INDEPENDENT AUDITORS' REPORT

The Honorable President and Members of the Town Council Town of Glocester Glocester, Rhode Island

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Glocester, Rhode Island, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town of Glocester, Rhode Island basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Glocester, Rhode Island as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Glocester, Rhode Island and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Glocester, Rhode Island ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the Town of Glocester, Rhode Island's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Glocester, Rhode Island's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-15 and 86-89 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Glocester, Rhode Island's basic financial statements. The introductory section, combining and individual non-major fund financial statements, other supplementary information, schedules, the Annual Supplemental Transparency Report (MTP2), and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, other supplementary information, the Annual Supplementary Transparency Report, MTP2 and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

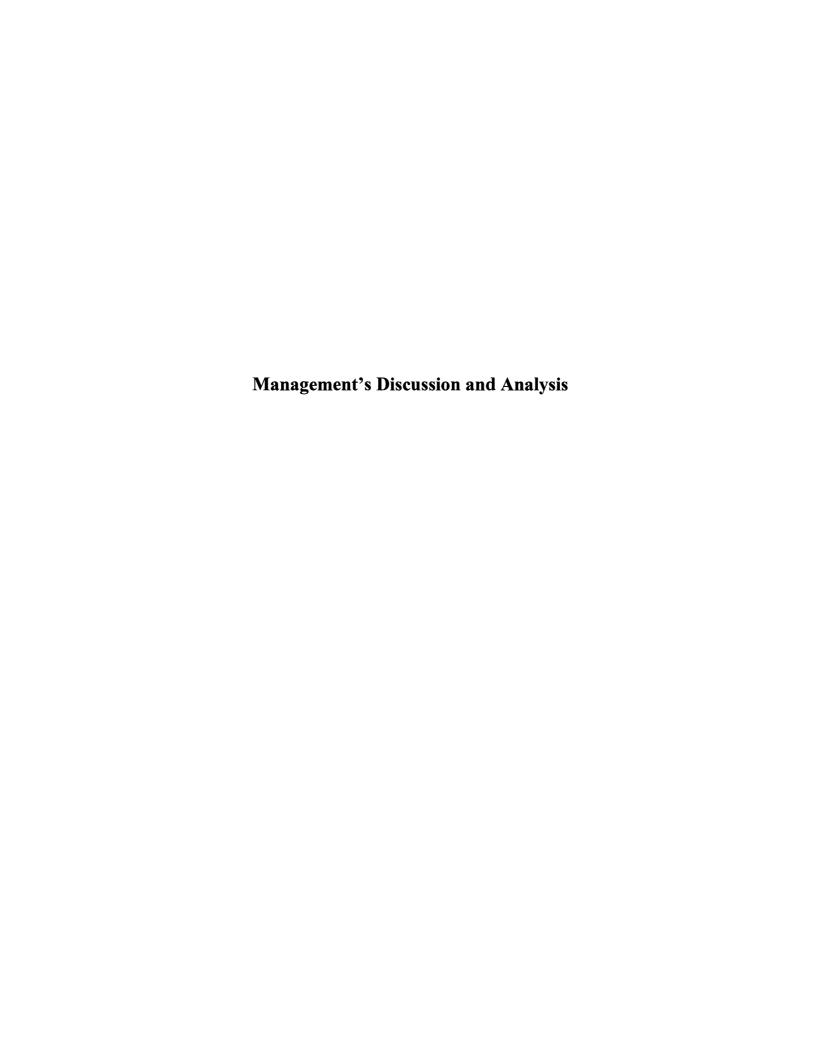

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 19, 2024, on our consideration of the Town of Glocester, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Glocester, Rhode Island's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of Glocester, Rhode Island's internal control over financial reporting and compliance.

Management's Discussion and Analysis For the Year Ended June 30, 2023 (Un-audited)

Administration of the Town of Glocester provides this Management's Discussion and Analysis of the Town of Glocester's Annual Financial Report for the readers of the Town's financial statements. This narrative overview and analysis of the financial statements of the Town of Glocester is for the fiscal year ended June 30, 2023. We encourage readers to consider this information in conjunction with the Town's financial statements that follow.

Financial Highlights

- ➤ In fiscal year 2023, the Town's General Fund's expenditures and other uses of funds exceeded revenues and other financing sources of funds by (\$1,198,712). The School Unrestricted expenses exceeded revenues and other financing sources by (\$956,958) during fiscal ended June 30, 2023.
- As of the close of the fiscal year, the Town's governmental funds reported combined ending fund balances of \$14,040,397. The general fund unassigned fund balance of \$5,419,059 represents 39% of this total.
- ➤ On a government-wide basis, the assets and deferred outflows of the governmental activities exceeded its liabilities and deferred inflows at June 30, 2023 by \$23,875,491.
- ➤ In the current year the net position of the governmental activities decreased by \$32,430. The net position of the Town's component unit (Glocester Land Trust) increased by \$57,251 to \$7,778,981. The net position of business type activities increases by \$11,880 to a cumulative total of \$174,158.
- The Town's Government-wide operating expenses were \$35,240,413. This was a \$2,949,704 increase from the prior year. The changes are due to the focus of long-term economic conditions that are included in the statement, such as future pension cost and postretirement health benefits.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. These basic financial statements consist of three components:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

Management's Discussion and Analysis For the Year Ended June 30, 2023 (Un-audited)

In addition to the basic financial statements, this report also contains other supplementary information and a statistical section. The statistical provides comparisons of selected information for the last 10 fiscal years. The Town's basic financial statements and other supplementary financial information provide information about all of the Town's activities. They provide both a short-term and a long-term view of the Town's financial health as well as information about activities for which the Town acts solely as a trustee for the benefit of those outside of the Town's government.

Government-wide financial statements - are designed to provide readers with a broad overview of the Town's finances in a manner similar to that of private-sector businesses. All of the resources the Town has at its disposal are shown, including major assets such as buildings and infrastructure. The statement of net position includes all of the government's assets, deferred outflows of resources, liabilities, and deferred inflow of resources. A thorough accounting of the cost of government is rendered because the statements present all costs, regardless of when cash is received or paid. They provide both long-term and short-term information about the Town's overall financial status. They are presented on the accrual basis of accounting where revenues and expenditures are recognized in the period they occur as opposed to the period in which they are collected or paid.

The *Statement of Net Position* presents information on all of the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between them reported as net position. Over time, increases or decreases in the Town's net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *Statement of Activities* presents information, which shows how the Town's net position changed during the fiscal year. All changes in the net position of the Town are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods. Examples are uncollected taxes and earned but unused compensated absences.

The *Statement of Activities* distinguishes functions of the Town which are supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all, or a significant portion, of their costs through user fees and charges (business-type activities). The Town's governmental activities include general government and administration, public safety, public works, education, social services and recreational services. The Town's one component unit is the Glocester Land Trust. The Glocester Schools lunch program is the Town's only business type activity.

The government-wide financial statements are reported on pages 16 through 17.

Fund financial statements – A fund is a grouping and self-balancing set of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. With the exception of the School Lunch Fund, which is a proprietary fund, all of the funds of the Town are governmental funds.

Management's Discussion and Analysis For the Year Ended June 30, 2023 (Un-audited)

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between the government-wide financial statements and the fund financial statements (governmental funds).

Information is presented separately in the *Governmental Fund Balance Sheet* and in the *Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances* for the General Fund, the School Unrestricted Special Revenue Fund, and the Capital Reserve Fund, which are considered major funds. Data from all other funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements on pages 98 through 119 in this report. The individual funds within the component unit have been summarized into the data presented.

Proprietary Funds – The Town charges customers for services it provides, whether to outside customers or to other units within the Town. These services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. The School Lunch Fund is the Town's sole proprietary fund.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because resources of those funds are *not* available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 24 and 25.

Notes to Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are found on pages 26 through 85.

Management's Discussion and Analysis For the Year Ended June 30, 2023 (Un-audited)

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information pertinent to the Town's operations. Required Supplementary information is presented on pages 86 through 97.

Government-wide Financial Analysis

The Town adopted the provisions of Governmental Accounting Standards Board Statement No. 34 – Basic financial statements and management's discussion and analysis for State and Local Governments as of July 1, 2001, one year ahead of the required deadline and four years ahead of the deadline for reporting major general infrastructure assets. The decision to choose early implementation also included financial information regarding our component unit the Glocester Land Trust. Comparative data for the current and prior years is presented on the following pages in this report.

Analysis of the Town of Glocester's Net Position

The Town's net position may be a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. On a government-wide basis, the assets and deferred outflows of the Towns governmental activities exceeded its liabilities and deferred inflows at June 30, 2023 by \$23,875,491 a decrease of \$32,430 or .14% from the prior year.

Total assets and deferred outflows of resources increased by \$210,810 from 2022.

Capital assets increased by \$1,754,507 net of depreciation.

Total liabilities and deferred inflow of resources in the current year increased by \$102,721 from 2022. This was due mostly to the increases in pension related liabilities. See note 12 to the financial statements for additional detail.

Management's Discussion and Analysis For the Year Ended June 30, 2023 (Un-audited)

Listed below is a comparison of the current and prior fiscal years.

Town of Glocester Net Position

		June	e 30, 2022		June 30, 2023						
	Govern- mental Activities	Business Type Activities	Total	Component Unit	Govern- mental Activities	Business Type Activities	Total	Component Unit			
Current and Other Assets	\$ 21,339,706	\$ 162,278	\$ 21,501,984	509,448	\$ 19,625,667	\$ 174,158	\$ 19,799,825	\$ 503,183

Total Assets	40,301,159	162,278	40,463,437	7,739,170	40,341,627	174,158	40,515,785	7,780,122			
Deferred Outflow of Resources	2,309,793	-	2,309,793	-	2,480,135	-	2,480,135	-			
Other Liabilities	1,565,180	-	1,565,180	17,440	2,059,200	-	2,059,200	1,141			
Long-Term Liabilities	11,061,757	-	11,061,757	-	13,217,275	-	13,217,275	-			
Total Liabilities	12,626,937		12,626,937	17,440	15,276,475		15,276,475	1,141			
Deferred inflow of Resources	6,216,613	-	6,216,613		3,669,796	-	3,669,796	-			
Net Position:											
Net investment in capital assets	18,036,453	-	18,036,453	7,229,722	19,960,960	-	19,960,960	7,276,939			
Restricted	2,488,725	-	2,488,725	-	3,218,211	-	3,218,211	-			
Unrestricted	3,242,224	162,278	3,404,502	492,008	696,320	174,158	870,478	502,042			
Total Net Position	\$ 23,767,402	\$ 162,278	\$ 23,929,680	\$ 7,721,730	\$ 23,875,491	\$ 174,158	\$ 24,049,649	\$ 7,778,981			

The largest portion, \$19,960,960 or 84%, of the Town's net position consists of its investments in capital assets such as land, buildings and improvements, motor vehicles, furniture and equipment and infrastructure, less any outstanding debt used to acquire these assets. The Town uses these capital assets to provide services to its citizens. Consequently, these assets are not available for future spending. Although the Town's investment in its capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves are unlikely to be used to liquidate these liabilities.

Management's Discussion and Analysis For the Year Ended June 30, 2023 (Un-audited)

An additional portion \$3,218,211 of the Town's net position represents resources that are subject to external restriction on how they may be used. The remaining balance of the Town's unrestricted net position may be used to meet the government's ongoing obligations to its citizens and creditors.

