# Town of Scituate Rhode Island

THEODORE J. PRZYBYLA TOWN TREASURER

P.O. BOX 127 NORTH SCITUATE, RI 02857 (401) 647-2547

To the Honorable President and Members of the Town Council Scituate, Rhode Island

The Comprehensive Annual Financial Report of the Town of Scituate, for the fiscal year ended March 31, 2020, is submitted herewith as mandated by state statutes. State laws require that all local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) within six months of the close of each fiscal year. This report was prepared by the Treasurer's Office. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including disclosures, rests with the Town. We believe the information, as presented, is accurate in all material aspects: that it is presented in a manner designed to fairly set forth the financial position and results of operations of the Town as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain adequate understanding of the Town's financial affairs have been included.

The Town is required to undergo an annual Single Audit in conformance with the provisions of the Single Audit Act of 1996 and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The Schedule of Expenditures of Federal Awards and Independent Auditors' Report on the internal control structure and compliance with laws and regulations are included in the Single Audit Section of this report.

#### **GENERAL**

The Town was established in 1636 and incorporated separately on February 20, 1730. It contains an area of fifty-five square miles and is located approximately eight miles west of Providence, Rhode Island.

The Scituate reservoir and its tributary ponds and streams extend throughout most of the area. The water resources are owned by the City of Providence, which maintains them and the attendant watershed in such attractive condition that much of the Town's area has the appearance of a natural park. The convenient location and general attractiveness have induced a considerable number of executives employed in Providence and other nearby communities, to establish residence in the Town.

By design, the Town has remained residential in character. Except for one manufacturer, businesses are almost entirely of the service type.

Approximately forty percent (42.6%) of the Town area is owned by the City of Providence and is employed in the collection and storage of water. This property was acquired by an act of the State of Rhode Island (the "State") legislature that provided the land could be used for water supply purposes only. This huge reservoir is so well engineered and controlled that it has never posed a flood threat. For its land and improvements thereon, the City of Providence currently pays the Town of Scituate an annual amount that represents approximately 23.2% of the Town's total tax levy. Under legislation adopted by the General Assembly, the amount of taxes and manner for determining that amount may be renegotiated for a period not exceeding ten years. The Town of Scituate and the City of Providence negotiated a new agreement establishing the annual tax payment from January 1, 2020 through December 31, 2029.

#### Government

The Town of Scituate is a municipal corporation operating under the General Laws of Rhode Island and as such utilizes the Town Council form of government. The Town Council consists of 7 elected members headed by a Town Council President. Town Council members are elected at large for a term of two years. The Town Council has the responsibility of managing the affairs of the Town and submits a detailed budget of its estimated expenditures and revenues for each fiscal year to the voters at an annual Financial Town Meeting, after a series of public hearings held by the Budget Committee. During public meetings, the Budget Committee will review the proposed annual budgets prepared by each department and will compile a recommended annual budget to the Town Council.

#### **Education**

The public school system of the Town consists of one senior high school, one middle school and three elementary schools. A five-member School Committee that is elected at-large at the regular biennial elections for four-year term directs the general administration of the Scituate School Department. The School Committee determines and controls all policies affecting the administration, maintenance, and operation of the public schools in the Town. The School Committee appoints a Superintendent as its chief administrative agent; submits a budget of expenditures and revenues to the Budget Committee and ultimately to the voters at an annual Financial Town Meeting and, once the school budget is approved, determines the allocation of the amount appropriated. The school enrollment for September 1, 2020 is 1,226. The cost per student was \$18,956 shared by the Town and the State of Rhode Island in the form of School Operation Aid. The cost of operating the Town's school system for the fiscal year ended March 31, 2020 was \$23,243,994 and \$23,988,949 has been budgeted for fiscal year ending March 31, 2021.

Student enrollment per the Scituate School Department for the past ten years has been and is projected to be as follows:

Fiscal Year	
<u>Ending</u>	<b>Enrollment</b>
Actual	
2011	1,660
2012	1,538
2013	1,503
2014	1,448
2015	1,422
2016	1,367
2017	1,305
2018	1,287

Projected	
2021	1,244
2022	1,258
2023	1,275

Projections revised NESDC and Scituate School Department

#### **Municipal Services**

In addition to its schools, the Town provides many other major public services, which are described below:

#### Rubbish and Garbage Collection

Curbside rubbish and garbage collection are made weekly by the Town. Recycling is picked up on a bi-weekly basis. Residents have been issued 64 gallon rolling recycling containers to encourage maximum recycling efforts. The recycling contractor is diligent about only accepting items eligible for recycling.

#### Police Department

The Scituate Police Department has a force of 17 full-time sworn officers and 8 civilians, for a total complement of 25 employees. Over the last several years, the Scituate Police department has shifted its emphasis from a traditional law enforcement role to a more proactive, community-oriented policing style to better serve the community. We will continue to be partners with the community, for it is by working together that we will solve community problems, increase operational effectiveness, and maintain a high quality of life for all residents of the Town of Scituate. The Scituate Police Department will continue in the direction to maintain a high level of professionalism. We build on the success of the past and continue to grow as a transparent, responsive, and people oriented police department.

In addition to the sworn officers and civilian staff, there are 2 Animal Control Officers. The Animal Control Department operates the Scituate Animal Shelter, which is open five days per week. The Animal Control officers enforce the animal ordinances of the Town of Scituate and Foster. In fiscal 2020 the Police Department expended \$2,219,597 and Animal Control spent \$128,147. The fiscal 2021 budget is \$2,283,602 for Police and \$133,595 for Animal Control.

#### Fire Protection

The Scituate Fire Department is comprised from four separate independent fire districts each with one station. With their volunteer and on-call staff, they provide the Town with 24/7 coverage for all hazards and fire suppression. The stations are located on Danielson Pike in North Scituate; Main Street, Hope; Route 102, Chopmist; and Tunk Hill Road in Potterville. Apparatus and equipment include pumpers, tankers, a ladder truck, heavy rescues, brush trucks and rescues. The Department expended \$1,247,446 in fiscal 2020 and \$1,276,392 is budgeted for fiscal 2021.

#### **Emergency Management Services**

The Town has an Emergency Management Office located at 195 Danielson Pike, North Scituate. A contracted, part-time EMA Director staffs this office. Responsibilities include maintaining and updating the Town's Emergency Operation Plan, Hazard Mitigation Plan and the Town's Emergency Operations Center.

The office initiates vulnerability assessments, resource allocations and provides the coordination of assets during natural disasters or large-scale incidents. The EMA Director will act as the liaison with State and Federal agencies to acquire specialized equipment or obtain funding for prevention or to mitigate hazards following disasters.

The Director also acts as the Coordinator for the Town's emergency resources from both the Fire and Police Departments during State of Emergency events and provides direct oversight to the Town's Community Emergency Response Team (CERT) and its Operations Manager.

#### **Emergency Medical Services**

The Town's School Department services the School Health Program. The Emergency Medical Services are provided by the fire departments at the Advance Life Support level. The Hope-Jackson and

North Scituate stations maintain a 24/7 paid rescue system and the Potterville station maintains an all-volunteer rescue 12/7.

#### Senior Services Center

The Scituate Senior Services Department provides senior programing for the elders of the town seven days a week through enhancing, enriching and educating the elders of the community while utilizing virtual programming. The Senior Services Department acts as a resource for elders and families to liaison among the state and federal agencies supporting elders. The department is run with one full time director and four part-time staff. The department is able to provide transportation to all elders of the community with two transit buses and two minivans. The Scituate Senior Services department is a standalone building located at 1315 Chopmist Hill Road with acreage for outdoor recreation. The Senior Services Department has suspended the meal site operations due to Covid-19. The department currently delivers all meals, which are federally funded by the Title III grant to each elder's residence. In fiscal 2020 the Senior Services Department expended \$151,430 which included \$19,893 for vehicle capital; \$139,370 is budgeted for fiscal 2021.

#### Public Works, Sewers and Water

The Town's Public Works Department maintains the Town's property including highways, public buildings and recreational facilities. The Department expended \$1,997,096 in fiscal 2020 and the fiscal 2021 budget is \$2,608,476. This budget includes payments for care of trees, cemetery care, rubbish and recycling pickup. There are no sanitary sewers in the Town. The Department also maintains an extensive storm-water drain system on municipally owned roadways. The majority of town residents draw water from private wells and a small number of residents are served by a public water supplier (Kent County Water Authority).

#### Libraries

There are two public libraries in the Town of Scituate; North Scituate Library and Hope Library, primarily supported by the Town appropriation and State Aid. The libraries' fiscal 2020 appropriation was \$504,500 from the Town and \$79,119 from State Aid. The fiscal 2021 total Town and State Aid appropriation is \$626,060.

#### Recreation / Social Services

The Town supports a Recreation Department with a part-time Director who oversees seasonal recreation programs, including a summer program which runs for eight weeks. The Recreation Department also supports local youth sports organizations and after school programs. The Recreation Department expended \$233,517 in FY 2020 and \$229,343 is budgeted for FY 2021.

