Honorable Town Council
West Greenwich, Rhode Island

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Town of West Greenwich for the fiscal year ended June 30, 2016.

This report consists of management's representations concerning the finances of the Town of West Greenwich. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Town of West Greenwich has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Town of West Greenwich's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Town of West Greenwich's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town of West Greenwich's financial statements have been audited by Nadeau Wadovick LLP, a licensed certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of West Greenwich for the fiscal year ended June 30, 2016, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Town of West Greenwich's financial statements for the fiscal year ended June 30, 2016, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Town of West Greenwich's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE GOVERNMENT

The Town operates under a Home Rule Charter adopted in 1996 providing for election of a council of five members. Elected officials include the Town Moderator, (who presides at all financial Town Meetings), Town Clerk, School Committee (3 members), and Town Sergeant. All elected officials have two-year terms, with the exception of the School Committee, who serve four-year staggered terms.

The Town of West Greenwich, Rhode Island is located in Kent County, approximately twenty-five (25) miles south of Providence, along Interstate 95. The State of Connecticut lies to the west, while the Towns of Coventry, West Greenwich and East Greenwich share the northern, southern and eastern boundaries, respectively. The Town comprises approximately 33,000 acres or 51 square miles. West Greenwich has a population of approximately 6,135 full time residents. The Town is characterized as a rural community with numerous active farms, forested areas and open meadows. Industry consists primarily of the Technology Park.

Appointed officials, as provided in the Charter, include the Town Administrator, Town Treasurer, Deputy Town Clerk, Deputy Treasurer, Tax Collector, Deputy Tax Collector, Director of Human Services, Sealer of Weights and Measures, Rescue Person, Animal Control Officer, Police Chief, Constables, Building and Zoning Inspector, Judge of Probate Court, Town Solicitor, Planning Board, Town Planner, Zoning Board, Tax Assessor, Highway Supervisor, Corder of Wood, Tree Warden, 911 Coordinator, Conservation Commission, Board of Assessment Review, Juvenile Hearing Board, and Emergency Management Director.

The existing and potential future impacts that are imposed upon the Town's natural and cultural resources by increased development are numerous. The Town's attraction to early settlers, which drew residents to this community, now faces disruption by increasing demands placed on them by the growing population. Mitigating the effects of human habitation on the Town's natural resources while providing a balanced climate in which residents can live, work and play is the current challenge of the Town.

REPORTING ENTITY AND ITS SERVICES

This report includes all the funds of the Town.

The Town of West Greenwich provides a full range of services. These services include public safety, streets, recreation and parks, education, health and welfare and general administration.

ECONOMICS, CONDITIONS AND OUTLOOKS

West Greenwich has a full-time Town Planner and a part-time Planning Board. It has a Building Code, Minimum Housing Standards Code, Building Regulations and Zoning Ordinance. The Comprehensive Plan was adopted in 1995.

It is becoming increasingly difficult to maintain the Town's rural character and low tax rate. The Town is researching the possibility of economic growth through the aggressive efforts to attract new business. The Town is also in the process of researching growth management measures to be implemented in the future. As of June 30, 2016, West Greenwich had an unemployment rate of 5.5%.

MAJOR INITIATIVES

An amended Comprehensive Plan, which was mandated by the Rhode Island Comprehensive and Land Use Act of 1988, was formally adopted by the Town Council in December, 1995. The Plan will guide the Town's development over the next 20 years. A 5-year review was completed by the Planning Board and submitted to Statewide Planning in May of 2006. The Town continues to wait for formal state approval.

FOR THE FUTURE

The Town established an Affordable Housing Plan Task Force and completed the State-mandated Affordable Housing Plan which was submitted to the Statewide Planning Office during December 2004, and approved during the fiscal year ended June 30, 2006. The Town is currently drafting ordinances to implement the plan.

A grant was received during 2007 in the amount of \$200,000 for the construction of a future public safety building. During 2016, the Town utilized \$18,706 of these funds to renovate the existing police dispatch area. The remaining balance at June 30, 2016 is \$143,871.

DEPARTMENTAL ACCOMPLISHMENTS

The Department of Public Works completed various road paving and improvement projects.

The Legislative, Judicial, and General Administrative Department have been downsized and all of the clerks have been cross-trained in department duties.

The Town of West Greenwich has a website available. Work has been completed on the links to various departments. Meetings and minutes are now being posted for the public. The web site address is www.wgtownri.org.

FINANCIAL INFORMATION AND LONG-TERM DEBT

During the fiscal year ended June 30, 2007, the Town purchased a conservation easement on 1,674.15 acres. The purchase price of the conservation easement was \$8,000,000. The Town, on August 15, 2006, issued \$8,000,000 in general obligation bonds in order to obtain funding to acquire the conservation easement. During 2015, the Town refinanced the outstanding bond balance to obtain a lower interest rate. The total current year repayment was \$537,061 which represents principal of \$395,000 and interest of \$142,061. The unpaid balance at June 30, 2016 was \$5,520,000.

During the fiscal year ended June 30, 2007, the Town obtained financing from the Rhode Island Clean Water Finance Agency totaling \$338,500. The loan was obtained to offset prior and future expenditures associated with the Town meeting certain clean water regulations. At June 30, 2016, the Town had drawn \$198,500 of the funding. The remaining amount, \$117,907, will be released once expenditures submitted by the Town have been approved. The total current year repayment was \$23,211 which represents principal of \$16,000 and interest of \$7,211. The unpaid balance at June 30, 2016 was \$80,593.

MUNICIPAL SERVICES

West Greenwich's cost-conscious government provides services traditional to a rural community. Sound financial management, has provided for the expansion of services to its citizens at a moderate rate.

Highlighting these services are:

- Full time Police Department with a staff of 18 employees.
- Increase in the budget for police, fire and rescue operations and equipment.
- Support a public school system and initiate renovations.

AUDIT

In accordance with the Town's Charter and State statute an audit of the financial statements has been completed by the Town's independent Certified Public Accountants, Nadeau Wadovick LLP, and their opinion is included herein.

REPORTING ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of West Greenwich for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2015. This was the ninth consecutive year that the Town of West Greenwich has achieved this award. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

I would like to thank members of the Treasurer's Office and the Assessor's Office, as well as, the Town Clerk and Town for their cooperation throughout the year.

I would also like to thank the Town Council for the confidence shown in our department and for their contribution to maintaining the financial integrity of the Town.

