Honorable Town Council  
West Greenwich, Rhode Island

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of the Town of West Greenwich for the fiscal year ended June 30, 2021.

This report consists of management's representations concerning the finances of the Town of West Greenwich. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Town of West Greenwich has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Town of West Greenwich's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Town of West Greenwich's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town of West Greenwich's financial statements have been audited by Wadovick & Company, a licensed certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of West Greenwich for the fiscal year ended June 30, 2021, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Town of West Greenwich's financial statements for the fiscal year ended June 30, 2021, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Town of West Greenwich's MD&A can be found immediately following the report of the independent auditors.

### ***PROFILE OF THE GOVERNMENT***

The Town operates under a Home Rule Charter adopted in 1996 providing for election of a council of five members. Elected officials include the Town Moderator, (who presides at all financial Town Meetings), Town Clerk, School Committee (3 members), and Town Sergeant. All elected officials have two-year terms, with the exception of the School Committee, who serve four-year staggered terms.

The Town of West Greenwich, Rhode Island is located in Kent County, approximately twenty-five (25) miles south of Providence, along Interstate 95. The State of Connecticut lies to the west, while the Towns of Coventry, West Warwick and East Greenwich share the northern, southern and eastern boundaries, respectively. The Town comprises approximately 33,000 acres or 51 square miles. West Greenwich has a population of approximately 6,528 full time residents. The Town is characterized as a rural community with numerous active farms, forested areas and open meadows. Industry consists primarily of the Technology Park.

Appointed officials, as provided in the Charter, include the Town Administrator, Town Treasurer, Deputy Town Clerk, Deputy Treasurer, Tax Collector, Deputy Tax Collector, Director of Human Services, Sealer of Weights and Measures, Rescue Person, Animal Control Officer, Police Chief, Constables, Building and Zoning Inspector, Judge of Probate Court, Town Solicitor, Planning Board, Town Planner, Zoning Board, Tax Assessor, Highway Supervisor, Corder of Wood, Tree Warden, 911 Coordinator, Conservation Commission, Board of Assessment Review, Juvenile Hearing Board, and Emergency Management Director.

The existing and potential future impacts that are imposed upon the Town's natural and cultural resources by increased development are numerous. The Town's attraction to early settlers, which drew residents to this community, now faces disruption by increasing demands placed on them by the growing population. Mitigating the effects of human habitation on the Town's natural resources while providing a balanced climate in which residents can live, work and play is the current challenge of the Town.

### ***REPORTING ENTITY AND ITS SERVICES***

This report includes all the funds of the Town.

The Town of West Greenwich provides a full range of services. These services include public safety, streets, recreation and parks, education, health and welfare and general administration.

### ***ECONOMICS, CONDITIONS AND OUTLOOKS***

West Greenwich has a full-time Town Planner and a part-time Planning Board. It has a Building Code, Minimum Housing Standards Code, Building Regulations and Zoning Ordinance. The Comprehensive Plan was adopted in 1995.

It is becoming increasingly difficult to maintain the Town's rural character and low tax rate. ### ***MAJOR INITIATIVES***

Our Comprehensive Plan was originally approved in 1995 and has been revised and updated several times since; we are currently reviewing and updating the Plan according to new State Guide Plan Elements.

Commercial development remains fairly active and supported by the Town. The Zoning Ordinance is continually reviewed and amended to stay current with economic trends.

A new condominium development has added new growth to the Town's tax base without creating additional expenditures for the Town. While Dupuis Oil expanded their operations into West Greenwich to better serve the South County area.

## ***FOR THE FUTURE***

The Town established an Affordable Housing Plan Task Force and completed the State-mandated Affordable Housing Plan which was submitted to the Statewide Planning Office during December 2004, and approved during the fiscal year ended June 30, 2006. In compliance with our State approved Affordable Housing Plan and the special zoning that we created, the Cedar Ridge – Senior Residential Condominiums, with 15 affordable units, is nearing completion. Additionally, we created Gray Birch Condominiums with 24 units.

During 2007, the Town received a grant in the amount of \$200,000 for future public safety improvements and capital outlay. In 2021, the Town utilized \$8,248 of these funds to purchase capital outlay. The remaining grant balance at June 30, 2021 is \$69,441.

## ***DEPARTMENTAL ACCOMPLISHMENTS***

## INDEPENDENT AUDITOR'S REPORT

To the Honorable President and  
Members of the Town Council  
West Greenwich, Rhode Island

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of West Greenwich, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of West Greenwich, Rhode Island as of June 30, 2021, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and budgetary comparison and pension information on pages 4 – 9 and 46 – 52 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of West Greenwich, Rhode Island's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, custodial fund financial statements, annual supplemental transparency report and accompanying notes, other supplementary information and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, custodial fund financial statements, annual supplemental transparency report and accompanying notes and other supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and other supplementary information are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2021, on our consideration of the Town of West Greenwich, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Richmond-Carolina Fire District's internal control over financial reporting and compliance.

TOWN OF WEST GREENWICH, RHODE ISLAND  
MANAGEMENT'S DISCUSSION AND ANALYSIS

Unaudited

For the Fiscal Year Ended June 30, 2021

As the management of the Town of West Greenwich, we offer readers of the Town's Financial Statements this narrative overview and analysis of the Town's financial activities for the fiscal year ended June 30, 2021. Included within our discussion will be a series of comparative tables, serving to more clearly illustrate changes in the Town's financial position. These tables will reflect governmental activities for the fiscal years ended 2021 and 2020.