The Town supports various social service and community health organizations. The Town has appropriated and expended \$47,465 in FY 2020 and expects to spend \$54,465 in FY 2021.

#### **Employee Relations**

As of March 31, 2020 the Town had 24 full-time and approximately 66 part-time and seasonal employees exclusive of the School and Police Departments. The Police Department employed 17 uniformed officers, 6 full-time and 2 part-time civilian employees and 1 full-time and 1 part-time animal control officers. The School Department as of such date had 147 full and part-time professionals, as well as 83 part-time and full-time non-professional employees.

The Town's uniformed police employees are members of the International Brotherhood of Police Officers (IBPO). The Town and Union have negotiated a contract through June 30, 2021. The Town's professional school employees are members of the National Education Association of Rhode Island

(NEARI) with a contract that expires August 31, 2022. The School Department's custodians are members (NEARI) with a contract that expires June 30, 2020. The School Department's Paraprofessionals are members (NEAR) with a contract that expires June 30,2021. The employees of the Department of Public Works are members of the Teamsters, Chauffeurs, Warehousemen & Helpers of America Local Union No. 251 with a contract that expires June 30, 2021. Lastly, the Town recently negotiated a new contract with the Police Dispatchers and Animal Control Officers, who are members of NAGE Local R1-42. The dispatchers' contract expires June 30, 2022.

#### **Economic Development**

Within the past year, a few projects have been underway and some projects are still on the drawing board.

- Six (6) houses have been built and Two (2) under construction in a 13-lot subdivision "Carriage Hill Crossing"
- There were 19 new home starts in 2019
- There were 17 new home starts so far in 2020
- Season's Gas Station received Final Approval from Plan Commission and construction is underway. Expected Spring 2021 opening.
- Wineberry Condominiums 12-unit condominium project under "Affordable Housing", 8 units have been occupied.
- "Chopmist Hill Estates" an 18-unit condominium project under "Affordable Housing", received Final Approval from Plan Commission. Construction plans for two of the building plans have been submitted for a building permit.
- Scituate Police Station was completed and now occupied.

#### Long - Term Financial Planning

As part of the budget process, the Town established a five-year capital plan beginning in fiscal year 2016. The capital plan was created to prioritize and manage capital needs of the various town departments, and is reviewed annually. The Town has adopted a written policy on the use of these capital funds. Most recently, the Town Council also established an ordinance to create a restricted budget reserve account to be maintained at 10% of the average of last five years' total appropriations (municipal and school).

#### **Major Initiatives**

Town Comprehensive Plan: The Town Council has engaged Weston & Sampson of Foxborough, Massachusetts to provide consulting services to complete the Town of Scituate's Comprehensive Plan Update.

#### FINANCIAL INFORMATION

A detailed understanding of the financial position and operating results of the Town is provided in the Comprehensive Annual Financial Report (CAFR). The Management's Discussion and Analysis starting on Page 3 of the CAFR provides additional information to assess the Town's financial condition.

#### **Internal Controls**

In developing and evaluating the Town's accounting control system, consideration is given to the adequacy of internal accounting controls. Accounting control comprises the plan of organization, procedures, and records that are concerned with the safeguarding of assets and the reliability of financial records and consequently is designed to provide reasonable assurance that:

- Transactions are executed in accordance with management's general or specific authorization.
- Transactions are recorded as necessary (1) to permit preparation of financial statements in conformity with generally accepted accounting principles or any other criteria, such as finance related legal and contractual compliance requirements applicable to such statements, and (2) to maintain accountability of assets.
- Access to assets is permitted only in accordance with management's authorization.
- The recorded accountability of assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

The definition of accounting control presumes reasonable, but not absolute, assurance that the objectives expressed in it will be accomplished by the system. The concept of reasonable assurance recognizes that the cost of internal controls should not exceed the benefits to be derived. The benefits consist of reductions in the risk of failing to achieve the objectives implicit in the definition of accounting control.

All internal control evaluations occur within the above framework. We believe that the Town's internal accounting control adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

#### **Budgetary Control**

The Town has formally established budgetary accounting control for its General Fund. It is the responsibility of the Town Budget Committee to submit to the Town Council and make available to the general public a proposed General Fund budget, including the School Departments transfer for the fiscal year. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School Departments transfer. At least two public hearings are conducted on the recommended General Fund Budget and the final recommended budget is approved by the voters and legally enacted through an ordinance by the Town Council at the Annual Financial Town Meeting. The General Fund and School Departments annual operating budget amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary.

#### **Independent Audit**

In accordance with the RI General Laws an audit of the financial statements has been completed by the Town's independent auditors, Baxter, Dansereau & Associates, LLP and their opinion is included herein.

#### **Reporting Achievement**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Scituate for its comprehensive annual financial report for the fiscal year ended March 31, 2019. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate for fiscal 2020.

#### Acknowledgment

The preparation of the Comprehensive Annual Financial Report on a timely basis could not have been accomplished without the efforts and dedication of the competent staff of the treasurer's office. A special note of appreciation is extended to the many diligent employees who gave their time and efforts to the production of this CAFR. Finally, I would like to thank the Town Council for their support in planning and conducting the financial operation of the Town in a dedicated, professional and responsible manner.

Respectfully submitted,

Theodore J. Przybyla

Town Treasurer

#### INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Town Council Town of Scituate Scituate, Rhode Island

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island (Town) as of and for the year ended March 31, 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Scituate, Rhode Island as of March 31, 2020, and the respective changes in financial position thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-15 and 81-83 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Scituate, Rhode Island's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, the combining fiduciary fund financial statements, other supplementary information, schedules, the Annual Supplemental Transparency Report (MTP2) and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the combining fiduciary fund financial statements, other supplementary information, the Annual Supplementary Transparency Report (MTP2) and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, other supplementary information, the Annual Supplementary Transparency Report, MTP2 and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 15, 2020 on our consideration of the Town of Scituate, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Town of Scituate, Rhode Island's internal control over financial reporting and compliance.

Management of the Town of Scituate provides this Management's Discussion and Analysis of the Town of Scituate Comprehensive Annual Financial Report for the readers of the Town's financial statements. This narrative overview and analysis of the financial statements of the Town of Scituate are for fiscal year ended March 31, 2020. We encourage readers to consider this information in conjunction with the additional information that is furnished in the letter of transmittal, which can be found preceding this narrative, and with the Town's financial statements that follow.

#### FINANCIAL HIGHLIGHTS

- ❖ The Town's primary government net position decreased in the amount of \$423,293 as a result of this current year's operations. The major components of this decrease were principal payments on debt service and increases in pension and OPEB related liabilities. On a government-wide basis the liabilities and deferred inflow of resources of the Town exceeded its assets and deferred outflows of resources at the close of the most recent fiscal year by \$12,331,224.
- ❖ The Town's Government-wide operating expenses were \$40,076,425 1.25% decrease from the prior year, while revenues collected were \$39,653,132 a 1.21% increase. The decrease in operating expenses was mainly due to decreases in debt, pension and OPEB related costs charged to various functional activities. The increase in revenue was from additional tax collections in fiscal year 2020.
- As of the close of the fiscal year, the Town's governmental funds reported combined ending fund balances of \$13,340,691. 39% of this amount, \$5,231,969 is unassigned and available for use within the Town's designation and fiscal policies.
- ❖ At the end of the current fiscal year, the general fund unassigned fund balance was \$5,479,053 or 14.8% of the total general fund expenditures for the fiscal year. The general fund's current fiscal year expenditures and transfers exceeded revenues and transfers by \$145,258. On a budgetary basis revenues and transfers exceeded expenditures and transfers by \$715,742.
- ❖ The Town's total bonded debt declined by \$496,000 during the current fiscal year. During the fiscal Town issued new bonded debt of \$2,000,000 with an interest coupon rate 2.79% to complete the new police station and other various capital projects.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's annual audit report. The financial section of this report consists of **four** parts – management's discussion and analysis (this section), the basic financial statements, required supplementary information, and other supplementary information that includes combining statements for non-major governmental funds and other fiduciary funds.

- > The first two statements are government-wide financial statements that provide both long-term and short-term information about the Town's overall status.
- > The remaining statements are fund financial statements that focus on individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements.
  - ✓ The governmental funds statements tell how general government services like public safety were financed in the short term as well as what remains for future spending.
  - ✓ *Fiduciary fund* statements provide information about assets that are held by the Town as a trustee or agent for the benefit of someone or something other than the Town itself. The Town cannot use these assets to support its own programs.

The financial statements also include notes that provide more detailed data about some of the information in the financial statements. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another. In addition to these required elements, we have included a section with combining statements that provide details about our non-major governmental funds and fiduciary funds, which are added together and presented in a single column in the basic financial statements.

#### **Government-Wide Statements**

The government-wide statements report information about the Town as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, deferred outflows, deferred inflows and liabilities. All of the current year's revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Town's *net position* and how they have changed. Net position – the difference between the Town's assets, deferred outflows, deferred inflows and liabilities – is one way to measure the Town's financial health, or position.