Sincerely,

INDEPENDENT AUDITORS' REPORT

To the Honorable President and
Members of the Town Council
West Greenwich, Rhode Island

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of West Greenwich, Rhode Island, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of West Greenwich, Rhode Island as of June 30, 2016, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and budgetary comparison and pension information on pages 4 – 9 and 44 – 50 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of West Greenwich, Rhode Island's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, other supplementary information and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and other supplementary information are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2016, on our consideration of the Town of West Greenwich, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of West Greenwich, Rhode Island's internal control over financial reporting and compliance.

TOWN OF WEST GREENWICH, RHODE ISLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
Unaudited
For the Fiscal Year Ended June 30, 2016

As the management of the Town of West Greenwich, we offer readers of the Town's Financial Statements this narrative overview and analysis of the Town's financial activities for the fiscal year ended June 30, 2016. Included within our discussion will be a series of comparative tables, serving to more clearly illustrate changes in the Town's financial position. These tables will reflect governmental activities for the fiscal years ended 2016 and 2015.

FINANCIAL HIGHLIGHTS

- ❖ The assets of the Town of West Greenwich exceeded its liabilities at the close of the most recent fiscal year ended by \$6,406,784. Of that amount, \$1,717,393 may be used to meet the Town's ongoing obligations to citizens and creditors in accordance with the Town's fund designation and fiscal policies.
- ❖ The Town's net position increased by \$1,061,993 or 19.9% through current year activities. This increase was mainly due to favorable General Fund spending.
- ❖ As of the close of the fiscal year, the Town's governmental funds reported combined ending fund balances of \$4,139,882. Approximately 66.5% of this amount, \$2,751,832 is unreserved and available for use within the Town's designation and fiscal policies.
- ❖ At the end of the current fiscal year, the general fund's unassigned fund balance was \$2,751,832, or 14.9% of the total general fund budgeted expenditures for the fiscal year. The current fiscal year's general fund revenues and transfers exceeded expenditures and transfers by \$461,500 on the Fund Financial Statement basis.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – Management's Discussion and Analysis, the basic financial statements, required supplementary information and other supplemental information that presents combining statements for nonmajor governmental funds and fiduciary funds. The basic financial statements include two types of statements that present different views of the Town of West Greenwich. The first two statements are government-wide financial statements that provide both long-term and short-term information about the Town's overall financial position. The remaining statements are fund financial statements that focus on individual parts of the Town's government, reporting the Town's operations in more detail than the government-wide financial statements.

Government-wide financial statements – The government-wide financial statements report information about the Town as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Town's net position and how they have changed. Net position, the difference between the Town's assets and liabilities, are one way to measure the Town's financial health or financial position.

TOWN OF WEST GREENWICH, RHODE ISLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Unaudited

For the Fiscal Year Ended June 30, 2016

The government-wide financial statements of the Town are divided into two categories:

- Governmental activities – Most of the Town's basic services are included here, such as the police, fire, public works, court, streets, recreation, library, solid waste disposal, parks departments, and general administration. Property taxes, state-shared revenue, charges for services, and court revenues provide most of the funding.
- Business-type activities – The Town charges fees to customers to help it cover the costs of certain services it provides. The Town did not have any business-type activities during the fiscal year ended June 30, 2016.

Fund financial statements – The fund financial statements provide more detailed information about the Town's most significant funds – not the Town as a whole. Funds are accounting devices that the Town uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by State law and bond covenants. The Town Council establishes other funds to control and manage money for particular purposes.

The Town has two kinds of funds:

- Governmental funds – Most of the Town's basic services are included in governmental funds, which focus on how cash and other financial assets can readily be converted to cash flow in and out, and the balances left at year-end that are available for spending. The governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs.
- Fiduciary fund – The Town is responsible for ensuring that the assets reported in this fund are used for their intended purpose. All of the Town's fiduciary activities are reported in a separate statement of fiduciary net position. These activities are excluded from the Town's government-wide financial statements because the Town cannot use these assets to finance its operations.

GOVERNMENTAL ACTIVITIES

Revenue for governmental activities totaled \$19,349,658 in 2016. A total of \$18,019,962 was in the form of property tax revenue that reflects a constant in the total mill rate and existing property valuation. State-shared revenues provided \$449,567 in 2016 which is an increase of \$41,185 from 2015. The State has passed their budget for 2017, which was adopted showing revenue sharing to be flat. Charges for services generated \$454,575 in 2016 which is an increase of \$163,729 from 2015.

CURRENT ECONOMIC EVENTS

As of the date of this audit, the Town of West Greenwich remains very stable with an accumulated surplus of \$4,139,882 compared to last year's accumulated surplus of \$3,596,498.

The Town completed a State-mandated statistical reevaluation in 2013 which is reflected in the 2015 budget and tax rate. Taxes have remained relatively stable and our commercial/industrial tax base contributes roughly 27% of our local tax revenue. The Town initiated a "Homestead" exemption during 2005 which allowed for a 27% reduction in the residential tax rate. This "Homestead" exemption was reduced in 2011 to 14%. As of June 30, 2016, our commercial/industrial rate is \$22.55, our residential rate is \$22.55, and our vacant residential property rate is \$16.07.

A great deal of effort is put forth by the various Town boards to ensure that the Town grows at a manageable rate.

FINANCIAL ANALYSIS OF TOWN FUNDS AND BUDGETS

The General Fund ended 2016 with a total fund balance of \$3,157,661 (compared to \$2,696,161 in 2015), with a designation of \$172,900 for appropriation in fiscal year 2017. Several factors affected operating results including the increase in State funding and a general economic stabilization. The total fund balance of the General Fund increased by \$461,500. The increase in fund balance was higher than expected and was due to a favorable collection of property taxes and governmental spending. Revenues were favorable in all areas. Expenditures were favorable in all areas except financial, public works and debt service.

The General Fund total expenditures were 99.9% of the original budget.

The aggregate Fund Balance of Nonmajor Other Governmental Funds was \$528,820 which is an increase of \$41,475 from 2015.

CAPITAL PROJECTS

During fiscal year 2016, the Town acquired the following capital assets:

- 2014 Peterbuilt Dump Truck;
- 2015 Elgin Pelican Waterless Street Sweeper
- (2) 2016 Ford Interceptor Utility;
- Wireless Internet System;
- Building Improvements – Window Replacement (Annex) & Dispatch Renovations (Police Dept.)

For more information on Capital Assets, see Note 7.

LONG-TERM DEBT

At the end of the current fiscal year, the Town of West Greenwich's Governmental Activities had a total debt of \$5,600,593. Of this amount, 100% comprises debt backed by the full faith and credit of the government.