As of June 30, 2023, the Town of Glocester reports positive balances in all three categories of Net Position for the government as a whole.

Analysis of the Town of Glocester's Operations

The following analysis provides a summary of the Town's operations for the year ended June 30, 2023.

Governmental activities decreased the net position by \$32,430 in the current period.

Business type activities increased by \$11,880. This is the school food service program.

The Town's component unit activities increased by \$57,251. The Glocester Land Trust is the sole component unit for the Town of Glocester.

Total revenues of the governmental activities saw an increase of \$2,237,882 from 2022.

Total expenses of the governmental activities increased by \$2,990,774 from 2022.

- Business type activities, the School Lunch program, net position increased by \$11,880 due to regular operations.
- The town's *component unit*, The Glocester Land Trust, net position increased by \$57,251.

The schedule on the following page represents comparative activity for the changes in net position.

Financial Analysis of the Town of Glocester's Funds

Governmental Funds

The Town implemented the provisions of Governmental Accounting Standards Board Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54) in fiscal year 2012. GASB 54 establishes criteria for classifying fund balances into specifically defined classifications and clarifies the definitions for governmental funds. GASB 54 defines the following five categories of fund balance:

Non-spendable – items that cannot be spent because they are not in a spendable form or legally or contractually required to be maintained intact..

Restricted – items that are restricted by external parties or imposed by grants, laws or legislation.

Committed – items that have been committed by formal action by the entity's highest level of decision-making authority.

Assigned – items that have been allocated by committee action where the government's intent is to use the funds for a specific purpose.

Unassigned – items that have no restrictions placed on them.

The focus of the Town of Glocester's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of the Town's net resources available for spending at the end of the fiscal year. The Fund Balance section of the Balance Sheet for Governmental Funds is presented in the format required by GASB Statement 54.

At the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$14,040,397. Over 36% of the total amount, or \$5,151,405 constituted unassigned fund balances. The remainder of the fund balance is categorized at various commitment levels as follows.

Management's Discussion and Analysis For the Year Ended June 30, 2023 (Un-audited)

General Fund Budgetary Highlights

Revenues

Total revenues reported in 2023 were more than budgeted amounts by \$30,732 or .11%.

General Property Taxes collected were less than budget by \$341,985 or 1.4%.

Revenues from *licenses*, *fees and fines* were \$153,765 over the budget amount. This is primarily due to favorable revenue from building permits and realty tax collections.

Other revenues were \$192,488 over the budgeted amount.

Expenditures

Total expenditures and other financing uses in the Town's General Fund were more than the amount budgeted by \$24,429. Expenditure savings that made up the most significant savings in each area. These include savings in public works of \$18,378; recreation net savings of \$17,937, and other operational expenditures savings of \$154,421.

Management's Discussion and Analysis For the Year Ended June 30, 2023 (Un-audited)

The Town of Glocester's Capital Assets

The Town of Glocester's investment in capital assets for its governmental activities amounts to \$20,715,960 net of accumulated depreciation at June 30, 2023. Included are land, buildings and improvements, construction in progress, motor vehicles, furniture, machinery and equipment, and infrastructure.

Additional information on the Town of Glocester's capital assets is located in notes 6 & 7 on pages 42 through 43 of the notes to the financial statements.

The Town of Glocester's Debt Administration

The Town did not issue any new bonded debt in 2023. The Town made payments on debt principal of \$170,000. The outstanding General Obligation debt decreased to a total of \$755,000 at June 30, 2023. All outstanding debt is backed by the full faith and credit of the government, including the Town's power to levy additional taxes to ensure repayment of the debt. Accordingly, all general obligation debt was approved by a vote of the citizens.

Management's Discussion and Analysis For the Year Ended June 30, 2023 (Un-audited)

The following is a summary of the Town's long-term General Obligation Bond debt.

Town of Glocester Outstanding Debt General Obligation Debt

	June	30, 2022	Jun	e 30, 2023
	1	Govern- mental ctivities		Govern- mental Activities
Senior Center		750,000		615,000
Fogarty Elementary School Roof		175,000		140,000
Totals	\$	925,000	\$	755,000

Standard & Poor's has rated the Town's general obligation debt at AA+' with a stable outlook. Standard & Poor has noted strong budgetary performance and flexibility, a strong liquidity position, low overall debt, and strong management practices of maintaining a minimum 12% fund balance reserve as factors contributing to the upgrade.

Except as provided below, under Section 45-12-2 of the General Laws of Rhode Island, the Town may not, without special statutory authorization, incur any debt, which would increase its aggregate indebtedness not otherwise excepted by law to an amount greater than 3% of the taxable property of the Town. Deducted from the computation of aggregated indebtedness is the amount of any borrowing in anticipation of taxes authorized by law and the amount of any sinking funds maintained by the Town. The 3% debt limit of the Town for 2023 was \$38,840,493 [based on the net assessed valuation at December 31, 2021 of \$1,477,107,986. As of June 30, 2023, the Town had \$755,000 in outstanding bonds and notes issued within the 3% debt limit leaving a borrowing capacity of \$38,085,493.

The State legislature may, by special act, permit the Town to incur indebtedness outside the limitations imposed by the 3% debt limit. Special legislation adopted by the Legislature authorizing the Town to incur debt is subject to referendum by the electors of the Town. As of June 30, 2023, the town has no outstanding debt outside the 3% debt limit.

In addition to debt authorized within the 3% debt limit and debt authorized by special act of the Legislature, Rhode Island General Law 45-12-11 authorizes the Rhode Island State Director of Administration, upon petition by a municipality, to authorize such municipality to incur indebtedness in excess of the 3% debt limit whenever the Director shall determine that the sums appropriated by the municipality or its funds available are insufficient to pay the necessary expenses of the municipality. The Town has never requested the State Director of Administration to authorize indebtedness of the Town under section 45-12-11.

Management's Discussion and Analysis For the Year Ended June 30, 2023 (Un-audited)

Under Rhode Island law, the Town may borrow in each fiscal year in anticipation of the receipt of the proceeds of the property tax due in such fiscal year, an amount that shall not exceed the total tax levy of the then current fiscal year. Tax Anticipation Notes must be payable not later than one year from the date of issuance. The Town has not issued Tax Anticipation Notes since fiscal year 1999.

Additional information on the Town of Glocester's long-term debt can be found in footnote 8 of the financial statements on pages 44-46.

Economic Factors and Next Year's Budgets and Rates

For the fiscal year ending June 30, 2024 the Town of Glocester has adopted a total general fund budget of \$32,962.673. Of the Town's 2024 budget, \$22,452,839 or 68.1% is budgeted for educational purposes and \$9,195,746 or 27.9% is budgeted for General Fund purposes, excluding Capital reserve, Debt service and special appropriations.

The State of Rhode Island is budgeted to contribute \$2,746,401 to the Town's education department for the fiscal year ending June 30, 2024.

The Town's tax rate for fiscal 2023 was \$18.69, with 26.4% allocated for general government excluding capital reserve, debt service and special appropriations and 68.5% allocated for education. For fiscal 2024 the Town's tax rate is \$14.25 with 27.9% allocated for general government and 68.1% allocated for education.

Request for Information

The financial report is designed to provide our citizens, taxpayers and creditors with a general overview of the Town's finances and to show the Town's accountability for the tax dollars received. If you have questions about this report or need additional financial information, please send your inquiries to the Finance Office, Town of Glocester, 1145 Putnam Pike, PO Drawer B, Chepachet, RI 02814, call (401) 568-6206, extension 5, or visit the Town of Glocester website at www.glocesterri.org.

Reconciliation of the Statement of Revenues,

Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Fiscal Year Ended June 30, 2023

Net change in fund balances-total governmental funds

\$ (1,765,178)

Amounts reported for governmental activities in the statement of activities are different from the amounts reported as fund expenditures because:

Governmental funds reported capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital additions exceed depreciation expense expense in the current period.

Capital Outlay	\$ 2,979,360	
Depreciation Expense	 (1,353,465)	1,625,895

Loss on disposal of capital asset

(11,907)

Reductions in deferred revenue that provide current financial resources to governmental funds are not reported as revenues in the statement of activities.

(187,417)

Some expenditures reported in the governmental funds that require the use of current financial resources are not reported as expenditures in the statement of activities. This is the net effect of those activities.

893

Changes in the Town's Net Pension Assets, Deferred Outflows of Resources related to pension plans or Net Pension Liability and Deferred Inflows of Resources related to pension plans result in an increase or decrease to the pension expense reported in the Statement of Activities.

Also, under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the full accrual basis, expenses and liabilities are recorded regardless of when financial resources are available.

Net increase in compensated absences	\$ 27,471
Net increase in OPEB obligation	56,450
Principal payments on long term debt	250,580
Issuance of debt	(49,973)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Glocester, Rhode Island (the Town) have been prepared in conformity with accounting principles generally accepted in the United States of America as applicable to governmental entities. In certain circumstances, summaries of the Town's significant accounting policies have been presented throughout the notes to the basic financial statements in conjunction with other disclosures to which they relate.

The Town complies with generally accepted accounting principles (GAAP). Generally accepted accounting principles (GAAP) include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide Statement of Net Position and Statement of Activities, Financial Accounting Standards Board (FASB) pronouncements have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. Proprietary funds also apply the same principles. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

Reporting Entity

The Town of Glocester was incorporated in 1731. The Town is governed under a Home Rule Charter adopted in November 1991. The Town operates under a Town Council form of government with a five- member Town Council headed by a Council President.

A six-member School committee, all elected at large, is vested with legislative authority over the public-school system. The Superintendent of Schools, appointed by the School Committee, is the chief executive officer for the school system. The school system provides elementary education to Town residents.

The accompanying financial statements present the government and its component unit. In evaluating the inclusion of other separate and distinct legal entities as component units within its financial reporting structure, the Town applied the criteria prescribed by GASB Statement No. 14, as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units." and by GASB Statement No. 61 "The Financial Reporting Entity: Omnibus—an amendment of GASB Statements No. 14 and No. 34". A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable or for which the nature and significance of its relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The Town's discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the Town. Through the application of GASB Statement No. 61, GASB Statement No. 39 and No. 14 criteria, the Glocester Land Trust (the Land Trust) has been presented as a component unit of the Town, hereinafter referred to as a "component unit", in the accompanying government- wide financial statements. The Land Trust is included in the Town's reporting entity because of the significance of its operational and financial relationships with the Town.

Discretely Presented Component Unit Disclosure – The Glocester Land Trust is a component unit and is reported in a separate column to emphasize that it is legally separate from the Town but is included because the Town is financially accountable for and is able to impose its will on the organization. There is a financial benefit or burden relationship to the primary government. The Town of Glocester is able to impose its will in the component unit as the Town appoints all seven trustees of the Glocester Land Trust and can also remove them. Unless otherwise indicated, the notes to the basic financial statements pertain only to the primary government because certain disclosures of the component unit are not significant relative to the primary government. A description of the component unit and its relationship with the Town is as follows:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reporting Entity (Continued)

Glocester Land Trust (the Land Trust) – Established on July 1, 1987 – The purpose of the Land Trust is to acquire, hold and manage real property and interests in real property situated in the Town of Glocester, consisting of open space and agricultural property. Upon termination or dissolution of the Land Trust, title to all remaining funds, land and land rights will vest with the Town. The Land Trust does not issue separate financial statements and has a June 30 fiscal year.