• Over time, increases or decreases in the Town's net position is an indicator of whether its financial health is improving or deteriorating, respectively.

• To assess the overall health of the Town you need to consider additional non-financial factors such as changes in the Town's property tax base and the status and standing of the Town's Schools.

The government-wide financial statements of the Town are made up of one activity.

• Governmental activities – Most of the Town's basic services are included here, such as the police, fire, library, public works and general administration. Property taxes, general fees and state funding finance most of these activities.

#### **Fund Financial Statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The fund financial statements focus on individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements. All of the funds of the Town can be divided into two categories: governmental funds and fiduciary funds. It is important to note that these fund categories use different accounting approaches and should be interpreted differently.

Governmental funds — Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the government fund statements focus on near-term inflows and outflows of spendable resources. They also focus on the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and the governmental activities.

The Town maintains one hundred and five governmental funds; one is considered a major fund and is presented in a separate column in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances. The Town's major governmental fund is the General Fund.

The basic governmental fund financial statements can be found beginning on page 16 of this report.

*Fiduciary Funds* – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow the basic financial statements.

**Other Information** – In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information (RSI)*. This section includes budgetary comparison schedules, which include a reconciliation between the statutory revenue and expenditures for budgetary purposes and the revenues and expenditures for the General Fund as presented in the governmental fund financial statements along with pension disclosures. Required supplementary information follows the notes to the financial statements.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

#### **Net Position**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The Town's net position presented a deficit \$12,331,224 at the close of the most recent fiscal year. The net position decreased by \$423,293 as a result of this year's current operations. The primary reason for the current years decrease was due to an increase in the Town's pension and OPEB liabilities.

A large portion of the Town's net position reflects its investment in capital such as land, building, and equipment, less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### Financial Analysis of the Government's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$13,340,691 which is an overall decrease of \$5,276,125 for the current year. Of this total amount \$5,231,969 or 39% represents unassigned fund balance, which is available for spending at the government's discretion.

The general fund is the chief operating fund of the Town. At the end of the current fiscal year, unassigned fund balance of the general fund was \$5,479,053. As a measure of the general fund liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 14.8% of total general fund expenditures.

#### **General Fund Budgetary Highlights**

The budget was passed at the annual Financial Town Meeting held on April 2, 2019. Favorable revenue variances were mainly due to an increase in hotel and meal tax, as well as emergency medical services. The total net variance of expenditures was on target with the budget.

#### **Capital Assets and Debt Administration**

**Capital Assets**. The Town's investment in capital assets for its governmental activities as of March 31, 2020 amounted to \$28,150,264 (net of accumulated depreciation). This investment in capital assets includes infrastructure, land, buildings, improvements, machinery and equipment, vehicles and construction in progress.

Additional information on the Town's capital assets can be found in Note 2 – Capital Assets on page 29 of this report.

**Long-term debt**. At the end of the fiscal year, the Town had total bonded debt outstanding of \$14,296,000. General obligation bonds are backed by the full faith and credit of the Town, including the Town's power to levy additional taxes to ensure repayment of the debt. Accordingly, all general obligation debt currently outstanding was approved by a vote of the citizens.

The Town has an Aa2 rating from Moody's Investors Service.

State statute limits the amount of bonds a governmental entity can issue to 3% of its total net assessed value, which approximates \$49,865,079. As of March 31, 2020, the Town's debt, subject to the 3% limit, was \$7,370,000 which is under the debt limit by \$42,495,079.

Additional information on the Town's long-term debt can be found in Note 6 – Long-Term Liabilities on pages 32-34 of this report.

#### **Economic Factors and Next Year's Budgets and Rates**

The unemployment rate for the Town of Scituate is 4.9% as of March 2020. This compares to the State's unemployment rate of 5.0% and the national average of 4.5%. Median Household Income ranks 6<sup>th</sup> and Per Capita Income ranks 10<sup>th</sup> among Rhode Island's 39 Cities and Towns.

The following factors were considered in preparing the Town's budget for the 2020/2021 fiscal year.

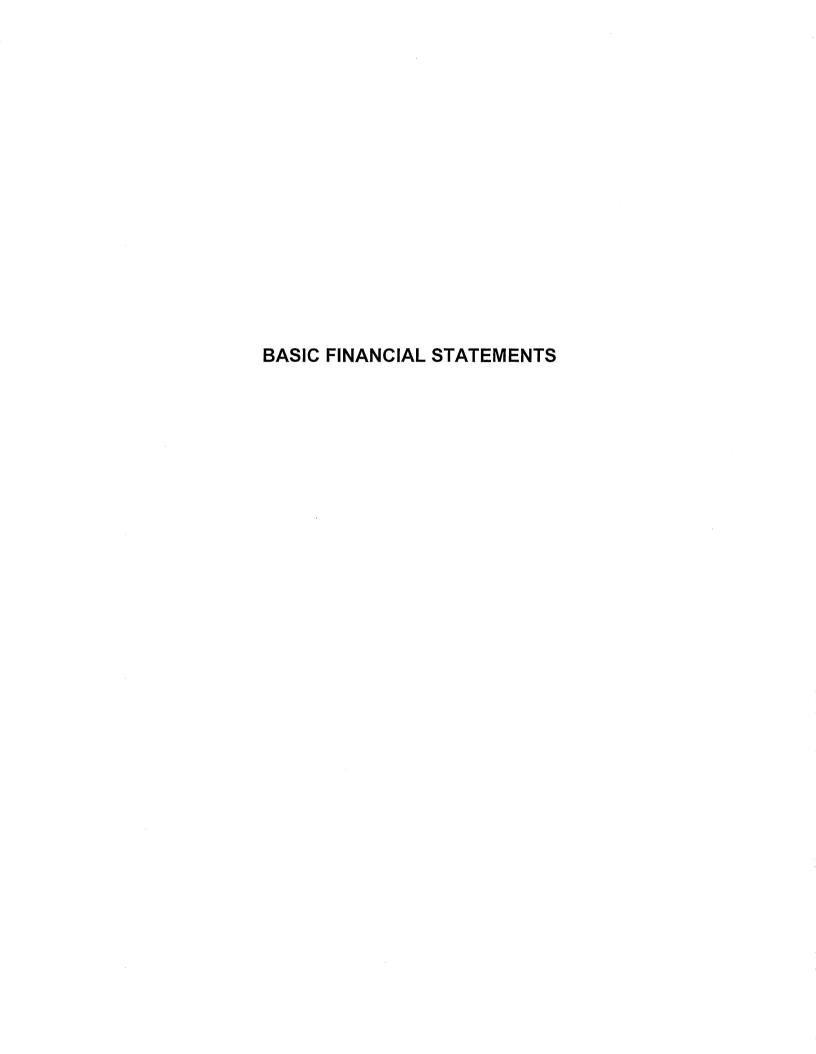

- The Town continues to budget the full ARC for Police Pension plus an additional \$100,000 and continued to fund the OPEB Trust Fund in the amount of \$100,000 in FY 2021
- Contributions for municipal retirement system will be 16.67% for the fiscal year
- The Town expects a 3% increase in health care costs in FY 2021 and no increase in dental costs
- The FY 2021 budget provides for a 3% increase to base salaries for non-union employees. It also anticipates a 3% base salary increase for public works/highway union employees, dispatcher union employees, and police union employees.
- Most appropriations remain level funded at the prior year's budgeted amounts
- The Town continues to redirect the significant drop-off in town debt toward capital expenditures. The 5-year capital plan budget in FY 2021 increased to \$890,500

The Town has decreased the use of fund balance appropriated for spending within the FY 2020/2021 Budget as follows: \$326,073 of the School Department's accumulated surplus, and \$126,250 of the Town's unreserved fund balance. The FY 2021 budget was presented to voters at the annual financial town meeting with a 2.55% tax levy increase. The town tax rates will be \$18.27 per thousand for residential real property and \$22.67 per thousand for commercial/industrial/mixed use real property for the fiscal year ending March 31, 2021.

The Town of Scituate (Town) and the Providence Water Supply Board (PWSB) have successfully negotiated a new ten-year tax treaty, which began with taxes assessed as of December 31, 2019. The Town and PWSB tax treaty will expire with taxes assessed as of December 31, 2029.

#### **Requests for Information**

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances. Questions concerning any information provided in this report or requests for additional financial information should be addressed to the Town Treasurer, PO Box 127, 195 Danielson Pike, North Scituate, RI 02857.