The following is a summary of the Town's long-term debt.

	<u>Governmental Activities</u>	
	<u>June 30, 2016</u>	<u>June 30, 2015</u>
General obligation bonds	\$ 5,520,000	\$ 5,915,000
Municipal loans	80,593	96,593
Total	<u>\$ 5,600,593</u>	<u>\$ 6,011,593</u>

Additional information on the Town's long-term debt can be found in Note 8 of the notes to the financial statements.

The Town's legal debt margin as set forth by State Statute is limited to three percent of total taxable assessed value that approximates \$24,485,379 based on the December 31, 2014 assessment. As of June 30, 2016, the Town's debt is under this limit by \$18,965,379.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting methods and procedures adopted by the Town of West Greenwich, Rhode Island, conform to generally accepted accounting principles (GAAP) as applied to governmental entities. The following notes to the basic financial statements are an integral part of the Town's Comprehensive Annual Financial Report.

FINANCIAL REPORTING ENTITY

The Town of West Greenwich was incorporated in April, 1741. The Town is governed largely under the 1996 West Greenwich Home Rule Charter. It operates under a Town Council/Town Administrator form of government with a five-member Town Council headed by a Council President. In some matters, including the issuance of short and long-term debt, the Town is governed by the general laws of the State of Rhode Island. The Town provides the following services as authorized by its charter: public safety (police, fire, traffic safety, inspection, zoning and building); public works (sanitation, highways and streets, engineering and building maintenance); recreation; education; social services; and general administrative services.

Members of the Town Council are elected by taxpayers for a term of two years. The Town Council is granted all power to enact, amend or repeal ordinances relating to the Town's property, affairs and government, including the power to create offices, departments or agencies of the Town, preserving the public peace, health and safety, establishing personnel policies, giving effect to any vote of the Financial Town Meeting authorizing the issuance of bonds and debt and providing for an annual audit of the Town's records.

The Town complies with generally accepted accounting principles (GAAP). Generally accepted accounting principles (GAAP) include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide Statement of Net Position and Statement of Activities, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 61. Under GASB Statement No. 61, a legally separated entity is required to be included as a component unit if it is fiscally dependent upon the primary government and there is a financial benefit or burden relationship present. The primary government is financially accountable if it appoints the voting majority of the organization's governing board and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burden on, the primary government. A potential component unit has a financial benefit or burden relationship with the primary government if, for example, any of the following conditions are met:

- a) The primary government is legally entitled to or can otherwise access the organization's resources.
- b) The primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization.
- c) The primary government is obligated in some manner for the debt of the organization.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

The following entity was considered for classification as a component unit for the fiscal year ended June 30, 2016:

*Exeter-West Greenwich Regional School District

As Exeter-West Greenwich Regional School District is a separate legal entity it is not considered a component unit of the Town of West Greenwich, Rhode Island. As a result, the financial data of the Exeter-West Greenwich Regional School District is omitted from the Town's financial statements.

There are no other component units of the Town.

Recently Issued Accounting Standards

During the fiscal year ended June 30, 2016, the Town has implemented the following accounting pronouncements:

GASB Statement No. 72 – Fair Value Measurement and Application.

GASB Statement No. 73 – Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68.

GASB Statement No. 76 – The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments.

GASB Statement No. 79 – Certain External Investment Pools and Pool Participants.

The Town will adopt the following new pronouncements in future years:

GASB Statement No. 74 – Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, effective for fiscal year ending June 30, 2017.

GASB Statement No. 75 – Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for fiscal year ending June 30, 2018.

GASB Statement No. 77 – Tax Abatement Disclosures, effective for fiscal year ending June 30, 2017.

GASB Statement No. 78 – Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans.

BASIS OF PRESENTATION

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for *fiduciary funds* (the activity of these funds are reported in the statement of fiduciary net position and changes in fiduciary net position). The government-wide financial statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The Town had no business-type activities for the fiscal year ended June 30, 2016.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues, and expenditures. Funds are normally organized into three major categories: governmental, proprietary and fiduciary. An emphasis is placed on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type, and;
- b) Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

In addition to funds that meet the major fund criteria, any other governmental or enterprise fund that the government's officials believe is particularly important to the financial statement users (for example, because of public interest or consistency) may be reported as a major fund. All remaining governmental funds are aggregated and reported as nonmajor funds.

Governmental Funds Types

These are the funds through which most governmental functions are typically financed. The funds included in this category are as follows:

General Fund – is used to account for resources devoted to financing the general services the Town performs for its citizens. General tax revenues and other sources of revenues used to finance the fundamental operations of the Town are included in this fund. The fund is charged with all costs of operating the government for which a separate fund has not been established.

Special Revenue Funds – are used to account for the proceeds of specific revenue sources (grants and fund transfers) that are legally restricted to expenditures for specified purposes. The Town had seventeen special revenue funds. See listing below.

TOWN OF WEST GREENWICH, RHODE ISLAND
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 June 30, 2016

Permanent Funds – are used to account for assets held by the Town where the principal portion of this fund type must remain intact, but the earnings may be used to achieve the objectives of the fund. The Town’s only permanent fund is for perpetual care of cemeteries and was determined to be nonmajor.

Proprietary Fund Types

These fund types account for operations that are organized to be self-supporting through user charges. For the year ended June 30, 2016, the Town held no proprietary funds.

Fiduciary Funds Types

These fund types account for assets held by the Town as a trustee or agent for individuals, private organizations, and other units of governments. *Fiduciary Fund types are not part of the reporting entity in the Government-wide financial statements.* These funds are as follows:

Agency Funds – are used to account for funds that are to be used for educational and welfare expenditures and for funds held in escrow for other parties. Agency funds are custodial in nature (i.e. assets equal liabilities) and therefore do not involve the measurement of results of operations. The Town’s thirty-six agency funds are as follows:

Police Evidence; Hoxie Farms Project Review Fees; Hoxie Farms Cash Maintenance Bond; Immunex Manufacturing Corporation Escrow Account; Victory Woods Project Review Fees; Bald Hill Compound Project Review Fees; Regina Estates Project Review Fees; Deer Run Estates Project Review Fees; Deer Run Estates Cash Performance Bond; Deer Run Estates Restoration Cash Performance Bond; Curb and Sidewalk Cash Bond Fund; Knight Estates Project Review Fees; Hopkins Hill Road Project Review Fees; Town Pizza Project Review Fees; G-Tech Campus Project Review Fees; Pine Estates Project Review Fees; Pine Estates Phase I; Centre of New England Project Review Fees; Regnaire Land Project Review Fees; Centrex Expansion Project Review Fees; Cedar Ridge WG LLC Project Review Fees; Car Max Major Land Development Project Review Fees; Firestone Project Review Fees; Coast-to-Coast Project Review Fees; McLellan Page Project Review Fees; Leyden Solar Project Review; Leyden Solar Landscaping Performance Bond; T&L Waltonen Enterprise Project Review; Roch’s Fresh Food Project Review Fees; Pavilion; TA Operating LLC Project Review Fees; Jack’s Space Section II Project Review Fees; Bella View Stubble Brook Road Project Review Fees; Stonebridge Estates Phase II; Finlandia Compound Project Review Fees; Diffley Project Review Fees; Conneaut Industries New Building Project Review Fees, and Jones Compound Project Review Fees.