Recently Issued Accounting Standards

The Town has implemented the following pronouncements:

- GASB Statement No. 91 "Conduit Debt Obligations", effective for the Town's fiscal year ending June 30, 2023.
- GASB Statement No. 94 "Public-Private and Public-Public Partnerships and Availability Payment Arrangements" effective for the Town's fiscal year ending June 30, 2023.
- GASB Statement No. 96, "Omnibus 2022". The requirements related to leases, PPPs, and SBITAs will take effect for financial statements starting with the fiscal year that ends June 30, 2023. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 will take effect for financial statements starting with the fiscal year that ends June 30, 2024.

Basis of Presentation

Government - Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for component units that are fiduciary in nature. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Certain eliminations have been made as prescribed by GASB Statement No. 34 in regard to inter-fund activities, receivables, and payables.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b) Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The General Fund is the primary operating fund of the Town and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for certain purposes.

Capital Project Funds

Capital Project Funds are used to account for resources restricted for the acquisition or construction of specific capital projects or items.

Basis of Presentation (Continued)

Permanent Funds

Permanent Funds are used to account for assets held by the Town pursuant to a trust agreement. The principal portion of this fund must remain intact, but the earnings may be used to achieve the objectives of the fund.

Proprietary Funds

Proprietary Funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. Operating revenues of the Proprietary Funds consist of customer/taxpayer charges for uses and services and certain other miscellaneous revenues. All other revenues of the Proprietary Funds are considered non-operating sources of revenue.

Fiduciary Funds

Fiduciary Funds include a Statement of Net Position and a Statement of Changes in Net Position. The Town's Fiduciary Funds include an OPEB Trust Fund. Fiduciary Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, or other governments. The Fiduciary Funds are accounted for on an "economic resources" measurement focus and the accrual basis of accounting.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Major and Non-Major Funds

The funds are further classified as major or non-major as follows:

<u>Fund</u> <u>Brief Description</u>

Major:

General Fund: See above for description

Special Revenue: School Unrestricted - This fund accounts for the operation and maintenance of the

West Glocester and Fogarty Memorial Elementary Schools.

Revenue Sources: Town funded appropriation State of Rhode Island: Annual aid to education

Capital Project: Capital Reserve Fund - This fund accounts for monies utilized for capital

improvements set forth in the Capital Program approved at the Financial Town

Meeting.

Proprietary: School Lunch - This fund is used to account for the activities of the lunch programs

at the West Glocester and Fogarty Memorial Elementary Schools.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

Major and Non-Major Funds

The funds are further classified as major or non-major as follows:

Major:

Fiduciary Funds: OPEB Trust Fund – This fund accounts for monies contributed by the town and

held in a fiduciary capacity for other post-employment benefits to retired

employees.

Non-Major:

Special Revenue: <u>Town Funds;</u>

Bramley Bill, The Meds Plan, Bullet Proof Vest, Public Library Grant, July 4th Parade, MHRH Grant, National Grid Community Grant, Place Making Grant, Emergency Energy, Grass Roots, Pollard Mimosa Trees, Central Police Legislative Grant, Blue Rip Tide Grant, Historic Records Trust, Small Grants, Police Forfeiture, Senior Center Donations, Food Bank, Animal Shelter, Community Septic System Loan Program, EMA, DARE, Glocester Memorial Park, Historic Revitalization Grant, American Rescue Plan, Fed Election Security Fund, Storm Relief, Body Worn Camera, Historic District, Substance Abuse, JAG Tech, Community Development Block Grant, LEJA Field, DEA.

School Funds;

Rural Education Grant, Donations Library, Technology, IDEA Preschool, Professional Development, ESSER II, Title I, ESSER III, ARP Homeless, ARP Bike Storage, SBM Grant, Tech Furniture, Art Initiative, ELC Grant, Title II, West Bay Grant, IDEA Part B, Title IV.

Capital Projects: Chepachet River Park, Roads, Senior Center Fund, Chepachet River Cleanup,

Chepachet Wastewater, School Project, Geothermal Project, School Capital

Improvement, and Recreation Land.

Permanent: Perpetual Care Fund.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities both governmental and business-like activities are presented using the economic resources measurement focus as defined in item (b) below and utilize the accrual basis of accounting.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a) All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. The Town considers property taxes, franchise taxes, licenses, and interest as available if they are collected within 60 days after year-end. Substantially all other revenue of the governmental funds is recognized utilizing the modified accrual method of accounting, and as such, it is recognized as earned.
- b) The proprietary fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of net income, financial position and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting

In the government wide financial statements, the Statement of Net Position and Statement of Activities (governmental and business-type activities) are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used. Revenues, expense, gains, losses, assets, deferred outflows of resources, liabilities and deferred inflows of resources resulting from exchange and exchange-like transactions should be recognized when the exchange takes place. Revenues, expense, gains, losses, assets, deferred outflows of resources, liabilities and deferred inflows of resources resulting from non-exchange transactions should be recognized in accordance with the requirements of Section N50.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used.

Amounts reported as program revenues include charges to customers or applicants for licenses, fees, goods, services, or privileges provided, operating grants and contributions, and capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the proprietary fund's principal operation. The principal operating revenues of the enterprise funds are charges for services provided in accordance with the fund's purpose. Operating expenses for the enterprise funds include the costs of providing the services, including administration and depreciation on capital assets. All other revenue and expense items not meeting these criteria are reported as non-operating revenues and expenses.

Accounts Receivable

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based on historical trends and the periodic aging of accounts receivable. The allowance for uncollectible accounts totaled \$360,000 for property taxes. Business-type activities report usage fees as its major receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as property taxes and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Proprietary fund material receivables consist of all revenues earned at year-end but not yet received. Allowances for uncollectible receivables are based upon historical trends and the periodic aging of accounts receivable.

Deposits and Investments

Cash and cash equivalents are carried at cost. The Town's cash and cash equivalents consist of cash on hand, demand deposits, money market accounts, and short-term investments with original maturities of three months or less from the date of acquisition. Substantially, all of the Town's cash and cash equivalents are held in public deposit institutions or collateralized government investment pools, which are available on a daily basis.

Investments are stated at fair value. Investment income is recorded in the fund which it was earned.

Prepaid Items

Prepaid items, where applicable, are accounted for under the allocation method whereby a prepaid asset is established at the date of payment and subsequently amortized over the accounting periods expected to benefit from the initial payment. Prepaid expenditures recorded in governmental funds do not reflect current appropriated resources, resulting in non-spendable fund balance.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, Plant, and Equipment

Property, Plant and Equipment

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Statements

In the government-wide financial statements, long-lived assets are accounted for as capital assets. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value. The capitalization threshold is any individual item with a total cost of greater than \$5,000.

Infrastructure assets include primarily roads and bridges. All known infrastructure assets are included in this report and there are no infrastructure assets reported using the modified approach.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Classes	<u>Useful Life</u>
Land improvements	5 - 30 years
Buildings and improvements	5-100 years
Motor vehicles	4-20 years
Machinery and equipment	5-30 years
Office furniture and equipment	3-20 years
Infrastructure (roads and bridges)	3-40 years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accrued Compensated Absences

Under the terms of various contracts and policies, Town employees are granted vacation and sick leave based on length of service. The amount recorded is the unused days earned at the current rate of pay. The Town's policy is to recognize the cost of vacation and sick leave in governmental funds when paid and on the accrual basis in proprietary funds. Since the Town's policy is to pay certain accrued compensated absences when employees separate from service with the Town, the amount of earned but unpaid vacation and sick leave relating to governmental fund employees is recorded as a long-term liability in the government-wide financial statements.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses. Actual results could differ from those estimates.

Short-Term Inter-Fund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet.

Inter-Fund Transfers

The principal purpose of inter-fund transfers is to provide a financing source to various funds that may not have the ability to cover all operating costs with revenue generated by the fund.

Bond Issuance Costs

In the governmental fund financial statements, bond issuance costs are treated as period costs in the year of issue and shown as expenditure.

Deferred Outflows of Resources

Represent a consumption of net position or fund balance by a government that is applicable to a future reporting period.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and/or balance sheet can report deferred inflows of resources. Deferred inflows of resources represent the acquisition of net position or fund balance that applies to a future period, and which will not be recognized as an inflow of resources (revenue) until a later date.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Equity Classifications

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a) Net Investment in capital assets Consists of capital assets (including restricted capital assets) net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b) Restricted Consists of net positions with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c) Unrestricted All other net positions that do not meet the definition of "restricted" or "Net investment in capital assets".

Fund Financial Statements

The Town has adopted and implemented the provisions and requirements of the Governmental Accounting Standards Board GASB Statement No. 54 - *Fund Balance Reporting and Governmental Fund Type Definitions*. Acceptance of this statement has changed the Town's presentation of the elements of fund balances, a key indicator of inter-period equity. Listed below are the new fund balance categories and their definitions.

- *Non-spendable* are balances that are not in a spendable form or are legally or contractually required to be maintained intact or are permanently precluded from conversion to cash. Examples are prepaid amounts, inventories, endowments, and permanent funds.
- **Restricted** requires that inflows and outflows of resources and balances be constrained to a specific purpose of enabling legislation, external parties, or constitutional provisions.
- *Committed* are balances with constraints imposed by the government using the highest level of decision-making authority. These constraints can only be removed or changed by the same decision-making authority taking the same type of action.
- Assigned are balances intended for a specific purpose and are constrained by the government's management but are neither restricted nor committed.
- *Unassigned* is the amount of fund balance in the General Fund that has not been restricted, committed, or assigned to a specific purpose within the General Fund. It includes spendable amounts not subject to any intended use or constraint. It is the residual classification for general fund and is available for any purpose. The balance is not precluded by a management decision, law or constitutional provision in the general fund.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements (Continued)

The Town adopted a Fund Balance policy on June 16, 2011. The Glocester School Department adopted a Fund Balance policy on May 17, 2011. Both set classification policies and procedures for the above noted level of fund balance reporting for the funds for which they are responsible.

As a result of the passage of a charter review, the Town of Glocester general fund budget is approved at an all-day referendum. At this time, the voters are also asked to vote to commit funds for specified purposes from the fund balance. Each item to be committed is addressed as an individual question to be approved by a majority vote of the people which in turn is creates a resolution. The summary below details the procedure for the budget as it relates to the fund balance categories as defined by GASB.

- a) For committed fund balances, the referendum is the highest level of authority to designate or undesignated committed funds or to modify or rescind committed funds. A vote by the residents is needed to commit or to un-commit funds.
- b) For assigned fund balances in the General Fund: The Town Council is authorized to assign amounts to a purpose and under the same authority remove the assignment. For assigned fund balances in the School Unrestricted Fund: The Glocester School Committee is authorized to assign amounts to a purpose and under the same authority remove the assignment.
- c) Order of expenditure of funds by classifications: Expenditures may be incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available. Composition of the ending fund balance is determined by applying the following: In those instances where both restricted and unrestricted amounts are available, restricted amounts will be considered to have been spent first [as allowed and in compliance with stated and specified terms or requirements], followed by committed amounts, followed by assigned amounts, and then unassigned amounts.
- d) Minimum unassigned fund balance: An adequate level of unassigned fund balance is essential to mitigate current and future risks and to ensure service levels. Specifically, amounts are and will be held in unassigned fund balance for:
 - Economic uncertainty (i.e., to cushion the Town against fluctuations in revenues and costs due to economic conditions),
 - Extreme events (i.e., allows the Town to respond quickly and decisively to events such as natural disasters, catastrophic accidents, etc.)
 - Working capital (i.e., to cushion the Town against revenue shortfalls or expenditure fluctuations associated with routine Town business) (e.g., property tax revenues are received quarterly, but the Town delivers police services year-round).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements (Continued)

Per the Town's Home Rule Charter, Article VIII, Financial Procedures, Section C8-13 Minimum cash reserve: "The minimum unreserved general fund balance the Town shall maintain shall be not less than 12% of the total annual Town proposed expenditures for the next fiscal year."

