Current Period Expenditures	\$112,093.94
Project Description	Project consists of soundproofing the City Council Chamber with several acoustic panels and to install a hybrid

Project Description	audiovisual streaming system. The City residents will be the main beneficiaries of the project because they can participate in person or online in the various municipal meetings, including the City Council meetings. This would allow a greater number of people to attend public meetings in person or remotely and allow taxpayers and residents of the City of Newport to have more direct participation with their local government. A successful outcome from the project is to double the number of participants to the various council meetings or to allow homebound residents to attend remotely.