# TOWN OF SCITUATE, RHODE ISLAND Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended March 31, 2020

Net change in fund balances - total governmental funds		\$ (5,276,125)
Amounts reported for governmental activities in the statement of activities are different from the amounts reported as fund expenditures because:		
Governmental funds reported capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays and adjustments in the current period.		
Capital outlay Depreciation expense	7,989,083 (1,377,682)	6,611,401
Property taxes that are not collected in the current period and do not represent current financial resources are deferred in the fund financial statements, however they are recognized as revenues in the statement of activities.		278,490
Amortization of bond premiums and refunding's in the current period do not represent current financial resources, however they are recognized as expenditures and revenues in the statement of activities.		36,088
Some expenditures and revenues reported in the governmental funds that require the use of current financial resources are not reported as revenue or expenditures in the statement of activities.		28,726
Changes in the Town's Net Pension Assets, Deferred Outflows of Resources related to pension plans or Net Pension Liability and Deferred Inflows of Resources related to pension plans result in an increase or decrease to the pension expense reported in the Statement of Activities. The effect of these adjustments resulted in a decrease in pension expense reported in the Statement of Activities.		
Also, under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the full accrual basis, expenses and liabilities are recorded regardless of when financial resources are available.

The financial statements of the Town of Scituate, Rhode Island have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following notes to the financial statements are an integral part of the Town's financial statements.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. REPORTING ENTITY

The Town of Scituate was incorporated in 1731. The Town is governed largely under the 1731 Colonial Charter. In some matters, including the issuance of short and long-term debt, the Town is governed by the general laws of the State of Rhode Island. The Town provides the following services: Public Safety (police, fire, civil defense, and animal control), Public Works (highways, sanitation, and facilities maintenance), Education, Social Services, and General Administrative Services.

The Town is a municipal corporation governed by a Town Council form of government with a sevenmember Town Council headed by a Council President.

In evaluating the inclusion of other separate and distinct legal entities as component units within its financial reporting entity, the Town applied the criteria prescribed by GASB Statement No. 14, as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units." A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable or for which the nature and significance of its relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Through the application of GASB Statement Nos. 14 and 39 criteria, no separate entities have been determined to be component units of the Town.

#### B. BASIS OF PRESENTATION AND ACCOUNTING

The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, fund equity, net position, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds to demonstrate legal compliance and to aid management by segregating transactions related to specific Town functions or activities.

#### Recently Issued Accounting Standards

On May 8, 2020, the Government Accounting Standards Board (GASB) which is the standard setter for governmental financial reporting released Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance. This statement is intended to provide relief to governments and other stakeholders in light of the COVID-19 pandemic. The guidance postpones by one year the effective dates of certain provisions in issued pronouncements. Statement 95 and how it relates to these provisions is available on the GASB website, www.gasb.org.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### B. BASIS OF PRESENTATION AND ACCOUNTING

#### **Government-Wide Financial Statements**

The Town's Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities and Changes in Net Position. These statements present summaries of Governmental Activities for the Town. The Town has no Business-Type Activities. Fiduciary Activities of the Town are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all the Town's assets, deferred outflows of resources, deferred inflow of resources and liabilities, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period earned while expenses are recognized in the period in which the liability is incurred. The types of transactions included in program revenues for the Town are reported in three categories: 1) charges for services; 2) operating grants and contributions; and 3) capital grants and contributions.

Certain eliminations have been made as prescribed by GASB Statement No. 34 related to inter-fund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated.

#### **Governmental Fund Financial Statements**

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net positions presented in the Government-Wide Financial Statements.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **B. BASIS OF PRESENTATION AND ACCOUNTING**

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, deferred inflows of resources and current liabilities are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the Town, are property tax and intergovernmental revenues. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

#### **Major Governmental Funds:**

**General Fund** – The General Fund is used to account for resources devoted to financing the general services that the Town performs for its citizens.

**2019 Capital Bond Fund** - is used to account for financial resources to be used for the acquisition or construction of major capital assets and maintenance of those assets.

**RIHEBC School Bond Fund** - is used to account for financial resources to be used for the acquisition or construction of major School Department renovations.

#### **Fiduciary Fund Financial Statements**

Fiduciary Fund Financial Statements include a Statement of Net Position and a Statement of Changes in Net Position. The Town's Fiduciary Funds include a Pension Trust Fund, OPEB Trust Fund, Private Purpose Trust Fund and Agency Funds. Fiduciary Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations or other governments. The Fiduciary Funds are accounted for on an "economic resources" measurement focus and the accrual basis of accounting. Agency Funds are purely custodial and do not involve measurement of results of operations.

**Pension Trust Fund** – This fund accounts for pension benefits provided to Town Police Officers. The principal revenue source for this fund is employer and employee contributions.

*OPEB Trust Fund* – This fund accounts for Other Post-Employment Benefits provided to Town eligible employees. The principal revenue source for this fund is employer contributions.

*Private Purpose Trust Fund* – This fund accounts for assets held by the Town under a trust arrangement to benefit the poor through the Town's Human Services Department.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Agency Funds – These funds account for assets held by the Town as agent for various student groups for student activities, for the Town Council's Sunshine Fund, and for probate.

#### C. INVESTMENTS

Investments are recorded at fair value. Unrealized gains and losses from changes in fair value are recognized as investment income.

#### D. ACCOUNTS RECEIVABLE AND TAXES RECEIVABLE

Accounts receivable and taxes receivable balances, are shown net of an allowance for uncollectible accounts. The allowances are calculated from the age of the individual receivables. Property taxes due on July 1 of the current year and other delinquent balances are recorded as receivables.

#### E. CAPITAL ASSETS AND DEPRECIATION

Capital assets are reported in the Government-Wide Statement of Net Position but are not reported in the Governmental Fund Financial Statements.

All capital assets are capitalized at historical or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value. The Town follows the policy of not capitalizing assets with a cost of less than \$5,000 and a useful life of less than 1 year.

Depreciation is calculated on the straight-line basis over the following useful lives:

Description	Useful Life
Infrastructure	25-75 years
Buildings and improvements	20-40 years
Office furniture and equipment	5-7 years
Machinery and equipment	10-12 years
Vehicles	4-10 years

#### F. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period or periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town reports a deferred charge on refunding in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The Town also reports as a deferred outflow of resources which are deferred amounts recognized in the development of its annual pension expense in the Statement of Activities and the Statement of Net Position.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### F. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. The Town reports advance property tax collections in the government-wide statement of net position and in the governmental funds balance sheet. Advance property tax collections represent taxes inherently associated with a future period. This amount is recognized during the period in which the revenue is associated. Also, for governmental funds, the Town reports unavailable property tax revenue, which arises only under the modified accrual basis of accounting. These amounts are deferred and recognized as an inflow of resources (revenue) in the period that the amounts become available. The Town also reports deferred inflows of resources which are deferred amounts recognized in the development of its annual pension expense in the Statement of Activities and the Statement of Net Position.

#### G. PROPERTY TAXES

The Town is permitted by State Law to levy property taxes. Current fiscal year tax collections for the Town were approximately 89% of the total 2020 levy. During the period April 1, 2020 through May 31, 2020, the Town collected an additional \$5,712,534 of the 2020 tax levy. The total collections therefore represent approximately 97% of the total 2020 levy. The tax rate of the Town is established by the Town Council.

The Town's fiscal 2019-2020 property taxes were levied on June 11, 2019 on assessed valuation as of December 31, 2018. Upon levy, taxes are billed and are due quarterly on July 1, October 1, January 1, and April 1. Failure to mail payments by due date results in a lien on the taxpayer's property. Assessed values are established by Tax Assessor's Office and are currently calculated at 100% of assessed value for real estate and 95% of market value for motor vehicles. A full revaluation of all property was completed as of December 31, 2015. The City of Providence Water Supply Board is the Town's principal taxpayer representing 17.8% of the Town's net assessed valuation in fiscal 2020.

#### H. COMPENSATED ABSENCES

Under the terms of various contracts and agreements, Town and School Department employees are granted vacation and sick leave in varying amounts based on length of service. Vacation benefits are accrued as a liability based on the accumulated benefits earned on March 31. Sick leave benefits are based on the sick leave accumulated at March 31 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. The liability is calculated at the rate of pay in effect on March 31, 2020.

The entire compensated absence liability is reported on the Government-Wide Financial Statements. For Governmental Fund Financial Statements, a compensated absence liability is reported only if a liability has matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement).

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### I. ACCRUED LIABILITIES AND LONG-TERM DEBT

All accrued liabilities and long-term debt are reported in the Government-Wide Financial Statements.

For Governmental Fund Financial Statements, the accrued liabilities are generally reported as a governmental fund liability if due for payment as of the balance sheet date regardless of whether the liabilities will be liquidated with current financial resources. However, claims, judgments, and compensated absences paid from governmental funds are reported as a liability in the Fund Financial Statements only if the liability has matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement). Long-term debt paid from governmental funds is not recognized as a liability in the Fund Financial Statements until due.

#### J. DEBT PREMIUMS AND ISSUANCE COSTS

In the Governmental Fund Financial Statements, debt premiums and issuance costs are treated as period costs in the year of issue. Debt issuance costs are shown as an "expenditure" and debt premiums are reflected as an "other financing source".

In the Government-Wide Statements, debt premiums are deferred and amortized over the term of the debt. Debt premiums are presented as an addition to the face amount of the debt payable.