It is anticipated that this is a level sufficient to provide for the required resources to ensure short-term cash availability when revenue is unavailable or unanticipated expenditures (including emergencies) occur. If the unassigned fund balance falls below the minimum parameter, the Town Council will adopt a plan and a time frame in which to bring the unassigned fund balance into compliance with the Town's Home Rule Charter.

Pensions

For purposes of measuring the net pension liability, net pension asset, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Town of Glocester, Rhode Island's various pension plans (described in more detail in Note 12) and additions to/deductions from the pension plans fiduciary net position have been determined on the same basis as they have been reported by the pension plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

2. BUDGETARY PROCESS

(a) Adoption

The Town has formally established budgetary accounting control for its General Fund and the School Unrestricted Fund, which is a Special Revenue Fund. It is the responsibility of the Town Budget Board to: a) Receive and examine all requests for capital and operating expenditures submitted by the Departments, Commissions, Offices and Agencies of Town government, including the School Department; b) Hold such hearings as may be necessary to provide the opportunity for all Department Heads, Town Officials and Agencies submitting estimates to appear before the Board to explain and justify their requests. The Board shall provide opportunity for any citizen who desires to do so to address the Board on any pertinent matter consistent with the procedural rules established by the Board; and c) Submit to the Council no later than the third Thursday in March its recommendations regarding all requests for appropriations which have been submitted for its review together with revenue estimates and the projected tax levy required to support the budget recommendation. The Council shall review the recommendations of the Budget Board and make such changes in the various expenditure requests as it sees fit, provided, however, that the Council shall not have the authority to change any item in the School department expenditure request except the overall total amount. The Council shall hold a Public Hearing on its preliminary recommended budget prior to its adoption, which hearing must be at least 21 days prior to the all-day referendum. The Council shall adopt a recommended budget for presentation to the all-day referendum, not later than 15 days preceding its date. The recommended budget is approved or rejected by the voters at the all-day referendum.

2. BUDGETARY PROCESS (Continued)

(a) Adoption (Continued)

The General Fund and School Unrestricted Fund annual operating budget amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. The legal level of control for the General Fund is at the fund level and the School Unrestricted Fund is at the fund level. Amendments that would change the total appropriation must be approved by the voters at the all-day referendum. There were no supplemental budgetary appropriations in fiscal year 2023. Appropriations which are not expended or encumbered lapse at year end. As a result of the passage of a charter review, the Town of Glocester general fund budget is approved at an all-day referendum. The first vote was on October 6, 2022, for the fiscal 2022-2023 budget.

(b) Reconciliation - Budgetary to GAAP

The Town Charter requires annual budgets for the General Fund and Special Revenue - General School Activities. The practices used in the preparation of the 2023 budget differ in certain respects from the presentation of the actual results of operations prepared in accordance with GAAP. The actual results of operations, for purposes of the Statement of Revenues, Expenditures, Other Financing Sources (Uses) Budget and Actual on a Budgetary Basis -General Fund, and Special Revenue Fund -School Unrestricted Fund, have been adjusted to a basis consistent with the Town's budget for 2023. See Pages 86 through 87.

3. DEPOSITS AND INVESTMENTS

<u>Deposits</u>: The Town maintains deposits in various financial institutions that are carried at cost except for those amounts which are carried as petty cash. The carrying amount of deposits is separately displayed on the balance sheet as "Cash and cash equivalents".

<u>Investments</u>: Investment of all idle funds is made through national banks or trust companies, providing that the financial conditions and integrity of the institution or institutions are verifiable and can be monitored. The investment of funds must be in direct obligations of the United States Government and "money market instruments" rated "A" or better. All investments are made as would be done by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and preservation of their capital.

<u>Interest Rate Risk</u>: The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The Town minimizes its exposure to interest rate risk by investing in short-term, highly liquid investments.

<u>Concentrations</u>: The Town practice is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity.

3. DEPOSITS AND INVESTMENTS (Continued)

Custodial Credit Risk

Deposits: This is the risk that, in the event of failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2023, \$ -0- of the Town's bank balance of \$17,335,753 was uninsured and uncollateralized.

Investments: This is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

Cash and investments of the Town consist of the following at June 30, 2023:

Cash and Cash Equivalents

Deposits with financial institutions	\$ 17,148,742
Total cash and cash equivelents	17,148,742
Investments	
Institutional Mutual Funds	533,973
Total Investments	533,973
Total Cash and Investments	\$ 17,682,715

Cash and investments are classified in the accompanying financial statements as follows:

Statement of Net Position	
Cash and cash equivalents	\$ 17,148,742
Fiduciary Funds	
Investments	533,973
Total Cash and Investments	\$ 17,682,715

<u>Interest Rate Risk</u>: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The town does not have any investments that are subject to interest rate risk for the fiscal year ended June 30, 2023.

<u>Credit Risk</u>: Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The Town did not have any debt type investments that were exposed to credit risk as defined by GASB 40 as of June 30, 2023.

.

3. DEPOSITS AND INVESTMENTS (Continued)

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements); followed by quoted prices in inactive markets or for similar assets or with observable inputs (Level 2 measurements); and the lowest priority to unobservable inputs (Level 3 measurements). The Town has the following recurring fair value measurements as of June 30, 2023:

	J	une 30,	Fair Valu	ue Measurements Using				
		2023	Level 1	Lev	vel 2	Level 3		
Investments by fair value level:								
Mutual Funds	\$	533,973	\$ 533,973	\$	_	\$		
Total investments by fair value level	\$	533,973	\$ 533,973	\$	_	\$	-	

4. TAXES RECEIVABLE AND UNEARNED REVENUE

The Town's property tax is levied each July 1, for its next fiscal year on the assessed values listed as of the prior December 31 (lien date), for all real property, tangible property, and motor vehicles located in the Town. Assessed values of real property and tangible personal property were established by the Town Assessor's office at 100% of appraised market value as of December 31, 2021. The assessed value of motor vehicles is determined annually at 100% as established by the State Vehicle Value Commission.

An automatic lien is placed on the taxpayer's property if payment has not been received by the due date. Interest is charged on past due accounts at a rate of 8% per annum calculated on the unpaid portion of the total tax. Taxes are due in full by August 1, or at the option of the taxpayer they may be paid in quarterly installments on the first working day of August, November, February, and May following the levy date.

Net property taxes levied at the October 10, 2022, all day referendum for the fiscal year 2023 were based on a net assessed value of approximately \$1,294,683,086 at December 31, 2021 and amounted to \$24,130,106.

The Town recognizes property tax revenues in accordance with Section P70, "Property Taxes" of the Codification of Governmental Accounting and Financial Reporting Standards. Unpaid property taxes as of June 30, 2022 (\$470,098) are recorded as a receivable, which is net of an allowance for uncollectible property taxes of \$372,000. Those net property taxes receivable which were not collected within the 60 days immediately following June 30, 2023, are recorded as deferred inflow and amounted to \$190,746 at June 30, 2023. Property taxes recognized as revenue for the fiscal year ended June 30, 2023 (due to their collection within the 60 days immediately following June 30, 2023) amounted to \$313,362.

In the government-wide financial statements, deferred revenues represent funds received in advance of being earned, or receivables which will be collected and included in revenues of future fiscal years.

5. INTERFUND BALANCES

Inter-fund balances represent loans to various funds for use in operations when funds are either not available through operations or funding is being requested through other funding sources. These amounts are expected to be repaid at certain future dates. Below are the balances as of June 30, 2023:

	Due From	Due To
	Other Funds	Other Funds
Governmental Activities:		
Major Funds:		
General Fund	\$ 355,264	\$ 2,605,956

The following schedule summarizes th	e Tow	n's bonds and	notes:							
6 · · · · · · · · · · · · · · · · · · ·				erest Rates	P	Principal	I	Oue Dates		
Governmental bonds and notes payable	e		2.5	8% - 5.50%	\$	755,000	-	2024-2027		
	To	tal All Funds			\$	755,000				

The Town is not obligated in any way for special assessment debt. Neither is there any outstanding special assessment debt.

Payments on bonds are made from the general fund. Payments on the loan are made from the Community Septic System Loan Program. Payments on the capital leases are made from the General Fund. Payments to liquidate the Net Pension Liability and the Net OPEB Liability are made from the General Fund. Accrued compensated absences are paid form the General Fund and the School Unrestricted Fund. Payments on the landfill post-closure care costs are made from the General Fund.

8. LONG-TERM LIABILITIES (Continued)

(b) Bonds Outstanding

The Town's Government Activities bonds payable are comprised of the following as of June 30, 2023:

	DATE		DATE	AU	THORIZED)]	MATURITIES		
	OF	INTEREST	OF		AND	(OUTSTANDING			DURING	OU	TSTANDING
	ISSUANCE	RATE	MATURITY		ISSUED		July 1, 2022	ADDITIONS	,	YEAR	J	une 30, 2023
GENERAL OBLIGATION BONDS PAY	ABLE											
General Obligation Bonds - Senior Center	10/1/2006	3.50-5.00%	10/1/2026	\$	2,215,000	(\$ 750,000	\$ -		\$ 135,000	\$	615,000
General Obligation Bonds - School Roof	5/15/2007	4.00-5.50%	4/1/2027		750,000		175,000	-	-	35,000		140,000
TOTAL GENERAL OBLIGATION BONDS PAYABLE					2,965,000		925,000			170,000		755,000
TOTAL BONDS PAYABLE - GOVERN	\$	2,965,000	(\$ 925,000	\$	•	\$ 170,000	\$	755,000			

In fiscal year 2007 the Town issued the \$750,000 School roof bond issue under the Maximum Aggregate Indebtedness provision (3% Debt Limit) of the Rhode Island General Laws 45·12·2. All other Town debt has been incurred through special statutory authority which consists of approval by the legislature and voter referendum. The Town is not obligated in any manner for special assessment debt, nor is there any special assessment debt outstanding.

(c) Loan Payable

The Town entered into a loan agreement with RI Clean Water Finance Agency in the amount of \$250,000 on February 22, 2001, and \$300,000 on October 7, 2010, of which all was completely drawn down by April 1, 2018. The loans are used to establish the Community Septic System Loan Program through which the Town provides subsequent loans to homeowners for the repair or replacement of failed septic systems. Loans are serviced on behalf of the Town by the RI Housing Mortgage Finance Corporation. The loans to the homeowner's bear interest of 4% and 2% respectively of which RI Clean Water Finance Agency and RI Housing Mortgage Finance Corporation both receive a 1.5% service fee.

The Town entered into a loan agreement with RI Clean Water Finance Agency in the amount of \$300,000 on February 2, 2017, to further fund the Community Septic System Loan Program. Loans are serviced on behalf of the Town by the RI Housing Mortgage Finance Corporation. The loans to the homeowner's bear interest of 0% of which RI Clean Water Finance Agency receives a 1% service fee. The loan must be completely drawn down by April 1, 2027.

The Town entered into another loan agreement with RI Infrastructure Bank in the amount of \$500,000 on October 1, 2020, to further fund the Community Septic System Loan Program. Loans are serviced on behalf of the Town by the RI Housing Mortgage Finance Corporation. The loans to the homeowner's bear interest of 0% of which RI Infrastructure Bank receives a 1% service fee.

