Effective July 16, 2017, the Town will institute a fifth collateral duty position called Marine Operations Officer. A description of the responsibilities associated with this collateral duty is attached as Exhibit G and shall be compensated in accordance with the other four collateral duties.

Any member who is in a collateral duty position and wishes to resign/vacate said position shall give written notice to the Chief of the department and the Local's Executive Board. After receipt of said written resignation from the member, the Local shall post a "vacancy bid" to the members of the department pursuant to the rules and by-laws of the Local. The Local shall then conduct a "vacancy bid" to fill the said collateral duty position at a date and time specified on the said "vacancy bid" posting, the said bid shall take effect on the following Monday. The role of Administrative Captain shall be filled no later than March 1, 2022, by the first firefighter hired for the September 2021 Academy. In the event that the town is able to establish this position before March 1, 2022 the parties shall be mutually agreeable, and all terms of the CBA shall apply.

Section 16. Civic Details

All special details which by State Law or Town Ordinance require the presence of a fire fighter shall be performed by permanent uniformed employees of the Narragansett Fire Department. Non-permanent employees (call persons) shall not be used unless there are no permanent uniformed employees available. Detail pay shall be at the rate of time and one-half the employee's straight time rate of pay as a permanent uniformed employee, except in those cases which are details for a bona fide charitable (non-profit) organization, in which case the rate of pay shall be the pay applicable to call persons.

Section 17. Legal Assistance and Indemnification

In the event any employee covered by this Agreement is sued in any civil proceedings as a result of actions performed by said employee in the performance of his/her duty as an employee of the Narragansett Fire Department, the Town of Narragansett agrees to provide such employee with all necessary legal assistance and further agrees to pay any judgment rendered against such employee in any such proceedings. This Section shall not apply to conduct of any employee which is willful, deliberate or beyond the scope of his/her employment.

Section 18. Reimbursement of Pay and Medical Expenses

In any case where an employee covered by this Agreement receives any payment of Workmen's Compensation Benefits and receives from the Town sick pay benefits at the same time, he/she shall reimburse the Town in the amount of such Workmen's Compensation Benefits. Each employee covered by this Agreement agrees that in the event of injuries suffered while in the employ of another employer, he/she shall use the medical insurance coverage of such employer, if any, before using the medical insurance coverage provided by the Town of Narragansett.

Section 19. Hearing Examination

B. Any employee required to be absent from work because of Armed Forces training or service shall receive the difference in pay for work time missed between his/her regular rate of pay and the pay received for such Armed Forces service. This shall be computed as the difference between the regular rate of pay and the Armed Forces base pay as determined on a week for week basis, i.e., the total base pay received from the Armed Forces for the entire period subtracted from the pay received, but not earned from the Town. Daily adjustments shall not be made. Proof of required service and of pay received may be requested by the Director.

The following definitions shall be applicable throughout this contract for determining rates of pay:

1. Weekly base salary - the starting point to be used for determining all calculations in regards to rate of pay, defined as "salaries" in Article IV Section 1.
2. Straight time rate of pay - as determined by the USDOL (weekly base salary + incentive + longevity \ 42 hours = straight time rate of pay)
3. Regular rate of pay - as determined by USDOL (weekly base salary + incentive + longevity = regular rate of pay)

B. Longevity shall be for all permanent employees of the Narragansett Fire Department who have more than three (3) years of service with the Department. They shall receive longevity at the increment rates prescribed in the Longevity Table. The Weekly Longevity Increment is a percentage of weekly base salary. Longevity Pay shall be added to their weekly base salary up to a maximum of thirty (30) years. The Longevity Table is as follows:

Section 2. Pension

A. The Town of Narragansett shall provide a pension under Chapter CCCLIII of the Town Ordinances as enacted on August 29, 1977 for all employees covered by this Agreement; the benefits of which are set forth in said Ordinance as of the date of enactment, except as the same may be hereinafter amended.

B. All employees covered by this Agreement shall pay eight (8%) percent of their regular rate of pay as a contribution to the pension plan referred to in Paragraph "A".

Effective the first full pay period of July, 2005, all employees covered by this Agreement shall contribute eight and a half (8.5%) percent of their regular rate of pay (regular pay rate = weekly base salary + incentive + longevity) and holiday pay as a contribution to the pension plan referred to in Paragraph "A". The pension ordinance will be amended to include these calculations for the employee. For example, if an employee were to receive during a calendar year a salary (Salary + incentive + longevity) of \$10,000.00, Holiday pay of \$1000.00 than his/her total computation for pension purposes for that calendar year would be \$11,000.00. The employee's contribution to the pension fund would be 8.5% of \$11,000.00, or \$935.00.

Effective October 2, 2010 all employees covered by this Agreement shall contribute nine (9%) percent of their regular rate of pay (regular pay rate = weekly base salary + incentive + longevity) and holiday pay as a contribution to the pension plan referred to in Paragraph "A". The pension ordinance will be amended to include these calculations for the employee.

