Independent Auditors' Report

The Honorable Members of the City Council City of Pawtucket, Rhode Island

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Pawtucket, Rhode Island (the City) as of and for the year ended June 30, 2021, and the related notes to the financial statements which collectively comprise the City's basic financial statements as listed in the table of contents. The financial statements of the Pawtucket Business Development Corporation (Corporation), which is a discretely presented component unit and not a major fund of the City of Pawtucket, were audited by other auditors.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing* Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

City of Pawtucket, Rhode Island *Page 2* 

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

We did not audit the financial statements of the Pawtucket Business Development Corporation which represents .1 percent, (.3) percent and .02 percent, respectively of the assets, net position, and revenues of the Corporation and the City of Pawtucket, Rhode Island combined. Those statements were audited by other auditors, and insofar as it relates to the amounts included for the City, is based solely on the report issued to the Pawtucket Business Development Corporation.

#### **Opinions**

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pawtucket, Rhode Island, as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

The City implemented Governmental Accounting Standards (GASB) Statement No. 84., Fiduciary Activities.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, General Fund and School Unrestricted Fund Budgetary Comparison Information, Pension related disclosures, and Other Post-Employment Benefit related disclosures as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Pawtucket, Rhode Island's basic financial statements. The supplementary Combining Financial Statements, Tax Collector's Annual Report and Annual Supplemental Transparency Report (MTP2) as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary Combining Financial Statements, Tax Collector's Annual Report, and Annual Supplemental Transparency Report (MTP2) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion Combining Financial Statements, Tax Collector's Annual Report and Annual Supplemental Transparency Report (MTP2) are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 12, 2022, on our consideration of the City of Pawtucket, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Pawtucket, Rhode Island's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Pawtucket, Rhode Island's internal control over financial reporting and compliance.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

Our discussion and analysis of the City of Pawtucket, Rhode Island's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2021. This discussion and analysis should be read in conjunction with the City's financial statements that follow this section.

#### **Financial Highlights**

- The City's total net position increased by \$174,715,317 as a result of this year's operations. On a government-wide basis, the City's liabilities and deferred inflows of resources for the City exceeded its assets and deferred outflows at the close of the most recent fiscal year by (\$228,738,107). This is due to decreases in the Pension and OPEB liability during the current fiscal year.
- ❖ Net position of business activities increased by \$7,918,454, or 7.7%, while net position of governmental activities increased by \$166,796,863 or 33%.
- The City's government-wide (governmental and business activities) operating expenses were \$152,771,516, a 48.94% decrease from the prior year, while revenues collected were \$327,486,833 a 13.22% increase from the prior year.
- As of the close of the fiscal year, the City's governmental funds reported combined ending fund balances of \$55,131,311. Approximately 6.6% of this amount, \$3,663,272 is unassigned and available for use at the government's discretion.
- The remaining fund balance of \$51,468,039 includes \$1,955,175 in non-spendable funds, \$47,349,877 in restricted funds, \$1,841,037 in committed funds and \$321,950 in assigned funds.

#### **New Significant Accounting Standards**

For the fiscal year ended June 30, 2021, the City adopted Governmental Accounting Standard 84 a new statements of financial accounting standards issued by the Governmental Accounting Standards Board (GASB).

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of three components:

- Government-wide financial statements
- Fund financial statements; and
- Notes to the financial statements

In addition to the basic financial statements, this report also contains other supplementary information.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

Overview of the Financial Statements (Continued)

**Government-wide financial statements -** are designed to provide readers with a broad overview of the City's finances in a manner, which is similar to a private-sector business. They are presented on the accrual basis of accounting where revenues and expenses are recognized on the date they occurred rather than on the date they were collected or paid.

The *Statement of Net Position* presents information on all of the City's assets and deferred outflows and liabilities and deferred inflows with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents information which shows how the City's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods. Examples are uncollected taxes and earned but unused compensated absences

Both of the government-wide financial statements distinguish functions of the City, which are supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The City's governmental activities include legislative, judicial and general administrative, financial administration, planning, engineering and inspection, public safety, public works, education and interest on long-term debt. The City's business activities include the Pawtucket Water Supply Board and School Lunch Program.

The government-wide financial statements are reported on pages 23 through 26.

**Fund financial statements** – A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories - governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

#### Overview of the Financial Statements (continued)

The City maintains individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for two funds, the General Fund and School Unrestricted Fund, which are considered to be major funds. Data from the other funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combing statements elsewhere in this report.

The governmental funds financial statements are presented on pages 27 through 30.

The City adopts an annual budget for its General Fund and for its School Unrestricted Fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with this budget.

**Proprietary Funds** - The City's proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City has two enterprise funds. The Pawtucket Water Supply Board, which accounts for the City's water system; and the School Lunch Program, which accounts for School Lunch operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses an internal service fund to account for health & dental benefits. Because these services predominately benefit governmental rather than business type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Pawtucket Water Supply Board and the School Lunch Fund since they are considered to be major funds of the City. The internal service fund financial statement provides information for health & dental plan benefits.

The basic proprietary fund financial statements are presented on pages 31 through 35.

**Fiduciary Funds** - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on pages 36 and 37.

**Notes to Financial Statements** - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are presented on pages 38 through 104.

*Other Information* - In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information pertinent to the City's operations. Required Supplementary information is presented on pages 106 through 122.

The combining statements referred to earlier in connection with non-major governmental funds, are presented on pages 124 through 192.

The fiduciary funds are presented on page 194 through 197.

The annual supplemental transparency reports (MTP2) are presented on pages 199 through 204.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

#### **Government-wide Financial Analysis**

#### Analysis of the City of Pawtucket's Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. The City of Pawtucket, governmental activities liabilities and deferred inflows exceeded assets and deferred outflows by (\$338,943,657) as of June 30, 2021. This is a decrease of \$166,796,863 from the previous year which is a result of increases in the OPEB liability and Teacher's Pension liability.

Listed below is a comparison of the City's net position for the current and prior fiscal years.

#### City of Pawtucket Net Position

		2021		2020				
	Govermental	Business-Type		Govermental	Business-Type			
	Activities	Activities	Total	Activities	Activities	Total		
Current and other assets	\$ 120,424,728	\$ 36,803,546	\$ 157,228,274	\$ 69,251,536	\$ 7,219,649	\$ 76,471,185		
Capital assets	215,203,950	160,939,263	376,143,213	211,733,351	188,383,113	400,116,464

Deferred outflows	97,799,416	940,196	98,739,612	107,114,660	1,321,244	108,435,904		
Current and other liabilities	59,460,015	8,244,032	67,704,047	22,722,206	8,097,738	30,819,944		
Long-term liabilities	603,097,323	78,518,919	681,616,242	818,212,129	85,444,726	903,656,855		
Total liabilities	662,557,338	86,762,951	749,320,289	840,934,335	93,542,464	934,476,799		
Deferred inflows	109,817,911	1,711,006	111,528,917	52,914,827	1,090,948	54,005,775		
Net position:								
Net investment in								
capital assets	95,626,346	85,868,508	181,494,854	91,719,068	78,791,864	170,510,932		
Restricted	47,349,878	25,842,004	73,191,882	35,797,789	27,407,657	63,205,446		
Unrestricted as restated	(481,923,379)	(1,501,464)	(483,424,843)	(633,266,472)	(3,908,927)	(637,175,399)		
Total net postion	\$ (338,947,155)	\$ 110,209,048	\$ (228,738,107)	\$ (505,749,615)	\$ 102,290,594	\$ (403,459,021)		

The largest portion of the City's net position, \$181,494,854 consists of its net investments in capital assets such as land, buildings and improvements, motor vehicles, furniture and equipment and infrastructure, less any debt used to acquire these assets, which is still outstanding. The City uses these capital assets to provide services to its citizens. Consequently, these assets are not available for future spending. Although the City's net investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves are unlikely to be used to liquidate these liabilities. An additional portion of the City's net position, \$73,191,882 represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to its citizens and creditors. As of June 30, 2021, the City of Pawtucket reports a negative balance in net position for the government as a whole.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

#### **Government-wide Financial Analysis (continued)**

#### **Analysis of the City's Operations**

Governmental activities increased the City's net position by \$166,796,863 for the current period, while business-type activities increased by \$7,918,454 for the current period. The increases are mainly due to the increase in the OPEB & Pension liability.

Amounts reported for governmental activities in the statement of activities are different from the amounts reported as fund expenditures. See page 30 for the Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities for a detailed explanation of these differences.

The following schedule presents the Changes in Net Position for the current and prior years' activity.

#### City of Pawtucket Changes in Net Position

#### Financial Analysis of the City of Pawtucket's Funds

**Governmental Funds -** The focus of the City of Pawtucket's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balance of \$55,131,311. Of this amount, \$3,663,272 constitutes net unassigned fund balance. The remainder of the fund balance is classified in Note 7 on page 66 as follows:

Non-Spendable:	
Perpetual care and endowment permanent for	\$ 1,840,184
School department prepaid items	107,280
City special revenue funds	7,711
Total Non-Spendable fund balance	\$ 1,955,175
Restricted:	
Restricted for City special revenue funds	\$ 25,963,264
Restricted for School capital projects funds	6,579,249
Restricted for general School purposes	3,870,413
Restricted for HUD special revenue funds	912,584
Restricted for School special revenue funds	344,273
Restricted for Capital projects funds	9,680,094
<b>Total Restricted fund balance</b>	\$ 47,349,877
Committed:	
Committed for Charter Reserve	\$ 700,000
Committed for City special revenue funds	1,141,037
<b>Total Committed fund balance</b>	\$ 1,841,037
Assigned	
Assigned for revaluation	321,950
<b>Total Assigned fund balance</b>	\$ 321,950
Total	\$ 51,468,039
Unassigned fund balance	3,663,272

**Proprietary Funds -** The City of Pawtucket's proprietary fund statements provide the same type of information as presented in the government-wide financial statements, but in more detail.

Total unrestricted net position of the proprietary funds is reported at (\$1,501,464).

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

#### City General Fund Budgetary Highlights:

#### **REVENUE:**

Real Estate, Tangible and Auto Taxes – were under budget by \$637,904. Prior year taxes came in lower than budgeted by \$1,567,386 in total. Current year Real Estates taxes came in higher than budgeted by \$912,529 and Tangible taxes were over by \$120,166. Current Motor Vehicle tax was over budget by \$103,213. Taxes were over last year by \$466,230 due to an increase in Real Estate taxes but a decrease in Motor Vehicle taxes.

<u>License and Permit Revenue</u> – was under budget by \$210,409 and over last year by \$97,582. We saw slightly higher permits over last year due to the COVID-19 pandemic during FY2020 yet we are still not back to normal.

<u>Fines and Forfeitures</u> – was over budget by \$257,032 and over last year by \$2,687,344. Both variances are mainly due to the new School Camera Fees and Intersection Camera Fees which were implemented in FY2020 and have increased.

<u>Charges for Services</u> – was under budget by \$444,986 and under last year by \$102,926. The variance for both years was mainly due to Rescue Service Fees coming in lower than expected.

<u>Interest Revenue</u> – was under budget by \$330,640 and under last year by \$202,083. The variance for both years is mainly due to less interest collected on various investments and CDs due to interest rates dropping during the COVID-19 pandemic.

<u>Intergovernmental Revenue</u> – was over by \$2,934,114 and was over last year by \$2,892,238. The variance for both years was due to receiving COVID Relief Funds.

<u>Other Financing Sources</u> – was over budget by \$1,575,000 and over last year by \$1,400,179. The variance for this year and last year is due to receiving a one time contribution from the School Department to help due to COVID-19.

<u>Total Revenue</u> – was over budget by \$3,330,300 mainly due to Covid Relief Funds and the Camera Fees being overbudget. We are over last year \$7,500,868 mainly due to the increase in values for Real Estate and Tangible taxes, COVID Relief Funds, and Camera Fees.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

## City General Fund Budgetary Highlights (continued):

#### **Expenditures:**

<u>Legislative</u> – The Legislative Department was under budget by \$721,078 and was under last year by \$402,834.

<u>City Clerks</u> – was under budget by \$85,736 and under last year \$69,376. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

**Board of Canvassers**- was under budget by \$72,028 and over last year \$52,920. The variance for this year was due to all employees participating in a workshare program due to the COVID-19 pandemic. The variance for last year was due to having multiple elections this year compared to last year.

<u>Library</u> – was under budget \$534,446 and under last year by \$382,739. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

There were no material variances in the City Council & Probate Court Divisions.

**Executive** – The Executive Department was over budget by \$928,534 and over last year \$585,728.

<u>Mayor's Office</u>- was under budget by \$95,378 and under last year \$87,404. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Law Department</u> – was over budget by \$610,170 and over last year \$329,595. The variances in both years are due to an increase in outside legal fees.