8. LONG-TERM LIABILITIES (Continued)

(c) Loan Payable (Continued)

Payments of principal and service fees are made to RI Infrastructure Bank quarterly from the funds collected from the repayment of loans to homeowners less the service fee due to RI Housing Mortgage Finance Corporation. As a result, there is no debt service schedule and the debt service to maturity information has not been provided.

The loans are not a general obligation of the Town and are subject to and dependent upon appropriations being made by the Town for such purposes.

Governmental Activities

Annual principal and interest requirements on general obligation bonds for the year ending June 30, 2023, are as follows:

Fiscal											
Year Ended	Bonds										
June 30		Principal	<u>Inte</u>	erest							
2024		180,000		28,088							
2025		185,000		20,438

TOWN OF GLOCESTER NOTES TO FINANCIAL STATEMENTS June 30, 2023

NOTE 9: DIFFERENCES BETWEEN GOVERNMENTAL FUND BALANCE SHEET AND THE STATEMENT OF NET POSITION

"Total fund balances" of the town's governmental funds \$14,040,397 differs from "net position" of governmental activities \$23,875,491 reported in the statement of net position. This difference primarily results from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheets. The effect of the differences is illustrated below.

Balance Sheet/Statement of Net Position

TOWN OF GLOCESTER NOTES TO FINANCIAL STATEMENTS June 30, 2023

NOTE 9: DIFFERENCES BETWEEN GOVERNMENTAL FUND BALANCE SHEET AND THE STATEMENT OF NET POSITION

(1) When capital assets (land, buildings, equipment) that are to be used in governmental activities are purchased or constructed, the cost of these assets are reported as expenditures in governmental funds. However, the statement of net position includes those capital assets among the assets of the town as a whole.

	Cost of capital assets Accumulated depreciation	\$ 42,990,711 (22,274,751) 20,715,960
Because the focus of governmental funds is on short-term financing, for current-period expenditures. Those assets (for example receivable the governmental funds and thus are not included in the fund balance	es) are offset by deferred revenues in	
	Accrued interest Unearned revenue Adjustment of deferred inflow	\$ (3,874) 469,726 190,746 656,598
Long-term liabilities applicable to the town's governmental activities and accordingly are not reported as fund liabilities. All liabilities, but statement of net position.	* ·	
	Bonds & loans payable Landfill post-closure costs Accrued compensated absences Net OPEB liability Net pension liability	\$ 1,122,822 155,200 751,605 1,497,469 8,335,078 11,862,174
The Teachers Survivors Benefit plan has a net pension asset balance at	the end of the year. Net pension asset	\$ 1,508,176

Deferred inflows and outflows of resources are amounts used under GASB 68 in developing the annual pension expense. Deferred inflows and outflows arise with differences between expected and actual experiences and changes of assumptions. The portion of these amounts not included in pension expense should be included as deferred outflows or inflows to be recognized in future periods.

48

Deferred inflows of resources - pensions	\$ (3,663,601)
Deferred outflows of resources - pensions	\$ 2,480,135

TOWN OF GLOCESTER NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

10. DIFFERENCES BETWEEN GOVERNMENTAL FUND OPERATING STATEMENTS AND THE STATEMENT OF ACTIVITIES

The "net change in the fund balances" for governmental funds (\$1,765,178) differs from the "change in net position" for governmental activities of \$(32,430) reported in the statement of activities. The differences arise primarily from the long-term economic focus of the statement of activities verses the current financial resources focus of the governmental funds. The effect of the differences is illustrated below.

Statement of Reven	ues, Expenditures, and	Changes in Fund	Balances/Stateme	nt of Activities	
	Total	Long-term	Capital-	Long-term	Statement
	Governmental	Revenues/	nues/ related De		of Activities

TOWN OF GLOCESTER NOTES TO FINANCIAL STATEMENTS JUNE 30, 2023

10. DIFFERENCES BETWEEN GOVERNMENTAL FUND OPERATING STATEMENTS AND THE STATEMENT OF ACTIVITIES (Continued)

(1) Because some property taxes will not be collected for several months after the town's fiscal year ends, they are not considered as "available" revenues in the governmental funds. Also, non-monetary transaction such as Town acquisition of tax sale properties are not recorded on the fund statements but are recorded in the statement of activities.

Property taxes	\$ (73,626)
Unearned revenues	(113,791)
	\$ (187,417)

Interest expense in the statement of activities differs from the amount reported in the governmental funds because interest payments are recognized as an expenditure when paid in the governmental funds while in the statement of activities they are recognized when accrued.

Accrued interest	 893
	\$ 893

(2) When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balance decreases by the amount of financial resources expended, whereas net position decrease by the amount of depreciation expense charged for the year.

Capital outlay	\$ 2,979,360
Depreciation expense	 (1,353,465)
Difference	\$ 1,625,895

When a loss is realized for the disposal of capital assets the gain is not recognized on the governmental funds and is only recorded on the statement of activities.

Loss on disposal	 (11,907)
	\$ (11,907)

(3) Repayment of bond principal is reported as an expenditure in the governmental funds and, thus, has the effect of reducing fund balance because current financial resources have been used. For the town as a whole, however, the principal payments reduce the liabilities in the statement of net position and o not result in an expense in the statement of activities. Cost associated with the refinancing of debt are expensed in the fund financials but are long-term assets and liabilities in the statement of activities

Landfill post-closure costs	9,700
New loan proceeds	(49,973)
Principal payments on bonds and loans	240,880
	\$ 200,607

Certain accrued expenditures that do not use current financial resources are not reported in the fund financial statements. However, in the in statement of activities these accrued expenses are recognized and charged to current activities.

Net (increase)/decrease in compensated absences	\$	27,471
Net (Increase)/decrease in the OPEB liability		56,450
Net (increase)/decrease in net pension liability		(2,159,081)
Net increase/(decrease) in net pension asset		(514,943)
Net increase/(decrease) in deferred outflows		170,342
Net (increase)/decrease in deferred inflows		2,524,438
Change	\$	104,677

11. FUND EQUITY

(a) Fund Balance Constraints

The constraints on fund balance as listed in the aggregate in the Governmental Funds Balance Sheet are detailed according to balance classification and fund.

							Other

12. RETIREMENT PLANS & POST EMPLOYMENT BENEFITS

(a) Municipal Employees' Retirement System of Rhode Island

Summary of Significant Accounting Policies

General Information about the Pension Plan

Plan Description - The Municipal Employees' Retirement System (MERS) – an agent multiple-employer defined benefit pension plan - provides certain retirement, disability, and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at www.ersri.org

Benefits provided – General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

Salary: Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

Service: Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

12. RETIREMENT PLANS & POST EMPLOYMENT BENEFITS (Continued)

(a) Municipal Employees' Retirement System of Rhode Island

General Information about the Pension Plan

Final Average Compensation (FAC): Prior to July 1, 2012, and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three-year FAC as of July 1, 2012, or the five-year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

General Employees

Members with less than five years of contributory service as of June 30, 2012, and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012, will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012, in (a) above. The interpolation is based on service as of June 30, 2012, divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012, may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012, were not impacted by the changes to retirement eligibility above.

12. RETIREMENT PLANS & POST EMPLOYMENT BENEFITS (Continued)

(a) Municipal Employees' Retirement System of Rhode Island

General Employees

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012, and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012, in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

Police and Fire Employees

Members are eligible to retire when they are at least 50 years old and have a minimum of 25 years of contributing service or if they have 27 years of contributing service at any age. Members with less than 25 years of contributing service are eligible for retirement on or after their Social Security normal retirement age.

Members who, as of June 30, 2012, had at least 10 years of contributing service, had attained age 45, and had a prior Retirement Date before age 52 may retire at age 52.

Active members on June 30, 2012, may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

A member who is within five years of reaching their retirement eligibility date, as described in this section, and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members designated as police officers or firefighters were eligible for retirement at or after age 55 with credit for at least 10 years of service or at any age with credit for 25 or more years of service. Members were also eligible to retire and receive a reduced benefit if they are at least age 50 and have at least 20 years of service. If the municipality elected to adopt the 20-year retirement provisions for police officers and/or firefighters, then such a member was eligible to retire at any age with 20 or more years of service. Members eligible to retire before July 1, 2012, were not impacted by the changes to retirement eligibility above.

A monthly benefit is paid equal to 2.00% of the member's monthly FAC for each year of service, up to 37.5 years (75% of FAC maximum).

If the optional 20-year retirement provisions were adopted by the municipality prior to July 1, 2012: benefits are based on 2.50% of the member's FAC for each year of service prior to July 1, 2012, and 2.00% of the member's FAC for each year of service after July 1, 2012. The benefit cannot exceed 75% of the member's FAC.

12. RETIREMENT PLANS & POST EMPLOYMENT BENEFITS (Continued)

(a) Municipal Employees' Retirement System of Rhode Island

Police and Fire Employees

Active members (including future hires), members who retire after July 1, 2015, and after attaining age 57 with 30 years of service will have a benefit equal to the greater of their current benefit described in (a) and (b) above and one calculated based on a 2.25% multiplier for all years of service.

Other Benefit Provisions

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects' coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

- a. The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended.
- b. Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%
- c. The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on every fourth year provision described in (i) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$27,184 for 2020, \$27,608 for 2021, \$27,901 for 2022.

12. RETIREMENT PLANS & POST EMPLOYMENT BENEFITS (Continued)

(a) Municipal Employees' Retirement System of Rhode Island

Employees covered by benefit terms

The Town of Glocester has two separate reporting units within the MERS plan. The units are for Town General Employees, Police Employees.

At the June 30, 2022, valuation date, the following employees were covered by the benefit terms:

Town General Employees:

Retirees and Beneficiaries	45
Inactive, Nonretired Members	41
Active Members	67
Total	153

Police Employees:

Retirees and Beneficiaries	17
Inactive, Nonretired Members	1
Active Members	17
Total	35

Contributions - The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012, are required to contribute 1% of their salaries (2% if the employer opted to provide a COLA). General employees with more than 20 years of service as of June 30, 2012, are required to contribute 8.25%. Public safety employees are required to contribute 9% of their salaries (10% if the employer opted to provide a COLA). The Town of Glocester contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The Town of Glocester contributed \$356,084 to their general employees MERS plan in the year ended June 30, 2023, which was 10.23% of annual covered payroll and contributed \$341,006 to their Police employee MERS plan in the year ended June 30, 2023, which was 24.67% of annual covered payroll.

Net Pension Liability (Asset) - The total pension liability was determined by actuarial valuations performed as of June 30, 2021, and rolled forward to June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement.

12. RETIREMENT PLANS & POST EMPLOYMENT BENEFITS (Continued)

(a) Municipal Employees' Retirement System of Rhode Island

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2022 measurement date (June 30, 2021 valuation rolled forward to June 30, 2022)				
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.			
Amortization Method	Level Percent of Payroll - Closed			
Actuarial Assumptions				
Investment Rate of Return	7.00%			
Projected Salary Increases	General Employees - 3.25% to 7.25%; Police & Fire Employees - 4.0% to 14.0%			
Inflation	2.50%			
Mortality	Mortality - Variants of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP16.			
Cost of Living Adjustments	All future COLAs were assumed to be 2.1% per annum for all MERS units with the COLA provision.			