**FINANCIAL HIGHLIGHTS**

- ❖ The assets and deferred outflows of resources for the Town of West Greenwich exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year ended by \$9,459,273. Of that amount, \$4,349,649 may be used to meet the Town's ongoing obligations to citizens and creditors in accordance with the Town's fund designation and fiscal policies.
- ❖ The Town's net position increased by \$976,332 or 11.5% through current year activities. This increase was mainly due to strong collection rates, favorable spending and new grant sources.
- ❖ As of the close of the fiscal year, the Town's governmental funds reported combined ending fund balances of \$6,342,944. Approximately 56.6% of this amount, \$3,587,033 is unreserved and available for use within the Town's designation and fiscal policies.
- ❖ At the end of the current fiscal year, the general fund's unassigned fund balance was \$3,587,033, or 16.6% of the total general fund budgeted expenditures for the fiscal year. The current fiscal year's general fund revenues, transfers and proceeds exceeded expenditures and transfers by \$394,566 on the Fund Financial Statements.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of four parts – Management's Discussion and Analysis, the basic financial statements, required supplementary information and other supplemental information that presents combining statements for nonmajor governmental funds and fiduciary funds. The basic financial statements include two types of statements that present different views of the Town of West Greenwich. The first two statements are government-wide financial statements that provide both long-term and short-term information about the Town's overall financial position. The remaining statements are fund financial statements that focus on individual parts of the Town's government, reporting the Town's operations in more detail than the government-wide financial statements.

**Government-wide financial statements** – The government-wide financial statements report information about the Town as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, deferred outflows of resources, liabilities and deferred inflows of assets. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Town's net position and how they have changed. Net position, the difference between the Town's assets and liabilities, are one way to measure the Town's financial health or financial position.

TOWN OF WEST GREENWICH, RHODE ISLAND  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
Unaudited  
For the Fiscal Year Ended June 30, 2021

The government-wide financial statements of the Town are divided into two categories:

- Governmental activities – Most of the Town's basic services are included here, such as the police, fire, public works, court, streets, recreation, library, solid waste disposal, parks departments, and general administration. Property taxes, state-shared revenue, charges for services, and court revenues provide most of the funding.
- Business-type activities – The Town charges fees to customers to help it cover the costs of certain services it provides. The Town did not have any business-type activities during the fiscal year ended June 30, 2021.

**Fund financial statements** – The fund financial statements provide more detailed information about the Town's most significant funds – not the Town as a whole. Funds are accounting devices that the Town uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by State law and bond covenants. The Town Council establishes other funds to control and manage money for particular purposes.

The Town has two kinds of funds:

- Governmental funds – Most of the Town's basic services are included in governmental funds, which focus on how cash and other financial assets can readily be converted to cash flow in and out, and the balances left at year-end that are available for spending. The governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs.
- Fiduciary fund – The Town is responsible for ensuring that the assets reported in this fund are used for their intended purpose. All of the Town's fiduciary activities are reported in a separate statement of fiduciary net position. These activities are excluded from the Town's government-wide financial statements because the Town cannot use these assets to finance its operations.

TOWN OF WEST GREENWICH, RHODE ISLAND  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
Unaudited  
For the Fiscal Year Ended June 30, 2021

**GOVERNMENTAL ACTIVITIES**

Revenue from governmental activities totaled \$22,576,216 in 2021. A total of \$20,288,762 was in the form of property tax revenue that reflects a constant in the total mill rate and existing property valuation. State-shared revenues provided \$913,599 in 2021 which is an increase of \$168,597 from 2020. This increase was due to additional State funding sources due to the pandemic. The State has passed their budget for 2022, which was adopted showing revenue sharing to be flat. Charges for services generated \$532,406 in 2021 which is a increase of \$123,655 from 2020. This increase was due to higher collections of licenses, permits and conveyance tax.

**CURRENT ECONOMIC EVENTS**

As of the date of this audit, the Town of West Greenwich remains very stable with an accumulated surplus of \$6,342,944 compared to last year's accumulated surplus of \$5,391,108.

The Town completed a State-mandated statistical reevaluation in 2020 which is reflected in the 2021 budget and tax rate. Taxes have remained relatively stable and our commercial/industrial tax base contributes roughly 34% of our local tax revenue. The Town initiated a "Homestead" exemption during 2005 which allowed for a 27% reduction in the residential tax rate. This "Homestead" exemption was reduced in 2011 to 14%. As of June 30, 2021, our commercial/industrial rate is \$23.79, our residential rate is \$23.79, and our vacant residential property rate is \$16.96.

A great deal of effort is put forth by the various Town boards to ensure that the Town grows at a manageable rate.

**FINANCIAL ANALYSIS OF TOWN FUNDS AND BUDGETS**

The General Fund ended 2021 with a total fund balance of \$4,410,506 (compared to \$4,015,940 in 2020), with a designation of \$122,177 for appropriation in fiscal year 2022. Several factors affected operating results including the increase in State funding and a general economic stabilization. The total fund balance of the General Fund increased by \$394,566. The increase in fund balance was higher than expected and was due to a favorable collection of property taxes, collection of unanticipated revenues and governmental spending. Revenues were favorable in all areas. Expenditures were favorable in all areas except financial administration, public works, planning and debt service.