#### K. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### L. PENSIONS

For purposes of measuring the net pension liability, net pension asset, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Town of Scituate, Rhode Island's various pension plans (described in more detail in Note 16) and additions to/deductions from the pension plans fiduciary net position have been determined on the same basis as they have been reported by the pension plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### NOTE 3 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

**LEGAL DEBT MARGIN** – The Town's legal debt margin as set forth by State Statute is limited to 3% of total net assessed value, which approximates \$49,865,079. As of March 31, 2020, the Town's debt subject to the 3% limit, was \$7,370,000, which is under the debt limit by \$42,495,079.

**DEFICIT FUND BALANCES** – The following non-major fund Special Revenue Funds had a deficit fund balance at March 31, 2020: Main Street Project (\$39,010), Citizens Police Academy Fund (\$402), Hazard Mitigation Grant (\$2,777), Police Homeland Security (\$18,308), School Bond Fund (\$133,669), New Police Station Bond Fund (\$41,003), Capital Project Fund Animal Shelter Bond Fund (\$8,450), Congregational Church Restoration Fund (\$689), Title I (\$2,400), and Champlin Grant (\$376).

#### *NOTE 4 – CASH DEPOSITS*

**DEPOSITS** – are in various financial institutions and are carried at cost. The carrying amount of deposits is separately displayed on the Balance Sheet of the Fund Financial Statements and Statement of Net Position as "Cash and Cash Equivalents" and "Cash Overdraft".

Cash and investments of the Town consist of the following at March 31, 2020:

Cash and cash equivalents  Deposits with financial institutions	\$ 8,892,762
Investments	
Collective funds - equity	3,894,175
Collective funds - fixed income	2,361,927
Collective funds - real estate investment trust	69,833
Total Investments	6,325,935
Total cash and Investments	\$ 15,218,697

Cash and investments are classified in the accompanying financial statements as follows:

	\$ 8,422,246
Fiduciary funds	
Cash and cash equivalents	470,516
Investments	6,325,935
	6,796,451
Total cash and investments	\$ 15,218,697

CUSTODIAL CREDIT RISK – Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a formal deposit policy for custodial credit risk. As of March 31, 2020, \$-0- of the Town's bank balance of \$15,295,499 was exposed to custodial credit risk.

#### NOTE 4 – CASH DEPOSITS (continued)

Under Rhode Island general laws, depository institutions holding deposits of the State, its agencies or governmental subdivisions of the State, shall at a minimum, insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits which are time deposits with maturities greater than sixty (60) days. Any of these institutions, which do not meet minimum capital standards prescribed by federal regulators, shall insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits, regardless of maturity. At March 31, 2020, the Town's uninsured or uncollateralized deposits with institutions were \$0-. These deposits are held by institutions that meet the minimum capital standards prescribed by the federal regulators.

#### NOTE 5 – INVESTMENTS

The Town invests in various types of investments that are stated at fair value. The Town Treasurer has control over the type of investments made, except for those investments in the Police Pension Trust Fund, and OPEB Trust Fund which are controlled by the Plan Trustee. The Town does not have a formal investment policy or any other legally contracted agreement that limits the type of investments that may be made, except as stipulated in the Police Pension Plan trustee agreement.

**Interest Rate Risk** – The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk:** Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The town did not have any debt type investments that were exposed to credit risk as defined by GASB 40.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The Town does not have a formal policy which addresses custodial credit risk. The Town had no investments subject to custodial credit risk as of March 31, 2020.

**Concentration of Credit Risk** – The Town places no limit on the amount the Town may invest in any one issuer. The Town had no investments subject to concentration of credit risk as of March 31, 2020.

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements); followed by quoted prices in inactive markets or for similar assets or with observable inputs (Level 2 measurements); and the lowest priority to unobservable inputs (Level 3 measurements). The Town has the following recurring fair value measurements as of March 31, 2020:

#### SEWER FUND INTER-MUNICIPAL AGREEMENT

The Town of Scituate has entered into an Inter-Municipal Agreement with the Town of West Warwick, RI. Under the provisions of this agreement, the Town of Scituate is responsible for certain costs and improvements to the wastewater/sewer treatment facility and operations located in the Town of West Warwick. In addition to its own normal operating costs and outstanding debt obligations, the Town of Scituate is also responsible for portions of the outstanding debt obligations and interest which is due annually on these debt obligations which are presented on the Town of West Warwick's annual financial statements. The portion of the debt obligations to be paid by the Town of Scituate in accordance with the Inter-Municipal Agreement has been recorded as a special assessments receivable and revenue by the Town of West Warwick when the project was completed and the obligation entered into. The Town of Scituate records the annual related expenses assessed to the town as operating expenses on its General Fund. The following schedule shows the annual percentage share of the cost related to the Town of West Warwick's debt service payments the Town of Scituate has contracted to pay.

#### NOTE 8 - DIFFERENCES BETWEEN GOVERNMENTAL FUNDS BALANCE SHEET AND THE STATEMENT OF NET POSITION

"Total fund balances" of the Towns' governmental funds \$13,340,691 differs from "net position" of governmental activities \$ (12,331,224) reported in the statement of net position. This difference primarily results from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheets. The effect of the differences is illustrated below.

#### NOTE 10 - NET POSITIONS/FUND BALANCES

The Government-Wide Financial Statements utilize a net position presentation. Net position is categorized as net investment in capital assets, net of related debt; restricted; and unrestricted.

**Net Investment in Capital Assets** – This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.

**Restricted Net Position** – This category presents external restrictions imposed by grantors or laws and regulations.

**Unrestricted Net Position** – This category represents net position of the Town, not restricted for any project or other purpose.

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" criteria includes items that are not expected to be converted to cash (e.g. inventories and prepaid expenditures).

**Restricted Fund Balance** – This classification includes amounts that have constraints placed on the use of resources that are either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

**Committed Fund Balance** – This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision-making authority.

**Assigned Fund Balance** – This classification includes amounts constrained by the Town's intent to be used for specific purposes, but are neither restricted nor committed.

**Unassigned Fund Balance** – This classification is the residual fund balance for the General Fund. This classification represents fund balance that has not been assigned to another fund and that has not been restricted, committed, or assigned to specific purposes within the General Fund, which is the only fund that reports positive unassigned fund balance.

#### NOTE 10 - NET POSITION/FUND BALANCES (Continued)

The Town has set classification policies and procedures for the above noted level of fund balance reporting.

- a) For committed fund balances: the Financial Town Meeting is the highest level of decision making authority by a proposed resolution adopted and approved by the voters is required to establish, modify or rescind a fund balance commitment.
- b) For assigned fund balance: The financial town meeting empowers and authorizes the Town's Treasurer to assign amounts to a purpose and is also authorized to remove such assignment.
- c) The Town considers amounts that are committed, assigned or unassigned to have been spent when an expenditure is incurred for the purpose of which any amounts in any of the unassigned fund balance classifications could be used.
- d) The Town considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available and considers committed amounts to have been spent when and expenditure is incurred for purposes for which amounts in any other unrestricted fund balance could be used.

#### NOTE 11 - DISAGGREGATION OF RECEIVABLE AND PAYABLE BALANCES

#### A. ACCOUNTS RECEIVABLE

The Town disaggregates significant components of receivables in the financial statements. Receivable balances determined immaterial are included as other receivables. The Town expects to receive all receivables except CDBG loans receivable within the subsequent year.

#### B. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

The accounts payable and accrued liabilities at March 31, 2020, were as follows:

#### NOTE 12 – POST-EMPLOYMENT BENEFITS

#### **Plan Description**

The Town of Scituate has established an irrevocable exclusive benefit trust solely to fund retiree health care benefits. Eligible employees are town clerks, town police, and town non-contract employees. The benefit provisions and further eligibility conditions are as listed on subsequent sections to this note.

The Town of Scituate entered into a program to address its Other Post Employment Benefit liability (OPEB). This program will be managed by the Rhode Island Interlocal Risk Management Trust, the Town's Insurer (The Trust).

In partnership with Public Agency Retirement Services (PARS), The Trust has established a comprehensive and cost-effective Other Post-Employment Benefits (OPEB) Funding Program. Under a common administrative framework, The Trust OPEB Funding Program provides participating Members with a trusted solution to proactively address their OPEB liabilities and risks.

It is structured as a multiple-employer, irrevocable trust in accordance with Section 115 of the Internal Revenue Code and is compliant with federal and state laws and regulations.

Participating Members gain the advantage of a low-cost fee structure, based on a percentage of assets that decreases as assets grow. And although assets are pooled for economies of scale, there is no cross sharing of earnings or liabilities. Each Member maintains their own separate accounts providing full discretion regarding contribution amounts and timing.

