Westerly Rhode Island

Finance Department

45 Broad Street Westerly, RI 02891 (401) 348-2548

December 31, 2020

To the Citizens of Westerly, Rhode Island

The comprehensive annual financial report of the Town of Westerly, Rhode Island, for the fiscal year ended June 30, 2020, is hereby submitted as mandated by state statute. State laws require that all general-purpose local governments publish a complete set of financial statements, presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of certified public accountants licensed to practice in the State of Rhode Island, within six months of the close of each fiscal year.

This report consists of management's representations concerning the finances of the Town of Westerly, Rhode Island. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the Town has established a comprehensive internal control framework that is designed to both protect the government's accounts from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the Town of Westerly's financial statements in conformity with GAAP. As the cost of internal controls should not outweigh their benefits, the Town of Westerly's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town of Westerly's financial statements have been audited by Marcum LLP., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of Westerly for the fiscal year ended June 30, 2020 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion, that the Town of Westerly's financial statement for the fiscal year ended June 30, 2020, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Town of Westerly was part of the broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentations of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are included in the Single Audit section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Town of Westerly's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE GOVERNMENT General

The Town of Westerly, established in 1669, is in the southwest corner of the State of Rhode Island, bounded on the west by the Town of Stonington, Connecticut; on the north by the Towns of North Stonington, Connecticut and Hopkinton, Rhode Island; on the east by the Town of Charlestown, Rhode Island; and on the south by the Atlantic Ocean. Covering 32.5 square miles, Westerly is located approximately 42 miles from Providence, Rhode Island, 60 miles from Hartford, Connecticut, 80 miles from Boston, Massachusetts, and 130 miles from New York City, New York.

The Town has a population of about 23,000. In 2019, the Town's median family income was approximately \$70,800, and the median value of owner-occupied housing was \$294,200. Not reflected in the Census statistics is the above average income of the more than 20,000 summer inhabitants of the Town that contribute to the local economy, nor the value of vacation homes located along the Town's coastal areas.

Westerly is an economically diverse residential community with a well-established commercial base and small pockets of industry and recreational facilities. Due to its many miles of saltwater beaches and ocean frontage, the Town is a well-known vacation and tourist center, and part of Rhode Island's South County summer vacation area. Stately summer residences located in the Watch Hill area along with summer cottage colonies located in the Misquamicut, Weekapaug and Shelter Harbor areas of the Town add substantially to the Town's tax base.

Revaluations are completed every three years in conformity with Rhode Island General Statutes. As of December 31, 2019, the net assessed property value totaled \$6,528,352,513.

Government

The Town of Westerly, established in 1669, operates under a Home Rule Charter adopted in 1968, which provides for a council/manager form of government. The Town Council, which is comprised of seven members who are elected at-large and serve two-year terms, are vested by the Charter with all legislative powers of the Town. These powers include the ordering of any tax, making appropriations, the power to enact, amend, or repeal ordinances related to the Town's property and to authorize the issuance of bonds or notes by resolution; subject to approval by a majority of electors voting who are qualified to vote on financial matters of the Town.

The Town Council appoints a Town Manager for a definite term based on his or her executive and administrative qualifications and experience. The Town Manager is the chief executive officer and the head of the administrative branch of the Town government. The Town Manager is responsible for carrying out the policies of the Town Council, for overseeing the day-to-day operations of the Town, and for appointing all Town employees, except for School District personnel.

The Town provides a full range of municipal services including public safety protection; the maintenance of highways, streets and other infrastructure; recreational activities; economic and development services; high-quality education; water and sewer utilities; waste disposal services; and other administrative services.

The annual budget serves as the foundation for the Town of Westerly's financial planning and control. Town departments submit requests for appropriation and revenue estimates to the Town Manager no later than January 15th. The Town Manager uses these requests as the starting point for developing a proposed budget. On the third Monday in March of each year the Town Manager submits to the Finance Board, with copies to the Town Council, the proposed budget of the Town of Westerly. The Board of Finance holds several budget work sessions with the Town Manager to discuss the proposed budget document and make recommended edits to the Town Council. After the recommended Board of Finance budget is delivered to the Town Council, the Town Manager and Town Council hold several budget work sessions to revise and, eventually, adopt a preliminary budget not later than the fourth Wednesday in April of each year.

Following the adoption of the preliminary budget by the Town Council, any qualified elector of the Town may circulate and file a petition contesting any of the proposed budget items, within eight (8) days of the publishing of the budget. If no petition is filed by this date, the budget is considered adopted. If there is a petition, a referendum must be held within 32 days of the date the Board of Canvassers validates the signatures on the budget petition.

The appropriated budget is prepared by fund, major program function (e.g., public safety) and department (e.g., police). At any time during the fiscal year the Town Manager may transfer part or all of an unencumbered appropriation balance among programs within a department, office or agency and, upon written request by the Town Manager, the Council may by ordinance transfer part or all of any unencumbered appropriation balance from one department, office or agency to another. If during the fiscal year the Town Manager certified that there are available for appropriation revenues in excess of those estimated in the budget, the Council by ordinance may make supplemental appropriations for the year up to the amount of such excess. If at any time during the fiscal year it appears probable to the Town Manager that the revenues available will be insufficient to meet the amount appropriated, he shall report to the Council without delay, indicating the estimated amount of the deficit, any remedial action taken by him and his recommendations as to any other steps to be taken. The Council shall then take such further action as it deems necessary to prevent or minimize any deficit and for that purpose it may by ordinance reduce one or more appropriations.

Budget-to-actual comparisons are provided in this report for the General Fund and the School Unrestricted Fund on pages 90-94.

Education

The general administration of the Westerly Public Schools is directed by a seven-member School Committee that is elected at large at the regular biennial elections for staggered four-year terms. The School Committee determines and controls all policies affecting the administration, maintenance, and operation of the public schools in the Town. The School Committee appoints a Superintendent as its chief administrative agent; submits a detailed budget of expenditures and revenue to the Town Council and, once the school budget has been approved, determines the allocation of the amount appropriated. The cost of operating the School District for the fiscal year ended June 30, 2020 was \$56,558,017. The Town currently has three elementary schools, (Bradford Elementary was closed at the end of the 2017 school year) one middle school, one high school and the Tower Street Community Center. At the beginning of each school year, the student enrollment in the Westerly School System has been and is projected to be as follows:

Enrollment PK-12 - Projected Enrollment **

FY 2016	2,908
FY 2017	2,843
FY 2018	2,799
FY 2019	2,744
FY 2020	2,656
FY 2021	2,606
FY 2022	2,558
FY 2023	2,490
FY 2024	2,439
FY 2025	2,383

**Source: State of Rhode Island School Building Authority at the Department of Education – Demographics Summary Report

Municipal Services

The Town provides major public services which are detailed as follows:

Water Facilities

Westerly's water system is owned by the Town and operated by the Public Works Utilities Department. This system serves portions of Westerly and the Pawcatuck section of Stonington, Connecticut. A small portion of town (approximately 6%) depends on private wells. Most properties that are not served by the Town water system are residences remote from the Town water system. A study titled, "Town of Westerly, Rhode Island - Water Supply System Management Plan", prepared by C&E Engineering Partners, Inc. May 2013, describes existing conditions and includes a long-range program to improve the quality and quantity of water. Water studies are conducted on five-year cycles and results are submitted to both Rhode Island and Connecticut state agencies (Departments of Health) for evaluation.

Sanitary Sewer System

Westerly owns and operates a wastewater collection and treatment system that services approximately 45% of the parcels in the Town. In terms of residential parcels only, 39% have public sewers and 61% use individual septic systems. The Town has not extended sewer service in several years. Developers of some projects have extended sewers in conjunction with completing the projects. The wastewater in areas not serviced by sewers has been accommodated in many ways including cesspools and septic systems installed during time periods where no regulations existed or where there were minimal local regulations. Later systems were installed under regulations of Rhode Island Department of Environmental Management (RIDEM) relating to Individual Septic Disposal Systems including, effective January 1, 2008, the new RIDEM-Rules Establishing Minimum Standards Relating to Location, Design, Construction and Maintenance of Onsite Wastewater Treatment Systems.

Public Works

The Town's Public Works Department provides a full range of services including vehicle, roads, grounds, and building maintenance and snow removal. The Public Works Department expended \$4,475,981 for fiscal year ended June 30, 2020 and budgeted \$4,961,204. In prior years, the Transfer Station was consolidated into the Public Works Department, however beginning in FY 2018, the Transfer Station is now reported as an Enterprise Fund.

Public Safety

Services include police patrol, investigations, community education, dispatching, harbor patrol and animal control functions. The Westerly Police Department has a force that consisting of 52 full-time police officers and 13 support personnel. The Police Department expended \$7,488,638 for fiscal year ended June 30, 2020 and budgeted \$7,903,288 respectively.

Financing

In July of 2017, the Town refinanced an existing bond, thereby reducing the interest rate and debt service over the life of the bond without extending the bond maturity date. The original bond was issued in 2007.

In 2018, the Town issued a Sewer Improvement bond totaling \$1,664,000 to address sewer system infrastructure improvements and groundwater infiltration. This project is expected to be completed by the end of the next fiscal year.

In 2019, the Town issued a Road and Bridge Improvement bond totaling \$15,000,000 to address the reconditioning and resurfacing of 21 miles of roads and the construction of a bridge. The plan is anticipated to span three years and includes a partnership project with Rhode Island Department of Transportation and Connecticut Department of Transportation to repair the Boombridge Road Bridge.

Employee Relations

As of June 30, 2020, the Town employs 179 full-time equivalent employees exclusive of those employed by the School District. The School District employs 556 full-time equivalent employees.

The status of union contracts for municipal and school employees is as follows:

- Police Department: Three-year contract expires June 30, 2022
- Public Works & Municipal Clerical: Three-year contract expired June 30, 2020
- Teachers: Two-year contract expires August 31, 2021
- Local 808 Bus Drivers and Aids: Three-year contract expired June 30, 2019
- Local 808 Monitors: Three-year contract expires June 30, 2022
- Local 808 Clerical-Custodial-Mechanical-Secretarial: Three-year contract expires June 30, 2021.

Factors Affecting Financial Condition

The information presented in the financial statement is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Town of Westerly operates.

Local Economy

Westerly is known for its granite and stone-cutting industry. A type of granite, known as Westerly granite, has been and continues to be quarried here. The granite is ideal for statuary and has been used in numerous government buildings of states along the eastern seaboard.