The actuarial assumptions used in the June 30, 2021 valuation rolled forward to June 30, 2022, and the calculation of the total pension liability at June 30, 2022 were consistent with the results of an actuarial experience study performed as of June 30, 2019 for the six-year period ended June 30, 2019 as approved by the System's Board on May 22, 2020.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 40 sources. The June 30, 2022, expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

12. RETIREMENT PLANS & POST EMPLOYMENT BENEFITS (Continued)

(a) Municipal Employees' Retirement System of Rhode Island

Asset Class	Long-Term Target Asset Allocation	Long-Term Expected Arithmetic Real Rate of Return
GROWTH		
Global Equity		
US Equity	24.30%	5.52%
International Developed Equity	11.10%	6.04%
Emerging Markets Equity	4.60%	7.83%
Sub-total	40.00%	
Private Growth		
Private Equity	12.50%	9.42%
Non-Core Real Estate	2.50%	4.80%
Sub-total	15.00%	
INCOME		
Equity Options	2.00%	5.25%
EMD (50/50 Blend)	2.00%	1.82%
Liquid Credit	3.00%	2.95%
Private Credit	3.00%	2.95%
Collateralized Loan Obligations (CLO)	2.00%	2.95%
Sub-total	12.00%	
STABILITY		
Crisis Protection Class		
Treasury Duration	5.00%	-0.44%
Systematic Trend	5.00%	3.33%
Sub-total	10.00%	
Inflation Protection		
Core Real Estate	4.00%	4.80%
Private Infrastructure	4.00%	5.65%
Sub-total	8.00%	
Volatility Protection		
IG Corp Credit	3.25%	1.18%
Securitized Credit	3.25%	1.18%
Absolute Return	6.50%	3.33%
Cash	2.00%	-0.44%
Sub-total	15.00%	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall medium-term expected rate of return best-estimate on an arithmetic basis.

Discount rate - The discount rate used to measure the total pension liability of the plans was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

\$697,090 is reported as deferred outflows of resources related to pensions resulting from the Town of Glocester contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent period.

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

(b) Defined Contribution Plan

Plan Description:

Certain employees participating in the defined benefit plan, as described above, also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute 1% of annual covered salary. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The Town of Glocester recognized pension expense of \$32,756 for the fiscal year ended June 30, 2023.

The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the system. The report may be obtained at http://www.ersri.org.

	EE contribution	ER contribution
ERS members		
ERS - Teachers - contribute to Social Security - less than 20 years of service at 7/1/2012	5%	1% to 1.5% depending on years of service
ERS - Teachers - do not contribute to Social Security - less than 20 years of service at 7/1/2012	7%	3% to 3.5% depending on years of service
ERS - Teachers - more than 20 years of service at 7/1/2012		lan contributions after July 1, 2015

12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

(c) Employees' Retirement System of Rhode Island

General Information about the Pension Plan

Plan description - Certain employees of the Glocester School Department participate in a cost-sharing multiple-employer defined benefit pension plan - the Employees' Retirement System plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides retirement and disability benefits and death benefits to plan members and beneficiaries.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersri.org.

Benefit provisions – The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire at September 30, 2009 may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of service and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than 5 years of service as of July 1, 2012. Members are vested after 5 years of service.

The plan provides for survivor benefits for service-connected death and certain lump sum death benefits. Joint and survivor benefit provision options are available to members.

Cost of living adjustments are provided but are currently suspended until the collective plans administered by ERSRI reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments are provided at four-year intervals commencing with the plan year ending June 30, 2016.

12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

(c) Employees' Retirement System of Rhode Island (continued)

The plan also provides nonservice-connected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

Contributions - The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the plan. For fiscal 2023, the Glocester School Department teachers were required to contribute 3.75% of their annual covered salary, except for teachers with twenty or more years of service as of June 30, 2012, must contribute 11% of their annual covered salary. The state and the Glocester School Department are required to contribute at an actuarially determined rate, 40% of which is to be paid by the state and the remaining 60% is to be paid by Glocester School Department; the rates were 111.12% and 15.04% of annual covered payroll for the fiscal year ended June 30, 2022 for the state and Glocester School Department, respectively. The Glocester School Department contributed \$735,248, \$683,586 and \$645,791, for the fiscal years ended June 30, 2023, 2022 and 2021, respectively, equal to 100% of the required contributions for each year. The state's share of the contribution for fiscal 2023 was \$482,062 and is reported as on-behalf payments and are included in both revenue and expenditures on the financial statements.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2023, the Glocester School Department reported a liability of \$6,311,989 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the state. The amount recognized by the Glocester School Department as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the Glocester School Department were as follows:

Glocester School Department's proportionate share	
of the net pension liability	\$ 6,311,989
State's proportionate share of the net pension	
liability associated with the Glocester School Department	4,668,160
Total net pension liability	\$ 10,980,149

The net pension liability was measured as of June 30, 2022, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021, rolled forward to June 30, 2022. The Glocester School Department's proportion of the net pension liability was based on a projection of the Department's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the state, actuarially determined. At June 30, 2022 the Glocester School Department's proportion was .23371516%.

RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

(c) Employees' Retirement System of Rhode Island (continued)

For the year ended June 30, 2023, the Glocester School Department recognized gross pension expense of \$708,076 and revenue of \$327,741 for support provided by the State. At June 30, 2023 the Glocester School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred outflows of resources:	
Difference between expected	
and actual experience	\$ 93,488
Change of Assumptions	127,304
Changes in proportion and	
differences between employer	
contributions and proportionate	
share of contributions	212,082

Total	1,168,122
Deferred inflows of resources: Differences between actual and expected and actual experience	\$ 122,768
Change of Assumptions	94,634
Net difference between projected	
and actual investment earnings	132,071
Changes in proportion and	
differences between employer	
contributions and proportionate	
share of contributions	134,117
Total	\$ 483,590

12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

(c) Employees' Retirement System of Rhode Island

\$735,248 reported as deferred outflows of resources related to pensions resulting from the Glocester School Department's contributions in fiscal year 2023 subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2024	\$ (44,925)
2025	(107,706)
2026	(167,121)
2027	218,739
2028	34,087
thereafter	16,210
	\$ (50,716)

Actuarial Assumptions - the total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.5%

Salary increases 3.0% to 13.0%

Investment rate of return 7.0%

Mortality – Variants of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP16.

The actuarial assumptions used in the June 30, 2021, valuation rolled forward to June 30, 2022, and the calculation of the total pension liability at June 30, 2022 were consistent with the results of an actuarial experience study performed as of June 30, 2019 for the period ended June 30, 2019 as approved by the System's Board on May 22, 2020.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 40 sources. The June 30, 2022, expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

(c) Employees' Retirement System of Rhode Island

Asset Class	Long-Term Target Asset Allocation	Long-Term Expected Arithmetic Real Rate of Return
GROWTH		
Global Equity		
US Equity	24.30%	5.52%

Treasury Duration	5.00%	-0.44%
Systematic Trend	5.00%	3.33%
Sub-total	10.00%	
Inflation Protection		
Core Real Estate	4.00%	4.80%
Private Infrastructure	4.00%	5.65%
Sub-total	8.00%	
Volatility Protection		
IG Corp Credit	3.25%	1.18%
Securitized Credit	3.25%	1.18%
Absolute Return	6.50%	3.33%
Cash	2.00%	-0.44%
Sub-total	15.00%	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount rate - the discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

(c) Employees' Retirement System of Rhode Island

Sensitivity of the net pension liability (asset) to changes in the discount rate - the following presents the net pension liability (asset) calculated using the discount rate of 7.0 percent as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

1.00% Decrease		Curi	ent Discount	1.00% Increase		
(6.0%)		R	Rate (7.0%)		(8.0%)	
\$	7,918,909	\$	6,311,989	\$	4,851,922	

Pension plan fiduciary net position - detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

(d) Teachers Survivor's Benefit Plan

General Information about the Pension Plan

Plan description - Certain employees of the Glocester School Department participate in a cost-sharing multiple-employer defined benefit pension plan - the Teachers' Survivors Benefit plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides a survivor benefit to public school teachers in lieu of Social Security since not all school districts participate in Social Security.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersri.org.

Eligibility and plan benefits - the plan provides a survivor benefit to public school teachers in lieu of Social Security since not all school districts participate in the plan. Specific eligibility criteria and the amount of the benefit is subject to the provisions of Chapter 16-16 of the Rhode Island General Laws which are subject to amendment by the General Assembly. Spouse, parents, family, and children's benefits are payable following the death of a member. A spouse shall be entitled to benefits upon attaining the age of sixty (60) years. Children's benefits are payable to the child, including a stepchild or adopted child of a deceased member if the child is unmarried and under the age of eighteen (18) years or twenty-three (23) years and a full-time student, and was dependent upon the member at the time of the member's death. Family benefits are provided if at the time of the member's death the surviving spouse has in his or her care a child of the deceased member entitled to child benefits. Parents benefits are payable to the parent or parents of a deceased member if the member did not leave a widow, widower, or child who could ever qualify for monthly benefits on the member's wages and the parent has reached the age of 60 years, has not remarried, and received support from the member.

12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

(d) Teachers Survivor's Benefit Plan

In January, a yearly cost-of-living adjustment for spouse's benefits is paid and based on the annual social security adjustment.

Survivors are eligible for benefits if the member has made contributions for at least six months prior to death or retirement.

The TSB plan provides benefits based on the highest salary at the time of retirement of the teacher. Benefits are payable in accordance with the following table:

	Bas	Basic Monthly		
	S	pouse's		
Highest Annual Salary]	Benefit		
\$17,000 or less	\$	825.00		
\$17,001 to \$25,000	\$	962.50		
\$25,001 to \$33,000	\$	1,100.00		
\$33,001 to \$40,000	\$	1,237.50		
\$40,001 and over	\$	1,375.00		

Benefits payable to children and families are equal to the spousal benefit multiplied by the percentage below:

Parent and 1	Parent and 2 or	One child alone	Two children	Three or more	Dependent
child	more children	One child alone	alone	children alone	parent
150%	175%	75%	150%	175%	100%

Contributions - The contribution requirements of active employees and the participating school districts were established under Chapter 16-16 of the Rhode Island General Laws, which may be amended by the General Assembly. The cost of the benefits provided by the plan are two percent (2%) of the member's annual salary up to but not exceeding an annual salary of \$11,500; one-half (1/2) of the cost is contributed by the member by deductions from his or her salary, and the other half (1/2) is contributed and paid by the respective school district by which the member is employed. These contributions are in addition to the contributions required for regular pension benefits.

The Glocester School Department contributed \$6,462, \$6,484, and \$6,181, for the fiscal years ended June 30, 2023, 2022 and 2021, respectively, equal to 100% of the required contributions for each year.

12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

(d) Teachers Survivor's Benefit Plan

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2023 the Glocester School Department reported an asset of \$1,508,176 for its proportionate share of the net pension asset related to its participation in TSB. The net pension asset was measured as of June 30, 2022, the measurement date, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of June 30, 2021, rolled forward to June 30, 2022. The Glocester School Department's proportion of the net pension asset was based on its share of contributions to the TSB for fiscal year 2021 relative to the total contributions of all participating employers for that fiscal year. At June 30, 2022 the proportion was 0.85823948%.