<u>Insurances</u> – was over budget by \$408,340 and over last year by \$352,357. The variance in both years was due to an increase in claims & judgments and the RI Interlocal Trust insurance.

There were no material variances in the Municipal Court, Contribution Support, & Interdept Contributions.

Finance - The Finance Department was under budget by \$965,523 and under last year \$470,728.

<u>Finance Director Division</u> – was under budget by \$46,396 and under last year \$24,465. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Accounting Division</u> - was under budget by \$140,229 and under last year \$182,003. The variance for both years is mostly due to changes in staffing levels and also all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Tax Assessors Division</u> – was under budget by \$84,883 and over last year \$204,826. The variance for this year is due to all employees participating in a workshare program due to the COVID-19 pandemic. The variance for last year is due to a Revaluation that was done in FY21.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

#### City General Fund Budgetary Highlights (continued):

#### **Expenditures (continued):**

<u>Collections Division</u> – was under budget by \$194,170 and under last year \$134,275. The variance for both years is mostly due to changes in staffing levels and also all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Purchasing Division</u> – was under budget by \$94,683 and under last year \$77,315. The variance for both years is mostly due to changes in staffing levels and also all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Personnel Division</u> – was under budget by \$151,272 and under last year by \$68,330. The variance for both years is mostly due to changes in staffing levels and also all employees participating in a workshare program due to the COVID-19 pandemic.

**Payroll Division**- was under budget by \$22,268 and under last year \$60,391. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Information Technology Division</u> – was under budget \$231,622 and under last year \$128,776. The variance for both years is mostly due to changes in staffing levels and also all employees participating in a workshare program due to the COVID-19 pandemic.

Planning - The Planning Department was under budget by \$301,245 and was under last year by \$62,302.

<u>Planning Department</u> – was under budget by \$82,329 and under last year by \$96,708. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

**Zoning & Code Enforcement Division** – was under budget by \$214,524 and was over last year by \$38,163. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

There was no significant variance in the Development Division.

<u>Public Safety</u> – The Public Safety Department consists of the Police Department, Fire Department, and Other Public Safety Divisions.

**Police** – The Police Department was under budget by \$776,176 and over last year by \$2,357,779.

<u>Uniform Police Division</u> - was under budget by \$608,286 and over last year \$2,318,978. The variance for both years was mainly due to a lag in hiring and Traffic Camera Fees.

<u>Civilian Police Division</u> – was under budget by \$167,890 and over last year by \$38,194. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

#### City General Fund Budgetary Highlights (continued):

#### **Expenditures (continued):**

Fire –The Fire Department was over budget by \$687,033 and over last year \$1,017,626.

<u>Uniform Fire Division</u> – was over budget by \$917,827 and over last year by \$1,003,346. The variance for this year is mainly due to Overtime, Medical IOD, and Housekeeping due to the COVID-19 pandemic. Last year's variance is mainly due to additional costs in salaries and benefits due to raises and increase in health costs and also Housekeeping costs due to COVID-19 pandemic.

<u>Fire Prevention Division</u> – was under budget by \$191,758 and under last year by \$81,164. The variance for both years is mainly due to a lag in hiring.

<u>Fire Civilian Division</u> – was under budget by \$39,036 and over last year by \$95,443. This was mostly due to outsourcing the fire dispatch to the Town of North Providence in February of FY2020.

Other Public Safety Divisions- are under budget by \$340,183 and over last year \$59,681.

<u>Animal Shelter</u>- was under budget by \$101,343 and under last year \$69,798. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Crossing Guards</u> – was under budget by \$238,840 and over last year \$107,517. The variances for both years was mainly due to the school closures in March of 2020 and they were back in session for the entire year of FY21.

There were no material differences in the Emergency Management Division.

Public Works Department – was under budget by \$1,399,864 and under last year \$111,964.

<u>Public Works Director Division</u>- was under budget by \$157,801 and under last year \$60,588. The variance for both years is mostly due to changes in staffing levels and also all employees participating in a workshare program due to the COVID-19 pandemic.

**Engineering Division**- was over budget by \$67,506 and over last year \$87,455. This was mainly due to having to hire Consultants which were not needed the year before.

<u>Equipment Maintenance Division</u> – was under budget by \$332,405 and under last year \$204,708. The variance for both years is mostly due to changes in staffing levels and also all employees participating in a workshare program due to the COVID-19 pandemic.

**Building Maintenance Division** – was over budget by \$129,359 and over last year \$146,065. This was mostly due to many building improvements that were needed due to the COVID-19 pandemic.

<u>City Hall Maintenance Division</u> – was under budget by \$85,793 and under last year \$92,598. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic. We also saved money in our Electric bills due to City Hall being closed one day a week for almost the entire year.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

#### **City General Fund Budgetary Highlights (continued):**

#### **Expenditures (continued):**

<u>Sewer Division</u> – was under budget by \$53,640 and under last year \$17,131. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Beautification Division</u> – was over budget by \$232,101 and over last year \$348,057. The variance for both years is due to an increase in services from our Trash vendor.

<u>Transfer Station Division</u> – was under budget \$324,884 and over last year \$119,458. The variance for both years was mainly due to increase tipping fees.

<u>Highway Division</u> – was under budget by \$655,952 and under last year \$433,506. The variance is mainly due to a reduction in the street lighting charges because of changing the lights to L.E.D. lights and solar credits. It is also due to all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Street Cleaning/Snow Division</u> – was under budget by \$95,425 and over last year by \$47,141. The variances for both years was mainly due to a light snow season in FY2020 as compared to FY2021. It is also due to all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Traffic Division</u> – was under budget \$11,614 and over last year \$2,859. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

<u>Parks Division</u> – was under budget by \$38,197 and over last year by \$50,346. The current year variance is was mainly due to a reduction in staff and participation in workshare and the prior year was due to various maintenance needed in the parks.

<u>Recreation Division</u> – was under budget by \$59,435 and under last year \$91,772. The variance is mainly due to savings in salaries due to workshare and summer program due to the COVID-19 pandemic.

There were no other material variances in the **Daggett Farm Division**.

<u>Senior Center</u>- was under budget by \$108,444 and under last year \$108,444. The variance in both years is due to all employees participating in a workshare program due to the COVID-19 pandemic.

**Fixed Charges (Non-Departmental Costs)** – was over budget by \$3,017,649 and over last year \$227,392.

<u>Debt Service</u> – was over budget by \$1,109,805 and over last year \$1,601,120. The main reason for the difference is we prepaid some of our Debt Service payments in FY21 due to our surplus.

<u>Retiree Benefits</u> – was over budget by \$728,083 and under last year \$1,466,652. The major variance for this year was the increase in health benefits.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

#### City General Fund Budgetary Highlights (continued):

#### **Expenditures (continued):**

<u>Other Fixed Charges</u> – was over budget by \$1,179,761 and over last year \$92,924. The main reason is we budgeted for a savings in lag in hiring of \$1,056,794 and the savings are shown in each department.

<u>Total Expenses</u> – was over budget by \$3,764 and over last year \$3,102,746. The main reason for this year's variance is due to the lag in hiring and workshare savings shown in each division. Also, we had increased expenses due to the COVID-19 pandemic. The variance from last year is due to increase salaries and health insurance benefits.

#### The City of Pawtucket's Capital Assets

The City of Pawtucket's investment in capital assets for its governmental and business-type activities amounts to \$376,143,213 net of accumulated depreciation at June 30, 2021. Included are land, building and improvements, construction in progress, motor vehicles, furniture and equipment and infrastructure. Additional information on the City of Pawtucket's capital assets is located in Note 6 to the financial statements and can be found on page 63.

Additional information on the City's long-term liabilities can be found in Note 9 of the Notes to the Financial Statements and on pages 68 and 69.

The City maintains a "A3" rating from Moody's and an "A-"from Fitch for general obligation debt. The State of Rhode Island imposes a limit of 3 percent of the fair value of all taxable City property on the general obligation debt that a municipality can issue. The City of Pawtucket's limit is \$119,848,494 at fiscal year-end. The City's outstanding general obligation debt that is applicable to the debt limit is \$2,814,000 at year-end, which is \$117,034,494 under the State imposed limitation.

Management Discussion & Analysis (MD&A)

For the Year Ended June 30, 2021

#### **Economic Factors and Next Year's Budgets and Rates**

The City of Pawtucket's total general fund budget for fiscal year 2022 amounts to \$272,262,243, which reflects an increase of \$7,332,451, or a 2.77% increase over the fiscal 2021 budget of \$264,929,792. Of the City's 2022 budget \$130,594,062 or 47.9%, is budgeted for educational purposes and \$141,668,181 or 52.1% is budgeted for other purposes.

The City's tax rate for fiscal year 2022 is \$29.02 per thousand for commercial real property, \$16.58 per thousand for residential real property, \$30.00 per thousand for motor vehicles and \$52.09 per thousand for tangible personal property. Taxes for retail/wholesale inventory have been completely phased out.

#### **Request for Information**

The financial report is designed to provide our citizens, taxpayers and creditors with a general overview of the City's finances and to show the City's accountability for the tax dollars received. Questions concerning this report, or requests for additional information, should be directed to Ms. Joanna L'Heureux, Finance Director, Pawtucket City Hall, 137 Roosevelt Avenue, Pawtucket, RI 02860, Telephone (401)728-0500.

# Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance to the Statement of Activities

#### For the Year Ended June 30, 2021

Net change in fund balances - total governmental funds	\$ 18,648,672
Consumerantal from do noment comital analysis as armon distance. However, in the	
Governmental funds report capital outlays as expenditures. However, in the	
Statement of Activities the cost of those assets are allocated over their	
estimated useful lives and reported as depreciation expense. This is the	
amount by which capital outlays exceeded depreciation in the current period.	
Cost basis, acquisition of assets	11,626,505
Depreciation expense	(8,155,906)
	3,470,599
	(202 244)
Change in Claims accrual	(582,561)
Revenues in the Statement of Activities that do not provide current financial	
resources are fully deferred in the Statement of Revenues, Expenditures and	
Changes in Fund Balances. Therefore, the recognition of revenue for various	
types of accounts receivable (i.e., real estate and personal property, motor	
vehicle excise, etc.) differ between the two statements. This amount represents	
the net change in deferred inflows of resources.	
Deferred taxes	742,083
Loan receivables	(96,882)
2041100114010	(>0,002)
The issuance of long-term debt (e.g., bonds and leases) provides current financial	
resources to governmental funds, while the repayment of the principal of long-	
term debt consumes the financial resources of governmental funds. Neither	
transaction, however, has any effect on net position. Also, governmental funds	
report the effect of issuance costs, premiums, discounts, and similar items when	
debt is first issued, whereas these amounts are deferred and amortized in the	
Statement of Activities. This amount is the net effect of these differences in the	
treatment of long-term debt and related items.	6 505 002
Debt principal payments	6,595,092
Bond premium amortized	261,804
Capital lease payments	2,761,086
Bond refundings for long term debt are amortized over the course of the payable	
	(11 105)
but are not reported as an expenditure in governmental fund statements	(11,195)
In the Statement of Activities, interest is accrued on outstanding long-term debt,	
whereas in governmental funds interest, is not reported until due.	15,792
•	
Some expenses reported in the Statement of Activities, such as compensated absences,	
do not require the current financial resources, and therefore, are not reported as	
expenditures in the governmental funds.	(729,581)
Excess of internal service funds' revenues over expenses, reported as governmental	
activities in the government-wide statement of activities	(1,857,516)
The other postemployment benefit expense reported in the Statement of Activities	
requires the use of current financial resources and is not reported as an	
expenditure in the governmental funds.	
Change in OPEB related outflows	(14,247,411)
Change in OPEB related inflows	(37,981,537)
Change in net OPEB liability	188,524,750
The net pension asset / liability expense reported in the Statement of Activities	
requires the use of current financial resources and is not reported as an	
expenditure in the governmental funds.	
Change in pension related outflows	4,943,360
Change in pension related inflows	(22,614,674)
Change in net pension liability	18,954,983
S	
Change in net position of governmental activities	\$ 166,796,864
	<del></del>

Notes to Financial Statements

For the Year Ended June 30, 2021

### 1. Summary of significant accounting policies:

The basic financial statements of the City of Pawtucket, Rhode Island (the City) have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental entities (U.S. GAAP). In certain instances, summaries of the City's significant accounting policies have been presented throughout the notes to the basic financial statements in conjunction with other disclosures to which they relate. Certain immaterial differences in the accompanying financial statements may exist due to rounding.