Salt ponds lie along the coast of Westerly, which serve as shallow reef-like pools, whose outer walls form the long, white beaches that the Town is renowned for. These ponds, Maschaug Pond, Winnapaug Pond and the Quonochontaug Pond are assets that the Town continues to utilize. Further, they are part of the Rhode Island's growing aquaculture industry. Portions of the ponds are leased to small commercial oyster farms.

Westerly is home to the Westerly State Airport and an Amtrak Station. Westerly is also home to multiple public and private golf courses. Other recreation facilities include two yacht clubs, and several marinas and boat yards. The Westerly downtown area includes the YMCA, an outdoor ice-skating rink, the Westerly Library and many restaurants and retail stores. Westerly is a popular tourist destination during the summer months and specific taxes, such as hotel tax and sales tax, are shared with the Town and support the annual budget.

The Town of Westerly, in partnership with Stand up for Animals (SUFA) completed the Santo Algiere Dog Park in 2016, which also includes a new boat launch that is adjacent to the dog park.

In October 2016 the Town entered into a memorandum of agreement with Cherenzia Excavations Inc. a tax-exempt lease purchase \$2,800,000 for a 20-year period, subject to non-appropriation on annual basis, a declaration of covenants, restrictions and conditions with respect to the Aquifer Protection Property, including a prohibition of an incinerator and a Conditional right of first refusal and option to purchase with respect to the aquifer protection property.

Over the past several years, the Town has invested in a new police station, public works facility, middle and high school. The Town is currently working on developing a plan to upgrade the Town's three elementary schools.

To address the Town roads, a referendum was passed in November of 2018 approving the issuance of \$15,000,000 in Rhode Island Infrastructure Bank bonds. This project, and funding, is anticipated to span three fiscal years.

In December 2017, the Town entered into an agreement to purchase real estate for a solar land development program to provide the Town's electricity. The Town estimates the financial impact of the project to benefit the fiscal year 2020-2021.

In the spring of 2017, the Town welcomed the opening of the Westerly Educational Center. This multioccupant facility offers academic courses provided by several private and public post-secondary schools, such as the Community College of Rhode Island (CCRI) and the Rhode Island School of Design (RISD) and provides job skills training to prepare potential employees for work in their chosen industry. Working with General Dynamics Electric Boat division, more than 750 potential employees have already undergone training since the facility's opening.

Prior to 2017, Lawrence and Memorial (L&M), which previously acquired the Westerly Hospital in 2013, was acquired by and affiliated with Yale-New Haven Health System (YNHHS). After this, YNHHS has committed \$300 million in capital upgrades over a five-year period to Westerly Hospital and other facilities in eastern Connecticut and western Rhode Island it has acquired through its purchase, thereby preserving the work force that support these operations.

Pension and other postemployment benefits

All non-union Town employees participate in a defined contribution 401(a) plan. The police union, public works/clerical union, and teachers have defined benefit plans.

Teachers participate in the State plan. In November 2011, the State of Rhode Island passed major changes to this plan including the creation of a hybrid program with both defined benefit and defined contribution components and the required length of service.

The public works/clerical union participate in a federally managed, union plan. Employee contributions and fund management are dictated by the union. The police participate in a defined benefit plan whereby plan assets are professionally managed.

The police pension is currently funded at 71.3%. The Town continues to fund the Annual Required Contribution (ARC) at 100%.

Westerly has a net OPEB obligation of \$12.6 million, related to retired and active employees. The OPEB is 32.8% funded.

Other

Westerly believes in transparency and the accountability it inspires. This is the eighth year that the Town's annual audit is presented in the form of a Comprehensive Annual Financial Report.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the finance department. We would like to express our appreciation to all members of the department. Credit must also be given to the Town Council and its President, and the School Committee and its Chair, for the unfailing support for achieving and maintaining the highest standards of professionalism in the management of the Town of Westerly's finances.

SUPPLEMENTARY INFORMATION

INDEPENDENT AUDITORS' REPORT

To the Honorable President and Members of the Town Council **Town of Westerly, Rhode Island**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Westerly, Rhode Island (the Town) as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Westerly, Rhode Island, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussions and analysis on pages 4 through 12, the budgetary comparison information on pages 90 through 94 and the pension and OPEB schedules on pages 95 through 109 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Westerly, Rhode Island's basic financial statements. The introductory section on pages i through xi, annual supplemental transparency report on pages 110 through 116, combining and individual nonmajor fund financial statements on pages 117 through 130, and statistical section on pages 137 through 153, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The annual supplemental transparency report, and the combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the annual supplemental transparency report, and the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2020 on our consideration of the Town of Westerly, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Westerly, Rhode Island's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of Westerly, Rhode Island's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

TOWN OF WESTERLY, RHODE ISLAND MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended June 30, 2020

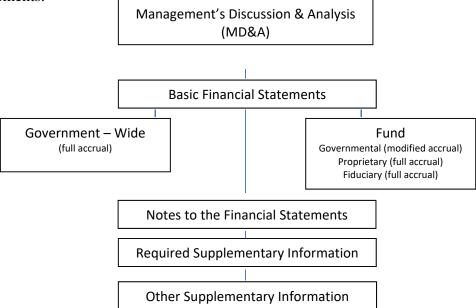

As management of the Town of Westerly, we offer readers of the Town's financial statements this narrative overview and analysis of the Town's financial activities for the fiscal year ended June 30, 2020. We encourage the readers to consider the information presented here in conjunction with the letter of transmittal on pages i-viii of this report as well as the Town's basic financial statements that follow this section.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Town of Westerly's basic financial statements. The Town's basic financial statements are comprised of three components:

- 1. Government-Wide Financial Statements
- 2. Fund Financial Statements
- 3. Notes to the Financial Statements

This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances in a manner like a private-sector business.

The Statement of Net Position presents information on the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The Statement of Activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. Examples are uncollected taxes and compensated absences earned but unused.

Government-wide financial statements distinguish functions of the Town of Westerly that are principally supported by taxes and intergovernmental revenue (governmental activities) from other functions that are intended to recover all or a significant portion of their cost through user fees and charges (business-type activities). The government activities of the Town include general government, public safety, streets and highways, education, beach and recreation. The business-type activities of the Town include the Water Fund and Sewer Funds, the Transfer Station and the Animal Shelter.

The government-wide financial statements are reported on pages 13 through 14.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Westerly, like other state and local governments, uses fund accounting to ensure compliance with finance related legal requirements. All Town funds can be divided into three categories; governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town of Westerly maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, School Restricted Fund, and \$15.0 Million Bond Fund, which are major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements included in the other supplementary information.

The Town of Westerly adopts an annual appropriated budget for its General Fund and School Unrestricted Fund. Budgetary comparison schedules have been provided for the General Fund and School Unrestricted Fund to demonstrate compliance with this budget.

Proprietary Funds. The Town's proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements except for the Internal Service Funds which are reported as governmental fund type activity. The Town has four enterprise funds. The Water Fund accounts for the water system of the entire Town of Westerly as well as a portion of neighboring Pawcatuck, Connecticut. The Sewer Fund accounts for sewer system user charges and costs associated with wastewater collection for approximately 45% of the parcels in Town. The Transfer Station fund accounts for residential and commercial waste and recycling. The Animal Shelter fund accounts for revenues and expenses associated with the care of animals sheltered by the Town.

The Town uses internal service funds to account for employee healthcare expenses in the Health Fund. Included in the Health Fund activities are contributions from the Town and employees, as well as claims paid.

The basic propriety fund financial statements are present on pages 19-22.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 23-24.

Notes to Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statement are presented on page 25-89.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Town of Westerly.

Required supplementary information is presented on pages 90-109.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 117-130.

Government-Wide Financial Analysis

As noted earlier, net position may serve as a useful indicator over time of a government's financial position. In the case of the Town of Westerly, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$103,140,010 as of June 30, 2020.

The largest portion of the Town's net position \$128,059,979 is its investment in capital assets (e.g. land, buildings, infrastructure, machinery and equipment); less any related debt used to acquire those assets that are still outstanding. The Town uses these capital assets to provide service to citizens; consequently, these assets are not available for future spending. Although the Town's investment in capital assets is reported net of related debt, it should be noted that the resources to repay this debt must be provided from other sources, since the capital asset cannot be used to liquidate these liabilities.

An additional portion of the Town's net position, \$18,144,714, represents resources that are subject to external restriction on how they may be used. The remaining balance of the unrestricted net position is \$43,064,683. The Town's negative unrestricted net position is primarily attributable to the legacy costs related to unfunded OPEB liabilities.

The Town's net position increased by \$9,646,287 during the current fiscal year. Of this amount, governmental activities accounted for \$8,802,589 of the increase, while business-type activities increased by \$843,698.

Governmental Activities

Governmental activities increased the Town's net position by \$9,646,287.

GOVERNMENTAL ACTIVITIES: EXPENSES

Financial Analysis of the Town of Westerly's Funds

As noted earlier, the Town of Westerly uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

<u>Governmental Funds</u> - The focus of the Town of Westerly's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At of the end of the current fiscal year, the Town's governmental funds reported a combined ending fund balance of \$30,215,966. Approximately 37%, or \$11,091,308, is available for spending at the government's discretion within the Town's total Fund Balance. The remaining fund balance of \$19,124,658 includes \$3,978,639 of Committed Fund Balance for Capital Projects, \$1,101,269 non-spendable for prepaid items, and \$14,044,750 restricted to specific programs.

The General Fund is the chief operating fund of the Town of Westerly. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$11,091,308 while total fund balance was \$17,864,303. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total General Fund budgeted expenditures. Unassigned fund balance represents 12% of the 2020 FY Adopted General Fund Expenditure Budget, while total fund balance represents 19% of that same amount.

Key Factors in the Change of the Town's Governmental Fund Balances

The School Unrestricted Fund reported ending fund balance of \$5,177,011. \$26,522 of this amount is considered non-spendable as it relates to prepaid expenditures.

<u>Proprietary Funds</u> - The Town of Westerly's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position in the Water Fund at the end of the fiscal year amounted to \$3,983,037; unrestricted net position in the Sewer Fund was \$5,157,214; Transfer Station was \$44,075 and Animal Shelter was combined into the Non-Major Funds which totaled \$129,252.

General Fund Budgetary Highlights

The Town of Westerly, Rhode Island finished the 2019-2020 fiscal year with a budgetary surplus of \$1,411,792.