The total expenditures for the General Fund exceeded the final budget.

The aggregate Fund Balance of Nonmajor Other Governmental Funds was \$1,569,089 which is an increase of \$570,233 from 2020. This increase was due additional revenues sources as well as favorable spending.

**CAPITAL PROJECTS**

During fiscal year 2021, the Town acquired the following capital assets:

- 2021 Ford Police Inceptor Utility
- 2019 Ford F-550 with plow and dump body

For more information on Capital Assets, see Note 7.

TOWN OF WEST GREENWICH, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2021

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting methods and procedures adopted by the Town of West Greenwich, Rhode Island, conform to generally accepted accounting principles (GAAP) as applied to governmental entities. The following notes to the basic financial statements are an integral part of the Town’s Annual comprehensive financial report.

***FINANCIAL REPORTING ENTITY***

The Town of West Greenwich was incorporated in April 1741. The Town is governed largely under the 1996 West Greenwich Home Rule Charter. It operates under a Town Council/Town Administrator form of government with a five-member Town Council headed by a Council President. In some matters, including the issuance of short and long-term debt, the Town is governed by the general laws of the State of Rhode Island. The Town provides the following services as authorized by its charter: public safety (police, fire, traffic safety, inspection, zoning and building); public works (sanitation, highways and streets, engineering and building maintenance); recreation; education; social services; and general administrative services.

Members of the Town Council are elected by taxpayers for a term of two years. The Town Council is granted all power to enact, amend or repeal ordinances relating to the Town’s property, affairs and government, including the power to create offices, departments or agencies of the Town, preserving the public peace, health and safety, establishing personnel policies, giving effect to any vote of the Financial Town Meeting authorizing the issuance of bonds and debt and providing for an annual audit of the Town’s records.

The Town complies with generally accepted accounting principles (GAAP). Generally accepted accounting principles (GAAP) include all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 61. Under GASB Statement No. 61, a legally separated entity is required to be included as a component unit if it is fiscally dependent upon the primary government and there is a financial benefit or burden relationship present. The primary government is financially accountable if it appoints the voting majority of the organization’s governing board and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burden on, the primary government. A potential component unit has a financial benefit or burden relationship with the primary government if, for example, any of the following conditions are met:

- a) The primary government is legally entitled to or can otherwise access the organization’s resources.
- b) The primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization.
- c) The primary government is obligated in some manner for the debt of the organization.

***BASIS OF PRESENTATION***

*Government-Wide Financial Statements*

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for *fiduciary funds* (the activity of these funds are reported in the statement of fiduciary net position and changes in fiduciary net position. The government-wide financial statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-

type activities are financed in whole or in part by fees charged to external parties for goods or services. The Town had no business-type activities for the fiscal year ended June 30, 2021.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures. Funds are normally organized into three major categories: governmental, proprietary and fiduciary. An emphasis is placed on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type, and;
- b) Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

In addition to funds that meet the major fund criteria, any other governmental or enterprise fund that the government's officials believe is particularly important to the financial statement users (for example, because of public interest or consistency) may be reported as a major fund. All remaining governmental funds are aggregated and reported as nonmajor funds.

Governmental Funds Types

These are the funds through which most governmental functions are typically financed. The funds included in this category are as follows:

*General Fund* – is used to account for resources devoted to financing the general services the Town performs for its citizens. General tax revenues and other sources of revenues used to finance the fundamental operations of the Town are included in this fund. The fund is charged with all costs of operating the government for which a separate fund has not been established.

*Special Revenue Funds* – are used to account for the proceeds of specific revenue sources (grants and fund transfers) that are legally restricted to expenditures for specified purposes. The Town had twenty-eight special revenue funds. See complete listing on pages 21-22.

*Permanent Funds* – are used to account for assets held by the Town where the principal portion of this fund type must remain intact, but the earnings may be used to achieve the objectives of the fund. The Town's only permanent fund is for perpetual care of cemeteries and was determined to be nonmajor.

Proprietary Fund Types

These fund types account for operations that are organized to be self-supporting through user charges. For the year ended June 30, 2021, the Town held no proprietary funds.

Fiduciary Funds Types

These fund types account for assets held by the Town as a trustee or agent for individuals, private organizations, and other units of governments. *Fiduciary Fund types are not part of the reporting entity in the Government-wide financial statements.* These funds are as follows:

*Custodial Funds* – are used to account for funds that are to be used for educational and welfare expenditures and for funds held in escrow for other parties. ***MEASUREMENT FOCUS AND BASIS OF ACCOUNTING***

***Measurement Focus***

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) are presented using the “economic resources” measurement focus as defined in item (b) below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a) All governmental funds utilize a “current financial resource” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. The Town considers property taxes as available if they are collected within sixty days after year end.
- b) Under the “economic resources” measurement focus, the accounting objectives are the determination of net income, financial position and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported.
- c) Custodial funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

***Basis of Accounting***

In the government-wide Statement of Net Position and Statement of Activities the activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

TOWN OF WEST GREENWICH, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2021

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available”. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

All custodial funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Amounts reported as program revenues include charges to customers or applicants for goods, services or privileges provided and operating grants and contributions. Internally dedicated resources are reported general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Cash and Cash Equivalents – Cash and cash equivalents are carried at cost. Cash equivalents are all highly liquid investments with a maturity of three months or less when purchased. Substantially all of the Town’s cash and cash equivalents are held in public deposit institutions except for \$300 in unsecured petty cash. Pursuant to Section 35-10-1 of the Rhode Island General Laws, as of October 1, 1991, public deposit institutions are required to insure accounts which hold public funds in excess of \$250,000 which is guaranteed by the FDIC. The Town pools cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. Cash in excess of current requirements is invested in short-term treasury securities or as disclosed as part of the Town’s investments. The Town had no cash equivalents at June 30, 2021.