#### Financial reporting entity:

The City of Pawtucket is a municipal corporation governed by a Council/Mayor form of government with a nine-member City Council headed by a Council President. In some matters, including the issuance of short and long-term debt, the general laws of the State of Rhode Island govern the City. The City provides the following services: Public Safety (police, fire, traffic safety, inspections, zoning and building), PublicWorks (sanitation, highways and streets, engineering and building maintenance), Planning Engineering and Inspection, Education, Legislative, Judicial, and General Administrative Services.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units are, in substance, part of the primary City's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The definition of the financial reporting entity is based upon the concept that elected officials are accountable to their constituents for their actions. One of the objectives of financial reporting is to provide users of financial statements with a basis for assessing the accountability of the elected officials. The financial reporting entity consists of the City, organizations for which the City is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The City is financially accountable for a component unit if it appoints a voting majority of the organization's governing board and it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the City.

#### Notes to Financial Statements

For the Year Ended June 30, 2021

1. Summary of significant accounting policies (continued):

#### Reporting Entity

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting entity: Omnibus an amendment of GASB Statements No. 14 and No. 34.* Under GASB Statement No. 61, a legally separate entity is required to be included as a component unit if it is fiscally dependent upon the primary government and there is a financial benefit or burden relationship present. The primary government is financially accountable if it appoints the voting majority of the organization's governing board and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A potential component unit has a financial benefit or burden relationship with the primary government if, for example, any one of the following conditions exists:

### Blended Component Unit

The Pawtucket Water Supply Board serves all the citizens of the City and is governed by a board comprised of four members appointed by the Mayor, approved by City council, a member of City Council, and the City Finance Director, who serves ex-officio. The rates for user charges is governed by the general laws of the State of Rhode Island and approval of the Rhode Island Public Utilities Commission. Bond issuance authorizations are approved by City Council and the City is legally obligated to provide resources in case there are deficiencies in debt service payments and resources are not available from any other remedies. The Pawtucket Water Supply Board is reported as an enterprise fund and issues separate financial statements.

### Discretely Presented Component Unit

The Pawtucket Business Development Corporation (Corporation) is a nonprofit corporation whose purpose is to promote the growth of business and industry in Pawtucket through loans to local businesses. The Corporation is governed by a volunteer board of directors, appointed by the Mayor of the City of Pawtucket. The board reviews and approves all loans. The Corporation is managed by employees of the City of Pawtucket Planning Department. No compensation is paid to the Planning Department employees or the City for these services. It is discretely presented as a component unit. Complete financial statements for the Pawtucket's Business Development Corporation may be obtained at their administrative office at 137 Roosevelt Ave, Pawtucket, RI 02860.

Notes to Financial Statements

For the Year Ended June 30, 2021

1. Summary of significant accounting policies (continued):

Basis of presentation:

#### Government-wide financial statements:

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the City has a discretely presented component unit. While the Pawtucket Business Development Corporation is not considered to be a major component unit, it is nevertheless shown in a separate column in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the City's water and transit functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

#### Fund financial statements:

Fund financial statements of the City are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures. Funds are organized into three major categories: governmental, proprietary and fiduciary. An emphasis is placed on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the City or meets both of the following criteria:

- (a) Total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least ten percent (10%) of the corresponding total for all funds of that category or type; and
- (b) Total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental fund or enterprise fund are at least five percent (5%) of the corresponding total for all governmental and enterprise funds combined.

In addition to funds that meet the major fund criteria, any other governmental or enterprise fund that the government's officials believe is particularly important to financial statement users (for example, because of public interest or inconsistency) may be reported as a major fund.

#### Notes to Financial Statements

For the Year Ended June 30, 2021

# 1. Summary of significant accounting policies (continued):

Fund types used by the City and a description of the funds comprising each are as follows:

#### Governmental funds:

Governmental funds are used to account for operations that supply basic government services.

The City uses the following governmental funds:

### General fund:

The General Fund is the primary operating fund of the City and is always classified as a major fund. It is used to account for and report all activities except those legally or administratively required to be accounted for in other funds.

#### Special revenue funds:

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects. The City's major special revenue fund is the School Department, which provides primary education to the City's children. The FY 2020 Stimulus fund is also a major fund in the current year.

#### Capital projects funds:

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned for the acquisition or construction of specific capital projects or items. The Ch 477/428 PL 2012 School Renovation and Equip. fund is a major capital project fund in the current year.

#### Permanent funds:

Permanent funds account for and report assets held by the City where the principal portion of this fund type must remain intact, but the earnings may be used to achieve the objectives of the fund. The City's permanent funds are all non-major funds.

#### Proprietary funds:

Proprietary funds are used to account for business-like activities provided to the general public (enterprise funds) or within the government (internal service funds). These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The City currently maintains two enterprise funds and one internal service funds.

#### Notes to Financial Statements

For the Year Ended June 30, 2021

# 1. Summary of significant accounting policies (continued):

#### Fiduciary funds:

Fiduciary funds are used to report assets held by the City in a trustee or custodial capacity and, therefore, cannot be used to support the City's own programs. The following fiduciary funds are used by the City:

#### Pension trusts:

The Pension Trust Fund (New Plan) is an irrevocable trust used to account for funds that are to be usedfor the payment of retirement benefits to former police and fire employees.

The Pension Plan (Old Plan) is not part of an irrevocable trust, and therefore the assets are held in the City's general fund and used for payment of retirement benefits on a pay-as-you-go basis.

### Other postemployment benefits (OPEB) trust:

The OPEB Trust fund accounts for contributions made by the City and its participating employees to provide postemployment benefits (health insurance) to participating employees.

#### Custodial:

Custodial funds are established when the City holds assets in custody for others in an Custodial capacity. The reporting entity includes the Student Activity Funds.

#### Notes to Financial Statements

For the Year Ended June 30, 2021

### 1. Summary of significant accounting policies (continued):

Basis of presentation (continued):

#### Major and Non-Major Funds

The funds are further classified as major or non-major as follows:

Brief Description:

Major:

General Fund This is the primary operating of the City.

School Unrestricted Fund This fund is used to report all financial transactions of the Pawtucket

School Department, except those legally or administratively required to

be accounted for in other funds.

FY 2020 Stimulus Package Fund

This fund accounts for the City's FY 2020 Stimulus funds

CH 477/428 PL 2012 School Renovate

& Equip School Building Fund

**Proprietary Funds:** 

This fund accounts for the City's CH 477/428 PL 2012 School Renovate &

Equip School Building funds

Water Supply Board This fund accounts for the City's water system.

#### Measurement focus:

On the government-wide Statement of Net Position and the Statement of Activities both governmental and business-like activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and deferred outflows and liabilities and deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. The City considers property taxes as available if they are collected within 60 days after year end.

All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of net income, financial position and cash flows. All assets and deferred outflows and liabilities and deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Custodial funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Notes to Financial Statements

For the Year Ended June 30, 2021

# 1. Summary of significant accounting policies (continued):

Basis of presentation (continued):

#### Basis of accounting:

In the government-wide Statement of Net Position and Statement of Activities both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows and liabilities and deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

All proprietary funds, private purpose trust funds and custodial funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Amounts reported as program revenues include charges to customers or applicants for goods, services or privileges provided and operating grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

### Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance:

#### Cash and Cash Equivalents

For purposes of the cash flow statement, the proprietary funds consider all investments with original maturities of three months or less when purchased to be cash equivalents.

#### Investments

The City's cash and cash equivalents consist of cash on hand, demand deposits, money market accounts and short-term investments with original maturities of three months or less from the date of acquisition.

The City's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### Accounts Receivable

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes, other receivables and intergovernmental receivables. Business-type activities report service fees as its major receivables.

Notes to Financial Statements

For the Year Ended June 30, 2021

# 1. Summary of significant accounting policies (continued):

Basis of presentation (continued):

#### Accounts Receivable (continued):

Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Proprietary fund receivables consist of all revenues earned at year- end and not yet received. Allowances for uncollectible accounts receivables are based upon historical trends and the periodic aging of accounts receivable. The allowance for uncollectible taxes receivable accounts amounted to \$3,300,000 at June 30, 2021. Major receivable balances for the governmental activities include property taxes and intergovernmental receivables 43% and 6%, respectively, of total governmental receivables. Business-type activities report service fees as its major receivables.

#### Inventories

Inventories are stated at cost (using the average cost method) and are recorded as expenditures when consumed.

#### Capital Assets

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

In the government-wide financial statements, capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their acquisition price at the date of donation. Library collections, capital assets that are not being depreciated, are placed into service using the replacement method of cost for any new assets and the expense is charged to depreciation expense in the year of acquisition. As of June 30, 2021, the City's infrastructure assets have been capitalized and reported within the financial statements.

The City defines capital assets as assets with an individual cost of more than \$10,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical costs (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34,the historical cost of infrastructure assets (retroactive to January 1, 1979) is included as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at their acquisition price, which approximates estimated fair value at the date of donation.

#### Notes to Financial Statements

For the Year Ended June 30, 2021

# 1. Summary of significant accounting policies (continued):

Basis of presentation (continued):

#### Capital Assets (continued):

The Pawtucket Water Supply Board's (PWSB in the Enterprise Funds) assets are used as collateral for water improvement revenue bonds.

Depreciation of all exhaustible capital assets is recorded, as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Autos and information processing equipment	5 years
Trucks	8 years
Equipment, furniture and fixtures	10 years
Heavy equipment	25 years
Buildings, infrastructure, water lines and fire hydrants	39 ½ years
Sewer mains and certain water assets	75-100 years

#### **Encumbrances**

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in governmental funds. Open encumbrances at year-end are closed out and re-evaluated at the beginning of the following fiscal year.

#### Property Taxes

The City is responsible for assessing, collecting, and distributing property taxes in accordance with enabling State legislation.

All property taxes for fund statement purposes are recognized in compliance with Section P70, "Property Taxes" of the Codification of Governmental Accounting and Financial Reporting Standards on the Fundstatements.

The City's fiscal 2021 property taxes were levied in July of 2020 on assessed valuation as of December 31, 2019. Upon levy, taxes are billed quarterly and are due on July 15, October 15, January 15 and April 15.

Notes to Financial Statements

For the Year Ended June 30, 2021

### 1. Summary of significant accounting policies (continued):

Basis of presentation (continued):

### Property Taxes (continued):

Failure to mail payments by due dates will result in lien on taxpayer's property. Assessed values are established by Tax Assessor's Office and are currently calculated at 100% of assessed value for real estate and 100% of market value for motor vehicles. The most recent assessment of all real estate was completed as of December 31, 2019.

### Compensated Absences:

Under the terms of various contracts and agreements, City employees are granted vacation and sick leave in the varying amounts based on length of service. The City's policy is to recognize the cost of the vacation and sick leave in governmental funds when paid, and on the accrual basis in proprietary funds. For governmental fund types accrued compensated absences are presented as a current liability for those amounts expected to be paid with current financial resources. In governmental funds compensated absence expenditures are only reported when matured. For those compensated absences not to be paid with current financial resources the liability is recorded in the statement of net position of the government- wide financial statements. See Note 9 for amounts due and payable at June 30, 2021. For proprietary fund types accrued compensated absences are recorded as a liability within those funds. In past years and in future fiscal years the general fund has been used to liquidate the liability for compensated absences in governmental funds other than those which are liabilities on proprietary funds.

#### Judgements and Claims:

Liabilities for legal cases and other claims against governmental funds are recorded when the ultimate liability can be estimated, and such cases are expected to be liquidated with expendable available financial resources. Proprietary fund types record these liabilities using the accrual basis of accounting.

#### **Bond Issuance Costs:**

Bond issuance costs, except any portion related to prepaid insurance costs, are recognized as an expense in the period incurred.

Notes to Financial Statements

For the Year Ended June 30, 2021

#### 1. Summary of significant accounting policies (continued):

#### Net Pension Liability:

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Employees' Retirement System plan (ERS), the New Plan of the Police and Firefighters Employees' Retirement System (PFERS) and the Municipal Employees' Retirement System plan (MERS) and additions to/deductions from ERS/PFERS/MERS' fiduciary net position have been determined on the same basis as they are reported by ERS/PFERS/MERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The pension liability related to the Old Plan of the PFERS, which is a pay-as-you-go plan with no assets, and which is paid out of the general fund, has been determined on the same basis as they are reported by PFERS.

#### Net OPEB Liability:

The net OPEB liability is measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB plan's fiduciary net position. The OPEB plan's fiduciary net position is determined using the same valuation methods that are used by the OPEB plan for purposes of preparing its statement of fiduciary net position. The net OPEB liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

#### Long-Term Obligations:

In the Government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or notwithheld from the actual debt proceeds received, are reported as debt service expenditures.