For the year ended June 30, 2023, the Glocester School Department recognized pension expense credit of \$161,014 – an increase in the net pension asset. At June 30, 2023 the Glocester School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred Outflows of resources	
Differences between expected	
and actual experience	\$ 37,062
Changes in assumptions	36,647
Changes in proportion and differences	
between employer contributions and	
proportionate share of contributions	74,722

Total	\$ 356,737
	•

12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

(d) Teachers Survivor's Benefit Plan

\$6,462 reported as deferred outflows of resources related to pensions resulting from the Glocester School Department contributions in fiscal year 2023 subsequent to the measurement date will be recognized as an addition to the net pension asset in the subsequent period. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2024	(49,249)
2025	(67,314)
2026	(72,400)
2027	30,329
2028	(26,838)
Thereafter	(22,834)
	(208,306)
· ·	

Actuarial Assumptions - the total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50%

Salary increases 3.0% to 13.0%

Investment rate of return 7.0%

Mortality – Variants of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP16.

Cost of living adjustment – eligible survivors receive a yearly cost of living adjustment based on the annual social security adjustment – for valuation purposes, a 2.5% cost of living adjustment is assumed.

The actuarial assumptions used in the June 30, 2021, valuation and the calculation of the total pension liability at June 30, 2022 were consistent with the results of an actuarial experience study performed as of June 30, 2019 for the six-year period ended June 30, 2019 as approved by the System's Board on May 22, 2020.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 40 sources. The June 30, 2022, expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall medium-term expected rate of return best-estimate on an arithmetic basis.

12. RETIREMENT PLANS & POST EMPLOYEMENT BENEFITS (Continued)

(d) Teachers Survivor's Benefit Plan

Discount rate - the discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability (asset) to changes in the discount rate - the following presents the net pension liability (asset) calculated using the discount rate of 7.0 percent as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

		Current Discount Rate (7.0%)	1	.00% Increase (8.0%)	
\$	(1,323,942)	\$	(1,508,176)	\$	(1,675,564)

Pension plan fiduciary net position - detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

13. CONTINGENT LIABILITIES

Grants

Under the terms of federal and state grants, periodic compliance audits by the grantors or their representatives are required and, consequently, certain costs may be questioned as not being appropriate, and result in reimbursement to the grantor agencies. The amount, if any, of expenditures which may be disallowed by the granting agencies could not be determined at this time. Town officials believe that such disallowances, if any, would not be material.

Self-Insurance

The Town has elected to pay unemployment compensation on a claims-made basis rather than as a percentage of payroll. No accrual has been made for claims expected to arise from service related to fiscal 2021 because Town officials are of the opinion that any claims relating to this period will be immaterial.

Litigation

The Town is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Town's attorneys, the resolution of these matters will not have a materially adverse effect on the financial condition of the Town.

14. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS

OPEB Trust (the Trust)

Plan Description

The Town of Glocester has established an irrevocable exclusive benefit trust solely to fund retiree health care benefits. The OPEB trust fund has been established in accordance with Section 115 of the Internal Revenue Code. Eligible town employees are town clerks, town police, and town non-contract employees. The benefit provisions and further eligibility conditions are as listed on subsequent sections of this note.

At this time school certified and non-certified employees are not part of the plan. It is expected the consideration of an irrevocable trust for this group will be passed in the near future.

The cost of postemployment health care benefits, like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in future years when it will be paid. The Town adopted the requirements of GASB No. 75 Accounting for Postemployment Benefit Plans Other than Pension Plans during the year ended June 30, 2023 and recognizes the cost of postemployment healthcare in the year when the employee services are rendered, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the Town's future cash flows.

Summary of Significant Accounting

Benefit Provisions and Contributions

Funding Policy

The town currently provides OPEB benefits on a pay as you go plan. Annual appropriations are made in the budget. Past practice has been that funds not spent in the year appropriated are assigned for the intended use of post-employment future costs. The town will continue with this practice until such time as the plan is fully funded. Contractual language dictates those employees eligible for such benefits. The terms and conditions vary with each group.

14. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Benefit Provisions and Contributions

The Town offers individual or family health insurance to its retirees. Employees vest for OPEB when they vest for pension benefits. Employees can choose individual or family health coverage when they are actively employed. These benefits are described by employee group:

School -Teachers and Administrators

Eligibility: If vested prior to July 1, 2005, with 28 years of service or at age 60 with 10 years of contributing service. If vested after July 1, 2005, at age 59 with 29 years of service or at age 62 (receiving Social Security) with 10 years of service. Benefits cease at age 65 or when the retiree is eligible for Medicare, whichever occurs first. Employees hired after July 10, 2010, are not eligible.

Plan Type: Medical – HealthMate.

Teachers: Benefit/Cost Sharing

- a) Individuals who retired before 7/1/2006 do not contribute.
- b) Individuals who retired on or after 7/1/2006, but before 7/1/2010, pay \$600 annually for single coverage.
- c) Individuals who retired after 7/1/2010, but prior 7/1/2011, pay 20% of the cost of a single plan up to a maximum of \$1,296 for each year of coverage
- d) Individuals who retire after 7/1/2011, but prior to 7/1/2012, pay 20% of the cost of a single plan up to a maximum of \$1,400 for each year of coverage
- e) Individuals who retire on or after 7/1/2012 pay the same co-payment of medical insurance premiums as then current employees for each year of coverage up to a maximum of six years.

School - Educational Support

Eligibility: Employees with 10 years of service who have reached age 60. Benefits cease at age 65 or when the retiree is eligible for Medicare, whichever occurs first. New hires after January 1, 2009 are not eligible.

Plan type: Medical HealthMate, Dental: RI Delta Dental

Benefit/Cost Sharing: For employees retired as of January 1, 2009, the Town of Glocester School Department pays 100% of the premium cost of individual coverage until the retiree reaches age 65 or is eligible for Medicare, whichever comes first. Employees retiring after January 1, 2009, pay the same copayment as current employees until Medicare eligible.

14. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Benefit Provisions and Contributions

Town - Clerks

Eligibility: Employees with 10 years of service who have reached age 62. Benefits cease at age 65 or when the retiree becomes eligible for Medicare, whichever occurs first. New hires after December 15, 2011, are ineligible.

Plan type: - Medical - Healthmate

Benefit/Cost Sharing: The Town pays 100% of the premium cost of individual medical care coverage until the retiree reaches age 65 or is eligible for Medicare, whichever occurs first.

Town - Police

Eligibility: Members hired before July 1, 2001, must have at least 20 years of service. Members hired after July 1, 2001, must have 25 years of service. Benefits cease at age 65 or when the retiree becomes eligible for Medicare, whichever occurs first. If the spouse becomes eligible for Medicare or reaches age 65 before the retiree, the retiree continues to be eligible for coverage.

Plan type: Medical - Healthmate

Dental - Rhode Island Delta Dental

Benefit/Cost Sharing: The Town pays 100% of the premium cost of individual medical care and dental coverage until the retiree reaches age 65 or is eligible for Medicare, whichever occurs first.

Town - Non-contract

Eligibility: Employees with 10 years of service who have reached age 62. Benefits cease at age 65 or when the retiree becomes eligible for Medicare, whichever occurs first. New hires after July 1, 2009, are not eligible.

Plan type: Healthmate

Benefit/Cost Sharing: The Town pays 100% of the premium cost of individual medical care coverage until the retiree reaches age 65 or is eligible for Medicare, whichever occurs first.

14. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Benefit Provisions and Contributions

All Employee Groups

Retirees can purchase health insurance for their spouses at their own expense. The Plan does not provide a "surviving spouse benefit" for any of its Plan members.

Classes of Employees Covered

As of July 1, 2021, membership data was as follows.

Active Employees 82
Retirees 16
Total Plan Members 98

Plan Description

Plan administration: The Town of Glocester administers the Glocester Retiree Benefits Plan (OPEB) - a single employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for all permanent full-time general and public safety employees of the Town.

Benefits provided: For Town and public safety employees, the Town provides 100% of the medical and dental premium cost of individual health care coverage until they are Medicare eligible. For teachers who retired prior to July 1, 2006 the Town pays 100% of the medical premium costs of the individual health care coverage. For those who retired on or after July 1, 2006 but before July 1, 2010 the retiree contributes \$600 annually for the costs of individual medical coverage. For those teachers who retired on or after July 1, 2010 but before July 1, 2011 the retiree contributes 20% of the cost of individual coverage, up to a maximum of \$1,296 annually. For those teachers who retired on or after July 1, 2011 but before July 1, 2012, the retiree contributes 20% of the cost of individual coverage, up to a maximum of \$1,400 annually. For those teachers who retired on or after July 1, 2012 the retiree contributes the same amount as they were contributing during their final year of service for coverage up to a maximum of six years. For educational support staff who retired prior to July 1, 2009 the Town pays 100% of the premium cost of the individual health care coverage until they are Medicare eligible. For those staff who retired on or after July 1, 2009 the retiree contributes the same amount as they were contributing during their final year of service until they are Medicare eligible. Benefits are provided through a third-party insurer.

Contributions: The Town charter grants the authority to establish and amended the contribution requirements of the Town and plan members to the Trustees. The Board establishes rates based on an actuarially determined rate.

14. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Investments

Investment policy: The Board's policy in regard to the allocation of invested assets is established and may be amended by the Board by a majority vote of its members. It is the policy of the Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The Board's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of June 30, 2023:

Rate of Return: For the year ended June 30, 2023, the annual money-weighted rate of return on investments, net of investment expense, was 9.35%. The money-weighed rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net OPEB Liability of the Town

The components of the net OPEB liability of the Town at June 30, 2023, were as follows:

Total OPEB liability	\$ 2,031,442
Plan fiduciary net position	(533,973)
Town's net OPEB liability	\$ 1,497,469

Plan fiduciary net position as a percentage of the total OPEB liability 26.29%

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best arithmetic real rates of return for each major asset class are summarized in the following table:

		Target
Asset Class		Allocation
US Equity	_	22.00%
Non-US Equity		14.00%
US Aggregate Bonds		23.00%
Non-US Bonds		15.00%
Intermediate-Term Credit		14.00%
Short-Term Credit		8.00%
REITs		4.00%
Total		100.00%

14. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Actuarial assumptions: The total OPEB liability was determined by an actuarial valuation as of June 30, 2023, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Summary of Actuarial Assumption	ns Used in the Valuations to determine the Net OPEB Liability at the June 30, 2023 measurement date
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percent of Payroll
Equivalent Single Remaining Amortization Period	25 Years
Actuarial Assumptions	
Investment Rate of Return	6.00%
Healthcare Trend Rates	6.5% initially, grading down to 4.50% in 2026
Payroll Growth	2.50%
Discount rate	4.53%
Projected Salary Increases	3.50% annually
Inflation	2.10% annually
Average assumed Retirement Age	64
Participation Rate	It is assumed 100% of current active employees would enroll
Mortality	RPH-2014 Headcount-Weighted fully generational mortality table with projection scale MP-2021.

Discount Rate

The discount rate used to measure the Town's total OPEB liability was 4.53%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plans fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

16. FOSTER-GLOCESTER REGIONAL SCHOOL DISTRICT

The Foster-Glocester Regional School District (Regional School) was created to include the high school (Grades 9-12) and middle schools (Grades 6-8) for the Towns of Foster and Glocester (the Towns). The Regional School is a separate legal entity from the Towns. The voters of the participating Towns elect their respective School Committee members who are also ex-officio School Committee members for the Regional School District. The Regional School cannot assess and levy property taxes. Revenues are derived principally from the participating Towns of the Regional School, which contribute funds according to a financial formula based upon each Town's enrollment and from the State of Rhode Island. The Town of Glocester's budgeted contribution for the fiscal year ended June 30, 2023, was \$11,303,773. Financial statements for the Regional School are issued separately and may be obtained from the Foster-Glocester Regional School District Business Office, Central Administration Office, 91 Anan Wade Road, North Scituate, Rhode Island 02857.