Accounts Receivable – In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes, intergovernmental grants and aid and other receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as property taxes and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Allowances for uncollectible accounts receivables are based upon historical trends and the periodic aging of accounts receivable. The allowance for uncollectible accounts receivable amounted to \$340,893 at June 30, 2021. Major receivable balances for the governmental activities include property taxes and intergovernmental receivables (99.7% and 0.3%, respectively of total governmental receivables).

Property Taxes – Real and personal property taxes are based on values assessed as of each December 31, (lien date) and attach as an enforceable lien on property as of July 1 (levy date). Taxes are due in equal quarterly installments on August 31, November 30, February 28 and May 31, annually. Taxes due and unpaid after the respective due dates are subject to interest at the rate of 10% per annum calculated on the unpaid portion of the total tax. An automatic lien is placed on the taxpayer’s property if payment has not been received by the tax due date. Property taxes levied are recorded as receivables in the fiscal year of levy. Property tax revenues are recorded in accordance with the modified accrual basis of accounting in the fund financial statements.

Inventory, Prepaid Expenses, and Accruals – Expenditures for inventory-type items are not recorded as assets, but rather as expenditures at the time purchased. Prepaid expenses are not recorded within governmental funds. Accruals are recorded when liabilities are incurred.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2021

Premium on General Obligation Bonds – In the government-wide financial statements, premiums on general obligation bonds are capitalized and amortized over the life of the bonds, using the straight-line method. The premium is included in long-term debt obligations.

Interfund Transactions – Interfund activity within and among the funds of the Town have been classified and reported as follows:

Reciprocal interfund activities:

- Interfund loans are reported as interfund receivables in the lending fund and interfund payables in borrower funds.
- Interfund services are reported as revenues in the seller fund and as expenditures or expenses in the purchasing fund.

Non-reciprocal interfund activities:

- Interfund transfers are reported in governmental funds as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers.
- Interfund reimbursements are repayments from the fund responsible for particular expenditures or expenses to other funds that initially paid for them. Reimbursements are not displayed separately within the financial statements.
- Interfund transactions are accounted for as expenditures/expenses when they constitute reimbursements from one fund to another. These transactions are recorded as expenditures/expenses in the reimbursing fund and are recorded as reductions of expenditures/expenses in the fund receiving the reimbursement. All other interfund transactions are reported as transfers.

Unearned Revenues – Represent funds received or billed in advance of being owed, or receivables, which will be collected and included in revenues of future fiscal years. In the General Fund, unearned revenue relates to property tax receivables which were assessed on December 31, 2019.

In the government-wide financial statements, unearned revenue represents funds received in advance of being earned/owed or receivables which will be collected and included in revenues of future fiscal years. In the General Fund, (of the financial statements), unearned revenue includes property taxes receivable which were assessed on December 31, 2019 and prior and are not collected with 60 days following June 30, 2021. Net unearned taxes included in the fund financial statements were \$1,151,155.

Capital Assets – In Governmental Fund type, operations are accounted for using the “current financial resources” measurement focus. Capital assets, which include property, plant and equipment, and infrastructure (e.g. road, bridges curbs and gutters, streets and sidewalks, and drainage systems), are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The Town defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34, the Town has chosen to prospectively report infrastructure assets as part of the governmental capital assets reported in the government-wide statements. Donated assets, works of art and similar items, and assets received in a service concession arrangement are

TOWN OF WEST GREENWICH, RHODE ISLAND  
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
 June 30, 2021

recorded at acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are charged to expenditures as incurred.

The Town capitalizes certain interest cost in accordance with GASB Code Section 1400 as part of constructed assets. Interest is capitalized throughout the construction period in the Capital projects fund prior to the assets being transferred to the governmental fund and placed in service.

Property, plant and equipment are valued at historical costs. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Property, plant and equipment of the primary government are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives (years)</u>
Land improvements	10 – 25
Building	25 – 100
Improvements	10 – 25
Motor Vehicles	7 – 15
Machinery and equipment	4 – 30
Office furniture and fixtures	5 – 20
Infrastructure (roads and bridges)	30 – 50

Long-Term Obligations – In the government-wide financial statements, long-term debt and long-term compensated absences are reported as liabilities in the statement of net position. Bond issuance costs are deferred and amortized over the term of the related debt.

In the governmental fund financial statements, long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. Bond issuance costs are expensed as incurred.

Pensions – For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Employees’ Retirement System (MERS) of Rhode Island and additions to/deductions from MERS’ fiduciary net position have been determined on the same basis as they are reported by MERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Compensated Absences – Under the terms of various contracts and agreements, Town employees are granted vacation and sick payouts in varying amounts based on length of service. For Governmental Fund Types accrued compensated absences are presented as a current liability for those amounts expected to be paid with current financial resources. In governmental funds compensated absence expenditures are only reported when vested. For those compensated absences not to be paid with current financial resources the liability is recorded in the Statement of Net Position of the government-wide financial statements.