Major and Non-Major Funds – The funds are further classified as major or non-major as follows:

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement Focus

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) are presented using the “economic resources” measurement focus as defined in item (b) below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a) All governmental funds utilize a “current financial resource” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. The Town considers property taxes as available if they are collected within sixty days after year end.
- b) Under the “economic resources” measurement focus, the accounting objectives are the determination of net income, financial position and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported.
- c) Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities the activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available”. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

All agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

Amounts reported as program revenues include charges to customers or applicants for goods, services or privileges provided and operating grants and contributions. Internally dedicated resources are reported general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Cash and Cash Equivalents – Cash and cash equivalents are carried at cost. Cash equivalents are all highly liquid investments with a maturity of three months or less when purchased. Substantially all of the Town's cash and cash equivalents are held in public deposit institutions except for \$300 in unsecured petty cash. Pursuant to Section 35-10-1 of the Rhode Island General Laws, as of October 1, 1991, public deposit institutions are required to insure accounts which hold public funds in excess of \$250,000 which is guaranteed by the FDIC. The Town pools cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. Cash in excess of current requirements is invested in short-term treasury securities or as disclosed as part of the Town's investments. The Town had no cash equivalents at June 30, 2016.

Accounts Receivable – In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes, intergovernmental grants and aid and other receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as property taxes and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Allowances for uncollectible accounts receivables are based upon historical trends and the periodic aging of accounts receivable. The allowance for uncollectible accounts receivable amounted to \$154,148 at June 30, 2016. Major receivable balances for the governmental activities include property taxes and intergovernmental receivables (88.3% and 11.7%, respectively of total governmental receivables).

Property Taxes – Real and personal property taxes are based on values assessed as of each December 31, (lien date) and attach as an enforceable lien on property as of July 1 (levy date). Taxes are due in equal quarterly installments on August 31, November 30, February 28 and May 31, annually. Taxes due and unpaid after the respective due dates are subject to interest at the rate of 10% per annum calculated on the unpaid portion of the total tax. An automatic lien is placed on the taxpayer's property if payment has not been received by the tax due date. Property taxes levied are recorded as receivables in the fiscal year of levy. Property tax revenues are recorded in accordance with the modified accrual basis of accounting in the fund financial statements.

Inventory, Prepaid Expenses, and Accruals – Expenditures for inventory-type items are not recorded as assets, but rather as expenditures at the time purchased. Prepaid expenses are not recorded within governmental funds. Accruals are recorded when liabilities are incurred.

Premium on General Obligation Bonds – In the government-wide financial statements, premiums on general obligation bonds are capitalized and amortized over the life of the bonds, using the straight-line method. The premium is included in long-term debt obligations.

Interfund Transactions – Interfund activity within and among the funds of the Town have been classified and reported as follows:

Reciprocal interfund activities:

- Interfund loans are reported as interfund receivables in the lending fund and interfund payables in borrower funds.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

- Interfund services are reported as revenues in the seller fund and as expenditures or expenses in the purchasing fund.

Non-reciprocal interfund activities:

- Interfund transfers are reported in governmental funds as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers.
- Interfund reimbursements are repayments from the fund responsible for particular expenditures or expenses to other funds that initially paid for them. Reimbursements are not displayed separately within the financial statements.
- Interfund transactions are accounted for as expenditures/expenses when they constitute reimbursements from one fund to another. These transactions are recorded as expenditures/expenses in the reimbursing fund and are recorded as reductions of expenditures/expenses in the fund receiving the reimbursement. All other interfund transactions are reported as transfers.

Unearned Revenues – Represent funds received or billed in advance of being owed, or receivables, which will be collected and included in revenues of future fiscal years. In the General Fund, unearned revenue relates to property tax receivables which were assessed on December 31, 2014.

In the government-wide financial statements, unearned revenue represents funds received in advance of being earned/owed or receivables which will be collected and included in revenues of future fiscal years. In the General Fund, (of the financial statements), unearned revenue includes property taxes receivable which were assessed on December 31, 2014 and prior and are not collected with 60 days following June 30, 2016. Net unearned taxes included in the fund financial statements were \$1,034,230.

Capital Assets – In Governmental Fund type, operations are accounted for using the “current financial resources” measurement focus. Capital assets, which include property, plant and equipment, and infrastructure (e.g. road, bridges curbs and gutters, streets and sidewalks, and drainage systems), are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The Town defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34, the Town has chosen to prospectively report infrastructure assets as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at estimated fair market value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are charged to expenditures as incurred.

The Town capitalizes certain interest cost in accordance with GASB Code Section 1400 as part of constructed assets. Interest is capitalized throughout the construction period in the Capital projects fund prior to the assets being transferred to the governmental fund and placed in service.

Property, plant and equipment are valued at historical costs. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

TOWN OF WEST GREENWICH, RHODE ISLAND
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 June 30, 2016

Property, plant and equipment of the primary government are depreciated using the straight line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives (years)</u>
Land improvements	10 – 25
Building	25 – 100
Improvements	10 – 25
Motor Vehicles	7 – 15
Machinery and equipment	4 – 30
Office furniture and fixtures	5 – 20
Infrastructure (roads and bridges)	30 – 50

General Obligation Bonds Issuance Costs – Bond issuance costs are amortized on a straight-line basis over 20 years. The total bond issuance costs as of June 30, 2016 were \$43,568. The accumulated amortization through June 30, 2016 was \$43,568.

Long-Term Obligations – In the government-wide financial statements, long-term debt and long-term compensated absences are reported as liabilities in the statement of net position. Bond issuance costs are deferred and amortized over the term of the related debt.

In the governmental fund financial statements, long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. Bond issuance costs are expensed as incurred.