Notes to Financial Statements

For the Year Ended June 30, 2021

### 1. Summary of significant accounting policies (continued):

#### Deferred outflows of resources:

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period or periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports a deferred charge on refunding and deferred outflows related to pensions and OPEB in the government- wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. A deferred outflow of resources related to pensions and OPEB results from differences between expected and actual experience and investment gains or losses. These amounts are deferred and included in pension and OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plan (active employees and inactive employees). No deferred outflows of resources affect the governmental fund financial statements in the current year.

### Deferred inflows of resources:

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. The City reports deferred inflows for advance property tax collections and deferred inflows of resources related to pensions and OPEB in the government-wide Statement of Net Position. A deferred inflow of resources related to pension and OPEB results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension and OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plan (active employees and inactive employees). Advance property tax collections represent taxes inherently associated with a future period. This amount is recognized during the period in which the revenue is associated. For governmental funds, the City reports unavailable revenue, which arises only under themodified accrual basis of accounting and advance property tax collections. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources (revenue) in the period during which the amounts become available.

#### Notes to Financial Statements

#### For the Year Ended June 30, 2021

#### 1. Summary of significant accounting policies (continued):

#### Self-Insurance:

The City's self-insurance costs for health and general liabilities are accounted for in the City's internal service funds. Claims incurred but not paid, including those which have not been reported, are accounted for as expenses and accrued claims in those funds when a liability has been incurred.

#### **Interfund Transactions:**

### **Nonreciprocal Interfund Activity**

Interfund transfers are reported in governmental funds as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In proprietary funds, transfers are reported after nonoperating revenues and expenses.

Interfund reimbursements are repayments from the fund responsible for particular expenditures or expenses to other funds that initially paid for them. Reimbursements are not displayed separately within the financial statements.

Interfund transactions are accounted for as expenditures/expenses when they constitute reimbursements from one fund to another. These transactions are recorded as expenditures/expenses in the reimbursing fund and are recorded as reductions of expenditures/expenses in the fund receiving the reimbursement. All other interfund transactions are reported as transfers.

#### Net Position/Fund Balance Classifications:

#### Governmental-Wide Statements:

Net position is the result of assets and deferred outflows of resources, less liabilities and deferred inflows of resources, and is displayed in three components:

Net Investment in Capital Assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings excluding unexpended bond proceeds, that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position - Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.

#### Notes to Financial Statements

For the Year Ended June 30, 2021

### 1. Summary of significant accounting policies (continued):

#### Net Position/Fund Balance Classifications (continued):

Unrestricted Net Position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

Governmental fund financial statements:

Governmental fund equity is classified as fund balance in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Fund balance is classified as non-spendable, restricted, committed, assigned or unassigned as described below:

Non-spendable – amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact

Restricted – amounts that have been restricted to specific purposes either by creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation

Committed – The City Council, as the City's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose unless the City Council removes or changes the specific use through the same type of formal action taken to establish the commitment. This constraint must be imposed prior to the fiscal year end, but the specific amount may be determined at a later date.

Assigned - The amounts that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed, should be reported as assigned fund balance. The City does not maintain aspending policy in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definition* therefore any remaining positive portion of unassigned fund balance cannot be considered assigned.

Unassigned – amounts available for any purpose. Only the general fund can report a positive fund balance amount. In other governmental funds, it is not appropriate to report a positive unassigned fund balance fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

Proprietary fund equity is classified the same as in the government-wide statements.

Notes to Financial Statements

For the Year Ended June 30, 2021

#### 1. Summary of significant accounting policies (continued):

#### Net Position Flow Assumption:

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted resources are available for use, it is the City's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

#### Fund Balance Flow Assumption:

Sometimes the City will fund outlays for particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last, unless the City Council has provided otherwise in its commitment or assignment actions by either ordinance or resolution.

#### Intergovernmental revenues:

State aid is recognized as revenue in the year in which funds are appropriated by the Rhode Island General Assembly, provided they are collected during the fiscal year.

### Enterprise revenue:

Program income in enterprise funds is recorded as charges for services and is considered revenue when it is both measurable and available. In the current year, only charges for services and fund received from other governments were considered to be operating revenue. Whereas revenue generated as investment income was considered to be non-operating revenue.

#### Use of estimates:

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements. Estimates also affect the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements

For the Year Ended June 30, 2021

1. Summary of significant accounting policies (continued):

#### Reconciliation of Government-wide Net Position and Fund Financial Statements Fund Balance:

The governmental fund Balance Sheet includes a reconciliation between *fund balance - total governmental funds* and *net position - governmental activities* as reported in the Government-wide Statement of Net Position. One element of that reconciliation explains that "long-term liabilities are not due and payable in the current period and, therefore, are not reported in the fund statements".

# Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance and the Government-wide Statement of Activities:

The governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances includes reconciliation between *net changes in fund balances - total governmental funds and changes in net position of governmental activities* as reported in the Government-wide Statement of Activities. One element of the reconciliation states that "the governmental funds report principal repayments on debt obligations as an expenditure."

Another element of that reconciliation states that, "Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in governmental funds." Also, the allowance adjustment on the ambulance receivables affects the revenue recorded in the Statement of Activities.

### Accounting pronouncements implemented in the current year:

During the fiscal year June 30, 2021, the City of Pawtucket has adopted the following new accounting standards issued by GASB:

GASB Statement No. 84, *Fiduciary Activities* is effective for periods beginning after December 15, 2021. The objective of this statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. An activity meeting the criteria should present a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. An exception to that requirement is provided for a business-type activity that normally expects to hold custodial assets for three months or less. This standard has been implemented by the City of Pawtucket in the current year.

Notes to Financial Statements

For the Year Ended June 30, 2021

### 1. Summary of significant accounting policies (continued):

The City of Pawtucket is currently analyzing is accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

Statement No. 87, "Leases". GASB Statement No. 87 requires that government lessees recognize a lease liability and intangible assets representing the lessee's right to use the leased asset and report in its financial statements amortization expense for using the lease asset for the shorter of the lease term or the useful life of the underlying asset, interest expense on the lease liability and note disclosures about the lease. The Statement also requires government lessors recognize a lease receivable and a deferred inflow of resources and continue to report the leased asset in its financial statements. The revenue, recognized over the term of the lease, corresponding with the reduction of the deferred inflow, interest income on the receivable and note disclosures about the lease must also be included in the financial statements. This standard is currently being evaluated by the City of Pawtucket, management.

Statement are effective for the City of Pawtucket, Rhode Island's for fiscal year ending June 30, 2022.

Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period". GASB Statement No. 89 provides accounting requirements for interest cost incurred before the end of a construction period. It establishes guidance designed to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period. The impact of this standard will be evaluated by the City of Pawtucket, Rhode Island's management for fiscal year ending June 30, 2022.

Statement No. 91, "Conduit Debt Obligations". The primary objectives of GASB Statement No. 91 are to provide a single method to report conduit debt obligation and to eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations and related note disclosures. The impact of this standard will be evaluated by the City of Pawtucket, Rhode Island's management for fiscal year ending June 30, 2023.

Statement No. 92, "Omnibus 2021". GASB Statement No. 92 addresses a variety of topics including, among other things, Leases, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, Fiduciary Activities, Measurement of liabilities related to AROs. The impact of this standard will be evaluated by the City of Pawtucket, Rhode Island's management for fiscal year ending June 30, 2022.

Statement No. 93, "Replacement of Interbank Offered Rates". GASB Statement No. 93 assists state and local governments in the transition away from existing interbank offered rates (IBOR) to other reference rates because of global reference rate reform, wherein the London Interbank Offered Rate (LIBOR) is expected to cease to exist in its current form at the end of 2021. The objective of this Statement is to address implications that result from the replacement of an IBOR in Statement No. 53, Accounting and Financial Reporting for Derivative Instruments and Statement No. 87, Leases and other accounting and financial reporting implications.

Notes to Financial Statements

For the Year Ended June 30, 2021

#### 1. Summary of significant accounting policies (continued):

The impact of this standard will be evaluated by the City of Pawtucket, Rhode Island's management for fiscal year ending June 30, 2022.

Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements". GASB Statement No. 94 establishes standards of accounting and financial reporting for Public-Private and Public-Public Partnerships (PPPs) and Availability Payment Arrangements (APAs). The impact of this standard will be evaluated by the City of Pawtucket, Rhode Island's management for fiscal year ending June 20, 2023.

Statement No. 96, "Subscription-Based Information Technology Arrangements". GASB Statement No. 96 establishes standards of accounting and financial reporting for subscription-based information technology (SBITAs) for government end users. Under this Statement, a government generally should recognize a right-to-use subscription asset, an intangible asset, and a corresponding subscription liability. The impact of this standard will be evaluated by the City of Pawtucket, Rhode Island's management for fiscal year ending June 30, 2022.

Statement No. 97, "Certain Component Unit Criteria, and Accounting and Financial Reporting for internal Revenue Code Section 457 Deferred Compensation Plans - an Amendment of GFASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32". The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The City of Pawtucket has evaluated this criteria in the current year and has determined it does not have a fiscal impact.

#### 2. Stewardship, Compliance and Accountability

### **Budget Information**

In accordance with the City Charter, the Mayor must present to the City Council a recommended annual budget for the operations of all municipal departments prior to the commencement of each fiscal year. The recommended budget must include an appropriation to fund school expenditures in excess of their anticipated revenues as requested by the Superintendent and approved by the School Committee. Estimates of sums expected to become available from federal and state grants for the support of the public schools shall be included in the total requested for school expenditures. The City Council shall appropriate these

Notes to Financial Statements

For the Year Ended June 30, 2021

### 2. Stewardship, Compliance and Accountability (continued):

funds for expenditure by the School Committee and shall appropriate such additional funds from local tax revenues as may be required to meet the total school budget which the City Council approves. The School Committee shall not have the authority to obligate the City financially beyond the total budgetary amount voted by the City Council. The City Council can change only the total amount of the School Committee's recommended budget. The City Council can increase the total amount of the total budget, as presented by the Mayor, only if it makes provisions for increasing anticipated revenue tomatch increases in expenditures in the budget.

The General Fund and the School Unrestricted Fund annual operating budgets are in conformity with the legally enacted budgetary basis. The legally enacted budgetary basis differs from accounting principles generally accepted in the United States of America (U.S. GAAP) in several regards. Budgets are adopted on the modified accrual basis with certain exceptions. Budgetary revenues may include appropriations from fund equity previously recognized under U.S. GAAP. Budgetary expenditures may include provisions to build fund balance.

### Excess of Expenditures over Appropriations

For the year ended June 30, 2021, General Fund expenditures exceeded appropriations in the following categories:

Executive \$	
Employee Benefits	728,083
Other fixed and general Charges	1,179,761
Debt Services	1,109,805

For the year ended June 30, 2021, School Unrestricted Fund expenditures exceeded appropriations in the following categories:

Transfer out - capital projects funds 7,030,827

#### Legal Debt Margin:

The City's legal debt margin as set forth by State Statute is limited to three percent of total assessed value which approximates \$4,182,777,912 based on the December 31, 2019 assessment. As of June 30, 2021, the City's debt is under the debt limit by \$117,034,494 subject to the Maximum Aggregate Indebtedness provision (3% Debt Limit) of the Rhode Island General Laws 45-12-2. All other City debthas been incurred through special statutory authority which consists of approval by the legislature and voter referendum.

Notes to Financial Statements

For the Year Ended June 30, 2021

# 2. Stewardship, Compliance and Accountability (continued):

# **Donor Restricted Endowments:**

The City has received certain endowments of Library and Cemetery maintenance. The amounts are reflected in the net position and restricted for perpetual care and endowments. Investment income is approved for the expenditure by the various boards of the benefiting activities and is included in the nonspendable fund balance.

### Fund Deficits:

Funds with deficit fund balances as of June 30, 2021 were as follows:

City Special Revenue Restricted Funds:	
Substance Abuse	\$ 9,202
Beat COVID	269,102
Details Private Company Reimbursements	21,120
TIF Leg	630,172
CARES IIIB Supportive Services	350
Total city special revenue restricted funds	 929,946
HUD Special Revenue Funds	
CDBG Community Development	\$ 3,661
Home Program	51,125
Total HUD Special Revenue Funds	 54,786
Capital Projects Funds:	
CH137/120 PL 2019 Repave Streets	380,197
CH14/117 PL 18 Public Building	4,464
Commerce RI	22,097
Main Street	12,501
Slater Mill	217,262
Town Pier Town Landing	11,662
PTL	442
Blackstone Bike SEG 3A1	476,890
Exchange Street Enchancements	87,645
Town Landing Env Ri DEM	15,688
CH477/428 PL 2012 School Renovate & Equip School Building	7,340,259
SBA Pay as you GO	 49,408
Total city capital project funds	 8,618,515
Total	\$ 9,603,247

The above capital project funds will be funded by bond debt expected to be issued in the coming year and specifically for these projects.