TOWN OF WEST GREENWICH, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2021

Net Position (Government-Wide Statements) – The Town’s net position has been segregated into the following three components in accordance with GASB Statement No. 34:

*Net investment in capital assets* – Represents the net book value of all capital assets less the outstanding balances of bonds and other debt used to acquire, construct or improve these assets.

*Restricted* – Consist of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.

*Unrestricted* – All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

Fund Financial Statements (Governmental Funds) – The Town has adopted the requirements of the Government Accounting Standards Board (GASB) Statement No. 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*. Issuance of this statement has changed the presentation of the elements of fund balances as listed in the new fund balance categories below:

*Non-spendable* – are balances that are permanently precluded from conversion to cash such as permanent funds and inventories.

*Restricted* – requires that inflows and outflows of resources and balances be constrained to a specific purpose enabling legislation, external parties or constitutional provisions.

*Committed* – are balances with constraints imposed by the government’s highest level of decision-making authority. These constraints can only be removed or changed by the same decision-making authority.

*Assigned* – are balances intended for a specific purpose by the government’s management and are also appropriations of existing fund balances.

*Unassigned* – are balances available for any purpose. They are not precluded by a management decision, law constitutional provisions in the general fund.

The Town has set classification policies and procedures for the above noted level of fund balance reporting.

- a) For committed fund balances: the Town Council, via a resolution or vote, is the highest level of decision making authority and a meeting of the Town Council is required to establish, modify or rescind a fund balance commitment.
- b) For assigned fund balance: the Town’s Treasurer is authorized to assign amounts to a specific purpose and un-assign amounts to a specific purpose. This authorization was given to that position by the Town Council through resolution.
- c) The Town considers amounts that are committed, assigned or unassigned to have been spent when an expenditure is incurred for the purpose of which any amounts in any of the unassigned fund balance classifications could be used.
- d) The Town considers restricted amounts to have been spent when expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available and considers committed amounts to have

TOWN OF WEST GREENWICH, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2021

been spent when an expenditure is incurred for purposes for which amounts in any other unrestricted fund balance could be used.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates and the differences could be material.

Subsequent Events – The Town has evaluated subsequent events for recognition and disclosure through December 8, 2021, which is the date the financial statements were available to be issued.

## **NOTE 2 – BUDGETARY AND LEGAL COMPLIANCE**

### Budgetary Data

The Town Council adopts an annual budget for the General Fund. The Town Council is authorized to transfer budgeted amounts within and among departments and to authorize emergency expenditures. Any revisions that alter total expenditures must be approved by the taxpayers by a vote at a Financial Town Meeting. Management cannot make any transfers without prior Council approval. The governing Council did not make any supplemental budgetary appropriations during the fiscal year. The budget for the General Fund is presented in the Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual. All unused annual appropriations lapse at fiscal year-end unless specifically approved for carryover to the following year by the taxpayers by a vote at a Financial Town Meeting.

The Town does not budget for the combined Special Revenue Funds since budgetary control is maintained on an individual fund basis. Since grant periods may differ from the Town’s fiscal year, and although most grants comprise an annual time period not all grants operate on a twelve-month period, a comparison of budgetary information may not be meaningful and has not been presented in the accompanying financial statements. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of funds are recorded in order to preserve that portion of the applicable appropriation, is employed in the General Fund Budget. Open encumbrances are reported as reservations of fund balances. Encumbrances do not constitute expenditures or liabilities. There were no open encumbrances at June 30, 2021.

## **NOTE 3 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

Legal Debt Margin – The Town’s legal debt margin as set forth by State Statute is limited to three percent of total taxable assessed value that approximates \$27,032,969 based on the December 31, 2019 assessment. As of June 30, 2021, the Town’s debt is under this limit by \$23,757,969.

## **NOTE 4 – CASH AND INVESTMENTS**

Deposits – The Town maintains deposits in various financial institutions that are carried at cost except for those amounts which are carried as petty cash. The carrying amount of deposits is separately displayed on the balance sheet as “Cash and Cash Equivalents”.

TOWN OF WEST GREENWICH, RHODE ISLAND  
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
 June 30, 2021

Investments – Investment of all idle funds must be made through national banks or trust companies, providing that the financial conditions and integrity of said institution or institutions are verifiable and can be monitored. The investment of funds shall be in direct obligations of the United States Government and “money market instruments” rated “A” or better. Investments in any one institution cannot exceed five (5) percent of that institution’s capital and surplus as set for in the institution’s most recent audited financial statements. All investments are made as would be done by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and preservation of their capital.

Interest Rate Risk – The Town limits its exposure to fair value losses arising from changes in interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and investing operating funds primarily in shorter-term securities, money market funds, or similar investment pools.

Concentrations – The Town policy is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity.

**Custodial Credit Risk:**

Deposits – This is the risk that, in the event of failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2021, the carrying amount of the Town’s deposits were \$6,396,582 (including Fiduciary Funds) while the bank balance was \$6,132,331. As of June 30, 2021, all of the Town’s bank balance of was insured or collateralized.