Major General Fund Revenue Factors:

Property taxes are the largest single revenue source for the General Fund and account for 81% of total budgetary revenues. The tax collection rate for both current and prior year assessments was approximately 99%.

Major Expenditure Factors:

Education Expense accounts for approximately 60% of the total budgetary expenditures within the General Fund of the Town of Westerly, followed by Debt Service representing 11%, Public Safety representing 8%, Public Works representing 5%, and General Government representing 7%.

Capital Assets and Debt Administration

<u>Capital Assets</u> - The Town of Westerly's capital assets for its governmental and business-type activities amounted to \$209,502,027 (net of accumulated depreciation) as of June 30, 2020. This investment in capital assets includes land, buildings, improvements, machinery and equipment, motor vehicles, infrastructure, and construction in progress.

<u>Debt Administration</u> - At the end of the current fiscal year, the Town of Westerly had total bonded debt outstanding of \$50,603,000, capital leases of \$4,619,307 and \$23,815,212 of loans payable.

TOWN OF WESTERLY'S OUTSTANDING DEBT AT YEAR END BONDS, LOANS AND CAPITALIZED LEASES PAYABLE

	 Government A	ctivities	Business-T	ype Activities		Total		
	 2020	2019	2020	2019	2020		2019	
General obligation bonds	\$ 50,603,000 \$	54,323,000			\$ 50,603,	000 \$	54,323,000	
Capital lease	2,140,086	1,957,708	2,479,221	2,714,859	4,619	307	4,672,567	
Loans	21,286,000	22,371,000	2,529,212	3,289,610	23,815,	212	25,660,610	
Total	\$ 74,029,086 \$	78,651,708	\$ 5,008,433	\$ 6,004,469	\$ 79,037,	519 \$	84,656,177	

State statutes limit the amount of general obligation bonded debt a town can issue to 3% of net assessed property values. However, all bonds approved through State enabling legislation and voter referendums are exempt from this limit. As of June 30, 2020, the Town had a debt limit of \$194,992,618.

Standard and Poor's rated the Town of Westerly's credit at AA, while Moody's Investors Service rated the Town at Aa3.

Economic Factors and Next Year's Budget and Rates

The Town of Westerly's total proposed General Fund budget for fiscal year 2020-2021 amounted to \$93,546,920 which reflects a decrease of \$2,472,063 (2.6%) over the fiscal 2019-20 budget. To fully understand this change, the 2019-2020 budget included a one-time capital project of \$3,066,000 with corresponding revenue of \$3,000,000; removing this outlier, the budget increase was \$593,937 or 1%. Of the total Town budget, \$56,758,052 or 61.3% is budgeted for Westerly Public Schools. The Town is budgeted to receive \$10,005,760 from the State of Rhode Island for Aid to Education. The Town's mill rate increased 1% for fiscal year 2020-21 to 11.31, versus 11.20 for fiscal year 2019-20.

The Town's debt service will remain fairly level until 2026, when the Town will see significant reductions.

Request for Information: This financial report is designed to provide a general overview of the Town of Westerly's finances. Questions concerning any of the information provided in this report or request for additional information should be addressed to the Office of the Finance Director, 45 Broad Street, Westerly, RI 02891.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS (IV) TO THE STATEMENT OF ACTIVITIES (II)

JUNE 30, 2020

Net Change in Fund Balances - Total Governmental Funds (IV)	\$ (1,459,940)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. The capital outlays are as follows:	
Capital asset additions	9,021,568
Net book value of disposals	 (196,961)
Net capital outlays reported as expenditures	8,824,607
Depreciation expense	(6,406,621)
Proceeds from issuance of long-term debt	(2,402,946)
Change in accrued interest	96,765
Change in liability for compensated absences	(283,892)
Change in unearned tax revenues that are recorded in the funds,	
but are not deferred under the measurement focus employed	(1,286,768)
Principal payments made on long-term obligations	7,922,441
Excess of internal service funds' revenues over expenses, reported as governmental activities	
in the government-wide statement of activities	2,244,050
Change in net OPEB liability	(57,505)
Change in net pension asset	979,376
Change in net pension liability	(1,033,423)
Change in deferred inflows of resources	2,719,971
Change in deferred outflows of resources	 (1,053,526)
Change in Net Position of Governmental Activities (II)	\$ 8,802,589

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DESCRIPTION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town of Westerly, Rhode Island (the Town). All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support.

REPORTING ENTITY

The Town was founded in 1669. The Town is governed largely under the 1968 Westerly Home Rule Charter. In some matters, including the issuance of short- and long-term debt, the Town is governed by the general laws of the State of Rhode Island. The Town operates under a Town Council-Town Manager form of government with a seven-member Town Council headed by a Council President and a Council Vice-President. The Town Manager exercises the executive power of the Town government and is responsible to the Town Council for day-to-day operations of the Town's affairs. All legislative powers of the Town are vested in the Town Council.

The Town provides the following services as authorized by its charter: public safety (police, traffic safety, inspections); public works (sanitation, highways and streets, engineering and building maintenance); zoning and planning; parks and recreation; education; social services; and general administrative services.

BASIS OF PRESENTATION - GOVERNMENT-WIDE FINANCIAL STATEMENTS

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the Town's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the Town's water and transit functions and various other functions of the Town. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF PRESENTATION – FUND FINANCIAL STATEMENTS

The fund financial statements provide information about the Town's funds, including its fiduciary funds. Separate statements for each fund category (governmental, proprietary and fiduciary) are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The Town reports the following major governmental funds:

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The School Restricted Fund is used to account for activities related to educational programs funded by state and federal grants.

The \$15,000,000 Bond Fund is used to account for projects funded by the RIIB Municipal Road and Bridge Program. This project will span three years and address the reconditioning and resurfacing of 21 miles of roads and the construction of a bridge. The plan is anticipated to span three years and includes a partnership project with Rhode Island Department of Transportation and Connecticut Department of Transportation to repair the Boombridge Road Bridge.

The Town reports the following major proprietary funds:

The *Water Fund* is a proprietary (enterprise) fund is used to account for the operation and maintenance of the Town's water system, which is primarily supported through charges to customers.

The *Sewer Fund* is a proprietary (enterprise) fund used to account for sewer use fees and the expenses associated with providing wastewater services to Town residents. The fund is primarily supported through charges to customers.

The *Transfer Station Fund* is a proprietary (enterprise) fund used to account for transfer station fees and the expenses associated with operation of the transfer station. The fund is primarily supported through charges to customers.

Additionally, the Town reports the following fund types:

The *Internal Service Funds* are used to account for the Town's self-insurance program for medical and dental health insurance coverage for persons covered by the health benefit plan of the Town and for payment of insurance claims and deductibles not covered by the Town's commercial insurance.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF PRESENTATION – FUND FINANCIAL STATEMENTS (CONTINUED)

The *Special Revenue Funds* are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The Town's major special revenue fund is the School Department, which provides primary education to the Town's children.

The *Capital Project Funds* are used to account for and report resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

The *Private Purpose Trust Funds* are used to account for resources legally held in trust for use by parties outside of the Town, and cannot be used at the Town's discretion or to support the Town's general operations. The activities of the Town's private purpose trust fund are utilized for various purposes with the Town.

The *Pension and Other Employee Benefit Trust Funds* are used to account for funding and payment of pension benefits provided to police officer retirees.

The *Agency Funds* account for assets held by the Town as agent for various student groups and other organizations for construction deposits held in escrow and for unclaimed probate estate assets.

During the course of operations, the Town has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the governmental-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured, such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, charges for services, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the Town.

The proprietary, trust funds, and private purpose trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. The agency fund has no measurement focus, but utilizes the accrual basis of accounting for reporting its assets and liabilities.

ASSETS, LIABILITIES AND EQUITY

Cash and Cash Equivalents

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES AND EQUITY (CONTINUED)

Investments

Investments for the Town are reported at fair value (generally based on quoted market prices), except for nonparticipating interest earning investment contracts (i.e. certificates of deposit) which are recorded at amortized cost. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. State statutes authorize the Town to invest in obligation of the U.S. Treasury, commercial paper and corporate bonds.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Inventories

Inventory is maintained on a periodic system and is stated at cost (first in, first out method of inventory valuation). Inventory is generally recorded as expenditures/expenses when consumed.

Unbilled Services Receivable

Water and sewer revenue is recorded when earned. Customers are billed semi-annually and some commercial customers are billed quarterly. The estimated value of services provided but unbilled at June 30, 2020 is recorded as an accounts receivable in the water and sewer funds.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of three years. Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1979) is included as part of the governmental capital assets reported in the government-wide statements.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES AND EQUITY (CONTINUED)

Capital Assets (Continued)

As the Town constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs that are essentially amounts spent in relation to capital assets and that do not increase the capacity or efficiency of the item or increase its estimated useful life. Donated capital assets are recorded at their estimated fair value at the date of donation.

The Town reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. At June 30, 2020, there were no impairment losses recognized for long-lived assets.

Excluding land and construction in progress, depreciation of all exhaustible capital assets is recorded, as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Assets	Years
Tanks and structures	100
Mains, wells, pumps, hydrants, laterals, connections, filter beds	75
Buildings and improvements	25-65
Machinery and equipment	3-20
Vehicles	5-10

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This section represents a consumption of net position or fund balance that applies to a future period or periods, and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town reports a deferred charge on refunding and deferred outflows related to pension in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. A deferred outflow of resources related to pension results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees).

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES AND EQUITY (CONTINUED)

Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This section represents an acquisition of net position or fund balance that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until then. The Town reports advance property tax collections in the government-wide statement of net position and in the governmental funds balance sheet. The Town also reports deferred inflows of resources related to pensions in the government-wide statement of net position. Advance property tax collections represent taxes inherently associated with a future period. This amount is recognized during the period in which the revenue is associated. A deferred inflow of resources related to pension results from differences between expected and actual experience, changes in assumptions, or other inputs. These amounts are deferred and included in pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees). In addition, for governmental funds, the Town reports unavailable revenue, which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from several sources: property taxes, other Town billings and solid waste management receivables. These amounts are deferred and recognized as an inflow of resources (revenue) in the period in which the amounts become available.

Equity

Equity in the government-wide financial statements is defined as "net position" and is classified in the following categories:

Net Investment in Capital Assets

This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted Net Position

Restrictions are externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position

This component consists of net position that does not meet the definition of "restricted" or "invested in capital assets".

