					
Inflation	2.50%					
Mortality	Mortality - Variantes of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP16.					
Cost of Living Adjustments	All future COLAs were assumed to be 2.1% per annum for all MERS units with the COLA provision.					

The actuarial assumptions used in the June 30, 2021, valuation rolled forward to June 30, 2022, and the calculation of the total pension liability at June 30, 2022 were consistent with the results of an actuarial experience study performed as of June 30, 2019 for the six-year period ended June 30, 2019 as approved by the System's Board on May 22, 2020.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 40 sources. The June 30, 2022, expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

NOTE 15 – PENSION PLANS (continued)

B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

		_
Asset Class	Long-Term Target Asset Allocation	Long-Term Expected Arithmetic Real Rate of Return
GROWTH		
Global Equity		
US Equity	24.30%	5.52%
International Developed Equity	11.10%	6.04%

Systematic Trend	5.00%	3.33%
Sub-total	10.00%	
Inflation Protection		
Core Real Estate	4.00%	4.80%
Private Infrastructure	4.00%	5.65%
Sub-total	8.00%	5.02.7
Volatility Protection	0.0070	
IG Corp Credit	3.25%	1.18%
Securitized Credit	3.25%	1.18%
Absolute Return	6.50%	3.33%
Cash	2.00%	-0.44%
Sub-total	15.00%	-0.4470
Suo-totat	15.0070	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

NOTE 15 – PENSION PLANS (continued)

B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

Discount rate - The discount rate used to measure the total pension liability of the plans was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The Town of Scituate has three separate reporting units within its MERS plan. The units are for Town Employees, Police Employees and Police Employees COLA. The following schedules present the changes in the Net Pension Liability (Asset) for the year.

Changes in Net Pension Liability - Town Employees

Police Employees	(286,853)	(288,268)	(289,554)
Police COLA	(29,165)	(76,620)	(119,671)

NOTE 15 – PENSION PLANS (continued)

B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

Pension plan fiduciary net position - detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended March 31, 2023 the employer recognized pension expense of \$109,641 for Town Employees, a credit of \$21,433 for Police Employees and expense of \$19,039 for Police COLA employees. The employer reported deferred outflows and inflows of resources related to pensions from the following sources:

	(General				
	Town		Police		Police COLA	
	Er	nployees	Employees		Employees	
	M	ERS Plan	MEI	RS Plan	MI	ERS Plan
Deferred Outflows of Resources:						
Contributions subsequent to

C. POLICE PENSION PLAN

Plan Description

The Town of Scituate participates in a single employer defined benefit pension plan established by the Town to provide pension benefits for its police officers as of October 1, 1981. The Pension Plan is being administered by Wilmington Trust Company. For financial reporting purposes, the plan is included as a pension trust fund in the Town's financial statements. A separate, audited pension plan report is not available for the Police Pension Plan. The Town's payroll for employees covered by the Plan for the year ended March 31, 2023, was \$650,723.

At March 31, 2023, employee membership related to the plan was as follows:

Retired	7
Terminated Vested	1
Vested Disabled	4
Active	<u>22</u>
Total	34

NOTE 15 – PENSION PLANS (continued)

C. POLICE PENSION PLAN

Benefits and contributions are established by contract and may be amended by union negotiation. The Police Pension Plan provides retirement, death, and disability benefits. Under the plan, all regular or permanent police hired by the Town of Scituate before July 1, 2014, are eligible to participate in the plan, following the completion of a six-month waiting period. A participant hired on or prior to June 30, 2000 is eligible for normal retirement after completion of 20 years of service. A participant hired on or after July 1, 2000 is eligible for normal retirement after completion of 25 years of service. If a member leaves covered employment or dies prior to 10 years of service, accumulated member contributions are refunded. A member who terminates after ten years of service will be eligible to receive a pension commencing at age 56 equal to his or her accrued benefit. For participants hired on or prior to June 30, 2000, the normal retirement benefit is equal to 2.5% of the base annual pay times years of service up to 20 years, plus 2% of base annual pay times years of service in excess of 20 years. The maximum benefit is 60% of base annual pay. For participants hired on or after July 1, 2000, the normal retirement benefit is equal to 60% of the base annual pay. All police employees hired after July 1, 2014, will be part of the State of Rhode Island Municipal Employees Retirement System and not in the single-employer defined benefit Police plan.