Investments – This is the risk that in the event of failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

Cash and investments of the Town consist of the following at June 30, 2021:

<u>Cash</u>	
Deposits with financial institutions	\$ 6,102,331
 <u>Investments</u>	
Certificate of Deposit	30,000
<i>Total Cash and Investments</i>	<u><u>\$ 6,132,331</u></u>

Cash and investments are classified in the accompanying financial statements as follows:

<u>Statement of Net Position</u>	
Cash	\$ 6,102,331
Investments	30,000
 <u>Fiduciary Funds</u>	
Cash and cash equivalents	264,251
<i>Total Cash and Investments</i>	<u><u>\$ 6,396,582</u></u>

Interest Rate Risk – This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates.

Credit Risk – Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. Government securities or obligations explicitly guaranteed by the U.S. Government are not considered to have credit risk exposure. The Town did not have any debt type investments that were exposed to credit risk as defined by GASB Statement No. 40.

**NOTE 5 – PROPERTY TAXES**

The Town’s property tax is levied each July 1, for its next fiscal year on the assessed valued listed as of the prior December 31, for all real property, tangible property and motor vehicles located in the Town. Assessed values of real property and tangible personal property were established by the Town Assessor’s office at 100% of appraised market value as of December 31, 2017. A complete revaluation of all property was performed as of December 31, 2016 as required by the State. The assessed values were effective for the property levy for fiscal year 2016-2019. As of December 31, 2019, the Town is undergoing a revaluation. The assessed value of motor vehicles is determined annually at 100% of retail market value, net of State of Rhode Island credits. Taxes are due in equal quarterly installments on August 15, November 15, February 15, and May 15 during the fiscal year.

The Town recognizes property tax revenues in accordance with Section P70, “Property Taxes” of the *Codification of Governmental Accounting and Financial Reporting Standards* in the governmental fund financial statements. In those statements, unpaid property taxes at year end are recorded as property tax receivable and those property tax receivables which were not collected within 60 days immediately following the fiscal year end are recorded as unavailable revenue. Unavailable revenue at June 30, 2021 amounted to \$1,151,155.

Net property taxes levied for the fiscal year 2020-2021 were based on an assessed value of approximately \$901,098,967 at December 31, 2019 and amounted to \$20,438,833. Total property tax recognized for the current fiscal year amounted to \$19,820,712 which represents 97.0% of the total 2020 levy. Of that amount, \$237,138 was collected within 60 days following year end, including tax revenue relating to current and prior years. Tax abatements for the year ended June 30, 2021 totaled \$101,557.

On June 30, 2021, the Town levied property taxes for its next fiscal year based on the December 31, 2020 assessment as follows (unaudited):

	Taxable Assessment	Exemptions	Net Taxable Assessments	Rate Per \$1,000	Tax Levy
Real property	\$ 1,021,866,404	\$ 203,214,628	\$ 818,651,776	\$24.03	\$ 18,387,803

**NOTE 8 – LONG-TERM LIABILITIES**

At June 30, 2021, the Town's long-term debt consisted of the following:

General Obligation Bonds

During the fiscal year ended June 30, 2007, the Town purchased a conservation easement on 1,674.15 acres. The purchase price of the conservation easement was \$8,000,000. The Town, on August 15, 2006, issued \$8,000,000 in general obligation bonds in order to obtain funding to acquire the conservation easement. During 2016, the Town refinanced the outstanding bond balance to obtain a lower interest rate. The current interest rates during the course of the bonds range from 2.00% to 4.00%. The bonds are scheduled to mature on August 15, 2026. The unpaid balance at June 30, 2021 was \$3,275,000.

Municipal Loans

On March 17, 2006, the Town entered into a loan agreement with the Rhode Island Clean Water Finance Agency (RICWFA) to finance various waterline expenditures incurred by the Town. The interest rate of this loan is 3.00% and is scheduled to mature on September 1, 2025. Terms of the loan call for annual payments; beginning at \$12,000 and increasing to \$24,500 over term of the loan. During 2018, the loan was allonged and the remaining principal balance on the \$198,500 was restructured. The unpaid balance at June 30, 2021 was \$30,732.

On July 10, 2018, the Town entered into a loan agreement with Centreville Bank for a commercial loan up to \$1,500,000 for a period of 24 months. The loan proceeds will be used to support upcoming road improvement projects. The interest rate will be variable at 1.00% over the deposit rate. Interest shall be based on a 360-day year and calculated for the actual number of days that elapse. The loan will mature eighty-four (84) months from the date of closing. The first payment will be due one month from the closing date. The minimum monthly payment for the first twenty-fourth (24) months will consist of accrued interest. Any principal payments made during this time will reduce the available credit limit on a dollar-for-dollar basis. Starting on the twenty-fifth (25) month, the minimum monthly payment will consist of principal plus interest in an amount that will fully amortize the outstanding principal balance over the remaining sixty (60) months. On June 30, 2021, the unpaid balance was \$871,431.

On July 15, 2019, the Town entered into an agreement to purchase the property located at 320 Victory Highway for a price of \$300,000. At closing, the Town utilized cash reserves of \$200,000 to fund the purchase with the remaining balance of \$100,000 being financed over the next four years at a rate of five percent (5%) per annum. The unpaid balance as of June 30, 2021 was \$75,000.

Intermunicipal Loans

The Town has entered into multiple loan agreements with the Town of West Warwick and other municipalities to finance the operations of the Wastewater Facility located in West Warwick. Under these agreements, each community shares in the costs of upgrades to the facility based on applicable percentages. The Town's share of these loans range from 1.27% to 7.86%. The interest rates on these loans vary from 0.78% to 1.57%. Repayment of the loan is recorded within the Town's General Fund expenditures under Public Works. The outstanding loan obligation to the Town of West Warwick at June 30, 2021 was \$227,075.