#### Notes to Financial Statements

For the Year Ended June 30, 2021

#### 3. Cash, Cash Equivalents and Investments

#### **Deposits**

The City's custodial credit risk policy is in accordance with RI General Laws, Chapter 35-10.1, depository institutions holding deposits of the State, its agencies or governmental subdivisions of the State, shall at a minimum, insure or pledge eligible collateral equal to 100% of time deposits with maturities greater than sixty days. Any of these institutions which do not meet minimum capital standards prescribed by federal regulators will insure or pledge eligible collateral equal to 100% of deposits, regardless of maturities.

The City maintains deposits in various financial institutions that are carried at cost except for those amounts which are carried as petty cash. The carrying amount of deposits is separately displayed on the balance sheet as "Cash and Cash Equivalents".

#### Investments

Investments of all idle funds are made through national banks or trust companies, providing that the financial conditions and integrity of the institutions are verifiable and can be monitored. The investment of funds must be in direct obligations of the United States Government and "money market instruments" rated "A" or better. Investments in any one institution cannot exceed five (5) percent of that institutions capital and surplus as set forth in the institutions most recent audited financial statements.

#### Interest Rate Risk

The City and the Pension Trust Fund limits their exposure to fair value losses arising from changes in interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations. This policy avoids the need to sell securities on the open market prior to maturity.

#### **Concentrations**

The City and the Pension Trust Fund's investment policies are to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity.

#### Custodial Credit Risk

#### Deposits

This is the risk that, in the event of failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party.

#### Notes to Financial Statements

For the Year Ended June 30, 2021

### 3. Cash, Cash Equivalents and Investments (continued):

#### Custodial Credit Risk (continued):

At June 30, 2021, the carrying amount of the City, Pawtucket Business Development Corporation, and the Pension Trust Fund's deposits was \$123,271,949, while the bank balance was \$133,390,927, all of which was covered by federal depository insurance or collateralized by the financial institutions and/or third parties in the name of the City, Pawtucket Business Development Corporation, and the Pension Trust Fund.

#### Interest Rate Risk

This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates.

#### Credit Risk

Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The City has no investment policy that would limit its investment choices due to credit risk other than State Statutes governing investments in obligations of any State or political subdivision or in obligations of the State of Rhode Island or political subdivision.

#### Investments

Investments are stated at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City follows the guidance for fair value measurements and disclosures in accordance with GASB Statement No. 72, "Fair Value Measurement and Application".

In determining fair value, the City uses various valuation approaches, as appropriate in the circumstances. GASB Statement No. 72 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Notes to Financial Statements

For the Year Ended June 30, 2021

### 3. Cash, Cash Equivalents and Investments (continued):

- Level 1- Unadjusted quoted priced in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.
- Level 3- Unobservable inputs for the asset or liability (supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

As of June 30, 2021, the City had the following investments:

			Investment Maturities (Years)				
Description	Total Value	Fair Value	Less Than 1	1 - 10	More Than		
Interest-bearing investments at fair value:							
Short-term Investments	\$ 4,796,564	\$ 4,796,564	\$ 4,796,564	\$ -	\$ -		
U.S. Government Securities	28,031,450	28,031,450	8,513,417	15,223,289	4,294,745

HUD Special Revenue	(54,786)
Total Unassigned Fund Balance	\$ 3,663,272

Notes to Financial Statements

For the Year Ended June 30, 2021

# 8. Interfund Receivables, Payables and Transfers

During the course of operations, transactions are processed through a fund on behalf of another fund. Additionally, revenues received in one fund are transferred to another fund. A summary of interfund balances as of June 30, 2021 is presented below:

Fund/Department	Due From Other Funds		C	Due To Other Funds		
General Fund	\$	5,336,282	\$	-		
School Unrestricted Fund		-		134,037		
Special Revenue Funds	-			1,061,996		
<b>HUD Restricted Funds</b>	- 210		210,453			
School Restricted Funds	- 2,44		2,445,284			
Capital Project Funds				1,484,512		
Total	\$	5,336,282	\$	5,336,282		

The principal purpose of interfund transfers is to provide a financing source to various funds that may not have the ability to cover all costs with revenue generated by the fund. The composition of interfund transfers for the year ended June 30, 2021 is as follows:

	Transfer From	Transfers To	
Fund/Department	Other Funds	Other Funds	
General Fund	\$ 1,575,000	\$ 32,899,087	
School Unrestricted Fund	33,145,373	7,964,082	
Special Revenue Funds	149,351	56,200	
School Restricted Funds	-	339,437	
Capital Project Funds	6,579,249	190,167	
Total	\$ 41,448,973	\$ 41,448,973	

# Notes to Financial Statements

For the Year Ended June 30, 2021

# 9. Long-Term Liabilities

# A. Long-Term Liability Activity

Long-term activity for the year ended June 30, 2021 was as follows:

Notes to Financial Statements

For the Year Ended June 30, 2021

## 9. Long-Term Liabilities (continued):

#### B. Debt Service

Payments on all long-term and other long-term liabilities that pertain to the City's governmental activities are made by the Debt Service Fund and the General Fund.

On June 23, 2011, the City Council approved an ordinance authorizing the City to use accumulated funds for the Pawtucket School Department deficit reduction plan in fiscal year 2011. This ordinance allowed the City to transfer accumulated fund balances in various funds to the City's General Fund. The Cemetery Perpetual Care permanent fund transferred \$500,000 to the General Fund, \$350,000 of which was deemed a loan that shall be repaid to the permanent fund in equal payments in the amount of \$40,000 per year for a period of ten years beginning in fiscal year 2013. During June 30, 2021 the loan payable was paid off and there was no remaining loan obligation.

The debt service through maturity for the governmental bonds and loans are as follows:

Fiscal Year Ending	Loans from Dir	Direct Borrowings Bonds		nds
<b>June 30</b>	Principal	Interest	Principal	Interest
2022	\$ 4,517,200	\$ 3,017,317	\$ 2,245,000	\$1,038,207
2023	4,654,200	2,848,753	1,790,000	962,550
2024	4,829,200	2,666,447	1,855,000	896,850
2025	5,010,200	2,490,070	1,930,000	828,725
2026	4,999,200	2,286,353	1,995,000	761,150
2027-2031	23,279,000	8,574,717	7,155,000	2,773,600
2032-2036	23,617,000	4,161,270	6,100,000	1,168,075
2037-2041	8,657,000	476,846	3,120,151	142,875
Totals	\$79,563,000	\$26,521,773	\$26,190,151	\$8,572,032

The debt service through maturity for the business type loans from direct borrowings are as follows:

Fiscal Year Ending June 30	Principal	Interest
2022	\$ 6,096,846	\$ 2,476,578
2023	6,282,003	2,280,741
2024	6,499,000	2,073,195
2025	6,724,000	1,853,750
2026	5,590,000	1,636,018
2027-2031	24,479,000	5,178,122
2032-2036	18,391,000	1,561,374
Totals	\$74,061,849	\$17,059,778

Notes to Financial Statements

For the Year Ended June 30, 2021

#### 10. Bonds Authorized But Unissued:

Bonds authorized but unissued at June 30, 2021 were \$41,650,000 to be used for capital project funds.

#### 11. Defined Benefit Pension Plans

All eligible employees of the City are covered by one of three pension plans: the Municipal Employees' Retirement System of the State of Rhode Island, a hybrid plan with a defined contribution component for certain employees (Municipal Plan); the Employees' Retirement System of Rhode Island (Teachers' Plan); or the Police and Firefighters Employees' Retirement System (New Plan), a contributory defined benefit. The Municipal Plan covers all full-time City and non-certified School Department general employees. The Teachers' Plan covers all School Department personnel certified by the Rhode Island Department of Education who are or have been engaged in teaching or administration as a principal occupation. The Police and Firefighters Employees' Retirement System (New Plan) is mandatory for employees of the City who are covered under a collective bargaining agreement between the City and the Pawtucket Fire Fighters Independent Union and the City and the Pawtucket Lodge No. 4, Fraternal Order of Police.

Eligible retired police and firefighters of the City that were hired prior to July 1, 1973 and July 1, 1972, respectively, are covered by the Police and Firefighters Employees' Retirement System (Old Plan), a defined benefit pension plan.

In November 2011, the State enacted the Rhode Island Retirement Security Act of 2011 (RIRSA), which made broad changes to the Teachers' Plan and Municipal Plan effective July 1, 2012. The most significant changes include changing the structure of the retirement program from a traditional defined benefit plan to a hybrid plan designed with a smaller defined benefit plan and a supplemental defined contribution plan; changing the automatic cost of living adjustment (COLA) from a CPI-related formula to a formula contingent on the actual investment performance over time; suspension/reduction of the COLA during times when the funded ratio is lower than targeted 80% levels; and the re-amortization of the Unfunded Actuarial Accrued Liability (UML) to 25 years from the 19-year schedule as of June 30, 2010. For the Teachers' Plan, teachers not covered by Social Security will participate in additional defined contribution allocations equal to 2% member plus 2% employer. Included within these significant changes are certain rules for transitioning from the prior defined benefit structure to the smaller definedbenefit plan going forward. The changes in the defined benefit plan instituted by RIRSA have been fully reflected in the actuarial valuation as of June 30, 2012.

	Measurement Date	Pension Liability	 Net Pension Liability	 ferred Outflows of Resources	 ferred Inflows of Resources	 Pension Expense

Notes to Financial Statements

For the Year Ended June 30, 2021

## 12. Defined Benefit Pension Plans – Police & Fire Department Old Plan

#### A. General Information about this Pension Plan

## Plan Description:

The Old Plan covers police officers who were hired prior to July 1, 1973 and firefighters who were hired prior to July 1, 1972. The Old Plan is unfunded, with benefits paid out of the City's general fund on a pay-as-you-go basis. The Police and Firefighters Pension Old Plan does not issue stand-alone financial reports. Pawtucket's City Council acts as the board of the Old Plan.

## B. Summary of Significant Accounting Policies

#### Basis of Accounting

The Police and Firefighters Pension Plan is administered by the City, and is accounted for on the accrual basis of accounting. Expenses (benefits, administration and refunds) are recognized when they are due and payable in accordance with the terms of the Plan.

## Funding Policy (Old Plan only)

Each fiscal year, the City pays into the pension plan a sum equal to the actual benefit payout of the Plan for that year. As the Old Plan matures, the amounts payable each year, in general, will decrease until paid in full. The City at present is not intending to create a pool of assets to cover these projected costs but rather will allow this Plan to run its course. Because there are no active employees in the Old Plan and because the diminishing contributions and funds for payment are built into the taxpayer's rate and budget, the Plan will not add additional burden to future taxpayers and, thus, will continue as is until completion.

#### Benefits Provided

The Police and Firefighters Pension Plan provides pension wages, but does not provide medical benefits.

In the event that an employee died prior to retirement and was survived by a spouse or children, the spouse was entitled to a pension benefit equal to 30% of the employee's highest or final salary plus an additional 10% for each dependent child less than 21 years of age. The benefit could not exceed a total of 50% of the member's highest or final salary. The benefits will continue during the lifetime of the spouse or until he/she remarries.

Cost of Living Adjustments are equal to 0% to 3% annually to every three years, depending on the member's date of retirement and collective bargaining agreement the member is covered by.

Notes to Financial Statements

For the Year Ended June 30, 2021

12. Defined Benefit Pension Plans – Police & Fire Department Old Plan (continued):

## Employees Covered by Benefit Terms

At the June 30, 2021, valuation date, the following employees were covered by the benefit terms:

Retirees, Disability retirees and beneficiaries receiving benefits 19

#### **Contributions**

All of the Old Plan participants are now retirees or beneficiaries. The City pays the benefits of the Old Plan on a pay-as-you go basis through an annual budgetary appropriation. For the year ended June 30, 2021 the City paid \$292,820.

## Pension Liability

The total pension liability was determined by actuarial valuations performed as of June 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement.