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES AND EQUITY (CONTINUED)

The equity of the fund financial statements is defined as "fund balance" and is classified in the following categories:

Nonspendable Fund Balance

This represents amounts that cannot be spent due to the form (e.g., inventories and prepaid amounts) or legally or contractually required to be maintained intact.

Restricted Fund Balance

This represents amounts constrained for a specific purpose by external parties, such as grantors, creditors, contributors, or laws and regulations of their governments.

Committed Fund Balance

This represents amounts constrained for a specific purpose imposed by formal action of the Town's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the Town removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The Town Council is the highest level of decision-making authority and utilizes Town Ordinances or resolution as a formal procedure to commit fund balance.

Assigned Fund Balance

This represents amounts constrained for the intent to be used for a specific purpose, but are neither restricted nor committed. The intent should be expressed by the Town Council, or an official to which the Town Council has delegated the authority.

Unassigned Fund Balance

This represents fund balance in the General Fund in excess of nonspendable, restricted, committed and assigned fund balance. If another governmental fund has a fund balance deficit, it is reported as a negative amount in unassigned fund balance.

Fund Balance Policies

Sometimes the Town will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REVENUE AND EXPENDITURES/EXPENSES

Program Revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Property Taxes

Property taxes attach as an enforceable lien on real property. Real and personal property taxes are based on values assessed as of each December 31 (lien date) and are levied as of July 1st.

Taxes are due in equal quarterly installments on August 1, November 1, February 1, and May 1 following the levy date. The taxpayer may elect to pay the taxes in full by September 1, annually. Taxes due and unpaid after the respective due dates are subject to interest at a rate of 12% per annum calculated on the unpaid portion of the total tax. An automatic lien is placed on the taxpayer's property if payment has not been received by the tax due date. Property taxes levied are recorded as receivables in the fiscal year of the levy.

Compensated Absences

Vacation and Sick Leave

The Town's policy permits certain employees to accumulate earned but unused vacation and sick benefits. Upon retirement, termination or death, these employees are compensated for unused vacation and sick leave (subject to certain limitations) at their current rates of pay. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements. For governmental activities, the General Fund is used to satisfy this liability as it becomes due, while each enterprise fund accounts for all its settlement of business-type liabilities for compensated absences. The liability for compensated absences is accrued at varying amounts based on the collective bargaining unit contracts of the various unions and includes salary-related benefits, where applicable.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REVENUE AND EXPENDITURES/EXPENSES (CONTINUED)

Net Pension Liability/Asset

The net pension liability/asset is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service (total pension liability), net of the pension plan's fiduciary net position. The pension plan's fiduciary net position is determined using the same valuation methods that are used by the pension plan for purposes of preparing its statement of fiduciary net position. The net pension liability/asset is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

Net OPEB Liability

The net OPEB liability represents the cumulative difference between the annual OPEB cost and the Town's contributions to the plan. This amount is calculated on an actuarial basis and is recorded as noncurrent liabilities in the government-wide financial statements.

Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the wastewater fund, solid waste fund, water fund, school cafeteria fund and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

RECENTLY ISSUED ACCOUNTING STANDARDS

The following are recently issued governmental accounting standards which may be applicable in future years:

GASB Statement No. 84 – Fiduciary Activities, effective for Town's fiscal year ending June 30, 2021.

GASB Statement No. 87 – Leases, effective for Town's fiscal year ending June 30, 2022.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENTLY ISSUED ACCOUNTING STANDARDS (CONTINUED)

GASB Statement No. 89 – Accounting for Interest Cost Incurred before the End of a Construction Period, effective for Town's fiscal year ending June 30, 2022.

GASB Statement No. 90 – *Majority Equity Interests—an amendment of GASB Statements No. 14 and No. 61*, effective for Town's fiscal year ending June 30, 2021.

GASB Statement No. 91 – *Conduit Debt Obligations*, effective for Town's fiscal year ending June 30, 2021.

GASB Statement No. 92 – *Omnibus 2020*, effective for Town's fiscal year ending June 30, 2021.

GASB Statement No. 93 – *Replacement of Interbank Offered Rates*, effective for Town's fiscal year ending June 30, 2021.

GASB Statement No. 94 – *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, effective for Town's fiscal year ending June 30, 2022.

GASB Statement No. 96 – *Subscription-Based Information Technology Arrangements*, effective for Town's fiscal year ending June 30, 2022.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

In accordance with the Town's charter, the Town has formally established budgetary accounting control for its General Fund. It is the responsibility of the Town Manager to submit a proposed General Fund budget to the Town Council and the Board of Finance. The General Fund budget includes the Municipal budget and the School budget. The proposed School budget is approved by the School Committee and presented to the Town Manager. The Board of Finance has the power to recommend revisions to any School budget item and must conduct one public hearing after a tentative School budget is formed. The Board of Finance must also review the proposed Municipal budget and make revisions as appropriate and hold one public hearing on the Municipal budget. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School appropriation. At least two public hearings are conducted on the recommended General Fund budget and the final recommended budget is legally enacted through an ordinance by the Town Council prior to the start of the fiscal year.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

BUDGETARY INFORMATION (CONTINUED)

Budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund and the School Unrestricted Fund. The Capital Projects Fund is appropriated on a project-length basis. Other special revenue funds and the permanent funds do not have appropriated budgets since other means control the use of these resources (e.g., grant awards and endowment requirements) and sometimes span a period of more than one fiscal year.

At any time during the fiscal year, the Town Manager may transfer part or all of any unencumbered appropriation balance among programs within a department, office or agency and, upon written request by the Town Manager, the Council may by ordinance transfer part or all of any unencumbered appropriation balance from one department, office or agency to another.

The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level.

Every appropriation, except an appropriation for a capital expenditure or the appropriation for support of public schools, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered. An appropriation for a capital expenditure shall continue in force until the purpose for which it was made has been accomplished or abandoned; the purpose of any such appropriation shall be deemed abandoned if three years pass without any disbursement from or encumbrance of the appropriation.

EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended June 30, 2020, expenditures exceeded appropriations in the following categories:

Legal services	\$ 214,191
Probate Court	\$ 1,500
Finance department	\$ 31,705
Street lighting	\$ 49,401
Emergency preparedness	\$ 311
Health and welfare subsidies	\$ 18,180
Recreation and leisure	\$ 29,687
School debt service	\$ 106

The excess of expenditures over appropriations will be offset by additional revenues or transfers.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 3 - CASH DEPOSITS WITH FINANCIAL INSTITUTIONS

DEPOSITS

Substantially, all of the Town's cash and cash equivalents are held in public deposit institutions. Pursuant to Section 35-10-1 of the Rhode Island General Laws, as of October 1, 1991, public deposit institutions are required to insure accounts that hold public funds in excess of the \$250,000 that is guaranteed by Federal Deposit Insurance Corporation (FDIC). At times, the Town pools cash resources of its various funds to facilitate the management of cash and maximize investment returns.

Deposits Custodial Credit Risk

Custodial credit risk in the case of deposits is the risk that in the event of a bank failure, the Town's deposits may not be returned. The State of Rhode Island requires that certain uninsured deposits be collateralized. Section 35-10.1-7 of the General Laws of the State of Rhode Island, dealing with the collateralization of public deposits, requires that all time deposits with maturities of greater than 60 days and all deposits in institutions that do not meet the minimum capital requirements of its federal regulator must be collateralized. The Town does not have a formal deposit policy for custodial credit risk, but is governed by State laws as described above.

As of June 30, 2020, the Town's entire bank balance of \$31,022,192 was covered by either FDIC insurance or collateral held in the Town's name.

CASH EQUIVALENTS

Cash equivalents are short-term, highly liquid investments that are both readily convertible to known amounts of cash and purchased within 90 days of maturity. As of June 30, 2020, the Town held \$2,468,957 in money market funds that are considered to be cash equivalents.

NOTE 4 - INVESTMENTS

General Fund investments are governed by Title 35, Chapter 10, Section 11 of the State's General Laws. This law generally allows for short-term investments, such as certificates of deposit, money market funds and obligations guaranteed by the United States government with the goal of seeking reasonable income while preserving capital. The Pension and OPEB Trust Fund's investments are not restricted in this manner.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 4 - INVESTMENTS (CONTINUED)

As of June 30, 2020, the Town held the following investments:

	Investment Maturities (Years)									
	Fair Value	Less Than 1	1 - 3	3 - 5	5 or Later					
Interest-bearing investments:										
Certificate of Deposit*	\$ 5,015,595	\$ 703,389	\$ 2,959,476	\$ 847,373	\$ 505,357					
U.S. Government Agencies	2,857,900		275,180	241,939	2,340,781					
Corporate Bonds	5,619,684		3,102,527	1,277,563	1,239,594					
Total	13,493,179	\$ 703,389	\$ 6,337,183	\$2,366,875	\$ 4,085,732					
Other investments										
Mutual Funds	9,820,688

Total Investments	\$ 44,579,060									

^{*} Subject to coverage by the FDIC and financial institution collateralization

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 4 - INVESTMENTS (CONTINUED)

Presented below is the credit rating of each investment type:

		U.S.							
	Corporate	Corporate Government Co							
Average Rating	Bonds	Agencies	Deposit						
Aaa	\$ 165,57	2 \$ 1,096,847	\$						
Aa	-								
Aa1	404,95	1 215,108							
Aa2	-								
Aa3	137,77	1 517,119							
A	-								
A1	994,52	1							
A2	2,307,74								
A3	881,28	4							
Ba1	256,86	7							
Baa1	-								
Baa2	470,97	2							
Unrated		1,028,826	5,015,595						
	\$ 5,619,68	<u>\$ 2,857,900</u>	\$ 5,015,595						

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements); followed by quoted prices in inactive markets or for similar assets or with observable inputs (Level 2 measurements); and the lowest priority to unobservable inputs (Level 3 measurements). The Town has the following recurring fair value measurements as of June 30, 2020:

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 4 - INVESTMENTS (CONTINUED)

	Fair Value Measurements										
	Fair Value			Level 1		Level 2		Level 3			
Investments by Fair Value Level:											
U.S. Government Agencies	\$	2,857,900	\$		\$	2,857,900	\$				
Corporate Bonds		5,619,684				5,619,684					
Common Stock		21,265,193		21,265,193							
Mutual Funds		9,820,688		9,820,688							
Total Investments by Fair Value Level		39,563,465	\$	31,085,881	\$	8,477,584	\$				
Investments not included above:											
Certificate of Deposit		5,015,595									
Total Investments	<u>\$</u>	44,579,060									

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk

The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The Town has made it a practice to limit the maturities on General Fund investments to sixty (60) days or less. Information about the exposure of the Town's securities to the risk are presented in the table on page 39.