Vacation, Sick Leave and Other Compensated Absences

The Town's policy is to permit employees to accumulate a limited amount of earned but unused vacation and sick leave benefits, which will be paid to the employees upon separation from Town service. Compensated absences that are expected to be liquidated with expendable available financial resources are reported as expenditures and a fund liability of the general fund. Amounts not expected to be liquidated with expendable available resources are reported as long-term debt. In governmental funds compensated absence expenditures are only reported when matured. For the fiscal year ended June 30, 2021, the amount of vested or accumulated vacation and sick leave is not expected to be liquidated with expendable available financial resources, as such; amounts recorded for compensated absences are reported as long-term debt. No expenditures have been recorded in the general fund for these amounts. At June 30, 2021 the Town's obligation for compensated absences was as follows:

TOWN OF WEST GREENWICH, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2021

**NOTE 10 – DEFINED BENEFITS PENSION PLAN**

**Plan Description**

The Municipal Employees' Retirement System (MERS) – an agent multiple-employer defined benefit pension plan - provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at [www.ersri.org](http://www.ersri.org).

**Benefits Provided**

General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

**Salary:** Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

**Service:** Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

**Final Average Compensation (FAC):** Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three-year FAC as of July 1, 2012 or the five-year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

**General Employees**

Members with less than five years of contributory service as of June 30, 2012 and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012 will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012 in (a) above. The

TOWN OF WEST GREENWICH, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2021

interpolation is based on service as of June 30, 2012 divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

### **Police and Fire Employees**

Members are eligible to retire when they are at least 50 years old and have a minimum of 25 years of contributing service or if they have 27 years of contributing service at any age. Members with less than 25 years of contributing service are eligible for retirement on or after their Social Security normal retirement age.

Members who, as of June 30, 2012, had at least 10 years of contributing service, had attained age 45, and had a prior Retirement Date before age 52 may retire at age 52.

Active members on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

A member who is within five years of reaching their retirement eligibility date, as described in this section, and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members designated as police officers or firefighters were eligible for retirement at or after age 55 with credit for at least 10 years of service or at any age with credit for 25 or more years of service. Members were also eligible to retire and receive a reduced benefit if they are at least age 50 and have at least 20 years of service. If the municipality elected to adopt the 20-year retirement provisions for police officers and/or firefighters, then such a member was eligible to retire at any age with 20 or more years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

TOWN OF WEST GREENWICH, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2021

A monthly benefit is paid equal to 2.00% of the member's monthly FAC for each year of service, up to 37.5 years (75% of FAC maximum).

If the optional 20-year retirement provisions were adopted by the municipality prior to July 1, 2012: benefits are based on 2.50% of the member's FAC for each year of service prior to July 1, 2012 and 2.00% of the member's FAC for each year of service after July 1, 2012. The benefit cannot exceed 75% of the member's FAC.

Active members (including future hires), members who retire after July 1, 2015 and after attaining age 57 with 30 years of service will have a benefit equal to the greater of their current benefit described in (a) and (b) above and one calculated based on a 2.25% multiplier for all years of service.

**Other Benefit Provisions**

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

- a. The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended. The first interim COLA may begin January 1, 2018.
- b. Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%
- c. The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on the every fourth year provision described in (i) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$25,000 for 2013, \$25,000 for 2014, \$25,168 for 2015, \$25,855 for 2016, and \$26,098 for 2017.

**Employees Covered by Benefit Terms**

At the June 30, 2020 valuation date, the following employees were covered by the benefit terms:

	GENERAL EMPLOYEES	MUNICIPAL POLICE	TOTAL
Retirees & Beneficiaries	15	7	22
Inactive, non-retired members	8	2	10
Active members	25	17	42
Total	48	26	74

**Contributions**

The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012 are required to contribute 2% of their salaries. General employees with more than 20 years of service as of June 30, 2012 are required to contribute 8.25%. Public safety employees are required to contribute 10% of their salaries. The Town of West Greenwich contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The Town of West Greenwich contributed \$454,056 in the year ended June 30, 2021 (General Employees - \$194,878 and Municipal Police - \$259,178) which was 18.7% of annual covered payroll.

**Net Pension Liability (Asset)**

The total pension liability was determined by actuarial valuations performed as of June 30, 2019 and rolled forward to June 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement.

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2020 measurement date (June 30, 2019 valuation rolled forward to June 30, 2020)	
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.
Amortization Method	Level Percent of Payroll - Closed
Actuarial Assumptions	
Investment Rate of Return	7.00%
Projected Salary Increases	General Employees - 3.50% to 7.25%; Police & Rescue Employees - 4.00% to 14.00%
Inflation	2.5%
Mortality	Mortality - variants of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP 16.
Cost of Living Adjustments	A 2.1% COLA is assumed for all MERS units with the COLA provision.