The plan provides the following benefits based on employee group:

- Certified Teachers: Upon retirement, certified teachers are eligible to purchase medical and dental insurance (single or family) up to age 65 and pay 100% of the premium.
- Non-Certified School Employees: Upon retirement, non-certified school employees are eligible to purchase medical and dental insurance (single or family) for 18 months under COBRA. The COBRA benefits do not constitute a benefit to be included in determination of OPEB liabilities. Therefore, we note this provision exists but is not included in liabilities or cost valued in this report.
- Police Department: Police officers that retire after July 1, 2000 with 25 years of service are eligible for medical and dental insurance (single or family). The police officer contributes 50% of the premium towards his/her coverage. Town police officers pay 100% of their dental coverage should they elect to use that benefit.
- *DPW and Non-Union Town Employees:* DPW and non-union town employees upon retirement are eligible for individual medical insurance coverage. Retired members must contribute the following towards their premium coverage:

<u>Years of Service</u>	<u>Contribution</u>
10-15	100%
16-22	21%
23-29	10.5%
30+	0%

#### NOTE 12 - POST-EMPLOYMENT BENEFITS (continued)

• Town employees are also eligible to contribute 100% of the remaining premium towards family coverage.

#### **Plan Description**

#### **Funding Policy**

Contribution requirements are negotiated between the Town and the respective unions or are stated in the Town Human Resource Policy Manual for non-union employees. The Town is required to contribute the cost of medical and dental benefits, less the amount of any applicable employee share of medical or dental premiums. For the year ended March 31, 2020, the plan operated on a pay as you go basis. During fiscal year 2016 the Town created a new OPEB Trust fund with the understanding that the trust fund will eventually be used to fund future benefits to be provided to plan members. For the fiscal year ended March 31, 2020, the Town contributed \$100,000 to the plan. The town continues to current year plan benefits on a pay as you go basis while making contributions to the trust.

#### **Classes of Employees Covered**

As of April 1, 2020, membership data was as follows:

Active employees	188
Retirees	<u>30</u>
Total Plan Members	218

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, participation rates and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

#### **Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Below are the actuarial assumptions used to project future costs of the plan.

#### **Investments**

Investment policy: The Board's policy in regard to the allocation of invested assets is established and may be amended by the Board by a majority vote of its members. It is the policy of the Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The Board's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of March 31, 2020:

	March 31,		Long-term

#### NOTE 13 – SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

#### A. LITIGATION

During the ordinary course of its operations, the Town is a party to various other claims, legal actions and complaints. In the opinion of the Town's management and legal counsel, these matters are not anticipated to have a material financial impact on the Town.

#### **B. FEDERALLY ASSISTED PROGRAMS - COMPLIANCE AUDITS**

The Town participates in several federal awards programs. These programs through the year ended March 31, 2020 were audited in connection with the accompanying financial statements under the Single Audit Concept and the auditors' reports thereon are presented in the Single Audit Section of this report. The amount, if any, of expenditures that may be disallowed will not be material to the financial position of the Town.

#### NOTE 14 - RISK MANAGEMENT

The Town of Scituate is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters. The Town and the School Department (as of July 27, 2005) participate in a non-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) which provides coverage for property and liability claims. Upon joining the Trust, the Town and the School Department signed a participation agreement that outlines the rights and responsibilities of the Trust, the Town and the School Department. The agreement states that for premiums paid, the Trust will assume financial responsibility for the losses up to the maximum amount of insurance purchased, minus deductible amounts.

#### NOTE 14 - RISK MANAGEMENT (continued)

The Trust provides this insurance coverage through a pooled, self- insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its members. Under the participation agreement, the Town and the School Department are insured for varying amounts depending on the type of coverage provided. Settled claims resulting from these risks have not exceeded Trust coverage in any of the past three fiscal years. And it is not anticipated that the risks will exceed the trust coverage in the current year. There were no reductions in the insurance coverage during the fiscal year up and through the report date.

#### Self-insurance:

Both the Town and the School Department participate in a multi-employer cost reimbursement healthcare self-insurance risk pool managed by WB Community Health (WBCH). The Town & School pay WBCH monthly premiums based upon "working rates" that are periodically adjusted to reflect changes in actual costs. Funds on deposit with WBCH are made available to pay claims, claim reserves and administrative costs. As of March 31, 2020, the reported premium deposits exceeded expenditures on deposit by \$250,273 for the Town and premium deposits exceeded expenditures by \$226,840 for the School Department. Additionally, there was a cash deposit balance of \$1,061,305 on the Town side and \$2,946,581 with the School Department.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for IBNR claims. The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, including retroactive assessments for hospital costs and other settlements occurring after the end of the fiscal year and not determinable at the end of the fiscal year. An excess coverage insurance policy covers individual claims exceeding \$150,000.

### NOTE 15 - PENSION PLANS

Substantially all full-time employees of the Town of Scituate are covered by one of four separate pension plans, each one of which are discussed below.

### A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

Plan description - Certain employees of the Scituate School Department participate in a cost-sharing multiple-employer defined benefit pension plan - the Employees' Retirement System plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides retirement and disability benefits and death benefits to plan members and beneficiaries. The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersri.org.

Benefit provisions – The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire at September 30, 2009 may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of service and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than 5 years of service as of July 1, 2012. Members are vested after 5 years of service.

The plan provides for survivor's benefits for service connected death and certain lump sum death benefits. Joint and survivor benefit provision options are available to members.

Cost of living adjustments are provided but are currently suspended until the collective plans administered by ERSRI reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments are provided at four-year intervals commencing with the plan year ending June 30, 2016.

The plan also provides nonservice-connected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

Contributions - The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the plan. For fiscal 2020, Scituate School Department teachers were required to contribute 3.75% of their annual covered salary, except for teachers with twenty or more years of service as of June 30, 2012 must contribute 11% of their annual covered salary. The state and the Scituate School Department are required to contribute at an actuarially determined rate, 40% of which is to be paid by the state and the remaining 60% is to be paid by Scituate School Department; the rates were 10.49% and 13.45% of annual covered payroll for the fiscal year ended March 31, 2020 for the state and Scituate School Department, respectively.

### NOTE 15 – PENSION PLANS

### A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

The Scituate School Department contributed \$1,595,411, \$1,579,575, and \$1,522,791 for the fiscal years ended March 31, 2020, 2019 and 2018, respectively, equal to 100% of the required contributions for each year. The State's share of contribution for fiscal 2020 was \$1,187,476 and is reported as on-behalf payments and included in both revenue and expenditures on the financial statements.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At March 31, 2020, the Scituate School Department reported a liability of \$19,618.280 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the state. The amount recognized by the Scituate School Department as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with Scituate School Department were as follows:

### A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

Scituate School Dept's proportionate share of the net pension liability \$ 19,618,280

State's proportionate share of the net pension
liability associated with the Scituate School Dept.

Total net pension liability

\$ 34,314,404

The net pension liability was measured as of June 30, 2019, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019. The Scituate School Department's proportion of the net pension liability was based on a projection of the Scituate School Department's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the state, actuarially determined. At June 30, 2019 the Scituate School Department proportion was 0.61484495%.

### NOTE 15 – PENSION PLANS (continued)

### A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

For the year ended March 31, 2020 the Scituate School Department recognized gross pension expense of \$3,195,604 and revenue of \$1,630,347 for support provided by the State. At March 31, 2020 the Scituate School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred outflows of resources:	
Contributions made susequent to

### NOTE 15 - PENSION PLANS (continued)

### A. EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND

\$1,595,411 reported as deferred outflows of resources related to pensions resulting from the Scituate School Department's contributions in fiscal 2020 subsequent to the measurement date will be recognized as a reduction of the net pension liability for the subsequent period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Net Deferred		
	(ou	tflows)/inflows

2024		30,987	
2025		(8,936)	
thereafter		(57,846)	
	\$	(1,048,121)	

Actuarial Assumptions - the total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Salary increases	3.0% to 13.0%
Investment rate of return	7.0%

Mortality – variants of the RP-2014 mortality tables – for the improvement scale, updated to the ultimate rates of the MP-2016 projection scale.

The actuarial assumptions used in the June 30, 2018 valuation rolled forward to June 30, 2019 and the calculation of the total pension liability at June 30, 2019 were consistent with the results of an actuarial experience study performed as of June 30, 2016.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 34 sources. The June 30, 2019 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount rate - the discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

### B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

**Plan Description -** The Municipal Employees' Retirement System (MERS) – an agent multiple-employer defined benefit pension plan - provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at www.ersri.org

Benefits provided – General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

Salary: Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

### NOTE 15 – PENSION PLANS (continued)

### B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

Service: Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

Final Compensation: Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three year FAC as of July 1, 2012 or the five year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

### General employees

Members with less than five years of contributory service as of June 30, 2012 and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012 will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012 in (a) above. The interpolation is based on service as of June 30, 2012 divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for

### NOTE 15 – PENSION PLANS (continued)

### B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

### Police and Fire employees

Members are eligible to retire when they are at least 50 years old and have a minimum of 25 years of contributing service or if they have 27 years of contributing service at any age. Members with less than 25 years of contributing service are eligible for retirement on or after their Social Security normal retirement age.

Members who, as of June 30, 2012, had at least 10 years of contributing service, had attained age 45, and had a prior Retirement Date before age 52 may retire at age 52.