Funding Policy

Effective July 1, 2015, the members of the plan shall each contribute 12% of Compensation and the Town of Scituate shall contribute 10% of Compensation earned by each member. The Town has an actuarial calculation to determine the actuarially required contribution but does not fund the plan based on the calculation. The Town contribution for the year ended March 31, 2022, was \$1,216,406.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the accounting period in which they are due. Contributions from the Town are recognized when due and when the Town has made a formal commitment to provide the contributions. Expenses are recognized in the period in which they are incurred. Benefit payments to participants are recorded upon distribution.

Method Used to Value Investments

Investments are recorded at fair value. Cash and cash equivalents having a maturity of three months or less when purchased are reported at cost. Fair market is determined using quoted market prices, when available, independent third party appraisals, and independent brokers and industry experts. Given the inherent nature of investments it is reasonably possible that changes in the value of those investments will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Fiduciary Net Position.

NOTE 15 – PENSION PLANS (continued)

C. POLICE PENSION PLAN

Investments

The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Police Pension Board by a majority vote of its members. It is the policy of the Police Pension Board to pursue an investment strategy that emphasizes long-term appreciation as a primary source of return with current income as a secondary objective. The plan implies a willingness to risk significant principal loss so long as the Portfolio is positioned to earn a significantly greater rate of return than the market over the long-term. The following was the Board's adopted asset allocation policy as of March 31, 2023:

Asset Class	March 31, 2023 Asset Allocation	Target Asset Allocation	Long-Term Expeted Real Rate of Return
Domestic Small Cap Equity	4.80%	5.00%	7.60%
Domestic Large Cap Equity	29.50%	29.00%	8.50%
Domestic Mid Cap Value Equity	4.80%	5.00%	8.50%
International Equity	21.10%	21.00%	7.60%
Investment Grade Bonds	24.00%	24.00%	4.40%
Short Duration Bonds	8.00%	8.00%	3.00%
Real Estate	4.90%	5.00%	6.90%
Cash & Equivalents	2.90%	3.00%	2.50%
Total allocation	100.00%	100.00%	

Projected Rate of Return

6.58%

Rate of return: For the year ended March 31, 2023, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was -5.24%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTE 15 – PENSION PLANS (continued)

C. POLICE PENSION PLAN

The components of the net position liability of the Police Pension Plan at March 31, 2023 were as follows:

Net Pension Liability of the Police Pension Plan

	March 31, 2023	
Total pension liability	\$	20,341,344
Plan fiduciary net position		(7,745,488)
Town's net pension liability	\$	12,595,856

Plan fiduciary net position as a percentage of the total pension liability

38.08%

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability of the Town, calculated using the discount rate of 6.00%, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.00%) or 1-percentage-point higher (7.00%) than the current 6.00%.

	1%	Current	1%
	Decrease	Discount Rate	Increase
	5.00%	6.00%	7.00%
Plan's Net Pension Liability			
as of March 31, 2023	\$ 14,872,870	\$ 12,595,856	\$ 9,768,596

Discount rate: The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 15 – PENSION PLANS (continued)

C. POLICE PENSION PLAN

Actuarial Assumptions

The information presented was determined as part of the actuarial valuation. Additional information as of the last actuarial valuation follows:

-	ons Used in the Valuations to determine the Net Pension Liability 023 measurement date (April 1, 2022 valuation date)
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.
Amortization Method	Level Percent of Payroll – Closed
Equivalent Single Remaining Amortization Period	15 years at April 1, 2022
Actuarial Assumptions	
Amotized Growth Rate	3.00%
Investment Rate of Return	6.00%
Projected Salary Increases	Based on service with an ultimate rate of 3.00%
Inflation	3.00%
Mortality	PubS-2010 Employee/Healthy Retiree/Disabled Retiree with Scale MP-2021 Generational Improvements (Male/Female)
Cost of Living Adjustments	A 3% non-compuonded COLA for active members who retire on or after July 1, 2003. For members who retired before July 1, 2003, 30% of the negotiated salary increase, compounded annually. For retirees on or after July 1, 2003, who were hired on or before July 1, 2012, the COLA is equal to 3% of the initial retirement benefit (non-compounded). This COLA is deferred for 3 years for any member who retires after June 30, 2015.