Pensions – For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Employees’ Retirement System (MERS) of Rhode Island and additions to/deductions from MERS’ fiduciary net position have been determined on the same basis as they are reported by MERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Compensated Absences – Under the terms of various contracts and agreements, Town employees are granted vacation and sick payouts in varying amounts based on length of service. For Governmental Fund Types accrued compensated absences are presented as a current liability for those amounts expected to be paid with current financial resources. In governmental funds compensated absence expenditures are only reported when vested. For those compensated absences not to be paid with current financial resources the liability is recorded in the Statement of Net Position of the government-wide financial statements.

Net Position (Government-Wide Statements) – The Town’s net position has been segregated into the following three components in accordance with GASB Statement No. 34:

Net investment in capital assets– Represents the net book value of all capital assets less the outstanding balances of bonds and other debt used to acquire, construct or improve these assets.

Restricted – Consist of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

Unrestricted – All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

Fund Financial Statements (Governmental Funds) – The Town has adopted the requirements of the Government Accounting Standards Board (GASB) Statement No. 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*. Issuance of this statement has changed the presentation of the elements of fund balances as listed in the new fund balance categories below:

Non-spendable – are balances that are permanently precluded from conversion to cash such as permanent funds and inventories.

Restricted – requires that inflows and outflows of resources and balances be constrained to a specific purpose enabling legislation, external parties or constitutional provisions.

Committed – are balances with constraints imposed by the government’s highest level of decision-making authority. These constraints can only be removed or changed by the same decision making authority.

Assigned – are balances intended for a specific purpose by the government’s management and are also appropriations of existing fund balances.

Unassigned – are balances available for any purpose. They are not precluded by a management decision, law constitutional provisions in the general fund:

The Town has set classification policies and procedures for the above noted level of fund balance reporting.

- a) For committed fund balances: the Town Council, via a resolution or vote, is the highest level of decision making authority and a meeting of the Town Council is required to establish, modify or rescind a fund balance commitment.
- b) For assigned fund balance: the Town’s Treasurer is authorized to assign amounts to a specific purpose and un-assign amounts to a specific purpose. This authorization was given to that position by the Town Council through resolution.
- c) The Town considers amounts that are committed, assigned or unassigned to have been spent when an expenditure is incurred for the purpose of which any amounts in any of the unassigned fund balance classifications could be used.
- d) The Town considers restricted amounts to have been spent when expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available and considers committed amounts to have been spent when an expenditure is incurred for purposes for which amounts in any other unrestricted fund balance could be used.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates and the differences could be material.

Subsequent Events – The Town has evaluated subsequent events for recognition and disclosure through December 14, 2016, which is the date the financial statements were available to be issued.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 – BUDGETARY AND LEGAL COMPLIANCE

Budgetary Data

The Town Council adopts an annual budget for the General Fund. The Town Council is authorized to transfer budgeted amounts within and among departments and to authorize emergency expenditures. Any revisions that alter total expenditures must be approved by the taxpayers by a vote at a Financial Town Meeting. Management cannot make any transfers without prior Council approval. The governing Council did not make any supplemental budgetary appropriations during the fiscal year. The budget for the General Fund is presented in the Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual. All unused annual appropriations lapse at fiscal year-end unless specifically approved for carryover to the following year by the taxpayers by a vote at a Financial Town Meeting.

The Town does not budget for the combined Special Revenue Funds since budgetary control is maintained on an individual fund basis. Since grant periods may differ from the Town’s fiscal year, and although most grants comprise an annual time period not all grants operate on a twelve month period, a comparison of budgetary information may not be meaningful and has not been presented in the accompanying financial statements. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of funds are recorded in order to preserve that portion of the applicable appropriation, is employed in the General Fund Budget. Open encumbrances are reported as reservations of fund balances. Encumbrances do not constitute expenditures or liabilities. There were no open encumbrances at June 30, 2016.

NOTE 3 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Legal Debt Margin – The Town’s legal debt margin as set forth by State Statute is limited to three percent of total taxable assessed value that approximates \$24,485,379 based on the December 31, 2014 assessment. As of June 30, 2016, the Town’s debt is under this limit by \$18,965,379.

NOTE 4 – CASH AND INVESTMENTS

Deposits – The Town maintains deposits in various financial institutions that are carried at cost except for those amounts which are carried as petty cash. The carrying amount of deposits is separately displayed on the balance sheet as “Cash and Cash Equivalents”.

Investments – Investment of all idle funds must be made through national banks or trust companies, providing that the financial conditions and integrity of said institution or institutions are verifiable and can be monitored. The investment of funds shall be in direct obligations of the United States Government and “money market instruments” rated “A” or better. Investments in any one institution cannot exceed five (5) percent of that institution’s capital and surplus as set for in the institution’s most recent audited financial statements. All investments are made as would be done by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and preservation of their capital.

Interest Rate Risk – The Town limits its exposure to fair value losses arising from changes in interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and investing operating funds primarily in shorter-term securities, money market funds, or similar investment pools.

TOWN OF WEST GREENWICH, RHODE ISLAND
 NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 June 30, 2016

Concentrations – The Town policy is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity.

Custodial Credit Risk:

Deposits – This is the risk that, in the event of failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2016, the carrying amount of the Town’s deposits were \$4,341,177 (including Fiduciary Funds) while the bank balance was \$4,411,857. As of June 30, 2016, all of the Town’s bank balance of \$4,411,857 was insured or collateralized.

Investments – This is the risk that in the event of failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

Cash and investments of the Town consist of the following at June 30, 2016:

<u>Cash</u>	
Deposits with financial institutions	\$ 4,381,857
 <u>Investments</u>	
Certificate of Deposit	30,000
<i>Total Cash and Investments</i>	<u>\$ 4,411,857</u>

Cash and investments are classified in the accompanying financial statements as follows:

<u>Statement of Net Position</u>	
Cash	\$ 3,995,949
Investments	30,000
 <u>Fiduciary Funds</u>	
Cash and cash equivalents	315,228
<i>Total Cash and Investments</i>	<u>\$ 4,341,177</u>

Interest Rate Risk – This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates.

Credit Risk – Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. Government securities or obligations explicitly guaranteed by the U.S. Government are not considered to have credit risk exposure. The Town did not have any debt type investments that were exposed to credit risk as defined by GASB Statement No. 40.