Credit Risk

State law limits investments in U.S. Treasury bills, U.S. Treasury notes and bonds, U.S. Agency obligations, certificates of deposit, repurchase agreements, commercial paper, money market mutual funds and money market mutual funds. The Town has no investment policy that would further limit its investment choices. The ratings for the Town's investments are presented in the table on page 39.

Concentration of Credit Risk

The Town does not have any policies that limit the amount that can be invested in any one issuer.

Custodial Credit Risk

For an investment, this is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town does not have a policy related to custodial credit risk. The Town's investments held by the Town's counterparty are held in the name of the Town.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 5 - RECEIVABLES

Below is the detail of receivables for each major governmental fund, proprietary funds and the aggregate remaining funds, including the applicable allowances for uncollectible accounts:

		School Restricted			Transfer	Nonmajor and Other	
	General	Fund	Water	Sewer	Station	Funds	Total
Receivables:							
Property taxes	\$ 1,912,171	\$	\$	\$	\$	\$	\$ 1,912,171
Accounts			1,732,821	1,205,602	215,288		3,153,711
Other receivable	619,458	11,211				25,527	656,196
Intergovernmental	664,188	674,876				137,273	1,476,337
Gross receivables	3,195,817	686,087	1,732,821	1,205,602	215,288	162,800	7,198,415
Less allowance for uncollectables	(1,048,844)		(66,759)	(23,456)	(56,375)		(1,195,434)
Net Total Receivables	\$ 2,146,973	\$ 686,087	\$ 1,666,062	\$ 1,182,146	\$ 158,913	\$ 162,800	\$ 6,002,981

Receivables of \$754,241 related to accrued interest on property taxes are included in the Government-wide statement of net position but not included in the table above.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 6 - INTERFUND RECEIVABLES AND PAYABLES AND TRANSFERS

INTERFUND RECEIVABLES AND PAYABLES

The composition of interfund balances as of June 30, 2020 is as follows:

Payable Fund	Amount
Internal Service Fund	\$ 3,823,732
Nonmajor Governmental Funds	690,610
School Restricted Fund	1,526,928
General Fund	4,540,523
\$15,000,000 Bond Fund	495,474
Enterprise Fund	 3,432,550
	\$ 14,509,817
Receivable Fund	Amount
Receivable Fund	Amount
Receivable Fund General Fund	\$ Amount 10,177,929
	\$
General Fund	\$ 10,177,929
General Fund Nonmajor Governmental Funds	\$ 10,177,929 2,460,822
General Fund Nonmajor Governmental Funds Enterprise Fund	\$ 10,177,929 2,460,822 1,607,406

The outstanding balances between funds result mainly from advances from one fund (primarily the General Fund) to another fund. The advances may represent balances resulting from operating advances or reimbursement for expenditures paid by one fund on behalf of another fund.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 6 - INTERFUND RECEIVABLES AND PAYABLES AND TRANSFERS (CONTINUED)

INTERFUND TRANSFERS

The composition of interfund transfers for the year ended June 30, 2020 is as follows:

	Tran	sfers From	Transfers To	
Fund	Ot	Other Funds		
General Fund	\$	98,571	\$ 2,398,383	
School Restricted Fund		60,362	3,911	
Non-Major Governmental Funds		1,366,815	88,365	
Enterprise Funds		2,129,413	1,164,502	
•	\$	3,655,161	\$ 3,655,161	

During the year, transfers are used to provide a financing source to various funds that may not have the ability to cover all operating costs with revenue generated by the fund.

Long-Term Liabilities	\$ 6,231,242	\$	203,869	\$	1,186,036	\$	5,249,075	\$	1,116,530

Compensated absences are normally liquidated by the General Fund inclusive of the School Department.

GENERAL OBLIGATION BONDS

The Town issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. General obligation bonds are direct obligations and pledge the full faith and credit of the Town. These bonds generally are issued as serial bonds with equal or varying amounts of principal maturing each year with maturities that range from 15 to 20 years. General obligation bonds outstanding at June 30, 2020 are as follows:

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 9 - LONG-TERM LIABILITIES (CONTINUED)

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 9 - LONG-TERM LIABILITIES (CONTINUED)

GENERAL OBLIGATION BONDS (CONTINUED)

The Wastewater and Superfund bonds payable presented in the financial statements as direct liabilities of the Wastewater and Solid Waste funds are general obligations of the Town backed ultimately by its taxing power. Because the proceeds of the bonds are used entirely for the benefits of the Wastewater and Solid Waste Funds, the liabilities and the related debt service of these bonds are accounted for in these funds.

The Sewer Fund bonds payable presented in the financial statements as direct liabilities of the Sewer Fund are revenue bonds backed by user fees and Ad Valorem taxes. Because the proceeds of the bonds are used entirely for the benefit of the Sewer Fund, the liability and the related debt service of these bonds are accounted for in the Sewer Fund.

The debt service requirements for the Town's bonds and loans are as follows:

		Governmental Activities			
	Bot	nds	Loans	Loan	
	Principal	Interest	Principal	Interest	Total
2021	\$ 4,954,000	\$ 1,346,025	\$ 1,085,000	\$ 1,115,329	\$ 8,500,354
2022	5,438,000	1,270,993	1,085,000	1,063,835	8,857,828
2023	5,696,000	1,123,040	1,085,000	1,017,285	8,921,325
2024	5,786,000	921,284	1,085,000	972,310	8,764,594
2025	5,787,000	724,106	1,085,000	925,979	8,522,085
2026-2030	11,434,000	2,091,681	14,776,000	2,183,495	30,485,176
2031-2035	7,692,000	926,289	1,085,000	53,900	9,757,189
2036-2039	3,816,000	178,647			3,994,647
Total	\$ 50,603,000	\$ 8,582,065	\$ 21,286,000	\$ 7,332,133	\$87,803,198

LOANS PAYABLE

The Town has entered into loan agreements with the Rhode Island Clean Water Protection Finance Agency (the Agency) as noted in the table above. The loan proceeds are to be used by the Town for the upgrade of the sewer treatment system.

The Town has also entered into loan agreements with the Rhode Island Health and Educational Building Corporation as noted in the table above. The Town will receive interest subsidies totaling \$2,753,366 for the June 15, 2010 loan and \$4,379,735 for the December 2, 2010 loan from the federal government over the life of the loans.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 9 - LONG-TERM LIABILITIES (CONTINUED)

CAPITAL LEASES

The Town has entered into various lease agreements as lessee for financing the acquisition of vehicles, equipment, and land improvements valued at \$9,717,877. The depreciable assets have a three- to twenty-year useful life. For the year ended June 30, 2020, \$869,534 was included in depreciation expense. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of future minimum lease payments as of the inception date.

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2020 are as follows:

	Go	vernmental	Business
Year Ending June 30,	1	Activities	Activities
2021	\$	693,428	\$ 389,766
2022		571,499	330,400
2023		465,885	330,400
2024		301,880	246,355
2025		70,001	206,000
Thereafter		224,936	 1,620,013
Total minimum lease payments		2,327,629	3,122,934
Less amount representing interest		(187,543)	 (643,713)
Total	\$	2,140,086	\$ 2,479,221

LEGAL DEBT MARGIN

The Town's legal debt margin as set forth by State Statute is limited to 3% of total taxable assessed value, which amounts to \$194,992,618. As of June 30, 2020, the Town's debt subject to the legal debt margin is \$38,296,170 and the Town is under the debt limit by \$156,696,448. The debt subject to the debt limitation is based on the type of debt that is issued.

AUTHORIZED BUT UNISSUED BOND AUTHORITY

The Town has remaining authorized but unissued bond authority of \$1,104,000. The unissued bond authority is allocated as follows:

				Original		Bonds	В	ANs	R	emaining
Chapter/Section	Year	Description	Αι	uthorization		Issued	Outs	tanding	P	Authority
Public Law 14 RI General Laws	1988	Sewer	\$	943,000	\$	940,000	\$		\$	3,000
45-12-2 RI General Laws	2003	Open Space		4,000,000		2,900,000				1,100,000
15-11-6	2008	High School		30,000,000	_	29,999,000				1,000
		Total	\$	34,943,000	\$	33,839,000	\$		\$	1,104,000

NOTE 10 - PENSION PLANS

SUMMARY OF DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

The notes below describe the pension plans that the Town and the School department are participating in. This table summarizes the total deferred outflows and inflows reported on the statement of net position as of June 30, 2020.

	erred Outflows f Resources	Deferred Inflows of Resources	
Employees' Retirement System (ERS)	\$ 7,694,052	\$	(6,312,906)
Muncipal Employees' Retriement System (MERS)	185,359		(12,367)
Teachers' Survivor Benefit Plan (TSB)	1,724,094		(1,689,962)
Police Pension Plan	3,176,394		(1,306,549)
Police Other Postemployment Benefit Plan	 190,407		(8,790,988)
	\$ 12,970,306	\$	(18,112,772)

EMPLOYEES' RETIREMENT SYSTEM (ERS) – DEFINED BENEFIT PLAN

General Information about the Pension Plan

Plan Description

Certain employees of the Westerly School Department participate in a cost-sharing multiple-employer defined benefit pension plan - the Employees' Retirement System plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides retirement and disability benefits and death benefits to plan members and beneficiaries.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersri.org.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

EMPLOYEES' RETIREMENT SYSTEM (ERS) – DEFINED BENEFIT PLAN (CONTINUED)

Benefit Provisions

The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire at September 30, 2009 may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of service and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than 5 years of service as of July 1, 2012. Members are vested after 5 years of service.

The plan provides for survivor's benefits for service connected death and certain lump sum death benefits. Joint and survivor benefit provision options are available to members.

Cost of living adjustments are provided but are currently suspended until the collective plans administered by ERSRI reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments are provided at four-year intervals commencing with the plan year ending June 30, 2016.