Active members on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

A member who is within five years of reaching their retirement eligibility date, as described in this section, and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members designated as police officers or firefighters were eligible for retirement at or after age 55 with credit for at least 10 years of service or at any age with credit for 25 or more years of service. Members were also eligible to retire and receive a reduced benefit if they are at least age 50 and have at least 20 years of service. If the municipality elected to adopt the 20-year retirement provisions for police officers and/or firefighters, then such a member was eligible to retire at any age with 20 or more years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

A monthly benefit is paid equal to 2.00% of the member's monthly FAC for each year of service, up to 37.5 years (75% of FAC maximum).

If the optional 20-year retirement provisions were adopted by the municipality prior to July 1, 2012: benefits are based on 2.50% of the member's FAC for each year of service prior to July 1, 2012 and 2.00% of the member's FAC for each year of service after July 1, 2012. The benefit cannot exceed 75% of the member's FAC.

Active members (including future hires), members who retire after July 1, 2015 and after attaining age 57 with 30 years of service will have a benefit equal to the greater of their current benefit described in (a) and (b) above and one calculated based on a 2.25% multiplier for all years of service.

### NOTE 15 - PENSION PLANS (continued)

### B. MUNICIPAL EMPLOYEES RETIREMENT PLAN

### Other benefit provisions

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

- a. The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended. The first interim COLA may begin January 1, 2018.
- b. Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%
- c. The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on the every fourth year provision described in (a) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$25,000 for 2013, \$25,000 for 2014, \$25,168 for 2015, \$25,855 for 2016, and \$26,098 for 2017.

### Employees covered by benefit terms

At the June 30, 2019 valuation date, the following employees were covered by the benefit terms:

	Town		
	General	Police	Police
•	Employees	Employees	COLA
Retirees and Beneficiaries	61	1	0
Inactive, Nonretired Members	120	0	0
Active Members	77	0	5
Total	258	1	5

Contributions - The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012 are required to contribute 1% (2% if the employer opted to provide a COLA) of their salaries. General employees with more than 20 years of service as of June 30, 2012 are required to contribute 8.25%. Public safety employees are required to contribute 9% (10% if employer opted to provide a COLA) of their salaries. The Town of Scituate contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The Town of Scituate contributed \$574,533 in the year ended March 31, 2020 which averaged out to 16.67% of the annual payroll for the MERS Town employees plan and \$33.270 for the MERS Police COLA Plan which was 8.85% of its annual payroll. No contributions were required for the Police Plan.

**Net Pension Liability (Asset)** - The total pension liability was determined by actuarial valuations performed as of June 30, 2018 and rolled forward to June 30, 2019, using the following actuarial assumptions, applied to all periods included in the measurement.

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

**Discount rate** - The discount rate used to measure the total pension liability of the plans was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

### C. POLICE PENSION PLAN

### Plan Description

The Town of Scituate participates in a single-employer defined benefit pension plan established by the Town to provide pension benefits for its police officers as of October 1, 1981. The Pension Plan is being administered by Wilmington Trust Company. For financial reporting purposes, the plan is included as a pension trust fund in the Town's financial statements. A separate, audited pension plan report is not available for the Police Pension Plan. The Town's payroll for employees covered by the Plan for the year ended March 31, 2020 was \$836,162.

At April 1, 2020, employee membership related to the plan was as follows:

Retired	10
Terminated Vested	1
Vested Disabled	4
Active	21
Total	36

### NOTE 15 - PENSION PLANS (continued)

### C. POLICE PENSION PLAN

Benefits and contributions are established by contract and may be amended by union negotiation. The Police Pension Plan provides retirement, death and disability benefits. Under the plan, all regular or permanent police hired by the Town of Scituate before July 1, 2014 are eligible to participate in the plan, following the completion of a six-month waiting period. A participant hired on or prior to June 30, 2000 is eligible for normal retirement after completion of 20 years of service. A participant hired on or after July 1, 2000 is eligible for normal retirement after completion of 25 years of service. If a member leaves covered employment or dies prior to 10 years of service, accumulated member contributions are refunded. A member who terminates after ten years of service will be eligible to receive a pension commencing at age 56 equal to his or her accrued benefit. For participants hired on or prior to June 30, 2000, the normal retirement benefit is equal to 2.5% of the base annual pay times years of service up to 20 years, plus 2% of base annual pay times years of service in excess of 20 years. The maximum benefit is 60% of base annual pay. For participants hired on or after July 1, 2000, the normal retirement benefit is equal to 60% of the base annual pay. All police employees hired after July 1, 2014 will be part of the State of Rhode Island Municipal Employees Retirement System and not in the single-employer defined benefit Police plan.

### **Funding Policy**

Effective July 1, 2015, the members of the plan shall each contribute 12% of Compensation and the Town of Scituate shall contribute 10% of Compensation earned by each member. The Town has an actuarial calculation to determine the actuarially required contribution but does not fund the plan based on the calculation. The Town contribution for the year ended March 31, 2020 was \$932,428.

### **Summary of Significant Accounting Policies**

### Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the accounting period in which they are due. Contributions from the Town are recognized when due and when the Town has made a formal commitment to provide the contributions. Expenses are recognized in the period in which they are incurred. Benefit payments to participants are recorded upon distribution.

### Method Used to Value Investments

Investments are recorded at fair value. Cash and cash equivalents having a maturity of three months or less when purchased are reported at cost. Fair market is determined using quoted market prices, when available, independent third party appraisals, and independent brokers and industry experts. Given the inherent nature of investments it is reasonably possible that changes in the value of those investments will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Fiduciary Net Position.

### NOTE 15 - PENSION PLANS (continued)

### C. POLICE PENSION PLAN

### Investments

The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Police Pension Board by a majority vote of its members. It is the policy of the Police Pension Board to pursue an investment strategy that emphasizes long-term appreciation as a primary source of return with current income as a secondary objective. The plan implies a willingness to risk significant principal loss so long as the Portfolio is positioned to earn a significantly greater rate of return than the market over the long-term. The following was the Board's adopted asset allocation policy as of March 31, 2020:

			Long-Term
	March 31, 2020	Target	Expeted Real
Asset Class	Asset Allocation	Asset Allocation	Rate of Return
Domestic Large Cap Equity	29.00%	27.00%	6.55%
Dom Smid Cap Value Equity	5.50%	5.00%	7.10%
International Equity	23.50%	23.00%	7.25%
Emerging Markets	0.00%	0.00%	0.00%
Investment Grade Bonds	33.50%	34.00%	3.05%

Cash & Equivalents	3.50%	6.00%	2.25%
Total allocation	100.00%	100.00%	

Projected Rate of Return

5.27%

Rate of return: For the year ended March 31, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was -8.07%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

### NOTE 15 - PENSION PLANS (continued)

### C. POLICE PENSION PLAN

The components of the net position liability of the Police Pension Plan at March 31, 2020 were as follows:

### Net Pension Liability of the Police Pension Plan

	<u>M</u> a	rch 31, 2020
Total pension liability	\$	18,069,964

the total pension liability		31.53%

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability of the Town, calculated using the discount rate of 7.00%, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current 7.00%.

	1%	Current	1%
	Decrease	Discount Rate	Increase
	6.00%	7.00%	8.00%
Plan's Net Pension Liability			
as of March 31, 2020	\$ 14,884,269	\$ 12,372,961	\$ 10,335,604

Discount rate: The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

### NOTE 15 – PENSION PLANS (continued)

### D. DEFINED BENEFIT PENSION PLAN (SURVIVOR'S BENEFIT)

**Plan description** - Certain employees of the Scituate School Department participate in a cost-sharing multiple-employer defined benefit pension plan - the Teachers' Survivors Benefit plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides a survivor benefit to public school teachers in lieu of Social Security since not all school districts participate in Social Security. The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersri.org.

Eligibility and plan benefits - the plan provides a survivor benefit to public school teachers in lieu of Social Security since not all school districts participate in the plan. Specific eligibility criteria and the amount of the benefit is subject to the provisions of Chapter 16-16 of the Rhode Island General Laws which are subject to amendment by the General Assembly. Spouse, parents, family and children's benefits are payable following the death of a member. A spouse shall be entitled to benefits upon attaining the age of sixty (60) years. Children's benefits are payable to the child, including a stepchild or adopted child of a deceased member if the child is unmarried and under the age of eighteen (18) years or twenty-three (23) years and a full time student, and was dependent upon the member at the time of the member's death. Family benefits are provided if at the time of the member's death the surviving spouse has in his or her care a child of the deceased member entitled to child benefits. Parents benefits are payable to the parent or parents of a deceased member if the member did not leave a widow, widower, or child who could ever qualify for monthly benefits on the member's wages and the parent has reached the age of 60 years, has not remarried, and received support from the member.

In January, a yearly cost-of-living adjustment for spouse's benefits is paid and based on the annual social security adjustment.

Survivors are eligible for benefits if the member has made contributions for at least six months prior to death or retirement.