17. RISK MANAGEMENT

The Town of Glocester and Glocester School Department are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors; omissions; injuries to employees; and natural disasters. As a result, the Town and School Department participate in a non-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) which provides coverage for property/liability claims and workers' compensation claims. Upon joining the Trust on October 1, 1986, the Town and School Department signed a participation agreement which outlines the rights and responsibilities of both the Trust and the Town and School Department. The agreement states that for premiums paid by the Town or School Department, the Trust will assume financial responsibility for the losses up to the maximum amount of insurance purchased, minus the deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims for losses that are above the Trust's self-insured retention. Under the participation agreement, the Town is insured for general liability for a maximum of \$5,000,000 per occurrence and the School Department for a maximum of \$3,000,000 per occurrence. There have been no reductions in insurance coverage from coverage in the previous year. Settled claims resulting from these risks have not exceeded the Trust Coverage.

The Trust is obligated to make payments on the Town's behalf without any further obligation of the Town, unless the Town's applicable limit of liability was exhausted by the size of the loss or the nature of the loss would fall outside the parameters of the Trust policy. As of June 30, 2023, the Town believes there is minimal, if any, potential exposure for outstanding claims which would fall outside the parameter of the Trust policy.

18. INTERFUND TRANSFERS

Transfers are made to provide revenue for annual expenditures of various funds. Transfers are not expected to be repaid to the originating (source) fund. Listed below is the transfer activity for fiscal year ended June 30, 2023.

Governmental Activities

	Transfers i	in Transfers out
Major Funds		
General Fund	\$	- \$ 8,987,227
School Unrestricted Fund	7,787,3	367 263,885
Capital Projects Fund	789,7	- 745
Capital Reserve-Major Fund	1,443,7	745 789,745
Non-Major Funds	20,0	- 000
Total Governmental Activities	\$ 10,040,8	\$ 10,040,857

19. LANDFILL POSTCLOSURE CARE COSTS

The Rhode Island Department of Environmental Management (RIDEM) has identified the Town's former landfill located off Chestnut Hill Road as a Site Remediation Program. RIDEM performed a Site Investigation in April 2005 and issued their report in May 2005.

The Town complied with RIDEM's remediation requirements by capping the landfill with two feet of clean fill and subsequently stabilizing it by planting grass. A plastic membrane was not deemed necessary. The work on the project is complete. The total cost was \$246,000. RIDEM has reviewed the Closure Certification Report and determined that it is in substantial compliance with Rule 2.1.09(C) of the Solid Waste Regulation NO.2.

RIDEM regulations require that post-closure monitoring be performed for a period of at least 30 years after the landfill is closed. Monitoring consists of analyzing groundwater samples and measuring landfill gas levels. Other tasks required are mowing the grass twice per year and field inspections to ascertain whether erosion is occurring and that no trees are growing. Annual monitoring is expected to cost \$9,700 per year. Actual costs may be higher due to inflation, changes in technology or changes in regulation. After the first few years of monitoring following final acceptance, the Town will request that RIDEM relax these requirements if monitoring results are in substantial compliance with the regulations. The Town has landfill post closure care costs as follows:

			Capping	Mon	itoring							
	Town	Year of	Cost	C	osts	Years	P	rojected	Shor	t-Term	Lo	ng-Term
_	Landfill	Closure	(Estimate)	(Est	imate)	Remaining]	Liability	Lia	bility	L	iability
(Chestnut											
I	Hill Rd.	1979	\$ -	\$	9,700	16	\$	164,900	\$	9,700	\$	155,200

20. SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

Federally Assisted Programs - Compliance Audits

The Town participates in several federal awards programs. These programs, through the year ended June 30, 2023, were audited in connection with the accompanying financial statements under the Single Audit Concept and the auditors' reports thereon are presented in the Single Audit Section of this report. The amount, if any, of expenditures that may be disallowed is not assumed to be material to the financial position of the Town.

NOTE 21 – PRIOR PERIOD ADJUSTMENT

In the Government-Wide financial statements the beginning Net Position has been restated by \$140,519 to reflect unidentified prior years construction in progress and added to new capital assets reflected in this current year.

22. SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 19, 2024, the date the financial statements were available to be issued. As a result of this review no material subsequent events were noted.

Excess of revenues and other sources over expenditures and other uses	
(Non-GAAP Budgetary Basis)	\$ 24,518
Fund balance reappropriated	(981,476)
Excess of revenues and other sources over expenditures and other uses	
(GAAP)	\$ (956,958)

The adjustments necessary to reconcile actual revenues reported on a budgetary basis to actual revenues reported in accordance with generally accepted accounting principles are as follows:

A reconciliation of the School Unrestricted Fund's revenues and expenditures and other financing sources (uses) is presented below.

		Revenues	Expenditures
	a	nd Transfers	and Transfers
School Unrestricted Fund:		_	
Schedule of Revenues, Expenditures and Other Financing Sources			
(Non-GAAP Budgetary Basis) Budget and Actual	\$	11,211,107	\$ 11,186,589
Fund balance reappropriated		(981,476)	-

Schedule of Investment Returns Last 10 Fiscal Years Glocester OPEB Plan

Fiscal Year Ending June 30,

_	2023	2022	2021	2020	2019	2018	2017	2016	2015	2014
Annual money-weighted rate of return, net of investment expense	9.35%	-12.59%	16.07%	6.53%	6.97%	4.10%	N/A	N/A	N/A	N/A

The money-weighted rate of return considers the changing amounts actually invested during a period and weights the amount of OPEB plan investments by the proportion of time they are available to earn a return during that period.

^{1.)} This schedule is intended to show information for 10 years - additional years will be displayed as they become available.

TOWN OF GLOCESTER, RHODE ISLAND Notes to Required Supplementary Information June 30, 2023

NOTE 1 – Pension Plans State of Rhode Island ERS (Teacher), MERS and TSB Plans

Schedule of Proportionate Share of the Net Pension Liability (Asset)

- The amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year end.
- The schedules are intended to show information for 10 years additional years will be displayed as they become available.
- Employers participating in the State Employee's Retirement System are required by RI General Laws, Section 36-10-2, to contribute an actuarially determined contribution rate each year.
- Employers participating in the Municipal Employee's Retirement System are required by RI General Laws, Section 45-21-42, to contribute an actuarially determined contribution rate each year.
- Employers participating in the Teachers' Survivors Benefit Plan contribute at a rate established by RI General Laws, Section 16-16-35.

June 30, 2022, measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2022, measurement date compared to the June 30, 2021, measurement date.

June 30, 2021, measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2021, measurement date compared to the June 30, 2020, measurement date.

June 30, 2020, measurement date -

As part of the 2020 Actuarial Experience Study for the six-year period ending June 30, 2019, as approved by the System Board on May 22, 2020, certain assumptions were modified and reflected in the determination of net pension liability (asset) at the June 30, 2020, measurement date. The following summarizes the more significant changes in assumptions:

- Updated the underlying mortality tables from the RP-2014 set of tables to the public sector-based PUB (10) tables.
- Increased slightly the probabilities of turnover.
- Decreased slightly the probabilities of retirement.
- Modified slightly the probabilities of disability, including adding material incidence of disability
 for members in the age ranges that historically have been eligible to retire but under prospective
 provisions are not.

June 30, 2019, measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2019, measurement date compared to the June 30, 2018, measurement date.

TOWN OF GLOCESTER, RHODE ISLAND Notes to Required Supplementary Information June 30, 2023

June 30, 2018, measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2018, measurement date compared to the June 30, 2017, measurement date.

TOWN OF GLOCESTER, RHODE ISLAND

Notes to Supplementary Information Annual Supplemental Transparency Report (MTP2) June 30, 2023

NOTE 1. Basis of Presentation

The Annual Supplemental Transparency Report (MTP2) is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the audit report is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location.

The format of the Annual Supplemental Transparency Report (MTP2) was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

NOTE 2. Reportable Government Services

Data consistency and comparability are among the key objectives of the State's Municipal Transparency portal. Consistent with that goal, the State has defined "reportable government services", RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality's general fund. The *Annual Supplemental Transparency Report (MTP2)* includes a reconciliation to the fund level statements.

NOTE 3. Allocations

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the Town's budget and accounting system. To report these costs, the Town's made allocations of costs to the State's departmental groupings based on a reasonable basis.

NOTE 4. Employee Groups - Compensation and Benefit Costs

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefits costs are reported in the following employee groupings:

Group A: This group consists of employees who serve the primary function of the department.

- Police Department police officers (e.g., uniform personnel including, leadership positions)
- Fire Department fire fighters (e.g., uniform personnel including, leadership positions)
- Centralized Dispatch Department civilian dispatchers only
- Education Department professional staff providing direct services to students

TOWN OF GLOCESTER, RHODE ISLAND

Notes to Supplementary Information Annual Supplemental Transparency Report (MTP2) June 30, 2023

• For the remaining departments - all employees' compensation and benefits are reported under Group A

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other post-employment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

NOTE 5. Education Revenue and Expenditures

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: http://www.municipalfinance.ri.gov/.

STATISTICAL SECTION

This part of the Town of Glocester, Rhode Island's Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the governments overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the governments most significant local revenue source, property taxes.

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

TOWN OF GLOCESTER, RHODE ISLAND SINGLE AUDIT FOR THE YEAR ENDED JUNE 30, 2023

DAMIANO & COMPANY, LLP

Certified Public Accountants

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Town Council Town of Glocester, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Glocester, Rhode Island as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town of Glocester's basic financial statements, and have issued our report thereon dated February 19, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Town of Glocester's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Glocester's internal control. Accordingly, we do not express an opinion on the effectiveness of Town of Glocester's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Glocester's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts,

and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Town Council Town of Glocester, Rhode Island

Report on Compliance for the Major Federal Program

Opinion on Each Major Federal Program

We have audited the Town of Glocester's compliance with the types of compliance requirements, identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Town of Glocester, Rhode Island's major federal programs for the year ended June 30, 2023. The Town of Glocester's major federal programs for the year ended June 30, 2023. The Town of Glocester, Rhode Island's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Town of Glocester, Rhode Island's complied, in all material respects, with the types of compliance requirements referred to above that could have a material effect on each of its major federal programs for the year ended June 30, 2023.

Basis of Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Town of Glocester, Rhode Island and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Town of Glocester, Rhode Island's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Town of Glocester, Rhode Island's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town of Glocester, Rhode Island's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town of Glocester, Rhode Island's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town of Glocester, Rhode Island's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Town of Glocester, Rhode Island's internal control over compliance relevant
 to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report
 on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of
 expressing an opinion on the effectiveness of the Town of Glocester, Rhode Island's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

TOWN OF GLOCESTER, RHODE ISLAND Notes to Schedule of Expenditures of Federal Awards June 30, 2023

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal grant activity of the Town of Glocester, Rhode Island under programs of the federal government for the year ended June 30, 2023. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of the Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Town of Glocester, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Town of Glocester, Rhode Island.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of the Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 - Indirect Cost Rates

The Town of Glocester has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance when applicable.

NOTE 4 - Non-Cash Assistance

U.S.D.A. Contributions: The United States Department of Agriculture makes available commodities for donations to schools. The amount of \$582 represents the market value of such commodities used during the period.