The plan also provides nonservice-connected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

Contributions

The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the plan. For fiscal 2019, the Westerly School Department teachers were required to contribute 3.75% of their annual covered salary, except for teachers with twenty or more years of service as of June 30, 2012 must contribute 11% of their annual covered salary. The state and the Westerly School Department are required to contribute at an actuarially determined rate, 40% of which is to be paid by the state and the remaining 60% is to be paid by the Westerly School Department; the rates were 10.49% and 14.12% of annual covered payroll for the fiscal year ended June 30, 2020 for the State and the Westerly School Department, respectively. The Westerly School Department contributed approximately \$3,734,519, \$3,529,793 and \$3,506,404 for the fiscal years ended June 30, 2020, 2019 and 2018, respectively, equal to 100% of the required contributions for each year. The on-behalf contribution made by the State of Rhode Island for the defined benefit pension plan for the fiscal year ended June 30, 2020 was \$2,515,237. This amount has been included in the Fund Statements (School Unrestricted Fund) as revenue and education expenditures.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

EMPLOYEES' RETIREMENT SYSTEM (ERS) – DEFINED BENEFIT PLAN (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2020, the Westerly School Department reported a liability of \$42,514,093 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the state. The amount recognized by the Westerly School Department as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the School were as follows:

Westerly School Department proportionate share of the net pension liability	\$ 42,514,093
State's proportionate share of the net pension liability associated with the Westerly School Department	 31,847,458
Total Net Pension Liability	\$ 74,361,551

The net pension liability was measured as of June 30, 2019, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019. The Westerly School Department proportion of the net pension liability was based on a projection of the Westerly School Department's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the state, actuarially determined. At June 30, 2019 the Westerly School Department's proportion was 1.33240909%.

For the year ended June 30, 2020 the Westerly School Department recognized gross pension expense of \$4,942,859 and revenue of \$3,533,069 for support provided by the State. At June 30, 2020 the Westerly School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources			Deferred Inflows of Resources		
Differences between expected and actual experience	\$	517,712	\$	(709,984)		
Changes of assumptions		2,487,745		(335,537)		
Net difference between projected and actual						
earnings on pension plan investments		954,076		(1,020,975)		
Changes in proportion and differences between employer						
contributions and proportionate share of contributions				(4,246,410)		
Total	\$	3,959,533	\$	(6,312,906)		

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

EMPLOYEES' RETIREMENT SYSTEM (ERS) – DEFINED BENEFIT PLAN (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

The \$3,734,519 reported as deferred outflows of resources related to pensions resulting from the School contributions in fiscal year 2020 subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	
2021	\$ (378,440)
2022	(1,115,537)
2023	(444,368)
2024	(60,003)
2025	(152,863)
Thereafter	(202,162)
Total	\$ (2,353,373)

Actuarial Assumptions

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Salary increases	3.0% to 13.0%
Investment rate of return	7.0%

Mortality – variants of the RP-2014 mortality tables - for the improvement scale, update to the ultimate rates of the MP-2016 projection scale.

The actuarial assumptions used in the June 30, 2018 valuation rolled forward to June 30, 2019 and the calculation of the total pension liability at June 30, 2019 were consistent with the results of an actuarial experience study performed as of June 30, 2016.

EMPLOYEES' RETIREMENT SYSTEM (ERS) – DEFINED BENEFIT PLAN (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 34 sources. The June 30, 2019 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

	Long-Term Target Asset	Long-Term Expected Arithmetic
Asset Class	Allocation	Real Rate of Return
Global Equity:		
U.S. Equity	22.10%	6.16%
International Developed Equity	13.20%	6.83%
Emerging Markets Equity	4.70%	8.90%
Private Growth:		
Private Equity	11.25%	9.81%
Non-Core RE	2.25%	5.51%
OPP Private Credit	1.50%	9.81%

Total	100.00%	

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

EMPLOYEES' RETIREMENT SYSTEM (ERS) – DEFINED BENEFIT PLAN (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount Rate

The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability calculated using the discount rate of 7.0 percent as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(6.0%)	(7.0%)	(8.0%)
Net Pension Liability	\$ 52,540,193	\$ 42,514,093	\$ 34,306,721

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM (MERS) – DEFINED BENEFIT

General Information about the Pension Plan

Plan Description

The Municipal Employees' Retirement System (MERS) – an agent multiple-employer defined benefit pension plan - provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at www.ersri.org.

Benefits Provided

General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

Final Average Compensation (FAC): Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three year FAC as of July 1, 2012 or the five year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM (MERS) – DEFINED BENEFIT (CONTINUED)

General Employees

Members with less than five years of contributory service as of June 30, 2012 and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012 will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012 as described above. The interpolation is based on service as of June 30, 2012 divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM (MERS) – DEFINED BENEFIT (CONTINUED)

General Employees (Continued)

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

Other Benefit Provisions

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

a. The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended. The first interim COLA may begin January 1, 2018.

b. Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM (MERS) – DEFINED BENEFIT (CONTINUED)

Other Benefit Provisions (Continued)

c. The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on the every fourth year provision described in (a) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$25,000 for 2013, \$25,000 for 2014, \$25,168 for 2015, \$25,855 for 2016, and \$26,098 for 2017.

Employees Covered by Benefit Terms

At the June 30, 2019 valuation date, the following employees were covered by the benefit terms:

Retirees and Beneficiaries	7
Inactive, Nonretired Members	1
Total	8

Contributions

The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012 are required to contribute 1% of their salaries. General employees with more than 20 years of service as of June 30, 2012 are required to contribute 8.25%. Public safety employees are required to contribute 9% of their salaries. The Town contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The Town contributed \$181,261 in the year ended June 30, 2020. There was no covered annual covered payroll as the Town has no active employees in the plan.

Net Pension Liability

The total pension liability was determined by actuarial valuations performed as of June 30, 2018 and rolled forward to June 30, 2019, using the following actuarial assumptions, applied to all periods included in the measurement.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM (MERS) – DEFINED BENEFIT (CONTINUED)

Employees Covered by Benefit Terms (Continued)

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2019 measurement date (June 30, 2018 valuation rolled forward to June 30, 2019)					
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.				
Amortization Method	Level Percent of Payroll – Closed				
Actuarial Assumptions					
Investment Rate of Return	7.00%				
Projected Salary Increases	General Employees - 3.50% to 7.50%; Police & Fire Employees - 4.00% to 14.00%				
Inflation	2.50%				
Mortality	Mortality – variants of the RP-2014 mortality tables - for the improvement scale, update to the ultimate rates of the MP-2016 projection scale				
Cost of Living Adjustments	A 2% COLA is assumed after January 1, 2014.				

The actuarial assumptions used in the June 30, 2018 valuation rolled forward to June 30, 2019 and the calculation of the total pension liability at June 30, 2019 were consistent with the results of an actuarial experience study performed as of June 30, 2016.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 34 sources. The June 30, 2019 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount Rate

The discount rate used to measure the total pension liability of the plans was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

TEACHERS' SURVIVORS BENEFIT PLAN (TSB)

General Information about the Pension Plan

Plan Description

Certain employees of the Town of Westerly School (School) participate in a cost-sharing multiple-employer defined benefit pension plan - the Teachers' Survivors Benefit plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides a survivor benefit to public school teachers in lieu of Social Security since not all school districts participate in Social Security.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersri.org.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

TEACHERS' SURVIVORS BENEFIT PLAN (TSB) (CONTINUED)

General Information about the Pension Plan (Continued)

Eligibility and Plan Benefits

The plan provides a survivor benefit to public school teachers in lieu of Social Security since not all school districts participate in the plan. Specific eligibility criteria and the amount of the benefit is subject to the provisions of Chapter 16-16 of the Rhode Island General Laws which are subject to amendment by the General Assembly. Spouse, parents, family and children's benefits are payable following the death of a member. A spouse shall be entitled to benefits upon attaining the age of sixty (60) years. Children's benefits are payable to the child, including a stepchild or adopted child of a deceased member if the child is unmarried and under the age of eighteen (18) years or twenty-three (23) years and a full time student, and was dependent upon the member at the time of the member's death. Family benefits are provided if at the time of the member's death the surviving spouse has in his or her care a child of the deceased member entitled to child benefits. Parents benefits are payable to the parent or parents of a deceased member if the member did not leave a widow, widower, or child who could ever qualify for monthly benefits on the member's wages and the parent has reached the age of 60 years, has not remarried, and received support from the member.

In January, a yearly cost-of-living adjustment for spouse's benefits is paid and based on the annual social security adjustment.

Survivors are eligible for benefits if the member has made contributions for at least six months prior to death or retirement.

The TSB plan provides benefits based on the highest salary at the time of retirement of the teacher. Benefits are payable in accordance with the following table:

Highest Annual Salary	Basic Monthly Spouses' Benefit
\$17,000 or less	\$ 825
\$17,001 to \$25,000	\$ 963
\$25,001 to \$33,000	\$ 1,100
\$33,001 to \$40,000	\$ 1,238
\$40,001 and over	\$ 1,375

NOTE 10 - PENSION PLANS (CONTINUED)

TEACHERS' SURVIVORS BENEFIT PLAN (TSB) (CONTINUED)

General Information about the Pension Plan (Continued)

Benefits payable to children and families are equal to the spousal benefit multiplied by the percentage below:

				Three or more	
Parent and 1	Parent and 2 or	One Child	Two Children	Children	Dependent
Child	more Children	Alone	Alone	Alone	Parent
150%	175%	75%	150%	175%	100%

Contributions

The contribution requirements of active employees and the participating school districts were established under Chapter 16-16 of the Rhode Island General Laws, which may be amended by the General Assembly. The cost of the benefits provided by the plan are two percent (2%) of the member's annual salary up to but not exceeding an annual salary of \$11,500; one-half (1/2) of the cost is contributed by the member by deductions from his or her salary, and the other half (1/2) is contributed and paid by the respective school district by which the member is employed. These contributions are in addition to the contributions required for regular pension benefits.

The Town contributed \$33,672, \$34,276 and \$35,305 for the fiscal years ended June 30, 2020, 2019 and 2018, respectively, equal to 100% of the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2020 the Westerly School Department reported an asset of \$5,213,368 for its proportionate share of the net pension asset related to its participation in TSB. The net pension asset was measured as of June 30, 2019, the measurement date, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019. The Westerly School Department proportion of the net pension asset was based on its share of contributions to the TSB for fiscal year 2019 relative to the total contributions of all participating employers for that fiscal year. At June 30, 2019 the Westerly School Department) proportion was 4.59546894%.