The actuarial assumptions used in the June 30, 2019 valuation rolled forward to June 30, 2020 and the calculation of the total pension liability at June 30, 2020 were consistent with the results of an actuarial experience study performed as of June 30, 2019.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on

TOWN OF WEST GREENWICH, RHODE ISLAND

a collective summary of capital market expectations from 34 sources. The June 30, 2020 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

Asset Class	Long-Term Target Allocation	Long-Term Expected Real Rate of Return
<b>Global Equity:</b>		
U.S. Equity	23.00%	6.31%

TIPs	2.00%	0.74%
<b>Volatility Protection:</b>		
IG Fixed Income	3.25%	1.54%
Securitized Credit	3.25%	1.54%
Absolute Return	6.50%	3.84%
Cash	2.00%	0.10%

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

**Discount rate**

The discount rate used to measure the total pension liability of the plans was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**NOTE 11 – DEFINED CONTRIBUTION PENSION PLAN**

***Defined Contribution Plan Description***

Certain employees participating in the defined benefit plan, as described above, may also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

**NOTE 12 – DEFERRED COMPENSATION PLAN**

The Town offers its municipal employees a deferred compensation plan established in accordance with Internal Revenue Code (IRC) Section 457. The plan, available to certain municipal employees, permits the deferral of a portion of their salary until future years. The deferred compensation is payable to employees upon termination, retirement, death or unforeseen emergency.

The Town placed the deferred compensation plan assets into trust for the exclusive benefit of plan participants and beneficiaries in accordance with Governmental Accounting Standards Board (GASB) Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. The Town has little administrative involvement and does not perform the investing function for the plan. The Town does not hold the assets in a trustee capacity and does not perform fiduciary accountability for the plan.

TOWN OF WEST GREENWICH, RHODE ISLAND  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2021

Therefore, the Town employees' deferred compensation plan created in accordance with IRC 457 is not reported in the financial statements of the Town.

**NOTE 13 – CONTINGENCIES**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial.

Pending or threatened lawsuits against municipal governments arise in the ordinary course of operations. Generally, in the opinion of the administration, the ultimate resolution of any legal actions will not result in a material loss to the Town. However, at June 30, 2021, there are several claims against the Town for which the Town's legal counsel is unable to determine the likelihood of an unfavorable outcome or the amount or range of potential loss.

**NOTE 14 – RISK MANAGEMENT**

The Town of West Greenwich is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters. As a result, the Town participates in a non-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) which provides coverage for property/liability claims and workers' compensation claims. Upon joining the Trust, the Town signed a participation agreement which outlines the rights and responsibilities of both the Trust and the Town. The agreement states that for premiums paid by the Town, the Trust will assume financial responsibility for the Town's losses up to the maximum amount of insurance purchased, minus the Town's deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its Members. Under the participation agreement, the Town is insured for amounts to \$3,000,000 depending on the type of coverage provided. Settled claims resulting from these risks have not exceeded the Trust coverage in any of the past three fiscal years and the level and type of coverage has not changed.

TOWN OF WEST GREENWICH, RHODE ISLAND  
ANNUAL SUPPLEMENTARY INFORMATION  
NOTES TO THE ANNUAL SUPPLEMENTARY REPORT (MTP2)  
June 30, 2021

**NOTE 1 – BASIS OF PRESENTATION**

The *Annual Supplemental Transparency Report (MTP2)* is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the audit report is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location.

The format of the *Annual Supplemental Transparency Report (MTP2)* was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

**NOTE 2 – REPORTABLE GOVERNMENTAL SERVICES**

Data consistency and comparability are among the key objectives of the State’s Municipal Transparency portal. Consistent with that goal, the State has defined “reportable government services”, RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality’s general fund. The *Annual Supplemental Transparency Report (MTP2)* includes a reconciliation to the fund level statements.

**NOTE 3 – ALLOCATIONS**

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the City’s (or Town’s) budget and accounting system. To report these costs, the City (or Town) made reasonable allocations of costs to the State’s departmental groupings based on a reasonable basis.

**NOTE 4 – EMPLOYEE GROUPS**

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e. police, fire and centralized dispatch) and the Education Department, compensation and most benefit costs are reported in the following employee groupings:

Group A: This group consists of employees who serve the primary function of the department:

- Police Department – police officers (e.g. uniform personnel – including leadership positions)
- Fire Department – fire fighters (e.g. uniform personnel – including leadership positions)
- Centralized Dispatch Department – civilian dispatchers only
- Education Department – professional staff providing direct services to students
- For the remaining departments – all employees’ compensation and benefits are reported under Group A

TOWN OF WEST GREENWICH, RHODE ISLAND  
ANNUAL SUPPLEMENTARY INFORMATION  
NOTES TO THE ANNUAL SUPPLEMENTARY REPORT (MTP2)  
June 30, 2021

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive and mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other post-employee benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust has not been established. The detail employee group information for Education Department can be found on the State's Municipal Transparency portal website.

**NOTE 5 – EDUCATION REVENUE AND EXPENDITURES**

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

*Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: <http://www.municipalfinance.ri.gov/>.*

***REPORTS REQUIRED UNDER  
GOVERNMENT AUDITING STANDARDS***

*Report on Internal Control over Financial Reporting  
And on Compliance and Other Matters  
Based on an Audit of Financial Statements  
Performed in Accordance with  
Government Auditing Standards.*

REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

To the Honorable President and  
Members of the Town Council  
West Greenwich, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of West Greenwich, Rhode Island, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town of West Greenwich, Rhode Island's basic financial statements, and have issued our report thereon dated December 8, 2021.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Town of West Greenwich, Rhode Island's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of West Greenwich, Rhode Island's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of West Greenwich, Rhode Island's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