NOTE 5 – PROPERTY TAXES

The Town’s property tax is levied each July 1, for its next fiscal year on the assessed valued listed as of the prior December 31, for all real property, tangible property and motor vehicles located in the Town. Assessed values of real property and tangible personal property were established by the Town Assessor’s office at 100% of appraised market value as of December 31, 2014. A complete revaluation of all property was performed as of December 31, 2011 as required by the State. The assessed values were effective for the property levy for fiscal year 2013-2015. As of December 31, 2016, the Town is undergoing its current revaluation. The assessed value of motor vehicles is determined annually at 100% of retail market value, net of State of Rhode Island credits. Taxes are due in equal quarterly installments on August 15, November 15, February 15, and May 15 during the fiscal year.

The Town recognizes property tax revenues in accordance with Section P70, “Property Taxes” of the *Codification of Governmental Accounting and Financial Reporting Standards* in the governmental fund financial statements. In those statements, unpaid property taxes at year end are recorded as property tax receivable and those property tax receivable which were not collected within 60 days immediately following the fiscal year end are recorded as unavailable revenue. Unavailable revenue at June 30, 2016 amounted to \$1,034,230.

Net property taxes levied for the fiscal year 2015-2016 were based on an assessed value of approximately \$816,179,306 at December 31, 2014 and amounted to \$18,076,849. Total property tax recognized for the current fiscal year amounted to \$17,347,581 which represents 95.9% of the total 2015 levy. Of that amount, \$265,730 was collected within 60 days following year end, including tax revenue relating to current and prior years. Tax abatements for the year ended June 30, 2016 totaled \$300,467.

On June 30, 2016, the Town levied property taxes for its next fiscal year based on the December 31, 2015 assessment as follows (unaudited):

	Taxable Assessment	Exemptions	Net Taxable Assessments	Rate Per \$1,000	Tax Levy
Real property	\$ 790,054,563	\$ 66,640,427	\$ 723,414,136	\$22.55	\$ 15,778,953
Motor vehicle	75,399,475	10,007,424	65,392,051	\$19.02	1,243,734
Tangible property	37,996,774	1,477	37,995,297	\$33.85	1,286,150
	<u>\$ 903,450,812</u>	<u>\$ 76,649,328</u>	<u>\$ 826,801,484</u>		<u>\$ 18,308,837</u>

NOTE 6 – INTERFUND RECEIVABLES AND PAYABLES

The composition of interfund receivables and payables balances as of June 30, 2016 is as follows:

Due to/from other funds:

Receivable Fund	Payable Fund	Amount
General Fund	Non-major Other Governmental Funds	\$ 17,021
Non-major Other Governmental Funds	General Fund	368,627
		<u>\$ 385,648</u>

These balances resulted from the short-term advances from one fund (primarily the general fund) to another fund. These advances were provided as either operating advances or reimbursement for expenditures that were paid by one fund on behalf of another fund. All balances are expected to be repaid at certain future dates.

Transfers between funds for the year ended June 30, 2016 are as follows:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
General Fund	Non-major Other Governmental Funds	\$ -
Non-major Other Governmental Funds	General Fund	91,376
		<u>\$ 91,376</u>

Transfers are used to 1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, 2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and 3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 8 – LONG-TERM LIABILITIES

At June 30, 2016, the Town’s long-term debt consisted of the following:

General Obligation Bonds

During the fiscal year ended June 30, 2007, the Town purchased a conservation easement on 1,674.15 acres. The purchase price of the conservation easement was \$8,000,000. The Town, on August 15, 2006, issued \$8,000,000 in general obligation bonds in order to obtain funding to acquire the conservation easement. During 2016, the Town refinanced the outstanding bond balance to obtain a lower interest rate. The current interest rates during the course of the bonds range from 2.00% to 4.00%. The bonds are scheduled to mature on August 15, 2026. The unpaid balance at June 30, 2016 was \$5,520,000.

Municipal Loans

On March 17, 2006, the Town entered into a loan agreement with the Rhode Island Clean Water Finance Agency (RICWFA) to finance various waterline expenditures incurred by the Town. The interest rate of this loan is 3.00% and is scheduled to mature on September 1, 2025. Terms of the loan call for annual installment payments; such payment amounts began at \$12,000 during the fiscal year ended June 30, 2007, and will increase on a bi-annual basis to \$24,500 during the term of the loan. The unpaid balance at June 30, 2016 was \$80,593.

Intermunicipal Loans

The Town has entered into multiple loan agreements with the Town of West Warwick and other municipalities to finance the operations of the Wastewater Facility located in the Town of West Warwick. Under these agreements, each community shares in the costs of upgrades to the facility based on applicable percentages. The Town’s share of these loans range from 1.27% to 7.86%. The interest rates on these loans vary from 0.78% to 1.57%. Repayment of the loan is recorded within the Town’s General Fund expenditures under Public Works. The outstanding loan obligation to the Town of West Warwick at June 30, 2016 was \$373,411.

Vacation, Sick Leave and Other Compensated Absences

The Town’s policy is to permit employees to accumulate a limited amount of earned but unused vacation and sick leave benefits, which will be paid to the employees upon separation from Town service. Compensated absences that are expected to be liquidated with expendable available financial resources are reported as expenditures and a fund liability of the general fund. Amounts not expected to be liquidated with expendable available resources are reported as long-term debt. In governmental funds compensated absence expenditures are only reported when matured. For the fiscal year ended June 30, 2016, the amount of vested or accumulated vacation and sick leave is not expected to be liquidated with expendable available financial resources, as such; amounts recorded for compensated absences are reported as long-term debt. No expenditures have been recorded in the general fund for these amounts. At June 30, 2016 the Town’s obligation for compensated absences was as follows:

NOTE 10 – DEFINED BENEFITS PENSION PLAN

Plan Description

The Municipal Employees' Retirement System (MERS) – an agent multiple-employer defined benefit pension plan - provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at www.ersri.org

Benefits Provided

General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

Salary: Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

Service: Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

Final Average Compensation (FAC): Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three year FAC as of July 1, 2012 or the five year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

Subsequent to June 30, 2015, litigation challenging the various pension reform measures enacted in previous years by the General Assembly (2009, 2010, and 2011) was settled. The final settlement approved by the Court on July 8, 2015 also included enactment of the pension settlement provisions by the General Assembly. These amended benefit provisions, which have been included in the determination of the total pension liability at the June 30, 2015 measurement date and are reflected in the summary of benefit provisions described below.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

General Employees

Members with less than five years of contributory service as of June 30, 2012 and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012 will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012 in (a) above. The interpolation is based on service as of June 30, 2012 divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

Police and Fire Employees

Members are eligible to retire when they are at least 50 years old and have a minimum of 25 years of contributing service or if they have 27 years of contributing service at any age. Members with less than 25 years of contributing service are eligible for retirement on or after their Social Security normal retirement age.