Effective December 1, 2011 all employees covered by this Agreement shall contribute nine and one-half (9.5%) percent of their regular rate of pay (regular pay rate = weekly base salary + incentive + longevity) and holiday pay as a contribution to the pension plan referred to in Paragraph "A". The pension ordinance will be amended to include these calculations for the employee.

Effective January 1, 2013 all employees covered by this Agreement shall contribute ten (10%) percent of their regular rate of pay (regular pay rate = weekly base salary + incentive + longevity) and holiday pay as a contribution to the pension plan referred to in Paragraph "A". The pension ordinance will be amended to include these calculations for the employee.

Effective July 1, 2014 all employees covered by this Agreement shall contribute ten and one-half (10.5%) percent of their regular rate of pay (regular pay rate = weekly base salary + incentive + longevity) and holiday pay as a contribution to the pension plan referred to in Paragraph "A". The pension ordinance will be amended to include these calculations for the employee.

Effective July 1, 2015 all employees covered by this Agreement shall contribute eleven (11%) percent of their regular rate of pay (regular pay rate = weekly base salary + incentive + longevity) and holiday pay as a contribution to the pension plan referred to in Paragraph "A". The pension ordinance will be amended to include these calculations for the employee.

C. Town Ordinance CCCLIII will be amended by allowing Narragansett Fire Fighters to retire after the completion of twenty-five (25) years of service, regardless of age. Effective on July 1, 1991 Town Ordinance CCCLIII will be amended by allowing Narragansett Fire Fighters to retire after the completion of twenty (20) years of service, regardless of age.

D. Town Ordinance CCCLIII will be further amended so as to provide the same disability retirement benefits for occupational causes as is currently provided for municipal workers (Section 8,a, II of Chapter CCCLIII).

E. Effective July 1, 2002 all employees who retire on or after July 1, 2002 will receive a cost of living allowance. The Town of Narragansett Ordinance CCCLIII will be amended to provide a cost of living allowance (COLA) as follows:

Upon attainment of age 52, a retiree who retires on or after July 1, 2002 will upon July 1st of that year, receive a COLA equal to a three percent (3%) increase over the prior years pension.

For example, a qualified retiree, upon retirement receives a pension stipend of \$10,000.00. On July 1st of the year of age attainment, this stipend would be increased to \$10,300.00. On the next July 1st it would increase to \$10,609.00 and on the next July 1st to \$10,927.27 and so on.

The first payment shall be made upon July 1st of the year in which a qualified retiree attains the age of 52 and shall be paid in a similar manner in each subsequent anniversary.

Effective July 1, 2013, the cost of living allowance will be suspended for eight (8) years ending June 30, 2021.

Effective July 1, 2015 the COLA for employees hired before July 1, 2013 shall be a three (3%) percent simple COLA.

F. The Town of Narragansett shall provide and pay for a group term life Insurance policy in the amount of Twenty Five Thousand Dollars (\$25,000.00) on the life of each employee covered by this Agreement, which policy shall be part of the pension plan covering employees of the Narragansett Fire Department.

Effective July 1, 1995 the Town of Narragansett shall provide and pay for a group term life Insurance policy in the amount of Fifty Thousand Dollars (\$50,000.00) on the life of each employee covered by this Agreement, which policy shall be part of the pension plan covering employees of the Narragansett Fire Department.

G. Employees covered under this agreement shall have the option to buy back, subject to the existing rules and requirements, one (1) to four (4) years of active military service served with an honorable discharge. Said military time shall be consecutive and shall be verified by the submission of the employees DD214 form.

H. Effective retroactively to the First full Pay Period in July 2004, Holiday pay, sick leave buy-back pay, and compensation leave buy-back pay will be recalculated and adjusted to reflect the correct manner of calculations as provided for by the USDOL (regular rate of pay = weekly base salary + incentive + longevity). The members will not be required to contribute any additional funds to the pension plan for the adjustments for the first full pay period of July, 2004 through the first full pay period of July, 2005.

For example, an employee will have his/her incentive and longevity for the period of the first full pay period after July 1, 2004 through the first full pay period after July 1, 2005 included into their annual base salary for the same time period and divided by 52 weeks to determine their weekly base salary. This weekly base salary will then be divided by the number of hours that the employee is contractually scheduled to work in a week to determine their straight time rate of pay. This rate will then be multiplied by the holiday hours, sick leave buyback pay, and compensation leave buy-back pay credited to that employee for that same period. The rate the employee was originally paid during that period for Holiday pay, sick leave buy-back pay, and compensation leave buy-back pay will then be subtracted from this corrected amount and the employee will receive the difference.