NOTE 15 – PENSION PLANS (continued)

C. POLICE PENSION PLAN

Summary of Significant Accounting Policies

Discount rate: The discount rate used to measure the total pension liability was 6.00%.

2026		246,455	
2027		182,076	
2028		_	
Net Total	\$	211,890	

NOTE 15 – PENSION PLANS (continued)

D. DEFINED BENEFIT PENSION PLAN (SURVIVOR'S BENEFIT)

Plan description - Certain employees of the Scituate School Department participate in a cost-sharing multiple-employer defined benefit pension plan - the Teachers' Survivors Benefit plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides a survivor benefit to public school teachers in lieu of Social Security since not all school districts participate in Social Security. The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersri.org.

Eligibility and plan benefits - the plan provides a survivor benefit to public school teachers in lieu of Social Security since not all school districts participate in the plan. Specific eligibility criteria and the amount of the benefit is subject to the provisions of Chapter 16-16 of the Rhode Island General Laws which are subject to amendment by the General Assembly. Spouse, parents, family and children's benefits are payable following the death of a member. A spouse shall be entitled to benefits upon attaining the age of sixty (60) years. Children's benefits are payable to the child, including a stepchild or adopted child of a deceased member if the child is unmarried and under the age of eighteen (18) years or twenty-three (23) years and a full time student, and was dependent upon the member at the time of the member's death. Family benefits are provided if at the time of the member's death the surviving spouse has in his or her care a child of the deceased member entitled to child benefits. Parents benefits are payable to the parent or parents of a deceased member if the member did not leave a widow, widower, or child who could ever qualify for monthly benefits on the member's wages and the parent has reached the age of 60 years, has not remarried, and received support from the member.

In January, a yearly cost-of-living adjustment for spouse's benefits is paid and based on the annual social security adjustment.

Survivors are eligible for benefits if the member has made contributions for at least six months prior to death or retirement.

The TSB plan provides benefits based on the highest salary at the time of retirement of the teacher. Benefits are payable in accordance with the following table:

	Ba	sic Monthly
Highest Annual Salary	Spo	uses' Benefit
\$17,000 or less	\$	825.00
\$17,001 to \$25,000	\$	962.50
\$25,000 to \$33,000	\$	1,100.00
\$33,001 to \$40,000	\$	1,237.50
\$40,001 and over	\$	1,375.00

NOTE 15 – PENSION PLANS (continued)

D. DEFINED BENEFIT PENSION PLAN (SURVIVOR'S BENEFIT)

Benefits payable to children and families are equal to the spousal benefit multiplied by the percentage below:

Parent and 1	Parent and 2 or		Two children	Three or more	Dependent
child	more children	One child alone	alone	children alone	parent
150%	175%	75%	150%	175%	100%

Contributions - The contribution requirements of active employees and the participating school districts were established under Chapter 16-16 of the Rhode Island General Laws, which may be amended by the General Assembly. The cost of the benefits provided by the plan are two percent (2%) of the member's annual salary up to but not exceeding an annual salary of \$11,500; one-half (1/2) of the cost is contributed by the member by deductions from his or her salary, and the other half (1/2) is contributed and paid by the respective school district by which the member is employed. These contributions are in addition to the contributions required for regular pension benefits.

The Scituate School Department contributed \$16,392, \$16,647, and \$16,647 for the fiscal years ended March 31, 2023, 2022 and 2021 respectively, equal to 100% of the required contributions for each year. 1

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2023 the Scituate School Department reported an asset of \$3,872,081 for its proportionate share of the net pension asset related to its participation in TSB. The net pension asset was measured as of June 30, 2022, the measurement date, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022. The Scituate School Department's proportion of the net pension asset was based on its share of contributions to the TSB for fiscal year 2022 relative to the total contributions of all participating employers for that fiscal year. At June 30, 2022 the Scituate School Department's proportion was 2.20343778%.