Members who, as of June 30, 2012, had at least 10 years of contributing service, had attained age 45, and had a prior Retirement Date before age 52 may retire at age 52.

Active members on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

A member who is within five years of reaching their retirement eligibility date, as described in this section, and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

Prior to July 1, 2012, members designated as police officers or firefighters were eligible for retirement at or after age 55 with credit for at least 10 years of service or at any age with credit for 25 or more years of service. Members were also eligible to retire and receive a reduced benefit if they are at least age 50 and have at least 20 years of service. If the municipality elected to adopt the 20-year retirement provisions for police officers and/or firefighters, then such a member was eligible to retire at any age with 20 or more years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

A monthly benefit is paid equal to 2.00% of the member's monthly FAC for each year of service, up to 37.5 years (75% of FAC maximum).

If the optional 20-year retirement provisions were adopted by the municipality prior to July 1, 2012: benefits are based on 2.50% of the member's FAC for each year of service prior to July 1, 2012 and 2.00% of the member's FAC for each year of service after July 1, 2012. The benefit cannot exceed 75% of the member's FAC.

Active members (including future hires), members who retire after July 1, 2015 and after attaining age 57 with 30 years of service will have a benefit equal to the greater of their current benefit described in (a) and (b) above and one calculated based on a 2.25% multiplier for all years of service.

Other Benefit Provisions

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

a. The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended. The first interim COLA may begin January 1, 2018.

b. Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%

c. The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on the every fourth year provision described in (i) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$25,000 for 2013, \$25,000 for 2014, \$25,168 for 2015, \$25,855 for 2016, and \$26,098 for 2017.

Employees Covered by Benefit Terms

At the June 30, 2014 valuation date, the following employees were covered by the benefit terms:

	GENERAL EMPLOYEES	MUNICIPAL POLICE	TOTAL
Retirees & Beneficiaries	16	6	22
Inactive, non-retired members	5	1	6
Active members	24	15	39
Total	45	22	67

Contributions

The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012 are required to contribute 2% of their salaries. General employees with more than 20 years of service as of June 30, 2012 are required to contribute 8.25%. Public safety employees are required to contribute 10% of their salaries. The Town of West Greenwich contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The Town of West Greenwich contributed \$381,124 in the year ended June 30, 2016 (General Employees - \$171,887 and Municipal Police - \$209,237) which was 19.3% of annual covered payroll.

Net Pension Liability (Asset)

The total pension liability was determined by actuarial valuations performed as of June 30, 2014 and rolled forward to June 30, 2015, using the following actuarial assumptions, applied to all periods included in the measurement.

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2015 measurement date (June 30, 2014 valuation rolled forward to June 30, 2015)	
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.
Amortization Method	Level Percent of Payroll - Closed
Actuarial Assumptions	
Investment Rate of Return	7.50%
Projected Salary Increases	General Employees - 3.50% to 7.50%; Police & Rescue Employees - 4.00% to 14.00%
Inflation	2.75%
	* Male Employees; MERS General and MERS P&F: 115% of RP-2000 Combined Healthy for Males with White Collar adjustments, projected with Scale AA from 2000. * Female Employees; MERS General and MERS P&F: 95% of RP-2000 Combined Healthy for Females with White Collar adjustments, projected with Scale AA from 2000.
Cost of Living Adjustments	A 2% COLA is assumed after January 1, 2014.

The actuarial assumptions used in the June 30, 2014 valuation rolled forward to June 30, 2015 and the calculation of the total pension liability at June 30, 2014 were consistent with the results of an actuarial experience study performed as of June 30, 2013.

TOWN OF WEST GREENWICH, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 23 sources. The June 30, 2015 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

Type of Investment	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity:	38.00%	-
U.S. Equity	-	6.90%
International Developed	-	7.30%
International Emerging Markets	-	9.50%
Equity Hedge funds	8.00%	4.00%
Private Equity	7.00%	10.00%
Core Fixed Income	15.00%	2.20%
Absolute Return Hedge Funds	7.00%	4.00%
Infrastructure	3.00%	5.70%
Real Estate	8.00%	4.90%
Other Real Return Assets:	11.00%	-
Master Limited Partnerships	-	4.50%
Credit	-	4.50%
Inflation Linked Bonds	-	1.20%
Cash, Overlay, Money Market	3.00%	7.80%
	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount rate

The discount rate used to measure the total pension liability of the plans was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 11 – DEFINED CONTRIBUTION PENSION PLAN

Defined Contribution Plan Description

Certain employees participating in the defined benefit plan, as described above, may also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute 1% of annual covered salary. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The Town of West Greenwich recognized pension expense of \$11,068, for the fiscal year ended June 30, 2016.

The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the system. The report may be obtained at <http://www.ersri.org>.

NOTE 12 – OTHER POST EMPLOYEMENT BENEFIT OBLIGATIONS (OPEB)

In addition to pension benefits, the Town provides post-employment benefits to one employee who chose to exercise early retirement as of June 30, 2016. The Town provides benefits which include health and dental insurance for the employee, and in some cases their spouse, and will terminate when the employee reaches age 65. The Town pays between 80.0% and 90.0% of health insurance premiums and either 90.0% or 100.0% of dental insurance premiums. Annual premiums for the employee are \$12,332 for health insurance and \$1,754 for dental insurance for the fiscal year ended June 30, 2016.

The cost of retirees' health and dental benefits is recognized as expenditures as premiums are paid. For the fiscal year ended June 30, 2016, these costs were \$14,086. The projected future obligation of these benefits is \$13,058 as of June 30, 2016, and is scheduled to terminate by fiscal year 2017.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 13 – DEFERRED COMPENSATION PLAN

The Town offers its municipal employees a deferred compensation plan established in accordance with Internal Revenue Code (IRC) Section 457. The plan, available to certain municipal employees, permits the deferral of a portion of their salary until future years. The deferred compensation is payable to employees upon termination, retirement, death or unforeseen emergency.

The Town placed the deferred compensation plan assets into trust for the exclusive benefit of plan participants and beneficiaries in accordance with Governmental Accounting Standards Board (GASB) Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*.

The Town has little administrative involvement and does not perform the investing function for the plan. The Town does not hold the assets in a trustee capacity and does not perform fiduciary accountability for the plan. Therefore, the Town employees' deferred compensation plan created in accordance with IRC 457 is not reported in the financial statements of the Town.