## **Actuarial Assumptions and Methods**

# Summary of Actuarial Assumptions Used in the Valuation to Determine the Pension Liability at the July 1, 2021 Valuation Date

Actuarial Assumptions Method	Entry Age Normal - The Individual entry Age Normal
	Cost Methodology is used
Actuarial Assumptions	
Project Salary Increase	None, since all members are now retired
Inflation	3.00%
Cost of living adjustments	Cost-of living increases have been assumed to be 3.0% per year
Annual Rate of Mortality	It is assumed that both pre-retirement and post retirement mortality
	are represented by the RP-2000 combined mortality table adjusted
	to Blue Collar (male tables) with 1 year setback, and Scale AA
	improvement through 2011. Disabled morttality is assumed to
	follow the RP-2000 combined mortality table adjusted to Blue
	Collar (males tables) set forward 1 year for males and 2 years for
	females, and scale AA improvement through 2011.

Notes to Financial Statements

For the Year Ended June 30, 2021

## 12. Defined Benefit Pension Plans – Police & Fire Department Old Plan (continued):

## Summary of Changes in Pension Liability - Old Plan

	Total Pension Liability	
Balances as Of July 1, 2020	\$	1,457,819
Charges for the Year:		
Interest on the total pension liability	pension liability 105,78	
Difference between expected and actual experience	(55,657)	
Benefit payments, including employee refunds	(292,820)	
Net changes		(242,694)
Balance as of June 30, 2021	\$	1,215,125

## Sensitivity of the Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the employers calculated using the discount rate of 7.50%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate.

	Current				
		% Decrease (6.50%)	Discount Rate (7.50%)	1% Increase (8.50%)	
Plan's Net Pension Liability	\$	1,266,675	\$ 1,215,125	\$ 1,168,204	

Notes to Financial Statements

## 13. Defined Benefit Pension Plans – Police & Fire Department New Plan

#### A. General Information about the Pension Plan

#### Plan Description

The City administers a single employer defined benefit pension plan for Police and Fire Employees ("New Plan"). The New Plan covers police officers who were hired after July 1, 1973 and firefighters who were hired after July 1, 1972. The New Plan is prefunded, the information of which can be viewed in the fiduciary fund section of these financial statements. The New Plan does not issue stand-alone financial reports. Pawtucket's City Council acts as the board of the New Plan.

#### B. Summary of Significant Accounting Policies

## Basis of Accounting

The New Plan is administered by the City and is accounted for on the accrual basis of accounting. Revenues (contributions and investment income) are recognized when they are earned and expenses (benefits, administration and refunds) are recognized when they are due and payable in accordance with the terms of the New Plan.

#### Method Used to Value Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value. There are no investments of 5% or greater in any one organization.

### Benefits Provided

The New Plan provides pension benefits, and death and disability benefits. Mandatory retirement age under the Plan is 65. Members are vested in their benefits after 10 years of service, accruing 2.5% for each year of service up to and including their 20th year, with a benefit equal to 50% of the member's final average compensation. A member is entitled to an additional 2% of final average compensation or each year of service over 20 years, not to exceed 10 years or 70%. Details specific to each group are as follows:

#### **Police**

Final average compensation is defined as the highest 3-year average salary rate over the last 10 years. Police members who had 23 years and 4 months of service as of July 1, 2014 shall be entitled to additional pension benefit of 3 2/3% for each year of service up to a maximum of 70%. This additionalbenefit shall begin to accrue from July 1, 2013.

Notes to Financial Statements

For the Year Ended June 30, 2021

- 13. Defined Benefit Pension Plans Police & Fire Department New Plan (continued):
  - B. Summary of Significant Accounting Policies (continued)

#### **Firefighters**

Firefighter members hired before May 1, 2013 retiring after 20 years of credited service are also entitled to an additional retirement benefit of 3% of the member's base for each year of service over 20 years, but not to exceed an additional 3 years and 4 months, and 2% for each year of service thereafter, with a maximum retirement benefit of 70%. Firefighter members hired after May 1, 2013 retiring after 20 years of credited service are entitled to an additional retirement benefit of 2% of the member's Base for each year of service over 20 years, with a maximum retirement benefit of 70%. Final average compensation is defined as the latest 3-year average salary rate.

Any member that withdraws from service prior to retirement (10 years) is entitled to a refund in a single sum of the amount of contribution made to the New Plan with interest at 4%. The payment of a refund under the provisions automatically affects a waiver and forfeiture of all accrued rights and benefits on the part of the member.

Employees that become totally and permanently disabled are eligible for a benefit equal to 66 2/3% of the employee's pay at the time the disability occurs, plus an additional 10% for each dependent child of the employee until the child reaches the age of 21, with a maximum total disability benefit not to exceed 80% of the employee's pay at the time of the occurrence of the disability. The disability benefit will continue until the employee reaches normal retirement, at which time the member will receive the normal retirement benefit.

In the event that an employee dies prior to retirement and is survived by a spouse or children, the spouse is entitled to a pension benefit equal to 50% of the employee's highest or final salary plus an additional 10% for each dependent child less than 21 years of age. The benefit cannot exceed a total of 70% of the member's highest or final salary. The benefits will continue during the lifetime of the spouse or until he/she remarries.

Cost of Living Adjustments are equal to 1% to 3% annually depending on the member's date of retirement and collective bargaining agreement the member is covered by.

#### Notes to Financial Statements

For the Year Ended June 30, 2021

13. Defined Benefit Pension Plans – Police & Fire Department New Plan (continued):

## Employees Covered by Benefit Terms

At the July 1, 2021 valuation date, the following employees were covered by the benefit terms:

Retirees, disability retirees and beneficiaries receiving benefits	423
Active plan members vested	294
Subtotal	717

#### **Contributions**

Employee and Employer contribution requirements are established and may be amended by City Council ordinance or union contract.

Eligible police and fire employees hired before May 1, 2013 are required to contribute 7.5% of their salary to the Plan. Employees hired after May 1, 2013 contribute 9%. Firefighters and police contribute 8% beginning on July 1, 2014, increasing to 8.5% effective July 1, 2015, and 9% commencing July 1, 2016 in accordance with Collective Bargaining Agreements as of July 1, 2014 and the approved Funding Improvement Plan.

The City establishes employer contributions based on an actuarially determined contribution recommended by an independent actuary. The actuarially determined contribution is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2021, the City contributed \$14,830,895 in the year ended June 30, 2021 which was 65.37% of annual covered payroll.

#### **Net Pension Liability**

The total pension liability was determined by actuarial valuations performed as of June 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement.

Notes to Financial Statements

For the Year Ended June 30, 2021

13. Defined Benefit Pension Plans – Police & Fire Department New Plan (continued):

#### **Actuarial Assumptions and Methods**

# Summary of Actuarial Assumptions Used in the Valuation to Determine the Pension Liability at the July 1, 2021 Valuation Date

Actuarial Assumptions Method	Entry Age Normal - The Individual entry Age Normal
_	Cost Methodology is used
Investment Rate of Return	7.50%
Project Salary Increases	Police & Fire Employees - 2.00% to 11.00%
Inflation	3.00%
Mortality	It is assumed that both pre-retirement and post retirement
	mortality are represented by the RP-2000 combined mortality
	table adjusted to Blue Collar (male tables) with 1-year setback, and
	Scale AA improvement through 2011. Disabled mortality is assumed
	to follow the RP-2000 combinded mortality table adjusted to blue
	collar male tables; set forward 1 year for males and 2 years for
	females, and Scale AA improvement through 2011.
Cost of living adjustments	Cost-of-living increase have been assumed to be 3.00% per year

The actuarial assumptions used in the July 1, 2021 valuation were consistent with the results of an actuarial experience study performed as of July 1, 2014.

The long-term expected rate of return on pension plan investments was determined using a building-block method on which best estimates ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return and by adding inflation.

The City determined 7.50% as the long-term expectation of investment returns. The average return for the past 5 years ending June 30, 2021 exceeded 7.50%. The June 30, 2021 expected geometric returns over the long term by asset class as developed by the City's investment consultant, which are utilized by the actuary and summarized below. Best estimates of rates of return for each major asset class included in the pension plan's target allocation as of June 30, 2021 are summarized in the following table:

	Long -Term	Long -Term
	Expected Rate of Return	Expected
Asset Class	Net of Inflation	Rate of Return
Cash	0.00%	3.00%
Equities	6.25%	9.25%
Government Fixed Income	1.50%	4.50%
Corporate Fixed Income	3.00%	6.00%

Notes to Financial Statements

For the Year Ended June 30, 2021

13. Defined Benefit Pension Plans – Police & Fire Department New Plan (continued):

#### Discount Rate

The discount rate was selected based on a projection of employer and employee contributions, benefit payments, expenses and the long term expected rate of return on New Plan assets. Rhode Island law requires locally administered plans to adopt a plan to become fully funded by 2042. Based on these laws and assumptions, the pensions plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Rate of Return

For the year ended June 30, 2021, the annual money weighted rate of return on pension plan investments, net of pension plan investment expense, was 29.07%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

## Summary of Changes in Net Pension Liability - New Plan

	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
	(a)	<b>(b)</b>	(a) - (b)
Balance as of 7/1/2020	\$ 294,073,710	\$ 136,627,513	\$ 157,446,197
Changes for the year:			
Service cost	4,410,486	-	4,410,486
Interest on total pension liability	21,711,466	-	21,711,466
Change of benefit terms	-	-	-
Differences between expected and actual experience	11,087,015	-	11,087,015
Changes in assumptions	-	-	-
Contributions - employer	-	14,830,895	(14,830,895)
Contributions - employee		2,192,857	(2,192,857)
Net investment income	-	39,808,168	(39,808,168)
Benefit payments, including employee refuds	(18,327,302)	(18,327,302)	-
Administrative expense		(207,826)	207,826
Net changes	18,881,665	38,296,792	(19,415,127)
Balance as of 6/30/2021	\$ 312,955,375	\$ 174,924,305	\$138,031,070

Notes to Financial Statements

For the Year Ended June 30, 2021

## Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the employers calculated using the discount rate of 7.5%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate.

	Current				
	1% Decrease (6.50%)	Discount Rate (7.50%)	1% Increase (8.50%)		
Plan's Net Pension Liability	\$ 177,003,126	\$ 138,031,070	\$ 105,764,376		

## Pension Plan Fiduciary Net Position

The Plan Fiduciary Net Position as a percentage of the total New Plan Pension Liability is 55.9%.

# Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2021, the City recognized pension expense of \$11,483,490. The City reported deferred outflows and inflows of resources related to pensions from the following sources:

Deferred Defer Outflows of Inflow Resources Resou	
Differences between expected and actual experience \$ 15,395,465 \$	-
Changes of assumptions 4,04	6,671
Difference between projected and actual earnings on	
plan investments -	-
Excess/ deficit investment retures	7,139
Total deferred outflows / (inflows) \$ 15,395,465 \$25,82	3,810

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:						
2022	\$ (2,186,136)					
2023	\$ (2,056,326)					
2024	\$ (2,548,273)					
2025	\$ (4,265,175)					
2026	627,565					
	\$(10.428.345)					

Notes to Financial Statements

For the Year Ended June 30, 2021

#### A. General Information about the Pension Plan

## Plan Description

The Municipal Employees' Retirement System (MERS) - an agent multiple-employer defined benefit pension plan - provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly. MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at <a href="https://www.ersri.org">www.ersri.org</a>.

#### B. Benefits Provided

General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

Salary: Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

Service: Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

Final Compensation: Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries.

Notes to Financial Statements

For the Year Ended June 30, 2021

Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three-year FAC as of July 1, 2012 or the five-year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

### **General Employees**

Members with less than five years of contributory service as of June 30, 2012 and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012 will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012 as described above. The interpolation is based on service as of June 30, 2012 divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

Notes to Financial Statements

For the Year Ended June 30, 2021

#### Other Benefit Provisions

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount afterage 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

- a. The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended. The first interim COLA may begin January 1, 2018.
- b. Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%
- c. The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on every fourth-year provision described in (a) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$25,000 for 2013, \$25,000 for 2014, \$25,168 for 2015, \$25,855 for 2016, and \$26,098 for 2017.

Notes to Financial Statements

For the Year Ended June 30, 2021

## Employees Covered by Benefit Terms

At the June 30, 2020 valuation date, the following employees were covered by the benefit terms:

Retirees and Beneficiaries	473
Inactive, Nonretired Members	217
Active Members	517
Subtotal	1,207

#### **Contributions**

The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012 are required to contribute 2% of their salaries. General employees with more than 20 years of service as of June 30, 2012 are required to contribute 8.25%. Public safety employees are required to contribute 10% of their salaries. The City contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The City contributed \$3,639,123 in the year ended June 30, 2021 which was 18.03% of annual covered payroll.

## Net Pension Liability

The total pension liability was determined by actuarial valuations performed as of June 30, 2019 and rolled forward to June 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement.