For the year ended June 30, 2023, the Scituate School Department recognized a pension credit of \$397,267 – a decrease in the net pension asset. At June 30, 2023 the Scituate School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NOTE 15 – PENSION PLANS (continued)

D. DEFINED BENEFIT PENSION PLAN (SURVIVOR'S BENEFIT)

Deferred Outflows of resources	
Contributions subsequent to the	
measurement date	\$ 16,392
Difference between expected	
and actual experience	95,154
Changes in assumptions	94,088
Changes in Proportion and differences	
between employer contributions and	
proportionate share of contributions	 85,529
Total deferred outflows	\$ 291,163
Deferred inflows of resources	
Difference between expected	
and acutal experience	\$ 498,662
Difference between projected	
and actual earnings on pension	
plan investments	89,555
Changes in assumptions	129,693
Changes in proportion and differences	
between bemployer contributions and	
proportionate share of contributions	 59,807
Total deferred inflows	\$ 777,717

\$16,392 reported as deferred outflows of resources related to pensions resulting from the Scituate School Department's contributions in fiscal year 2023 subsequent to the measurement date will be recognized as an addition to the net pension asset in the subsequent period. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

NOTE 15 – PENSION PLANS (continued)

D. DEFINED BENEFIT PENSION PLAN (SURVIVOR'S BENEFIT)

Year ended June 30:	
2024	(110,324)
2025	(164,315)
2026	(216,255)
2027	85,231
2028	(60,906)
thereafter	(36,377)
	(502,946)

Actuarial Assumptions - the total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.5%

Salary increases 3.0% to 13.0%

Investment rate of return 7.0%

Mortality – variants of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP16.

Cost of living adjustment – eligible survivors receive a yearly cost of living adjustment based on the annual social security adjustment – for valuation purposes, a 2.5% cost of living adjustment is assumed.

The actuarial assumptions used in the June 30, 2021, valuation and the calculation of the total pension liability at June 30, 2022 were consistent with the results of an actuarial experience study performed as of June 30, 2019 for the six-year period ended June 30, 2019 as approved by the System's Board on May 22, 2020.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 40 sources. The June 30, 2022, expected arithmetic returns over the long-term (20 years) by asset class, are summarized in the following table:

NOTE 15 – PENSION PLANS (continued)

D. DEFINED BENEFIT PENSION PLAN (SURVIVOR'S BENEFIT)

		_
Asset Class	Long-Term Target Asset Allocation	Long-Term Expected Arithmetic Real Rate of Return
GROWTH		
Global Equity		
US Equity	24.30%	5.52%
International Developed Equity	11.10%	6.04%
Emerging Markets Equity	4.60%	7.83%
Sub-total	40.00%	
Private Growth		
Private Equity	12.50%	9.42%
Non-Core Real Estate	2.50%	4.80%
Sub-total	15.00%	
INCOME		
Equity Options	2.00%	5.25%
EMD (50/50 Blend)	2.00%	1.82%
Liquid Credit	3.00%	2.95%
Private Credit	3.00%	2.95%
Collateralized Loan Obligations (CLO)	2.00%	2.95%
Sub-total	12.00%	
STABILITY		
Crisis Protection Class		
Treasury Duration	5.00%	-0.44%
Systematic Trend	5.00%	3.33%
Sub-total	10.00%	
Inflation Protection		
Core Real Estate	4.00%	4.80%
Private Infrastructure	4.00%	5.65%
Sub-total	8.00%	5.02.7
Volatility Protection	0.0070	
IG Corp Credit	3.25%	1.18%
Securitized Credit	3.25%	1.18%
Absolute Return	6.50%	3.33%
Cash	2.00%	-0.44%
Sub-total	15.00%	-0.4470
Suo-totat	15.0070	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

NOTE 15 – PENSION PLANS (continued)

D. DEFINED BENEFIT PENSION PLAN (SURVIVOR'S BENEFIT)

Discount rate - the discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability (asset) to changes in the discount rate - the following presents the net pension liability (asset) calculated using the discount rate of 7.0 percent as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

1.00% Decrease	Current Discount Rate	1.00% Increase
(6.0%)	(7.0%)	(8.0%)
\$ (3,399,079)	\$ (3,872,081)	\$ (4,301,831)