I. Members of Local 1589 who have retired since February 1, 2000, will have their pension annuity recalculated to reflect the correct manner of calculation as provided for by the USDOL (regular rate of pay = weekly base salary + incentive + longevity). The pension ordinance will be amended to reflect this correction for the employee. For example, a qualified retiree had received an additional \$500.00 for incentive and \$500.00 for longevity after the first full pay period of February 1, 2000 and prior to his/her final date of retirement. This \$1000.00 will now be factored into the retirees' calculations for pension purposes.

J. Effective July 1st, 2004, Holiday pay will be included when calculating an employee's pension benefit. The pension ordinance will be amended to include these calculations for the employee.

For example, if an employee were to receive during a calendar year a salary (Salary + incentive + longevity) of \$10,000.00, Holiday pay of \$1000.00 than his/her total computation for pension purposes for that calendar year would be \$11,000.00.

K. All firefighters hired on or after July 1, 2013 will be allowed to retire after the completion of twenty-five (25) years of service, regardless of age. The Town pension ordinance will be amended to calculate the pension accrual rate for years of service for Narragansett Firefighters hired on or after July 1, 2013 at two (2%) per year and shall also be amended to provide that the COLA shall be a three (3%) percent simple COLA.

L. Any severance pay due to a retiring fire fighter under the CBA such as sick accrual, vacation accrual, etc. shall be paid according to the provision set forth in the current collective bargaining agreement regardless of when the fire fighter elects to retire.

M. All employees planning to retire will provide the Fire Chief with three months notice when possible. Failure to comply with this request shall not result in any punitive action.

N. Effective July 1st, 2021, all firefighters hired on or after July 1, 2013 shall receive \$500 dollars as a yearly stipend into their deferred compensation plan to be paid no later than August 1st of each year, commencing on July 1, 2021.

In addition to the vacancy bid, an annual bid shall be held during the first week of November each year for re-bidding of all positions. These transfers would go into effect the first (1st) Monday after January 1. The Chief shall within fifteen (15) days of receipt of the list put the transfers into effect.

In the event the Town of Narragansett or the Chief of the Fire Department deems it necessary to permanently relocate any of the fire apparatus, it shall be decided by Local 1589 through the bid system, which members of the Fire Department shall fill any and all vacancies that arise. Once all the bidding in any case is completed and the transfers have been made, the officer in charge of each truck shall rotate the personnel assigned to that piece, to the different positions on that piece of apparatus, etc. Temporary positions or assignments on the rescue truck or other apparatus within a group shall be filled by seniority choice.

B. There shall be no less than one (1) Shift Captain on each Platoon. There shall be no less than three (3) Lieutenants on each Platoon. There shall be no less than one (1) Fire Fighter EMT-C on each Platoon.

C. The Chief or his/her designee shall have the right to attend all bid sessions.

An individual having a grievance shall take the matter up with the Chief or Acting Chief of the Fire Department within ten (10) days of the employee's knowledge of said grievance. Said Executive Committee shall, within five (5) days of the receipt of the grievance, arrange for the employee to present his alleged grievance at a meeting of a majority of said Local's Executive Committee.

It shall be the responsibility of the Executive Committee to determine the justification of the grievance. The grievant and his/her representatives shall be entitled to appear in person at the grievant's expense.

Either party, if dissatisfied with the decision of the Personnel Board of Appeals, may request that the grievance be processed to arbitration by a committee composed in the following manner: one person selected by the President of Local 1589; one person selected by the President of the Town Council. Both of the above selections shall be made within ten (10) days after receipt by the President of the Town Council of said written grievance. The two (2) members so selected shall, within ten (10) days thereafter, select a third disinterested person. If agreement cannot be reached on the third member within said ten (10) day period, then either Local 1589 or the Town of Narragansett, through the President of the Town Council, shall request the assignment of an arbitrator by the American Arbitration Association who shall act as the third member of the Arbitration Committee.

All costs and expenses of arbitration shall be shared equally by the parties hereto. In all cases involving a grievance which is submitted to the Arbitration Committee before referred to, the individual or individuals having the grievance shall be required to attend and present his grievance. Such individual or individuals shall further be entitled to be represented by legal counsel of

his/her or their own choosing. The Arbitration Committee shall conclude its hearings and render its decision within thirty (30) days of the date of appointment of the third arbitrator. The Arbitration Committee shall have no right to recommend amending, modify, nullify, ignore, add to, or subtract from the provisions of this Agreement. They shall only consider in making a decision with respect to the specific issues submitted, and shall have no authority to make a decision on any other grievance not so submitted to them. In addition to the foregoing procedure:

Local 1589 shall have the right to present a grievance on behalf of any employee covered by this Agreement, or on its own behalf, for any alleged violation of any of the terms, conditions or provisions of this Agreement. The Chief or Acting Chief of the Fire Department shall meet with the President and Executive Committee of Local 1589 within five (5) working days of the receipt of such notice of an alleged grievance.

In any case where a grievance is brought by Local 1589 directly to the Chief of the Fire Department, the procedure as herein before outlined with respect to individual grievances shall apply.