NOTES TO FINANCIAL STATEMENTS

NOTE 10 - PENSION PLANS (CONTINUED)

TEACHERS' SURVIVORS BENEFIT PLAN (TSB) (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

Actuarial Assumptions

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.5%

Salary increases 3.0% to 13.0%

Investment rate of return 7.0%

Mortality – variants of the RP-2014 mortality tables - for the improvement scale, update to the ultimate rates of the MP-2016 projection scale.

Cost of living adjustment – eligible survivors receive a yearly cost of living adjustment based on the annual social security adjustment – for valuation purposes, a 2.5% cost of living adjustment is assumed.

The actuarial assumptions used in the June 30, 2018 valuation and the calculation of the total pension liability at June 30, 2019 were consistent with the results of an actuarial experience study performed as of June 30, 2016.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 34 sources. The June 30, 2019 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

POLICE PENSION PLAN (CONTINUED)

General Information about the Pension Plan (Continued)

Plan Description and Benefits Provided

All regular police officers are eligible to participate in the Police Retirement Plan. The plan provides retirement benefits as well as death and disability benefits. Members are 100% vested after 10 years of service. Normal retirement is after the completion of 20 years of service for officers hired prior to July 1, 2010. Officers hired after July 1, 2010 may retire upon completion of 25 years of service. The retirement benefit for officers hired prior to July 1, 2010 is calculated at 50% of annual pay for 20 years of service plus 2% times annual pay for each year of service over 20 years (maximum service equals 25 years). For officers hired after July 1, 2010, the retirement benefit is calculated at 50% of annual pay for 25 years of service plus 2% times annual pay for each year of service over 25 years (maximum service equals 30 years). Annual pay at retirement is a sum equal to the base salary received for the 12 months immediately preceding retirement. The normal form of benefit is 67.5% Joint and Survivor. If a member leaves covered employment or dies before vesting, accumulated member contributions are refunded with interest. If a member dies in the line of duty, the member's heirs shall receive the same benefits as though they had been members of the bargaining unit for 20 years. Retired members are entitled to a 3% cost of living adjustment, not compounded, each year if hired prior to July 1, 2010 (2 1/2% if retired before July 1, 1998). Officers hired after July 1, 2010 are entitled to a 3% cost of living adjustment, not compounded after 5 years on pension or age 52, whichever comes first. Disability retirement for occupational causes equals 50% of annual pay at time of disability. Non-occupational causes receive a lower percentage varying by years of service at time of disability. Members who retire with 25 or more years of service shall receive severance pay based on 1.5 days for each year of service at retirement.

The management of the Westerly Police Pension and OPEB plans consist of The Town Manager, the Finance Director, HR Director and a representative from the Police Pension. The Town Council is the governing body of approval of the Investment Policy Statements and the establishment of the OPEB share, and is responsible for the appointment of the investment committee.

At July 1, 2019, Plan membership consisted of the following:

Retirees and beneficiaries receiving benefits	52
Terminated plan member entitled to but not yet receiving benefits	1
Active Plan Members	45
Total	98

POLICE PENSION PLAN (CONTINUED)

Summary of Significant Accounting Policies

Basis of Accounting

Financial statements are prepared using the accrual basis of accounting for the defined benefit pension plan. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans.

Method Used to Value Investments

Investments are reported at fair value. Investment income is recognized as earned.

Funding Policy

Active plan members contribute 12% of their covered earnings. The Town has an actuarial valuation to determine the annual required contribution, but does not fund the plan based on the valuation. The Town funds the plan based on the annual budget.

Administrative costs of the plan are financed through investment earnings.

Pension Trust Funds

The Town maintains a police pension trust fund to account for its fiduciary responsibility. The following schedules present the net position held in trust for pension benefits and OPEB Trust at June 30, 2020 and the changes in net position for the year then ended. Included in the Police Pension trust funds are OPEB assets related to a medical subaccount. Those assets are not used to offset the total pension liability.

NOTE 10 - PENSION PLANS (CONTINUED)

POLICE PENSION PLAN (CONTINUED)

Schedule of Changes in Plan Net Position (Continued)

Investment Policy

The Town has established an investment policy for the prudent investment of funds with the objective of preservation and growth of capital. Appropriate diversification of the portfolio is required to be maintained as advised by the plan's investment manager and the Town's finance director and approved by the Town Manager. The investment program shall be operated in conformance with federal, state and other legal requirements. All pertinent local and state ethic statutes are required to be adhered to by the Town administrative staff in regard to all investment fund activities. The investment manager may act autonomously in the selection of the fund investments within the framework of the required asset allocation. In terms of diversification, no individual security shall represent more than 5% of the portfolio's marker value. The following investment types are prohibited: special placements, venture capital, derivatives, commodities, futures and options. Securities cannot be purchased on margin and short sales cannot be conducted. The fund is not allowed to borrow money.

The following was the Board's adopted asset allocation policy as of June 30, 2020:

	Target
Asset Class	Allocation
Equity	62.00%
Fixed Income	34.00%
Real Estate	3.00%
Cash	1.00%
Total	100.00%

Rate of Return

For the year ended June 30, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 3.65%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

POLICE PENSION PLAN (CONTINUED)

Net Pension Liability

The components of the net pension liability of the Town at June 30, 2020 were as follows:

Total pension liability	\$ 55,617,795
Plan fiduciary net position	(39,656,794)
Total Net Pension Liability	\$ 15,961,001
Plan fiduciary net position as a percentage	
of the total pension liability	71.30%

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of July 1, 2018, using the following actuarial assumptions, applied to all periods included in the measurement.

Mortality rates were based on the RP 2014 Healthy Mortality Table with generational improvements from 2006 using scale MP-2018 and the RP 2014 Disabled Mortality Table with generational improvements from 2006 using scale MP-2018.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2020 (see discussion of the pension plan's investment policy) are summarized in the following table:

	Long-Term
	Expected Real
Asset Class	Rate of Return
Equity	4.75%
Fixed Income	1.93%
Real Estate	4.75%
Cash	0.25%

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

POLICE PENSION PLAN (CONTINUED)

Net Pension Liability (Continued)

The discount rate used to measure the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Town contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. The long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The actuarial assumptions used in the valuation were based on the results of an actuarial experience study for the period July 1, 2007 through June 30, 2017.

	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability	
	-		-	
Balances as of June 30, 2019	\$ 51,835,111	\$ 38,247,039	\$ 13,588,072

INTERNATIONAL CITY MANAGEMENT ASSOCIATION (ICMA) PENSION PLAN

General salaried employees hired after February 1981 were eligible to participate in this 401(a) defined contribution plan created as of September 1, 1995. Previously, these employees contributed to a defined contribution plan with the International City Management Association, established as a 457(b) deferred compensation plan; this plan was deemed ineligible by IRS codification and has been closed to new entrants, but assets cannot be transferred to the new 401(a) plan.

Employees contribute 6% or more of their qualified salary to a maximum of 25% not to exceed \$30,000. The Town contributes 10% of the qualified salary. Plan provisions and contribution requirements are established and may be amended by the Town Council. The Town's contribution for the years ended June 30, 2020 and 2019 were \$405,870 and \$387,842, respectively.

LABORERS' INTERNATIONAL UNION OF NORTH AMERICA NATIONAL PENSION FUND

Plan Description and Benefits Provided

The Laborers' International Union of North America National Pension Fund is a cost sharing multiple employer defined benefit plan (the Plan), which is operating as a 401(a) plan. All Town non-salaried general employees participate in the Plan.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 10 - PENSION PLANS (CONTINUED)

LABORERS' INTERNATIONAL UNION OF NORTH AMERICA NATIONAL PENSION FUND (CONTINUED)

Information regarding the Plan can be obtained from the Fund Office maintained by the Board of Trustees at the following address: Laborers' International (Industrial) Pension Fund, 905 16th Street, N.W., Washington, DC 20006-1765 or at www.lnipf.org.

Eligibility

An employee is eligible to receive pension benefits if they have attained age 62, have five or more years of pension credit and have earned at least one of the years of pension credit during the period that his or her employer is contributing to the Plan.

Benefits

The amount of regular pension benefits payable to an employee is determined by the highest contribution rate at which he or she earned pension credit and years of pension credits earned (up to a maximum of 30 years of pension credits). The regular monthly benefit is payable for each year of pension credit at each contribution rate accepted by the Plan up to \$1.86 per hour. The Plan also provides death and disability benefits.

Funding Policy

The contribution requirements of the Town and employees are established by contract and may be amended by union negotiation. Employees are not required to contribute to the plan. The Town was required to contribute the following amounts for fiscal year ended June 30, 2020: bus drivers and aides - \$1.69 per hour up to a maximum of 40 hours per week; school maintenance, secretarial and clerical employees - \$2.38 per hour; town public works and secretarial employees - \$2.05 per hour from 10/2012 to 9/2013 and \$2.26 per hour from 10/2013 to 9/2014 for employee's normal work week. The Town was also required to contribute \$0.06 per hour to an annuity fund (maximum of \$4,000 annually for School employees). The total contribution for fiscal years ended June 30, 2020, 2019 and 2018 was \$927,209, \$1,014,494 and \$1,089,410, respectively.

SCHOOL DEPARTMENT PENSION PROGRAM

All School Department unaffiliated, classified, appointed employees participate in an agreed-upon 403(b) pension program, which is funded by the School Department. The School Department's contribution is 10% of the qualified employee's salary per year. The employees do not contribute to the plan. The contributions are made to an eligible plan of the employee's choice. All school employees are eligible by federal law to participate in a payroll deduction tax deferred plan, which must be arranged by a broker or private insurance carrier. Total contributions for the year ended June 30, 2020 were \$111,880.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 11 - OTHER POSTEMPLOYMENT BENEFIT (OPEB) OBLIGATIONS

POLICE OTHER POSTEMPLOYMENT BENEFIT PLAN

Plan Description

The Town administers a single-employer defined benefit healthcare plan for police. The plan provides medical, dental and life insurance benefits to eligible retirees and their dependents. Coverage to retirees and spouses includes dental insurance for life and a reimbursement of Medicare Part B premium to retirees only after age 65. Most full-time employees of the police department are eligible to participate in the plan. Benefit provisions are established through negotiations between the Town and the Police Officers Union.

Management of the post-employment benefits plan is vested with the Town Manager, Director of Human Resources and Director of Finance. Funds are managed by a third-party investment management firm.