NOTE 14 – CONTINGENCIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial.

Pending or threatened lawsuits against municipal governments arise in the ordinary course of operations. Generally, in the opinion of the administration, the ultimate resolution of any legal actions will not result in a material loss to the Town. However, at June 30, 2016, there are several claims against the Town for which the Town's legal counsel is unable to determine the likelihood of an unfavorable outcome or the amount or range of potential loss.

NOTE 15 – RISK MANAGEMENT

The Town of West Greenwich is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters. As a result, the Town participates in a non-profit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) which provides coverage for property/liability claims and workers' compensation claims. Upon joining the Trust, the Town signed a participation agreement which outlines the rights and responsibilities of both the Trust and the Town. The agreement states that for premiums paid by the Town, the Trust will assume financial responsibility for the Town's losses up to the maximum amount of insurance purchased, minus the Town's deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its Members. Under the participation agreement, the Town is insured for amounts to \$3,000,000 depending on the type of coverage provided. Settled claims resulting from these risks have not exceeded the Trust coverage in any of the past three fiscal years and the level and type of coverage has not changed.

REQUIRED SUPPLEMENTARY INFORMATION

The information provided herein contains schedules, which the Town deems necessary to provide additional disclosures.

This section also presents budgetary comparison schedules for the Town's major funds. These schedules are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board.

This section presents the Schedule of Funding Progress for Pension Plan. This schedule is not a required part of the basic financial statements but is supplementary information required by Governmental Accounting Standards Board.

NOTES:

The amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year end.

The schedules are intended to show information for 10 years – additional years will be displayed as they become available.

Employers participating in the Municipal Employee’s Retirement System are required by RI General Laws, Section 45-21-42, to contribute an actuarially determined contribution rate each year.

Changes in benefit provisions –

The June 30, 2015 measurement date determination of the net pension liability for the MERS plans reflects changes in benefit changes resulting from the settlement of litigation challenging the various pension reform measures enacted in previous years by the General Assembly. The final settlement approved by the Court on July 8, 2015 also included enactment of the pension settlement provisions by the General Assembly. These amended benefit provisions, are summarized below:

- Employees with more than 20 years of service at July 1, 2012 will increase their employee contribution rates to 11% for state employees and municipal general employees will contribute 8.25% (9.25% for units with a COLA provision) and participate solely in the defined benefit plan going forward – service credit accruals will increase from 1% to 2% per year.
- Members are eligible to retire upon the attainment of: age 65 with 30 years of service, 64 with 31 years of service, 63 with 32 years of service, or 62 with 33 years of service. Members may retire earlier if their RIRSA date is earlier or are eligible under a transition rule.
- MERS public safety employees may retire at age 50 with 25 years of service, or any age with 27 years of service. MERS public safety employees will contribute 9.00% (10.00% for units with a COLA provision)
- Employees with more than 10 but less than 20 years of service at July 1, 2012 will receive an increased employer contribution to the defined contribution plan based on the members years of service (an additional .25% for members with 10-15 years of service and .50% for members with 15-20 years of service). Also, members who earn less than \$35,000 per year will not be required to pay the administrative fees to the defined contribution plan.
- Members who retired from a COLA eligible plan before 7/1/2012 will received a one-time cost of living adjustment of 2% of the first \$25,000 paid as soon as administratively possible.
- Retirees as of June 30, 2015 will receive two \$500 stipends; the interim cost of living increases will occur at 4 year rather than 5 year intervals.
- The COLA formula was adjusted to: 50% of the COLA is calculated by taking the previous 5-year average investment return, less 5.5% (5yr return - 5.5%, with a max of 4%) and 50% calculated using previous year’s CPI-U (max of 3%) for a total max COLA of 3.5%. This COLA is calculated on the first \$25,855, effective 01/01/16, and indexed as of that date as well. (The indexing formula is run annually regardless of funding level each year.)
- Minor adjustments were made to the actuarial reduction for employees choosing to retire early.

TOWN OF WEST GREENWICH, RHODE ISLAND
 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
 June 30, 2016

NOTE 1 – BUDGETARY – GAAP REPORTING RECONCILIATION

The accompanying Required Supplementary Information Schedule of Revenues, Expenditures and Changes in Fund Balance presents a comparison of the legally adopted budget (more fully described in Notes to Financial Statements – Note 2) with actual data on a budgetary basis. Because accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with GAAP, a reconciliation of resultant basis, entity and timing differences in the excess (deficiency) of revenues and other sources of financial resources over expenditures and other uses of financial resources for the year ended June 30, 2016 is presented below:

	General Fund - GAAP Basis
Excess of revenues and other resources over expenditures and other uses (Budgetary Non-GAAP Basis)	\$ 461,500
<i>Adjustments:</i>	-
Excess of revenues and other resources over expenditures and other uses (GAAP Basis)	\$ 461,500

OTHER SUPPLEMENTARY INFORMATION

Detailed financial statements for each fund are presented in a combining or individual fund statement under the dividers labeled accordingly.

NONMAJOR OTHER GOVERNMENTAL FUNDS

Special Revenue Funds:

Special Revenue Funds are used to account for revenues from specific taxes or other earmarked revenue sources which by law are designated to finance particular functions or activities of government, and which therefore cannot be diverted to other uses.

Library Grant – This fund accounts for grant-in-aid for library services received from the General Assembly of Rhode Island.

Public Safety Program Grants – This fund accounts for grants received from the RI Department of Transportation, the RI Department of Behavioral Healthcare, and the RI Emergency Management Agency to provide public safety programs.

Community Development Block Grants – This fund accounts for the Community Development Block Grants received to support the development of viable communities through the expansion of economic opportunities.

Land Trust – This fund accounts for the restriction of funds received to help fund the production of maps and to inform the public about preserving the Town's open space and rural character.

Fire Suppression – This fund accounts for the restriction of funds received designated for the purchase of fire suppression equipment.

Police/Vehicle Purchases – This fund accounts for the purchase of police vehicles and police equipment.

Records Restoration – This fund accounts for the restriction of money set aside for the purpose of records restoration as mandated by State law.

REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Honorable President and
Members of the Town Council
West Greenwich, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of West Greenwich, Rhode Island (Town), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Town of West Greenwich, Rhode Island's basic financial statements, and have issued our report thereon dated December 14, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of West Greenwich, Rhode Island's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of West Greenwich, Rhode Island's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of West Greenwich, Rhode Island's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of West Greenwich, Rhode Island's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose