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2020 measurement date (June 30, 2019 valuation rolled forward to June 30, 2020)			
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.		
Amortization Method	Level Percent of Payroll - Closed		
Actuarial Assumptions			
Investment Rate of Return	7.00%		
Projected Salary Increases	General Employees - 3.50% to 7.50%; Police & Fire Employees - 4.00% to 14.00%		
Inflation	2.5 %		
Mortality	Mortality – Variants of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP16.		
Cost of Living Adjustments	A 2% COLA is assumed for all MERS units with COLA provision.		

Notes to Financial Statements

For the Year Ended June 30, 2021

The actuarial assumptions used in the June 30, 2020 valuation rolled forward to June 30, 2019 and the calculation of the total pension liability at June 30, 2020 were consistent with the results of an actuarial experience study performed as of June 30, 2019.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 39 sources. The June 30, 2020 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

	Target	Long-term expected real
Asset class	allocation	rate of return
Global equity:		
U.S. equity	23.00%	6.31%
International Developed Equity	12.10%	6.71%
<b>Emerging Markets Equity</b>	4.90%	8.69%
Private Growth		
Private Equity	11.25%	9.71%
Non-Core RE	2.25%	5.66%
Opportunistic Private Credit	1.50%	9.71%
Income		
High Yield Infrastructure	1.00%	3.88%
REITS	1.00%	5.66%
Equity Options	2.00%	6.04%
EMD (50/50 Blend)	2.00%	2.28%
Liquid Credit	2.80%	3.88%
Private Credit	3.20%	3.88%
Crisis Protection Class		
Treasury Duration	5.00%	0.10%
Systematic Trend	5.00%	3.84%
Inflation Protection		
Core Real Estate	3.60%	5.66%
Private Infrastructure	2.40%	6.06%
TIPs	2.00%	0.74%

Cash	2.00%	0.10%
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Notes to Financial Statements

For the Year Ended June 30, 2021

#### Discount Rate

The discount rate used to measure the total pension liability of the plan was 7.0%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
	(a)	(b)	(a) - (b)
Balance as of 7/1/2019	\$ 128,139,527	\$ 96,697,443	\$ 31,442,084
Changes for the year:

## Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the employers calculated using the discount rate of 7.0%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate.

1.0	0% Decrease	<b>Current Discount</b>		1.0	0% Increase
(6.0%)		Rate (7.0%)			(8.0%)
\$	42,209,712	\$	30,686,566	\$	16,779,464

#### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

## Pension Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2021, the employer recognized pension expense of \$4,085,353. The employer reported deferred outflows and inflows of resources related to pensions from the following sources:

Description of Outflows/Inflows	Deferred Outflows of Resources		Deferred Inflow of Resources	
Contributions Subsequent to the measurement date	\$	3,639,123	\$	
Difference in experience		181,803		4,603,195
Difference in assumptions		944,322		1,141,741
Excess (deficit) investment returns		1,771,466		
Total	\$	2,897,591	\$	5,744,936
			\$	(2,847,345)

\$3,639,123 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent period.

Notes to Financial Statements

For the Year Ended June 30, 2021

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2022	\$ (895,065)
2023	(1,231,363)
2024	(728,988)
2025	 8,071
	\$ (2,847,345)

## **Defined Contribution Plan Description**

Certain employees participating in the defined benefit plan, as described above, may also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute 1% of annual covered salary. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The City of Pawtucket recognized pension expense of \$110,983, for the fiscal year ended June 30, 2021.

The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the system. The report may be obtained at http://www.ersri.org.

Notes to Financial Statements

For the Year Ended June 30, 2021

General Information about the Pension Plan

#### Plan Description

Certain employees of the Pawtucket School District participate in a cost-sharing multiple-employer defined benefit pension plan - the Employees' Retirement System plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the Plan, regardless of the status of the employers' payment of its pension obligation to the Plan. The Plan provides retirement and disability benefits and death benefits to plan members and beneficiaries.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersri.org.

#### Benefits Provided

The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire at September 30, 2009 may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of service and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than 5 years of service as of July 1, 2012. Members are vested after 5 years of service.

The Plan provides for survivor's benefits for service-connected death and certain lump-sum death benefits. Joint and survivor benefit provision options are available to members.

Cost of living adjustments are provided but are currently suspended until the collective plans administered by ERSRI reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments are provided at four-year intervals commencing with the plan year ended June 30, 2016.

The Plan also provides nonservice-connected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

Notes to Financial Statements

For the Year Ended June 30, 2021

#### **Contributions**

The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the Plan. For fiscal 2021, Pawtucket School District teachers were required to contribute 3.75% of their annual covered salary except for teachers with twenty or more years of serviceas of June 30, 2012 must contribute 11% of their annual covered salary. The State and the Pawtucket School District are required to contribute at an actuarially determined rate, 40% of which is to be paid by the State and the remaining 60% is to be paid by Pawtucket School Department; the rates were 10.75% and 14.50% of annual covered payroll for the year ended June 30, 2021 for the State and Pawtucket School District, respectively. The Pawtucket School District contributed \$8,340,134, \$9,296,964, and \$8,155,386 for the years ended June 30, 2021, 2020 and 2019, respectively, equal to 100% of the required contributions for each year. The State's share of contribution for fiscal 2021 was \$8,340,134 and is reported as on-behalf payments and included in both revenue and expenditures on the financial statements.

## Pension Liabilities, Pension Expense, and Deferred Outflows or Resources and Deferred Inflows of Resources

At June 30, 2021, the Pawtucket School District reported a liability of \$105,497,806 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the State. The amount recognized by the Pawtucket School District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the Pawtucket School District were as follows:

Pawtucket School Department proportionate share of net pension liability	\$ 105,497,806
State's proportionate share of the net pension liability associated with the Pawtucket School Department	78,387,454
Total net pension liability	\$ 183,885,260

The net pension liability was measured as of June 30, 2020, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020. The Pawtucket School District proportion of the net pension liability was based on a projection of the Pawtucket School District long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the state, actuarially determined. At June 30, 2020, the Pawtucket School District proportion was 3.30%.

Notes to Financial Statements

For the Year Ended June 30, 2021

For the year ended June 30, 2021 the Pawtucket School District recognized gross pension expense of \$18,360,081 and revenue of \$7,932,902 for support provided by the State. At June 30, 2020 the Pawtucket School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description of Outflows/Inflows	Deferred Outflows of Resources		Deferred Inflows of Resources		
Differences between expected and actual experience	\$	1,031,486	\$	2,055,993	
Changes of assumptions		4,709,591		2,458,450	
Net difference between projected and actual earnings on pension plan investments		2,141,818		-	
Changes in proportion and differences between System contributions and proportionate share contributions		2,873,596		2,563,918	
Contributions subsequent to the measurement date	\$	8,340,134 19,096,625	\$	7,078,361	
Net amount of deferred outflows and (inflows) excluding PSD contributions subsequent to measurement date			\$	3,678,130	

The \$8,340,134 reported as deferred outflows of resources related to pensions resulting from the Pawtucket School District contributions in fiscal year 2021 subsequent to the measurement date will be be recognized as a reduction of the net pension liability in the subsequent period. This and all other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2022	\$ 238,768
2023	1,572,820
2024	1,799,376
2025	865,442
2026	(573,036)
Thereafter	(225,240)
	\$ 3,678,130

Notes to Financial Statements

For the Year Ended June 30, 2021

## **Actuarial Assumptions**

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50%
Salary Increases 3.00% - 13.00%
Investment rate of return 7.50%

Mortality – Variants of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP16.

The actuarial assumptions used in the June 30, 2019 valuation rolled forward to June 30, 2020 and the calculation of the total pension liability at June 30, 2020 were consistent with the results of an actuarial experience study performed as of June 30, 2019.

Notes to Financial Statements

For the Year Ended June 30, 2021

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 39 sources. The June 30, 2020 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

	Target	Long-term expected real
Asset class	allocation	rate of return
Global equity:		
U.S. equity	23.00%	6.31%
International Developed Equity	12.10%	6.71%
Emerging Markets Equity	4.90%	8.69%
<b>Private Growth</b>		
Private Equity	11.25%	9.71%
Non-Core RE	2.25%	5.66%
Opportunistic Private Credit	1.50%	9.71%
Income		
High Yield Infrastructure	1.00%	3.88%
REITS	1.00%	5.66%
Equity Options	2.00%	6.04%
EMD (50/50 Blend)	2.00%	2.28%
Liquid Credit	2.80%	3.88%
Private Credit	3.20%	3.88%
<b>Crisis Protection Class</b>		
Treasury Duration	5.00%	0.10%
Systematic Trend	5.00%	3.84%
Inflation Protection		
Core Real Estate	3.60%	5.66%
Private Infrastructure	2.40%	6.06%
TIPs	2.00%	0.74%
<b>Volatility Protection</b>		
IG Fixed Income	3.25%	1.54%
Securitized Credit	3.25%	1.54%
Absolute Return	6.50%	3.84%
Cash	2.00%	0.10%
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Notes to Financial Statements

For the Year Ended June 30, 2021

#### Discount Rate

The discount rate used to measure the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

## Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability calculated using the discount rate of 7.0% as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate.

1.00% Decrease		<b>Current Discount</b>		1.00% Increase	
(6.0%)		Rate (7.0%)		(8.0%)	
\$ 1	26,580,679	\$	105,497,806	\$	80,054,240

#### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

## **Defined Contribution Plan Description**

Employees participating in the defined benefit plan with less than 20 years of service as of June 30, 2012, as described above, also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute between 1% and 1.5% of annual covered salary depending on the employee's total years of service as of June 30, 2012. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Notes to Financial Statements

For the Year Ended June 30, 2021

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The Pawtucket School District recognized pension expense of \$649,687 for the fiscal year ended June 30, 2021.

The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the system. The report may be obtained at http://www.ersri.org.

## 16. Other Post-Employment Benefit

## Plan Description

The City provides post-retirement benefits to retired individuals as required by union contracts with City municipal employees, teachers, School department administrators (through age 65), police officers, and firefighters through a single-employer defined benefit plan (OPEB). Benefits include: 1) full health coverage for the retiree and their spouse, and 2) full dental coverage for the retiree and their spouse. The City obtains a biennial actuarial valuation report which can be obtained from the City's Finance Director at City Hall, 137 Roosevelt Avenue, Pawtucket, Rhode Island 02860.

## Summary of Significant Accounting Policies and Plan Asset Matters

#### Basis of Accounting

The OPEB trust fund financial statements are prepared on the accrual basis of accounting. Contributions are recognized when they are due, pursuant to formal commitments and contractual requirements. Investment income is recognized when earned. Expenses (benefits and administration) are recognized when they are due and payable in accordance with terms of the plan.

## Valuation of Investments

Investments are valued at fair value. Securities traded on national exchanges are valued at the last reported sales price. There are no investments of 5% or greater in any one organization.

Notes to Financial Statements

For the Year Ended June 30, 2021

#### Classes of Employees Covered

As of June 30, 2021 (date of the last actuarial valuation), membership data was as follows:

<b>Inactive or Beneficiaries Receiving Benefits</b>	630
Active Employees	1509
Total	2139

#### **Funding Policy**

The City established an Irrevocable Trust Agreement (OPEB Trust) effective in 2017 and has started topre-fund OPEB liabilities.

#### **Investments**

## Rate of Return

For the year ended June 30, 2021, the annual money-weighted rate of return on plan investments, net of investment expense was 31.03%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts of actually invested.

The long-term expected rate of return on OPEB plan investments was determined using the building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. These rates do not include inflation assumption which is assumed to be 2%. The target allocation and best of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Asset Class	Long-term Expected Real Rate of Return
U.S. Equity	48.00%	U.S. Equity	4.30%
Non-U.S. Equity	21.00%	Non-U.S. Equity	6.50%
U.S. Aggregate Bonds	9.00%	U.S. Aggregate Bonds	2.00%
Intermediate-Term Credit	5.40%	Intermediate-Term Credit	2.50%
Short-Term Credit	3.60%	Short-Term Credit	2.20%
Intermediate-Term TIPS	5.00%	Intermediate-Term TIPS	1.10%
REITs	8.00%	REITs	4.00%
Total	100.00%		

Notes to Financial Statements

For the Year Ended June 30, 2021

## Net OPEB Liability

Description	Amounts
Total OPEB Liability (TOL)	\$217,471,373
Fiduciary Net Position	1,403,167
Net OPEB Liability (NOL)	216,068,206
Funded ratio (Fiduciary Net Position / NOL)	0.65%

## **Actuarial Assumptions**

The total OPEB liability was determined by an actuarial valuation as of June 30, 2021, using the following actuarial assumptions applied to all periods included in the measurement, unless otherwise specified:

<b>Description</b>	Assumption
Salary increases	3.25% average, including inflation
Discount Rate	2.50%
Healthcare cost trend rates	4.5% for 2021 and later years

It is assumed that the pre-retirement and post retirement mortality for general employees and Teachers are represented by the MERS Class A assumptions for 2013. It is assumed that the pre-retirement and post retirement mortality for Public Safety employees are represented by the RP2000 Mortality Table with Blue Collar adjustment, projected to 2011 using Scale AA. For disabled general and Teacher members is represented by the MERS mortality assumptions for 2013. For Public Safety disabled retirees, it is represented by RP2000 Mortality Table with Blue Collar adjustment, projected to 2011 using Scale AA, set forward 1 year for males and 2 years for females.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actual experience study for the period July 1, 2016 - June 30, 2017.

## Discount Rate

The discount rate used to measure the total OPEB liability was 2.50%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Notes to Financial Statements

For the Year Ended June 30, 2021

## Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	Impact of 1% Change in Discount Rate			
	1% Decrease	<b>Current discount</b>	1% Increase	
	(1.50%)	rate (2.50%)	(3.50%)	
Total OPEB liability	\$ 243,840,150	\$ 216,068,206	\$ 193,120,141	

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates. The following presents the net OPEB liability of the City, as well as the City's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

	Impact of 1% Change in Healthcare Trend Rate			
	Current trend			
	1% Decrease	rate	1% Increase	
Total OPEB liability	\$ 187,452,533	\$ 216,068,206	\$ 251,628,355

# 19. Contingencies and Commitments

Notes to Financial Statements

For the Year Ended June 30, 2021

## Litigation

During the ordinary course of its operations, the City is a party to various claims, legal actions and complaints, and adequately provides for losses and accrues liabilities for losses when they are both probable and can be reasonable estimated.

The City is involved in the early stages of litigation with several plaintiffs relating to tax assessment appeals, personal injuries and contract disputes. The outcomes of the cases are not known at this time. Management is rigorously defending the cases and has calculated the range of potential liability, after applying the City's insurance deductible, if the City should not prevail to be between \$0 and \$4,554,000. At June 30, 2021, \$1,781,928 estimated for loss contingencies that the City could be potential liable for.

## Property and Liability Insurance

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; and natural disasters. As a result, the City participates in a non-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) (the Trust) which provides coverage for property and liability claims. Upon joining the Trust, the City signed a participation agreement which outlines the rights and responsibilities of both the Trust and the City. The agreement states that for premiums paid by the City, the Trust will assume financial responsibility for the City's losses up to the maximum amount of insurance purchased, minus the City's deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its members. Under the participation agreement, the City is insured for a maximum of \$4,000,000 per occurrence. Settled claims resulting from these risks have not exceeded the Trust coverage in any of the past three fiscal years. There were no significant reductions in insurance coverage during the year ended June 30, 2021. At June 30, 2021, the Trust's estimated reserves on open claims not subject to coverage amounted to approximately \$1,325,000, which the City could be liable for.

#### Grants

The City has received federal and state grants for specific purposes that are subject to audit by the grantors or their representatives. Such audits could lead to requests for reimbursement to the grant agency for expenditures disallowed under terms of the grant. City officials believe such disallowances, if any, would be immaterial. In FY 2022 the City received \$7,003,941 on September 1, 2021 and \$22,131,140 in June 2021 relating to the FY 2020 Stimulus package the American Rescue Act.

#### 20. Risk Management

Notes to Financial Statements

For the Year Ended June 30, 2021

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters for which the City carries commercial insurance. Settled claims resulting from these risks have not exceeded the City's coverage in any of thepast three fiscal years and there have been no significant reductions in insurance coverage from the prior year. The City maintains an internal service fund for Health/Dental (medical) insurance, which is a cost-plus health and dental plan that has a self-insurance mechanism with a stop gap maximum claim amount at \$300,000.

The claims liability reported in the internal service fund at June 30, 2021 is based on the requirements of GASB Statement No. 10 and 30, which require that a liability for estimated claims incurred but not reported be recorded. The amount of claim accrual is based on the ultimate costs of settling the claim, which include past experience data, net of estimated subrogation recoveries. The claim accrual does not include other allocated or unallocated claims adjustment expenses. At June 30, 2021 and 2020, the City has estimated a liability for incurred but not reported claims (IBNR) based on actual claims paid subsequent to year end but related to claims incurred prior to June 30, 2021 and 2020, as follows:

	2021	2020	
IBNR at Beginning of Year	\$ 1,581,435	\$	1,766,752
Claims Incurred During the Year	35,567,172		33,190,006
Claims Paid During the Year	(35,209,341)		(33,375,323)
			_
IBNR at End of the Year	\$ 1,939,266	\$	1,581,435

#### 21. Tax Abatements

The City enters into tax abatement agreements with local businesses under its Real Estate Tax Stabilization Program. Under the program, new businesses locating in a commercially zoned property with the City or the rehabilitation of property may qualify for a tax incentive.

For the fiscal year ended June 30, 2021, the City abated property taxes totaling \$2,315,616 under this program, including the following tax abatement agreements to new businesses locating in a commercially zoned property or rehabilitation of property:

#### 21. Tax Abatements (continued):

#### Notes to Financial Statements

#### For the Year Ended June 30, 2021

Purpose	Percentage of Taxes Abated During the Fiscal Year	Amount of Taxes Abated During the Fiscal Year	
Adaptive reuse of blighted mill property into residential units	32%		
		. ,	
Attract the relocation of Corporate Office Operations in Pawtucket increase jobs	18%	25,952	
Adaptive reuse of blighted mill property into market rate residential units	84%	169,458	
Adaptive reuse of blighted mill property into market rate residential units	25%	20,852	
Brewery buildout for economic development	100%	32,009	
Increase size and employment base	76%	99,999	
Retain and increase leased vehicle fleet operations	49%	420,520	
New adaptive reuse mill property into market rent apartments	29%	28,651	
New adaptive reuse mill property into market rent apartments	59%	75,625	
New adaptive reuse mill property into market rent apartments	65%	71,402	
Conversion of Mill space into multi unit commercial	17%	11,819	
New construction apartments and retail	98%	682,406

Adaptive reuse of mill property into market rent	35%	22,042	
Land only three years then 50% of building	78%	27,532	
New Construction of self stroage	92%	188,630	
Office residential reuse	75%	14,118	
Adaptive reuse of mill to residential	66%	226,618	
Adaptive reuse of mill to residential and commerical	73	64,387	
Total		\$ 2,315,616	

#### 22. National Pandemic – Corona Virus (Covid-19):

On January 30, 2020, the World Health Organization declared the coronavirus to be a public health emergency. On March 9, 2020, the Governor of the State of Rhode Island declared a state of emergency to combat a novel coronavirus disease (COVID-19).

The City derives a significant portion of its revenues from property taxes. While the City has not experienced any significant increase in the amount of delinquency from its taxpayers, the situation creates uncertainty about the impact of future revenues that might be generated. In addition, at this time, it is uncertain what the effects of the pandemic will be on the City's health care costs, changes in interest rates, investment valuation and the future federal or state fiscal relief.

Management is carefully monitoring the situation.

## 23. Subsequent Events

On December 23, 2021 the Pawtucket Redevelopment agency (PRA) issued its \$20,000,000 Pawtucket Redevelopment Agency (Apex properties Project) Taxable Lease Revenue Bond Anticipation Notes (BAN), 2021 series. The PRA purchased five Apex proprieties. The BAN is a five-year BAN. The properties are being held for sale, of the properties are not sold then the BAN will be funded with the TIF bond and taxes from the TIF area will pay the bond payment.

In January of 2022 the City issued a \$30,235,000 bond through RIHEBC. The City received \$5,183,943 in premium with the issuance of the bond making the total amount received \$35,418,943. This bond will be used to pay off the outstanding BAN of \$34,000,000 which is due in January of 2022.

#### 24. Restatement

#### Notes to Financial Statements

For the Year Ended June 30, 2021

The following is a restatement that occurred at the fund financial level:

	Governmental Funds		School Restricted Funds		
Beginning Balance July 1, 2020	\$	36,477,048	\$	349,514	
GASB Statement No. 84 Implementation		5,597		5,597	
Beginning Balance July 1, 2020, Restated	\$	36,482,645	\$	355,111	

The following is the restatement that occurred at the government wide level. This includes the adjustments above plus any additional adjustments:

	Governmental	
	Activities	
Beginning Balance July 1, 2020	\$	(505,749,615)
GASB Statement No. 84 Implementation		5,597
Beginning Balance July 1, 2020, Restated	\$	(505,744,018)

The following is the restatement that occurred at the fiduciary fund level:

	Custodial	
	Funds	
Beginning Balance July 1, 2020	\$	-
GASB Statement No. 84 Implementation		310,366
Beginning Balance July 1, 2020, Restated	\$	310,366

The following restatement occurred in order to reclassify fund FY 2020 Stimulus Package and CH 477/428 PL 2012 School Renovate & Equip School Building from nonmajor special revenue and capital project funds to major funds. The change is outlined below:

	~	Major			
	Governmental		Nonmajor		
		Funds		Funds	
Beginning balance, July 1, 2020	\$	-	\$	(2,887,842)	
To reclassify nonmajor City capital project fund and City Special revenue fund as a major fund accordingly to GASB 34		(2,887,842)		2,887,842	
Beginning balance, July 1, 2020, restated	\$	(2,887,842)	\$	-

Balance, GAAP Basis - June 30, 2021	\$	101,658,399	\$	125,643,031

Required Supplementary Information

Notes to Required Supplementary Information – Budgetary Comparison

For the Year Ended June 30, 2021

#### Adoption:

Budget is adopted for the General Fund on a legally enacted budgetary basis which differs from accounting principles generally accepted in the United States of America (U.S. GAAP) in several regards. Budget is adopted on the modified accrual basis of accounting, except those budgetary expenditures include encumbrances in the year incurring the commitment to purchase, and budgetary revenues include subsidies from fund balance previously recognized under U.S. GAAP.

Encumbrances are not liabilities and, therefore, are not recognized as expenditures under U.S. GAAP until receipt of materials or services. For budgetary purposes, unencumbered and unexpended appropriations lapse at year end and outstanding encumbrances are included in the budgetary expenditures in the year committed. The City reserves a portion of fund balance in the governmental fund financial statements equal to outstanding encumbrances at year end. At June 30, 2021, the City did not have open encumbrances.

#### **Budgetary Compliance:**

Municipal budgetary control is legally enforceable at the department level. An appropriation transfer between departments and intra-departmental transfers of municipal appropriations requires approval of the City Council. In addition to limits enforced by the budget, the City's Home Rule Charter further restricts municipal expenditures relative to budgeted revenues.

#### Budgetary to GAAP Basis Reconciliation:

There were no differences between budgetary basis and GAAP basis of accounting for the City's General Fund for the year ended June 30, 2021. There were differences between the budgetary basis and GAAP Basis of accounting for the School Unrestricted Fund for the year ended June 30, 2021.

Notes to Supplementary Information – Annual Supplemental Transparency Report (MTP2) For the Year Ended June 30, 2021

#### NOTE 1. Basis of Presentation

The Annual Supplemental Transparency Report (MTP2) is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the audit report is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location.

The format of the *Annual Supplemental Transparency Report (MTP2)* was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

#### NOTE 2. Reportable Government Services

Data consistency and comparability are among the key objectives of the State's Municipal Transparency portal. Consistent with that goal, the State has defined "reportable government services", RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality's general fund. The *Annual Supplemental Transparency Report (MTP2)* includes a reconciliation to the fund level statements.

#### NOTE 3. Allocations

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the City's (or City's) budget and accounting system. To report these costs, the City (or CITY) made allocations of costs to the State's departmental groupings based on a reasonable basis.

#### NOTE 4. Employee Groups - Compensation and Benefit Costs

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefits costs are reported in the following employee groupings:

Group A: This group consists of employees who serve the primary function of the department.

- Police Department police officers (e.g., uniform personnel including, leadership positions)
- Fire Department fire fighters (e.g., uniform personnel including, leadership positions)
- Centralized Dispatch Department civilian dispatchers only
- Education Department professional staff providing direct services to students
- For the remaining departments all employees' compensation and benefits are reported under Group A

Notes to Supplementary Information – Annual Supplemental Transparency Report (MTP2) For the Year Ended June 30, 2021

#### NOTE 4. Employee Groups - Compensation and Benefit Costs (continued)

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other post-employment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

#### NOTE 5. Education Revenue and Expenditures

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: <a href="http://www.municipalfinance.ri.gov/">http://www.municipalfinance.ri.gov/</a>.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Members of the City Council City of Pawtucket, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the City of Pawtucket, Rhode Island (City), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated January 12, 2022.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