The TSB plan provides benefits based on the highest salary at the time of retirement of the teacher. Benefits are payable in accordance with the following table:

	Basic Monthly		
Highest Annual Salary	Spo	uses' Benefit	
\$17,000 or less	\$	825.00	
\$17,001 to \$25,000	\$	962.50	
\$25,000 to \$33,000	\$	1,100.00	
\$33,001 to \$40,000	\$	1,237.50	
\$40,001 and over	\$	1,375.00	

### NOTE 15 - PENSION PLANS (continued)

### D. DEFINED BENEFIT PENSION PLAN (SURVIVOR'S BENEFIT)

Benefits payable to children and families are equal to the spousal benefit multiplied by the percentage below:

Parent and 1	Parent and 2 or		Two children	Three or more	Dependent
child	more children	One child alone	alone	children alone	parent
150%	175%	75%	150%	175%	100%

Contributions - The contribution requirements of active employees and the participating school districts were established under Chapter 16-16 of the Rhode Island General Laws, which may be amended by the General Assembly. The cost of the benefits provided by the plan are two percent (2%) of the member's annual salary up to but not exceeding an annual salary of \$11,500; one-half (1/2) of the cost is contributed by the member by deductions from his or her salary, and the other half (1/2) is contributed and paid by the respective school district by which the member is employed. These contributions are in addition to the contributions required for regular pension benefits.

The Scituate School Department contributed \$16,515, \$16,445, and \$16,637 for the fiscal years ended March 31, 2020, 2019 and 2018, respectively, equal to 100% of the required contributions for each year.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2020 the Scituate School Department reported an asset of \$2,501,309 for its proportionate share of the net pension asset related to its participation in TSB. The net pension asset was measured as of June 30, 2019, the measurement date, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019. The Scituate School Department's proportion of the net pension asset was based on its share of contributions to the TSB for fiscal year 2019 relative to the total contributions of all participating employers for that fiscal year. At June 30, 2019 the Scituate School Department's proportion was 2.20484860%.

For the year ended June 30, 2020 the Scituate School Department recognized a pension credit of \$4,690 – an increase in the net pension asset. At June 30, 2020 the Scituate School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

2024	9,864
2025	(44,159)
thereafter	(114,858)
	(169,889)

Actuarial Assumptions - the total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Salary increases	3.0% to 13.0%
Investment rate of return	7.0%

Mortality – variants of the RP-2014 mortality tables – for the improvement scale, updated to the ultimate rates of the MP-2016 projection scale.

Cost of living adjustment – eligible survivors receive a yearly cost of living adjustment based on the annual social security adjustment – for valuation purposes, a 2.5% cost of living adjustment is assumed.

The actuarial assumptions used in the June 30, 2018 valuation and the calculation of the total pension liability at June 30, 2019 were consistent with the results of an actuarial experience study performed as of June 30, 2016.

### NOTE 15 - PENSION PLANS (continued)

### D. DEFINED BENEFIT PENSION PLAN (SURVIVOR'S BENEFIT)

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 34 sources. The June 30, 2019 expected arithmetic returns over the long-term (20 years) by asset class, are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Arithmetic Real Rate of Return
GROWTH		
Global Equity

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

### NOTE 15 - PENSION PLANS (continued)

### D. DEFINED BENEFIT PENSION PLAN (SURVIVOR'S BENEFIT)

**Discount rate** - the discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability (asset) to changes in the discount rate - the following presents the net pension liability (asset) calculated using the discount rate of 7.0 percent as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

**Pension plan fiduciary net position** - detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

### E. DEFINED CONTRIBUTION PLAN

Employees participating in the defined benefit plan with less than 20 years of service as of June 30, 2012, as described above, also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute between 1% and 1.5% of annual covered salary depending on the employee's total years of service as of June 30, 2012. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Management has evaluated subsequent events through December 15, 2020 the date the financial statements were available to be issued. As a result of this review material items are noted below.

### NOTE 17 – PRIOR PERIOD RESTATEMENT

### **Government – Wide Financial Statements – Net Position**

A project that was started in fiscal year 2019 was included in construction in progress. During fiscal year 2020 this contract was voided, and the deposit was returned to Scituate. A new vendor was found, and the project commenced in 2020 with a new deposit being paid during the year. The cancellation of the original project resulted in net position being overstated by \$100,000 as of 3/31/2019. This was reversed out to ensure proper accounting of 2020 construction in progress.

### TOWN OF SCITUATE, RHODE ISLAND Notes to Required Supplementary Information March 31, 2020

### NOTE 1-BUDGETARY DATA AND BUDGETARY COMPLIANCE

The Town has formally established budgetary accounting control for its General Fund. It is the responsibility of the Town Budget Committee to submit to the Town Council and make available to the general public a proposed General Fund budget, including the School Department appropriation for the fiscal year. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School Department appropriation. At least two public hearings are conducted on the recommended General Fund budget and the final recommended budget is approved by the voters and legally enacted through an ordinance of the Town Council at the Annual Financial Town Meeting. The General Fund annual operating budget amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary.

The budget approved and adopted at the Annual Financial Town Meeting reports the amount budgeted for each department. Therefore, the legal level of control for the General Fund is at the departmental level. Transfers between departments must be approved by the Town Council. Amendments that would change the total appropriation must be approved by the voters and Town Council at a Financial Town Meeting. There were no supplemental budgetary appropriations in fiscal year 2020. Appropriations which are not expended or encumbered lapse at year end.

The General Fund budget is in conformity with the legally enacted budgetary basis, which is not in conformity with generally accepted accounting principles. The budget to actual presentation in the required supplementary information is reflected on the budgetary basis. The difference between the budgetary basis and the generally accepted accounting principles basis is explained below.

# TOWN OF SCITUATE, RHODE ISLAND

# Notes to Supplementary Information Annual Supplemental Transparency Report (MTP2) March 30, 2020

### NOTE 1. Basis of Presentation

The Annual Supplemental Transparency Report (MTP2) is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the audit report is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location.

The format of the *Annual Supplemental Transparency Report (MTP2)* was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

### NOTE 2. Reportable Government Services

Data consistency and comparability are among the key objectives of the State's Municipal Transparency portal. Consistent with that goal, the State has defined "reportable government services", RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality's general fund. The *Annual Supplemental Transparency Report (MTP2)* includes a reconciliation to the fund level statements.

### NOTE 3. Allocations

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the Town's budget and accounting system. To report these costs, the Town's made allocations of costs to the State's departmental groupings based on a reasonable basis.

### NOTE 4. Employee Groups - Compensation and Benefit Costs

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefits costs are reported in the following employee groupings:

Group A: This group consists of employees who serve the primary function of the department.

- Police Department police officers (e.g., uniform personnel including, leadership positions)
- Fire Department fire fighters (e.g., uniform personnel including, leadership positions)
- Centralized Dispatch Department civilian dispatchers only
- Education Department professional staff providing direct services to students

# TOWN OF SCITUATE, RHODE ISLAND

# Notes to Supplementary Information Annual Supplemental Transparency Report (MTP2) March 30, 2020

• For the remaining departments - all employees' compensation and benefits are reported under Group A

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other post-employment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

### NOTE 5. Education Revenue and Expenditures

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: <a href="http://www.municipalfinance.ri.gov/">http://www.municipalfinance.ri.gov/</a>.

#### TOWN OF SCITUATE, RHODE ISLAND SINGLE AUDIT FOR THE YEAR ENDED MARCH 31, 2020

Partners
William J. Baxter, Jr., CPA
Paul L. Dansereau, CPA

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Town Council Town of Scituate, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Scituate, Rhode Island as of and for the year ended March 31, 2020, and the related notes to the financial statements, which collectively comprise the Town of Scituate's basic financial statements, and have issued our report thereon dated December 15, 2020.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Town of Scituate's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Scituate's internal control. Accordingly, we do not express an opinion on the effectiveness of Town of Scituate's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Town of Scituate's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an

objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Honorable President and Members of the Town Council Town of Scituate, Rhode Island

#### Report on Compliance for the Major Federal Program

We have audited the Town of Scituate's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Town of Scituate, Rhode Island's major federal programs for the year ended March 31, 2020. The Town of Scituate's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### **Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the Town of Scituate, Rhode Island's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Scituate, Rhode Island's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Town of Scituate, Rhode Island's compliance.

#### Opinion on Each Major Federal Program

In our opinion, the Town of Scituate, Rhode Island, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2020.

#### **Report on Internal Control Over Compliance**

Management of the Town of Scituate, Rhode Island, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Town of Scituate, Rhode Island's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Scituate, Rhode Island's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### TOWN OF SCITUATE, RHODE ISLAND Notes to Schedule of Expenditures of Federal Awards March 31, 2020

#### NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal grant activity of the Town of Scituate, Rhode Island under programs of the federal government for the year ended March 31, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of the Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Town of Scituate, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Town of Scituate, Rhode Island.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of the Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### NOTE 3 - Indirect Cost Rates

The Town of Scituate has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance when applicable.

#### NOTE 4 - Non-Cash Assistance

U.S.D.A. Contributions: The United States Department of Agriculture makes available commodities for donations to schools. The amount of \$27,032 represents the market value of such commodities used during the period.