Employees Covered by Benefit Terms

As of June 30, 2020, the following employees were covered by the benefit terms:

Retirees	44
Active employees	48
Total	92

Contributions

Required contributions to the Plan are determined by an actuarial calculation. The Town Manager proposes the Plan contribution as part of the Town's annual budget process. The final budgeted amount is approved by the Town Council. The Town is required to contribute the cost of medical and dental benefits for police officers who retire with at least 20 years of service, less the amount of any applicable employee share of premiums as follows:

- Employees hired before July 1, 1993 shall, upon retirement, contribute the same percentage of medical premium as they contributed at the time of their retirement.
- Employees hired on or after July 1, 1993 and retiring after at least 20 years of active service will be eligible to receive Town-provided medical insurance for the retiring member only (single plan). The retired member will pay 17.5% percent of the cost of health care coverage at the fully mature working rate or monthly premium cost. After the retired member reaches the age of 65, the Town will be under no obligation to provide medical insurance coverage.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 11 - OTHER POSTEMPLOYMENT BENEFIT (OPEB) OBLIGATIONS (CONTINUED)

POLICE OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

Investments

Investment Policy

The Town is responsible for directing and monitoring the investment and management of the Assets. Under the Plan document, the Town has the power to make such rules and regulations as may be necessary for the administration of the Plan and the Fund and the investment and reinvestment of the Assets. As such, the Town is authorized to delegate certain responsibilities to professional experts in various fields. These include Investment Managers, Custodians, and other specialists such as attorneys, auditors, actuaries, retirement plan consultants, and others to assist the Town in meeting its responsibilities and obligations to administer Plan assets prudently.

The investment Plan assets shall be diversified to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so. Cash is to be employed productively at all times, by investment in short term cash equivalents to provide safety, liquidity, and return.

Rate of Return

For the year ended June 30, 2020, the annual money-weighted rate of return on plan investments, net of plan investment expense, was 5.48%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The Investment Policy, while not formal, is as follows:

Asset Class	Target Allocation
Cash and equivalents	0 - 10%
Equities	35 - 75%
Fixed income	25 - 50%

Total OPEB Liability

The Town's total OPEB liability of \$18,719,415 was measured as of June 30, 2020, and was determined by an actuarial valuation as of that date.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 11 - OTHER POSTEMPLOYMENT BENEFIT (OPEB) OBLIGATIONS (CONTINUED)

POLICE OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

Actuarial Assumptions

The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Valuation Date: July 1, 2019 with results actuarially projected on a "no gain / no loss" basis

to get to the June 30, 2020 measurement date. Liabilities as of July 1, 2019

are based on an actuarial valuation date of July 1, 2019.

Discount Rate: 7.00%

Payroll Growth: 3.00% per year for general wage inflation plus merit/productivity

increases ranging between 1.25% - 12.00% over 0-15 years of service.

Inflation Rate: 2.00% per year

Cost Method: Entry Age Normal Level % Salary

Health Care Trend Rates: 8.00% for 2020, decreasing by 0.5% per year to an ultimate rate of 4.5%

for 2028 and later years.

2025	
	\$ (8,600,581)

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 12 - RISK MANAGEMENT

CONTINGENCIES

Liabilities for legal cases and other claims against governmental funds are recorded in the governmental funds when the ultimate liability can be estimated and such cases are expected to be settled with available expendable financial resources. During the ordinary course of its operations, the Town is party to various claims, legal actions and complaints. In the opinion of the Town's management and legal counsel, these matters are not anticipated to have a material financial impact on the Town.

HEALTH FUND

The Town has chosen to establish a Health Fund for risks associated with the employees' health and dental insurance plans. This fund is accounted for as an Internal Service Fund where assets are set aside for claim settlements. The Town oversees the self-insured program. Plan administration is provided by Blue Cross/Blue Shield of Rhode Island and Delta Dental of Rhode Island.

A premium is charged to each fund that accounts for full or part-time employees. The total charge allocated to each of the funds is calculated using employee rates determined by the self-insurance administrator. The Town utilizes a "cost plus basis" plan under which the Town pays for the actual cost of covered health care services plus a fee to the provider for the administration of the program.

In order to avoid catastrophic losses, the Town purchases specific stop-loss re-insurance. Under the stop-loss, the Town is covered for medical claims over \$500,000 per person/per contract period.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines and damage awards. Accordingly, claims are re-evaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs) and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether they are allocated to specific claims. Estimated recoveries, for example for salvage or subrogation, are another component of the claims liability estimate. Changes in the claims liability for the past two years are as follows:

	Accrued	Current Year	Accrued	Accrued
	Liability	Claims and	Liability	Liability
Fiscal	Beginning of	Changes in	Claim	End of
Year	Fiscal Year	Estimates	Payments	Fiscal Year
2019-20	\$ 228,106	\$ 9,700,604	\$ 9,492,021	\$ 436,689
2018-19	\$ 1,080,436	\$ 9,442,467	\$ 10,294,797	\$ 228,106

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 13 – ECONOMIC UNCERTAINTIES

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of business across the country for non-essential services. While the disruption is currently expected to be temporary, there is considerable uncertainty about the duration of closings. The Town has been able to continue most of its operations in a remote environment, however, at this point, the extent to which COVID-19 may impact the Town's financial condition or results of operations is uncertain.

NOTE 14 - TAX ABATEMENTS

The Town of Westerly enters into tax abatement agreements with local businesses under its Economic Development Tax Incentive Program for Commercially Zoned Property. Under the Program, new businesses locating in commercially zoned property with the Town or existing businesses that are expanding may qualify for a tax incentive.

For the fiscal year ended June 30, 2020, the Town abated property taxes totaling \$6,035 under this program, including the following tax abatement agreements to new businesses locating in a commercially zoned property or existing businesses that are expanding:

	Percentage of taxes	Amou	int of Taxes	
	abated during the	Abate	d during the	
Purpose	Fiscal Year	Fiscal Year		
Retain company in Westerly area	30%	\$	6,035	

A twenty year property tax abatement to retain a company within the Town of Westerly. The abatement amounted to \$6,035.

NOTE 15 - SUBSEQUENT EVENT

Subsequent events have been evaluated through December 31, 2020, which is the date the financial statements were available for issuance. No events have been identified requiring recognition or disclosure in the financial statements.

Notes:

1.) Schedule is intended to show information for 10 years - additional years will be displayed as they become available.

Notes to Schedule

Valuation date: June 30, 2020 Measurement date: June 30, 2020

Actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method Entry age method

Amortization method Closed 30-year level dollar amortization of the Unfunded Acturial Accrued Liability

Asset valuation method Fair market value of assets on the measurement date adjusted for a five year phase in of gains and losses of plan assets at 20% per year

Inflation

Salary increases 4% to 15%

Investment rate of return 7.00%, net of pension plan investment expenses

Retirement age Various based on service years, with separate scales for hires before and after July 1, 2010

Mortality RP2014 Mortality table with generational improvements from 2006 using scale MP-2018

RSI-11

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Budget preparation and budgetary basis of accounting:

In accordance with the Town's charter, the Town has formally established budgetary accounting control for its General Fund. It is the responsibility of the Town Manager to submit a proposed General Fund budget to the Town Council and the Board of Finance. The General Fund budget includes the Municipal budget and the School budget. The proposed School budget is approved by the School Committee and presented to the Town Manager. The Board of Finance has the power to recommend revisions to any School budget item and must conduct one public hearing after a tentative School budget is formed. The Board of Finance must also review the proposed municipal budget and make revisions as appropriate and hold one public hearing on the Municipal budget. The Town Council may then revise and adopt a recommended General Fund budget including changes to the School appropriation. At least two public hearings are conducted on the recommended General Fund budget and the final recommended budget is legally enacted through an ordinance by the Town Council prior to the start of the fiscal year.

Budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund and the School Unrestricted Fund. The Capital Projects Fund is appropriated on a project-length basis. Other special revenue funds and the permanent funds do not have appropriated budgets since other means control the use of these resources (e.g., grant awards and endowment requirements) and sometimes span a period of more than one fiscal year.

At any time during the fiscal year, the Town Manager may transfer part or all of any unencumbered appropriation balance among programs within a department, office or agency and, upon written request by the Town Manager, the Council may by ordinance transfer part or all of any unencumbered appropriation balance from one department, office or agency to another.

The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level.

Every appropriation, except an appropriation for a capital expenditure or the appropriation for support of public schools, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered. An appropriation for a capital expenditure shall continue in force until the purpose for which it was made has been accomplished or abandoned; the purpose of any such appropriation shall be deemed abandoned if three years pass without any disbursement from or encumbrance of the appropriation.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Budget compliance:

Appropriations in addition to those contained in the annual operating budget require Town Council approval. Amendments to the operating budget that do not result in additional appropriations may be made within departments by means of transfer. Transfers made within and outside the departmental level require Town Council approval. The level at which the General Fund and School Unrestricted Fund budgeted expenditures may not legally exceed appropriations is at the department level. Unexpended appropriations lapse at fiscal year-end, but unexpended capital and special appropriation have historically been carried forward.

NOTES TO OTHER SUPPLEMENTARY INFORMATION

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1 - BASIS OF PRESENTATION

The Annual Supplemental Transparency Report (MTP2) is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the audit report is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location.41

The format of the Annual Supplemental Transparency Report (MTP2) was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

NOTE 2 - REPORTABLE GOVERNMENT SERVICES

Data consistency and comparability are among the key objectives of the State's Municipal Transparency portal. Consistent with that goal, the State has defined "reportable government services", RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality's general fund. The Annual Supplemental Transparency Report (MTP2) includes a reconciliation to the fund level statements.

NOTE 3 - ALLOCATIONS

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the Town's budget and accounting system. To report these costs, the Town made allocations of costs to the State's departmental groupings based on a reasonable basis.

NOTE 4 - EMPLOYEE GROUPS

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefits costs are reported in the following employee groupings:

NOTES TO OTHER SUPPLEMENTARY INFORMATION

FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 4 - EMPLOYEE GROUPS (CONTINUED)

Group A: This group consists of employees who serve the primary function of the department.

- Police Department police officers (e.g., uniform personnel including, leadership positions)
- Fire Department fire fighters (e.g., uniform personnel including, leadership positions)
- Centralized Dispatch Department civilian dispatchers only
- Education Department professional staff providing direct services to students
- For the remaining departments all employees' compensation and benefits are reported under Group A

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other post-employment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

NOTE 5 - EDUCATION REVENUE AND EXPENDITURES

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: http://www.municipalfinance.ri.gov/.