Pension plan fiduciary net position - detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

E. DEFINED CONTRIBUTION PLAN

Employees participating in the defined benefit plan with less than 20 years of service as of June 30, 2012, as described above, also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute between 1% and 1.5% of annual covered salary depending on the employee's total years of service as of June 30, 2012. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

NOTE 15 – PENSION PLANS (continued)

E. DEFINED CONTRIBUTION PLAN

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

	EE contribution	ER contribution
ERS members ERS - Teachers - contribute to Social Security - less than 20 years of service at 7/1/2012	5%	1% to 1.5% depending on years of service
ERS - Teachers - do not contribute to Social Security - less than 20 years of service at 7/1/2012	7%	3% to 3.5% depending on years of service
ERS - Teachers - more than 20 years of service at 7/1/2012	^	ontributions (ee

The Scituate School Department recognized pension expense of \$325,950 for the fiscal year ended March 31, 2023.

The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the system. The report may be obtained at http://www.ersri.org.

NOTE 15 – PENSION PLANS (continued)

TOWN OF SCITUATE, RHODE ISLAND Notes to Required Supplementary Information March 31, 2023

NOTE 1- BUDGETARY DATA AND BUDGETARY COMPLIANCE

The Town has formally established budgetary accounting control for its General Fund. It is the responsibility of the Town Budget Committee to submit to the Town Council and make available to the general public a proposed General Fund budget, including the School Department appropriation for the fiscal year. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School Department appropriation. At least two public hearings are conducted on the recommended General Fund budget and the final recommended budget is approved by the voters and legally enacted through an ordinance of the Town Council at the Annual Financial Town Meeting. The General Fund annual operating budget amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary.

The budget approved and adopted at the Annual Financial Town Meeting reports the amount budgeted for each department. Therefore, the legal level of control for the General Fund is at the departmental level. Transfers between departments must be approved by the Town Council. Amendments that would change the total appropriation must be approved by the voters and Town Council at a Financial Town Meeting. There were no supplemental budgetary appropriations in fiscal year 2023. Appropriations which are not expended or encumbered lapse at year end.

The General Fund budget is in conformity with the legally enacted budgetary basis, which is not in conformity with generally accepted accounting principles. The budget to actual presentation in the required supplementary information is reflected on the budgetary basis. The difference between the budgetary basis and the generally accepted accounting principles basis is explained below.

Explanation of Differences between Budgetary Revenues and Other Financing Sources and Expenditures and Other Financing Uses and GAAP Revenues and Other Financing Sources and Expenditures and Other Financing Uses

A reconciliation of the General Fund's revenues and expenditures and other financing sources (uses) is presented below.

Notes:

1.) This schedule is intended to show information for 10 years - additional years will be displayed as they become available.

Notes to Schedule:

Measurement date: April 1, 2022 Actuarial valuation date: March 31, 2023

Actuarial Cost Method: Entry Age Normal - individual entry age actuarial cost method

Asset valuation: Market value

Discount rate: 3.65% as of 3/31/2022; 4.20% as of 3/31/2023

Health care cost trend rates: 6.5% per year graded down by the Getzen model to an ultimate rate of 4.14%

Asset valuation method: Market value of assets

Long-term rate of return: 7.5

Participation rate Police & Town: it is assumed 80% of eligible retirees will participate. School: it is assumed 45% of elibile retirees will participate.

Mortality: 2010 Public sector Retirement Plans Mortality table for Teacher, total Public Safety and total General employees populations with MP-2021.

Schedule of Investment Returns Last 10 Fiscal Years Scituate OPEB Plan

Fiscal Year Ending March 31.

<u> </u>	Tistal Fall Ending March 91,												
_	2023	2022	2021	2020	2019	2018	2017	2016	2015	2014			
Annual money-weighted rate of return, net of investment expense	-7.05%	4.32%	43.07%	-8.49%	5.79%	9.33%	N/A	N/A	N/A	N/A			

The money-weighted rate of return considers the changing amounts actually invested during a period and weights the amount of OPEB plan investments by the proportion of time they are available to earn a return during that period.

TOWN OF SCITUATE, RHODE ISLAND Notes to Required Supplementary Information March 31, 2023

NOTE 1 – Pension Plans Town Police Plan, State of Rhode Island ERS (Teacher) MERS, and TSB

Town Police Pension Plan:

March 31, 2023 measurement date -

There were no material changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plan as of the March 31, 2023 measurement date compared to the March 31, 2022 measurement date.

As part of the 2021 Actuarial Experience Study for the period ending March 31, 2021, as approved by the Town of Scituate, certain assumptions were modified and reflected in the determination of net pension liability (asset) at the March 31, 2021, measurement date. The following summarizes the more significant changes in assumptions:

- Updated the underlying mortality tables from the RP-2014 set of tables to the public sector-based PUB (10) tables.
- The discount rate for purposes of determining the Net Pension Liability has changed to 6.00% from 7.00%
- The long-term rate of return for investments has changed to 6.00% from 7.00%.

State of Rhode Island ERS (Teacher) MERS, and TSB

- The amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year end.
- The schedules are intended to show information for 10 years additional years will be displayed as they become available.
- Employers participating in the State Employee's Retirement System are required by RI General Laws, Section 36-10-2, to contribute an actuarially determined contribution rate each year.
- Employers participating in the Municipal Employee's Retirement System are required by RI General Laws, Section 45-21-42, to contribute an actuarially determined contribution rate each year.
- Employers participating in the Teachers' Survivors Benefit Plan contribute at a rate established by RI General Laws, Section 16-16-35.

June 30, 2022 measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2022 measurement date compared to the June 30, 2021 measurement date.

June 30, 2021 measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2021 measurement date compared to the June 30, 2020 measurement date.

COMBINING FUND FINANCIAL STATEMENTS -NONMAJOR GOVERNMENTAL FUNDS

THE FOLLOWING FUNDS OF THE TOWN ARE REPORTED IN THIS SECTION:

Special Revenue Funds are used to account for resources allocated to specific purposes.

A Special Revenue Fund continues in existence as long as governmental resources are allocated to its specific purpose.

Vital Statistics Surcharge Fund – established to account for State mandated fees for records restoration.

Food Service Fund – accounts for the fees, Federal and State reimbursements and expenditures of the School's food service program.

Community Development Block Grant - accounts for activity of the Community Development Block Grant program.

Substance Abuse Fund – established to account for the State's Bramley Grant for substance abuse.

Highway Equipment Fund - accounts for funds to provide new highway equipment.

State Asset Forfeiture Fund – accounts for funds provided by the State for seized properties.

Animal Adoption Fund – accounts to provide assistance for animal adoptions.

Historical Land Records – established by State law for the preservation of historical public records.

Recreation Campership Fund – established to provide recreation program registration fees for needy families.

Probate Filing Records – established by State law for maintaining probate court records.

Federal Asset Forfeiture Fund – established to account for funds provided by the Federal government from seized properties.

Animal Health Fund – established by State law for mandatory spaying and neutering for adopted dogs and cats.

State Police Computer Grant – established to account for funds received to upgrade the police department's computer system.

Police Substance Abuse Fund – accounts for activity in the DARE program.

Police Unclaimed Property – established to account for unclaimed funds held by the police department.

Senior Center Donations - established to account for donations to benefit the Town's senior center.

Human Services Legislative Grant - established to account for a human services grant from the State.

Food Pantry Donations – established to account for donations to benefit the Town's food pantry.

Senior Center Grants – established to account for State grants received for the senior center.

Emergency Management Grants – established to account for State and Federal grants received for emergency management activities.

Congregational Church Restoration – established to account for expenditures for the restoration and care of the Historical Congregation Church.

Land Dedication Recreation Fund – established to account for the fees in lieu of land dedication from subdivisions which will be used for the construction and improvement of Town recreational facilities.

Green Area Beautification Fund – established to account for expenditures for the upkeep and care of Town village greens.

Main Street Project – established to account for funds received for the Main Street Project.

Cemetery Capital Fee Fund – established to account for fees required of developer for the maintenance of historical cemeteries in and around new subdivisions.

Recording Tech. Scanning Fund – established by State law to provide for scanning technology for Town Clerk records.

Citizens Police Academy Fund – established to account for a private grant for the Citizens Police Academy.

Hazard Mitigation Grant – established to mitigate internal and external environmental threats to the Town.

Opiod Settlement – established to account for Town share of State Opiod settlement received for the prevention of substance abuse.

Miscellaneous Police Grants - established to account for miscellaneous police grants for alcohol and traffic safety.

Police Homeland Security – established to provide for the purchase of emergency equipment.

Animal Shelter Donations – established to provide funding for the upgrade of the animal shelter.

Senior Donation – established to provided various services for seniors.

(Concluded)

The Capital Projects Fund account for all resources used for the acquisition and/or construction of capital items by the Town and School except those financed by the Proprietary Fund or Trust Fund types.

Highway Department Capital Escrow – established to account for the Highway Department capital program.

School Ballfield Fund – established to account for additional renovations to the School Department's ballfield.

School Capital Construction Fund – established to account for non-bonded School construction projects.

Highway Bridges Special Projects – established to account for the reconstruction and maintenance of bridges and other special projects.

Police Vehicles Capital Fund- established to account for the purchase and maintenance of new police vehicles.

Open Space – established to account for the purchase and maintenance of open space in Town.

Chopmist Hill Renovation Fund – established to account for bonded capital expenditures related to the renovation of the Chopmist Hill Inn.

2019 Capital Bond Fund – established to account for new bond proceeds for the purchase of capital equipment.

Public Works/Safety Bond Fund – established to account for bonded capital expenditures for public works and public safety.

2.8M Bond Fund – established to account for bonded capital expenditures related to the Town's schools.

Building Inspector Vehicle Fund – established to reserve funds for purchase of future building inspector vehicle(s).

Animal Shelter Bond Fund – established to account for bonded capital expenditures related to improvements to the Town's animal shelter.

Town Properties Building Fund – established to account for the construction of a Town properties building.

Congregational Church Restoration Fund – established to collect funding for church restoration.

2009 School Bond Fund – established to account for School capital expenditures funded through a bond from RIHEBC.

RIHEBC School Bond Fund – established to account for bonded capital expenditures related to the Town's schools.

Computer Upgrade – accounts for the expenditures associated with the upgrade of the Town's computer system.

Recreation Capital Fund – established to provide for future recreational capital expenditures.

K-9 Truck Capital Fund – accounts for the purchase and maintenance of an animal control vehicle.

Police Vehicle Escrow – established to account for the purchase and maintenance of police vehicles outside of the original five-year vehicle replacement plan.

Capital Assets Fund – accounts for expenditure associated with the purchase of new capital asset software and the related conversion costs.

Police Station Fund – established to account for expenditures to investigate building a new police station versus improving the existing building.

Fire Department Capital Fund – established to account for bond proceeds and Town appropriations devoted to financing Fire Department capital expenditures.

American Rescue Plan – established to account for funding projects for funds provided by the federal government through the American Rescue Plan.

Fire Department Communication Equipment Fund – established to reserve future funding for fire department equipment.

Town Hall IT Fund – established to reserve future funding for the town hall technology upgrades.

Police Vehicle Capital Fund – established to reserve funding for purchase of future police vehicles.

2018 Highway/Fire Bond Fund – established to account for new bond proceeds for the purchase of capital equipment.

New Police Station Bond Fund – established to account for the new bond proceeds for the construction of the new police station.

School Housing Aid – established to account for state aid to offset the future cost of school department capital expenditures.

2022 \$2.25M Bond Fund – This bonf fund will be used to fund both Public Safety and School Department initiatives.

School Capital Construction Fund – established to account for non-bonded School construction projects.

Reconciliation from MTP2 to UCOA

¹ and Net Position if Enterprise Fund activity is included in the transparency portal report.

TOWN OF SCITUATE, RHODE ISLAND

Notes to Supplementary Information Annual Supplemental Transparency Report (MTP2) March 31, 2023

NOTE 1. Basis of Presentation

The Annual Supplemental Transparency Report (MTP2) is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the audit report is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location.

The format of the *Annual Supplemental Transparency Report (MTP2)* was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

NOTE 2. Reportable Government Services

Data consistency and comparability are among the key objectives of the State's Municipal Transparency portal. Consistent with that goal, the State has defined "reportable government services", RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality's general fund. The *Annual Supplemental Transparency Report (MTP2)* includes a reconciliation to the fund level statements.

NOTE 3. Allocations

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the City's (or Town's) budget and accounting system. To report these costs, the City (or Town) made allocations of costs to the State's departmental groupings based on a reasonable basis.

NOTE 4. Employee Groups - Compensation and Benefit Costs

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefits costs are reported in the following employee groupings:

Group A: This group consists of employees who serve the primary function of the department.

- Police Department police officers (e.g., uniform personnel including, leadership positions)
- Fire Department fire fighters (e.g., uniform personnel including, leadership positions)
- Centralized Dispatch Department civilian dispatchers only
- Education Department professional staff providing direct services to students

TOWN OF SCITUATE, RHODE ISLAND

Notes to Supplementary Information Annual Supplemental Transparency Report (MTP2) March 31, 2023

• For the remaining departments - all employees' compensation and benefits are reported under Group A

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other post-employment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

NOTE 5. Education Revenue and Expenditures

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: http://www.municipalfinance.ri.gov/.

Statistical Section

This part of the Town of Scituate's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Town's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the Town's financial position has changed over time.

Revenue Capacity

These schedules contain information to help the reader understand and assess the factors affecting the Town's ability to generate its most significant local revenue sources, the real and personal property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Town's current levels of outstanding debt and the Town's ability to issue additional debt in the future.

Economic and Demographic Information

These schedules offer economic and demographic indicators to help the reader understand the environment within which the Town's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Town's financial report relates to the services the Town provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The Town implemented GASB Statement 34 in 2004; schedules presenting government-wide information include information beginning in that year.

TOWN OF SCITUATE, RHODE ISLAND SINGLE AUDIT FOR THE YEAR ENDED MARCH 31, 2023

DAMIANO & COMPANY, LLP

200 Centerville Road, Suite 1, Warwick, RI 02886 401.942.4000 www.damianocpa.com

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITORS' REPORT

The Honorable President and Members of the Town Council Town of Scituate, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island as of and for the year ended March 31, 2023, and the related notes to the financial statements, which collectively comprise the Town of Scituate's basic financial statements, and have issued our report thereon dated January 10, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Town of Scituate's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Scituate's internal control. Accordingly, we do not express an opinion on the effectiveness of Town of Scituate's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Scituate's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of

financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE

INDEPENDENT AUDITORS' REPORT

The Honorable President and Members of the Town Council Town of Scituate, Rhode Island

Report on Compliance for the Major Federal Program

Opinion on Each Major Federal Program

We have audited the Town of Scituate's compliance with the types of compliance requirements, identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Town of Scituate, Rhode Island's major federal programs for the year ended March 31, 2023. The Town of Scituate's major federal programs for the year ended March 31, 2023. The Town of Scituate, Rhode Island's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Town of Scituate, Rhode Island's complied, in all material respects, with the types of compliance requirements referred to above that could have a material effect on each of its major federal programs for the year ended March 31, 2023.

Basis of Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Town of Scituate, Rhode Island and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Town of Scituate, Rhode Island's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Town of Scituate, Rhode Island's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town of Scituate, Rhode Island's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town of Scituate, Rhode Island's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town of Scituate, Rhode Island's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Town of Scituate, Rhode Island's internal control over compliance relevant
 to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report
 on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of
 expressing an opinion on the effectiveness of the Town of Scituate, Rhode Island's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

TOWN OF SCITUATE, RHODE ISLAND Notes to Schedule of Expenditures of Federal Awards March 31, 2023

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal grant activity of the Town of Scituate, Rhode Island under programs of the federal government for the year ended March 31, 2023. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of the Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Town of Scituate, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Town of Scituate, Rhode Island.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of the Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 - Indirect Cost Rates

The Town of Scituate has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance when applicable.

NOTE 4 - Non-Cash Assistance

U.S.D.A. Contributions: The United States Department of Agriculture makes available commodities for donations to schools. The amount of \$38,420 represents the market value of such commodities used during the period.
